**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On February 11, 2021, the Board of Directors (the “**Board**”) of GigCapital4, Inc., a Delaware corporation (the “**Company**”) approved the payment by the Company of advisory fees to directors in connection with certain activities on our behalf, such as identifying and investigating possible business targets and business combinations as well as pertaining to board committee service and administrative and analytical services. These advisory fees will be paid quarterly, and include payments to Dr. Avi S. Katz, the Executive Chairman of the Board, and Dr. Raluca Dinu, the President and Chief Executive Officer. The quarterly amounts approved are as follows:

Dr. Avi S. Katz	\$ 15,000
Dr. Raluca Dinu	\$ 15,000
Neil Miotto	\$ 10,000
Dorothy D. Hayes	\$ 5,000
Andrea Betti-Berutto	\$ 5,000

**Item 8.01 Other Events.**

As previously disclosed by GigCapital4, Inc. (the “**Company**”) in its Current Report on Form 8-K, as filed with the Securities and Exchange Commission (the “**SEC**”) on February 11, 2021 (the “**IPO Closing 8-K**”), the Company consummated its initial public offering (the “**IPO**”) on that date, resulting in the issuance of an aggregate of 35,880,000 units (the “**Public Units**”). Each Public Unit consists of one share of the Company’s common stock (a “**Public Share**”), \$0.0001 par value (“**Common Stock**”), and one-third (1/3) of one redeemable warrant (a “**Public Warrant**”). Each whole Public Warrant is exercisable for one share of Common Stock at a price of \$11.50 per full share. The Public Units were sold at an offering price of \$10.00 per unit, and the IPO generated aggregate gross proceeds of \$358,800,000. Simultaneously with the closing of the IPO and the sale of the Public Units, the Company consummated the private placement (“**Private Placement**”) of 1,099,600 units (the “**Private Placement Units**”), at a price of \$10.00 per Private Placement Unit, with GigAcquisitions4, LLC, a Delaware limited liability company, (the “**Sponsor**”) and the underwriters (“**Underwriters**”), pursuant to the respective Unit Purchase Agreements identified above (collectively, the “**Unit Purchase Agreements**”). The Sponsor purchased 850,000 Private Placement Units; and the Underwriters purchased 249,600 Private Placement Units in the aggregate. The Private Placement generated aggregate gross proceeds of \$10,996,000 consisting of \$8,500,000 from the sale of the Private Placement Units to the Sponsor and \$2,496,000 from the sale of the Private Placement Units to the Underwriters. The Private Placement Units are substantially similar to the Public Units, except for certain differences in the warrants included in the Private Placement Units (the “**Private Warrants**”) as disclosed in the IPO Closing 8-K and in the Company’s registration statement on Form S-1, as amended (File No. 333-252315) (the “**Registration Statement**”) as declared effective by the SEC on February 8, 2021.

A total of \$358,800,000 of the net proceeds from the IPO and the Private Placement were placed in a trust account established for the benefit of the Company’s public stockholders at Oppenheimer & Co. Inc., with Continental Stock Transfer & Trust Company, acting as trustee. Except for the withdrawal of interest to pay taxes, none of the funds held in the trust account will be released until the earlier of: (i) the completion of the Company’s initial business combination within twenty-four (24) months from the closing of the IPO; (ii) the Company’s redemption of 100% of the outstanding Public Shares if the Company has not completed an initial business combination within twenty-four (24) months from the closing of the IPO; or (iii) the Company’s redemption of the Public Shares in connection with the stockholder approval of any amendment to the provisions of the Amended and Restated Certificate of Incorporation governing the Company’s pre-initial business combination activity and related stockholders’ rights.

An audited balance sheet as of February 12, 2021 reflecting receipt of the proceeds upon consummation of the IPO and the Private Placement has been issued by the Company and is included as Exhibit 99.1 to this Current Report on Form 8-K.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and  
Stockholders of GigCapital4, Inc.

**Opinion on the Financial Statements**

We have audited the accompanying balance sheet of GigCapital4, Inc. (a Delaware corporation) (the “Company”) as of February 12, 2021 and the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of February 12, 2021, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

/s/ BPM LLP

We have served as the Company’s auditor since 2020.

**NOTES TO BALANCE SHEET**

**Note 1-Organization and Plan of Business Operations**

***Organization and General***

GigCapital4, Inc. (the “Company”) was incorporated in the state of Delaware on December 4, 2020. The Company was founded as a blank check company or special purpose acquisitions company (“SPAC”), formed by an affiliate of the serial SPAC issuer GigCapital Global, for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or similar business combination with one or more businesses (the “Business Combination”). The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended (the “Securities Act”), as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”).

On February 8, 2021, the Company effected a 1.2:1 stock split of its common stock. All common stock share numbers and prices have been retroactively adjusted to reflect the stock split.

As of February 12, 2021, the Company had not commenced any operations. All activity for the period from December 4, 2020 (date of inception) through February 12, 2021 relates to the Company’s formation and the initial public offering (the “Offering”) (Note 3). The Company will not generate any operating revenues until after completion of the Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income on cash and cash equivalents from the proceeds derived from the Offering. The Company has selected December 31 as its fiscal year end.

On February 8, 2021, the Securities and Exchange Commission (“SEC”) declared the Company’s initial Registration Statement on Form S-1 (File No 333-252315), in connection with the Offering of \$260.0 million, effective. The Company subsequently filed, on February 8, 2021, a registration statement on Form S-1MEF (File No. 333-252867) pursuant to Rule 462(b) under the Securities Act of 1933, as amended, which was effective immediately upon filing, in order to increase the size of the initial public offering (“IPO”) to \$312.0 million.

The Company entered into an underwriting agreement on February 8, 2021 to conduct the Offering of 31,200,000 units (the “Public Units”) in the amount of \$312.0 million in gross proceeds, with a 45-day option provided to the Underwriters (as defined below) to purchase up to 4,680,000 additional Public Units solely to cover over-allotments, if any, in the amount of up to \$46.8 million in additional gross proceeds. Each Public Unit consists of one share of the Company’s common stock (a “Public Share”), \$0.0001 par value (“Common Stock”), and one-third (1/3) of one redeemable warrant (a “Public Warrant”). Each whole Public Warrant is exercisable for one share of Common Stock at a price of \$11.50 per full share.

On February 11, 2021, the Company consummated the IPO of 35,880,000 units (the “Units”), including the issuance of 4,680,000 Units as a result of the underwriters’ exercise in full of their over-allotment option. The Units were sold at a price of \$10.00 per Unit, generating gross proceeds to the Company of \$358,800,000.

As further discussed in Note 4, simultaneously with the closing of the Offering, the Company consummated the private placement (“Private Placement”) of 1,099,600 units (the “Private Placement Units”) at a price of \$10.00 per Private Placement Unit. The Company’s sponsor, GigAcquisitions4, LLC, a Delaware limited liability company (the “Founder”), purchased 850,000 Private Placement Units and Oppenheimer & Co. Inc. (“Oppenheimer”) and Nomura Securities International, Inc. (“Nomura”), (collectively, the “Underwriters”) purchased 249,600 Private Placement Units in the aggregate. The Private Placement generated aggregate gross proceeds of \$10,996,000 consisting of \$8,500,000 from the sale of the Private Placement Units to the Founder and \$2,496,000 from the sale of the Private Placement Units to the Underwriters.

Following the closing of the Offering, net proceeds in the amount of \$351,624,000 from the sale of the Public Units in the Offering and proceeds in the amount of \$7,176,000 from the sale of Private Placement Units, for a total of \$358,800,000, were placed in a trust account (“Trust Account”) (discussed below).

Transaction costs amounted to \$20,399,474, consisting of \$7,176,000 of underwriting fees, \$12,558,000 of deferred underwriting fees and \$665,474 of Offering costs. The Company’s remaining cash after payment of the Offering costs is held outside of the Trust Account for working capital purposes.

***The Trust Account***

The funds in the Trust Account have been invested only in U.S. government treasury bills with a maturity of one hundred and eighty-five (185) days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940 which invest only in direct U.S. government obligations. Funds will remain in the Trust Account until the earlier of (i) the consummation of the Business Combination or (ii) the distribution of the Trust Account as described below. The remaining proceeds from the Offering outside the Trust Account may be used to pay for business, legal and accounting due diligence expenses on acquisition targets and continuing general and administrative expenses.

The Company’s amended and restated certificate of incorporation provides that, other than the withdrawal of interest to pay taxes none of the funds held in the Trust Account will be released until the earlier of: (i) the completion of the Business Combination; (ii) the redemption of 100% of the Public Shares included in the Public Units sold in the Offering if the Company is unable to complete a Business Combination within 24 months from the closing of the Offering; or (iii) the redemption of the Public Shares in connection with a stockholder vote to amend the Company’s amended and restated certificate of incorporation to modify the substance or timing of the Company’s obligation to redeem 100% of its Public Shares if it does not complete the Business Combination within 24 months from the closing of the Offering

### ***Business Combination***

The Company's management has broad discretion with respect to the specific application of the net proceeds of the Offering, although substantially all of the net proceeds of the Offering are intended to be generally applied toward consummating a Business Combination with (or acquisition of) a Target Business. As used herein, "Target Business" must be with one or more target businesses that together have a fair market value equal to at least 80% of the balance in the Trust Account (less taxes payable on interest earned) at the time the Company signs a definitive agreement in connection with the Business Combination. There is no assurance that the Company will be able to successfully effect a Business Combination.

The Company, after signing a definitive agreement for a Business Combination, will either (i) seek stockholder approval of the Business Combination at a meeting called for such purpose in connection with which stockholders may seek to redeem their shares, regardless of whether they vote for or against the Business Combination, for cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account as of two business days prior to the consummation of the Business Combination, including interest but less taxes payable, or (ii) provide stockholders with the opportunity to have their shares redeemed by the Company by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account as of two business days prior to commencement of the tender offer, including interest but less taxes payable. The decision as to whether the Company will seek stockholder approval of the Business Combination or will allow stockholders to redeem their shares in a tender offer will be made by the Company, solely in its discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require the Company to seek stockholder approval unless a vote is required by New York Stock Exchange rules. If the Company seeks stockholder approval, it will complete its Business Combination only if a majority of the outstanding shares of Common Stock voted are voted in favor of the Business Combination. However, in no event will the Company redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001 upon consummation of a Business Combination. In such case, the Company would not proceed with the redemption of its public shares and the related Business Combination, and instead may search for an alternate Business Combination.

If the Company holds a stockholder vote or there is a tender offer for shares in connection with a Business Combination, a public stockholder will have the right to redeem its shares for an amount in cash equal to its pro rata share of the aggregate amount then on deposit in the Trust Account as of two business days prior to the consummation of the Business Combination, including interest but less taxes payable. As a result, such shares of Common Stock are recorded at the redemption amount and classified as temporary equity. The amount in the Trust Account of \$358,800,000 represents 35,880,000 Public Shares at \$10.00 per Public Share.

The Company will have 24 months from the closing date of the Offering to complete a Business Combination. If the Company does not complete a Business Combination within this period of time, it shall (i) cease all operations except for the purposes of winding up; (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the Public Shares for a per share pro rata portion of the Trust Account, including interest, but less taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses) and (iii) as promptly as possible following such redemption, dissolve and liquidate the balance of the Company's net assets to its creditors and remaining stockholders, as part of its plan of dissolution and liquidation. The Founder, the Underwriters, Ms. Hayes, one of the Company's independent directors, and Mr. Weightman, the Company's Chief Financial Officer, (the "Insiders") have entered into letter agreements with the Company, pursuant to which they will waive their rights to participate in any redemption with respect to their initial shares; however, if the Founder, the Underwriters or the Insiders or any of the Company's officers, directors or affiliates acquire shares of Common Stock in or after the Offering, they will be entitled to a pro rata share of the Trust Account upon the Company's redemption or liquidation in the event the Company does not complete a Business Combination within the required time period.

In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than the initial public offering price per Public Unit in the Offering.

## **Note 2-Significant Accounting Policies**

### ***Basis of Presentation***

The accompanying balance sheet of the Company has been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the rules and regulations of the SEC.

### ***Emerging Growth Company***

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when an accounting standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised accounting standard at the time private companies adopt the new or revised standard.

### ***Concentration of Credit Risk***

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in financial institutions, which at times, may exceed federally insured limits. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

### ***Cash and Cash Equivalents***

The Company considers all short-term investments with a maturity of three months or less when purchased to be cash equivalents.

### ***Cash and marketable securities held in Trust Account***

As of February 12, 2021, the assets held in the Trust Account consisted of money market funds and cash.

### ***Offering Costs***

Offering costs in the amount of \$665,474 consist of legal, accounting, underwriting fees and other costs incurred through the balance sheet date that are directly related to the Offering. Offering costs were charged to stockholders' equity and recorded in additional paid-in capital as a reduction to the gross proceeds received upon completion of the Offering.

### ***Common Stock subject to possible redemption***

Common stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) is classified as temporary equity. At all other times, common stock is classified as stockholders' equity. The Company's Common Stock features certain redemption rights that are considered to be outside of the Company's control and subject to occurrence of uncertain future events. Accordingly, as of February 12, 2021, Common Stock subject to possible redemption is presented as temporary equity, outside of the stockholders' equity section of the Company's balance sheet. As of February 12, 2021, 34,435,958 shares of Common Stock were issued and outstanding and subject to possible redemption.

### ***Fair Value of Financial Instruments***

The fair value of the Company's assets and liabilities approximates the carrying amounts represented in the balance sheet.

### ***Use of Estimates***

The preparation of the balance sheet in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the balance sheet and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

### ***Income Taxes***

The Company follows the asset and liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the balance sheet carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

The Company prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of February 12, 2021. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties as of February 12, 2021. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

The Company is subject to income tax examinations by major taxing authorities since inception.

### ***Recent Accounting Pronouncements***

The Company does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the accompanying balance sheet.

### ***Note 3-Offering***

On February 11, 2021, the Company completed the Offering whereby the Company sold 35,880,000 Public Units, including 4,680,000 Units, as a result of the underwriters' exercise in full of their over-allotment option, at a price of \$10.00 per Public Unit. Each Public Unit consists of one of the Public Shares and one-third (1/3) of a Public Warrant. Each whole Public Warrant is exercisable for one share of Common Stock at a price of \$11.50 per full share. As a result, at least three Public Warrants must be exercised in order to obtain whole shares of Common Stock upon the exercise of the Public Warrants. Under the terms of the warrant agreement dated February 8, 2021 (the "Warrant Agreement"), the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Company's Business Combination to register the shares of Common Stock underlying the Public Warrants.

No fractional shares will be issued upon exercise of the Public Warrants. If, upon exercise of the Public Warrants, a holder would be entitled to receive a fractional interest in a share, the Company will, upon exercise, round down to the nearest whole number the number of shares of Common Stock to be issued to the Public Warrant holder. Each Public Warrant will become exercisable on the later of 30 days after the completion of the Company's Business Combination or 12 months from the closing of the Offering and will expire five years after the completion of the Company's Business Combination or earlier upon redemption or liquidation. However, if the Company does not complete a Business Combination on or prior to the 24-month period allotted to complete the Business Combination, the Public Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of Common Stock to the holder upon exercise of the Public Warrants during the exercise period, there will be no net cash settlement of these Public Warrants and the Public Warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the Warrant Agreement. Once the Public Warrants become exercisable, the Company may redeem the outstanding Public Warrants in whole and not in part at a price of \$0.01 per Public Warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last sale price of the Company's shares of Common Stock equals or exceeds \$18.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the Public Warrant holders.

#### **Note 4-Related Party Transactions**

##### ***Founder Shares***

During the period from December 4, 2020 (date of inception) to December 24, 2020, the Founder purchased 8,952,000 shares of Common Stock (the "Founder Shares") for an aggregate purchase price of \$25,000, or \$0.0027927 per share. The Company also issued 12,000 insider shares to Ms. Hayes, one of its independent directors and chairwoman of both the compensation and nominating and corporate governance committees, and 6,000 insider shares to Mr. Weightman, its Chief Financial Officer, solely in consideration of future services, pursuant to Insider Shares Grant Agreements dated February 8, 2021 between the Company and each of the Insiders (the "Insider Shares"). The Insider Shares are subject to forfeiture if the individual resigns or the services are terminated for cause prior to the completion of the Business Combination. The Founder Shares are identical to the Common Stock included in the Public Units sold in the Offering except that the Founder Shares are subject to certain transfer restrictions, as described in more detail below.

### ***Private Placement***

The Founder and the Underwriters purchased from the Company an aggregate of 850,000 and 249,600 Private Placement Units, respectively, at a price of \$10.00 per Private Placement Unit in a private placement that occurred simultaneously with the completion of the Offering. Each Private Placement Unit consists of one share of the Company's Common Stock, \$0.0001 par value and one-third (1/3) of one warrant (a "Private Placement Warrant"). Each whole Private Placement Warrant will be exercisable for \$11.50 per share, and the exercise price of the Private Placement Warrants may be adjusted in certain circumstances as described in Note 3. Under the terms of the Warrant Agreement, the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Company's Business Combination.

No fractional shares will be issued upon exercise of the Private Placement Warrants. If, upon exercise of the Private Placement Warrants, a holder would be entitled to receive a fractional interest in a share, the Company will, upon exercise, round down to the nearest whole number the number of shares of Common Stock to be issued to the Private Placement Warrant holder. Each Private Placement Warrant will become exercisable on the later of 30 days after the completion of the Company's Business Combination or 12 months from the closing of the Offering and will expire five years after the completion of the Company's Business Combination or earlier upon redemption or liquidation. However, if the Company does not complete a Business Combination on or prior to the 24-month period allotted to complete the Business Combination, the Private Placement Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of Common Stock to the holder upon exercise of the Private Placement Warrants during the exercise period, there will be no net cash settlement of these Private Placement Warrants and the Private Placement Warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the Warrant Agreement. Once the Private Placement Warrants become exercisable, the Company may redeem the outstanding Private Placement Warrants in whole and not in part at a price of \$0.01 per Private Placement Warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last sale price of the Company's shares of Common Stock equals or exceeds \$18.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the Private Placement Warrant holders.

The Company's Founder, the Insiders and the Underwriters have agreed not to transfer, assign or sell any of their respective Founder Shares, shares held by the Insiders, Private Placement Units, shares or other securities underlying such Private Placement Units that they may hold until the date that is (i) in the case of the Founder Shares or shares held by the Insiders, the earlier of (A) 12 months after the date of the consummation of the Company's Business Combination or (B) subsequent to the Company's Business Combination, (x) the date on which the last sale price of the Company's Common Stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 90 days after the Company's Business Combination, or (y) the date on which the Company consummates a liquidation, merger, stock exchange or other similar transaction after the Company's Business Combination which results in all of the Company's stockholders having the right to exchange their shares of Common Stock for cash, securities or other property, and (ii) in the case of the Private Placement Units and shares or other securities underlying such Private Placement Units, until 30 days after the completion of the Company's Business Combination.

If the Company does not complete a Business Combination, then a portion of the proceeds from the sale of the Private Placement Units will be part of the liquidating distribution to the public stockholders.

### ***Administrative Services Agreement and Other Agreements***

The Company has agreed to pay \$25,000 a month for office space, administrative services and secretarial support to an affiliate of the Founder, GigManagement, LLC. Services commenced on February 9, 2021, the date the securities were first listed on the NASDAQ, and will terminate upon the earlier of the consummation by the Company of a Business Combination or the liquidation of the Company.

On February 1, 2021, the Company entered into a Strategic Services Agreement with Mr. Weightman, its Chief Financial Officer, who holds 6,000 Insider Shares. Mr. Weightman is initially receiving \$10,000 per month for his services and such amount could increase to up to \$15,000 per month dependent upon the scope of services provided. The Company will pay Mr. Weightman for services rendered since February 1, 2021 and on a monthly basis thereafter for all services rendered after the consummation of this offering.

### **Note 5-Commitments and Contingencies**

#### ***Registration Rights***

The Company's Founder, the Underwriters and the Insiders will be entitled to registration rights pursuant to a registration rights agreement signed on February 8, 2021. These holders will be entitled to make up to two demands, excluding short form registration demands, that the Company register such securities for sale under the Securities Act. In addition, these holders will have "piggy-back" registration rights to include their securities in other registration statements filed by the Company. The Company will bear the expenses incurred in connection with the filing of any such registration statements. There will be no penalties associated with delays in registering the securities under the proposed registration rights agreement.

## ***Underwriters Agreement***

The Company granted the underwriters a 45-day option to purchase up to 4,680,000 additional Public Units to cover any over-allotments, at the initial public offering price less the underwriting discounts and commissions. On February 11, 2021 the over-allotment was exercised in full by the Underwriters.

The Company paid an underwriting discount of \$0.20 per Public Unit offering price to the Underwriters at the closing of the Offering. The underwriting discount was paid in cash. In addition, the Company has agreed to pay deferred underwriting commissions of \$0.35 per Public Unit, or \$12,558,000 in the aggregate, including the Underwriters' over-allotment option which was exercised in full. The deferred underwriting commission will become payable to the Underwriters from the amount held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement, including the performance of services specified therein. As further described in Note 4, the Underwriters have purchased 249,600 shares of Common Stock, for an aggregate purchase price of \$2,496,000.

The Underwriters will use their commercially reasonable efforts to provide the Company with the following services: 1) originating and introducing the Company to potential targets for a Business Combination; 2) arranging institutional investor meetings on the Company's behalf in connection with obtaining financing for the Business Combination; 3) assisting the Company in meeting its securities exchange listing requirements following the closing of the Offering; and 4) providing capital markets advice and liquidity to the Company following the closing of the Offering. If the Company uses its best efforts (and the Underwriters use commercially reasonable efforts) to obtain financing in private placements or privately negotiated transactions, but notwithstanding such efforts, the Company does not have sufficient cash necessary to consummate the Business Combination and pay the deferred underwriting commission, the Company and the Underwriters will cooperate in good faith to come to a mutually-satisfactory solution with respect to the payment of the deferred underwriting commission so as to ensure that the Company's obligation to pay the deferred underwriting commission shall not impede the closing of the Business Combination.

## **Note 6-Stockholders' Equity**

### ***Common Stock***

The authorized Common Stock of the Company includes up to 100,000,000 shares. Holders of the Company's Common Stock are entitled to one vote for each share of Common Stock. As of February 12, 2021, there were 11,513,642 shares of Common Stock issued and outstanding and not subject to possible redemption.

Included in the outstanding shares of Common Stock are the aggregate of 18,000 Insider Shares. The Insider Shares are subject to forfeiture if the individual resigns or the services are terminated for cause prior to the completion of the Business Combination.

### ***Preferred Stock***

The Company is authorized to issue 1,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors. As of February 12, 2021, there were no shares of preferred stock issued and outstanding.

## **7. FAIR VALUE MEASUREMENTS**

The fair value of the Company's financial assets and liabilities reflects management's estimate of amounts that the Company would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

- Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs which are supported by little or no market activity and which are significant to the fair value of the assets or liabilities.

The following table presents information about the Company's assets that are measured at fair value on a recurring basis as of February 12, 2021, and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

<u>Description:</u>	<u>Level</u>	<u>February 12, 2021</u>
Assets:		
Cash and marketable securities held in Trust Account	1	\$ 358,800,000

The marketable securities held in the Trust Account are considered trading securities as they are generally used with the objective of generating profits on short-term differences in price and therefore, the realized and unrealized gain and loss are recorded in the condensed statements of operations and comprehensive loss for the periods presented.

As of February 12, 2021, the Company had no financial liabilities measured at fair value on a recurring basis.
