GIGCAPITALS, INC.

1731 Embarcadero Rd., Suite 200, Palo Alto, CA 94303

PRELIMINARY PROXY STATEMENT FOR 2023 ANNUAL MEETING OF STOCKHOLDERS
PROSPECTUS FOR 14,807,937 SHARES OF COMMON STOCK OF GIGCAPITALS, INC.
(WHICH WILL BE RENAMED QT IMAGING HOLDINGS, INC.)

On December 8, 2022, GigCapital5, Inc., a Delaware corporation (“GigCapital5”), and QTI Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of GigCapital5 (“Merger Sub”), entered into a Business Combination Agreement, as amended, (the “Business Combination Agreement”) with QT Imaging, Inc., a Delaware corporation (“QT Imaging”), pursuant to which, and subject to the approval of the stockholders of GigCapital5, Merger Sub will merge with and into QT Imaging, with QT Imaging surviving the merger as a wholly owned subsidiary of GigCapital5 (the “Merger” and, together with the other transactions contemplated by the Business Combination Agreement and any other agreement executed and delivered in connection therewith, the “Business Combination”). Following the closing of the Merger (the “Closing”), GigCapital5, which will be renamed “QT Imaging Holdings, Inc.,” will be referred to as the “Combined Company.”

Subject to the terms of the Business Combination Agreement, at the effective time of the Merger (the “Effective Time”), each issued and outstanding share of the common stock of QT Imaging, par value \$0.001 per share (the “QT Imaging Common Stock”) (excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury and dissenting shares) will be automatically cancelled and converted into (A) the right to receive a number of shares of common stock, par value \$0.0001 per share, of the Combined Company (the “Combined Company Common Stock”) (calculated based on the Exchange Ratio (as defined below) and (B) the contingent right to receive a portion of additional shares of Combined Company Common Stock (“Merger Consideration Earnout Shares”) based on the performance of the Combined Company if certain requirements are achieved in accordance with the terms of the Business Combination Agreement, if, as and when payable. The “Exchange Ratio” means the quotient of (a) the Aggregate Closing Merger Consideration (as defined in the Business Combination Agreement) divided by (b) the QT Imaging Fully Diluted Capital Stock (as defined in the Business Combination Agreement). In addition, at the Effective Time, certain warrants of QT Imaging to purchase QT Imaging Common Stock will be converted into a warrant to acquire a number of shares of Combined Company Common Stock at an adjusted exercise price per share.

The GigCapital5 public units are comprised of one share of common stock, par value \$0.0001 per share, of GigCapital5 (“GigCapital5 Common Stock”), which following the Closing will constitute one share of Combined Company Common Stock and one GigCapital5 warrant to purchase shares of GigCapital5 Common Stock, which, following the Closing will constitute one Combined Company warrant to purchase shares of Combined Company Common Stock. The GigCapital5 Common Stock are currently listed on The Nasdaq Global Market (“Nasdaq”) under the symbol “GIA,” and from now until the Closing of the Merger, the GigCapital5 public units and the warrants trade at the OTC Markets Group Inc. under the symbols “GIA.U” and “GIA.WS,” respectively. We intend to apply for listing of the Combined Company Common Stock and the warrants of the Combined Company on Nasdaq under the symbols “QTI” and “QTI.WS,” respectively, upon the Closing.

Only holders of record of GigCapital5 Common Stock, at the close of business on December 4, 2023 (the “Record Date”), are entitled to notice of the Stockholders’ Meeting (as defined below) and the right to vote and have their votes counted at the Stockholders’ Meeting and any adjournments of the Stockholders’ Meeting.

QT Imaging, GigCapital5 and certain investors led by Meteora Capital Partners, LP (all investors participating in such financing, the “Stock Subscription Investors”), have entered into definitive subscription agreements (the “Stock Subscription Agreements”), pursuant to which the Stock Subscription Investors have subscribed for the purchase of shares of QT Imaging Common Stock in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock. Meteora Capital Partners, LP, has an economic interest in the sponsor of the Company, GigAcquisitions5, LLC. The aggregate gross proceeds under the Stock Subscription Agreements to QT Imaging will be \$3,000,000. In addition, each of the Stock Subscription Investors has separately entered into with GigCapital5 a non-redemption agreement (the “November 2023 Non-Redemption Agreements”) pursuant to which each such Stock Subscription Investor has agreed to not redeem up to 400,000 shares of GigCapital5 Common Stock in exchange for a cash payment by GigCapital5 with cash from its trust account in a per share amount equal to the redemption price less \$2.50 per share. For each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the obligation of such Stock Subscription Investor to purchase shares of QT Imaging Common Stock pursuant to the Stock Subscription Agreements will be correspondingly reduced in an equal amount with respect to the number of shares of Combined Company Common Stock that would be received upon the exchange that occurs at the closing of the Business Combination. Furthermore, for each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the aggregate number of shares of Combined Company Common Stock issued as consideration to the securities holders of QT Imaging in the Business Combination shall also be correspondingly reduced.

In addition, GigCapital5 has entered into a standby equity purchase agreement (the “SEPA”) with an affiliate of Yorkville Advisors Global, LP (“Yorkville”), pursuant to which Yorkville will open an equity credit line for the Combined Company in the aggregate principal amount of up to \$50,000,000, of which \$10,000,000 will be available to the Combined Company in the form of a pre-paid advance evidenced by a convertible promissory note on the closing date of the Business Combination (“Yorkville Financing”). The availability period of the equity line of credit is for 36 months after the completion of the Business Combination.

The total number of shares of the Combined Company Common Stock outstanding at the Closing (and each Combined Company stockholder’s relative ownership levels) will be affected by the number of shares of GigCapital5 Common Stock that are redeemed by GigCapital5 public stockholders pursuant to their redemption rights under GigCapital5’s Amended and Restated Certificate of Incorporation, dated as of September 23, 2021, as amended on September 23, 2022, March 28, 2023 and further amended on September 28, 2023, in connection with the Business Combination (the “Redemption Rights”).

The table below shows the relative ownership levels of holders of Combined Company Common Stock following the proposed Business Combination under varying redemption scenarios (after giving effect to the election in each of September 2022, March 2023 and September 2023 of GigCapital5’s public stockholders to partially redeem their shares of GigCapital5 Common Stock pursuant to their Redemption Rights and not including additional dilutive issuances of securities from the exercise of warrants or the issuance of Merger Consideration Earnout Shares).

	Scenario 1 (Assuming No Redemptions into Cash)		Scenario 2 (Assuming 50% Redemptions into Cash)		Scenario 3 (Assuming 75% Redemptions into Cash)		Scenario 4 (Assuming Maximum Redemptions into Cash)

Upon the Closing, the Combined Company will not be a “controlled company” as defined under the relevant Nasdaq listing rules.

We are providing the accompanying proxy statement/prospectus and accompanying proxy card to our stockholders in connection with the solicitation of proxies to be voted at the 2023 annual meeting of the stockholders (the “Stockholders’ Meeting”), including following any adjournments or postponements of the Stockholders’ Meeting. Whether or not you plan to attend, we urge you to read this proxy statement/prospectus, in its entirety. In particular, when you consider the recommendation regarding these proposals by the board of directors of GigCapital5, you should keep in mind that the directors and officers of GigCapital5, as well as its largest stockholder, GigAcquisitions5, LLC (the “Sponsor”), have interests in the Business Combination that are different from or in addition to, or which may conflict with, your interests as a stockholder. See the section of the attached proxy statement/prospectus entitled “Meeting of GigCapital5 Stockholders — Recommendation of GigCapital5 Board of Directors” beginning on page 197 for a discussion of these considerations. You should also carefully consider the risk factors described in the section entitled “Risk Factors” beginning on page 72 of the attached proxy statement/prospectus.

GigCapital5’s board of directors has unanimously approved the Business Combination Agreement and the transactions contemplated thereby and recommends that GigCapital5’s stockholders vote “FOR” the adoption and approval of the Business Combination Agreement and the other matters to be considered at the Stockholders’ Meeting.

GIGCAPITAL5, INC.

1731 Embarcadero Rd., Suite 200, Palo Alto, California 94303

Dear Stockholder:

On December 8, 2022, GigCapital5, Inc., a Delaware corporation ("**GigCapital5**"), and QTI Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of GigCapital5 ("**Merger Sub**"), entered into a Business Combination Agreement, as amended, (the "**Business Combination Agreement**") with QT Imaging, Inc., a Delaware corporation ("**QT Imaging**"), pursuant to which Merger Sub will merge with and into QT Imaging, with QT Imaging surviving the merger as a wholly owned subsidiary of GigCapital5 (the "**Merger**") and, together with the other transactions contemplated by the Business Combination Agreement and any other agreement executed and delivered in connection therewith, the "**Business Combination**"). The Business Combination Agreement was subsequently amended on May 5, 2023, September 21, 2023, November 10, 2023, and November 22, 2023, pursuant to which the parties, among other things, revised the class designation and election schedule of certain board members, amended certain definitions, removed the minimum liquidity requirement as a closing condition, clarified the earnout provisions, and extended the Outside Date to March 31, 2024. Following the closing of the Merger (the "**Closing**"), GigCapital5, which will be renamed "QT Imaging Holdings, Inc.," will be referred to as the "**Combined Company**."

Subject to the terms of the Business Combination Agreement, at the effective time of the Merger (the "**Effective Time**"), each issued and outstanding share of the common stock of QT Imaging (the "**QT Imaging Common Stock**") (including shares issued upon the exercise or conversion of options to purchase shares of QT Imaging Common Stock that are outstanding as of immediately prior to the Effective Time (the "**QT Imaging Options**"), warrants of QT Imaging to purchase QT Imaging Common Stock (the "**QT Imaging Warrants**") and convertible notes of QT Imaging (the "**QT Imaging Convertible Notes**"), but excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury and dissenting shares) will be automatically cancelled and converted into (A) the right to receive a number of shares (the "**Per Share Merger Consideration**") of common stock, par value \$0.0001 per share, of GigCapital5 (the "**GigCapital5 Common Stock**") calculated based on the Exchange Ratio (as defined below) and (B) the contingent right to receive a portion of additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if certain requirements are achieved in accordance with the terms of the Business Combination Agreement, if, as and when payable. The "**Exchange Ratio**" means the quotient of (a) the Aggregate Closing Merger Consideration (as defined below) divided by (b) the QT Imaging Fully Diluted Capital Stock (as defined below).

The "**Aggregate Closing Merger Consideration**" means a number of shares of GigCapital5 Common Stock equal to the difference of: (a) the quotient of (i)(A) the sum of (I) \$151,000,000, plus (II) the sum of the exercise prices of all In-the-Money Company Warrants (as defined in the Business Combination Agreement), plus (III) the cash of QT Imaging as of immediately prior to the Effective Time (the "**QT Imaging Closing Cash**"), plus (IV) the transaction expenses of QT Imaging which it will have paid prior to the close of business on the business day immediately preceding the Closing (the "**Paid QT Imaging Transaction Expenses**"), minus (B) the debt of QT Imaging as of immediately prior to the Effective Time after conversion of any QT Imaging Convertible Notes that are being converted into shares of QT Imaging Common Stock immediately prior to the Effective Time in accordance with the terms of such convertible notes (the "**Converting Notes**"), and which debt of QT Imaging will not exceed \$4,800,000, exclusive of that certain promissory note issued by QT Imaging to the trust of John Klock for the principal amount of \$650,000 in September 2023 (the total of the dollar amounts set forth in (a)(i), the "**Aggregate Closing Merger Consideration Value**"); divided by (ii) \$10.00; minus (b) a number of shares of GigCapital5 Common Stock equal to the quotient of (i) the amount of transaction expenses of QT Imaging incurred by or on its behalf in connection with the preparation, negotiation and execution of the Business Combination Agreement and the consummation of the transactions that the Business Combination Agreement contemplates (the "**QT Imaging Transaction Expenses**"), in excess of \$4,000,000, if any, divided by (ii) \$10.00, and rounded up to the nearest whole share, and will include all shares to be issued to two entities providing services to QT Imaging as partial payment of the QT Imaging Transaction Expenses for such entities (the number of shares set forth in (b), the "**Aggregate Excess QT Imaging Transaction Shares**"); minus (c) the number of shares of GigCapital5 Common Stock that are not redeemed pursuant to the terms of the November 2023 Non-Redemption Agreements (as defined below).

[Table of Contents](#)

The “**QT Imaging Fully Diluted Capital Stock**” means, without duplication, the sum of (a) the aggregate number of shares of QT Imaging Common Stock that are issued and outstanding as of immediately prior to the Effective Time (including shares issued upon the exercise or conversion of the QT Imaging Options, the QT Imaging Warrants and the QT Imaging Convertible Notes, in each case immediately prior to the Effective Time, but excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury), and (b) the aggregate number of shares of QT Imaging Common Stock issuable upon full exercise, exchange or conversion of all In-the-Money Company Warrants outstanding as of immediately prior to the Effective Time and that will become an Assumed Warrant (the “**In-the-Money Company Warrant Shares**”). The “**Assumed Warrants**” are the In-the-Money Company Warrants that are not exercised and exchanged prior to the Effective Time but are instead, without any action on the part of the holder thereof and in accordance with the provisions of such In-the-Money Company Warrant (for the avoidance of doubt, as may be amended following the date of the Business Combination Agreement with the written approval of GigCapital5), converted into a warrant to acquire a number of shares of GigCapital5 Common Stock at an adjusted exercise price per share. The QT Imaging Common Stock, the In-the-Money Company Warrants, the In-The-Money Company Warrant Shares and the shares issued pursuant to the conversion of the Converting Notes (the “**QT Imaging Convertible Notes Shares**”) will constitute the “**QT Imaging Equity Securities**”.

In addition, at the Effective Time, the Combined Company will assume the Assumed Warrants.

Further, prior to the Effective Time, QT Imaging will in a manner acceptable to GigCapital5 take such actions as are necessary to terminate each QT Imaging Option, whether vested or unvested, including by payment or in accordance with the terms of the QT Imaging, Inc. 2021 Stock Incentive Plan, as such may have been amended, supplemented or modified from time to time (the “**QT Imaging Option Plan**”), without any conversion of such QT Imaging Options, and no payment or distribution will be made, and the holder of any QT Imaging Options will cease to have any rights, with respect to such QT Imaging Options.

GigAcquisitions5, LLC (the “**Sponsor**”) has agreed to vote its shares of GigCapital5 Common Stock, issued to it prior to GigCapital5’s initial public offering (the “**GigCapital5 IPO**,” and such shares, the “**Founder Shares**”), as well as the shares of GigCapital5 Common Stock that are a part of units purchased in a private placement simultaneous to the GigCapital5 IPO, and any Public Shares (as defined below) purchased during or after the GigCapital5 IPO, in favor of the proposed Business Combination.

QT Imaging, GigCapital5 and certain investors led by Meteora Capital Partners, LP (all investors participating in such financing, the “**Stock Subscription Investors**”), have entered into definitive subscription agreements (the “**Stock Subscription Agreements**”), pursuant to which the Stock Subscription Investors have subscribed for the purchase of shares of QT Imaging Common Stock in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock. The aggregate gross proceeds under the Stock Subscription Agreements to QT Imaging will be \$3,000,000. In addition, each of the Stock Subscription Investors has separately entered into with GigCapital5 a non-redemption agreement (the “**November 2023 Non-Redemption Agreements**”) pursuant to which each such Stock Subscription Investor has agreed to not redeem up to 400,000 shares of GigCapital5 Common Stock in exchange for a cash payment by GigCapital5 with cash from its trust account in a per share amount equal to the redemption price less \$2.50 per share. For each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the obligation of such Stock Subscription Investor to purchase shares of QT Imaging Common Stock pursuant to the Stock Subscription Agreements will be correspondingly reduced in an equal amount with respect to the number of shares of Combined Company Common Stock that would be received upon the exchange that occurs at the closing of the Business Combination. Furthermore, for each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the aggregate number of shares of Combined Company Common Stock issued as consideration to the securities holders of QT Imaging in the Business Combination shall also be correspondingly reduced.

In addition, GigCapital5 has entered into a standby equity purchase agreement (the “*SEPA*”) with an affiliate of Yorkville Advisors Global, LP (“*Yorkville*”), pursuant to which Yorkville will open an equity credit line for the Combined Company in the aggregate principal amount of up to \$50,000,000, of which \$10,000,000 will be available to the Combined Company in the form of a pre-paid advance evidenced by a convertible promissory note on the closing date of the Business Combination (“*Yorkville Financing*”). As consideration for the pre-paid advance and prior to the Business Combination, QT Imaging will issue to Yorkville that number of shares of QT Imaging Common Stock equal to the result of (x) 1,000,000 divided by (y) the Exchange Ratio, such that upon the closing of the Business Combination, Yorkville will receive that consideration that a holder of shares of QT Imaging Stock is entitled to receive pursuant to the Business Combination Agreement, including 1,000,000 shares of GigCapital5 Common Stock. The availability period of the equity line of credit is for 36 months after the completion of the Business Combination.

Our public units (the “*GigCapital5 Units*”) are comprised of one share of GigCapital5 Common Stock (the “*Public Shares*”) and one GigCapital5 warrant (the “*Warrants*”) to purchase shares of GigCapital5 Common Stock. The GigCapital5 Common Stock are currently listed on The Nasdaq Global Market (“*Nasdaq*”) under the symbol “GIA,” and from now until the Closing of the Merger, the GigCapital5 Units and the Warrants trade at the OTC Markets Group Inc. (the “*OTC*”) under the symbols “GIA.U” and “GIA.WS,” respectively. We intend to apply for the listing of the common stock of the Combined Company (the “*Combined Company Common Stock*”) and the warrants of the Combined Company on Nasdaq under the symbols “QTI” and “QTI.WS,” respectively, upon the Closing.

As of [●], 2023, the closing price on Nasdaq of the closing price of the Public Shares was \$[●] per share, and on the OTC the closing price of the GigCapital5 Units was \$[●] per unit, and the closing price of the Warrants was \$[●] per warrant.

At the 2023 annual meeting of the stockholders of GigCapital5 (the “*Stockholders’ Meeting*”), the GigCapital5 stockholders will vote on a proposal to approve the Business Combination Agreement (the “*Business Combination Proposal*”) and other proposals described in the accompanying proxy statement/prospectus, which each stockholder is encouraged to carefully read and consider.

Pursuant to the Amended and Restated Certificate of Incorporation of GigCapital5, dated as of September 23, 2021, as amended on September 23, 2022, March 28, 2023 and further amended on September 28, 2023 (the “*Existing Charter*”), we are providing our public stockholders with the right to demand that GigCapital5 redeem (the “*Redemption Rights*”), upon the Closing, shares of GigCapital5 Common Stock then held by them for cash equal to their pro rata share of the aggregate amount on deposit in the trust account (the “*Trust Account*”), calculated as of two business days prior to the consummation of the Merger (including interest earned on the funds held in the Trust Account and not previously released to GigCapital5 to pay its taxes). For illustrative purposes, based on the balance of the Trust Account of \$[●] as of [●], 2023, the estimated per share redemption price would have been approximately \$[●]. Public stockholders may elect to redeem their shares even if they vote for the Business Combination Proposal. A holder of shares of GigCapital5 Common Stock, together with any affiliate of the holder or any other person with whom the holder is acting in concert or as a “group” (as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended), will be restricted from seeking Redemption Rights with respect to more than 15% of the aggregate number of shares of GigCapital5 Common Stock outstanding without the consent of GigCapital5. Accordingly, all shares of GigCapital5 Common Stock in excess of 15% held by a holder of shares of GigCapital5 Common Stock, together with any affiliate of such holder or any other person with whom such holder is acting in concert or as a “group,” will not be redeemed for cash without the consent of GigCapital5. We have no specified maximum redemption threshold under our Existing Charter, other than the aforementioned 15% threshold. Each redemption of shares of GigCapital5 Common Stock by our Public Stockholders will reduce the amount in the Trust Account.

After giving effect to the proposed Business Combination (assuming no Public Shares of GigCapital5 have been redeemed after September 28, 2023 and no GigCapital5 Warrants have been exercised), we expect that there will be approximately 23,424,528 shares of the Combined Company Common Stock consisting of (i) 14,764,550 shares issued in the aggregate to holders of QT Imaging securities (after giving effect to the net exercise or conversion of (A) the

[Table of Contents](#)

In-the-Money Company Warrants that are not Assumed Warrants and (B) the Converting Notes) and as the Aggregate Excess QT Imaging Transaction Shares (ii) 2,114,978 shares held by GigCapital5's Public Stockholders, (iii) 15,000 shares in the aggregate held by GigCapital5's Treasurer and Chief Financial Officer, Brad Weightman, and Interest Solutions, LLC, an affiliate of ICR, LLC, an investor relations firm providing services to GigCapital5 ("**ICR**"), and (iv) 6,530,000 shares held by the Sponsor.

Pursuant to the terms of the Existing Charter, in no event will we redeem shares of GigCapital5 Common Stock in an amount that would result in our failure to have net tangible assets of at least \$5,000,001 after giving effect to the redemptions of shares of GigCapital5 Common Stock by the public stockholders, including as of the time either immediately prior to or upon the Closing.

We are providing the accompanying proxy statement/prospectus and accompanying proxy card to our stockholders in connection with the solicitation of proxies to be voted at the Stockholders' Meeting (including following any adjournments or postponements of the Stockholders' Meeting). Information about the Stockholders' Meeting, the proposed Business Combination and other related business to be considered by our stockholders at the Stockholders' Meeting is included in this proxy statement/prospectus. Whether or not you plan to attend the Stockholders' Meeting via the virtual meeting platform, we urge all our stockholders to read this proxy statement/prospectus, including the annexes and the accompanying financial statements of GigCapital5 and QT Imaging, carefully and in their entirety. In particular, we urge you to read carefully the section entitled "*Risk Factors*" beginning on page 72 of the attached proxy statement/prospectus.

After careful consideration, GigCapital5's board of directors (the "**GigCapital5 Board**") has determined that the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal (each as defined in the accompanying proxy statement/prospectus) are fair to and in the best interests of GigCapital5 and its stockholders and unanimously recommends that you vote or give instruction to vote "**FOR**" the Business Combination Proposal, "**FOR**" the Board Classification Charter Proposal, "**FOR**" the Additional Charter Amendments in Connection with the Business Combination Proposal, "**FOR**" the Director Election Proposal, "**FOR**" the Nasdaq Proposal, "**FOR**" the Equity Incentive Plan Proposal, and "**FOR**" the Adjournment Proposal, if presented at the Stockholders' Meeting.

The approval of each of the Business Combination Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal, if presented, requires the affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, voting as a single class. In addition, in accordance with the Business Combination Agreement, the parties to the Business Combination Agreement are also requiring the affirmative vote of holders of a majority of the shares of GigCapital5 Common Stock then outstanding, voting together as a single class, for the approval of the Board Classification Charter Proposal and the Additional Charter Amendments in Connection with the Business Combination Proposal. The approval of the Director Election Proposal requires the affirmative vote (in person or by proxy) of the holders of a plurality of the outstanding shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting.

As of December 4, 2023, the record date for the Stockholders' Meeting (the "**Record Date**"), the Sponsor was entitled to vote an aggregate of 6,530,000 shares of GigCapital5 Common Stock. Such shares currently constitute approximately 75.4% of the outstanding shares of GigCapital5 Common Stock. The Sponsor has agreed to vote its shares of GigCapital5 Common Stock in favor of each of the proposals presented at the Stockholders' Meeting. The Sponsor, GigCapital5 independent directors and certain of the Supporting QT Imaging Stockholders (as defined in the accompanying proxy statement/prospectus) and other stockholders of QT Imaging have, subject to limited exceptions, agreed to a lock-up following the Closing on their respective shares of Combined Company Common Stock which they already hold or will receive, pursuant to which such parties will not transfer shares of Combined Company Common Stock held by such parties for 180 days following the Closing subject to certain exceptions. Your vote is very important. Whether or not you plan to attend the Stockholders' Meeting, please vote as soon as possible by following the instructions in this proxy statement/prospectus to make sure that your shares are represented at the Stockholders' Meeting. If you hold your shares in "street name" through a bank, broker or other nominee, you will need to follow the instructions provided to you by your bank, broker or other nominee to ensure that your shares are represented and voted at the Stockholders' Meeting. Unless waived by the parties to the Business Combination Agreement, consummation of the proposed Business Combination is conditioned on the approval of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, and the Equity Incentive Plan Proposal at the Stockholders' Meeting, subject to the terms of the Business Combination Agreement. If the Business Combination Proposal is not approved, the other proposals (except the Adjournment Proposal) will not be presented to the stockholders for a vote. If we fail to obtain the requisite stockholder approval for any of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, and the Equity Incentive Plan Proposal at the Stockholders' Meeting, we will not satisfy the conditions to Closing set forth in the Business Combination Agreement and we may be prevented from closing the proposed Business Combination. The proposed Business Combination is not conditioned on approval of the Adjournment Proposal.

If you sign, date, and return your proxy card without indicating how you wish to vote, your proxy will be voted "FOR" each of the Proposals presented at the Stockholders' Meeting. If you fail to return your proxy card or fail to instruct your bank, broker or other nominee how to vote, and do not attend the Stockholders' Meeting in person via the virtual meeting platform, the effect will be that your shares will not be counted for purposes of determining whether a quorum is present at the Stockholders' Meeting. If you are a stockholder of record and you attend the Stockholders' Meeting and wish to vote in person via the virtual meeting platform, you may withdraw your proxy and vote in person via the virtual meeting platform.

TO EXERCISE YOUR REDEMPTION RIGHTS, YOU MUST DEMAND THAT GIGCAPITAL5 REDEEM YOUR SHARES FOR A PRO RATA PORTION OF THE FUNDS HELD IN THE TRUST ACCOUNT AND TENDER YOUR SHARES TO GIGCAPITAL5'S TRANSFER AGENT AT LEAST TWO BUSINESS DAYS PRIOR TO THE VOTE AT THE STOCKHOLDERS' MEETING. YOU MAY TENDER YOUR SHARES BY EITHER DELIVERING YOUR SHARE CERTIFICATE TO THE TRANSFER AGENT OR BY DELIVERING YOUR SHARES ELECTRONICALLY USING THE CONTINENTAL STOCK TRANSFER & TRUST COMPANY'S DWAC (DEPOSIT AND WITHDRAWAL AT CUSTODIAN) SYSTEM. IF THE PROPOSED BUSINESS COMBINATION IS NOT COMPLETED, THEN ANY SHARES YOU TENDERED FOR REDEMPTION WILL NOT BE REDEEMED FOR CASH. IF YOU HOLD THE SHARES IN STREET NAME, YOU WILL NEED TO INSTRUCT THE ACCOUNT EXECUTIVE AT YOUR BANK OR BROKER TO WITHDRAW THE SHARES FROM YOUR ACCOUNT IN ORDER TO EXERCISE YOUR REDEMPTION RIGHTS.

On behalf of our board of directors, I would like to thank you for your support of GigCapital5 and look forward to a successful completion of the proposed Business Combination.

Sincerely,

Dr. Raluca Dinu

Pursuant to the Amended and Restated Certificate of Incorporation of GigCapital5, dated September 23, 2021, as amended on September 23, 2022, on March 28, 2023 and further amended on September 28, 2023 (the “*Existing Charter*”), GigCapital5 will provide holders of shares of GigCapital5 Common Stock with the opportunity to redeem such shares for cash equal to their pro rata share of the aggregate amount on deposit in the trust account established in connection with GigCapital5’s initial public offering (the “*Trust Account*”), calculated as of two business days prior to the consummation of the transactions contemplated by the Business Combination Proposal (including interest earned on the funds held in the Trust Account and not previously released to GigCapital5 to pay its taxes). For illustrative purposes, based on funds in the Trust Account of approximately \$[•] on [•], 2023, the estimated per share redemption price would have been approximately \$[•], excluding additional interest earned on the funds held in the Trust Account and not previously released to GigCapital5 to pay taxes. Holders of GigCapital5 Common Stock may elect to redeem their shares of GigCapital5 Common Stock even if they vote for the Business Combination Proposal. A holder of shares of GigCapital5 Common Stock, together with any affiliate of the holder or any other person with whom the holder is acting in concert or as a “group” (as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”), will be restricted from seeking Redemption Rights with respect to more than 15% of the aggregate number of shares of GigCapital5 Common Stock outstanding without the consent of GigCapital5. Accordingly, all shares of GigCapital5 Common Stock in excess of 15% held by a holder of shares of GigCapital5 Common Stock, together with any affiliate of such holder or any other person with whom such holder is acting in concert or as a “group,” will not be redeemed for cash without the consent of GigCapital5. Currently, GigAcquisitions5, LLC, a Delaware limited liability company (the “*Sponsor*”) (in which certain of GigCapital5’s directors and officers are directly or indirectly members), owns approximately 75.4% of the outstanding shares of GigCapital5 Common Stock, consisting of shares of GigCapital5 Common Stock and units, purchased in a private placement, each unit consisting of one share of GigCapital5 Common Stock and one redeemable GigCapital5 warrant. The Sponsor has agreed to vote any shares of GigCapital5 Common Stock owned by it in favor of each of the Proposals presented at the Stockholders’ Meeting.

After careful consideration, GigCapital5’s board of directors (the “*GigCapital5 Board*”) has determined that the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal are fair to and in the best interests of GigCapital5 and its stockholders and unanimously recommends that you vote or give instruction to vote “**FOR**” the Business Combination Proposal, “**FOR**” the Board Classification Charter Proposal, “**FOR**” the Additional Charter Amendments in Connection with the Business Combination Proposal, “**FOR**” the Director Election Proposal, “**FOR**” the Nasdaq Proposal, “**FOR**” the Equity Incentive Plan Proposal, and “**FOR**” the Adjournment Proposal, if presented at the Stockholders’ Meeting.

The approval of each of the Business Combination Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal, if presented, requires the affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, voting as a single class. In addition, in accordance with the Business Combination Agreement, the parties to the Business Combination Agreement are also requiring the affirmative vote of holders of a majority of the shares of GigCapital5 Common Stock then outstanding, voting together as a single class, for the approval of the Board Classification Charter Proposal and the Additional Charter Amendments in Connection with the Business Combination Proposal. The approval of the Director Election Proposal requires the affirmative vote (in person or by proxy) of the holders of a plurality of the outstanding shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting.

QUESTIONS AND ANSWERS

The questions and answers below highlight only selected information from this proxy statement/prospectus and only briefly address some commonly asked questions about the proposed Business Combination, the Stockholders' Meeting, and the Proposals (as defined herein) to be presented at the Stockholders' Meeting. The following questions and answers do not include all the information that is important to GigCapital5 stockholders. You are urged to carefully read this entire proxy statement/prospectus, including the annexes and the other documents referred to herein, to fully understand the proposed Business Combination and the voting procedures for the Stockholders' Meeting.

QUESTIONS AND ANSWERS ABOUT THE PROPOSED BUSINESS COMBINATION

Q: WHAT IS THE PROPOSED BUSINESS COMBINATION?

A: GigCapital5, Merger Sub and QT Imaging have entered into the Business Combination Agreement, pursuant to which Merger Sub will merge with and into QT Imaging, with QT Imaging surviving the Merger as a wholly owned subsidiary of GigCapital5. In connection with the Closing, GigCapital5 will be renamed "QT Imaging Holdings, Inc."

GigCapital5 will hold the Stockholders' Meeting to, among other things, obtain the approvals required for the proposed Business Combination, and you are receiving this proxy statement/prospectus in connection with such meeting. See "*The Business Combination Agreement*." In addition, copies of the Business Combination Agreement and the BCA Amendments are attached to this proxy statement/prospectus as *Annex A*. We urge you to carefully read this proxy statement/prospectus, including the annexes and the other documents referred to herein, in their entirety.

Q: WHY AM I RECEIVING THIS DOCUMENT?

A: GigCapital5 is sending this proxy statement/prospectus to its stockholders to help them decide how to vote their shares of GigCapital5 Common Stock with respect to the matters to be considered at the Stockholders' Meeting. The proposed Business Combination cannot be completed unless GigCapital5's stockholders approve the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, and the Equity Incentive Plan Proposal set forth in this proxy statement/prospectus for their approval. Information about the Stockholders' Meeting, the proposed Business Combination, and the other business to be considered by stockholders at the Stockholders' Meeting is contained in this proxy statement/prospectus. This document constitutes a proxy statement and a prospectus of GigCapital5. It is a proxy statement because the board of directors of GigCapital5 is soliciting proxies from its stockholders using this proxy statement/prospectus. It is a prospectus because GigCapital5, in connection with the proposed Business Combination, is offering shares of GigCapital5 Common Stock to QT Imaging stockholders in exchange for the outstanding shares of QT Imaging Common Stock and certain equity awards of QT Imaging pursuant to the terms of the Business Combination Agreement. See "*The Business Combination Agreement-Merger Consideration*."

Q: WHAT WILL QT IMAGING STOCKHOLDERS RECEIVE IN THE PROPOSED BUSINESS COMBINATION?

A: Subject to the terms of the Business Combination Agreement, at the Effective Time, each issued and outstanding share of QT Imaging Common Stock (including shares issued upon the exercise or conversion of QT Imaging Options, QT Imaging Warrants and QT Imaging Convertible Notes but excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury and dissenting shares) will be automatically cancelled and converted into (A) the right to receive a number of shares of GigCapital5

[Table of Contents](#)

Common Stock equal to the Exchange Ratio of the quotient of (i) the Aggregate Closing Merger Consideration divided by (ii) the QT Imaging Fully Diluted Capital Stock and (B) the contingent right to receive a portion of additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if certain requirements are achieved in accordance with the terms of the Business Combination Agreement, if, as and when payable.

In addition, at the Effective Time:

- QT Imaging will in a manner acceptable to GigCapital5 take such actions as are necessary to terminate each QT Imaging Option that is outstanding immediately prior to the Effective Time, whether vested or unvested, including by payment or in accordance with the terms of the QT Imaging Option Plan, and the QT Imaging Options will be terminated without any conversion of such QT Imaging Options and no payment or distribution will be made, and the holder of any QT Imaging Options will cease to have any rights, with respect to such QT Imaging Options; and
- each outstanding In-the-Money Company Warrant that is not exercised and exchanged prior to the Effective Time will automatically, without any action on the part of the holder of an In-the-Money Company Warrant, in accordance with the provisions of an In-the-Money Company Warrant (for the avoidance of doubt, as may be amended following the date of the Business Combination Agreement with the written approval of GigCapital5), be converted into a warrant to acquire a number of shares of GigCapital5 Common Stock at an adjusted exercise price per share. Such Assumed Warrants will be subject to the same terms and conditions as were applicable to such corresponding In-the-Money Company Warrants immediately prior to the Effective Time (including applicable vesting conditions), except to the extent such terms or conditions are rendered inoperative by the proposed Business Combination. Accordingly, effective as of the Effective Time: (A) each such Assumed Warrant will be exercisable solely for shares of GigCapital5 Common Stock; (B) the number of shares of GigCapital5 Common Stock subject to each Assumed Warrant will be determined by multiplying the number of shares of QT Imaging Common Stock subject to such In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting number down to the nearest whole number of shares of GigCapital5 Common Stock; (C) the per share exercise price for the GigCapital5 Common Stock issuable upon exercise of each Assumed Warrant will be determined by dividing the per share exercise price for the shares of QT Imaging Common Stock subject to the In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting exercise price up to the nearest whole cent; and (D) the holder of each In-the-Money Company Warrant outstanding as of immediately prior to the Effective Time will be entitled to the contingent right to receive a portion of the Merger Consideration Earnout Shares, if, as and when payable. Effective as of the Effective Time, each QT Imaging Warrant (other than any In-the-Money Company Warrant) that is outstanding immediately prior to the Effective Time, whether vested or unvested, will, in accordance with the provisions of such QT Imaging Warrant, be canceled without any conversion of such QT Imaging Warrant and no payment or distribution will be made, and the holder of such QT Imaging Warrant will cease to have any rights, with respect to such QT Imaging Warrant.

The merger consideration will be issued to holders of QT Imaging Equity Securities in accordance with the terms of the Business Combination Agreement. In addition, pursuant to the terms of the Business Combination Agreement, shares of Combined Company Common Stock will be issued to such other parties entitled pursuant to agreements with QT Imaging to receive shares of the Combined Company Common Stock as partial payment for compensation at the Closing. The portion of the merger consideration issuable to any person by virtue of the Merger will be calculated on an aggregate basis with respect to all shares of capital stock of QT Imaging held of record by such person immediately prior to the Effective Time, and after such aggregation, any fractional share of GigCapital5 Common Stock that would otherwise be issuable to such person following such aggregation will be rounded up to a whole share of GigCapital5 Common Stock.

Q: WHEN DO YOU EXPECT THE PROPOSED BUSINESS COMBINATION TO BE COMPLETED?

A: It is currently anticipated that the proposed Business Combination will be consummated promptly following the Stockholders' Meeting, which is set for [●], 2023; however, such meeting could be adjourned, as described herein. Neither GigCapital5 nor QT Imaging can assure you of when or if the proposed Business Combination will be completed and it is possible that factors outside of the control of both companies could result in the proposed Business Combination being completed at a different time or not at all. GigCapital5 must first obtain the approval of its stockholders for certain of the proposals set forth in this proxy statement/prospectus for their approval, QT Imaging must first obtain the written consent of its stockholders for the Merger, and GigCapital5 and QT Imaging must also first obtain certain necessary regulatory approvals and satisfy other closing conditions set forth in the Business Combination Agreement. See "*The Business Combination Agreement-Conditions to the Business Combination*"

Q: WHAT HAPPENS IF THE PROPOSED BUSINESS COMBINATION IS NOT COMPLETED?

A: If the proposed Business Combination is not completed, QT Imaging stockholders will not receive any consideration for their shares of QT Imaging Common Stock and the issued and outstanding QT Imaging Warrants will not be exercised on a cashless basis or assumed in accordance with their terms. Instead, QT Imaging will remain an independent company. GigCapital5 would search for another target business with which to complete a business combination. In addition, the secured bridge loan obtained by QT Imaging in November 2023, including from an affiliate of Dr. Avi S. Katz and Dr. Raluca Dinu, will be in default and the holders of the notes issued by QT Imaging can exercise all of their rights and remedies under the notes or applicable law, including to foreclose upon their security interest. Further, the Existing Charter provides that GigCapital5 must complete its initial business combination by the Extended Date (unless such date is subsequently extended by the stockholders of GigCapital5). If the proposed Business Combination is not completed, GigCapital5 may not be able to find a suitable target business and complete the initial business combination within such time period. If GigCapital5 has not completed the initial business combination within such time period, it will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to GigCapital5 to pay its taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining GigCapital5 stockholders and board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) above to GigCapital5's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. In such case, the Public Stockholders may only receive \$[●] per Public Share. Furthermore, the Sponsor has no Redemption Rights with respect to its Founder Shares in the event a business combination is not effected in the Completion Window, and, accordingly, its Founder Shares will be worthless. Additionally, in the event of a liquidation of GigCapital5, there will be no distribution with respect to GigCapital5's outstanding Warrants. Accordingly, the Warrants will expire worthless. In certain circumstances, the Public Stockholders may receive less than \$[●] per share on the redemption of their Public Shares. See "*The Business Combination Agreement-Termination*" and "*Risk Factors*."

Q: HOW WILL GIGCAPITAL5 BE MANAGED AND GOVERNED FOLLOWING THE PROPOSED BUSINESS COMBINATION?

A: GigCapital5 does not currently have any management-level executives other than, Dr. Raluca Dinu, our President, Chief Executive Officer, and Secretary, Dr. Avi S. Katz, the Executive Chairman, and Brad Weightman, our Chief Financial Officer and Treasurer. Following the Closing, the Combined Company's

executive officers may include certain members of the current management team of QT Imaging. See “*Management of the Combined Company Following the Business Combination*” for more information.

GigCapital5 is, and after the Closing will continue to be, managed by its board of directors. Following the closing, the size of our board of directors will increase to seven directors and will consist of Dr. Avi S. Katz, as the Chairman of the Board, Dr. Raluca Dinu, Ross Taylor, Professor Zeev Weiner, Dr. John Klock, Dan Dickson and Gerald McMorrow. Following the Closing, we expect that a majority of the directors will be independent under applicable Nasdaq listing rules. Other than Dr. Katz and Dr. Dinu, there are no existing officers or directors of GigCapital5 who are expected to hold any post-combination employment or directorships with, or receive any benefits from, the Combined Company, and there have been no discussions of anyone doing so. See “*Management of the Combined Company Following the Business Combination*”

Q: WILL GIGCAPITAL5 OBTAIN NEW FINANCING IN CONNECTION WITH THE PROPOSED BUSINESS COMBINATION?

A: GigCapital5 has arranged for the Yorkville Financing at the Closing by entering into the SEPA with Yorkville, pursuant to which Yorkville will open an equity credit line for the Combined Company in the aggregate principal amount of up to \$50,000,000, of which \$10,000,000 will be available to the Combined Company in the form of a pre-paid advance to be made at the Closing as evidenced by the Yorkville Note. The availability period of the equity line of credit is for 36 months after the completion of the Business Combination.

In addition, in November 2023, QT Imaging needed to obtain bridge financing to fund its operations prior to the completion of the Business Combination. QT Imaging entered into various subscription agreements with a number of parties, and issued secured promissory notes to those parties, which included both an affiliate of Dr. Avi S. Katz and Dr. Raluca Dinu and Meteora. Each promissory note was for \$200,000, and at the option of the holder, (a) can be repaid at the Closing of the Business Combination by the Combined Company in cash in the amount of \$240,000, or (b) is convertible immediately prior to the Closing of the Business Combination into such number of shares of QT Imaging Common Stock that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal to 100,000 shares of Combined Company Common Stock. It is possible that a portion of the proceeds of the bridge financing may remain at the Closing of the Business Combination.

Furthermore, QT Imaging, together with GigCapital5 and the Stock Subscription Investors, which are certain of the parties that purchased secured promissory notes from QT Imaging, also in November 2023 entered into the Stock Subscription Agreements, pursuant to which the Stock Subscription Investors have subscribed for the purchase of shares of QT Imaging Common Stock in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock. The aggregate gross proceeds under the Stock Subscription Agreements to QT Imaging will be \$3,000,000 (although this amount could be increased by additional subscriptions), and this constitutes the Stock Subscription Financing. All of the proceeds of the Stock Subscription Financing are expected to be available to the Combined Company at the Closing of the Business Combination to satisfy its obligations and as a source of working capital. In addition, each of the Stock Subscription Investors has separately entered into with GigCapital5 the November 2023 Non-Redemption Agreements pursuant to which each such Stock Subscription Investor has agreed to not redeem up to 400,000 shares of GigCapital5 Common Stock in exchange for a cash payment by GigCapital5 with cash from its Trust Account in a per share amount equal to the per share pro rata portion of the amount then in the Trust Account less \$2.50 per share. For each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem

pursuant to the terms of a November 2023 Non-Redemption Agreement, the obligation of such Stock Subscription Investor to purchase shares of QT Imaging Common Stock pursuant to the Stock Subscription Agreements be correspondingly reduced in an equal amount with respect to the number of shares of Combined Company Common Stock that would be received upon the exchange that occurs at the closing of the Business Combination. Furthermore, for each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the aggregate number of shares of Combined Company Common Stock issued as consideration to the securities holders of QT Imaging in the Business Combination shall also be correspondingly reduced.

Q: WHAT EQUITY STAKE WILL CURRENT GIGCAPITAL5 PUBLIC STOCKHOLDERS, THE SPONSOR AND FORMER QT IMAGING EQUITYHOLDERS HOLD IN GIGCAPITAL5 FOLLOWING THE CLOSING?

A: The total number of shares of the Combined Company Common Stock outstanding at the Closing (and your relative ownership levels) will be affected by the number of shares of GigCapital5 Common Stock that are redeemed in connection with the Business Combination, and the number of GigCapital5 Warrants that are exercised.

The table below shows the relative ownership levels of holders of Combined Company Common Stock following the proposed Business Combination under varying redemption scenarios (after giving effect to the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption).

In an effort to illustrate the extent of such dilution, the table below assumes (i) the exercise of all 23,000,000 Warrants and 795,000 warrants that are part of the Private Placement Units, (ii) the exercise of the Assumed Warrants, (iii) the issuance of all 9,000,000 Merger Consideration Earnout Shares to former holders of QT Equity Securities, (iv) the conversion of the Working Capital Note into the shares of Combined Company Common Stock, and (v) the full issuance and exercise of shares under the Equity Incentive Plan that would be issuable upon the Closing.

Furthermore, assuming no further redemptions (after giving effect to the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption), the pro forma amount of cash per share of GigCapital5 Common Stock, which we calculate as the amount of available cash divided by (a) the number of shares of GigCapital5 Common Stock outstanding immediately prior to the Closing less (b) any Public Shares for which Redemption Rights have been exercised (but without giving effect to the exercise of any warrants), is \$[●] per share. Assuming maximum redemptions, the pro forma amount of cash per share of GigCapital5 Common Stock would be \$[●] per share.

In addition, the Stock Subscription Agreements entered into in November 2023 by QT Imaging, GigCapital5 and the Stock Subscription Investors for the subscription for the purchase of shares of QT Imaging Common Stock in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock, with an aggregate purchase price of \$3,000,000, imply a value for a share of Combined Company Common Stock at \$2.50 per share. The Stock Subscription Investors have been led by Meteora, which has an economic interest in the

Sponsor. The shares that the Stock Subscription Investors will receive in the Combined Company are included in the amount for the former holders of QT Equity Securities in the above tables.

Q: WHAT UNDERWRITING FEES ARE PAYABLE IN CONNECTION WITH THE PROPOSED BUSINESS COMBINATION?

A: Pursuant to that certain Underwriting Agreement, dated September 23, 2021, by and between GigCapital5 and the Representatives, GigCapital5 paid an upfront underwriting discount of \$4.6 million to the Representatives. In addition, pursuant to the underwriting agreement, the Representatives were entitled to deferred underwriting fees in the amount of \$9.2 million upon the consummation of a business combination. Of this amount, Wells Fargo was entitled to \$6,440,000 in deferred underwriting fees, and William Blair the other \$2,760,000. On March 20, 2023, Wells Fargo formally waived in writing any entitlement to the deferred discount in respect of the proposed Business Combination. The following table illustrates the effective underwriting fees on a percentage basis for Public Shares using Trust Account proceeds as of September 30, 2023 at each redemption level identified below, taking into account that the upfront discount will not be adjusted based on redemptions and the waiver of the deferred underwriting fee by Wells Fargo:

	Scenario 1 (Assuming No Redemptions into Cash)	Scenario 2 (Assuming 50% Redemptions into Cash)	Scenario 3 (Assuming 75% Redemptions into Cash)	Scenario 4 (Assuming Maximum Redemptions into Cash)

See “Risk Factors — One of the Representatives, Wells Fargo, without any consideration from GigCapital5 or QT Imaging, waived its entitlement to deferred underwriting fees and disclaimed any responsibility for the proposed Business Combination, but would be entitled to such compensation in connection with an alternative business combination, should the proposed Business Combination be terminated, and remains entitled to customary indemnification and contribution obligations of GigCapital5 in connection with the Business Combination” for additional information.

If the Business Combination Proposal is not approved, the other proposals, except the Adjournment Proposal, will not be presented to stockholders for a vote.

Q: I AM A GIGCAPITAL5 WARRANT HOLDER. WHY AM I RECEIVING THIS PROXY STATEMENT/ PROSPECTUS?

A: Upon consummation of the Merger, the GigCapital5 Warrants will, by their terms, entitle the holders to purchase shares of the Combined Company Common Stock at a purchase price of \$11.50 per share. This proxy statement/prospectus includes important information about QT Imaging, the business of QT Imaging and its subsidiary, and the business of the Combined Company following consummation of the Merger. Q: WHO IS QT IMAGING?

A: QT Imaging is a medical device company engaged in the research, development and commercialization of innovative body imaging systems using low energy sound. QT Imaging believes that medical imaging is critical to the detection, diagnosis, monitoring and treatment of diseases, cysts, tumors, obstructions and infections, which QT Imaging believes should be made safe, affordable and accessible. The goal of QT Imaging is to improve global health outcomes by leveraging imaging device technologies to tackle critical healthcare challenges with accuracy and precision, without exposure to ionizing radiation.

Q: WHY IS GIGCAPITAL5 PROPOSING THE PROPOSED BUSINESS COMBINATION?

A: GigCapital5 was organized to effect a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, or similar business combination with one or more businesses or entities. On September 28, 2021, GigCapital5 completed its initial public offering of GigCapital5 units, raising total gross proceeds of \$230,000,000. On the same date, GigCapital5 also completed sales of Private Placement Units to the Sponsor, raising total gross proceeds of \$7,950,000. Upon completion of the GigCapital5 IPO and the concurrent private placement, a total of \$230 million was placed in the Trust Account. Since the GigCapital5 IPO, GigCapital5's activity has been limited to the evaluation of business combination candidates. Following the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption, a total of approximately \$22.9 million remains of the \$230 million initially placed in the Trust Account following the GigCapital5 IPO, with a portion of interest earned on the Trust Account having been used to pay taxes incurred by GigCapital5, and a pro rata portion of the Trust Account in the amount of \$10.12 per share having been used to satisfy the redeeming Public Stockholders in the September 2022 Partial Redemption, and an additional pro rata portion of the Trust Account in the amount of \$10.50 per share having been used to satisfy the redeeming Public Stockholders in the March

2023 Partial Redemption, and an additional pro rata portion of the Trust Account in the amount of \$10.87 per share having been used to satisfy the redeeming Public Stockholders in the September 2023 Partial Redemption.

Based on its due diligence investigations of QT Imaging and the industry in which it operates, including the financial and other information provided by QT Imaging in the course of their negotiations in connection with the Business Combination Agreement, GigCapital5 believes that consummating the Merger is advisable and in the best interests of GigCapital5 and its stockholders. See “*Meeting of GigCapital5’s Stockholders-Recommendation of GigCapital5 Board of Directors*” and “*Background of the Business Combination-The GigCapital5 Board’s Reasons for Approval of the Business Combination.*”

Q: DID THE GIGCAPITAL5 BOARD OBTAIN A THIRD-PARTY VALUATION OR FAIRNESS OPINION IN DETERMINING WHETHER OR NOT TO PROCEED WITH THE PROPOSED BUSINESS COMBINATION?

A: The GigCapital5 Board did not obtain a third-party valuation or fairness opinion in connection with their determination to approve the Merger. The directors and officers of GigCapital5 and GigCapital5’s advisors have substantial experience in evaluating the operating and financial merits of companies from a wide range of industries and concluded that their experience and backgrounds, together with the experience and sector expertise of GigCapital5’s financial advisors and consultants, enabled them to make the necessary analyses and determinations regarding the Merger. In addition, GigCapital5’s directors and officers and GigCapital5’s advisors have substantial experience with mergers and acquisitions. Accordingly, investors will be relying solely on the judgment of the GigCapital5 Board and GigCapital5’s advisors in valuing QT Imaging’s business.

Q: WHY IS GIGCAPITAL5 PROVIDING STOCKHOLDERS WITH THE OPPORTUNITY TO VOTE ON THE PROPOSED BUSINESS COMBINATION?

A: We are seeking approval of the proposed Business Combination for purposes of complying with applicable Nasdaq listing rules requiring stockholder approval of issuances of more than 20% of a listed company’s issued and outstanding common stock. In addition, pursuant to the Existing Charter, we must provide all Public Stockholders with the opportunity to redeem all or a portion of their Public Shares upon the consummation of an initial business combination, either in conjunction with a tender offer or in conjunction with a stockholder vote to approve such initial business combination. If we submit the proposed initial business combination to the stockholders for their approval, our Existing Charter requires us to conduct a redemption offer in conjunction with the proxy solicitation (but not in conjunction with a tender offer) pursuant to the applicable SEC proxy solicitation rules.

Q: DO QT IMAGING’S STOCKHOLDERS NEED TO APPROVE THE PROPOSED BUSINESS COMBINATION?

A: Yes. Concurrently with the execution of the Business Combination Agreement, certain stockholders of QT Imaging who, in the aggregate, hold at least a majority of the outstanding shares of QT Imaging Common Stock, voting together as a single class (the “*Supporting QT Imaging Stockholders*”) entered into a stockholder support agreement (the “*Stockholder Support Agreement*”) with GigCapital5, pursuant to which such stockholders agreed to vote, at any meeting of the stockholders of QT Imaging called for the purpose of approving the Merger, and in connection with any action by written consent of the stockholders requested by QT Imaging for the purposes of approving the Merger, in favor of the approval and adoption of the Merger, the Business Combination Agreement and any other transactions contemplated thereby or under any other agreements executed and delivered in connection therewith.

Q: WHAT MATERIAL POSITIVE FACTORS DID THE GIGCAPITAL5 BOARD CONSIDER IN CONNECTION WITH THE PROPOSED BUSINESS COMBINATION?

A: The GigCapital5 Board considered a number of factors pertaining to the Business Combination. Among other things, the GigCapital5 Board considered that QT Imaging is well situated to act as a standalone public company and that QT Imaging has developed a broad-based, no radiation medical imaging solution which has received clearance from the Food and Drug Administration (the “*FDA*”) for an initial application and for which there is the opportunity for further value creation as a public company, as well as a public company comparables analysis of 10 comparable medical technology/device companies that became publicly traded companies between 2020 and 2022 with an FDA approved technology and less than \$25 million in revenue to assess the value that the public markets would likely ascribe to the Combined Company following the proposed Business Combination with GigCapital5. These factors are discussed in greater detail in the sections entitled “*Background of the Business Combination-The GigCapital5 Board’s Reasons for Approval of the Business Combination*” and “*Background of the Business Combination-Comparable Company Analysis*”

Q: WHAT MATERIAL NEGATIVE FACTORS DID THE GIGCAPITAL5 BOARD CONSIDER IN CONNECTION WITH THE BUSINESS COMBINATION?

A: The GigCapital5 Board considered a variety of uncertainties, risks and other potentially negative factors concerning the proposed Business Combination. Among other things, the GigCapital5 Board weighed (i) risk that GigCapital5’s Public Stockholders would vote against the Business Combination Proposal or exercise Redemption Rights, (ii) certain risks related to QT Imaging’s business including the risks that QT Imaging may not execute on its business plan, realize its projected financial performance or be able to raise additional, required funding, (iii) risk of litigation or regulatory action, (iv) challenges associated with QT Imaging being subject to the applicable disclosure and listing requirements of a publicly traded company, (v) risk associated with the minority position in QT Imaging that GigCapital5 stockholders would hold following the consummation of the proposed Business Combination, and (vi) the fees and expenses associated with completing the proposed Business Combination.

These factors are discussed in greater detail in the section entitled “*Background of the Business Combination—The GigCapital5 Board’s Reasons for the Approval of the Business Combination*” as well as in the section entitled “*Risk Factors—Risks Related to the Business Combination*”

Q: DO I HAVE REDEMPTION RIGHTS?

A: If you are a holder of Public Shares, you have the Redemption Rights, which are a right to demand that GigCapital5 redeem such shares for a pro rata portion of the cash held in the Trust Account, calculated as of two business days prior to the Closing (including interest earned on the funds held in the Trust Account and not previously released to GigCapital5 to pay taxes) upon the Closing.

Notwithstanding the foregoing, a holder of Public Shares, together with any affiliate of such holder or any other person with whom such holder is acting in concert or as a “group” (as defined in Section 13(d)(3) of the Exchange Act) will be restricted from seeking redemption with respect to more than 15% of the total then outstanding Public Shares without the consent of GigCapital5. Accordingly, all Public Shares in excess of 15% held by a Public Stockholder, together with any affiliate of such stockholder or any other person with whom such holder is acting in concert or as a “group,” will not be redeemed without the consent of GigCapital5.

Under GigCapital5’s Existing Charter, the Public Shares can only be redeemed if GigCapital5 has at least \$5,000,001 of net tangible assets remaining, including at the time either immediately prior to or upon the Closing.

The holders of the Warrants do not have Redemption Rights with respect to the Warrants. However, pursuant to and in accordance with the Warrant Agreement, GigCapital5 may redeem the Warrants following the Closing under certain circumstances. See “*Questions and Answers - How do the Public Warrants Differ from the Private Placement Warrants and What are the Related Risks for any Public Warrant Holders Post Business Combination?*”

Q: WILL MY VOTE AFFECT MY ABILITY TO EXERCISE REDEMPTION RIGHTS?

A: No. You may exercise your Redemption Rights whether you vote your Public Shares for or against, or whether you abstain from voting on, the Business Combination Proposal or any other Proposal described in this proxy statement/prospectus. As a result, the Business Combination Proposal can be approved by stockholders who will redeem their Public Shares and no longer remain stockholders and the Merger may be consummated even though the funds available from the Trust Account and the number of public stockholders are substantially reduced as a result of redemptions by Public Stockholders.

Q: HOW DO I EXERCISE MY REDEMPTION RIGHTS?

A: If you are a holder of Public Shares and wish to exercise your Redemption Rights, you must demand that GigCapital5 redeem your shares for cash no later than the second business day preceding the vote on the Business Combination Proposal by delivering your stock to GigCapital5’s transfer agent physically or electronically using Continental Stock Transfer & Trust Company’s DWAC (Deposit and Withdrawal at Custodian) system. Any holder of Public Shares will be entitled to demand that such holder’s shares be redeemed for a pro rata portion of the amount then in the Trust Account (which, for illustrative purposes, was approximately \$[●], or \$[●] per share, as of [●], 2023). Such amount, including interest earned on the funds held in the Trust Account and not previously released to GigCapital5 to pay its taxes, will be paid promptly upon consummation of the Merger. However, under Delaware law, the proceeds held in the Trust Account could be subject to claims that could take priority over those of Public Stockholders exercising Redemption Rights, regardless of whether such holders vote for or against the Business Combination Proposal. Therefore, the per-share distribution from the Trust Account in such a situation may be less than originally anticipated due to such claims. Your vote on any Proposal will have no impact on the amount you will receive upon exercise of your Redemption Rights.

Any request for redemption, once made by a holder of Public Shares, may be withdrawn at any time up to the time the vote is taken with respect to the Business Combination Proposal at the Stockholders’ Meeting. If you deliver your shares for redemption to GigCapital5’s transfer agent and later decide prior to the Stockholders’ Meeting not to elect redemption, you may request that GigCapital5’s transfer agent return the shares (physically or electronically). If a holder of Public Shares properly makes a request for redemption and the Public Shares are delivered as described to GigCapital5’s transfer agent as described herein, then, if the Merger is consummated, GigCapital5 will redeem these shares for a pro rata portion of funds deposited in the Trust Account. If you exercise your Redemption Rights, then you will be exchanging your Public Shares for cash and you will cease to have any rights as a GigCapital5 stockholder (other than the right to receive the redemption amount) upon consummation of the Merger.

A GigCapital5 stockholder holding both Public Shares and Warrants may elect to redeem its Public Shares but not its Warrants. However, with respect to such holder’s Warrants, it may either sell such Warrants at any time in the open markets, or choose to retain such Warrants, which, if the proposed Business Combination closes, will become warrants of the Combined Company. If redemption occurs at an assumed \$[●] per share in which all Public Shares are redeemed, such redeeming public stockholders will retain an aggregate of 23,000,000 detachable redeemable Warrants, which have an aggregate value of approximately \$[●] based on the closing price of our detachable redeemable Warrants on the OTC Markets Group Inc. (the “*OTC*”) of \$[●] on [●], 2023. See “*The Public Stockholders will experience immediate dilution as a consequence of the issuance of the Combined Company Common Stock as consideration in the Proposed Business Combination, and will experience additional dilution following the Closing as a result of the issuance of Combined Company Common Stock (i) under the Equity Incentive Plan, (ii) pursuant to the*

exercise of the Assumed Warrants or (iii) pursuant to the future exercise of Warrants or Private Placement Warrants. Having a minority share position may reduce the influence that our current stockholders have on the management of the Combined Company.” and “Warrants, Private Placement Warrants and Assumed Warrants will become exercisable for Combined Company Common Stock, which would increase the number of shares eligible for future resale in the public market and result in dilution to our stockholders” for a discussion of the risks presented with respect to the Warrants.

Q: WHAT ARE THE U.S. FEDERAL INCOME TAX CONSEQUENCES OF EXERCISING MY REDEMPTION RIGHTS?

A: It is expected that a U.S. Holder (as defined in “*Material U.S. Federal Income Tax Considerations*”) that exercises its Redemption Rights to receive cash from the Trust Account in exchange for its Public Shares will generally be treated as selling such Public Shares resulting in the recognition of capital gain or capital loss. There may be certain circumstances, however, in which the redemption may be treated as a distribution for U.S. federal income tax purposes depending on the amount of GigCapital5 Common Stock that such U.S. Holder owns or is deemed to own. For a more complete discussion of the material U.S. federal income tax considerations for holders of Public Shares with respect to the exercise of Redemption Rights, see “*Material U.S. Federal Income Tax Considerations—Material Tax Considerations with respect to a Redemption of Public Shares.*”

All holders considering exercising Redemption Rights are urged to consult their tax advisor on the tax consequences to them of an exercise of Redemption Rights, including the applicability and effect of U.S. federal, state, local and non-U.S. tax laws. This proxy statement/prospectus shall not serve as an information statement for the stockholders of QT Imaging for purposes of understanding the tax consequences of the proposed Business Combination for such stockholders. If such an information statement is to be sent to QT Imaging stockholders, QT Imaging will separately prepare such document.

Q: HOW DO THE PUBLIC WARRANTS DIFFER FROM THE PRIVATE PLACEMENT WARRANTS AND WHAT ARE THE RELATED RISKS FOR ANY PUBLIC WARRANT HOLDERS POST BUSINESS COMBINATION?

A: The Warrants are identical to the Private Placement Warrants in material terms and provisions, except that the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the Closing (except in limited circumstances) and will not be redeemable by GigCapital5 so long as they are held by the Sponsor or any of its permitted transferees. If the Private Placement Warrants are held by holders other than the Sponsor or any of its permitted transferees, they will be redeemable by GigCapital5 and exercisable by the holders on the same basis as the Warrants. The Sponsor agreed not to transfer, assign or sell any of the Private Placement Warrants, including the GigCapital5 Common Stock issuable upon exercise of such warrants (except to certain permitted transferees), until 30 days after the Closing.

Following the Closing, GigCapital5 may redeem your Warrants prior to their exercise at a time that is disadvantageous to you. GigCapital5 will have the ability to redeem outstanding Warrants at any time after they become exercisable and prior to their expiration, at a price of \$11.50 per Warrant, provided that the closing price of GigCapital5 Common Stock equals or exceeds \$18.00 per share (as adjusted for adjustments to the number of shares issuable upon exercise or the exercise price of a warrant) for any 20 trading days within a 30 trading day period ending on the third trading day prior to proper notice of such redemption, provided that certain other conditions are met. If and when the Warrants become redeemable by us, we may exercise the redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. As a result, GigCapital5 may redeem the Warrants as set forth above even if the holders are otherwise unable to exercise the warrants. Redemption of the outstanding Warrants could force you (i) to exercise your Warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) to sell your Warrants at the then-current market price when you might otherwise wish to hold your Warrants or (iii) to accept the nominal redemption price which, at

the time the outstanding Warrants are called for redemption, is likely to be substantially less than the market value of your Warrants. None of the Private Placement Warrants will be redeemable by GigCapital5 so long as they are held by the Sponsor or its permitted transferees.

Historical trading prices for GigCapital5 Common Stock have varied between a low of approximately \$9.80 per share on November 4, 2021 to a high of approximately \$[●] per share on [●], 2023 but have not approached the \$18.00 per share threshold for redemption (which, as described above, would be required for 20 trading days within a 30 trading-day period after they become exercisable and prior to their expiration, at which point the Warrants would become redeemable). In the event that GigCapital5 elects to redeem all of the redeemable Warrants as described above, GigCapital5 will fix a date for the redemption. Notice of redemption will be mailed by first class mail, postage prepaid, by us not less than 30 days prior to the redemption date to the registered holders of the Warrants to be redeemed at their last addresses as they appear on the registration books. Any notice mailed in the manner provided in the Warrant Agreement dated September 23, 2021, between GigCapital5 and Continental Stock Transfer & Trust Company, as warrant agent (the "**Warrant Agreement**") shall be conclusively presumed to have been duly given whether or not the registered holder received such notice. In addition, beneficial owners of the redeemable warrants will be notified of such redemption by our posting of the redemption notice to The Depository Trust Company.

Q: DO I HAVE APPRAISAL RIGHTS IF I OBJECT TO THE PROPOSED BUSINESS COMBINATION?

A: No. Neither GigCapital5 stockholders nor its unit or warrant holders have appraisal rights in connection with the proposed Business Combination under the DGCL. Under the DGCL, however, holders of QT Imaging Common Stock may be entitled to appraisal rights in connection with the Business Combination. See "*Meeting of GigCapital5 Stockholders- Appraisal Rights*."

Q: WHAT HAPPENS TO THE FUNDS DEPOSITED IN THE TRUST ACCOUNT AFTER CONSUMMATION OF THE PROPOSED BUSINESS COMBINATION?

A: After the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption, a total of approximately \$22.9 million remains of the \$230 million in net proceeds of the GigCapital5 IPO and a portion of the amount raised from the sale of the Private Placement Units that occurred simultaneously with the consummation of the GigCapital5 IPO and which were placed in the Trust Account following the GigCapital5 IPO. Such amount in the Trust Account has been accruing interest from which GigCapital5 is entitled to make withdrawals to make tax payments. In addition, in connection with the approval of the First Extension Amendment and the Second Extension Amendment, the Sponsor has agreed to contribute the Additional September 2022 Contributions and the Additional March 2023 Contributions, respectively, to the Trust Account. After consummation of the Merger, the funds in the Trust Account will be used to pay holders of the Public Shares who exercise Redemption Rights, to pay fees and expenses incurred in connection with the proposed Business Combination and for the Combined Company's working capital and general corporate purposes. In addition, for each November 2023 Non-Redemption Agreements pursuant to which a Stock Subscription Investor is a party, to the extent that such Stock Subscription Investor does not redeem up to 400,000 shares of GigCapital5 Common Stock, such Stock Subscription Investor will receive in exchange a cash payment by GigCapital5 with cash from the Trust Account in a per share amount equal to the per share pro rata portion of the amount then in the Trust Account less \$2.50 per share.

Q: HOW DOES THE SPONSOR INTEND TO VOTE ON THE PROPOSALS?

A: As of December 4, 2023, the Record Date, the Sponsor was entitled to vote an aggregate of 6,530,000 shares of GigCapital5 Common Stock, consisting of Founder Shares that were issued prior to the GigCapital5 IPO and shares that are included as a constituent part of the Private Placement Units that were issued simultaneously with the GigCapital5 IPO ("**GigCapital5 Voting Shares**"). Such shares currently constitute

approximately 75.4% of the outstanding shares of GigCapital5 Common Stock. Concurrently with the execution of the Business Combination Agreement, the Sponsor entered into the Sponsor Support Agreement with GigCapital5 and QT Imaging, pursuant to which the Sponsor agreed, at any meeting of GigCapital5 stockholders and in connection with any action by written consent of the stockholders of GigCapital5, to (i) appear or cause all shares or other voting securities of GigCapital5 it holds, owns, or is entitled to vote, whether as shares or as a constituent part of a unit of securities to be counted present for quorum purposes, (ii) vote (or execute an action by written consent) or cause to be voted (A) in favor of the Business Combination Agreement, the Merger, and any other transactions contemplated by the Business Combination Agreement, (B) against any action, agreement or transaction or proposal that would result in a breach of the Business Combination Agreement or that would reasonably be expected to result in a failure to consummate the Merger, (C) in favor of the proposals and any other matters necessary or reasonably requested by GigCapital5 for the consummation of the proposed Business Combination, (D) against any business combination proposal other than with QT Imaging and any other action that would reasonably be expected to materially impede, delay, or adversely affect the Business Combination or result in a breach of any obligation or agreement of the Sponsor contained in the Sponsor Support Agreement.

Q: WHAT CONSTITUTES A QUORUM AT THE STOCKHOLDERS' MEETING?

A: A quorum of GigCapital5 stockholders is necessary to hold a valid meeting. A quorum will be present at the Stockholders' Meeting if a majority of the voting power of all outstanding shares of GigCapital5 Common Stock entitled to vote at the Stockholders' Meeting as of the Record Date is represented in person (which would include presence at a virtual meeting) or by proxy. Abstentions and broker non-votes will be counted as present for the purpose of determining a quorum. The Sponsor, which currently owns approximately 75.4% of the issued and outstanding shares of GigCapital5 Common Stock, will count towards this quorum. As of December 4, 2023, the Record Date, 4,782,001 shares of GigCapital5 Common Stock would be required to achieve a quorum. Because the Sponsor holds in excess of this amount, a quorum can be achieved by the Sponsor voting its shares.

Q: WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL AT THE STOCKHOLDERS' MEETING?

A: *The Business Combination Proposal:* The affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, voting as a single class, is required to approve the Business Combination Proposal. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Business Combination Proposal, will have no effect on the Business Combination Proposal. GigCapital5 stockholders must approve the Business Combination Proposal in order for the Merger to occur.

The Board Classification Charter Proposal: The affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon, voting as a single class, is required to approve the Board Classification Charter Proposal. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Board Classification Charter Proposal, will have the same effect as a vote "AGAINST" such proposal. The Closing is conditioned on the approval of the Board Classification Charter Proposal, subject to the terms of the Business Combination Agreement. If the Business Combination Proposal is not approved, the Board Classification Charter Proposal will not be presented to the stockholders for a vote.

The Additional Charter Amendments in Connection with the Business Combination Proposal: The affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon, voting as a single class, is required to approve the Additional Charter

Amendments in Connection with the Business Combination Proposal. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Additional Charter Amendments in Connection with the Business Combination Proposal, will have the same effect as a vote "AGAINST" such proposal. The Closing is conditioned on the approval of the Additional Charter Amendments in Connection with the Business Combination Proposal, subject to the terms of the Business Combination Agreement. If the Business Combination Proposal is not approved, the Additional Charter Amendments in Connection with the Business Combination Proposal will not be presented to the stockholders for a vote.

The Director Election Proposal: The affirmative vote (in person or by proxy) of the holders of a plurality of the outstanding shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, is required to approve the Director Election Proposal. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Director Election Proposal, will have no effect on the election of directors. If the Business Combination Proposal is not approved, the Director Election Proposal will not be presented to the stockholders for a vote.

The Nasdaq Proposal: The affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, voting as a single class, is required to approve the Nasdaq Proposal. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Nasdaq Proposal, will have no effect on the Nasdaq Proposal. The Closing is conditioned on the approval of the Nasdaq Proposal, subject to the terms of the Business Combination Agreement. If the Business Combination Proposal is not approved, the Nasdaq Proposal will not be presented to the stockholders for a vote.

The Equity Incentive Plan Proposal: The affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, voting as a single class, is required to approve the Equity Incentive Plan Proposal. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Equity Incentive Plan Proposal, will have no effect on the Equity Incentive Plan Proposal. The Closing is conditioned on the approval of the Equity Incentive Plan Proposal, subject to the terms of the Business Combination Agreement. If the Business Combination Proposal is not approved, the Equity Incentive Plan Proposal will not be presented to the stockholders for a vote.

The Adjournment Proposal: The affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, voting as a single class, is required to approve the Adjournment Proposal. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Adjournment Proposal, will have no effect on the Adjournment Proposal. The Closing is not conditioned on the approval of the Adjournment Proposal.

As of December 4, 2023, the Record Date, the Sponsor was entitled to vote the GigCapital5 Voting Shares. Such shares currently constitute approximately 75.4% of the outstanding shares of GigCapital5 Common Stock. The Sponsor has agreed to vote all of its shares of GigCapital5 Common Stock, in favor of each of the Proposals presented at the Stockholders' Meeting, which is a sufficient amount to approve all of the Proposals. See "Other Agreements-Sponsor Support Agreement."

Q: DO ANY OF GIGCAPITAL5'S DIRECTORS OR OFFICERS HAVE INTERESTS IN THE PROPOSED BUSINESS COMBINATION THAT MAY DIFFER FROM OR BE IN ADDITION TO THE INTERESTS OF GIGCAPITAL5'S STOCKHOLDERS?

A: Neither the Sponsor nor any of GigCapital5's officers or directors has any equity interest in QT Imaging as of the date of this proxy statement/prospectus. However, an affiliate of Dr. Avi S. Katz and Dr. Raluca Dinu purchased from QT Imaging in November 2023 a secured promissory note with a principal amount of \$200,000. Such promissory note, at the option of the holder, (a) can be repaid at the Closing of the Business Combination by the Combined Company in cash in the amount of \$240,000, or (b) is convertible immediately prior to the Closing of the Business Combination into such number of shares of QT Imaging Common Stock that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal to 100,000 shares of Combined Company Common Stock. Furthermore, certain of GigCapital5's executive officers and certain non-employee directors may have business and financial interests in the Merger that may be different from, or in addition to, the interests of GigCapital5 stockholders generally.

These interests include, among other things:

- The fact that our Sponsor has agreed not to redeem any of the GigCapital5 Voting Shares in connection with a stockholder vote to approve the proposed Business Combination.
- If the proposed Business Combination with QT Imaging or another business combination is not consummated within the Completion Window, GigCapital5 will cease all operations except for the purpose of winding up, redeeming 100% of the outstanding Public Shares for cash and, subject to the approval of its remaining stockholders and the GigCapital5 Board, dissolving and liquidating. In such event, the 5,735,000 Founder Shares held by the Sponsor, which were acquired for an adjusted purchase price of approximately \$0.0043592 per share, would be worthless because holders of the Founder Shares are not entitled to participate in any redemption or distribution with respect to such shares. The Founder Shares had an aggregate market value of \$[●] based upon the closing price of \$[●] per share of GigCapital5 Common Stock on Nasdaq on [●], 2023. Dr. Avi S. Katz, the Executive Chairman of GigCapital5, is a member of the Sponsor, and therefore will have an economic interest in the Founder Shares held by the Sponsor.
- Given the differential in the purchase price that our Sponsor paid for the Founder Shares as compared to the price of the GigCapital5 units sold in the GigCapital5 IPO and the substantial number of shares of the Combined Company Common Stock that our Sponsor will receive upon conversion of the Founder Shares in connection with the proposed Business Combination, our Sponsor and its affiliates may earn a positive rate of return on their investment even if the Combined Company Common Stock trades below the price initially paid for the GigCapital5 units in the GigCapital5 IPO and the Public Stockholders experience a negative rate of return following the completion of the proposed Business Combination. Thus, our Sponsor and its affiliates may have more of an economic incentive for us to, rather than liquidate if we fail to complete our initial business combination by the Completion Window, enter into an initial business combination on potentially less favorable terms with a potentially less favorable, riskier, weaker-performing or financially unstable business, or an entity lacking an established record of revenues or earnings, than would be the case if such parties had paid the full offering price for their Founder Shares.
- The Sponsor purchased an aggregate of 795,000 Private Placement Units from GigCapital5 for an aggregate purchase price of \$7,950,000 (or \$10.00 per unit). This purchase took place on a private placement basis simultaneously with the consummation of the GigCapital5 IPO. A portion of the proceeds GigCapital5 received from this purchase were placed in the Trust Account. Such units had an aggregate market value of approximately \$[●] based upon the closing price of \$[●] per unit on the OTC on [●], 2023. This should be compared to the implied value of \$2.50 per share for a share of Combined

[Table of Contents](#)

Company Common Stock that is implied by the Stock Subscription Financing. The Private Placement Units will become worthless if GigCapital5 does not consummate a business combination within the Completion Window.

- Dr. Avi S. Katz and Dr. Raluca Dinu will become directors of the Combined Company after the Closing. As such, in the future they may receive any cash fees, Combined Company Options or stock awards that the Combined Company Board determines to pay to its directors.
- GigCapital5's directors and officers, and their affiliates are entitled to reimbursement of out-of-pocket expenses incurred by them in connection with certain activities on GigCapital5's behalf, such as identifying and investigating possible business targets and business combinations. In addition, GigCapital5 has outstanding payables to GigCapital5's directors and officers in connection with the activities of these individuals, and such amounts, to the extent that they remain outstanding at the time of a business combination, will be due at such time. If GigCapital5 fails to consummate a business combination within the Completion Window, they will not have any claim against the Trust Account for reimbursement. Accordingly, GigCapital5 may not be able to reimburse these expenses or pay such payables if the proposed Business Combination or another business combination is not consummated within the Completion Window. As of the date of this prospectus, there were no out-of-pocket expenses incurred by GigCapital5's directors, officers or their affiliates that have not otherwise been reimbursed from GigCapital5's working capital funds following the GigCapital5 IPO, but the amount of payables to GigCapital5's directors and officers totaled \$[●]. Additionally, GigManagement, LLC is entitled to \$30,000 per month for office space, utilities, administrative and support services provided to GigCapital5's management team, which commenced on September 28, 2021 and will continue through the earlier of consummation of the proposed Business Combination and GigCapital5's liquidation, and as of the date of this proxy statement/prospectus, \$[●] in such fees are due and have not been paid.
- In connection with the approval of the First Extension Amendment and the Second Extension Amendment, the Sponsor has agreed to contribute to GigCapital5 as a loan the Additional September 2022 Contributions and Additional March 2023 Contributions, respectively. The amount of the Additional September 2022 Contributions and Additional March 2023 Contributions will not bear interest and will be repayable by GigCapital5 to the Sponsor upon Closing.
- The Sponsor has made loans to GigCapital5 that are reflected in the Working Capital Notes (as defined below), which Working Capital Notes will be repayable by GigCapital5 upon Closing. The Working Capital Notes include amounts that have been used to pay for an extension of the existing directors' and officers' liability insurance policy of GigCapital5 and to a broker-dealer that provided services to GigCapital5 in connection with the Second Extension Amendment. The Sponsor, in its discretion, may in lieu of having the Working Capital Note repaid upon the Closing, instead convert the Working Capital Note into units of GigCapital5, at a price of \$10.00 per unit, upon the Closing, provided that the maximum amount that may be converted is no more than \$1,500,000.
- Article X of the Existing Charter provides for the limited waiver, to the extent allowed by law and subject to certain exceptions, of the doctrine of corporate opportunity with respect to GigCapital5 or any of its officers, directors or their respective affiliates. While this may result in a potential conflict of interest as between the fiduciary duties or contractual obligations of our officers or directors and the interests of GigCapital5 and its stockholders, it did not impact our search for an initial business combination target, including QT Imaging.
- The continued indemnification of current directors and officers and the continuation of directors' and officers' liability insurance.
- In the event of the liquidation of the Trust Account, the Sponsor has agreed to indemnify and hold harmless GigCapital5 against any and all losses, liabilities, claims, damages and expenses to which GigCapital5 may become subject as a result of any claim by (i) any third party for services rendered or products sold to GigCapital5 or (ii) a prospective target business with which GigCapital5 has entered into an acquisition agreement, provided that such indemnification of GigCapital5 by the Sponsor shall

apply only to the extent necessary to ensure that such claims by a third party for services rendered or products sold to GigCapital5 or a target do not reduce the amount of funds in the Trust Account to below (i) \$10.00 per share of GigCapital5 Common Stock or (ii) such lesser amount per share of GigCapital5 Common Stock held in the Trust Account due to reductions in the value of the trust assets as of the date of the liquidation of the Trust Account, in each case, net of the amount of interest earned on the property in the Trust Account, which may be withdrawn to pay taxes and expenses related to the administration of the Trust Account, except as to any claims by a third party (including a target) who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under GigCapital5's indemnity of the underwriters of the GigCapital5 IPO against certain liabilities, including liabilities under the Securities Act. If GigCapital5 consummates the proposed Business Combination, on the other hand, GigCapital5 will be liable for all such claims.

- The Sponsor has agreed not to transfer, assign, or sell the Founder Shares until the earlier of (A) six months after the date of the consummation of the proposed Business Combination, (B) the date after the consummation of the proposed Business Combination on which the closing price of the Combined Company Common Stock equals or exceeds \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after the proposed Business Combination, or (C) the date after the consummation of the proposed Business Combination that the Combined Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of the Combined Company's stockholders having the right to exchange their shares of the Combined Company Common Stock for cash, securities or other property.
- Subject to certain limited exceptions, the Private Placement Units (and their constituent securities) will not be transferable until 30 days following the completion of the proposed Business Combination.
- For a period of six years after the Closing Date, GigCapital5 shall defend, indemnify and hold harmless the Sponsor, its affiliates, and their respective present and former directors and officers against any costs or expenses, judgments, fines, losses, claims, damages or liabilities incurred in connection with any action by any stockholder of GigCapital5 who has not exercised Redemption Rights arising from Sponsor's ownership of equity securities of GigCapital5, or its control or ability to influence GigCapital5, and further arising out of or pertaining to the transactions, actions, and investments contemplated by the Business Combination Agreement or any Ancillary Agreements.
- On September 23, 2021, the Sponsor entered into a letter agreement with GigCapital5 and the underwriters of the GigCapital5 IPO, in order to induce GigCapital5 and the underwriters of the GigCapital5 IPO to enter into the underwriting agreement with respect to the GigCapital5 IPO, pursuant to which the Sponsor waived its redemptions rights with respect to its Founder Shares, and the shares and shares underlying any warrants included in the Private Placement Units held by it, in connection with the consummation of GigCapital5's initial business combination.
- On September 23, 2021, Mr. Weightman entered into a letter agreement with GigCapital5, pursuant to which GigCapital5 granted 5,000 shares of GigCapital5 Common Stock to Mr. Weightman in consideration of, among other things, Mr. Weightman providing future services as the Treasurer and Chief Financial Officer of GigCapital5 and waiving any right to redeem any shares of GigCapital5 Common Stock into funds held in the Trust Account upon the successful completion of an initial business combination of GigCapital5 (on the same date an affiliate of ICR entered into a substantially similar letter agreement with GigCapital5 with respect to 10,000 shares of GigCapital5 Common Stock granted to such affiliate of ICR in consideration of future services of ICR as an investor relations firm to GigCapital5).

There will be no finder's fees, reimbursements or cash payments made by GigCapital5 to the Sponsor or GigCapital5's officers or directors, or any of GigCapital5's or its officers' or directors' affiliates, for services rendered to GigCapital5 prior to or in connection with the completion of the Business Combination, other than payment of the amount described above for office space, utilities, administrative and support

services, and repayments of the Additional September 2022 Contributions and Additional March 2023 Contributions and any working capital loans made as a non-interest bearing note (the "*Working Capital Note*") by our Sponsor or affiliates of our Sponsor to fund working capital deficiencies or finance transaction costs in connection with an initial business combination, which Working Capital Note will be repayable by GigCapital5 upon Closing. GigCapital5 currently has \$[●] in a Working Capital Note. The Sponsor, in its discretion, may in lieu of having the Working Capital Note repaid upon the Closing, instead convert the Working Capital Note into units of GigCapital5, at a price of \$10.00 per unit, upon the Closing, provided that the maximum amount that may be converted is no more than \$1,500,000. The Sponsor and GigCapital5's officers and directors or any of their respective affiliates will also be reimbursed for any out-of-pocket expenses incurred in connection with GigCapital5's formation, the GigCapital5 IPO and activities on GigCapital5's behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf. As of the date of this prospectus, the Sponsor had not incurred any out-of-pocket expenses in connection with the proposed Business Combination that, as of such date, had not been reimbursed by GigCapital5 from GigCapital5's working capital funds following the GigCapital5 IPO.

As of the date of this proxy statement/prospectus, the aggregate dollar value of the GigCapital5 securities held (based upon a value of \$[●] per share of GigCapital5 Common Stock and \$[●] per Warrant), loans extended, fees due, and out-of-pocket expenses for which the Sponsor and its affiliates have at risk that depend on completion of GigCapital5's initial business combination is approximately \$[●].

The GigCapital5 Board was aware of and considered these interests to the extent such interests existed at the time, among other matters, in approving the Business Combination Agreement and in recommending that the proposed Business Combination be approved by the stockholders of GigCapital5.

Q: WHAT DO I NEED TO DO NOW?

- A: GigCapital5 urges you to carefully read and consider the information contained in this proxy statement/prospectus, including the annexes and the other documents referred to herein, and to consider how the Merger will affect you as a stockholder and/or warrant holder of GigCapital5. Stockholders should then vote as soon as possible in accordance with the instructions provided in this proxy statement/prospectus and on the enclosed proxy card.

Q: WHAT HAPPENS IF I SELL MY SHARES OF GIGCAPITAL5 COMMON STOCK BEFORE THE STOCKHOLDERS' MEETING?

- A: The Record Date for the Stockholders' Meeting is earlier than the date that the proposed Business Combination is expected to be completed. If you transfer your shares of GigCapital5 Common Stock after the Record Date, but before the Stockholders' Meeting, unless the transferee obtains from you a proxy to vote those shares, you will retain your right to vote at the Stockholders' Meeting. However, you will not be able to seek redemption of your shares of GigCapital5 Common Stock because you will no longer be able to tender them prior to the Stockholders' Meeting in accordance with the provisions described herein. If you transferred your shares of GigCapital5 Common Stock prior to the Record Date, you have no right to vote those shares at the Stockholders' Meeting or redeem those shares for a pro rata portion of the proceeds held in the Trust Account.

Q: HOW DO I VOTE?

- A: If you are a holder of record of GigCapital5 Common Stock on the Record Date, you may vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting or by submitting a proxy for the Stockholders' Meeting. You may submit your proxy by completing, signing, dating, and returning the enclosed proxy card in the accompanying pre-addressed postage paid envelope. If you hold your shares

in “street name,” which means your shares are held of record by a broker, bank or nominee, you should contact your broker to ensure that votes related to the shares you beneficially own are properly counted. In this regard, you must provide the broker, bank or nominee with instructions on how to vote your shares or, if you wish to attend the meeting and vote in person (which would include presence at a virtual meeting), obtain a proxy from your broker, bank or nominee.

Q: IF MY SHARES ARE HELD IN “STREET NAME” BY A BROKER, BANK OR OTHER NOMINEE, WILL MY BROKER, BANK OR OTHER NOMINEE VOTE MY SHARES FOR ME?

A: If your shares are held in “street name” in a stock brokerage account or by a broker, bank, or other nominee, you must provide the record holder of your shares with instructions on how to vote your shares. Please follow the voting instructions provided by your broker, bank, or other nominee. Please note that you may not vote shares held in “street name” by returning a proxy card directly to GigCapital5 or by voting in person (which would include presence at a virtual meeting) at the Stockholders’ Meeting unless you provide a “legal proxy,” which you must obtain from your broker, bank or other nominee.

Under the rules of NYSE, brokers who hold shares in “street name” for a beneficial owner of those shares typically have the authority to vote in their discretion on “routine” proposals when they have not received instructions from beneficial owners. However, brokers are not permitted to exercise their voting discretion with respect to the approval of matters that the NYSE determines to be “non-routine” without specific instructions from the beneficial owner. It is expected that all proposals to be voted on at the Stockholders’ Meeting are “non-routine” matters. Broker non-votes occur when a broker or nominee is not instructed by the beneficial owner of shares to vote on a particular proposal for which the broker does not have discretionary voting power. If you are a GigCapital5 stockholder holding your shares in “street name” and you do not instruct your broker, bank or other nominee on how to vote your shares, your broker, bank or other nominee will not vote your shares on the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, or the Adjournment Proposal. Such broker non-votes will be the equivalent of a vote “AGAINST” the Board Classification Charter Proposal and the Additional Charter Amendments in Connection with the Business Combination Proposal, but will have no effect on the vote count for such other Proposals.

Q: WHAT IF I ATTEND THE STOCKHOLDERS’ MEETING AND ABSTAIN OR DO NOT VOTE?

A: For purposes of the Stockholders’ Meeting, an abstention occurs when a stockholder attends the meeting in person (which would include presence at a virtual meeting) and does not vote or returns a proxy with an “abstain” vote.

If you are a GigCapital5 stockholder that attends the Stockholders’ Meeting virtually and fails to vote on the Board Classification Charter Proposal or the Additional Charter Amendments in Connection with the Business Combination Proposal, your failure to vote will have the same effect as a vote “AGAINST” such proposal.

If you are a GigCapital5 stockholder that attends the Stockholders’ Meeting virtually and fails to vote on the Business Combination Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, or the Adjournment Proposal, your failure to vote will have no effect on such Proposal.

Q: WHAT WILL HAPPEN IF I RETURN MY PROXY CARD WITHOUT INDICATING HOW TO VOTE?

A: If you sign and return your proxy card without indicating how to vote on any particular proposal, the GigCapital5 Common Stock represented by your proxy will be voted “FOR” each of the Proposals presented at the Stockholders’ Meeting.

Q: MAY I CHANGE MY VOTE AFTER I HAVE MAILED MY SIGNED PROXY CARD?

A: Yes. You may change your vote at any time before your proxy is exercised by doing any one of the following:

- sending another proxy card with a later date;
- notifying GigCapital5's Secretary in writing before the Stockholders' Meeting that you have revoked your proxy; or
- attending the Stockholders' Meeting and voting electronically by visiting <https://www.igc.com> and entering the control number found on your proxy card, instruction form or notice you previously received. Attendance at the Stockholders' Meeting will not, in and of itself, revoke a proxy.

If you are a stockholder of record of GigCapital5 and you choose to send a written notice or to mail a new proxy, you must submit your notice of revocation or your new proxy to GigCapital5, 1731 Embarcadero Rd., Suite 200, Palo Alto, CA 94303 and it must be received at any time before the vote is taken at the Stockholders' Meeting. Any proxy that you submitted may also be revoked by submitting a new proxy by mail, or online or by telephone, not later than 11:59 p.m. prevailing Eastern Time on [●], 2023, or by voting at the Stockholders' Meeting. Simply attending the Stockholders' Meeting will not revoke your proxy. If your shares are held in "street name" or are in a margin or similar account, you should contact your broker for information on how to change or revoke your voting instructions, and must follow the directions you receive from your broker, bank or other nominee in order to change or revoke your vote.

Q: WHAT HAPPENS IF I FAIL TO TAKE ANY ACTION WITH RESPECT TO THE STOCKHOLDERS' MEETING?

A: If you fail to take any action with respect to the Stockholders' Meeting and the Merger is approved by stockholders and consummated, you will become a stockholder or warrant holder, as applicable, of the Combined Company. Failure to take any action with respect to the Stockholders' Meeting will not affect your ability as a stockholder to exercise your Redemption Rights prior to the Stockholders' Meeting in accordance with the procedures set forth in this proxy statement/prospectus. If you fail to take any action with respect to the Stockholders' Meeting and the Merger is not approved, you will continue to be a stockholder and/or warrant holder of GigCapital5 while GigCapital5 searches for another target business with which to complete a business combination.

Q: WHAT SHOULD I DO IF I RECEIVE MORE THAN ONE SET OF VOTING MATERIALS?

A: Stockholders may receive more than one set of voting materials, including multiple copies of this proxy statement/prospectus and multiple proxy cards or voting instruction cards. For example, if you hold your shares of GigCapital5 Common Stock in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a holder of record and your shares of GigCapital5 Common Stock are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive in order to cast a vote with respect to all of your shares of GigCapital5 Common Stock.

Information About QT Imaging

A Novel Body Imaging Technology

QT Imaging is a medical device company founded in 2012 and engaged in the research, development, and commercialization of innovative body imaging systems using low energy sound. We believe that medical imaging is critical to the detection, diagnosis, and treatment of disease and that it should be safe, affordable and accessible. Our goal is to improve global health outcomes through the development and commercialization of imaging devices that address critical healthcare challenges with accuracy and precision.

The current QT Breast Scanner (as defined below) is a Class II device subject to premarket notification and clearance under Section 510(k) of the Federal Food, Drug, and Cosmetic Act, as amended (the “*FDA*”). On August 23, 2016, QT Imaging (formerly, QT Ultrasound LLC) submitted a Section 510(K) Summary of Safety and Effectiveness application for the QT Breast Scanner in accordance with 21 CFR 807.92 under 510(K) Number K162372. As part of meeting the general requirements for basic safety and essential performance of the QT Breast Scanner (formerly, QT Ultrasound Breast Scanner) pursuant to AAMI ES60601-1:2005/(R)2012 and A1:2012 Medical electrical equipment, testing was conducted by Intertek, an independent testing laboratory, located in Menlo Park, CA. Intertek also conducted applicable testing pursuant to IEC 60601-1-6 Edition 3.1 2013-10-Medical electrical equipment Part 1-6 General requirements for safety – Collateral Standard: Usability. In addition, QT Ultrasound conducted, and Intertek witnessed, all applicable testing pertaining to the requirements for the safety of ultrasonic medical diagnostic and monitoring equipment and to demonstrate compliance with the “Acoustic Output Measurement Standard for Diagnostic Ultrasound Equipment”. This test on acoustic output was pursuant to IEC 60601-2-37 Edition 2.0.2007 Medical electrical equipment – Part 2-37: Particular requirements for the basic safety and essential performance of ultrasonic medical diagnostic and monitoring equipment. Finally, system verification testing was conducted to ensure that the QT Breast Scanner met all design and other requirements including but not limited to that no new issues of safety or effectiveness compared to the predicate device, SoftVue System manufactured by Delphinus Medical Technologies, were raised.

On June 6, 2017, the FDA, in response to QT Imaging’s Section 510(K) Summary of Safety and Effectiveness premarket notification, determined that the QT Breast Scanner is substantially equivalent to the predicate device. Our use of the words “safe”, “safety”, “effectiveness”, and “efficacy” in relation to the QT Breast Scanner in this proxy statement/prospectus and all other QT Imaging related documents is limited to the context of the Section 510(K) Summary of Safety and Effectiveness that was reviewed and responded to by the FDA.

Current Products and Product Roadmap

Our QT Breast Scanner is a fixed, mechanical scanner used to evaluate the breast without the use of either ionizing radiation or compression associated with mammography, or the injections required for breast MRI. With the QT Breast Scanner, the patient lies comfortably on a table which contains an opening through which the breast is placed in a warm water bath and gently immobilized using a magnetic retention pad fixed to a magnetic rod.

Surrounding the warm water bath is a dual modality reflection and transmission ultrasound array that rotates 360 degrees around the breast to produce 3D images. The ultrasound array produces low energy, low frequency sound waves (non-radiation “pressure waves”) through the breast and reflecting from the breast, with both

collecting volumetric (3D) data. Reflection data is collected on the transducer facing side, and the transmission data is collected on the back side of the breast. The transmission data quantitatively measures the velocity of these pressure waves through the breast. This information can be used to generate a true 3D image of the breast and all its tissues. The QT Breast Scanner differs from the handheld ultrasound used in breast imaging in that it utilizes reflection and transmission data from low-frequency sound waves, providing a significant increase in diagnostic information using the speed of sound characteristics of the breast and acquiring in true 3D a very accurate rendering of the breast tissue. The QT Breast Scanner provides sub-millimeter, high-definition, image resolution enabling identification of normal and abnormal breast structures and the accurate depiction of the precise shape and location of findings. The technology uniquely quantifies breast density using transmission information to further personalize a patient's management recommendations. Surface-to-volume ratios and volumetric doubling time growth rate characteristics can be calculated to determine significance of lesions and improve specificity of the ultrasound.

The QT Breast Scanner creates true 3D images of the patient's breast viewable in the Quantitative Transmission Ultrasound Viewer (known as QTviewer®), a software product designed for healthcare professionals to view the transmission (speed of sound) and reflection images. This application can display correlated Digital Imaging and Communications in Medicine ("DICOM®") images in multiple orientations (coronal, sagittal, and axial). QTviewer can manipulate image views and analyze pixel data with various functions. The QTviewer has additional functionality which enables the user to measure mass size and volume as well as fibroglandular tissue volume.

The current version of the QT Breast Scanner is FDA-cleared "for use as an ultrasonic imaging system to provide reflection-mode and transmission-mode images of a patient's breast. The device is not intended to be used as a replacement for screening mammography."¹ The QT Breast Scanner has current applicability as a supplementary imaging device, not as a replacement for screening mammography; near-term applicability for determining breast density, measuring mass size and growth, and diagnosing lesions using artificial intelligence; and medium- to long-term applicability for breast screening.

Sales and Marketing

Since our inception, we have devoted substantially all our financial resources to acquiring and developing the base technology for our body imaging systems, conducting research and development activities, securing related intellectual property rights, and for general corporate operations and growth. Our first product, the QT Ultrasound Breast Scanner (which was later renamed "*QT Breast Scanner*"), received FDA's 510(k) market clearance in June 2017.

We have incurred significant operating losses since our inception. Our ability to achieve profitability depends on the successful development and commercialization of our technology, products and services. We incurred a net loss of \$6,256,068 for the year ended December 31, 2022. As of December 31, 2022, we had an accumulated deficit of \$11,671,194. We expect to continue to incur significant expenses as we seek expanded FDA clearance of the QT Breast Scanner as an alternative to screening mammography and incur commercialization expenses related to our product manufacturing, marketing, sales and distribution efforts. In addition, we expect to continue incurring significant expenses associated with the research, development and testing of our product candidates for orthopedic and pediatric imaging using our proposed QT Orthopedic Scanner and our proposed QT Infant Scanner. Additional capital will be required to undertake these activities and commercialization efforts. We intend to raise the required

capital through the proposed Merger, issuance of additional equity, borrowings and potentially strategic alliances with other companies. For additional information, see *“QT Imaging’s Management’s Discussion and Analysis of Financial Condition and Results of Operations.”*

We expect sales to hospitals, academic medical centers, cancer centers, and imaging centers to be our primary business model. We believe that effectively engaging market interest in our QT Breast Scanner device will require deploying a large number of, at least, 70 devices on commercially reasonable terms. The QT Breast Scanner is currently deployed in a limited number of cancer and other health centers, and is undergoing field testing and broad acceptance is uncertain. As a result, the success of our business plan is highly dependent on acceptance of our products, and on our ability to develop, manufacture and commercialize the technology and related products and services and our failure to do so could cause our business to fail. Successful commercialization of medical imaging devices is a complex and uncertain process, dependent on the efforts of management, manufacturers, local operators, integrators, medical professionals, third-party payors, as well as general economic conditions, among other factors. For additional information, including the risks we face, see *“Risk Factors”* including, among others, *“— We are highly dependent on the successful deployment, marketing and sale of our breast imaging device and on other products and product candidates which are still in the development stage.”*

The process of manufacturing and deploying the QT Breast Scanner is a complex, multi-step process that depends on factors outside our control, and could cause us to expend significant time and resources prior to earning associated revenues. The manufacturing cost of the QT Breast Scanner may be higher than we expect, may increase significantly, or may increase at a higher rate than anticipated, and we may not be able to set or timely adjust our pricing to compensate for any increased costs. The manufacturing of the QT Breast Scanner may take longer than we expected, and we may have insufficient manufacturing capacity and experience delays in manufacturing and deployment, which would have a negative impact on the timing of our revenues. For additional information, including the risks we face, see *“Risk Factors”* including, among others, *“— The success of our business model is subject to numerous risks and uncertainties.”*

The QT Breast Scanner is, and we expect will continue to be, cleared by the requisite regulatory authorities for specific indications. We intend to continue meeting all the requirements to maintain our Section 510(K) Summary of Safety and Effectiveness status as determined by the FDA since June 2017. We expect to train our marketing personnel and direct sales force to promote the safe and effective use of our devices and not to promote our devices for uses outside of the FDA-approved indications for use, known as “off-label uses.” We cannot, however, prevent a physician from using our devices off-label, when in the physician’s independent professional medical judgment, he or she deems it appropriate. QT Imaging has not had a dedicated sales team since December 2019. We intend to build-up our sales and marketing organization using some of the proceeds we receive as a result of the proposed Business Combination. We will have to compete with established and well-funded medical device companies, and companies in the healthcare sector to recruit, hire, train and retain sales and marketing personnel and the supporting infrastructure. Our ability to generate and grow revenue in the future will depend on our ability to successfully penetrate our target markets and increase sales of our products which will, in turn, depend in part on our success in growing our customer base and obtaining reorders from those customers. Our ability to become profitable and sustain profitability is highly dependent on our ability to sustain revenue growth and to successfully manage our costs. For additional information, see *“Risk Factors”* including, among others, *“— We may be unable to sustain revenue growth or profitability.”*

We generate revenue from the sale of our products including the QT Breast Scanner, accessories and related services, which are primarily training and maintenance. For additional information, see *“QT Imaging Management’s Discussion and Analysis of Financial Condition and Results of Operations — Revenue.”*

Liquidity and Management's Plan

Based on QT Imaging's recurring losses and expectations to incur significant expenses and negative cash flows for the foreseeable future, QT Imaging's independent registered public accounting firm has included an explanatory paragraph in its report on QT Imaging's consolidated financial statements as of December 31, 2022 and 2021 and for each of the two years in the period ended December 31, 2022 expressing substantial doubt about QT Imaging's ability to continue as a going concern. If the proposed Business Combination is not completed, QT Imaging will require significant additional funding to continue its operations. If QT Imaging is unable to continue as a going concern, it may be forced to liquidate its assets and the values it receives for its assets in liquidation or dissolution could be significantly lower than the values reflected in its consolidated financial statements. For additional information, see "Risk Factors — QT Imaging's independent registered public accounting firm has expressed doubt about its ability to continue as a going concern" and "QT Imaging Management's Discussion and Analysis of Financial Condition and Results of Operations — Liquidity and Capital Resources."

The Proposed Business Combination and the Business Combination Agreement

The terms and conditions of the proposed Business Combination are contained in the Business Combination Agreement, which is attached as Annex A to this proxy statement/prospectus. We encourage you to read the Business Combination Agreement carefully, as it is the legal document that governs the proposed Business Combination.

If the Business Combination Agreement is approved and adopted and the proposed Business Combination is subsequently completed, Merger Sub will merge with and into QT Imaging with QT Imaging surviving the Merger as a wholly owned subsidiary of GigCapital5. At the Closing, GigCapital5 will be renamed as QT Imaging Holdings, Inc. and continue as the surviving public company.

Merger Consideration

Subject to the terms of the Business Combination Agreement, at the Effective Time, each issued and outstanding share of QT Imaging Common Stock (including shares issued upon the exercise or conversion of QT Imaging Options, QT Imaging Warrants and QT Imaging Convertible Notes but excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury and dissenting shares) will be automatically cancelled and converted into (A) the right to receive a number of shares of GigCapital5 Common Stock equal to the Exchange Ratio of the quotient of (i) the Aggregate Closing Merger Consideration divided by (ii) the QT Imaging Fully Diluted Capital Stock and (B) the contingent right to receive a portion of additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if certain requirements are achieved in accordance with the terms of the Business Combination Agreement, if, as and when payable. The Aggregate Closing Merger Consideration is computed as a number of shares of GigCapital5 Common Stock equal to the difference of: (a) the quotient of (i) the Aggregate Closing Merger Consideration Value, divided by (ii) \$10.00; minus (b) the Aggregate Excess QT Imaging Transaction Expenses Shares; minus (c) the number of shares of GigCapital5 Common Stock that are not redeemed pursuant to the terms of the November 2023 Non-Redemption Agreements. The Aggregate Closing Merger Consideration Value is computed as (a) the sum of (i) \$151,000,000, plus (ii) the sum of the exercise prices of all In-the-Money Company Warrants, plus (iii) the QT Imaging Closing Cash, plus (iv) the Paid QT Imaging Transaction Expenses, minus (b) the debt of QT Imaging as of immediately prior to the Effective Time after conversion of any Converting Notes, which debt of QT Imaging will not exceed \$4,800,000 (exclusive of the New QT Imaging Note).

In addition, at the Effective Time:

- QT Imaging will in a manner acceptable to GigCapital5 take such actions as are necessary to terminate each QT Imaging Option that is outstanding immediately prior to the Effective Time, whether vested or unvested, including by payment or in accordance with the terms of the QT Imaging Option Plan, and the QT Imaging Options will be terminated without any conversion of such QT Imaging Options and no payment or distribution will be made, and the holder of any QT Imaging Options will cease to have any rights, with respect to such QT Imaging Options; and
- each outstanding In-the-Money Company Warrant that is not exercised and exchanged prior to the Effective Time will automatically, without any action on the part of the holder of an In-the-Money Company Warrant, in accordance with the provisions of an In-the-Money Company Warrant (for the avoidance of doubt, as may be amended following the date of the Business Combination Agreement with the written approval of GigCapital5), be converted into a warrant to acquire a number of shares of GigCapital5 Common Stock at an adjusted exercise price per share. Such Assumed Warrants will be subject to the same terms and conditions as were applicable to such corresponding In-the-Money Company Warrants immediately prior to the Effective Time (including applicable vesting conditions), except to the extent such terms or conditions are rendered inoperative by the proposed Business Combination. Accordingly, effective as of the Effective Time: (A) each such Assumed Warrant will be exercisable solely for shares of GigCapital5 Common Stock; (B) the number of shares of GigCapital5 Common Stock subject to each Assumed Warrant will be determined by multiplying the number of shares of QT Imaging Common Stock subject to such In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting number down to the nearest whole number of shares of GigCapital5 Common Stock; (C) the per share exercise price for the GigCapital5 Common Stock issuable upon exercise of each Assumed Warrant will be determined by dividing the per share exercise price for the shares of QT Imaging Common Stock subject to the In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting exercise price up to the nearest whole cent; and (D) the holder of each In-the-Money Company Warrant outstanding as of immediately prior to the Effective Time will be entitled to the contingent right to receive a portion of the Merger Consideration Earnout Shares, if, as and when payable. Effective as of the Effective Time, each QT Imaging Warrant (other than any In-the-Money Company Warrant) that is outstanding immediately prior to the Effective Time, whether vested or unvested, will, in accordance with the provisions of such QT Imaging Warrant, be canceled without any conversion of such QT Imaging Warrant and no payment or distribution will be made, and the holder of such QT Imaging Warrant will cease to have any rights, with respect to such QT Imaging Warrant.

The merger consideration will be issued to holders of QT Imaging Equity Securities at the Closing in accordance with the Business Combination Agreement. In addition, pursuant to the terms of the Business Combination Agreement, shares of Combined Company Common Stock will be issued to such other parties entitled pursuant to agreements with QT Imaging to receive shares of the Combined Company Common Stock as partial payment for compensation at the Closing. The portion of the merger consideration issuable to any person by virtue of the Merger will be calculated on an aggregate basis with respect to all shares of capital stock of QT Imaging held of record by such person immediately prior to the Effective Time, and after such aggregation, any fractional share of GigCapital5 Common Stock that would otherwise be issuable to such person following such aggregation will be rounded up to a whole share of GigCapital5 Common Stock.

The total number of shares of GigCapital5 Common Stock expected to be issued to holders of QT Imaging Common Stock in connection with the Closing (after giving effect to the net exercise or conversion of QT Imaging Warrants and the Converting Notes) and as the Aggregate Excess QT Imaging Transaction Shares in the aggregate is 14,764,550 shares, which will represent approximately 63% of the total number of shares of the Combined Company Common Stock outstanding immediately following consummation of the Business Combination (assuming no additional redemptions, other than the September 2022 Partial Redemption, the

March 2023 Partial Redemption and the September 2023 Redemptions, by Public Stockholders and no exercises of GigCapital5 warrants).

The Earnout

After the Closing, the holders of the QT Imaging Equity Securities as of immediately prior to the Effective Time will have the contingent right to receive additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if certain requirements (the “**Triggering Events**”) are achieved. At the Closing and immediately prior to the Effective Time, GigCapital5 will deposit, or will cause to be deposited, with a bank or trust company that will be designated by GigCapital5 and is reasonably satisfactory to QT Imaging (the “**Exchange Agent**”), among other shares, the sum of 9,000,000 shares of GigCapital5 Common Stock, as such shares may be adjusted for any stock split, reverse stock split, recapitalization, reclassification, reorganization, exchange, subdivision or combination, as a pool of shares that can constitute the “**Merger Consideration Earnout Shares**.” The Merger Consideration Earnout Shares will be allocated among the holders of the QT Imaging Equity Securities as described below.

Promptly upon the occurrence of any Triggering Event, or as soon as practicable after the Combined Company becomes aware of the occurrence of such Triggering Event or receives written notice of such Triggering Event, the Combined Company will prepare and deliver, or cause to be prepared and delivered, a written notice to the Exchange Agent (a “**Release Notice**”), which Release Notice will set forth in reasonable detail the Triggering Event giving rise to the requested release and the specific release instructions with respect to the requested release (including the number of Merger Consideration Earnout Shares to be released from the fund of shares deposited with the Exchange Agent (the “**Exchange Fund**”) and the identity of the person to whom they should be released). The Merger Consideration Earnout Shares that are to be released from the Exchange Fund and distributed to the holders of the QT Imaging Equity Securities will be distributed to such holders in accordance with their respective Pro Rata Shares (as defined below). The Merger Consideration Earnout Shares will be released and delivered as follows (each of (i), (ii) and (iii) below, a Triggering Event):

(i) promptly following the date on which the Combined Company files its quarterly report on Form 10-Q with respect to its fiscal quarter ended September 30, 2024 with the SEC, an aggregate of 2,500,000 Merger Consideration Earnout Shares (the “**2024 Earnout Shares**”) will be released from the Exchange Fund and distributed to the Company Equity Securityholders in accordance with their respective Pro Rata Shares if, and only if, on or prior to such filing date, the Company has obtained a formal FDA clearance for breast cancer screening with respect to its breast scanning systems, which remains in full force and effect as of such filing date; provided, that the 2024 Earnout Shares shall increase by 500,000 (to an aggregate of 3,000,000) Merger Consideration Earnout Shares if, in addition, during the fifteen months ended September 30, 2024, the Company either (A) makes at least eight bona fide placements of its breast scanning systems globally or (B) has revenue of at least \$4,400,000 as set forth in the financial statements included in the periodic reports filed by the Combined Company with the SEC with respect to such fifteen month period;

(ii) promptly following the date on which the Combined Company files its quarterly report on Form 10-Q with respect to its fiscal quarter ended September 30, 2025 (the “**2025 Q3 Form 10-Q**”) with the SEC, an aggregate of 2,500,000 Merger Consideration Earnout Shares (the “**2025 Earnout Shares**”) will be released from the Exchange Fund and distributed to the Company Equity Securityholders in accordance with their respective Pro Rata Shares if, and only if, during the twelve months ended September 30, 2025, (A) the Company achieves annual revenue of at least \$17,100,000 as set forth in the financial statements included in the periodic reports filed by the Combined Company with the SEC with respect to such twelve month period, and (B) the Company makes at least four placements of its breast scanning systems in the United States; provided, that the 2025 Earnout Shares shall increase by 500,000 (to an aggregate of 3,000,000) Merger Consideration Earnout Shares if at least one of the following milestones is achieved: (x) on or prior to such filing date, the Company has obtained a formal FDA clearance for a new indication

for use of its breast scanning systems (other than any indication obtained prior to the beginning of the twelve months ended September 30, 2025), which remains in full force and effect as of such filing date; or (y) the Company achieves clinical-quality patient images with the Company's open angle scanner no later than the filing date of the 2025 Q3 Form 10-Q;

(iii) promptly following the date on which the Combined Company files its quarterly report on Form 10-Q with respect to its fiscal quarter ended September 30, 2026 (the "**2026 Q3 Form 10-Q**"), an aggregate of 2,500,000 Merger Consideration Earnout Shares (the "**2026 Earnout Shares**") will be released from the Exchange Fund and distributed to the Company Equity Securityholders in accordance with their respective Pro Rata Shares if, and only if, during the twelve months ended September 30, 2026, (A) the Company has revenue of at least \$30,000,000 as set forth in the financial statements included in the periodic reports filed by the Combined Company with the SEC with respect to such twelve month period, or (B) the VWAP of shares of Combined Company Common Stock equals or exceeds \$15 per share for twenty (20) of any thirty (30) consecutive trading days on the Exchanges; provided, that the 2026 Earnout Shares shall increase by 500,000 (to an aggregate of 3,000,000) Merger Consideration Earnout Shares if at least one of the following milestones is achieved on or prior to such filing date: (x) the Company has obtained a formal FDA clearance of its open angle scanner, which remains in full force and effect as of such filing date; or (y) the Company receives net positive results in bona fide clinical trials, conducted in accordance with generally accepted industry standards, for its open angle scanner, as reported no later than the filing date of the 2026 Q3 Form 10-Q; and

(iv) if the conditions set forth in (i), (ii) or (iii) above for any Merger Consideration Earnout Shares to be released from the Exchange Fund and distributed to the holders of the QT Imaging Equity Securities have not been, and become incapable of being, satisfied, then promptly thereafter such Merger Consideration Earnout Shares will be automatically released to the Combined Company for cancellation and the holders of the QT Imaging Equity Securities will not have any right to receive such Merger Consideration Earnout Shares or any benefit therefrom.

The term "**Pro Rata Share**" means, with respect to each holder of the QT Imaging Equity Securities, a ratio calculated by dividing (i) the sum of, without duplication, (A) the total number of shares of QT Imaging Common Stock held by such holder of the QT Imaging Equity Securities as of immediately prior to the Effective Time, plus (B) the total number of In-the-Money Company Warrant Shares subject to In-the-Money Company Warrants held by such holder of the QT Imaging Equity Securities as of immediately prior to the Effective Time (to the extent such In-the-Money Company Warrants are not exercised or deemed exercised as of immediately prior to the Effective Time), by (ii) the sum of, without duplication, (A) the total number of shares of QT Imaging Common Stock held by all holders of the QT Imaging Equity Securities as of immediately prior to the Effective Time, plus (B) the total number of In-the-Money Company Warrant Shares (to the extent the applicable In-the-Money Company Warrants are not exercised or deemed exercised as of immediately prior to the Effective Time). Any fractional Merger Consideration Earnout Share that would otherwise be issuable to any person will be rounded up to a whole share of the Combined Company Common Stock.

Ownership of the Combined Company

As of December 4, 2023, the Record Date, there were 8,659,978 shares of GigCapital5 Common Stock issued and outstanding and four holders of record of GigCapital5 Common Stock.

After giving effect to the proposed Business Combination (assuming no Public Shares of GigCapital5 have been redeemed and no GigCapital5 Warrants have been exercised), and without giving effect to the Merger Consideration Earnout Shares, we expect that there will be approximately 23,424,528 shares of Combined Company Common Stock outstanding (after giving effect to the net exercise or conversion of QT Imaging Warrants and Converting Notes) consisting of (i) 6,530,000 shares held by the Sponsor, (ii) 15,000 shares in the aggregate held by GigCapital5's Treasurer and Chief Financial Officer, Brad Weightman, and Interest Solutions,

LLC, an affiliate of ICR, LLC, an investor relations firm providing services to GigCapital5 (“**ICR**”), (iii) 14,764,550 shares issued in the aggregate to holders of QT Imaging Equity Securities and as the Aggregate Excess QT Imaging Transaction Shares, and (iv) 2,114,978 shares held by GigCapital5’s Public Stockholders.

After giving effect to the proposed Business Combination (assuming that Public Stockholders holding 2,114,978 shares of outstanding GigCapital5 Common Stock exercise their Redemption Rights (representing the maximum redemptions) and no GigCapital5 warrants have been exercised), and without giving effect to the Merger Consideration Earnout Shares, we expect that there will be approximately 21,309,550 shares of Combined Company Common Stock outstanding (after giving effect to the net exercise or conversion of outstanding equity awards of QT Imaging Warrants), consisting of (i) 6,530,000 shares held by the Sponsor, (ii) 15,000 shares in the aggregate held by Mr. Weightman and ICR, and (iii) 14,764,550 shares issued in the aggregate to holders of QT Imaging Equity Securities and as the Aggregate Excess QT Imaging Transaction Shares. Upon the Closing, the Combined Company will not be a “controlled company” as defined under the relevant Nasdaq listing rules.

All shares issued as merger consideration in the proposed Business Combination will be freely tradable without registration under the Securities Act and without restriction by persons other than our “affiliates” (as defined under Rule 144 of the Securities Act (“**Rule 144**”)), including our directors, executive officers and other affiliates.

The numbers of shares set forth above are based on a number of assumptions, including that neither GigCapital5 nor QT Imaging issue any additional equity securities prior to the proposed Business Combination. If the actual facts differ from our assumptions, the numbers of shares set forth above will be different. See “*Unaudited Pro Forma Condensed Combined Financial Information*”

Recommendation of the GigCapital5 Board

The GigCapital5 Board unanimously determined that the Business Combination Agreement and the transactions contemplated thereby, including the Merger, were advisable, fair to, and in the best interests of, GigCapital5 and its stockholders. Accordingly, the GigCapital5 Board unanimously recommends that its stockholders vote “**FOR**” each of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal. See “*Meeting of GigCapital5’s Stockholders-Recommendation of GigCapital5 Board of Directors*” and “*Background of the Business Combination-The GigCapital5 Board’s Reasons for Approval of the Business Combination.*”

The Stockholders’ Meeting

The Stockholders’ Meeting of GigCapital5 stockholders will be held on [●], at [●] a.m. Eastern Time, in virtual format. At the Stockholders’ Meeting, GigCapital5 is asking holders of GigCapital5 Common Stock to consider and vote upon the following proposals:

- **The Business Combination Proposal**-To consider and vote upon a proposal to approve the Business Combination Agreement, in the form attached hereto as *Annex A*, and the proposed Business Combination;
- **The Board Classification Charter Proposal**-To provide for the classification of our board of directors into three classes of directors with staggered terms of office and to make certain related changes;
- **The Additional Charter Amendments in Connection with the Business Combination Proposal**-To consider and vote upon two proposals to adopt the proposed Second Amended and Restated Certificate of Incorporation of GigCapital5 (the “Proposed Charter”), in the form attached hereto as *Annex B* (the “Additional Amendments in Connection with the Business Combination Proposals”);

- **The Director Election Proposal**-To consider and vote upon a proposal to elect seven directors to serve on the Combined Company Board until the first annual meeting of stockholders following the effectiveness of the Proposed Charter, in the case of Class I directors, the second annual meeting of stockholders following the effectiveness of the Proposed Charter, in the case of Class II directors, and the third annual meeting of stockholders following the effectiveness of the Proposed Charter, in the case of Class III directors, and, in each case, until their respective successors are duly elected and qualified;
- **The Nasdaq Proposal**-To consider and vote upon a proposal to approve, for purposes of complying with applicable listing rules of the Nasdaq: (i) the issuance of shares of GigCapital5 Common Stock to QT Imaging stockholders pursuant to the Business Combination Agreement; and (ii) the issuance of an aggregate of up to \$50,000,000 Combined Company Common Stock from time to time to Yorkville over a 36-month period following the Closing pursuant to the Yorkville Financing;
- **The Equity Incentive Plan Proposal**-To consider and vote upon a proposal to approve and adopt the Equity Incentive Plan, in the form attached hereto as *Annex G*;
- **The Adjournment Proposal**-To consider and vote upon a proposal to approve the adjournment of the Stockholders' Meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for the approval of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, or the Equity Incentive Plan Proposal.

You will be entitled to vote or direct votes to be cast at the Stockholders' Meeting if you owned shares of GigCapital5 Common Stock at the close of business on December 4, 2023, the Record Date. You are entitled to one vote for each share of GigCapital5 Common Stock that you owned as of the close of business on the Record Date. If your shares are held in "street name" or are in a margin or similar account, you should contact your broker, bank, or other nominee to ensure that votes related to the shares you beneficially own are properly counted. As of the Record Date, there were 8,659,978 shares of GigCapital5 Common Stock outstanding, of which 2,114,978 were Public Shares, 5,735,000 were Founder Shares, 15,000 shares were held in the aggregate by Mr. Weightman, and ICR, and 795,000 were shares of GigCapital5 Common Stock issued as constituent securities of the units issued in the private placement to Sponsor simultaneously with the GigCapital5 IPO.

A quorum of GigCapital5 stockholders is necessary to hold a valid meeting. A quorum will be present at the Stockholders' Meeting if a majority of the voting power of all outstanding shares of GigCapital5 Common Stock entitled to vote at the Stockholders' Meeting as of the Record Date is represented in person (which would include presence at a virtual meeting) or by proxy. Abstentions and broker non-votes will be counted as present for the purpose of determining a quorum. The Sponsor, which currently owns approximately 75.4% of the issued and outstanding shares of GigCapital5 Common Stock, will count towards this quorum. As of the Record Date, 4,782,001 shares of GigCapital5 Common Stock would be required to achieve a quorum. Because the Sponsor holds in excess of this amount, a quorum can be achieved by the Sponsor voting its shares.

The approval of each of the Business Combination Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal, if presented, requires the affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, voting as a single class. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to each of the Business Combination Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, or the Adjournment Proposal, if presented, will have no effect on such proposals.

The approval of the Board Classification Charter Proposal and the Additional Charter Amendments in Connection with the Business Combination Proposal requires the affirmative vote (in person or by proxy) of the

holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon, voting as a single class. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Board Classification Charter Proposal or the Additional Charter Amendments in Connection with the Business Combination Proposal, will have the same effect as a vote "AGAINST" such proposal.

The approval of the Director Election Proposal requires the affirmative vote (in person or by proxy) of the holders of a plurality of the outstanding shares of GigCapital5 Common Stock entitled to vote and actually cast thereon at the Stockholders' Meeting. Directors are elected by a plurality of all of the votes cast by such stockholders present in person (which would include presence at a virtual meeting) or represented by proxy at the Stockholders' Meeting and entitled to vote thereon, which means that the seven director nominees who receive the most affirmative votes will be elected. Stockholders may not cumulate their votes with respect to the election of directors. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to election of directors, will have no effect on the election of directors.

Consummation of the proposed Business Combination is conditioned on the approval of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, and the Equity Incentive Plan Proposal at the Stockholders' Meeting, subject to the terms of the Business Combination Agreement. The proposed Business Combination is not conditioned on the approval of the Adjournment Proposal. If the Business Combination Proposal is not approved, the other proposals (except the Adjournment Proposal) will not be presented to the stockholders for a vote.

The Sponsor has agreed to vote its shares of GigCapital5 Common Stock in favor of each of the Proposals presented at the Stockholders' Meeting, which is a sufficient amount to approve all of the Proposals.

GigCapital5 Conflicts of Interest

Neither the Sponsor nor any of GigCapital5's officers or directors has any equity interest in QT Imaging as of the date of this proxy statement/prospectus. However, an affiliate of Dr. Avi S. Katz and Dr. Raluca Dinu purchased from QT Imaging in November 2023 a secured promissory note with a principal amount of \$200,000. Such promissory note, at the option of the holder, (a) can be repaid at the Closing of the Business Combination by the Combined Company in cash in the amount of \$240,000, or (b) is convertible immediately prior to the Closing of the Business Combination into such number of shares of QT Imaging Common Stock that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal to 100,000 shares of Combined Company Common Stock. Furthermore, certain of GigCapital5's executive officers and certain non-employee directors may have business and financial interests in the Merger that may be different from, or in addition to, the interests of GigCapital5 stockholders generally. These interests include, among other things:

- The fact that our Sponsor has agreed not to redeem any of the GigCapital5 Voting Shares in connection with a stockholder vote to approve the proposed Business Combination.
- If the proposed Business Combination with QT Imaging or another business combination is not consummated within the Completion Window, GigCapital5 will cease all operations except for the purpose of winding up, redeeming 100% of the outstanding Public Shares for cash and, subject to the approval of its remaining stockholders and the GigCapital5 Board, dissolving and liquidating. In such event, the 5,735,000 Founder Shares held by the Sponsor, which were acquired for an adjusted purchase price of approximately \$0.0043592 per share, would be worthless because holders of the Founder Shares are not entitled to

participate in any redemption or distribution with respect to such shares. The Founder Shares held by the Sponsor had an aggregate market value of \$[●] based upon the closing price of \$[●] per share of GigCapital5 Common Stock on Nasdaq on the Record Date. Dr. Avi S. Katz, the executive chairman of GigCapital5, is a member of the Sponsor, and therefore will have an economic interest in the Founder Shares held by the Sponsor.

- Given the differential in the purchase price that our Sponsor paid for the Founder Shares as compared to the price of the GigCapital5 units sold in the GigCapital5 IPO and the substantial number of shares of Combined Company Common Stock that our Sponsor will receive upon conversion of the Founder Shares in connection with the proposed Business Combination, our Sponsor and its affiliates may earn a positive rate of return on their investment even if the Combined Company Common Stock trades below the price initially paid for the GigCapital5 units in the GigCapital5 IPO and the Public Stockholders experience a negative rate of return following the completion of the proposed Business Combination. Thus, our Sponsor and its affiliates may have more of an economic incentive for us to, rather than liquidate if we fail to complete our initial business combination by the Completion Window, enter into an initial business combination on potentially less favorable terms with a potentially less favorable, riskier, weaker-performing or financially unstable business, or an entity lacking an established record of revenues or earnings, than would be the case if such parties had paid the full offering price for their Founder Shares.
- The Sponsor purchased an aggregate of 795,000 Private Placement Units from GigCapital5 for an aggregate purchase price of \$7,950,000 (or \$10.00 per unit). This purchase took place on a private placement basis simultaneously with the consummation of the GigCapital5 IPO. A portion of the proceeds GigCapital5 received from this purchase were placed in the Trust Account. Such units had an aggregate market value of approximately \$[●] based upon the closing price of \$[●] per warrant on the OTC on [●], 2023. This should be compared to the implied value of \$2.50 per share for a share of Combined Company Common Stock that is implied by the Stock Subscription Financing.
- In connection with the approval of the First Extension Amendment and the Second Extension Amendment, the Sponsor has agreed to contribute to GigCapital5 as a loan the Additional September 2022 Contributions and Additional March 2023 Contributions, respectively. The amount of the Additional September 2022 Contributions and Additional March 2023 Contributions will not bear interest and will be repayable by GigCapital5 to the Sponsor upon Closing.
- The Sponsor has made loans to GigCapital5 that are reflected in the Working Capital Notes, which Working Capital Notes will be repayable by GigCapital5 upon Closing. The Working Capital Notes include amounts that have been used to pay for an extension of the existing directors' and officers' liability insurance policy of GigCapital5 and to a broker-dealer that provided services to GigCapital5 in connection with the Second Extension Amendment. The Sponsor, in its discretion, may in lieu of having the Working Capital Note repaid upon the Closing, instead convert the Working Capital Note into units of GigCapital5, at a price of \$10.00 per unit, upon the Closing, provided that the maximum amount that may be converted is no more than \$1,500,000.
- Dr. Avi S. Katz and Dr. Raluca Dinu will each become a director of the Combined Company after the Closing. As such, in the future they may receive any cash fees, Combined Company Options or stock awards that the Combined Company Board determines to pay to its directors.
- GigCapital5's directors and officers, and their affiliates are entitled to reimbursement of out-of-pocket expenses incurred by them in connection with certain activities on GigCapital5's behalf, such as identifying and investigating possible business targets and business combinations. In addition, GigCapital5 has outstanding payables to GigCapital5's directors and officers in connection with the activities of these individuals, and such amounts, to the extent that they remain outstanding at the time of a business combination, will be due at such time. If GigCapital5 fails to consummate a business combination within the Completion Window, they will not have any claim against the Trust Account for reimbursement.

Accordingly, GigCapital5 may not be able to reimburse these expenses or pay such payables if the proposed Business Combination or another business combination is not consummated within the Completion Window. As of the date of this prospectus, there were no out-of-pocket expenses incurred by GigCapital5's directors, officers or their affiliates that have not otherwise been reimbursed from GigCapital5's working capital funds following the GigCapital5 IPO, but the amount of payables to GigCapital5's directors and officers totaled \$[●]. Additionally, GigManagement, LLC is entitled to \$30,000 per month for office space, utilities, administrative and support services provided to GigCapital5's management team, which commenced on September 28, 2021 and will continue through the earlier of consummation of the proposed Business Combination and GigCapital5's liquidation, and as of the date of this prospectus, \$[●] in such fees are due and have not been paid.

- Article X of the Existing Charter provides for the limited waiver, to the extent allowed by law and subject to certain exceptions, of the doctrine of corporate opportunity with respect to GigCapital5 or any of its officers, directors or their respective affiliates. While this may result in a potential conflict of interest as between the fiduciary duties or contractual obligations of our officers or directors and the interests of GigCapital5 and its stockholders, it did not impact our search for an initial business combination target, including QT Imaging.
- The continued indemnification of current directors and officers and the continuation of directors' and officers' liability insurance.
- In the event of the liquidation of the Trust Account, the Sponsor has agreed to indemnify and hold harmless GigCapital5 against any and all losses, liabilities, claims, damages and expenses to which GigCapital5 may become subject as a result of any claim by (i) any third party for services rendered or products sold to GigCapital5 or (ii) a prospective target business with which GigCapital5 has entered into an acquisition agreement, provided that such indemnification of GigCapital5 by the Sponsor shall apply only to the extent necessary to ensure that such claims by a third party for services rendered or products sold to GigCapital5 or a target do not reduce the amount of funds in the Trust Account to below (i) \$10.00 per share of GigCapital5 Common Stock or (ii) such lesser amount per share of GigCapital5 Common Stock held in the Trust Account due to reductions in the value of the trust assets as of the date of the liquidation of the Trust Account, in each case, net of the amount of interest earned on the property in the Trust Account, which may be withdrawn to pay taxes and expenses related to the administration of the Trust Account, except as to any claims by a third party (including a target) who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under GigCapital5's indemnity of the underwriters of the GigCapital5 IPO against certain liabilities, including liabilities under the Securities Act. If GigCapital5 consummates the proposed Business Combination, on the other hand, GigCapital5 will be liable for all such claims.
- The Sponsor has agreed not to transfer, assign, or sell the Founder Shares until the earlier of (A) six months after the date of the consummation of the proposed Business Combination, (B) the date after the consummation of the proposed Business Combination on which the closing price of the Combined Company Common Stock equals or exceeds \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after the proposed Business Combination, or (C) the date after the consummation of the proposed Business Combination that the Combined Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of the Combined Company's stockholders having the right to exchange their shares of the Combined Company Common Stock for cash, securities or other property.
- Subject to certain limited exceptions, the Private Placement Units (and their constituent securities) will not be transferable until 30 days following the completion of the proposed Business Combination.
- For a period of six years after the Closing Date, GigCapital5 shall defend, indemnify and hold harmless the Sponsor, its affiliates, and their respective present and former directors and officers against any costs or expenses, judgments, fines, losses, claims, damages or liabilities incurred in connection with any action by any stockholder of GigCapital5 who has not exercised Redemption Rights arising from Sponsor's ownership

of equity securities of GigCapital5, or its control or ability to influence GigCapital5, and further arising out of or pertaining to the transactions, actions, and investments contemplated by the Business Combination Agreement or any Ancillary Agreements.

- On September 23, 2021, the Sponsor entered into a letter agreement with GigCapital5 and the underwriters of the GigCapital5 IPO, in order to induce GigCapital5 and the underwriters of the GigCapital5 IPO to enter into the underwriting agreement with respect to the GigCapital5 IPO, pursuant to which the Sponsor waived its redemptions rights with respect to its Founder Shares, and the shares and shares underlying any warrants included in the Private Placement Units held by it, in connection with the consummation of GigCapital5's initial business combination.
- On September 23, 2021, Mr. Weightman entered into a letter agreement with GigCapital5, pursuant to which GigCapital5 granted 5,000 shares of GigCapital5 Common Stock to Mr. Weightman in consideration of, among other things, Mr. Weightman providing future services as the Treasurer and Chief Financial Officer of GigCapital5 and waiving any right to redeem any shares of GigCapital5 Common Stock into funds held in the Trust Account upon the successful completion of an initial business combination of GigCapital5 (on the same date an affiliate of ICR entered into a substantially similar letter agreement with GigCapital5 with respect to 10,000 shares of GigCapital5 Common Stock granted to such affiliate of ICR in consideration of future services of ICR as an investor relations firm to GigCapital5).

There will be no finder's fees, reimbursements or cash payments made by GigCapital5 to the Sponsor or GigCapital5's officers or directors, or any of GigCapital5 or its officers' or directors' affiliates, for services rendered to GigCapital5 prior to or in connection with the completion of the proposed Business Combination, other than payment of the amount described above for office space, utilities, administrative and support services, payment of outstanding payables in the amount of \$[●], and repayments of the Additional September 2022 Contributions and Additional March 2023 Contributions and any Working Capital Note by our Sponsor or affiliates of our Sponsor to fund working capital deficiencies or finance transaction costs in connection with an initial business combination, which Working Capital Note will be repayable by GigCapital5 upon Closing. GigCapital5 currently has \$[●] in a Working Capital Note. The Sponsor, in its discretion, may in lieu of having the Working Capital Note repaid upon the Closing, instead convert the Working Capital Note into units of GigCapital5, at a price of \$10.00 per unit, upon the Closing, provided that the maximum amount that may be converted is no more than \$1,500,000. The Sponsor and GigCapital5's officers and directors or any of their respective affiliates will also be reimbursed for any out-of-pocket expenses incurred in connection with GigCapital5's formation, the GigCapital5 IPO and activities on GigCapital5's behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf. As of the date of this prospectus, the Sponsor had not incurred any out-of-pocket expenses in connection with the proposed Business Combination that, as of such date, had not been reimbursed by GigCapital5 from GigCapital5's working capital funds following the GigCapital5 IPO.

As of the date of this proxy statement/prospectus, the aggregate dollar value of the GigCapital5 securities held (based upon a value of \$[●] per share of GigCapital5 Common Stock and \$[●] per Warrant), loans extended, fees due, and out-of-pocket expenses for which the Sponsor and its affiliates have at risk that depend on completion of an initial business combination of the Company is approximately \$[●].

The GigCapital5 Board was aware of and considered these interests to the extent such interests existed at the time, among other matters, in approving the Business Combination Agreement and in recommending that the proposed Business Combination be approved by the stockholders of GigCapital5. See "*Meeting of GigCapital5 Stockholders- Recommendation of GigCapital5 Board of Directors.*"

Appraisal Rights

Holders of GigCapital5 Common Stock and GigCapital5 warrants are not entitled to appraisal rights in connection with the proposed Business Combination.

Under the DGCL, however, holders of QT Imaging Common Stock may be entitled to appraisal rights in connection with the proposed Business Combination. QT Imaging stockholders who neither vote in favor of nor consent in writing to the Merger and who otherwise comply with Section 262 and other applicable provisions of the DGCL will be entitled to exercise rights to seek appraisal of the fair value of their shares of QT Imaging Common Stock, as determined by the Delaware Court of Chancery, if the Merger is completed. The "fair value" of such dissenting shares of QT Imaging Common Stock as determined by the Delaware Court of Chancery may be more or less than, or the same as, the value of the consideration that such stockholder would otherwise be entitled to receive under the Business Combination Agreement. Any QT Imaging stockholder who wishes to preserve appraisal rights must so advise QT Imaging by submitting a demand for appraisal within the period prescribed by Section 262 of the DGCL after receiving a notice from QT Imaging or GigCapital5 that appraisal rights are available, and must otherwise precisely follow the procedures prescribed by Section 262 of the DGCL. Any shares of QT Imaging Common Stock held by such QT Imaging stockholder immediately prior to the Effective Time who shall have properly demanded appraisal for his, her or its shares in accordance with the DGCL will not be converted into the merger consideration, unless such QT Imaging stockholder fails to perfect, withdraws, or otherwise loses his, her or its right to appraisal and payment under the DGCL. If such QT Imaging stockholder fails to perfect, withdraws or otherwise loses his, her or its appraisal rights, each share of QT Imaging Common Stock held by such QT Imaging stockholder will be deemed to have been converted as of the Effective Time into a right to receive the merger consideration. Failure to follow any of the statutory procedures set forth in Section 262 of the DGCL will result in the loss or waiver of appraisal rights under Delaware law. In view of the complexity of Section 262 of the DGCL, QT Imaging stockholders who may wish to pursue appraisal rights should consult their legal and financial advisors.

Incentive Plans

In connection with the Merger, the parties will cooperate to establish, prior to the Closing the Equity Incentive Plan for the Combined Company with an award pool of the Combined Company Common Stock equal to (i) eleven percent of the fully diluted shares of the Combined Company Common Stock outstanding as of

immediately after the Effective Time (rounded up to the nearest whole share) (the “**Initial Equity Plan Pool**”), which Equity Incentive Plan will include an “evergreen” provision pursuant to which such award pool will automatically increase on each January 1st that occurs within the ten year period following stockholder approval of such plan by an amount equal to five percent of the shares of the Combined Company Common Stock outstanding as of 12:01 a.m. (Pacific Time) on such date, and which Equity Incentive Plan will be effective at and after the Closing. The parties expect that up to twenty-five percent of the Initial Equity Plan Pool would be reserved for issuance of awards by the Combined Company to individuals who were employees or other service providers of QT Imaging as of the Closing and remain continuously employed or engaged by the Combined Company at the time of the issuance of such awards following the Closing.

QT Imaging Exclusivity Restrictions

GigCapital5 Conditions to Closing

QT Imaging Conditions to Closing

Additionally, under the terms of the Business Combination Agreement, the obligations of QT Imaging to consummate the proposed Business Combination, including the Merger, are subject to the satisfaction or waiver (where permissible) at or prior to the Closing of, among other customary closing conditions, the following conditions: (i) the representation and warranties of GigCapital5 and Merger Sub contained in the Business Combination Agreement will be true and correct in all material respects, or in all respects, as applicable; (ii) GigCapital5 and Merger Sub will have performed or complied in all material respects with all agreements and covenants required by the Business Combination Agreement to be performed, or complied with by them; (iii) GigCapital5 will have delivered to QT Imaging a certificate signed by the President of GigCapital5 certifying as to the satisfaction of certain of the conditions specified in the Business Combination Agreement; (iv) no GigCapital5 Material Adverse Effect (as such term is defined in the Business Combination Agreement) will have occurred between the date of the Business Combination Agreement and the Closing Date; (v) GigCapital5 will have taken all such actions as reasonable required such that, immediately following the Closing, the Combined Company Board will consist of the directors identified in this proxy statement/prospectus; (vi) GigCapital5 will have delivered a copy of the Registration Rights Agreement duly executed by GigCapital5 and the Sponsor (as defined below); (vii) GigCapital5 will have delivered a copy of the Lock-Up Agreement duly executed by GigCapital5 and the Sponsor; (viii) the transactions contemplated by the Sponsor Support Agreement to occur at or prior to the Closing will have been consummated; and (ix) the Transaction Documents will be in full force and effect and will not have been rescinded by GigCapital5 or Merger Sub.

Termination

The Business Combination Agreement allows the parties to terminate the agreement if certain conditions described in the Business Combination Agreement are satisfied, including (i) by mutual written consent of GigCapital5 and QT Imaging; (ii) by written notice by either GigCapital5 or QT Imaging if the Effective Time has not occurred by the Outside Date; (iii) by written notice by either GigCapital5 or QT Imaging if any governmental authority of competent jurisdiction in the United States will have enacted, issued, promulgated, enforced, or entered any injunction, order, decree or ruling (whether temporary, preliminary or permanent) which has become final and non-appealable and has the effect of making consummation of the proposed Business Combination, including the Merger, illegal or otherwise preventing or prohibiting consummation of the proposed Business Combination or the Merger; (iv) by written notice by either GigCapital5 or QT Imaging to the other party, if any of the Proposals will fail to receive the requisite vote for approval at the Stockholders' Meeting; (v) by written notice by GigCapital5 to QT Imaging, if QT Imaging will have failed to deliver the Written Consent to GigCapital5; (vi) by written notice by GigCapital5 to QT Imaging upon a breach of any representation, warranty, covenant or agreement on the part of QT Imaging set forth in the Business Combination Agreement, or if any representation or warranty of QT Imaging will have become untrue; (vii) by written notice by QT Imaging to GigCapital5 upon a breach of any representation, warranty, covenant or agreement on the part of GigCapital5 or Merger Sub set forth in the Business Combination Agreement, or if any representation or warranty of GigCapital5 or Merger Sub will have become untrue; or (viii) by written notice by either GigCapital5 or QT Imaging to the other party, if after giving effect to the Redemption Rights, GigCapital5 does not have net tangible assets of at least \$5,000,001 (excluding assets of the Combined Company).

Effect of Termination

In the event of the termination of the Business Combination Agreement, the Business Combination Agreement will become void and have no effect, without any liability on the part of any party thereto (other than liability of QT Imaging, GigCapital5 or Merger Sub, as the case may be, for any willful and material breach of the Business Combination Agreement occurring prior to such termination), other than with respect to certain exceptions contemplated by the Business Combination Agreement and the confidentiality agreement between GigCapital5 and QT Imaging (the "***Confidentiality Agreement***") that will survive the termination of the Business Combination Agreement.

Other Agreements

Stock Subscription Agreements

QT Imaging, GigCapital5 and the Stock Subscription Investors, have entered into definitive Stock Subscription Agreements, pursuant to which the Stock Subscription Investors have subscribed for the purchase of shares of QT Imaging Common Stock in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock. One of the Stock Subscription Investors, Meteora Capital Partners, LP, has an economic interest in the Sponsor. The aggregate gross proceeds under the Stock Subscription Agreements to QT Imaging will be \$3,000,000 (although this amount could be increased by additional subscriptions). In addition, each of the Stock Subscription Investors has separately entered into with GigCapital5 a November 2023 Non-Redemption Agreement, pursuant to which each such Stock Subscription Investor has agreed to not redeem up to 400,000 shares of GigCapital5 Common Stock in exchange for a cash payment by GigCapital5 with cash from its Trust Account in a per share amount equal to the redemption price less \$2.50 per share. For each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a Non-Redemption Agreement, the obligation of such Stock Subscription Investor to purchase shares of QT Imaging Common Stock pursuant to the Stock Subscription Agreements will be correspondingly reduced in an equal amount with respect to the number of shares of Combined Company Common Stock that would be received upon the exchange that occurs at the closing of the Business Combination. Furthermore, for each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a Non-Redemption Agreement, the aggregate number of shares of Combined Company Common Stock issued as consideration to the securities holders of QT Imaging in the Business Combination shall also be correspondingly reduced.

Yorkville Financing

Standby Equity Purchase Agreement

On November 16, 2023, GigCapital5, QT Imaging and Yorkville entered into the SEPA. Upon the closing of the Business Combination, the Combined Company will have the right, provided there is no balance outstanding under the Yorkville Note or, if there is a balance outstanding under a Yorkville Note, with Yorkville's prior written consent, or upon the occurrence of certain Trigger Events (as defined below), to issue and sell to Yorkville, and Yorkville shall purchase from the Combined Company, up to \$50 million in aggregate gross purchase price (the "***Commitment Amount***") of newly issued shares of Combined Company Common Stock (each such sale, an "***Advance***") by delivering written notice to Yorkville (each, an "***Advance Notice***" and the date on which the Combined Company is deemed to have delivered an Advance Notice, the "***Advance Notice Date***"). The Combined Company Common Stock purchased pursuant to an Advance Notice will be purchased at a price equal to 97% of the lowest daily VWAP of the Combined Company Common Stock during the three consecutive trading days commencing on the Advance Notice Date. "***VWAP***" for purposes of the Yorkville

Financing means, for any trading day, the daily volume weighted average price of the Combined Company Common Stock for such trading day on the Nasdaq Stock Market LLC during regular trading hours as reported by Bloomberg L.P. During the commitment period, Investor may also deliver its written notice to the Combined Company (an "Investor Notice") causing an Advance Notice to be deemed delivered to Yorkville. In this case, the Common Stock purchased pursuant to such Investor Notice will be purchased at a price equal to the lower of (i) the Fixed Price (as defined below), or (ii) 95% of the lowest daily VWAP of the Common Stock during the five consecutive trading days commencing on the immediately preceding date Yorkville submits an Investor Notice pursuant to and as defined in the SEPA.

At the Pre-Advance Closing (as defined below), GigCapital5 shall pay a commitment fee in an amount up to \$375,000 which is equal to 0.75% of the Commitment Amount (the "Commitment Fee") in cash to Yorkville, which shall be netted from the Pre-Paid Advance (as defined below). As consideration for the Pre-Paid Advance, and prior to the closing of the Business Combination and the Pre-Advance Closing, QT Imaging will issue to Yorkville that number of shares of stock of QT Imaging equal to the result of (x) one million (1,000,000) divided by (y) the Exchange Ratio, such that upon the closing of the Business Combination, Yorkville will receive that consideration provided for in the Business Combination Agreement that a holder of shares of stock of QT Imaging is entitled to receive pursuant to the Business Combination Agreement, including one million (1,000,000) shares of Combined Company Common Stock which are freely tradable upon receipt of such consideration as provided for in the Business Combination Agreement (the "Company Shares"). The Company Shares to be issued as consideration as provided for in the Business Combination Agreement shall be registered pursuant to this prospectus. The Company Shares shall be deemed fully earned as of November 15, 2023. Yorkville shall be entitled to sell the Company Shares at its sole discretion and retain one hundred percent (100%) of the sale proceeds of the Company Shares.

In the event that during the term of the Yorkville Note, the Combined Company shall not be required as described below to make monthly cash payments to Yorkville as the result of the occurrence of a Trigger Event, Yorkville shall be entitled to retain one hundred percent (100%) of the sale proceeds of the Company Shares, provided that (i) if Yorkville has sold the Company Shares, fifty percent (50%) of Yorkville's net sale proceeds of the Company Shares or (ii) if Yorkville has not sold the Company Shares, fifty percent (50%) of the value of the Company Shares based on the VWAP, as quoted by Bloomberg, LP, on the date of such agreement, shall be applied in such manner as the Combined Company and Yorkville mutually agree to apply such amounts.

The issuance of the Common Stock under the SEPA will be subject to certain limitations, including that (a) Yorkville may not purchase any Common Stock that would result in it owning more than 4.99% of GigCapital5's Common Stock or (b) the aggregate number of shares of Common Stock issued pursuant to Pre-Paid Advances (including the aggregation with the issuance of Common Stock under other Advances) cannot exceed 19.9% of the Common Stock of GigCapital5 outstanding as of the date of the SEPA (the "Effective Date") (referred to as the "Exchange Cap"). The Exchange Cap shall not be applicable if: (a) GigCapital5's stockholders have approved the issuance of Common Shares in excess of the Exchange Cap under the Nasdaq Proposal in accordance with the applicable rules of Nasdaq or (b) to the extent that (and only for so long as) the average price for the issuance of Common Stock equals or exceeds the lower of (i) the Nasdaq Official Closing Price immediately preceding the Effective Date, which is \$10.85 per share; or (ii) the average Nasdaq Official Closing Price for the five trading days immediately preceding the Effective Date, which is \$10.86 per share.

Pre-Paid Advance

In connection with the SEPA, and subject to the conditions set forth therein, including the closing of the Business Combination, Yorkville shall advance make a Pre-Paid Advance of up to \$10 million as evidenced by the Yorkville Note, which is being issued with a 6% original issue discount. The proceeds from the funding of the Pre-Paid Advance may not be used by the Combined Company or QT Imaging to make any payments in

respect of any notes to the Sponsor or any indebtedness to Dr. John Klock; provided, however, that nothing will preclude the Combined Company from making payments in respect of notes to the Sponsor or notes to affiliates of Dr. Avi S. Katz from the proceeds of other sources of capital that the Combined Company has while a Pre-Paid Advance is outstanding.

The Yorkville Note for the Pre-Paid Advance will be due 15 months from the date of issuance, and interest shall accrue on the outstanding balance of the Yorkville Note at an annual rate equal to 6%, subject to an increase to 18% upon an event of default as described in the Yorkville Note. The Yorkville Note shall be convertible by Yorkville into shares of Common Stock at the Conversion Price (as defined below). The number of shares of Common Stock issuable upon conversion of any amount of principal being converted (the "**Conversion Amount**") shall be determined by dividing (x) such Conversion Amount by (y) the Conversion Price. The "**Conversion Price**" is the lower of (a) 110% of the daily VWAP of the Common Stock on Nasdaq as of the trading day immediately prior to the issuance of the Yorkville Note (the "**Fixed Price**"), or (b) 95% of the lowest daily VWAP of the Common Stock on Nasdaq during the five consecutive trading days immediately prior to (i) each date of conversion or (ii) the date Yorkville submits an Investor Notice to the Combined Company that it intends to make a purchase (the "**Variable Price**"), but which Variable Price shall not be lower than the Floor Price then in effect. The "**Floor Price**" solely with respect to the Variable Price, means the lower of (i) \$2.00 per share or (ii) the VWAP of the Common Stock for the five (5) trading days immediately prior to the Resale Registration Statement (as defined below) being declared effective by the SEC (as defined below), or as reduced in accordance with the terms of the Yorkville Note. Notwithstanding the foregoing, the Combined Company may reduce the Floor Price to any amounts set forth in a written notice to Yorkville; provided that such reduction shall be irrevocable and shall not be subject to increase thereafter.

The Combined Company at its option shall have the right, but not the obligation, to redeem ("**Optional Redemption**") early a portion or all amounts outstanding under the Yorkville Note; provided that (i) the Combined Company provides Yorkville with no less than ten (10) trading days' prior written notice (each, a "**Redemption Notice**") of its desire to exercise an Optional Redemption and (ii) on the date the Redemption Notice is issued, the VWAP of the Common Stock is less than the Fixed Price. Each Redemption Notice shall be irrevocable and shall specify the outstanding balance of the Note to be redeemed and the Redemption Amount. The "**Redemption Amount**" shall be equal to the outstanding principal balance being redeemed by the Combined Company, plus the Redemption Premium (as defined below), plus all accrued and unpaid interest. After receipt of the Redemption Notice, Yorkville shall have ten (10) trading days to elect to convert all or any portion of the Yorkville Note. On the eleventh (11th) trading day after the Redemption Notice, the Combined Company shall deliver to Yorkville the Redemption Amount with respect to the principal amount redeemed after giving effect to conversions effected during the ten (10) trading day period. "**Redemption Premium**" means 7% of the principal amount being redeemed.

Under the terms of the Yorkville Note, a Trigger Event shall occur if (i) the daily VWAP is less than the Floor Price for five trading days during a period of seven consecutive trading days (a "**Floor Price Trigger**"), or (ii) GigCapital5 has issued in excess of 95% of the Common Stock available under the Exchange Cap (an "**Exchange Cap Trigger**") (the last such day of each such occurrence, a "**Trigger Date**"). If, at any time six months after the issuance of the Yorkville Note, a Trigger Event occurs, then the Combined Company will be obligated to make monthly payments in an amount equal to the sum of (i) \$1,500,000 of principal in the aggregate among all promissory notes issued to Yorkville (or the outstanding principal if less than such amount) (the "**Triggered Principal Amount**"), plus (ii) a payment premium of 5% in respect of such Triggered Principal Amount, and (iii) accrued and unpaid interest hereunder as of each payment date beginning on the 5th trading day after the Trigger Date and continuing on the same day of each successive calendar month to Yorkville pursuant to the terms of the Yorkville Note. However, in the event that the Combined Company shall be required to make such cash payments to Yorkville under the Yorkville Note as a result of the occurrence of a Trigger Event, the Combined Company shall be entitled upon written notice to Yorkville, to direct that Yorkville (i) if

Yorkville has sold the Company Shares, to apply, in accordance with the terms of the Yorkville Note, up to fifty percent (50%) of Yorkville's net sale proceeds of the Company Shares to satisfy, in part or in whole, the Triggered Principal Amount of such cash payments due to Yorkville or (ii) if Yorkville has not sold the Company Shares, to apply up to fifty percent (50%) of the value of the Company Shares on such date the cash payment is due based on the VWAP (as such term is defined in the SEPA) as quoted by Bloomberg LP of the Company Shares as an offset of the Triggered Principal Amount of the cash payments due to Yorkville. The Combined Company right to request that Yorkville apply or offset cash payments to which Yorkville is entitled pursuant to the Yorkville Note shall cease once fifty percent (50%) of the (i) the net sale proceeds of the Company Shares or fifty percent (50%) of the value of the Company Shares on such date the cash payment is due based on the VWAP as quoted by Bloomberg LP of the Company Shares have been applied or offset as provided herein to such cash payments to which Yorkville is entitled. The obligation of the Combined Company to make monthly prepayments shall cease (with respect to any payment that has not yet come due) if any time after the Trigger Date (a) the Combined Company reduces the Floor Price to an amount that is at least 50% of the daily VWAP of the Common Stock, (b) the daily VWAP is greater than the 110% of the Floor Price a period of five consecutive trading days in the event of a Floor Price Trigger, or (c) the date GigCapital5 has obtained stockholder approval to increase the number of shares of Common Stock under the Exchange Cap and/or the Exchange Cap no longer applies, unless a subsequent Trigger Event occurs. Furthermore, within one (1) trading day of a Floor Price Trigger that remains after application of all amounts related to the Company Shares as described above, the Combined Company shall reduce the Floor Price to an amount that is at least fifty percent (50%) of the daily VWAP of the Common Stock, and provide Yorkville written confirmation of such reduction of the Floor Price or be obligated to make the above monthly cash payments.

Yorkville Registration Rights Agreement

In connection with the entry into the SEPA, GigCapital5 entered into a Registration Rights Agreement with Yorkville (the "**Yorkville Registration Rights Agreement**") on November 16, 2023, pursuant to which the Combined Company agrees to file within 21 calendar days of the date of the Pre-Advance Closing, a registration statement on Form S-1 (or Forms S-3, if eligible) with the SEC covering the resale of the Common Stock subject to the SEPA requested to be included in such registration statement (the "**Resale Registration Statement**"), and the Combined Company shall use its best efforts to have the Resale Registration Statement declared effective as soon as practicable after the filing thereof, but in no event later than (a) the 45th calendar day following the filing of the Resale Registration Statement or (b), the fifth business day following the date on which the Combined Company is notified by the SEC that the Resale Registration Statement will not be or is no longer subject to further review and comments.

As of December 31, 2022, Freedom Ventures had only purchased a machine for the Netherlands. In addition, under the Freedom Ventures Distribution Agreement, Freedom Ventures committed to purchase four demonstration units by December 31, 2021 and committed to certain performance minimums which have not been met. However, QT Imaging continues to work with Freedom Ventures in Egypt, Kuwait, and the UAE and has not set up alternate distribution arrangements in the other countries.

Under the Freedom Ventures Distribution Agreement, QT Imaging appointed Freedom Ventures as the exclusive distributor of QT Imaging products in the defined territory and agreed to sell Freedom Ventures components or manufactured machines. QT Imaging has the right to set prices for such components or machines and agrees to pay Freedom Ventures a commission for machines Freedom Ventures sells in the territory. In addition, under the terms of the Freedom Ventures Distribution Agreement, Freedom Ventures agreed to market, sell, distribute, and support the QT Imaging products in the territory, as well as secure regulatory approval required to do so.

The Freedom Ventures Distribution Agreement had an initial five-year term. Each party has the right to terminate the Freedom Ventures Distribution Agreement for cause, with QT Imaging also having the right to terminate if Freedom Ventures breaches its payment obligations; and Freedom Ventures having the right to terminate if QT Imaging breaches its quality standards; and either party having the right to terminate if the other party becomes the subject of a voluntary or involuntary petition in bankruptcy or proceedings relating to insolvency, receivership, liquidation, or composition for the benefit of creditors; or the other party is merged or consolidated, sells all or substantially all of its assets, or is subject to any substantial change in management or control. Either party may terminate the Freedom Ventures Distribution Agreement if QT Imaging has not received within 18 months of entry into the Freedom Ventures Distribution Agreement the CE Mark, which has not occurred.

Sales Agent Agreement with NXC Imaging

On May 31, 2023, QT Imaging entered into a confidential Sales Agent Agreement with NXC Imaging (“***NXC***”), a wholly owned subsidiary of Canon Medical Systems USA, Inc. (the “***NXC Agreement***”), pursuant to which QT Imaging appointed NXC as the non-exclusive agent for the sale of QT Imaging products and services in non-exclusive territories: the U.S., U.S. territories, and U.S. Department of Defense installations. Pursuant to the NXC Agreement, NXC is responsible for promotion and sale of the QT Imaging products and services within the designated territory, as well as servicing the QT Imaging products sold by NXC Imaging.

The initial term of the NXC Agreement is for three years. Either party may terminate the NXC Agreement if the counterparty breaches the agreement. NXC has the right to terminate the NXC Agreement if QT Imaging fails to pay

QT Imaging and NXC may each terminate the NXC Agreement at any time, with or without cause, by providing a 90 day written notice to the other party.

Pursuant to the terms of the Registration Rights Agreement, the Combined Company will be obligated to file one or more registration statements to register the resales of Combined Company Common Stock held by such Holders after the Closing. In addition, pursuant to the terms of the Registration Rights Agreement and subject to certain requirements and customary conditions, such Holders may demand at any time or from time to time, that the Combined Company file a registration statement on Form S-3 (or any similar short-form registration which may be available) to register the resale of the registrable securities of the Combined Company held by such Holders. The Registration Rights Agreement will also provide such Holders with "piggy-back" registration rights, subject to certain requirements and customary conditions.

Under the Registration Rights Agreement, the Combined Company will indemnify such Holders and certain persons or entities related to such Holders such as their officers, employees, directors, and agents against any losses or damages resulting from any untrue or alleged untrue statement, or omission or alleged omission, of a

material fact in any registration statement or prospectus pursuant to which the Holders sell their registrable securities, unless such liability arose from such Holder's misstatement or alleged misstatement, or omission or alleged omission, and the Holders including registrable securities in any registration statement or prospectus will indemnify the Combined Company and certain persons or entities related to the Combined Company such as its officers and directors and underwriters against all losses caused by their misstatements or omissions (or alleged misstatements or omissions) in those documents. See "*Other Agreements-Registration Rights Agreement*."

See "*Other Agreements-Lock-Up Agreement*."

September 2023 Non-Redemption Agreements

In September 2023, GigCapital5 and QT Imaging entered into separate definitive agreements with the September 2023 NRA Stockholders pursuant to which the September 2023 NRA Stockholders agreed not to redeem or to reverse any previously submitted redemption demands, in connection with the Third Extension Amendment with respect to the aggregate number of 2,042,903 shares of the GigCapital5 Common Stock. In consideration of the foregoing, QT Imaging agreed to issue to the September 2023 NRA Stockholders immediately prior to and substantially concurrently with the Closing, that number of shares of QT Imaging Common Stock equal to the total of 306,435 shares of the GigCapital5 Common Stock. The QT Imaging Common Stock will be issued directly to the September 2023 NRA Stockholder in book-entry form on the books and records of the Combined Company, and the GigCapital5 Common Stock into which the QT Imaging Common Stock convert at the Closing will be issued directly to the September 2023 NRA Stockholders in book-entry form on the books and records of the Company's transfer agent in accordance with the terms of the Business Combination Agreement. One of the September 2023 NRA Stockholders is Meteora Capital Partners, LP, which has an economic interest in the Sponsor. The non-redeemed GigCapital5 Common Stock held by the September 2023 NRA Stockholders will not be subject to any other transfer restrictions than those described in the September 2023 Non-Redemption Agreements.

Certain Engagements in Connection with the Business Combination and Related Transactions

The Representatives, Wells Fargo and William Blair, were originally engaged by GigCapital5 to act as the underwriters for the GigCapital5 IPO and as such, were entitled to deferred underwriting fees in the amount of \$9.2 million upon the consummation of a business combination. Of this amount, Wells Fargo was entitled to \$6,440,000 in deferred underwriting fees, and William Blair to the remaining \$2,760,000. On March 20, 2023, Wells Fargo formally waived in writing any entitlement to the deferred underwriting fee in respect of the proposed Business Combination. Wells Fargo did not provide a reason for the fee waiver and we did not engage in any dialogue with them regarding the waiver, despite Wells Fargo having performed all its obligations under the underwriting agreement. Wells Fargo was not provided, and will not be provided, from any source, any

consideration in exchange for its waiver of its entitlement to the payment of the deferred underwriting fees or with respect to any agreements, arrangements or understandings between Wells Fargo and any party with respect to the waiver.

The above-noted waiver from Wells Fargo does not affect the entitlement of William Blair upon the consummation of the proposed Business Combination to a deferred underwriting fee pursuant to the terms of the underwriting agreement entered into in conjunction with the GigCapital5 IPO.

Nasdaq Listing

The GigCapital5 Common Stock are currently listed on Nasdaq under the symbol "GIA," and from now until the Closing of the Merger, the GigCapital5 Units and the Warrants trade at the OTC under the symbols "GIA.U" and "GIA.WS," respectively. Comparison of Stockholders' Rights

There are certain differences in the rights of GigCapital5 stockholders prior to the proposed Business Combination and after the proposed Business Combination. See "*Comparison of Stockholders' Rights*."

Summary Risk Factors

You should consider all the information contained in this proxy statement/prospectus in deciding how to vote for the Proposals presented in this proxy statement/prospectus. In particular, you should consider the risk factors described under "*Risk Factors*." Such risks include, but are not limited to:

Risks related to QT Imaging's business and industry, including that:

- QT Imaging is a development-stage company with limited operating history and significant losses since inception which may make it difficult to evaluate prospects for its future viability and predict our future performance. QT Imaging, and following the Closing, the Combined Company, may never be able to effectuate its business plan or achieve any meaningful revenue or reach profitability. Therefore, at this stage of its business, potential investors have a high probability of losing their entire investment.
- QT Imaging's independent registered public accounting firm has expressed doubt about the company's ability to continue as a going concern.
- QT Imaging is highly dependent on the successful development, marketing and sale of our breast imaging device and on other products which are still in the development stage.
- The industry that QT Imaging is a part of is highly competitive and is subject to technological change, which may result in new products or solutions that are superior to the technology or other future products QT Imaging, and following the Closing, the Combined Company, may bring to market from time to time.
- QT Imaging, and following the Closing, the Combined Company, could become subject to product liability claims, product recalls, and warranty claims that could be expensive, divert management's attention and harm its business reputation and financial results.
- QT Imaging does not expect to carry any business interruption insurance or any other insurance (except for director and officer, property and product liability insurance). As a result, QT Imaging, and following the Closing, the Combined Company, may incur uninsured losses, increasing the possibility that you would lose your entire investment in the company.

- The management team of QT Imaging has limited experience in managing a public company.
 - The Combined Company will be subject to extensive government regulation, which could restrict the development, marketing, sale and distribution of its products and services, and could cause it to incur significant costs.
 - QT Imaging, and following the Closing, the Combined Company, may not receive, or may be delayed in receiving, the necessary clearances or approvals for its future products, and failure to timely obtain necessary clearances or approvals for its future products would adversely affect its ability to grow the business.
 - QT Imaging's products must be manufactured in accordance with federal, state and foreign regulations, and QT Imaging, and following the Closing, the Combined Company, could be forced to recall its devices or terminate production if it fails to comply with these regulations.
 - Legislative or regulatory reforms in the United States or the EU may make it more difficult and costly for QT Imaging, and following the Closing, the Combined Company, to obtain regulatory clearances or approvals for its products or to manufacture, market or distribute its products after clearance or approval is obtained.
 - Claims that QT Imaging's technology or future products or the sale or use of its future products infringe the patents or other intellectual property rights of third parties could result in costly litigation or could require substantial time and money to resolve, even if litigation is avoided.
 - The rights of QT Imaging, and following the Closing, the Combined Company, to develop and commercialize the company's products may be subject to the terms and conditions of licenses and sublicenses granted to it by third parties.
 - The Combined Company intends to use a portion of the proceeds from the proposed Business Combination to build up the sales and marketing organization. If the Combined Company is unable to establish satisfactory sales and marketing capabilities, it may not be able to successfully commercialize the QT Breast Scanner (as defined below) or products under development.
- Risks relating to the proposed Business Combination, including that:
- The Public Stockholders will experience immediate dilution as a consequence of the issuance of the Combined Company Common Stock as consideration in the proposed Business Combination, and will experience additional dilution following the Closing in the event of future issuances pursuant to the Equity Incentive Plan, the exercise of the Assumed Warrants, and the exercise of the Warrants and the Private Placement Warrants.
 - The market price of shares of Combined Company Common Stock after the proposed Business Combination may be affected by factors different from those currently affecting the prices of shares of GigCapital5 Common Stock.
 - GigCapital5 has not obtained an opinion from an independent investment banking firm, and consequently, there is no assurance from an independent source that the merger consideration is fair to its stockholders from a financial point of view.
 - If the proposed Business Combination's benefits do not meet the expectations of financial analysts, the market price of Combined Company Common Stock may decline.
 - There can be no assurance that the Combined Company Common Stock will be approved for listing on the Nasdaq or that the Combined Company will be able to comply with the continued listing standards of the Nasdaq.

- The consummation of the proposed Business Combination is subject to a number of conditions and if those conditions are not satisfied or waived, the Business Combination Agreement may be terminated in accordance with its terms and the proposed Business Combination may not be completed.
- The parties to the Business Combination Agreement may amend the terms of the Business Combination Agreement or waive one or more of the conditions to the proposed Business Combination, and the exercise of discretion by our directors and officers in agreeing to changes to the terms of or waivers of closing conditions in the Business Combination Agreement may result in a conflict of interest when determining whether such changes to the terms of the Business Combination Agreement or waivers of conditions are appropriate and in the best interests of our stockholders.
- Termination of the Business Combination Agreement could negatively impact QT Imaging and GigCapital5.
- The unaudited pro forma condensed combined financial information included in this proxy statement/prospectus is preliminary and the actual financial condition and results of operations after the proposed Business Combination may differ materially.
Risks relating to redemption, including that:
 - If third parties bring claims against GigCapital5, the proceeds held in the Trust Account could be reduced and the per share redemption amount received by stockholders may be less than the \$10.10 per share deposited into the Trust Account following the GigCapital5 IPO.
 - Our independent directors may decide not to enforce the indemnification obligations of our Sponsor, resulting in a reduction in the amount of funds in the Trust Account available for distribution to our Public Stockholders.
 - If Public Stockholders fail to comply with the redemption requirements specified in this proxy statement/prospectus, they will not be entitled to redeem their Public Shares for a pro rata portion of the funds held in the Trust Account.
 - Unlike some other blank check companies, GigCapital5 is not subject to a specified maximum redemption threshold. The absence of such a redemption threshold will make it easier for GigCapital5 to consummate the proposed Business Combination even if a substantial number of our stockholders redeem.

Information about GigCapital5

GigCapital5 is a blank check company incorporated on January 19, 2021, as a Delaware corporation and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, or similar business combination with one or more businesses. Our efforts to identify a prospective target business were focused on identifying businesses in the technology, media, and telecommunications, aerospace and defense, advanced medical equipment, intelligent automation and sustainable industries, although were not limited to a particular industry or geographic region. Prior to executing the Business Combination Agreement, our efforts were limited to organizational activities, completion of our initial public offering and the evaluation of possible business combinations. We have neither engaged in any operations nor generated any revenue to date. Based on our business activities, we are a “shell company” as defined under the Exchange Act because we have no operations and nominal assets consisting almost entirely of cash.

The GigCapital5 Common Stock are currently listed on Nasdaq under the symbol “GIA,” and from now until the Closing of the Merger, the GigCapital5 Units and the Warrants trade at the OTC under the symbols “GIA.U” and “GIA.WS,” respectively. GigCapital5 currently maintains its executive offices at 1731 Embarcadero Rd., Suite 200, Palo Alto, CA 94303 and GigCapital5’s telephone number is (650) 276-7040.

As of September 30, 2023, GigCapital5 had a working capital deficit of \$8,801,584. Further, GigCapital5 has incurred and expects to continue to incur significant costs in pursuit of its financing and acquisition plans, including the Business Combination Agreement. GigCapital5 cannot assure you that its plans to raise capital or to consummate an initial business combination, including pursuant to the Business Combination Agreement, will be successful. These factors, among others, raise substantial doubt about its ability to continue as a going concern. The financial statements contained elsewhere in this proxy statement/prospectus do not include any adjustments that might result from its inability to consummate the proposed Business Combination or its inability to continue as a going concern.

SELECTED UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following selected unaudited pro forma condensed combined financial data (the "selected pro forma information") gives effect to the proposed Business Combination and other events contemplated by the Business Combination Agreement as described in the section entitled "Unaudited Pro Forma Condensed Combined Financial Information" included in this proxy statement/prospectus. On December 8, 2022, GigCapital5 executed the Business Combination Agreement, which was subsequently amended by that certain First Amendment to Business Combination Agreement on May 5, 2023, that certain Second Amendment to Business Combination Agreement on September 21, 2023, that certain Third Amendment to Business Combination Agreement on November 10, 2023, and that certain Fourth Amendment to Business Combination Agreement on November 22, 2023. Pursuant to the terms of the Business Combination Agreement, GigCapital5 will acquire QT Imaging through the statutory merger of QTI Merger Sub with and into QT Imaging, with QT Imaging surviving the merger as a wholly owned subsidiary of GigCapital5. The Aggregate Closing Merger Consideration of 14,977,442 shares will be calculated as the Aggregate Closing Merger Consideration Value of approximately \$149.8 million divided by \$10.00 per share, less the Aggregate Excess QT Imaging Transaction Expenses Shares less the number of shares of GigCapital5 Common Stock that are not redeemed pursuant to the terms of the November 2023 Non-Redemption Agreements. At the Effective Time of the proposed Business Combination, each share of QT Imaging Common Stock will be canceled and converted into the right to receive a number of shares of GigCapital5 Common Stock equal to the Exchange Ratio, calculated in accordance with the terms of the Business Combination Agreement. The Exchange Ratio is currently estimated to be approximately [●].

The Merger is expected to be accounted for as a reverse recapitalization in accordance with GAAP because QT Imaging has been determined to be the accounting acquirer under all redemption scenarios presented. The unaudited pro forma condensed combined financial information was derived from and should be read in conjunction with the following historical financial statements and the accompanying notes, which are included elsewhere in this proxy statement/prospectus. The unaudited pro forma condensed combined balance sheet as of December 31, 2022 combines the historical audited consolidated balance sheet of QT Imaging with the historical audited balance sheet of GigCapital5 on a pro forma basis as if the Merger and the other events contemplated by the Business Combination Agreement, summarized below, had been consummated on December 31, 2022. The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2022 combines the historical audited consolidated statement of operations of QT Imaging for the fiscal year ended December 31, 2022 and the historical audited statement of operations of GigCapital5 for the year ended December 31, 2022, giving effect to the transaction as if the Merger and other events contemplated by the Business Combination Agreement had been consummated on January 1, 2022.

The selected pro forma information has been derived from, and should be read in conjunction with, the unaudited pro forma condensed combined financial information of the Combined Company appearing elsewhere in this proxy statement/prospectus and the accompanying notes, in the section titled "Unaudited Pro Forma Condensed Combined Financial Information." The unaudited pro forma condensed combined financial information is derived from, and should be read in conjunction with, the historical financial statements of GigCapital5 and QT Imaging and related notes included elsewhere in this proxy statement/prospectus. The selected pro forma information has been presented for informational purposes only and is not necessarily indicative of what the Combined Company's financial position or results of operations actually would have been had the Merger and the other transactions contemplated by the Business Combination Agreement been completed as of the dates indicated. In addition, the selected pro forma information does not purport to project the future financial position or operating results of the Combined Company. GigCapital5 and QT Imaging have not had any historical relationship prior to the Merger. Accordingly, no pro forma adjustments were required to eliminate activities between the companies.

The unaudited pro forma condensed combined financial information has been prepared in accordance with Article 11 of Regulation S-X as amended by the final rule, Release 33-10786 "Amendments to Financial Disclosures about Acquired and Disposed Businesses." The adjustments reflected in the selected pro forma information have been identified and presented to provide relevant information necessary for an accurate

understanding of the Combined Company upon consummation of the Merger, the Stock Subscription Financing, the Yorkville Financing and other transactions.

The following table presents the selected pro forma information after giving effect to the Merger and other events contemplated by the Business Combination Agreement and the September 2022 Partial Redemption, March 2023 Partial Redemption and the September 2023 Partial Redemption presented under the following eight scenarios.

- **Assuming No Additional Redemptions and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that no other GigCapital5 Public Stockholders exercise their Redemption Rights with respect to the outstanding GigCapital5 Common Stock and that 2,114,978 shares of GigCapital5 Common Stock remain outstanding after the completion of the Merger. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming 50% Redemption and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that holders of an additional 1,057,489, or 50% of the remaining shares outstanding held by GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$11.5 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming 75% Redemption and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that holders of an additional 1,586,234, or 75% of the remaining shares outstanding held by GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$17.2 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming Maximum Redemption and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that GigCapital5 Public Stockholders holding the remaining shares of GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$22.9 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.

At this time, GigCapital5 does not expect the Sponsor to exercise its right to convert Working Capital Notes into additional Private Placement Units at the Closing. However, as the Sponsor has a right to so convert up to \$1,500,000 in principal of Working Capital Notes, it is providing four additional scenarios that present the effect of such a conversion if it were to occur as of September 30, 2023:

- **Assuming No Additional Redemptions plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that no other GigCapital5 Public Stockholders exercise their Redemption Rights with respect to the outstanding GigCapital5 Common Stock and that 2,114,978 shares of GigCapital5 Common Stock remain outstanding after the completion of the Merger. This scenario also assumes all Working Capital Notes are converted to additional Private Placement Units at the Closing.
- **Assuming 50% Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that holders of an additional 1,057,489, or 50% of the remaining shares outstanding held by GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$11.5 million. This scenario also assumes all GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.

- **Assuming 75% Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that holders of an additional 1,586,234, or 75% of the remaining shares outstanding held by GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$17.2 million. This scenario also assumes all the GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.
- **Assuming Maximum Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that GigCapital5 Public Stockholders holding the remaining 2,114,978 remaining shares of GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$22.9 million. This scenario also assumes all GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.

Under the 50% Redemptions, 75% Redemptions, and Maximum Redemptions scenarios, the pro forma financials assume a \$10.83 per share redemption amount as of September 30, 2023. This amount is the result of dividing the total number of Public Shares into the balance of the Trust Account adjusted for additional extension payments deposited or expected to be deposited through the Closing, plus any accrued interest on the Trust Account, as of September 30, 2023.

The following summarizes the pro forma shares of Combined Company Common Stock issued and outstanding immediately after the Merger under the eight scenarios (after giving effect to the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption):

RISK FACTORS

In addition to the other information contained in this proxy statement/prospectus, including the matters addressed under the heading “Cautionary Note Regarding Forward-Looking Statements and Risk Factor Summary,” you should carefully consider the following risk factors in deciding how to vote on the proposals presented in this proxy statement/prospectus. The risk factors described below are not intended to be exhaustive and are not the only risks facing us. Additional risks not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition, results of operations and cash flows in future periods or are not identified because they are generally common to businesses. The occurrence of one or more of the events or circumstances described in these risk factors, alone or in combination with other events or circumstances, may adversely affect our ability to complete or realize the benefits of the proposed Business Combination, and may have a material adverse effect on the business, cash flow, financial condition and results of operations of the Combined Company following the proposed Business Combination. The following discussion should be read in conjunction with the respective financial statements of GigCapital5 and QT Imaging, and the notes to the financial statements included therein.

Risks Related to QT Imaging’s Business, Financial Condition and Need for Additional Capital

Unless the context clearly indicates otherwise, all references in this subsection to “the Company,” “we,” “us” or “our” refer to the business of QT Imaging prior to the Closing and to the business of the Combined Company following the Closing. The occurrence of one or more of the events or circumstances described in these risk factors, alone or in combination with other events or circumstances, may have a material adverse effect on the business, financial condition, results of operations, cash flows and future prospects of the Combined Company, in which event the market price of the Combined Company Common Stock could decline, and you could lose part or all of your investment.

Risks Related to Our Business, Financial Condition, and Need for Additional Capital

We are a development-stage company with limited operating history and significant losses since inception which may make it difficult to evaluate prospects for our future viability and predict our future performance. We may never be able to effectuate our business plan or achieve any meaningful revenue or reach profitability.

We have a limited operating history and only a preliminary and unproven business plan upon which investors may evaluate our prospects. We have not yet demonstrated the commercial viability of our breast imaging technology platform. Although we have produced working prototypes of our product—QT Scanner 2000 Model A, (the “**QT Breast Scanner**”) and have devices currently deployed at facilities in the United States and abroad, we have not demonstrated scale of deployment and manufacturing necessary to achieve commercial viability despite having clearance from the FDA for breast imaging with the QT Breast Scanner. Even if we are able to do so, we may not be able to manufacture the QT Breast Scanner device at the costs needed to support our business model. Even if we are able to commercialize some of our products or product candidates, there can be no assurance that we will generate significant revenues or ever achieve profitability. We expect to continue to incur significant sales and marketing, research and development, regulatory and other expenses as we expand our marketing efforts to increase adoption of our products, expand existing relationships, obtain regulatory approvals for our product candidates, conduct clinical studies on our existing and planned product candidates and develop new product candidates or add new features to our existing products. While we have two international distribution agreements, there is no assurance that our distribution partners will succeed in selling and servicing devices in sufficient volumes to help the company meet its business plan, revenue objectives or profitability.

Furthermore, even if our technology and product become commercially viable and deployed at scale, we may not generate sufficient revenue necessary to support our business. We estimate that effectively stimulating market interest in our QT Breast Scanner will require deploying at least 5 devices in clinical use. We may never achieve these thresholds for devices deployed in the near-to-mid-term at any level or at all, which may cause our

business to fail. The Medical Scan as a Service model is based on selling the QT Breast Scanner at low or no initial cost using a per-scan pricing structure, which is pioneering for medical imaging companies and is subject to numerous risks. The medical imaging industry is also highly competitive, and our technology, products, services or business models may not achieve widespread market acceptance. If we are unable to address any issues mentioned above, or encounter other problems, expenses, difficulties, complications, and delays in connection with the starting and expansion of our business, our entire business may fail, in which case you may lose your entire investment.

We have a history of net losses and negative cash flow from operations since inception and we expect such losses and negative cash flows from operations to continue in the foreseeable future. As of September 30, 2023 and December 31, 2022, we had a working capital deficit of \$1.6 million and working capital of \$4.1 million, respectively, and an accumulated deficit of approximately \$16.3 million and \$11.7 million, respectively. For the nine months ended September 30, 2023 and 2022, we incurred net losses of approximately \$4.6 million and \$4.4 million, respectively. For the nine months ended September 30, 2023 and 2022, we used cash in operations of \$2.0 million and \$2.8 million, respectively. We anticipate our losses will continue to increase from current levels because we expect to incur additional costs related to developing our business, including research and development costs, manufacturing costs, employee-related costs, costs of complying with government regulations, intellectual property development and prosecution costs, marketing and promotion costs, capital expenditures, general and administrative expenses, and costs associated with operating as a public company.

Our ability to generate revenue from our operations and ultimately achieve profitability will depend on factors including but not limited to whether we can complete the development and commercialization of our QT Breast Scanner breast imaging technology and our future products, whether we can manufacture the QT Breast Scanner and future products on a commercial scale in such amounts and at such costs as we anticipate, and whether we can achieve market acceptance of our products, services and business models. In addition, we expect our selling, general and administrative expenses to increase following the proposed Business Combination due to the additional costs associated with being a public company. The net losses that we incur may fluctuate significantly from period to period. As a result of these increased expenditures, we will need to generate significant additional revenue in order to offset our operating expenses and achieve and sustain profitability. Accordingly, we may not achieve or maintain profitability, and we may continue to incur significant losses in the future. Even if we achieve profitability, we cannot be sure that we will remain profitable for any substantial period of time. If we do not achieve or sustain profitability, it will be more difficult for us to finance our business and accomplish our strategic objectives, either of which would have a material adverse effect on our business, financial condition, results of operations and prospects and may cause the market price of Combined Company Common Stock to decline.

We may not be able to successfully execute our business model.

We are a company with limited operating history and we may not have the necessary resources, expertise and experience to successfully execute our business model on a global scale, such as obtaining the necessary approvals or clearances from the regulatory agencies of our target markets. Our ability to execute our model is dependent on a number of factors, including the ability of our senior management team to execute our model, our ability to incentivize, train and support international distribution partners in different geographic regions, our ability to begin or maintain our pace of product development, manufacturing and commercialization, our ability to meet the changing needs of the medical imaging market, and the ability of our employees to perform at a high-level. If we are unable to execute our model, or if our model does not drive the growth that we anticipate, or if our market opportunity is not as large as we have estimated, it could adversely affect our business and our prospects.

We have a limited operating history. If we successfully commercially launch the QT Breast Scanner, products under development that are cleared by the FDA and other regulatory agencies, and they do not achieve widespread market acceptance, we will not be able to generate the revenue necessary to support our business.

We have a limited operating history and have no history of successfully marketing our breast-imaging technology, the QT Breast Scanner or any other product using our 3D transmission ultrasound technology. We may fail to generate significant interest in the QT Breast Scanner, or other imaging products using our technology, or services like Medical Scan as a Service. These and other factors, including the following, may affect the rate and level of market acceptance:

- effectiveness of the sales and marketing efforts of us, and our international distribution partners;
- perception by medical professionals and patients of the convenience, safety, efficiency and benefits of the QT Breast Scanner or products under development using our technology, compared to competing methods of medical imaging;
- opposition from certain industry leaders, which may limit our ability to promote the QT Breast Scanner or products under development that are cleared by the FDA and other regulatory agencies, or Medical Scan as a Service, and to penetrate into the medical imaging market in certain geographical areas;
- the level of commitment and support that we receive from our partners, such as cloud storage providers, as well as medical professionals such as radiologists;
- willingness of market participants to accept the Medical Scan as a Service model;
- the changing and volatile U.S. and global economic environments, including as a result of the COVID-19 pandemic;
- timing of market introduction of competing products, and the sales and marketing initiatives of such products;
- press and blog coverage, social media coverage, and other publicity and public relations factors by others;
- lack of financing or other resources to successfully develop and commercialize our technology and implement our business plan; and
- coverage determinations and reimbursement levels of third-party payors.

If cleared or approved for marketing by the FDA or other regulatory agencies, depending on the approved clinical indication, the QT Breast Scanner and products under development will be competing with existing and future imaging products and similar offerings. The technology underlying the QT Breast Scanner may be perceived as inferior or inaccurate and patients may be unwilling to undergo medical screening using the QT Breast Scanner or other products under development using our technology. Moreover, patients and medical professionals may be unwilling to depart from the current medical imaging technology. Medical professionals tend to be slow to change their medical diagnostic practices because of perceived liability risks arising from the use of new technology or products, and they may not recommend medical imaging using the QT Breast Scanner or other products under development using our technology until there is long-term clinical evidence to convince them to alter or modify their existing imaging methods. Our efforts to educate patients, radiologists and other members of the medical community on the benefits of our products require significant resources and may not be successful. Our efforts to educate the marketplace may require more resources than are required by conventional technologies marketed by our competitors. In particular, gaining market acceptance for our products in nascent markets, such as China, India, and certain countries in Africa and Latin America, could be challenging. Moreover, in the event that the QT Breast Scanner or other products under development using our technology are the subject of guidelines, clinical studies or scientific publications that are unfavorable or damaging, or otherwise call into question their benefits, we may have difficulty in convincing market participants to adopt our products. In addition, medical professionals, patients, providers of medical imaging services and third-party payors may not adopt or reimburse the use of the QT Breast Scanner or products under development in the near term or at all.

If we are unable to achieve or maintain an adequate level of market acceptance, we may not generate significant revenue or become profitable and our business, financial condition, results of operations and prospects would be significantly harmed.

The success of our business model is subject to numerous risks and uncertainties.

We expect sales to hospitals, academic medical centers, cancer centers, and imaging centers to be our primary business model. We also expect to develop a Medical Scan as a Service model and deploy devices that may generate no direct sales revenue, but will incur manufacturing and other deployment costs that we will have to absorb with no assurance that the Medical Scan as a Service model will generate sufficient revenues over time to recover our manufacturing and deployment costs and the cost to service and maintain the devices. Even if we are able to successfully implement our Medical Scan as a Service model, the sustainability of our general business plan depends substantially on the sustainability of direct sales of devices and sales of service and disposable products to our customers, and on the efforts of our distribution partners. We believe that effectively engaging market interest in our QT Breast Scanner device will require deploying a large number of at least 70 devices on commercially reasonable terms. The success of our Medical Scan as a Service model will also depend on each device, once deployed, performing a sufficient number of scans per day to be fully utilized. We may not be successful in achieving these goals for various reasons, including:

- the process of manufacturing and deploying the QT Breast Scanner and our products under development is a complex, multi-step process that depends on factors outside our control, and could cause us to expend significant time and resources prior to earning associated revenues;
- the manufacturing cost of the QT Breast Scanner and our products under development may be higher than we expect, may increase significantly, or may increase at a higher rate than anticipated, and we may not be able to set or timely adjust our Medical Scan as a Service pricing to compensate for any increased costs;
- the manufacturing of the QT Breast Scanner and our future products may take longer than we expected, and we may have insufficient manufacturing capacity and experience delays in manufacturing and deployment, which would have a negative impact on the timing of our revenues;
- deployment and full utilization of the QT Breast Scanner may not be achieved if insurance and other reimbursements and patient co-pays are not sufficient to defray costs incurred in providing and interpreting scans by hospital imaging centers, cancer centers or other women's health-care centers that purchase our devices and services, and we may not be able to sustain these relationships unless our devices can be profitable to these providers;
- a QT Breast Scanner device may perform fewer scans per day than our estimates due to a number of factors, including low market acceptance rate, technical failures and downtime, service disruptions, outages or other performance problems, which would have a negative impact on our revenues and our ability to recover costs;
- as part of the Medical Scan as a Service model, we will be responsible for maintenance of the QT Breast Scanner devices we deploy, which may be more costly and time-consuming than we expect;
- our customers may not be able to find or retain a sufficient number of radiologists to review the images generated by the QT Breast Scanner device especially as we deploy additional systems and the volume of scans increases;
- our Medical Scan as a Service pricing may not be sufficient to recover our costs and may not be adjusted in a timely manner, which could negatively affect our revenues or cause our revenues and results of operations to vary significantly from period to period;
- we have not determined a target price per scan, and when we do, we may be unsuccessful in maintaining our target price because we do not control the price charged by local operators and higher prices may adversely affect market acceptance of the QT Breast Scanner device; and

[Table of Contents](#)

- regulatory authorities may challenge our Medical Scan as a Service model altogether, and impose significant civil, criminal, and administrative penalties, damages, fines, and/or exclusion from government funded healthcare programs, which could adversely affect our revenues and results of operations.

Any of the above factors may negatively affect the successful commercialization and implementation of our business model, causing our business to fail.

QT Imaging's independent registered public accounting firm has expressed doubt about its ability to continue as a going concern.

Based on QT Imaging's recurring losses and expectations to incur significant expenses and negative cash flows for the foreseeable future, QT Imaging's independent registered public accounting firm has included an explanatory paragraph in its report on our consolidated financial statements as of December 31, 2022 and for the year then ended expressing substantial doubt about QT Imaging's ability to continue as a going concern. If the proposed Business Combination is not completed, we will require significant additional funding to continue our operations. If we are unable to continue as a going concern, we may be forced to liquidate our assets and the values we receive for our assets in liquidation or dissolution could be significantly lower than the values reflected in our financial statements.

The proceeds received in the proposed Business Combination will only fund operations for a limited time and we will need to obtain additional financing to continue operations and execute our business plans. If we are unable to obtain such financing, we may be unable to complete the development and commercialization of our technology and our products and services.

Our operations have consumed substantial amounts of cash since inception. Our net losses were \$4,588,900 and \$6,256,068 for the nine months ended September 30, 2023 and for the year ended December 31, 2022, respectively. In addition, significant resources were invested in the development of our QT Breast Scanner breast imaging technology prior to our June 2012 acquisition of the assets of TechniScan, a currently inactive medical device company based in Utah. Following the purchase of the TechniScan assets, QT Imaging completed the clinical trials needed to obtain FDA clearance. Approximately \$39 million was invested in TechniScan (including \$15.2 million in grants from the U.S. National Institutes of Health). Approximately \$87 million has been invested in QT Imaging since 2012 to fund asset acquisitions, product development, clinical trials, and FDA clearances.

We anticipate that our future cash requirements will continue to be significant and we will need to obtain additional financing beyond that being provided by the proposed Business Combination to implement our business plan as described in this proxy statement/prospectus. Specifically, we may need to raise additional funds to complete the manufacture, shipping, installation and deployment of the QT Breast Scanner breast imaging product, as well as to support the continued research and development of this product and the development of other imaging products and product candidates for infant and orthopedic imaging applications, and to build contingencies for unforeseen events. Such financings could include equity financing, which may be dilutive to stockholders, or debt financing, which would likely restrict our ability to borrow from other sources. In addition, such securities may contain rights, preferences or privileges senior to those of the rights of the stockholders of the Combined Company upon the Closing. Additional funds may not be available when we need them, on terms attractive to us, or at all.

If adequate funds are not available on a timely basis, we may be required to curtail the development of our technology, products or services, or materially delay, curtail, reduce or terminate our research and development and commercialization activities. We could be forced to sell or dispose of our rights or assets. Any inability to raise adequate funds on commercially reasonable terms could have a material adverse effect on our business, financial condition, results of operation and prospects, including the possibility that a lack of funds could cause our business to fail and liquidate with little or no return to investors.

We are highly dependent on the successful development, marketing and sale of our breast imaging device and on other products and product candidates which are still in the development stage.

Our breast imaging technology is the basis of our business. The QT Breast Scanner is currently deployed in a limited number of cancer and other health centers, and is undergoing field testing and broad acceptance is uncertain. As a result, the success of our business plan is highly dependent on acceptance of our products, and on our ability to develop, manufacture and commercialize the technology and related products and services and our failure to do so could cause our business to fail. As part of our effort to build the sales and marketing capabilities of QT Imaging, on May 31, 2023, QT Imaging entered into the NXC Agreement, pursuant to which QT Imaging appointed NXC as the non-exclusive agent for the sale of QT Imaging products and services in non-exclusive territories: the U.S., U.S. territories, and U.S. Department of Defense installations. There is no guarantee that the NXC Agreement will result in increased revenue or sales, and there is no guarantee that the NXC Agreement will be successful. Successful commercialization of medical imaging devices is a complex and uncertain process, dependent on the efforts of management, manufacturers, local operators, integrators, medical professionals, third-party payors, as well as general economic conditions, among other factors. Any factor that adversely impacts the development and commercialization of our imaging technology or related products and services, including the QT Breast Scanner, will have a negative impact on our business, financial condition, results of operations and prospects. Some potential factors that could adversely impact the development and commercialization of our imaging technology or related products and services include:

- our inability to achieve sufficient market acceptance by hospitals and clinics, providers of medical imaging services, medical professionals such as radiologists, third-party payors, and others in the medical community;
- our inability to compete with existing medical imaging technology companies with ultrasound, mammography and magnetic resonance imaging (“MRI”) systems, who have well entrenched market-share worldwide and significantly more resources than we do;
- our inability to hire, train and retain qualified sales and marketing personnel;
- our inability to establish, maintain and expand our sales, marketing and distribution networks;
- our inability to obtain and/or maintain necessary regulatory approvals; and
- our inability to effectively protect our intellectual property.

Our inability to successfully obtain additional clearances or approval from the FDA and other regulatory agencies worldwide, and commercialize the QT Breast Scanner and related products and services, and/or successfully develop, secure clearances and approvals, and commercialize additional products or any enhancements to the products which we may develop would have a material adverse effect on our business, financial condition, results of operations and prospects.

Products utilizing our technology may need to be approved or cleared by the FDA and similar regulatory agencies worldwide. We may not receive additional clearances and approvals from the FDA for the QT Breast Scanner, or may be delayed in receiving the necessary approval or clearance for our future products, which would adversely affect business, financial condition, results of operations and prospects.

On October 31, 2018, the FDA granted QT Imaging’s Breakthrough Device designation request (Q181785) for the QT Breast Scanner. Unlike traditional breast imaging modalities, the QT Imaging Breast Scanner has no radiation, no injections, and no compression, potentially offering new opportunities for earlier and more frequent screening for young women at high risk for breast cancer who have no available FDA-cleared screening options. QT Imaging has the following regulatory clearances:

- *“The QT Breast Scanner is for use as an ultrasonic imaging system to provide reflection-mode and transmission-mode images of a patient’s breast. The QT Breast Scanner software also calculates the breast fibroglandular volume and total breast volume. The device is not intended to be used as a replacement for screening mammography”—FDA 510k K162372 and K220933*

- *“The QT Breast Scanner Model 2000A satisfies the requirements of the Certification Mark of the ECM [CE Mark Certification of the European Union]—No. 0P210730.QTUTQ02”*

QT Imaging will be working with the FDA to submit an appropriate pre-market submission. If approved, the device may be legally marketed for use as a breast cancer screening device in younger patients. However, the review process is an iterative process and our initial response may result in further feedback from the FDA. As a result, efforts to achieve required governmental clearances and approvals could be costly and time consuming, and we may not be able to obtain any such required approvals in accordance with our anticipated timeline or in a cost-efficient manner. Any delay or failure to obtain necessary regulatory clearances or approvals could have a material negative impact on our ability to generate revenues. Even if the products containing our technology receive the required regulatory clearance or approval, such products will remain subject to extensive regulatory requirements. If we fail to comply with the regulatory requirements of the FDA and other applicable U.S. and foreign regulatory authorities, or previously unknown problems with any approved commercial products, manufacturers or manufacturing processes are discovered, we could be subject to administrative or judicially imposed sanctions. Even if we obtain FDA approval of our product candidates, or new indications for our products, market acceptance of our products in the healthcare community, including physicians, patients and third-party payors will depend on many factors, including, without limitation: our ability to provide incremental clinical and economic data that shows the safety and clinical efficacy and cost-effectiveness of, and patient benefits from, our products and product candidates; whether our products and product candidates are included on insurance coverage plans; the willingness and ability of patients and the healthcare community to adopt new technologies; the pricing and reimbursement of our products relative to other products; and the marketing and distribution support for our products and product candidates.

In addition, the cost of compliance with new laws or regulations governing our technology or future products could adversely affect our business, financial condition, results of operations and prospects. New laws or regulations may impose restrictions or obligations on us that could force us to redesign our technology or other future products or services, and may impose restrictions that are not possible or practicable to comply with, which could cause our business to fail. See *“—Risks Related to Healthcare Industry Shifts and Government Regulation”*

A pandemic, epidemic or outbreak of an infectious disease, such as COVID-19, may materially and adversely affect our business and our financial results and could cause a disruption to the development or deployment of the QT Breast Scanner and products and services under development.

Public health crises such as pandemics or similar outbreaks could adversely impact our business. The COVID-19 pandemic has spread to most countries across the world, and all 50 states within the U.S. The COVID-19 pandemic is evolving, and to date has led to the implementation of various responses, including government-imposed quarantines, travel restrictions and other public health safety measures. The COVID-19 pandemic has adversely impacted our operations in various ways including a complete shutdown of our primary manufacturing facility and office location in California. In the future, we may not be able to complete our clinical trials and other studies in a timely manner, and our engineers may be unable to make work-related trips to our supplier, customer or distribution partner locations worldwide. Our potential business partners and suppliers may be unable to make on-site visits to our facilities or attend meetings to experience improvements and enhancements in the QT Breast Scanner and other products under development and Medical Scan as a Service, which will negatively impact our business development and deployment activities. The extent to which the COVID-19 pandemic impacts our operations or those of our third-party partners will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the duration of any new outbreak, new information that will emerge concerning the severity of the coronavirus and the actions to contain the coronavirus or treat its impact, among others. The continued spread of COVID-19 globally or other future pandemics could adversely impact our development, manufacture or deployment of the QT Breast Scanner and our Medical Scan as a Service, which could adversely affect our ability to obtain regulatory approval for and to commercialize the QT Breast Scanner and products under development and our Medical Scan as a Service, increase our operating expenses and have a material adverse effect on our financial results. Any of these factors, and other factors related to any such disruptions that are unforeseen, could have a material adverse effect on our

business and our results of operations and financial condition. Further, uncertainty around these and related issues could lead to adverse effects on the economy of the United States and other economies around the world, which could impact our ability to raise the necessary capital needed to develop and commercialize the QT Breast Scanner and products under development and our Medical Scan as a Service.

Our industry is highly competitive and is subject to technological change, which may result in new products or solutions that are superior to our technology or other future products we may bring to market from time to time.

The medical imaging industry is rapidly evolving and subject to intense and increasing competition. To compete successfully and to be able to establish and maintain a competitive position in current and future technologies, we will need to demonstrate the advantages of our technology over well-established alternative solutions, products and technologies, such as Hand-Held Ultrasound (“*HHUS*”), Automatic Breast Ultrasound (“*ABUS*”), mammography and MRI, as well as newer methods of medical imaging and early detection. We believe that effectively engaging market interest for the QT Breast Scanner, our Medical Scan as a Service and products under development will require deploying at least 70 devices. To achieve this, we will need to raise or develop financial resources, technical expertise, marketing, distribution or support capabilities and we may not be successful in doing so. Many of our current and potential competitors have substantially greater financial, manufacturing, marketing and technical resources than we do. Larger competitors may have substantially larger sales and marketing operations than we or our partners have or plan to have and may have greater name recognition. This may allow those competitors to spend more time with potential customers and to focus on a larger number of potential customers, which would give them a significant advantage over the sales and marketing team we would use and our international distributors in making sales.

Larger competitors may also have broader product lines, which enable them to offer customers bundled purchase contracts and quantity discounts. These competitors may have more experience than we have in research and development, marketing, manufacturing, preclinical testing, conducting clinical studies, obtaining FDA and foreign regulatory approvals and marketing approved products. Our competitors may discover technologies and techniques, or enter into partnerships and collaborations, to develop competing products that are more effective or less costly than our products or the products we may develop. There can be no assurance that other companies will not succeed in developing or marketing devices and products that are more effective than our technology or products or that would render our technology or products obsolete or noncompetitive. Academic institutions, government agencies, and other public and private research organizations may seek patent protection regarding potentially competitive products or technologies and may establish exclusive collaborative or licensing relationships with our competitors. Our competitors may be better equipped than we are to respond to competitive pressures. Competition will likely intensify. To our knowledge at the time of filing this proxy statement/prospectus, we are not aware of any technologies approved for primary screening clearance by the FDA except for various types of technology related to X-ray mammography.

We expect to depend on third parties to manufacture the QT Breast Scanner and products under development and to supply certain component parts. Our reliance on third-party manufacturers and suppliers involves certain risks that may result in, among others, increased costs, quality or compliance issues, or failure to timely manufacture the QT Breast Scanner and products under development, any of which could materially harm our business.

If cleared, we expect to rely on third-party suppliers for the commercial production of the QT Breast Scanner and products under development. Our current ability to successfully produce the QT Breast Scanner is limited and if our attempts at commercialization and deployment are successful, we will need the resources of well-established contract manufacturers to manufacture the QT Breast Scanner and products under development at scale. We do not currently have any agreements with any contract manufacturers and our business could be materially harmed if we experience demand but are unable to enter into an agreement with a contract manufacturer. In addition, we are dependent on a number of key suppliers for components and sub-assemblies to be able to successfully manufacture the QT Breast Scanner and products under development in limited quantities,

and any disruption in the supply of these components and sub-assemblies will have a material impact on our business. Our dependence on such third-party manufacturers and suppliers involves a number of risks, including:

- insufficient capacity or delays in meeting our demand;
- inadequate manufacturing yields, inferior quality and excessive costs;
- inability to manufacture products that meet the agreed upon specifications;
- inability to obtain an adequate supply of materials;
- inability to comply with the relevant regulatory requirements for the manufacturing process;
- limited warranties on products supplied to us;
- inability to comply with our contractual obligations;
- potential increases in prices; and
- increased exposure to potential misappropriation of our intellectual property.

If any of our manufacturers or suppliers breach their agreements, are unable to meet their contractual or quality requirements, or become unwilling to perform for any reason, we may be unable, or may be unable in a timely manner, to locate alternative acceptable manufacturers or suppliers and enter into favorable agreements with them.

In addition, if we are required to change the manufacturer of a critical component of our products, we will be required to verify that the new manufacturer maintains facilities, procedures and operations that comply with our quality and applicable regulatory requirements, which could further impede our ability to manufacture our products in a timely manner. Transitioning to a new supplier could be time-consuming and expensive, may result in interruptions in our operations and product delivery, could affect the performance specifications of our products or could require that we modify the design of those systems. If the change in manufacturer results in a significant change to any product, a new clearance or approval from the FDA or similar international regulatory authorization may be necessary before we implement the change, which could cause substantial delays. The occurrence of any of these events could harm our ability to meet the demand for our products in a timely or cost-effective manner. See “—*Risks Related to Healthcare Industry Shifts and Government Regulation.*”

We may experience development or manufacturing problems and higher costs, or delays that could limit our revenue, if any, or increase our losses.

Developing manufacturing procedures for new products requires developing specific production processes for those products. Developing such processes could be time consuming, and any unexpected difficulty in doing so could delay the successful commercialization and deployment of the QT Breast Scanner and products under development. Moreover, difficulties associated with adapting our technology and product design to the proprietary process technology and design rules of outside manufacturers can lead to reduced yields. Since low yields may result from either design or process technology failures, yield problems may not be effectively determined or resolved until an actual product exists that can be analyzed and tested to identify process sensitivities relating to the design rules that are used. As a result, yield problems may not be identified until well into the production process, and resolution of yield problems may require cooperation between our manufacturers and us. This risk could be compounded by any future offshore location of our manufacturers, increasing the effort and time required to identify, communicate and resolve manufacturing yield problems. Manufacturing defects that we do not discover during the manufacturing or testing process may lead to costly product recalls. These risks may lead to increased costs or delayed product delivery, which would harm our profitability and customer relationships. Furthermore, our, our manufacturers' or our suppliers' production processes and assembly methods may have to change to accommodate any significant, future expansion of our manufacturing capacity, which may increase the manufacturing costs, delay production of our products, reduce

our product margin, require supplemental filings with the FDA or other regulatory authorities, any of which may adversely impact our business. If we are unable to keep up with demand for our products by successfully manufacturing and shipping our products in a timely manner, our revenue could be impaired, and market acceptance for our products could be adversely affected.

We plan to do business globally, including in certain countries where we might have limited resources and would be subject to additional regulatory burdens and other risks and uncertainties.

We expect to do business globally, including in North America and certain countries in Asia, Europe, Africa and South America. Commercialization of the QT Breast Scanner and products under development in foreign markets, either directly or through third parties, is subject to additional risks and uncertainties, including:

- reimbursement and insurance coverage;
- our inability to find agencies, dealers or distributors in specific countries or regions;
- our inability to directly control commercial activities of third parties;
- limited resources to be deployed to a specific jurisdiction;
- the burden of complying with complex and changing regulatory, tax, accounting and legal requirements;
- different medical imaging practice and customs in foreign countries affecting acceptance in the marketplace;
- import or export licensing and other requirements that could impair our ability to compete in international markets or subject our company to liability if we violate such laws and regulations;
- longer accounts receivable collection times;
- longer lead times for shipping;
- language barriers for technical training;
- reduced protection of intellectual property rights in some foreign countries;
- foreign currency exchange rate fluctuations; and
- interpretations of contractual provisions governed by foreign laws in the event of a contract dispute.

Sales of the QT Breast Scanner and products under development or Medical Scan as a Service in foreign markets could also be adversely affected by the imposition of governmental controls, political and economic instability, trade restrictions and changes in tariffs, any of which may adversely affect our business, financial condition, results of operations and prospects.

If in the future we are approved for and are otherwise able to commercialize any of our products or services, but are unable to obtain adequate reimbursement or insurance coverage from third-party payors, we may not be able to generate significant revenue, in which case we may need to obtain additional financing.

Coding and coverage determinations as well as reimbursement levels and conditions are important to the commercial success of an imaging product or offering. The future availability of insurance coverage and reimbursement for newly approved medical devices is highly uncertain, and our future business will be greatly impacted by the level of reimbursement provided by third-party payors. In the United States, third-party payors decide which imaging products and services they will cover, how much they will pay and whether they will continue reimbursement. Third-party payors may not cover or provide adequate reimbursement for imaging services using the QT Breast Scanner, our Medical Scan as a Service or products under development, assuming we are able to fully develop and obtain all regulatory approvals and clearances to market it in the United States or other geographies. To date, we have not had any discussions with any third-party payors, including any regulatory agencies administering any government funded healthcare programs, regarding the coding, coverage

or reimbursement for imaging services using the QT Breast Scanner, our Medical Scan as a Service or other products under development. Accordingly, unless government and other third-party payors provide coverage and reimbursement for the use of our products and services, patients may not use them, which would cause investors to lose their entire investment. A primary trend in the United States healthcare industry and elsewhere is cost containment. Government authorities and other third-party payors have attempted to control costs by limiting coverage and the amount of reimbursement for particular products and services. Reimbursement may not be available, or continue to be available, for imaging services using the QT Breast Scanner, our Medical Scan as a Service, other products under development or any other products we may develop in the future. Even if reimbursement is available, such reimbursement may not be adequate. We also will be subject to foreign reimbursement policies in the international markets we expect to enter. Decisions by health insurers or other third-party payors in these markets not to cover, or to discontinue reimbursing, our products could materially and adversely affect our business. If such decisions are made, they could also have a negative impact on our ability to generate revenues, in which case we may need to obtain additional financing.

Recent changes in the United States related to payment policies for imaging procedures could have a negative impact on the utilization of our imaging services.

In the United States, over the past several years, the Centers for Medicare & Medicaid Services (“CMS”), the federal agency responsible for administering the Medicare program, has implemented numerous changes to payment policies for imaging procedures in both the hospital setting and non-hospital settings, which include physician offices and freestanding imaging facilities. Some of these changes have had a negative impact on utilization of imaging services. Examples of these changes include:

- limiting payments for imaging services in physician offices and free-standing imaging facility settings based upon rates paid to hospital outpatient departments;
- reducing payments for certain imaging procedures when performed together with other imaging procedures in the same family of procedures on the same patient on the same day in the physician office and free-standing imaging facility setting;
- making significant revisions to the methodology for determining the practice expense component of the Medicare payment applicable to the physician office and free-standing imaging facility setting which results in a reduction in payment; and
- revising payment policies and reducing payment amounts for imaging procedures performed in the hospital outpatient setting.

We also expect increased regulation and oversight of advanced diagnostic testing. One provision in the Protecting Access to Medicare Act requires CMS to develop appropriate use criteria (“AUC”) that professionals must consult when ordering advanced diagnostic imaging services MRI, CT, nuclear medicine (including positron emission tomography) and other advanced diagnostic imaging services that the Secretary of the Department of Health and Human Services (“HHS”) may specify). Beginning in 2020, payment will be made to the furnishing professional for an applicable advanced diagnostic imaging service only if the claim indicates that the ordering professional consulted a qualified clinical decision support mechanism, as identified by HHS, as to whether the ordered service adheres to the applicable AUC. To the extent that these types of changes have the effect of reducing the aggregate number of diagnostic medical imaging procedures performed in the United States, our business, results of operations, financial condition and cash flows would be adversely affected.

Billing complexities associated with obtaining payment or reimbursement may negatively affect our revenue, cash flow and profitability.

Billing for imaging services is complex. Payment is provided by individual patients and from a variety of payors, such as commercial insurance carriers, managed care organizations and governmental programs. Each payor typically has different billing requirements, and the billing requirements of many payors have become increasingly stringent.

Among the factors complicating our customers' ability to bill and receive reimbursement from third-party payors are:

- disputes among payors as to which party is responsible for payment;
- disparity in coverage among various payors;
- disparity in information and billing requirements among payors; and
- incorrect or missing billing information, which is required to be provided by the ordering physician.

In addition, we may be required to seek new billing codes for imaging services using the QT Breast Scanner, and regulatory authorities may not approve the creation of separate codes. Additionally, even if we are successful, these billing codes or the payment amounts associated with such codes may change in the future.

The impact of these factors may be compounded by our plan to offer our Medical Scan as a Service. These billing complexities, and the related uncertainty in obtaining payment for our products, could negatively affect our revenue, cash flow and profitability.

Any key supplier or distribution agreements that we have established or may establish in the future may not be successful or we may otherwise not realize the anticipated benefits from these agreements. We do not control third parties with whom we have or may have agreements, and we will rely on them to achieve results which may be significant to us. In addition, any current or future agreements may place the development and commercialization of our technology outside our control, may require us to relinquish important rights or may otherwise be on terms unfavorable to us.

We have entered into certain key distribution agreements, and expect to enter into additional, key supplier and distribution agreements with respect to the research, development, manufacture and commercialization of our technology with different relevant industry participants, including, among others, manufacturers of sub-assemblies and boards, cloud storage providers, international distribution partners engaged in selling, marketing and servicing our products in their respective countries, and others as we develop our Medical Scan as a Service including integrators, radiologists, cloud storage and third-party payors. See "*QT Imaging's Business—Key Agreements.*" We refer to these third parties that we have agreements with or engage with for future potential agreements as collaborators. For a discussion of QT Imaging's Approved Supplier List and engagements with suppliers, see "*Future Business of QT Imaging Holdings — Manufacturing.*" Any future potential relationships with collaborators may require us to rely on external consultants, advisors, and experts for assistance in several key functions, including research and development, manufacturing, regulatory and intellectual property. We cannot and will not control these third parties, but we may rely on them to achieve results, which may be significant to us. Relying upon these collaborative arrangements for our technology subjects us to a number of risks, including:

- we may not be able to control the amount and timing of resources that our collaborators may devote to our technology;
- should a collaborator fail to comply with applicable laws, rules or regulations when performing services for us, we could be held liable for such violations;
- our collaborators may have a shortage of qualified personnel, particularly radiologists who can review the medical images generated by the QT Breast Scanner and products and services under development including the Medical Scan as a Service, especially as we deploy additional devices and new products and the volume of scans increases;
- we may be required to relinquish important rights, such as marketing and distribution rights;
- business combinations or significant changes in a collaborator's business strategy may adversely affect a collaborator's willingness or ability to complete its obligations under any arrangement;
- under certain circumstances, a collaborator could move forward with a competing product developed either independently or in collaboration with others, including our competitors;

[Table of Contents](#)

- our current or future collaborators may utilize our proprietary information in a way that could expose us to competitive harm;
- our collaborators could obtain ownership or other control over intellectual property that is material to our business; and
- collaborative arrangements are often terminated or allowed to expire, which could delay the ability to commercialize our technology.

In addition, if disputes arise between us and any of our collaborators, it could result in the delay or termination of the development, manufacturing or commercialization of products containing our technology, lead to protracted and costly legal proceedings, or cause collaborators to act in their own interest, which may not be in our interest. As a result, the collaborative arrangements that we may enter into, may not achieve their intended goals.

If any of these scenarios materialize, they could have a material adverse effect on our business, financial condition, results of operations and prospects.

We also may have other future products where it is desirable or essential to enter into agreements with a collaborator who has greater financial resources or different expertise than us, but for which we are unable to find an appropriate collaborator or are unable to do so on favorable terms. If we fail to enter into such collaborative agreements on favorable terms, it could materially delay or impair our ability to develop and commercialize, and increase the costs of development and commercialization of, our technology.

Even if we obtain all necessary FDA approvals, our products and product candidates may not achieve or maintain market acceptance.

Even if we obtain FDA approval of our products and product candidates, market acceptance of our products in the healthcare community, including physicians, patients and third-party payors, will depend on many factors, including:

- our ability to provide incremental clinical and economic data that shows the safety and clinical efficacy and cost-effectiveness of, and patient benefits from, our products;
- the availability of alternative products;
- whether our products or the use thereof are included on insurance company formularies or coverage plans;
- the willingness and ability of patients and the healthcare community to adopt our technologies;
- customer demand;
- liability risks generally associated with the use of new product candidates;
- the training required to use a new product candidates;
- perceived inadequacy of evidence supporting clinical benefits or cost-effectiveness over existing alternatives;
- the convenience and ease of use of our products relative to other treatment methods;
- the pricing and reimbursement of our products relative to other treatment methods; and
- the marketing and distribution support for our products.

Even if we obtain all necessary FDA approvals, our products may fail to achieve market acceptance. If our products achieve market acceptance, they may not maintain that market acceptance over time if competing products or technologies are introduced that are received more favorably or are more cost-effective. Failure to achieve or maintain market acceptance would limit our ability to generate revenue and would have a material adverse effect on our business, financial condition, results of operations and prospects.

The outcome of any future claims and litigation could have a material adverse impact on our business, financial condition and results of operations.

We may, from time to time, be subject to claims and may become party to litigation in the normal course of business, including class action lawsuits. Such claims and litigation proceedings may be brought by third parties, including our customers, competitors, advisors, service providers, partners or collaborators, employees, and governmental or regulatory bodies. The final outcome of these claims and litigation, including any settlements, may be significant and may differ substantially from our expectations. We may not be able to determine the amount of any potential losses and other costs we may incur due to the inherent uncertainties of litigation and settlement negotiations. In the event we are required or decide to pay amounts in connection with any claims or lawsuits, such amounts could be significant and could have a material adverse impact on our liquidity, business, financial condition and results of operations.

We could become subject to product liability claims, product recalls, and warranty claims that could be expensive, divert management's attention and harm our business reputation and financial results.

Our business exposes us to potential liability risks that are inherent in the marketing and sale of products used in patient care. We may be held liable if the QT Breast Scanner or our products and services under development causes injury or death or is found otherwise unsuitable during usage. The QT Breast Scanner and products and services currently under development incorporate sophisticated components and computer software. Complex software can contain errors, particularly when first introduced. In addition, new products or enhancements may contain undetected errors or performance problems that, despite testing, are discovered only after installation. Patients could allege or possibly prove defects of our products or other products that integrate our technology.

A product liability claim, regardless of its merit or eventual outcome, could result in significant legal defense costs and divert management's attention. Regardless of merit or eventual outcome, liability claims may result in:

- injury to our reputation;
- costs of related litigation and substantial monetary awards to patients and others;
- decreased demand for our products and services;
- loss of revenue; and
- the inability to commercialize future products.

Any of these outcomes may have an adverse effect on our business, financial condition and results of operations, and may increase the volatility of our share price.

The coverage limits of our insurance policies we may choose to purchase to cover related risks may not be sufficient to cover future claims. If sales of the QT Breast Scanner and other products and services under development suffer future product liability claims, we may be unable to maintain product liability insurance at satisfactory rates or with adequate amounts or at all. A product liability claim, any product recalls or excessive warranty claims, whether arising from defects in design or manufacture or otherwise, could negatively affect our sales or require a change in the design or manufacturing process, any of which could harm our relationship with our customers and partners, and have a material adverse impact on our reputation and business, financial condition, results of operations and prospects.

In addition, if the QT Breast Scanner or other products integrating our technology are defective, we, our future customers or partners may be required to notify regulatory authorities and/or to recall the products and discontinue any services See “—Risks Related to Healthcare Industry Shifts and Government Regulation—Our products may cause or contribute to adverse medical events or be subject to failures or malfunctions that we are

required to report to the FDA, and if we fail to do so, we would be subject to sanctions that could harm our reputation, business, financial condition and results of operations. The discovery of serious safety issues with our products, or a recall of our products either voluntarily or at the direction of the FDA or another governmental authority, could have a negative impact on us.” Any recall would divert management’s attention and financial resources and harm our reputation with customers, patients, medical professionals and third-party payors. A recall involving the QT Breast Scanner or our products under development, would be particularly harmful to our business. The adverse publicity resulting from any of these actions could adversely affect the perception of our customers or partners. These investigations or recalls, especially if accompanied by unfavorable publicity, could result in our incurring substantial costs, losing revenues and damaging our reputation, each of which would harm our business, financial condition, results of operations and prospects.

We do not expect to carry any business interruption insurance or any other insurance (except for director and officer, property and product liability insurance). As a result, we may incur uninsured losses, increasing the possibility that you would lose your entire investment in our company.

Our products and services are in the medical imaging field and so may be subject to claims. We are not immune from product liability or other product claim risks, and we may not be able to maintain insurance on acceptable terms against such risks or that such insurance will be sufficient to protect us against potential claims or that insurance will be available in the future in amounts sufficient to protect us. A product liability claim or other claim, as well as any claims for uninsured liabilities or in excess of insured liabilities, could have a material adverse effect on our business, financial condition, results of operations and prospects.

We are highly dependent on key members of our executive management team. Our inability to retain these individuals could impede our business plan and growth strategies, which could have a negative impact on our business and the value of your investment.

Our ability to implement our business plan depends on the continued services of key members of our senior management. In particular, and to a critical extent, we are dependent on the continued efforts and services of the members of management named in the “*Management of the Combined Company following the Business Combination*” section. If we lose the services of such key members of our management team, we would likely be forced to expend significant time and money in the pursuit of replacement individuals, which may result in a delay in the implementation of our business plan and plan of operations. We may not be able to find satisfactory replacements on terms that would not be unduly expensive or burdensome to us. We do not currently carry a key-man life insurance policy that would assist us in recouping our costs in the event of the death or disability of a member of our management team. The loss of members of our management team, or our inability to attract or retain other qualified individuals, could have a material adverse effect on our business, results of operations and financial condition.

Our management team has limited experience managing a public company.

Most members of our management team have limited or no experience managing a publicly traded company, interacting with public company investors and complying with the increasingly complex laws pertaining to public companies in the United States. Our management team may not successfully or efficiently manage our transition to being a public company subject to significant regulatory oversight and reporting obligations under the U.S. federal securities laws and the continuous scrutiny of securities analysts and investors. These new obligations and constituents will require significant attention from our senior management and could divert their attention away from the day-to-day management of our business, which could adversely affect our business, financial condition, results of operations and prospects.

Certain of our directors and/or officers may have interests that compete with ours.

Certain of our directors and/or officers currently own, operate and manage other entities, which may have similar or different objectives than ours. Such activities could detract from the time these people have to allocate

to our affairs. Dr. John Klock, our Chief Executive Officer and Chief Medical Officer, owns and operates QT Imaging Center LLC, a California limited liability company that provides direct to consumer services to women wishing to undergo QT breast imaging. Dr. Klock receives no financial compensation for his work within this business.

The mishandling or the perceived mishandling of sensitive information, or the occurrence of data security breaches, could harm our business.

We expect that the QT Breast Scanner and our products under development and our Medical Scan as a Service will enable us to accumulate a significant amount of highly sensitive and/or confidential information, including medical images and other medical information. These images could be received by our customers or collaborators, such as radiologists and other professionals at cancer screening and other healthcare facilities, to increase the probability of early disease detection. While employee contracts generally contain standard confidentiality provisions, our employees, customers or collaborators may not properly handle or process sensitive or confidential data. The improper handling of sensitive or confidential data, or even the perception of such mishandling (whether or not valid), or other security lapses by us, our customers or collaborators, could reduce demand for such products or otherwise expose us to financial or reputational harm or legal liability.

In addition, any security breach, including personal data breaches, or incident, including cybersecurity incidents, that we experience could result in unauthorized access to, misuse of, or unauthorized acquisition of the sensitive or confidential information and data (including medical information), the loss, corruption, or alteration of this data, interruptions in our operations, or damage to our systems. Any such incidents could expose us to claims, litigation, regulatory or other governmental investigations, administrative fines and potential liability. An increasing number of digital platforms have disclosed breaches of their security, some of which have involved sophisticated and highly targeted attacks on portions of their services. Because the techniques used to obtain unauthorized access, disable or degrade service, or sabotage systems change frequently and often are not foreseeable or recognized until launched against a target, we may be unable to anticipate these techniques or to implement adequate preventative measures. If an actual or perceived breach of our security occurs, public perception of the effectiveness of our security measures and brand could be harmed and our results of operations could be negatively affected. Data security breaches and other incidents may also result from non-technical means (e.g., actions by employees or contractors). Any compromise of our security could result in a violation of applicable security, privacy or data protection, consumer and other laws, regulatory or other governmental investigations, enforcement actions, and legal and financial exposure, including potential contractual liability. Any such compromise could also result in damage to our reputation and a loss of confidence in our security and privacy or data protection measures. Any of these effects could materially and adversely affect our business, financial condition and results of operations.

Our business and operations would suffer in the event of computer system failures, cyber-attacks or deficiencies in our cyber-security.

Our ability to execute our business strategy depends, in part, on the continued and uninterrupted performance of our IT systems, which support our operations. Despite the implementation of security measures, our internal computer systems, and those of third parties on which we rely, are vulnerable to damage from, among others, computer viruses, malware, natural disasters, terrorism, war, telecommunication and electrical failures, cyber-attacks or cyber-intrusions over the internet, attachments to emails, persons inside our organization, or persons with access to systems inside our organization or similar disruptive problems. The risk of a security breach or disruption, particularly through cyber-attacks or cyber intrusion, including by computer hackers, foreign governments, and cyber terrorists, has generally increased as the number, intensity and sophistication of attempted attacks and intrusions from around the world have increased. If such an event were to occur and cause interruptions in our operations, it could result in a material disruption of our product development programs. Any such security breach may compromise information stored on our networks and may result in significant data losses or theft of personally identifiable information. A cybersecurity breach could also hurt our reputation by adversely affecting the patients' perception of the security of their information. A number of proposed and enacted federal, state and international laws and regulations obligate companies to notify

individuals of security breaches involving particular personally identifiable information, which could result from breaches experienced by us or by third parties, including collaborators, vendors, contractors or other organizations with which we expect to form strategic relationships. In addition, a cybersecurity attack could result in other negative consequences, including disruption of our internal operations, increased cyber security protection costs, lost revenue, regulatory actions or litigations.

Exchange rate fluctuations between the U.S. dollar and other currencies and inflation may negatively affect our results of operations, and we may not be able to hedge our currency exchange risks successfully.

The U.S. dollar is our functional and reporting currency. Payments we receive from international distribution partners and others that purchase our products and services may be subject to currency fluctuations if the remitting party does not initiate payment in U.S. dollars. Given our general lack of currency hedging arrangements to protect us from fluctuations in the exchange rates of foreign currencies in relation to the U.S. dollar (and/or from inflation of such foreign currencies), we may be exposed to material adverse effects from such movements. Our exchange rate exposure may change over time as our business evolves and could result in increased costs or reduced revenue and could affect our actual cash flow. Changes in the relative values of currencies occur regularly and, in some instances, may have a significant impact on our operating results. The rate of inflation in countries in which we sell and service our products, or in currency exchange rates, may materially change and we might not be able to effectively mitigate these risks.

If significant tariffs or other restrictions related to “trade wars” are placed on U.S. made products or any related counter-measures are taken by any of the countries in which we operate or expect to operate, our revenue and results of operations may be materially harmed.

If we are successful in commercializing the QT Breast Scanner and other products under development and require that we contract the manufacturing of volume production to an overseas partner, we will enter into, agreements with manufacturers and/or suppliers in Asia for the volume production of components, sub-assemblies or the full assembly of the QT Breast Scanner and other products under development. If significant tariffs or other restrictions are placed by the United States government on imports or any related counter-measures are taken by the countries in which we have such manufacturing and outsourcing agreements, our business, financial condition and results of operations may be materially harmed. Alternatively, we may seek to shift production outside of the affected countries subject to tariffs or other restrictions, resulting in significant costs and disruption to our operations and business. Our business could also be impacted by retaliatory trade measures taken by other countries in response to existing or future tariffs, causing us to raise prices or make changes to our operations, any of which could materially harm our business, financial condition and results of operations.

Our business may be impacted by changes in general economic conditions.

Our business is subject to risks arising from changes in domestic and global economic conditions, including adverse economic conditions in markets in which we operate, which may harm our business. For example, the current COVID-19 pandemic has caused significant volatility and uncertainty in U.S. and international markets. If our future customers significantly reduce spending in areas in which our technology and products are utilized, or prioritize other expenditures over our technology and products, our business, financial condition, results of operations and prospects would be materially adversely affected.

Disruption to the global economy could also result in a number of follow-on effects on our business, including a possible slow-down resulting from lower customer expenditures; inability of customers to pay for products, solutions or services on time, if at all; more restrictive export regulations which could limit our potential customer base; negative impact on our liquidity, financial condition and share price, which may impact our ability to raise capital in the market, obtain financing and secure other sources of funding in the future on terms favorable to us.

In addition, the occurrence of catastrophic events, such as hurricanes, storms, earthquakes, tsunamis, floods, medical epidemics and other catastrophes that adversely affect the business climate in any of our markets could have a material adverse effect on our business, financial condition and results of operations.

QT Imaging, Inc. will incur increased costs and demands upon management as a result of complying with the laws and regulations affecting public companies, which could adversely affect QT Imaging's business, results of operations, and financial condition.

As a public company, QT Imaging, Inc. will incur significant legal, accounting and other expenses that the company did not incur as a private company, including costs associated with public company reporting requirements. The company will also incur costs associated with corporate governance requirements, including requirements under the Sarbanes-Oxley Act of 2002 (the "***Sarbanes-Oxley Act***"), as well as rules implemented by the SEC and the Nasdaq. These rules and regulations are expected to increase the company's legal and financial compliance costs and to make some activities more time consuming and costly, which may adversely affect investor confidence and could cause our business or stock price to suffer.

Risks Related to Healthcare Industry Shifts and Government Regulation

We are subject to extensive government regulation, which could restrict the development, marketing, sale and distribution of our products and services, and could cause us to incur significant costs.

QT Imaging's ultrasound imaging products and associated services are subject to extensive pre-market and post-market regulation by the FDA and various other federal, state, local and foreign government authorities. Government regulation of medical devices is meant to assure their safety and effectiveness, and includes requirements for, among other things: design, development and manufacturing; testing, labeling, content and language of instructions for use and storage; clinical trials; product safety; establishment registration and device listing; marketing, sales and distribution; pre-market clearance and approval; conformity assessment procedures; record keeping procedures; advertising and promotion; recalls and field safety corrective actions; post-market surveillance, including reporting of deaths or serious injuries and malfunctions that, if they were to occur, could lead to death or serious injury; post-market approval studies; and product import and export.

QT Imaging is also subject to numerous post-marketing regulatory requirements, which include quality system regulations related to the manufacture of QT Imaging's devices, labeling regulations and medical device reporting regulations. The last of these regulations requires us to report to the FDA if our devices cause or contribute to a death or serious injury, or malfunction in a way that would likely cause or contribute to a death or serious injury if the malfunction recurred. If we fail to comply with present or future regulatory requirements that are applicable, it may subject our company to enforcement action by the FDA, such as: warning or untitled letters; fines; injunctions; consent decrees; civil penalties; customer notifications; termination of distribution; recalls or seizures of products; administrative detention of medical devices believed to be adulterated or misbranded; delays in the introduction of products into the market; operating restrictions; total or partial suspension of production; refusal to grant future clearances or approvals for new products, new intended uses or modifications to our products; withdrawals or suspensions of current approvals, resulting in prohibitions on sales of our products; and in the most serious cases, criminal prosecution or penalties. The occurrence of any of these events may have a material adverse effect on QT Imaging's business, financial condition and results of operations.

The laws and regulations to which QT Imaging, Inc. and its products are subject are complex and subject to periodic changes. Regulatory changes could result in restrictions on our ability to carry on or expand our operations, higher than anticipated costs or lower than anticipated sales. See "*Government Regulation*" for a more detailed description of laws and regulations that affect our business and operations.

Failure to comply with applicable regulation in the United States and in the countries where we will sell and distribute our products could harm our business.

QT Breast Scanner and other future products we develop are subject to extensive regulation in the U.S. and elsewhere, including by the FDA and its foreign counterparts, the U.S. Department of Justice (the “*DOJ*”) and the U.S. Health and Human Services-Office of the Inspector General (the “*OIG*”). The FDA and foreign regulatory agencies regulate, among other things, with respect to medical devices: design, development and manufacturing; testing, labeling, content and language of instructions for use and storage; clinical trials; product safety; establishment registration and device listing; marketing, sales and distribution; pre-market clearance and approval; conformity assessment procedures; record keeping procedures; advertising and promotion; recalls and field safety corrective actions; post-market surveillance, including reporting of deaths or serious injuries and malfunctions that, if they were to occur, could lead to death or serious injury; post-market approval studies; and product import and export.

The regulations for products like QT Breast Scanner, products under development and services like Medical Scan as a Service have tended to become more stringent over time. Regulatory changes could result in restrictions on our ability to carry on or expand our operations, higher than anticipated costs or lower than anticipated sales for any approved product. Failure to comply with applicable regulations could jeopardize our ability to sell our future products, if cleared or approved, and result in enforcement actions such as: warning or untitled letters; fines; injunctions; consent decrees; civil penalties; customer notifications; termination of distribution; recalls or seizures of products; administrative detention of medical devices believed to be adulterated or misbranded; delays in the introduction of products into the market; operating restrictions; total or partial suspension of production; refusal to grant future clearances or approvals for new products, new intended uses or modifications to our products; withdrawals or suspensions of current approvals, resulting in prohibitions on sales of our products; and in the most serious cases, criminal prosecution or penalties. The occurrence of any of these events would have a material adverse effect on our business, financial condition and results of operations and could result in stockholders losing their entire investment.

We may not receive, or may be delayed in receiving, the necessary clearances or approvals for our future products, and failure to timely obtain necessary clearances or approvals for our future products would adversely affect our ability to grow our business.

See “*Government Regulation*” for a more detailed description of laws and regulations that affect our business and operations. In the United States, before we can market a new medical device, or a new use of, new claim for or significant modification to an existing product, we must first receive either clearance under Section 510(k) of the FDCA or approval of a pre-market approval application (a “*PMA*”) from the FDA, unless an exemption applies. Clinical data are sometimes required to support a pre-market approval application. In the process of obtaining PMA approval, the FDA must determine that a proposed device is safe and effective for its intended use based, in part, on extensive data, including, but not limited to, technical, pre-clinical, clinical trial, manufacturing and labeling data. The PMA process is typically required for devices that are deemed to pose the greatest risk, such as life-sustaining, life-supporting or implantable devices. While we do not expect our products to be marketed under a PMA, should the FDA require we submit to a PMA approval process for any of our products, our business could suffer due to increased costs and timelines to receive such approvals.

If the FDA requires us to submit new 510(k) notifications or PMA applications for modifications to our previously cleared products for which we have concluded that new clearances or approvals are unnecessary, we may be required to cease marketing or to recall the modified product until we obtain clearance or approval, and we may be subject to significant regulatory fines or penalties. If the FDA requires us to go through a lengthier, more rigorous examination for future products or modifications to existing products than we had expected, product introductions or modifications could be delayed or canceled, which could adversely affect our ability to grow our business.

The FDA can delay, limit or deny clearance or approval of a medical device for many reasons, including:

- our inability to demonstrate to the satisfaction of the FDA or the applicable regulatory entity or notified body that our product candidates are safe or effective for their intended uses;
- the disagreement of the FDA or the applicable foreign regulatory body with the design or implementation of our clinical trials or the interpretation of data from pre-clinical studies or clinical trials;
- serious and unexpected adverse effects experienced by participants in our clinical trials;
- the data from our pre-clinical studies and clinical trials may be insufficient to support clearance or approval, where required;
- our inability to demonstrate that the clinical and other benefits of the device outweigh the risks;
- the manufacturing process or facilities we use may not meet applicable requirements; and
- the potential for approval policies or regulations of the FDA or applicable foreign regulatory bodies to change significantly in a manner rendering our clinical data or regulatory filings insufficient for clearance or approval.

In order to sell our products in member countries of the European Economic Area (“*EEA*”), our products must comply with the essential requirements of the EU Medical Devices Directive (Council Directive 93/42/EEC). Compliance with these requirements is a prerequisite to be able to affix the Conformité Européene (“*CE*”) mark to our products, without which they cannot be sold or marketed in the EEA. To demonstrate compliance with the essential requirements we must undergo a conformity assessment procedure, which varies according to the type of medical device and its classification. Except for low-risk medical devices (Class I non-sterile, non-measuring devices), where the manufacturer can issue a European Community (“*EC*”) Declaration of Conformity based on a self-assessment of the conformity of its products with the essential requirements of the EU Medical Devices Directive, a conformity assessment procedure requires the intervention of an organization accredited by a member state of the EEA to conduct conformity assessments, or a Notified Body. Depending on the relevant conformity assessment procedure, the Notified Body would typically audit and examine the technical file and the quality system for the manufacture, design and final inspection of our devices. The Notified Body issues a certificate of conformity following successful completion of a conformity assessment procedure conducted in relation to the medical device and its manufacturer and their conformity with the essential requirements. This certificate entitles the manufacturer to affix the CE mark to its medical devices after having prepared and signed a related EC Declaration of Conformity.

QT Imaging, Inc. cannot be certain that it will be successful in meeting and continuing to meet the requirements to market a medical device in the EEA under the new regulatory framework called the Medical Device Regulation (“*MDR*”). The MDR went into force in May 2017 but allowed a three-year transition period until May 2020 for Member States, regulatory authorities, and medical device stakeholders to come into compliance with the new requirements. A one-year delay of the compliance date of the MDR was implemented in response to the COVID-19 pandemic, and the directive entered into application on May 26, 2021. Compared to the earlier regulatory framework of Medical Device Directive (“*MDD*”), the MDR promotes a shift from the pre-approval stage (i.e., the path to CE Marking) to a life-cycle approach and places greater emphasis on clinical data and clinical evaluations to assure the safety and performance of new medical devices. Moreover, the MDR includes elements intended to strengthen the conformity assessment procedures, assert greater control over notified bodies and their standards, increase overall system transparency, and impose more robust device vigilance requirements on manufacturers and distributors. The new rules and procedures that have been created under the overhauled European regulations will likely result in increased regulatory oversight of all medical devices marketed in the European Union, and this may, in turn, increase the costs, time and requirements that need to be met in order to place an innovative or high-risk medical device on the EEA market.

As a general rule, demonstration of conformity of medical devices and their manufacturers with the essential requirements must be based, among other things, on the evaluation of clinical data supporting the safety and

performance of the products during normal conditions of use. Specifically, a manufacturer must demonstrate that the device achieves its intended performance during normal conditions of use, that the known and foreseeable risks, and any adverse events, are minimized and acceptable when weighed against the benefits of its intended performance, and that any claims made about the performance and safety of the device are supported by suitable evidence. If we fail to remain in compliance with applicable European laws and directives, we would be unable to continue to affix the CE mark to our products, which would prevent us from selling them within the EEA. Approval and CE marking procedures vary between countries and can involve additional product testing and additional administrative review periods. The time required to obtain approval or CE mark in other countries might differ from that required to obtain FDA clearance. The regulatory approval or CE marking process in other countries may include all of the risks detailed above regarding FDA clearance in the United States. Regulatory approval or the CE marking of a product in one country does not ensure regulatory approval in another, but a failure or delay in obtaining regulatory approval or a CE mark in one country may negatively impact the regulatory process in others. Failure to obtain regulatory approval or a CE mark in other countries or any delay or setback in obtaining such approval could have the same adverse effects described above regarding FDA clearance in the United States.

Recent initiatives by the FDA to enhance and modernize various regulatory pathways for device products and its overall approach to safety and innovation in the medical technology industry creates the possibility of changing product development costs, requirements, and other factors and additional uncertainty for QT Imaging's future products and business.

Regulatory requirements may change in the future in a way that adversely affect QT Imaging, Inc. Any change in the laws or regulations that govern the clearance and approval processes or the post-market compliance requirements relating to QT Imaging's current and future products and associated services could make it more difficult and costly to obtain clearance or approval for new products, or to produce, market and distribute existing products. For example, the FDA and other government agencies have been focusing on the cybersecurity risks associated with certain medical devices and encouraging device manufacturers to take a more proactive approach to assessing the cybersecurity risks of their devices both during development and on a periodic basis after the devices are in commercial distribution. These regulatory efforts could lead to new FDA requirements in the future or additional product liability or other litigation risks, if any of QT Imaging's products and associated services are considered susceptible to third-party tampering.

In December 2016, Congress passed the 21st Century Cures Act, which made multiple changes to the FDA's rules for medical devices as well as for clinical trials. In August 2017, Congress passed the Medical Device User Fee reauthorization package, which affects medical device regulation both pre- and post-approval and could have certain impacts on our business. Since that time, the FDA has announced a series of efforts to modernize and streamline the 510(k) notification and regulatory review process and monitoring post-market safety, and issued a proposed rule to formalize the de novo classification process to provide clarity to innovative device developers. Changes in the FDA 510(k) process could make clearance more difficult to obtain, increase delay, add uncertainty and have other significant adverse effects on our ability to obtain and maintain clearance for QT Imaging products and associated services.

It is unclear at this time whether and how various activities initiated or announced by the FDA to modernize the U.S. medical device regulatory system could affect QT Imaging's business, as some of the FDA's new medical device safety and innovation initiatives have not been formalized and remain subject to change. For example, a 2018 Medical Device Safety Action Plan announced by former FDA Commissioner Gottlieb included a particular focus on post-market surveillance and how to respond when new safety concerns emerge once a product is on the market. The increased attention that the medical technology industry is receiving from FDA leadership that understands the challenging and rapidly changing nature of the U.S. health care system creates the possibility of unanticipated regulatory and other potential changes to QT Imaging's products and its overall business.

Failure to comply with post-marketing regulatory requirements could subject us to enforcement actions, including substantial penalties, and might require us to recall or withdraw a product from the market.

We are subject to ongoing and pervasive regulatory requirements governing, among other things, the manufacture, marketing, advertising, medical device reporting, sale, promotion, import, export, registration, and listing of devices. For example, we are required to submit periodic reports to the FDA as a condition of 510(k) clearance. These reports include information about failures and certain adverse events associated with the device after its clearance. Failure to submit such reports, or failure to submit the reports in a timely manner, could result in enforcement action by the FDA. Following its review of the periodic reports, the FDA might ask for additional information or initiate further investigation.

The regulations to which we are subject are complex and have become more stringent over time. Regulatory changes could result in restrictions on our ability to continue or expand our operations, higher than anticipated costs, or lower than anticipated sales. Even after we have obtained the proper regulatory clearance to market a device, we have ongoing responsibilities under FDA regulations and applicable foreign laws and regulations. The FDA, state and foreign regulatory authorities have broad enforcement powers. Our failure to comply with applicable regulatory requirements could result in enforcement action by the FDA, state or foreign regulatory authorities, which may include any of the following sanctions:

- untitled letters or warning letters;
- fines, injunctions, consent decrees and civil penalties;
- recalls, termination of distribution, administrative detention, or seizure of our products;
- customer notifications or repair, replacement or refunds;
- operating restrictions or partial suspension or total shutdown of production;
- delays in or refusal to grant our requests for future clearances or approvals or foreign marketing authorizations of new products, new intended uses, or modifications to existing products;
- withdrawals or suspensions of product clearances or approvals, resulting in prohibitions on sales of our products;
- FDA refusal to issue certificates to foreign governments needed to export products for sale in other countries; and
- criminal prosecution.

Any of these sanctions could result in higher than anticipated costs or lower than anticipated sales and have a material adverse effect on our reputation, business, financial condition and results of operations. In addition, the FDA or state or foreign authorities may change their clearance and approval policies, adopt additional regulations or revise existing regulations, or take other actions, which may prevent or delay clearance or approval of our future products under development on a timely basis. Such policy or regulatory changes could impose additional requirements upon us that could delay our ability to obtain new clearances or approvals, increase the costs of compliance or restrict our ability to maintain any approvals we are able to obtain.

Our products must be manufactured in accordance with federal, state and foreign regulations, and we could be forced to recall our devices or terminate production if we fail to comply with these regulations.

The methods used in, and the facilities used for, the manufacture of our products must comply with the Quality System Regulation (*QSR*[®]), which is a complex regulatory scheme that covers the procedures and documentation of the design, testing, production, process controls, quality assurance, labeling, packaging, handling, storage, distribution, installation, servicing and shipping of medical devices. As manufacturers of electron radiation-emitting products, we are also responsible for compliance with the radiological health regulations and certain radiation safety performance standards.

Furthermore, we are required to verify that our suppliers maintain facilities, procedures and operations that comply with our quality standards and applicable regulatory requirements. The FDA enforces the QSR through periodic announced or unannounced inspections of medical device manufacturing facilities, which may include the facilities of subcontractors. Our products are also subject to similar state regulations and various laws and regulations of foreign countries governing manufacturing.

Our third-party manufacturers may not take the necessary steps to comply with applicable regulations, which could cause delays in the delivery of our products. In addition, failure to comply with applicable FDA or state or foreign requirements or later discovery of previously unknown problems with our products or manufacturing processes could result in, among other things: warning letters or untitled letters; fines, injunctions or civil penalties; suspension or withdrawal of approvals; seizures or recalls of our products; total or partial suspension of production or distribution; administrative or judicially imposed sanctions; the FDA's refusal to grant pending or future clearances or approvals for our products; clinical holds; refusal to permit the import or export of our products; and criminal prosecution of us, our suppliers or our employees.

Any of these actions could significantly and negatively affect supply of our products. If any of these events occurs, our reputation could be harmed, we could be exposed to product liability claims and we could lose customers and experience reduced sales and increased costs.

We have limited experience in identifying and working with large-scale contracts with medical device manufacturers.

To achieve the levels of production necessary to commercialize the QT Breast Scanner and any other future products or product candidates, we will need to secure large-scale manufacturing agreements with contract manufacturers that comply with the manufacturing standards prescribed by various federal, state and local regulatory agencies in the U.S. and any other country of use. We have limited experience coordinating and overseeing the manufacturing of medical device products on a large-scale. Manufacturing and control problems could arise as we attempt to commercialize our products and manufacturing may not be completed in a timely manner or at a commercially reasonable cost. In addition, we may not be able to adequately finance the manufacturing and distribution of our products on terms acceptable to us, if at all. If we cannot successfully oversee and finance the manufacturing of our products after receiving regulatory approval, we may not generate sufficient revenue to become profitable.

The misuse or off-label use of our products may harm our reputation in the marketplace, result in injuries that lead to product liability suits or result in costly investigations, fines or sanctions by regulatory bodies if we are deemed to have engaged in the promotion of these uses, any of which could be costly to our business.

Advertising and promotion of our existing product, and products under development that obtain approval in the United States may be heavily scrutinized by the FDA, the DOJ, HHS, state attorneys general, members of Congress, and the public. In addition, advertising and promotion of any future product that obtains approval outside of the United States will be heavily scrutinized by comparable foreign regulatory authorities.

The QT Breast Scanner is, and we expect will continue to be, cleared by the requisite regulatory authorities for specific indications. We expect to train our marketing personnel and direct sales force to not promote our devices for uses outside of the FDA-approved indications for use, known as "off-label uses." We cannot, however, prevent a physician from using our devices off-label, when in the physician's independent professional medical judgment, he or she deems it appropriate. There may be increased risk of injury to patients if physicians attempt to use our devices off-label. Furthermore, the use of our devices for indications other than those approved by the FDA or approved by any foreign regulatory body may not effectively treat such conditions, which could harm our reputation in the marketplace among healthcare providers and patients.

If the FDA or any state or foreign regulatory body determines that our promotional materials or training constitute promotion of an off-label use, it could request that we modify our training or promotional materials or

subject us to regulatory or enforcement actions, including the issuance or imposition of an untitled letter, which is used for violators that do not necessitate a warning letter, injunction, seizure, civil fine or criminal penalties. It is also possible that other federal, state or foreign enforcement authorities might take action under other regulatory authority, such as false claims laws, if they consider our business activities to constitute promotion of an off-label use, which could result in significant penalties, including, but not limited to, criminal, civil and administrative penalties, damages, fines, disgorgement, exclusion from participation in government healthcare programs and the curtailment of our operations. We may become subject to such actions and, if we are not successful in defending against such actions, those actions may have a material adverse effect on our business, financial condition and results of operations. Equivalent laws and potential consequences exist in foreign jurisdictions.

In addition, if our products are cleared or approved, healthcare providers may misuse our products or use improper techniques if they are not adequately trained, potentially leading to injury and an increased risk of product liability. If our devices are misused or used with improper technique, we may become subject to costly litigation by our customers or their patients. As described above, product liability claims could divert management's attention from our core business, be expensive to defend and result in sizeable damage awards against us that may not be covered by insurance.

Our products may cause or contribute to adverse medical events or be subject to failures or malfunctions that we are required to report to the FDA, and if we fail to do so, we would be subject to sanctions that could harm our reputation, business, financial condition and results of operations. The discovery of serious safety issues with our products, or a recall of our products either voluntarily or at the direction of the FDA or another governmental authority, could have a negative impact on us.

Our existing product and products under development that receive clearance or approval will be subject to the FDA's medical device reporting regulations and similar foreign regulations, which require us to report to the FDA when we receive or become aware of information that reasonably suggests that one or more of our products may have caused or contributed to a death or serious injury or malfunctioned in a way that, if the malfunction were to recur, could cause or contribute to a death or serious injury. The timing of our obligation to report is triggered by the date we become aware of the adverse event as well as the nature of the event. We may fail to report adverse events of which we become aware within the prescribed timeframe. We may also fail to recognize that we have become aware of a reportable adverse event, especially if it is not reported to us as an adverse event or if it is an adverse event that is unexpected or removed in time from the use of the product. If we fail to comply with our reporting obligations, the FDA or other regulatory bodies could take action, including warning letters, untitled letters, administrative actions, criminal prosecution, imposition of civil monetary penalties, revocation of our device clearance or approval, seizure of our products or delay in clearance or approval of future products.

The FDA and foreign regulatory bodies have the authority to require the recall of commercialized products in the event of material deficiencies or defects in design or manufacture of a product or in the event that a product poses an unacceptable risk to health. The FDA's authority to require a recall must be based on a finding that there is reasonable probability that the device could cause serious injury or death. We may also choose to voluntarily recall a product if any material deficiency is found. A government-mandated or voluntary recall by us could occur as a result of an unacceptable risk to health, component failures, malfunctions, manufacturing defects, labeling or design deficiencies, packaging defects or other deficiencies or failures to comply with applicable regulations. Product defects or other errors may occur in the future.

Depending on the corrective action we take to redress a product's deficiencies or defects, the FDA may require, or we may decide, that we will need to obtain new clearances or approvals for the device before we may market or distribute the corrected device. Seeking such clearances or approvals may delay our ability to replace the recalled devices in a timely manner. Moreover, if we do not adequately address problems associated with our devices, we may face additional regulatory enforcement action, including FDA warning letters, product seizure, injunctions, administrative penalties or civil or criminal fines.

Companies are required to maintain certain records of recalls and corrections, even if they are not reportable to the FDA. We may initiate voluntary withdrawals or corrections for our products in the future that we determine do not require notification of the FDA. If the FDA disagrees with our determinations, it could require us to report those actions as recalls and we may be subject to enforcement action. A future recall announcement could harm our reputation with customers, potentially lead to product liability claims against us and negatively affect our sales. Any corrective action, whether voluntary or involuntary, as well as defending ourselves in a lawsuit, will require the dedication of our time and capital, distract management from operating our business and may harm our reputation and financial results.

Our QT Breast Scanner technology may become obsolete.

Our QT Breast Scanner may become obsolete prior to commercialization by new scientific or technological developments, or by others with new technologies that are more efficient, precise and/or more economical than the QT Breast Scanner or our future product candidates. Any one of our competitors could develop a more effective product which would render our technology obsolete. In addition, it is possible that competitors may use similar technologies, equipment or devices to attempt to create a product similar to the QT Breast Scanner. Further, new technological and scientific developments could cause our QT Breast Scanner and future product candidates to become obsolete. Further developments and innovation in the area of medical imaging could require us to reconfigure the QT Breast Scanner or our future product candidates, which may not be commercially feasible, or cause them to become obsolete. Lastly, our ability to achieve significant and sustained growth in our key target markets will depend upon our success in market penetration, utilization, publication, our reimbursement efforts and medical education. Our products may not remain competitive with products based on new technologies. If we fail to sell products that satisfy our customers' demands, or respond effectively to new product announcements by our competitors, then market acceptance of our products could be reduced and our business, results of operations and financial condition could be adversely affected.

Our relationships with customers and third-party payors will be subject to applicable anti-kickback, fraud and abuse and other healthcare laws and regulations, which could expose us to criminal sanctions, civil penalties, contractual damages, reputational harm and diminished profits and future earnings.

Physicians, other healthcare providers, and third-party payors will play a primary role with respect to our current products and any future products for which we obtain marketing approval. Our arrangements with third-party payors and customers may expose us to broadly applicable fraud and abuse and other healthcare laws and regulations that may constrain the business or financial arrangements and relationships through which we market, sell and distribute our product. Restrictions under applicable federal and state healthcare laws and regulations include the following:

- The U.S. federal healthcare program Anti-Kickback Statute (the "***Anti-Kickback Statute***") prohibits, among other things, persons from knowingly and willfully soliciting, offering, receiving or providing remuneration, directly or indirectly, in cash or in kind, to induce or reward either the referral of an individual for, or the purchase, order or recommendation of, any good or service, for which payment may be made, in whole or in part, under federal healthcare programs such as Medicare and Medicaid. Although there are a number of statutory exemptions and regulatory safe harbors protecting certain common activities from prosecution, the exemptions and safe harbors are drawn narrowly and practices that involve remuneration to those who prescribe, purchase, or recommend medical devices, including certain discounts, or engaging consultants as speakers or consultants, may be subject to scrutiny if they do not fit squarely within the exemption or safe harbor. Our practices may not in all cases meet all of the criteria for safe harbor protection from anti-kickback liability. Moreover, there are no safe harbors for many common practices, such as educational and research grants. Liability may be established without a person or entity having actual knowledge of the Anti-Kickback Statute or specific intent to violate it. In addition, the government may assert that a claim including items or services resulting from a violation of the Anti-Kickback Statute constitutes a false or fraudulent claim for purposes of the civil False Claims Act. Due to the breadth of these laws, the narrowness of statutory exceptions

and regulatory safe harbors available, and the range of interpretations to which they are subject, it is possible that some of our current or future practices might be challenged under one or more of these laws, including, without limitation, our Medical Scan as a Service model. QT Imaging's compliance with Medicare and Medicaid regulations may be reviewed by federal or state agencies, including the OIG, CMS, and the U.S. Department of Justice, or may be subject to whistleblower lawsuits under federal and state false claims laws.

- The federal civil False Claims Act prohibits, among other things, any person from knowingly presenting, or causing to be presented, a false or fraudulent claim for payment of government funds, or knowingly making, using, or causing to be made or used, a false record or statement material to an obligation to pay money to the government or knowingly concealing or knowingly and improperly avoiding, decreasing, or concealing an obligation to pay money to the federal government. In recent years, several healthcare companies have faced enforcement actions under the federal False Claims Act for, among other things, allegedly providing free product to customers with the expectation that the customers would bill federal programs for the product or causing false claims to be submitted because of the company's marketing the product for unapproved, and thus non-reimbursable, uses. False Claims Act liability is potentially significant in the healthcare industry because the statute provides for treble damages and mandatory penalties of tens of thousands of dollars per false claim or statement. Healthcare companies also are subject to other federal false claims laws, including, among others, federal criminal healthcare fraud and false statement statutes that extend to non-government health benefit programs.
- The Health Insurance Portability and Accountability Act of 1996 ("*HIPAA*"), as amended by the Health Information Technology for Economic and Clinical Health Act of 2009 ("*HITECH*"), imposes criminal and civil liability for knowingly and willfully executing a scheme to defraud any healthcare benefit program, or knowingly and willfully falsifying, concealing or covering up a material fact or making any materially false statement in connection with the delivery of or payment for healthcare benefits, items or services. In addition, HIPAA, as amended by HITECH, and their respective implementing regulations impose obligations, including mandatory contractual terms, on covered healthcare providers, health plans, as well as their business associates, with respect to safeguarding the privacy, security and transmission of individually identifiable health information.
- The Physician Payment Sunshine Act, implemented as the Open Payments program, requires manufacturers of certain products reimbursed by Medicare, Medicaid, or the Children's Health Insurance Program to track and report to the federal government payments and transfers of value that they make to physicians and teaching hospitals, certain other healthcare professionals beginning in 2022, group purchasing organizations, and ownership interests held by physicians and their families, and provides for public disclosures of these data. Manufacturers are required to submit annual reports to the government and failure to do so may result in civil monetary penalties for all payments, transfers of value and ownership or investment interests not reported in an annual submission, and may result in liability under other federal laws and regulations.
- Many states have adopted laws and regulations analogous to the federal laws cited above, including state anti-kickback and false claims laws, which may apply to items or services reimbursed under Medicaid and other state programs or, in several states, regardless of the payer. Several states have enacted legislation requiring medical device companies to, among other things, establish marketing compliance programs; file periodic reports with the state, including reports on gifts and payments to individual health care providers; make periodic public disclosures on sales, marketing, pricing, clinical trials and other activities; and/or register their sales representatives. Some states prohibit specified sales and marketing practices, including the provision of gifts, meals, or other items to certain health care providers.

Efforts to ensure that our business arrangements with third parties will comply with applicable healthcare laws and regulations involve substantial costs. Additionally, it is possible that governmental authorities will conclude that our business practices may not comply with current or future statutes, regulations or case law involving applicable fraud and abuse or other healthcare laws and regulations. If our operations are found to be in violation of any of these laws or any other governmental regulations that may apply to us, we may be subject to significant civil, criminal and administrative penalties, damages, fines, exclusion from government funded

healthcare programs, such as Medicare and Medicaid, and the curtailment or restructuring of our operations. Exclusion, suspension and debarment from government funded healthcare programs would significantly impact our ability to commercialize, sell or distribute any product. If any of the physicians or other providers or entities with whom we expect to do business are found not to be in compliance with applicable laws, they may be subject to criminal, civil or administrative sanctions, including exclusions from government funded healthcare programs.

Changes in laws or regulations relating to data protection, or any actual or perceived failure by us to comply with such laws and regulations or our privacy policies, could materially and adversely affect our business or could lead to government enforcement actions and significant penalties against us, and adversely impact our operating results.

We may receive health information and other highly sensitive or confidential information and data of patients and other third parties, which we may compile and analyze. Collection and use of this data might raise privacy and data protection concerns, which could negatively impact our business. There are numerous federal, state and international laws and regulations regarding privacy, data protection, information security, and the collection, storing, sharing, use, processing, transfer, disclosure, and protection of personal information and other data, and the scope of such laws and regulations may change, be subject to differing interpretations, and may be inconsistent among countries and regions we intend to operate in (e.g., the U.S., the European Union and Israel), or conflict with other laws and regulations. The regulatory framework for privacy and data protection worldwide is, and is likely to remain for the foreseeable future, uncertain and complex, and this or other actual or alleged obligations may be interpreted and applied in a manner that we may not anticipate or that is inconsistent from one jurisdiction to another and may conflict with other rules or practices including ours. Further, any significant change to applicable laws, regulations, or industry practices regarding the collection, use, retention, security, or disclosure of data, or their interpretation, or any changes regarding the manner in which the consent of relevant users for the collection, use, retention, or disclosure of such data must be obtained, could increase our costs and require us to modify our services and candidate products, possibly in a material manner, which we may be unable to complete, and may limit our ability to store and process patients' data or develop new services and features.

In particular, we will be subject to U.S. data protection laws and regulations (i.e., laws and regulations that address privacy and data security) at both the federal and state levels. The legislative and regulatory landscape for data protection continues to evolve, and in recent years there has been an increasing focus on privacy and data security issues. Numerous federal and state laws, including state data breach notification laws, state health information privacy laws, and federal and state consumer protection laws, govern the collection, use, and disclosure of health-related and other personal information. Failure to comply with such laws and regulations could result in government enforcement actions and create liability for us (including the imposition of significant civil or criminal penalties), private litigation and/or adverse publicity that could negatively affect our business. For instance, California enacted the California Consumer Privacy Act ("**CCPA**") on June 28, 2018, which took effect on January 1, 2020. The CCPA creates individual privacy rights for California consumers and increases the privacy and security obligations of entities handling certain personal data. The CCPA provides for civil penalties for violations, as well as a private right of action for data breaches that is expected to increase data breach litigation. The CCPA may increase our compliance costs and potential liability, and many similar laws have been proposed at the federal level and in other states.

In addition, we expect to obtain health information that is subject to privacy and security requirements under HITECH and its implementing regulations. The privacy standards and security standards under HIPAA establish a set of standards for the protection of individually identifiable health information by health plans, health care clearinghouses and certain health care providers, (collectively referred to as "**Covered Entities**"), and the business associates with whom Covered Entities enter into service relationships pursuant to which individually identifiable health information may be exchanged. Notably, whereas HIPAA previously directly regulated only Covered Entities, HITECH makes certain of HIPAA's privacy and security standards also directly applicable to Covered Entities' business associates. As a result, both Covered Entities and business associates are now subject to significant civil and criminal penalties for failure to comply with privacy standards and security standards. As part

of our normal operations, we expect to collect, process and retain personal identifying information regarding patients, including as a business associate of Covered Entities, so we expect to be subject to HIPAA, including changes implemented through HITECH, and we could be subject to criminal penalties if we knowingly obtain or disclose individually identifiable health information in a manner that is not authorized or permitted by HIPAA. A data breach affecting sensitive personal information, including health information, also could result in significant legal and financial exposure and reputational damages that could potentially have an adverse effect on our business.

HIPAA requires Covered Entities (like many of our potential customers) and business associates, like us, to develop and maintain policies and procedures with respect to protected health information that is used or disclosed, including the adoption of administrative, physical and technical safeguards to protect such information. HITECH expands the notification requirement for breaches of patient-identifiable health information, restricts certain disclosures and sales of patient-identifiable health information and provides for civil monetary penalties for HIPAA violations. HITECH also increased the civil and criminal penalties that may be imposed against Covered Entities and business associates and gave state attorneys general new authority to file civil actions for damages or injunctions in federal courts to enforce HIPAA and its implementing regulations and seek attorney's fees and costs associated with pursuing federal civil actions. Additionally, certain states have adopted comparable privacy and security laws and regulations, some of which may be more stringent than HIPAA.

Internationally, many jurisdictions have or are considering enacting privacy or data protection laws or regulations relating to the collection, use, storage, transfer, disclosure and/or other processing of personal data, as well as certification requirements for the hosting of health data specifically. Such laws and regulations may include data hosting, data residency or data localization requirements (which generally require that certain types of data collected within a certain country be stored and processed within that country), data export restrictions, international transfer laws (which prohibit or impose conditions upon the transfer of such data from one country to another), or may require companies to implement privacy or data protection and security policies, enable users to access, correct and delete personal data stored or maintained by such companies, inform individuals of security breaches that affect their personal data or obtain individuals' consent to use their personal data. For example, European legislators adopted the European Union's General Data Protection Regulation (2016/679) ("**GDPR**"), which became effective on May 25, 2018, and are now in the process of finalizing the ePrivacy Regulation to replace the European ePrivacy Directive (Directive 2002/58/EC as amended by Directive 2009/136/EC). The GDPR, supplemented by national laws and further implemented through binding guidance from the European Data Protection Board, imposes more stringent European Union data protection requirements and provides for significant penalties for noncompliance. Further, the United Kingdom's initiating a process to leave the European Union has created uncertainty with regard to the regulation of data protection in the United Kingdom. In particular, the United Kingdom has brought the GDPR into domestic law with the Data Protection Act of 2018 which will remain in force, even if and when the United Kingdom leaves the European Union.

Virtually every jurisdiction in which we expect to operate has established its own data security and privacy legal framework with which we must, and our target customers will need to, comply, including the rules and regulation mentioned above. We may also need to comply with varying and possibly conflicting privacy laws and regulations in other jurisdictions. As a result, we could face regulatory actions, including significant fines or penalties, adverse publicity and possible loss of business.

While we are preparing to implement various measures intended to enable us to comply with applicable privacy or data protection laws, regulations and contractual obligations, these measures may not always be effective and do not guarantee compliance. Any failure or perceived failure by us to comply with our contractual or legal obligations or regulatory requirements relating to privacy, data protection, or information security may result in governmental investigations or enforcement actions, litigation, claims, or public statements against us by consumer advocacy groups or others and could result in significant liability, cause our customers, partners or patients to lose trust in us, and otherwise materially and adversely affect our reputation and business. Furthermore, the costs of compliance with, and other burdens imposed by, the laws, regulations, and policies that

are applicable to the businesses of our customers or partners may limit the adoption and use of, and reduce the overall demand for, our products and services. Additionally, if third parties we work with violate applicable laws, regulations, or agreements, such violations may put the data we have received at risk, could result in governmental investigations or enforcement actions, fines, litigation, claims, or public statements against us by consumer advocacy groups or others and could result in significant liability, cause our customers, partners or patients to lose trust in us, and otherwise materially and adversely affect our reputation and business. Further, public scrutiny of, or complaints about, technology companies or their data handling or data protection practices, even if unrelated to our business, industry or operations, may lead to increased scrutiny of technology companies, including us, and may cause government agencies to enact additional regulatory requirements, or to modify their enforcement or investigation activities, which may increase our costs and risks.

If we do not obtain and maintain international regulatory registrations, clearances or approvals for our products, we will be unable to market and sell our products outside of the United States.

Sales of our products outside of the United States are subject to foreign regulatory requirements that vary widely from country to country. Approval procedures vary among countries and can involve additional testing. The time required to obtain approval outside of the United States may differ substantially from that required to obtain FDA approval. In addition, the FDA regulates exports of medical devices from the United States. While the regulations of some countries may not impose barriers to marketing and selling our products or only require notification, others require that we obtain the clearance or approval of a specified regulatory body. Complying with foreign regulatory requirements, including obtaining registrations, clearances or approvals, can be expensive and time-consuming, and we may not receive regulatory clearances or approvals in each country in which we plan to market our products or we may be unable to do so on a timely basis. The time required to obtain registrations, clearances or approvals, if required by other countries, may be longer than that required for FDA clearance or approval, and requirements for such registrations, clearances or approvals may significantly differ from FDA requirements. If we modify our products, we may need to apply for additional regulatory clearances or approvals before we are permitted to sell the modified product. In addition, we may not continue to meet the quality and safety standards required to maintain the authorizations that we have received. If we are unable to maintain our authorizations in a particular country, we will no longer be able to sell the applicable product in that country.

Regulatory clearance or approval by the FDA does not ensure registration, clearance or approval by regulatory authorities in other countries, and registration, clearance or approval by one or more foreign regulatory authorities does not ensure registration, clearance or approval by regulatory authorities in other foreign countries or by the FDA. However, a failure or delay in obtaining registration or regulatory clearance or approval in one country may have a negative effect on the regulatory process in others.

Legislative or regulatory reforms in the United States or the EU may make it more difficult and costly for us to obtain regulatory clearances or approvals for our products or to manufacture, market or distribute our products after clearance or approval is obtained.

From time to time, legislation is drafted and introduced in Congress that could significantly change the statutory provisions governing the regulation of medical devices. In addition, the FDA may change its clearance and approval policies, adopt additional regulations or revise existing regulations, or take other actions, which may prevent or delay approval or clearance of our future products under development or impact our ability to modify our currently cleared products on a timely basis. Over the last several years, the FDA has proposed reforms to its 510(k) clearance process, and such proposals could include increased requirements for clinical data and a longer review period, or could make it more difficult for manufacturers to utilize the 510(k) clearance process for their products. For example, in November 2018, FDA officials announced forthcoming steps that the FDA intends to take to modernize the premarket notification pathway under Section 510(k) of the FDCA. Among other things, the FDA announced that it planned to develop proposals to drive manufacturers utilizing the 510(k) pathway toward the use of newer predicates. These proposals included plans to potentially sunset certain

older devices that were used as predicates under the 510(k) clearance pathway, and to potentially publish a list of devices that have been cleared on the basis of demonstrated substantial equivalence to predicate devices that are more than 10 years old. In May 2019, the FDA solicited public feedback on these proposals. The FDA requested public feedback on whether it should consider certain actions that might require new authority, such as whether to sunset certain older devices that were used as predicates under the 510(k) clearance pathway. These proposals have not yet been finalized or adopted, and the FDA may work with Congress to implement such proposals through legislation. Accordingly, it is unclear the extent to which any proposals, if adopted, could impose additional regulatory requirements on us that could delay our ability to obtain new 510(k) clearances, increase the costs of compliance, or restrict our ability to maintain our current clearances, or otherwise create competition that may negatively affect our business.

More recently, in September 2019, the FDA finalized guidance describing an optional “safety and performance based” premarket review pathway for manufacturers of “certain, well-understood device types” to demonstrate substantial equivalence under the 510(k) clearance pathway by showing that such device meets objective safety and performance criteria established by the FDA, thereby obviating the need for manufacturers to compare the safety and performance of their medical devices to specific predicate devices in the clearance process. The FDA intends to develop and maintain a list device types appropriate for the “safety and performance based” pathway and will continue to develop product-specific guidance documents that identify the performance criteria for each such device type, as well as the testing methods recommended in the guidance documents, where feasible. The FDA may establish performance criteria for classes of devices for which we or our competitors seek or currently have received clearance, and it is unclear the extent to which such performance standards, if established, could impact our ability to obtain new 510(k) clearances or otherwise create competition that may negatively affect our business.

In addition, FDA regulations and guidance are often revised or reinterpreted by the FDA in ways that may significantly affect our business and our products. Any new statutes, regulations or revisions or reinterpretations of existing regulations may impose additional costs or lengthen review times of any future products or make it more difficult to obtain clearance or approval for, manufacture, market or distribute our products. We cannot determine what effect changes in regulations, statutes, legal interpretation or policies, when and if promulgated, enacted or adopted may have on our business in the future. Such changes could, among other things, require: additional testing prior to obtaining clearance or approval; changes to manufacturing methods; recall, replacement or discontinuance of our products; or additional record keeping.

The FDA’s and other regulatory authorities’ policies may change and additional government regulations may be promulgated that could prevent, limit or delay regulatory clearance or approval of our future products. We cannot predict the likelihood, nature or extent of government regulation that may arise from future legislation or administrative action, either in the United States or abroad. If we are slow or unable to adapt to changes in existing requirements or the adoption of new requirements or policies, or if we are not able to maintain regulatory compliance, we may lose any marketing approval or clearance that we may have obtained and we may not achieve or sustain profitability.

On April 5, 2017, the European Parliament passed the MDR (Regulation 2017/745), which repeals and replaces the EU Medical Devices Directive. Unlike directives, which must be implemented into the national laws of the European Economic Area (EEA) Member States, the regulations would be directly applicable, i.e., without the need for adoption of EEA member state laws implementing them, in all EEA Member States and are intended to eliminate current differences in the regulation of medical devices among EEA Member States. The MDR, among other things, is intended to establish a uniform, transparent, predictable and sustainable regulatory framework across the EEA for medical devices and ensure a high level of safety and health while supporting innovation.

The MDR become applicable three years after publication (in 2020). The new regulations will, among other things:

- strengthen the rules on placing devices on the market and reinforce surveillance once they are available;
- establish explicit provisions on manufacturers' responsibilities for follow-up regarding the quality, performance and safety of devices placed on the market;
- improve the traceability of medical devices throughout the supply chain to the end-user or patient through a unique identification number;
- set up a central database to provide patients, healthcare professionals and the public with comprehensive information on products available in the EU; and
- strengthened rules for the assessment of certain high-risk devices, which may have to undergo an additional check by experts before they are placed on the market.

These modifications may have an effect on the way we conduct our business in the EEA.

Healthcare reform laws could adversely affect our products and financial condition.

During the past several years, the U.S. healthcare industry has been subject to an increase in governmental regulation at both the federal and state levels. Efforts to control healthcare costs, including limiting access to care, alternative delivery models and changes in the methods used to determine reimbursement scenarios and rates, are ongoing at the federal and state government levels.

In March 2010, former President Obama signed into law the Patient Protection and Affordable Care Act, and the Health Care and Education Reconciliation Act of 2010 (collectively, the "*ACA*"), which included measures that significantly changed the way healthcare is financed by both governmental and private insurers. While a primary goal of these healthcare reform efforts was to expand coverage to more individuals, it also involved additional regulatory mandates and other measures designed to constrain medical costs. The ACA significantly impacts the medical device industry. Among other things, the ACA:

- Imposes an annual excise tax of 2.3% on any entity that manufactures or imports medical devices offered for sale in the United States, which, through a series of legislative amendments, was suspended, effective January 1, 2016 and subsequently repealed altogether on December 20, 2019;
- Establishes a new Patient-Centered Outcomes Research Institute to oversee and identify priorities in comparative clinical effectiveness research in an effort to coordinate and develop such research; and
- Implements Medicare payment system reforms including a national pilot program on payment bundling to encourage hospitals, physicians and other providers to improve the coordination, quality and efficiency of certain healthcare services through bundled payment models.

In addition, the ACA and related healthcare reform laws, regulations and initiatives have significantly increased regulation of managed care plans and decreased reimbursement under Medicare managed care. Moreover, to alleviate budget shortfalls, states have reduced or frozen payments to Medicaid managed care plans. We cannot accurately predict the complete impact of these healthcare reform initiatives, but they could lead to a decreased demand for medical devices and other outcomes that could adversely impact our business and financial results.

Some of the provisions of the ACA have yet to be fully implemented, and certain provisions have been subject to judicial and congressional challenges. In addition, there have been efforts by the Trump administration to repeal or replace certain aspects of the ACA and to alter the implementation of the ACA and related laws. For example, the Tax Cuts and Jobs Act (the "*TCJA*") enacted on December 22, 2017, eliminated the shared responsibility payment for individuals who fail to maintain minimum essential coverage under Section 5000A of

the Internal Revenue Code of 1986, commonly referred to as the “individual mandate,” effective January 1, 2019. On December 14, 2018, a U.S. District Court Judge in the Northern District of Texas, or the Texas District Court Judge, ruled that the individual mandate is a critical and inseparable feature of the ACA, and therefore, because it was repealed as part of the Tax Cuts and Jobs Act, the remaining provisions of the ACA are invalid as well. This decision was subsequently appealed, and on December 18, 2019, the U.S. Court of Appeals for the Fifth Circuit affirmed the decision of the district court that the individual mandate, as amended by the TCJA, was unconstitutional. The Fifth Circuit remanded the case to the district court to consider a remedy, including to consider and explain which provisions of the ACA are inseparable and invalid. It is unclear how this litigation, including all future hearings and appeals, and other efforts to challenge, repeal or replace the ACA, or portions thereof, will affect our future products or our business. It is possible that the ACA, as currently enacted or as it may be amended in the future, and other healthcare reform measures that may be adopted in the future, could have an adverse effect on our industry generally and on our ability to commercialize our future products and achieve profitability.

Disruptions at the FDA and other government agencies caused by funding shortages or global health concerns could hinder their ability to hire, retain or deploy key leadership and other personnel, or otherwise prevent new or modified products from being developed, cleared or approved or commercialized in a timely manner or at all, which could negatively impact our business.

The ability of the FDA to review and clear or approve new products can be affected by a variety of factors, including government budget and funding levels, statutory, regulatory, and policy changes, the FDA’s ability to hire and retain key personnel and accept the payment of user fees, and other events that may otherwise affect the FDA’s ability to perform routine functions. Average review times at the FDA have fluctuated in recent years as a result. In addition, government funding of other government agencies that fund research and development activities is subject to the political process, which is inherently fluid and unpredictable.

Disruptions at the FDA and other agencies may also slow the time necessary for new medical devices or modifications to cleared or approved medical devices to be reviewed and/or approved by necessary government agencies, which would adversely affect our business. For example, over the last several years, including for 35 days beginning on December 22, 2018, the U.S. government has shut down several times and certain regulatory agencies, such as the FDA, have had to furlough critical FDA employees and stop critical activities.

Separately, in response to the COVID-19 pandemic, on March 10, 2020 the FDA announced its intention to postpone most inspections of foreign manufacturing facilities, and on March 18, 2020, the FDA temporarily postponed routine surveillance inspections of domestic manufacturing facilities. Subsequently, on July 10, 2020 the FDA announced its intention to resume certain on-site inspections of domestic manufacturing facilities subject to a risk-based prioritization system. The FDA intends to use this risk-based assessment system to identify the categories of regulatory activity that can occur within a given geographic area, ranging from mission critical inspections to resumption of all regulatory activities. Regulatory authorities outside the United States may adopt similar restrictions or other policy measures in response to the COVID-19 pandemic. If a prolonged government shutdown occurs, or if global health concerns continue to prevent the FDA or other regulatory authorities from conducting their regular inspections, reviews, or other regulatory activities, it could significantly impact the ability of the FDA or other regulatory authorities to timely review and process our regulatory submissions, which could have a material adverse effect on our business.

Risks Related to QT Imaging’s Intellectual Property

It is difficult and costly to protect our intellectual property and our proprietary technologies, and we may not be able to ensure their protection.

We rely upon a combination of patents and trade secrets to protect the intellectual property related to our proprietary technologies. Our success depends significantly on our ability to obtain and maintain intellectual

property protection with respect to our technology and products. Patents and other proprietary rights provide uncertain protections, and we may be unable to protect our intellectual property for reasons including those that result from complex factual and legal issues such as those that create uncertainty as to the validity, scope and enforceability of any particular patent that we hold or for which we have applied. As a result, we may be unsuccessful in defending our patents and other proprietary rights against third-party challenges, which could have a material adverse effect on our business.

Our company uses a combination of patents, trademarks and copyrights to protect our intellectual property. Although we currently have active U.S. and European patents and patents pending with the U.S. Patent & Trademark Office, and have filed to obtain patent coverage for our technology in the UK, France, Germany, Italy, Netherlands and Spain, there are aspects of the technology for which patent coverage may never be sought or received. Additionally, we may in the future obtain, certain intellectual property related to our technology from third parties, and we cannot be certain that such third parties took the necessary actions to maintain such rights or that the transfer of such rights to us was proper and effective. We may, as a result, be subject to claims challenging the ownership or enforceability of such rights. Furthermore, we may not possess the resources to, or for other reasons may not choose to, pursue patent protection on every invention or in any or every country where we may eventually decide to sell our future products. Our ability to prevent others from making or selling duplicate or similar technologies will be impaired for those technologies with respect to which, and in those countries where, we have no patent protection. In addition, there is no assurance that all potentially relevant prior art relating to our patents and patent applications has been found, which can prevent a patent from issuing from a pending patent application or later invalidate or narrow the scope of an issued patent. Even if patents do successfully issue and even if such patents cover our technology, third parties may challenge their validity, enforceability or scope, which may result in such patents being narrowed, invalidated, or held unenforceable. Any successful challenge to these patents or any other patents owned by or licensed to us could deprive us of rights necessary for the successful commercialization of our technology.

In addition, for patents that do issue based on our applications or future applications, any issued patents may not provide us with any competitive advantages. Competitors may be able to design around our patents and develop products that provide outcomes comparable or superior to ours. Any changes we make to our product or any future products, including designs that may be required for commercialization or that cause them to have what we view as more advantageous properties, may not be covered by patents and patent applications we have licensed or own, and we may be required to file new applications and/or seek other forms of protection for any such altered products if any such protection is available. In addition, the patent prosecution process is expensive, time-consuming and complicated, and we and our current or future licensors, licensees or collaborators may not be able to prepare, file, prosecute and maintain all necessary or desirable patents or patent applications at a reasonable cost or in a timely manner. It is also possible that we or our current or future licensors, licensees or collaborators will fail to identify patentable aspects of inventions before it is too late to obtain patent protection for them. In addition, if we choose to and are able to secure patent protection in countries outside the U.S., the laws of some foreign countries may not protect our intellectual property rights to the same extent as do the laws of the United States. For instance, the legal systems of some countries, including India, China and other developing countries, do not favor the enforcement of patents and other intellectual property rights. This could make it difficult for us to stop the infringement of our patents or the misappropriation of our other intellectual property rights.

Some countries also have compulsory licensing laws under which a patent owner may be compelled to grant licenses to third parties. In addition, some countries limit the enforceability of patents against government agencies or government contractors. In these countries, the patent owner may have limited remedies, which could materially diminish the value of such patent. If we or any of our licensors is forced to grant a license to third parties with respect to any patents relevant to our business, our competitive position may be impaired.

Changes in either the patent laws or their interpretation in the United States and other countries may diminish our ability to protect our inventions and enforce our intellectual property rights, and more generally

could affect the value of our intellectual property. Our efforts to seek patent protection for our technology could be negatively impacted by any such changes, which could have a material adverse effect on our existing patent rights and our ability to protect and enforce our intellectual property in the future. In particular, our ability to stop third parties from making, using, selling, offering to sell or importing products that infringe our intellectual property will depend in part on our success in obtaining and enforcing patent claims that cover our technology, inventions and improvements.

We may come to believe that third parties are infringing on, or otherwise violating, our patents or other proprietary rights. To prevent infringement or unauthorized use, we may need to file infringement and/or misappropriation suits, which are very expensive and time-consuming, could result in meritorious counterclaims against us and would distract management's attention. Also, in an infringement or misappropriation proceeding, a court may decide that one or more of our patents is invalid, unenforceable, or both, in which case third parties may be able to use our technology without paying license fees or royalties. Even if the validity of our patents is upheld, a court may refuse to stop the other party from using the technology at issue on the grounds that the other party's activities are not covered by our patents.

In addition to patents, we rely on trade secrets to protect our technology; however, the policies we use to protect our trade secrets may not be effective in preventing misappropriation of our trade secrets by others. In addition, confidentiality agreements executed by our employees, consultants and advisors may not be enforceable or may not provide meaningful protection for our trade secrets or other proprietary information in the event of unauthorized use or disclosure. Litigating a trade secret claim is expensive and time consuming, and the outcome may be unexpected. In addition, courts outside the United States are sometimes less willing to protect trade secrets. Moreover, our competitors may independently develop knowledge, methods and know-how that allow them to create substantially similar products or services without misappropriating our trade secrets. If we are unable to protect our trade secrets, we may be unable to prevent competitors from using our own inventions and intellectual property to compete against us, and our business may be harmed.

Patent terms may be inadequate to protect our competitive position on our future products for an adequate amount of time.

Patents have a limited lifespan. In the United States, if all maintenance fees are timely paid, the natural expiration of a patent is generally 20 years from its earliest U.S. non-provisional filing date. Various extensions may be available, but the life of a patent, and the protection it affords, is limited. Even if patents covering our future products are obtained, once the patent life has expired, we may be open to competition from competitive products.

Given the amount of time required for the development, testing and regulatory review of new products, patents protecting our future products might expire before or shortly after we or our future partners commercialize those products. As a result, our owned and licensed patent portfolio may not provide us with sufficient rights to exclude others from commercializing products similar or identical to ours for a sufficient amount of time, and, as a result, we may not be able to obtain adequate protection from our patent portfolio against competition, in spite of the time and effort invested in the commercialization of our future products.

Claims that our technology or our future products or the sale or use of our future products infringe the patents or other intellectual property rights of third parties could result in costly litigation or could require substantial time and money to resolve, even if litigation is avoided.

Because our industry is characterized by competing intellectual property, we may be subject to legal actions for violating the intellectual property rights of others, including claims that former employees, collaborators or third parties have an interest in our patents, trade secrets or other intellectual property. For example, we may have inventorship or ownership disputes arising from conflicting obligations of employees, consultants or others who are involved in developing our technology or our products.

We also may be required to participate in interference, derivation or opposition proceedings that concern disputes regarding priority of inventions disclosed in our patents. Determining whether a product infringes a patent, as well as priority of inventions and other patent-related disputes, involves complex legal and factual issues and the outcome is often uncertain. We have not conducted any significant search of patents issued to third parties, and third-party patents containing claims covering our technology or methods that predate our patents may exist. Because of the number of patents issued and patent applications filed in our technical areas or fields (including some pertaining specifically to medical imaging technologies), our competitors or other third parties may assert that our technology and the methods we employ in the use of products incorporating our technology are covered by United States or foreign patents held by them. In addition, because patent applications can take many years to issue and because publication schedules for pending applications vary by jurisdiction, there may be applications now pending of which we are unaware, and which may result in issued patents that our technology or other future products would infringe. Also, because the claims of published patent applications can change between publication and patent grant, there may be published patent applications that may ultimately issue with claims that we infringe.

As the number of competitors in the market for medical imaging technologies increases, and as the number of patents issued in this area grows, the possibility of patent infringement claims against us increases. Some of our competitors may be able to sustain the costs of complex patent litigation more effectively than we can, including if they have substantially greater resources. Defending against such litigation is costly and time consuming, and would distract our management from our business. In addition, any uncertainties resulting from the initiation and continuation of any litigation could have a material adverse effect on our ability to raise the funds necessary to continue our operations.

In the event that we become subject to a patent infringement or other intellectual property lawsuit and if the relevant patents or other intellectual property were upheld as valid and enforceable and we were found to infringe or violate those rights or the terms of a license to which we are a party, we could be prevented from selling any infringing products of ours unless we could obtain a license or were able to redesign the product to avoid infringement. If we were unable to obtain a license or successfully redesign, we might be prevented from selling our technology or other future products. If we are able to redesign, we may need to invest substantial resources in the redesign process. If there is an allegation or determination that we have infringed the intellectual property rights of a competitor or other person, we may be required to pay damages, or a settlement or ongoing royalties, or we may be required to enter into cross-licenses with our competitors. In any of these circumstances, we may be unable to sell our products at competitive prices or at all, and our business, financial condition, results of operations and prospects could be harmed.

In addition, we may be required to indemnify our customers and distributors against claims relating to the infringement of intellectual property rights of third parties related to our products. Third parties may assert infringement claims against our customers or distributors. These claims may require us to initiate or defend protracted and costly litigation on behalf of our customers or distributors, regardless of the merits of these claims. If any of these claims succeed, we may be forced to pay damages on behalf of our customers or distributors, or may be required to obtain licenses for the products or services they use. If we cannot obtain all necessary licenses on commercially reasonable terms, our distributors may be forced to stop distributing our products or services, and our customers may be forced to stop using our products or services.

Furthermore, because of the substantial amount of discovery required in connection with intellectual property litigation, there is a risk that some of our confidential information could be compromised by disclosure during discovery. There could also be public announcements of the results of hearings, motions or other interim proceedings or developments, which could have a material adverse effect on the price of our ordinary shares. If securities analysts or investors perceive these results to be negative, it could have a material adverse effect on the price of our ordinary shares.

Obtaining and maintaining patent protection depends on compliance with various procedural, document submission, fee payment and other requirements imposed by governmental patent agencies, and our patent protection could be reduced or eliminated if we or our future licensors do not comply with these requirements.

Periodic maintenance fees, renewal fees, annuity fees and various other government fees on a patent and patent application are due to be paid to the patent offices and agencies in several stages over the lifetime of the patent and patent application. The U.S. Patent and Trademark Office and various foreign governmental patent agencies require compliance with a number of procedural, documentary, fee payment and other similar provisions during the patent application process. In certain circumstances, we may be required to rely on our licensing partners to take the necessary action to comply with these requirements with respect to patents or other intellectual property they have licensed to us. While an inadvertent lapse can in many cases be cured by payment of a late fee or by other means in accordance with the applicable rules, there are situations in which noncompliance, which could include failure to respond to official actions within prescribed time limits, non-payment of fees and failure to properly legalize and submit formal documents, can result in abandonment or lapse of the patent or patent application, resulting in partial or complete loss of patent rights in the relevant jurisdiction. In such an event, our competitors may be able to enter the market and compete with our products, which would have a material adverse effect on our business.

We may be subject to claims that our employees, consultants or advisers have wrongfully used or disclosed alleged trade secrets of their former employers or claims asserting ownership of what we regard as our own intellectual property.

Many of our employees, consultants and advisers, including our senior management, were previously employed at other companies that may have proprietary rights related to our business. Some of these employees, consultants and advisers, including members of our senior management, executed proprietary rights, non-disclosure and non-competition agreements in connection with such previous employment. Although we try to ensure that such individuals do not use the proprietary information or know-how of others in their work for us, we may be subject to claims that we or these employees have used or disclosed intellectual property, including trade secrets or other proprietary information, of any such individual's former employer. We are not aware of any such disclosures, or threatened or pending claims related to these matters, but in the future, litigation may be necessary to defend against such claims. If we fail in defending any such claims, we may lose valuable intellectual property rights or personnel, in addition to possibly paying monetary damages and being enjoined from conducting our business as contemplated. Even if we are successful in defending against such claims, litigation could result in substantial costs and be a distraction to management.

Additionally, a licensor, collaborator, employee, consultant, adviser or other third party may dispute our or our licensor's ownership of certain intellectual property rights. We seek to address these concerns in our contractual agreements; however, we may not have contractual arrangements with the party in question and/or such provisions may not be effective. If these provisions prove to be ineffective, we may not be able to achieve our business objectives. If we or our licensors fail in defending any such claims, we may have to pay monetary damages and may lose valuable intellectual property rights, such as exclusive ownership of, or right to use, intellectual property, which could adversely impact our business, financial condition and results of operations.

If our trademarks and trade names are not adequately protected, then we may not be able to build name recognition in our markets of interest and our business may be adversely affected.

Our registered and unregistered trademarks or trade names are valuable assets and may be challenged, infringed, circumvented or declared generic or determined to infringe third party's marks. We may not be able to protect our rights to these trademarks and trade names, which may be necessary to build name recognition among potential collaborators or customers in our markets of interest. At times, competitors may adopt trade names or trademarks similar to ours, thereby impeding our ability to build brand identity and possibly leading to market confusion. In addition, there could be potential trade name or trademark infringement claims brought by owners

of other trademarks or trademarks that incorporate variations of our unregistered trademarks or trade names. We have not conducted any registrability studies for possible future trademarks to assess whether such marks would be successfully registered. Over the long term, if we are unable to establish name recognition based on our trademarks and trade names, then we may not be able to compete effectively and our business may be adversely affected. In addition, we may license our trademarks and trade names to third parties, such as distributors. Though these license agreements may provide guidelines for how our trademarks and trade names may be used, a breach of these agreements or misuse of our trademarks and tradenames by our licensees may jeopardize our rights in or diminish the goodwill associated with our trademarks and trade names. Our efforts to enforce or protect our proprietary rights related to trademarks, trade names, trade secrets, domain names, copyrights or other intellectual property may be ineffective and could result in substantial costs and diversion of resources and adversely affect our competitive position, business, financial condition, results of operations and prospects.

Our rights to develop and commercialize our products may be subject to the terms and conditions of licenses and sublicenses granted to us by third parties.

We rely on licenses and sublicenses to certain patent rights and other intellectual property from third parties that are important or necessary to the development of our products, including the software modules and cloud software that are integrated into QT Breast Scanner and products and services, including Medical Scan as a Service. These and other licenses may not provide exclusive rights to use such intellectual property in all relevant fields of use and in all territories in which we may wish to develop or commercialize our products and the underlying patents may fail to provide the intended exclusivity. As a result, we may not be able to prevent competitors from developing and commercializing competitive products in the markets that we hope to address. Moreover, we would not own at least some of the underlying intellectual property rights related to these products, and as a result our rights would be subject to the continuation and compliance with the terms of those agreements. If such in-licenses were terminated, competitors would have the freedom to develop, seek regulatory approval of, and to market, products similar or identical to ours.

In addition, these license agreements may not grant us the right to control the preparation, filing, prosecution or maintenance of patents and patent applications covering our products. Therefore, we cannot be certain that these patents and patent applications will be prepared, filed, prosecuted or maintained in a manner consistent with the best interests of our business. If our current or future licensing partners fail to file, prosecute or maintain such patents, including the payment of applicable fees, or otherwise lose rights to those patents or patent applications, the intellectual property we have licensed or exclusivity we have been granted may be reduced or eliminated, and our right to develop and commercialize any of our future products that are subject of such licensed rights, and our ability to prevent competitors from developing or commercializing such products, could be adversely affected. In addition, even where we have the right to control patent prosecution and maintenance of patents and patent applications we have licensed from third parties, we may still be adversely affected or prejudiced by actions or inactions of our licensees, our licensors and their counsel that took place prior to the date upon which we assumed control over patent prosecution.

Pursuant to the terms of such license agreements, the licensors may also have the right to control enforcement of our licensed patents or defense of any claims asserting the invalidity or unenforceability of these patents. Even if we are permitted to pursue the enforcement or defense of our licensed patents, we may require the cooperation of our future licensors or collaboration partners and any other applicable patent owners and we cannot be certain that such cooperation will be provided to us. We also cannot be certain that our licensors will allocate sufficient resources or prioritize their or our enforcement of such patents or defense of such claims to protect our interests in the licensed patents. Even if we are not a party to these legal actions, an adverse outcome could harm our business because it might prevent us from continuing to license intellectual property that we may need to operate our business. If we lose any of our licensed intellectual property, our right to develop and commercialize any of our products that are subject of such licensed rights could be adversely affected.

In addition, our future licensors may rely on third-party consultants or collaborators or on funds from third parties such that our licensors are not the sole and exclusive owners of the patents we in-license. If other third

parties have ownership rights to our in-licensed patents, they may be able to license such patents to our competitors, and our competitors could market competing products and technologies. In addition, if our licensors have not obtained adequate rights from these third parties, we may need to obtain additional rights from these third parties or we could be prevented from developing and commercializing the related products. This could have a material adverse effect on our competitive position, business, financial conditions, results of operations and prospects.

In spite of our best efforts, our licensors might conclude that we have materially breached our license agreements and might therefore terminate the license agreements, in which event we may have to cease developing, manufacturing or marketing any product covered by these agreements and we may face other additional penalties or be required to grant our licensors additional rights. In addition, we may seek to obtain additional licenses from our licensors and, in connection with obtaining such licenses, we may agree to amend our existing licenses in a manner that may be more favorable to the licensors, including by agreeing to terms that could enable third parties (potentially including our competitors) to receive licenses to a portion of the intellectual property that is subject to our existing licenses. Any of these events could have a material adverse effect on our competitive position, business, financial conditions, results of operations and prospects.

We may be required to pay certain milestones and royalties and fulfill other obligations under our license agreements with third-party licensors.

We may be required to pay milestones and royalties related to our development or commercialization activities of our products utilizing the technologies licensed or sublicensed from third parties under license agreements we may enter into with them. These payments could adversely affect our overall profitability related to any future products that we may seek to develop or commercialize. In order to maintain our license rights under our license agreements, we may need to meet certain specified milestones or fulfill certain obligations, including to devote a certain amount of resources, in the development of our products. Failure to satisfy such obligations could result in the termination of our rights under such agreements.

If we choose to license our technology to third parties, this could result in disputes or otherwise limit our future operations.

We may also in the future, as one of our strategies, deploy our technology into the market and license patents and other intellectual proprietary rights to third parties. Disputes with our licensees may arise, including regarding the scope and content of these licenses. Additionally, a licensee may use our intellectual property without our permission, dispute our ownership of certain intellectual property rights or argue that our intellectual property does not cover our product. Regardless of whether we pursue legal action to enforce any such dispute, a dispute with a licensee or customer over intellectual property rights may damage our relationship with that licensee or customer and may also harm our reputation in the industry. Our ability to expand into additional fields with our technologies also may be restricted by licenses or other rights we may grant to third parties in the future, including if the licenses are exclusive, the licensee is assigned ownership of intellectual property that we develop or rights of first negotiation or refusal are granted.

Other General Risks Applicable to QT Imaging

Under applicable employment laws, we may not be able to enforce covenants not to compete and therefore may be unable to prevent our competitors from benefiting from the expertise of some of our former employees.

Our employment agreements generally include covenants not to compete. These agreements prohibit our employees, if they cease working for us, from competing directly with us or working for our competitors for a limited period. We may be unable to enforce these agreements under the laws of the jurisdictions in which our employees work at all or for a sufficient duration of time to prevent members of our management team from competing with us.

We may not be able to attract and retain the highly skilled employees we need to support our planned growth.

To continue to execute our business and our growth plan, we must attract and retain highly qualified personnel. Competition for these personnel is intense. We may not be successful in attracting and retaining qualified personnel. If we fail to attract new personnel or fail to retain and motivate our current personnel, our business, financial condition, results of operations and future growth prospects could be severely harmed.

We plan to expand our operations and may not be able to manage our growth effectively, which could strain our resources and delay or derail implementation of our business objectives.

We will need to significantly expand our operations to implement our longer-term business plan and growth strategies, including building and expanding our internal organizational infrastructure to manage the regulatory approval process with the FDA for our product candidates. We will also be required to manage and form new relationships with various strategic partners, technology licensors, customers, manufacturers and suppliers, consultants and other third parties. This expansion and these new relationships will require us to significantly improve or replace our existing managerial, operational and financial systems, and procedures and controls; to improve the coordination between our various corporate functions; and to manage, train, motivate and maintain a growing employee base. The time and costs to effectuate these steps may place a significant strain on our management personnel, systems and resources, particularly if there are limited financial resources and skilled employees available at the time. We cannot assure that we will institute, in a timely manner or at all, the improvements to our managerial, operational and financial systems, procedures and controls necessary to support our anticipated increased levels of operations and to coordinate our various corporate functions, or that we will be able to properly manage, train, motivate and retain our anticipated increased employee base. If we cannot manage our growth initiatives, we will be unable to commercialize our products on a large-scale in a timely manner, if at all, and our business could fail.

If we do not manage our growth or control costs related to growth, our financial condition, results of operations and future growth prospects will suffer.

Our existing systems, facilities, procedures and personnel may not be adequate to support our future growth and operations. We intend to grow our business by expanding our customer base, sales force, and product offerings. Growth could place significant strain on our management, employees, operations, financial systems, and other resources. To accommodate significant growth, we could be required to open additional facilities, expand and improve our information systems and procedures, and hire, train, motivate and manage a growing workforce, all of which would increase our costs. Further, we may not succeed in our plans to accelerate or manage growth by expanding operations, personnel and other resources, or achieve results that are timely and profitable.

Industry data, projections and estimates relied upon by us are inherently uncertain, subject to interpretation and may not have been independently verified.

Information concerning our industry and the markets in which we operate and intend to operate, including industry projections and estimates, is obtained from publicly available information released by independent industry and research organizations and other third-party sources. We have not independently verified any such third-party information. In addition, projections, assumptions and estimates of the future performance of the industry in which we operate are subject to uncertainty and risk due to a variety of factors. As a result, inaccuracies in third-party information, or in the projections, may adversely impact the assumptions that are relied upon for our internal business planning and in the analysis of investors.

We intend to use a portion of the proceeds we receive as a result of the proposed Business Combination to build-up the sales and marketing organization. If we are unable to establish satisfactory sales and marketing capabilities, we may not be able to successfully commercialize QT Breast Scanner or products under development.

We intend to build-up our sales and marketing organization using some of the proceeds we receive as a result of the proposed Business Combination. We will have to compete with established and well-funded medical device companies, and companies in the healthcare sector to recruit, hire, train, and retain sales and marketing personnel and the supporting infrastructure. Many of these companies we will be competing with are well-established in the medical imaging business or in the healthcare sector, and have significantly more resources than we do and we may not be attractive to talented personnel seeking employment because of our size, newness of our products and services and a lack of established market presence. If we are unsuccessful in recruiting sales and marketing personnel, building a sales and marketing infrastructure, or entering into agreements with distribution partners that can help accelerate our penetration and market-share and brand-identity, we could adversely affect our business, operating results, and financial condition.

Factors that may inhibit our efforts to commercialize QT Breast Scanner and products under development include:

- inability to retain adequate numbers of effective sales and marketing personnel;
- the lack of complementary products and services to be offered by sales personnel, which may put us at a competitive disadvantage relative to companies with more extensive product lines; and
- unforeseen costs and expenses associated with creating an independent sales and marketing organization;

Technological change may adversely affect sales of our products and may cause our products to become obsolete.

The medical device market is characterized by extensive research and development, and rapid technological change. Technological progress or new developments in our industry could adversely affect clinical adoption of QT Breast Scanner and our other products under development, which could be rendered obsolete because of future innovations by our competitors with traditional methods like MRI, HHUS or mammography. We may be limited by resources, including qualified personnel, funds for capital investments, and other constraints from offering improvements to our products and services and our business, operating results and financial condition will suffer as a result.

If we are unable to anticipate or keep pace with changes in the marketplace and the direction of technological innovation and customer demands, our technology may become less useful or obsolete and our operating results and financial condition will suffer.

Companies offering traditional medical imaging systems, such as General Electric, Siemens, Philips, Hologic, Varian, Fuji, Toshiba and Hitachi, are better established in the market than we are, have greater corporate, financial, operational, sales and marketing resources than we do, or have more experience in research and development than we have. Successful developments by these companies using 3D ultralow frequency transmitted sound imaging or other technologies by competitors resulting in new approaches for medical imaging, including technologies, products or services that are more effective or commercially attractive, could make our technology less useful or obsolete. We may also face opposition from certain industry leaders, who may have political influence and the ability to delay deployment of QT Breast Scanner and other products under development in certain geographical areas.

Our competitive position also depends on our ability to:

- generate widespread awareness, acceptance and adoption of our technology and future products or services;

[Table of Contents](#)

- develop new or enhanced technologies or features that improve the convenience, efficiency, safety or perceived safety, and productivity of our technology and future products or services;
- properly identify customer needs and deliver new products or services or product enhancements to address those needs;
- limit the time required from prototype development to commercial production;
- limit the timing and cost of regulatory approvals;
- attract and retain qualified personnel and collaborators;
- protect our inventions with patents or otherwise develop proprietary products and processes; and
- secure sufficient capital resources to expand both our continued research and development, and sales and marketing efforts.

If our technology is not, or our future products or services are not, competitive based on these or other factors, our business would be harmed.

We may be unable to sustain revenue growth or profitability.

Our ability to increase revenue in future periods will depend on our ability to successfully penetrate our target markets and increase sales of our products which will, in turn, depend in part on our success in growing our customer base and obtaining reorders from those customers. New products and services will also need to be developed and approved or cleared by the FDA and foreign regulatory agencies. Our ability to become profitable and sustain profitability is highly dependent on our ability to sustain revenue growth and to successfully manage our costs. We are also subject to potential headwinds—adverse economic conditions in the markets we serve, political turmoil, pandemic and disease, acts of God, and other unforeseen factors beyond our control that may affect our ability to sustain revenue and profitability.

Evolving regulations and new laws will increase our costs and expenses.

A newly passed ballot initiative in California, the California Privacy Rights Act (“CPRA”), which became operational on January 1, 2023, expands on the CCPA, creating new consumer rights and protections, including: the right to correct personal information, the right to opt out of the use of personal information in automated decision making, the right to opt out of “sharing” consumer’s personal information for cross-context behavioral advertising, and the right to restrict use of and disclosure of sensitive personal information, including geolocation data to third parties. We will need to evaluate and potentially update its privacy program to ensure compliance with the CPRA and may incur additional costs and expenses in its effort to comply.

Our marketing efforts, including any social media marketing efforts that we may implement in the future, may expose our company to additional regulatory scrutiny, including from the Federal Trade Commission (the “FTC”) and other consumer protection agencies and regulators.

In addition to the laws and regulations enforced by the FDA, advertising for various services and non-restricted medical devices is subject to federal truth-in-advertising laws enforced by the FTC, as well as comparable state consumer protection laws. QT Imaging’s efforts to promote its prescription products via direct-to-consumer marketing and social media initiatives may subject us to additional scrutiny of its practices. For example, the FTC and other consumer protection agencies scrutinize all forms of advertising (whether in digital or traditional formats) for business services, consumer-directed products, and non-restricted medical devices to ensure that advertisers are not making false, misleading or unsubstantiated claims or failing to disclose material relationships between the advertiser and its products’ endorsers, among other potential issues. The FDA oversees the advertising and promotional labeling for restricted medical devices and ensures, among other things, that there is effective communication of, and a fair and balanced presentation of, the risks and benefits of such high-risk medical devices.

Under the Federal Trade Commission Act (“*FTC Act*”), the FTC is empowered, among other things, to (a) prevent unfair methods of competition and unfair or deceptive acts or practices in or affecting commerce; (b) seek monetary redress and other relief for conduct injurious to consumers; and (c) gather and compile information and conduct investigations relating to the organization, business, practices, and management of entities engaged in commerce. The FTC has very broad enforcement authority, and failure to abide by the substantive requirements of the FTC Act and other consumer protection laws can result in administrative or judicial penalties, including civil penalties, injunctions affecting the manner in which QT Imaging would be able to market services or products in the future, or criminal prosecution. Any plans to increase our advertising activities that may be subject to these federal and state truth-in-advertising laws. Any actual or perceived non-compliance with those laws could lead to an investigation by the FTC or a comparable state agency, or could lead to allegations of misleading advertising by private plaintiffs. Any such action against us would disrupt QT Imaging’s business operations, cause damage to our reputation, and result in material adverse effects on our business and financial performance.

The FDA requires that promotional labeling be truthful and not misleading, including with respect to any comparative claims made about competing products or technologies. In addition to FDA implications, the use of comparative claims also present risk of a lawsuit by the competitor under federal and state false advertising and unfair competition statutes (e.g., the Lanham Act) or unfair and deceptive trade practices law, and possibly also state libel law. Such a suit may seek injunctive relief against further advertising, a court order directing corrective advertising, and compensatory and punitive damages where permitted by law. Further, notwithstanding the ultimate outcome of any Lanham Act or similar complaint, QT Imaging’s reputation and relationship with certain customers or distribution partners may be harmed as a result of the allegations related to its products or its business practices more generally.

Other General Risks Related to GigCapital5

Certain of GigCapital5’s warrants are accounted for as a warrant liability and were recorded at fair value upon issuance with changes in fair value each period reported in earnings, which may have an adverse effect on the market price of GigCapital5 Common Stock.

As of [●], 2023, 795,000 Private Placement Warrants were outstanding. These warrants will become exercisable 30 days after completion of the proposed Business Combination provided that GigCapital5 has an effective registration statement under the Securities Act covering the shares of GigCapital5 Common Stock issuable upon exercise and a current prospectus relating to them is available and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder (or GigCapital5 permits holders to exercise their warrants on a cashless basis under certain circumstances). Once these warrants become exercisable, GigCapital5 may redeem outstanding warrants in certain circumstances; provided, however, that these warrants will not be redeemable by GigCapital5 so long as they are held by the initial purchasers or any of their permitted transferees. Under GAAP, GigCapital5 is required to evaluate contingent exercise provisions of these warrants and then their settlement provisions to determine whether they should be accounted for as a warrant liability or as equity. Any settlement amount not equal to the difference between the fair value of a fixed number of GigCapital5’s equity shares and a fixed monetary amount precludes these warrants from being considered indexed to its own stock, and therefore, from being accounted for as equity. As a result of the provision that these warrants, when held by someone other than the initial purchasers or their permitted transferees, will be redeemable by GigCapital5, the requirements for accounting for these warrants as equity are not satisfied. Therefore, GigCapital5 is required to account for these warrants as a warrant liability and record (a) that liability at fair value, and (b) any subsequent changes in fair value as of the end of each period for which earnings are reported. The impact of changes in fair value on earnings may have an adverse effect on the market price of GigCapital5 Common Stock.

The securities in which GigCapital5 invests the funds held in the Trust Account could bear a negative rate of interest, which could reduce the value of the assets held in trust such that the per-share redemption amount received by public stockholders may be less than \$[●] in principal plus accrued interest per share.

GigCapital5's initial public offering proceeds held in the Trust Account will be invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act, which invest only in direct U.S. government treasury obligations. While short-term U.S. government treasury obligations currently yield a positive rate of interest, they have briefly yielded negative interest rates in recent years. Central banks in Europe and Japan pursued interest rates below zero in recent years, and the Open Market Committee of the Federal Reserve has not ruled out the possibility that it may in the future adopt similar policies in the United States. In the event that GigCapital5 is unable to complete the proposed Business Combination or make certain amendments to its Existing Charter, GigCapital5's Public Stockholders are entitled to receive their pro-rata share of the proceeds held in the Trust Account, plus any interest income, net of income taxes paid or payable (less, in the case GigCapital5 is unable to complete the proposed Business Combination, \$100,000 of interest to pay dissolution expenses). Negative interest rates could reduce the value of the assets held in trust such that the per-share redemption amount received by public stockholders may be less than \$[●] in principal plus accrued interest per share.

GigCapital5 has no operating history and is subject to a mandatory liquidation and subsequent dissolution requirement. If GigCapital5 is unable to consummate a business combination, including the proposed Business Combination, its public stockholders may be forced to wait until after September 28, 2023 before receiving distributions from the Trust Account.

GigCapital5 is a development stage blank check company, and as it has no operating history and is subject to a mandatory liquidation and subsequent dissolution requirement. GigCapital5 currently has until September 28, 2023, to complete a business combination (unless such date is subsequently extended by the stockholders of GigCapital5). GigCapital5 has no obligation to return funds to investors prior to such date unless (i) it consummates a business combination prior thereto or (ii) it seeks to amend its current amended and restated certificate of incorporation prior to consummation of a business combination, and only then in cases where investors have sought to convert or sell their shares to GigCapital5. Only after the expiration of this full time period will public security holders be entitled to distributions from the Trust Account if GigCapital5 is unable to complete a business combination. Accordingly, investors' funds may be unavailable to them until after such date and to liquidate their investment, public security holders may be forced to sell their Public Shares or Warrants, potentially at a loss. In addition, if GigCapital5 fails to complete an initial business combination by September 28, 2023 (unless the time for such completion is extended), there will be no Redemption Rights or liquidating distributions with respect to the warrants, which will expire worthless, unless GigCapital5 amends its certificate of incorporation to extend its life and certain other agreements it has entered into.

GigCapital5 has no operating or financial history and its results of operations and those of the Combined Company may differ significantly from the unaudited pro forma financial data included in this proxy statement/prospectus.

GigCapital5 is a blank check company and has no operating history and no revenues. This proxy statement/prospectus includes unaudited pro forma condensed combined financial statements for the Combined Company. The unaudited pro forma condensed combined statement of operations of the Combined Company combines the historical audited results of operations of GigCapital5 for the nine months ended September 30, 2023 and the year ended December 31, 2022, with the historical audited consolidated results of operations of QT Imaging for the nine months ended September 30, 2023 and the year ended December 31, 2022, respectively, and gives pro forma effect to the proposed Business Combination as if it had been consummated on January 1, 2022. The unaudited pro forma condensed combined balance sheet of the Combined Company combines the historical balance sheets of GigCapital5 as of September 30, 2023 and of QT Imaging as of September 30, 2023 and gives pro forma effect to the proposed Business Combination as if it had been consummated on September 30, 2023.

The unaudited pro forma condensed combined financial statements are presented for illustrative purposes only, are based on certain assumptions, address a hypothetical situation and reflect limited historical financial data. Therefore, the unaudited pro forma condensed combined financial statements are not necessarily indicative of the results of operations and financial position that would have been achieved had the proposed Business Combination and the acquisitions by QT Imaging been consummated on the dates indicated above, or the future results of operations or financial position of the Combined Company. Accordingly, the Combined Company's business, assets, cash flows, results of operations and financial condition may differ significantly from those indicated by the unaudited pro forma condensed combined financial statements included in this document. For more information, please see the section entitled "Unaudited Pro Forma Condensed Combined Financial Information"

Unanticipated changes in effective tax rates or adverse outcomes resulting from examination of our income or other tax returns could adversely affect our financial condition and results of operations.

We will be subject to income taxes in the United States and other jurisdictions, and our tax liabilities will be subject to the allocation of expenses in differing jurisdictions. Our future effective tax rates could be subject to volatility or adversely affected by a number of factors, including:

- changes in the valuation of our deferred tax assets and liabilities;
- expected timing and amount of the release of any tax valuation allowances;
- tax effects of stock-based compensation;
- costs related to intercompany restructurings;
- changes in tax laws, regulations or interpretations thereof; or
- lower than anticipated future earnings in jurisdictions where we have lower statutory tax rates and higher than anticipated future earnings in jurisdictions where we have higher statutory tax rates.

In addition, we may be subject to audits of our income, sales and other transaction taxes by taxing authorities. Outcomes from these audits could have an adverse effect on our financial condition and results of operations.

If we are unable to complete an initial business combination, our public stockholders may receive only approximately \$[*] in principal plus accrued interest per share on the liquidation of the Trust Account (or less than \$[*] in principal plus accrued interest per share in certain circumstances where a third party brings a claim against us that our Sponsor is unable to indemnify), and our warrants will expire worthless.

If we are unable to complete an initial business combination by the applicable deadline, our public stockholders may receive only approximately \$[*] in principal plus accrued interest per share on the liquidation of the Trust Account (or less than \$[*] in principal plus accrued interest per share in certain circumstances where a third-party brings a claim against us that our Sponsor is unable to indemnify (as described herein)) and our warrants will expire worthless.

Following the consummation of the proposed Business Combination, GigCapital5's only significant asset will be its ownership interest in the Combined Company and such ownership may not be sufficient to pay dividends or make distributions or loans to enable GigCapital5 to pay any dividends on GigCapital5 Common Stock or satisfy its other financial obligations.

Following the consummation of the proposed Business Combination, GigCapital5 will have no direct operations and no significant assets other than its ownership of the Combined Company. GigCapital5 and certain investors, the QT Imaging equity holders, and directors and officers of QT Imaging and its affiliates will become stockholders of the Combined Company at that time. GigCapital5 will depend on the Combined Company for distributions, loans and other payments to generate the funds necessary to meet its financial obligations, including its expenses as a publicly traded company and to pay any dividends with respect to GigCapital5 Common Stock. The financial condition and operating requirements of the Combined Company may limit

GigCapital5's ability to obtain cash from the Combined Company. The earnings from, or other available assets of, the Combined Company may not be sufficient to pay dividends or make distributions or loans to enable us to pay any dividends on GigCapital5 Common Stock or satisfy its other financial obligations.

The ability of the Combined Company to make distributions, loans and other payments to us for the purposes described above and for any other purpose may be limited by credit agreements to which the Combined Company is party from time to time, including the existing loan and security agreement described in "QT Imaging's Management's Discussion and Analysis of Financial Condition and Results of Operations," and will be subject to the negative covenants set forth therein. Any loans or other extensions of credit to us from the Combined Company will be permitted only to the extent there is an applicable exception to the investment covenants under these credit agreements. Similarly, any dividends, distributions or similar payments to us from the Combined Company will be permitted only to the extent there is an applicable exception to the dividends and distributions covenants under these credit agreements.

GigCapital5's independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about its ability to continue as a "going concern."

As of December 31, 2022 and September 30, 2023, GigCapital5 had a working capital deficit of \$3,935,695 and \$8,801,584, respectively. Further, GigCapital5 has incurred and expects to continue to incur significant costs in pursuit of its financing and acquisition plans, including the proposed Business Combination Agreement. GigCapital5 cannot assure you that its plans to raise capital or to consummate an initial business combination, including pursuant to the Business Combination Agreement, will be successful. These factors, among others, raise substantial doubt about its ability to continue as a going concern. The financial statements contained elsewhere in this proxy statement/prospectus do not include any adjustments that might result from its inability to consummate the proposed Business Combination or its inability to continue as a going concern.

Subsequent to the consummation of the proposed Business Combination, the Combined Company may be required to take write-downs or write-offs, restructuring and impairment or other charges that could have a significant negative effect on its financial condition, results of operations and stock price, which could cause you to lose some or all of your investment.

Although GigCapital5 has conducted due diligence on QT Imaging, GigCapital5 cannot assure you that this diligence revealed all material issues that may be present in QT Imaging's business, that it would be possible to uncover all material issues through a customary amount of due diligence, or that factors outside of GigCapital5's and QT Imaging's control will not later arise. As a result, the Combined Company may be forced to later write-down or write-off assets, restructure its operations, or incur impairment or other charges that could result in losses. Even if GigCapital5's due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with the GigCapital5's preliminary risk analysis. Even though these charges may be non-cash items and may not have an immediate impact on the Combined Company's liquidity, the fact that the Combined Company reports charges of this nature could contribute to negative market perceptions about it or its securities. In addition, charges of this nature may cause the Combined Company to be unable to obtain future financing on favorable terms or at all.

Following the consummation of the Business Combination, the Combined Company will incur significant increased expenses and administrative burdens as a public company, which could have an adverse effect on its business, financial condition and results of operations.

Following the consummation of the proposed Business Combination, the Combined Company will face increased legal, accounting, administrative and other costs and expenses as a public company that the Combined Company does not incur as a private company. The Sarbanes-Oxley Act, including the requirements of Section 404, as well as rules and regulations subsequently implemented by the SEC, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and the rules and regulations promulgated and to be promulgated

thereunder, Public Company Accounting Oversight Board (the “*PCAOB*”) and the securities exchanges, impose additional reporting and other obligations on public companies. Compliance with public company requirements will increase costs and make certain activities more time-consuming. A number of those requirements will require the Combined Company to carry out activities QT Imaging has not done previously. For example, the Combined Company will create new board committees and adopt new internal controls and disclosure controls and procedures. In addition, expenses associated with SEC reporting requirements will be incurred. Furthermore, if any issues in complying with those requirements are identified (for example, if the auditors identify a material weakness or significant deficiency in the internal control over financial reporting), the Combined Company could incur additional costs rectifying those issues, and the existence of those issues could adversely affect the Combined Company reputation or investor perceptions of it. It may also be more expensive to obtain director and officer liability insurance. Risks associated with the Combined Company’ status as a public company may make it more difficult to attract and retain qualified persons to serve on the Combined Company Board or as executive officers. The additional reporting and other obligations imposed by these rules and regulations will increase legal and financial compliance costs and the costs of related legal, accounting and administrative activities. These increased costs will require the Combined Company to divert a significant amount of money that could otherwise be used to expand the business and achieve strategic objectives. Advocacy efforts by stockholders and third parties may also prompt additional changes in governance and reporting requirements, which could further increase costs.

The GigCapital5 directors may decide not to enforce the indemnification obligations of the Sponsor, resulting in a reduction in the amount of funds in the Trust Account available for distribution to the Public Stockholders.

In the event that the proceeds in the Trust Account are reduced below the lesser of (i) \$10.10 per Public Share and (ii) the actual amount per share held in the Trust Account as of the date of the liquidation of the Trust Account if less than \$10.10 per share due to reductions in the value of the trust assets, in each case net of the interest which may be withdrawn to pay taxes, and the Sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, the GigCapital5 independent directors would determine whether to take legal action against the Sponsor to enforce its indemnification obligations. While GigCapital5 currently expects that its independent directors would take legal action on its behalf against the Sponsor to enforce its indemnification obligations to GigCapital5, it is possible that GigCapital5’s independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in any particular instance if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. If the independent directors choose not to enforce these indemnification obligations, the amount of funds in the Trust Account available for distribution to our public stockholders may be reduced below \$10.10 per share.

Risks Related to the Proposed Business Combination

The Public Stockholders will experience immediate dilution as a consequence of the issuance of the Combined Company Common Stock as consideration in the Proposed Business Combination, and will experience additional dilution following the Closing as a result of the issuance of Combined Company Common Stock (i) under the Equity Incentive Plan, (ii) pursuant to the exercise of the Assumed Warrants, or (iii) pursuant to the future exercise of Warrants or Private Placement Warrants. Having a minority share position may reduce the influence that our current stockholders have on the management of the Combined Company.

It is anticipated that, following the proposed Business Combination, (i) Public Stockholders will own approximately 8.9% of the outstanding Combined Company Common Stock, (ii) the QT Imaging stockholders will collectively own approximately 50.6% of the outstanding Combined Company Common Stock (without taking into account any Public Shares held by the QT Imaging stockholders prior to the consummation of the proposed Business Combination), and (iii) the Sponsor will own approximately 27.7% of the outstanding Combined Company Common Stock . These percentages assume (1) that no additional Public Stockholders

exercise their Redemption Rights, following those who did so in the September 2022 Partial Redemption, March 2023 Partial Redemption and the September 2023 Partial Redemption, in connection with the proposed Business Combination, (2) no Warrants are exercised upon the Closing of the Business Combination and (3) neither GigCapital5 nor QT Imaging issue any additional equity securities prior to the proposed Business Combination. If the actual facts are different from these assumptions, the percentage ownership retained by GigCapital5's existing stockholders in the Combined Company will be different.

Your post-closing Combined Company Common Stock ownership may also be substantially diluted by the exercise of Warrants by other Public Stockholders, as well as the exercise of the Private Placement Warrants or the Assumed Warrants.

The issuance of additional Combined Company Common Stock will significantly dilute the equity interests of existing holders of Combined Company securities and may adversely affect prevailing market prices for the Combined Company Common Stock or Warrants. Such dilution may also reduce the influence that you may have on the management of the Combined Company through the matters that are presented for voting to the Combined Company's stockholders.

We cannot be certain as to the number of Public Shares that will be redeemed and as to the potential impact to Public Stockholders who do elect to redeem their Public Shares. There is no guarantee that a Public Stockholder's decision whether to redeem its Public Shares for a pro rata portion of the Trust Account will put the Public Stockholder in a better future economic position.

There is no assurance as to the price at which a Public Stockholder may be able to sell its Public Shares in the future following the completion of the proposed Business Combination or any alternative business combination. Certain events following the consummation of any initial business combination, including the proposed Business Combination and including redemptions of Public Shares, may cause an increase or decrease in the share price and may result in a lower value realized now than a Public Stockholder might realize in the future had the Public Stockholder not redeemed its shares. Similarly, if a Public Stockholder does not redeem its shares, the Public Stockholder will bear the risk of ownership of the Public Shares after the consummation of any initial business combination, and there can be no assurance that a Public Stockholder can sell its shares in the future for a greater amount than the redemption price set forth in this proxy statement/prospectus. A Public Stockholder should consult the Public Stockholder's tax and/or financial advisor for assistance on how this may affect his, her or its individual situation. On [●], 2023, the most recent practicable date prior to the date of this proxy statement/prospectus, the closing price per Public Share on Nasdaq was \$[●]. Public Stockholders should be aware that, while we are unable to predict the price per share of Combined Company Common Stock following the consummation of the Business Combination, the November 2023 Stock Subscription Financing implies a value for a share of Combined Company Common Stock at \$2.50 per share - and accordingly we are unable to predict the potential impact of redemptions on the per share value of Public Shares owned by non-redeeming Public Stockholders - increased levels of redemptions by Public Stockholders may be a result of the price per share of GigCapital5 Common Stock falling below the redemption price. We expect that more Public Stockholders may elect to redeem their Public Shares if the share price of the GigCapital5 Common Stock is below the projected redemption price at the time of the consummation of the proposed Business Combination, and we expect that more Public Stockholders may elect not to redeem their Public Shares if the share price of the GigCapital5 Common Stock is above that projected redemption price. Each Public Share that is redeemed will represent both (i) a reduction, equal to the amount of the redemption price, of the cash that will be available to the Combined Company from the Trust Account and (ii) a corresponding increase in each Public Stockholder's pro rata ownership interest in the Combined Company following the consummation of the Business Combination.

The equity value of the Combined Company is affected by the existence of the Founder Shares having been purchased by the Sponsor at a nominal purchase price, and the Sponsor may make a profit on its investment in circumstances where holders of GigCapital5's Public Shares would not.

The offering price of GigCapital5 Units was \$10.00 per unit. However, the Sponsor paid only \$25,000 for the Founder Shares, or approximately \$0.0043592 per share after adjustment for forfeitures. The equity value of the Combined Company will be based upon all outstanding shares of Combined Company Common Stock, including the Founder Shares. As equity value is equal to enterprise value plus net cash, the fact that the Sponsor has paid less cash for shares of GigCapital5 Common Stock than the Public Stockholders means that there is less cash resulting from the issuance of the Founders Shares for purposes of increasing the value of the Combined Company from its enterprise value to its equity value, but the equity value is equal to the sum of all Combined Company Common Stock multiplied by its stock price. As a result, the value of any non-redeemed Public Shares upon the closing of the proposed Business Combination may be significantly less than they would have been if the Sponsor had paid a purchase price for the Founder Shares similar to that paid for the purchase of GigCapital5 Units in the GigCapital5 IPO.

The following example shows the impact on equity valuation of the Founder Shares. Considering just GigCapital5 prior to the consummation of the proposed Business Combination (i.e., no shares issued as merger consideration are included in this hypothetical determination of equity valuation), if because GigCapital5 is not an operating company it is assumed that its equity value is equal to its cash and no enterprise value is attributed to it, that would result in an equity value of approximately \$41.4 million at the time that GigCapital5 entered into the Business Combination Agreement. As of that same time, there were 10,559,050 shares of GigCapital5 Common Stock outstanding. This implies a per share equity value of \$3.92 as of the time that GigCapital5 entered into the Business Combination Agreement, which is substantially less than either the implied purchase price for shares of GigCapital5 Common Stock at the time of the GigCapital5 IPO or the amount that would be paid to any Public Stockholder exercising its Redemption Rights. It also would represent a significant implied profit for the Sponsor, compared to what it paid for the Founder Shares.

Furthermore, the November 2023 Stock Subscription Financing implies a value for a share of Combined Company Common Stock at \$2.50 per share, which increases the likelihood that the trading price for GigCapital5's Public Shares could decline substantially after consummation of the proposed Business Combination. If that does occur, the Sponsor may nonetheless make a significant profit on its investment of \$7,975,000 in the aggregate for its 6,530,000 shares of GigCapital5 Common Stock, or approximately \$1.22 per share if no value is attributed to the Private Placement Warrants. As a result, the Sponsor may make a substantial profit on its aggregate investment even if the proposed Business Combination is poorly received by the market and the trading price of GigCapital5's securities declines (although the Sponsor paid \$10.00 per Private Placement Unit for the 795,000 Private Placement Units that it purchased, which is substantially more than the \$2.50 implied value for a share of Combined Company Stock in the Stock Subscription Financing). Moreover, if GigCapital5 fails to consummate a business combination, the Sponsor's investment will be worthless. In contrast, GigCapital5's Public Stockholders will suffer losses unless GigCapital5's trading price remains at or above the price paid for such shares, which has never traded for lower than \$9.87 on the NYSE or Nasdaq, and if no business combination is consummated they would receive \$[●] per share from GigCapital5's Trust Account. As a result of the foregoing, Sponsor and its affiliates may have more of an economic incentive for us to, rather than liquidate if we fail to complete our initial business combination by the Completion Window, enter into an initial business combination on potentially less favorable terms with a potentially less favorable, riskier, weaker-performing or financially unstable business, or an entity lacking an established record of revenues or earnings, than would be the case if such parties had paid the full offering price for their Founder Shares. You should consider the Sponsor's and GigCapital5 management team's financial incentives to consummate even a weak business combination when evaluating whether to redeem your shares prior to or in connection with that business combination.

Warrants, Private Placement Warrants and Assumed Warrants will become exercisable for Combined Company Common Stock, which would increase the number of shares eligible for future resale in the public market and result in dilution to our stockholders.

If the proposed Business Combination is completed, outstanding Warrants to purchase an aggregate of 23,000,000 shares of Combined Company Common Stock will become exercisable in accordance with the terms of the warrant agreement governing those securities, as well as Private Placement Warrants to purchase an aggregate of up to 795,000 shares of Combined Company Common Stock, and any Assumed Warrants that exist at the Closing. These Warrants and Private Placement Warrants will become exercisable 30 days after the completion of the proposed Business Combination. The exercise price of these Warrants and Private Placement Warrants will be \$11.50 per share. The Assumed Warrants will be exercisable following the Closing and will have an adjusted exercise price in accordance with the terms of the Business Combination Agreement. To the extent such Warrants, Private Placement Warrants and Assumed Warrants are exercised, additional shares of Combined Company Common Stock will be issued, which will result in dilution to the holders of Combined Company Common Stock and increase the number of shares eligible for resale in the public market. The dilution, as a percentage of outstanding shares, caused by the exercise of the Warrants, Private Placement Warrants and Assumed Warrants will increase if a large number of our Public Stockholders elect to redeem their shares in connection with the proposed Business Combination. Further, the redemption of Public Shares without any accompanying redemption of Warrants will increase the dilutive effect of the exercise of Warrants and Private Placement Warrants. Sales of substantial numbers of such shares in the public market or the fact that such Warrants, Private Placement Warrants and Assumed Warrants may be exercised could adversely affect the market price of Combined Company Common Stock. However, there is no guarantee that the Warrants and Private Placement Warrants will ever be in-the-money prior to their expiration (the Assumed Warrants are in-the-money at the Closing), and the historical trading prices for shares of GigCapital5 Common Stock have varied between a low of approximately \$9.80 per share on November 4, 2021 to a high of approximately \$[●] per share on [●], and have not approached the \$11.50 per share exercise price for the Warrants and Private Placement Warrants. As such, the Warrants and Private Placement Warrants may expire worthless.

The market price of shares of the Combined Company Common Stock after the proposed Business Combination may be affected by factors different from those currently affecting the prices of shares of GigCapital5 Common Stock.

Upon completion of the proposed Business Combination, holders of shares of QT Imaging will become holders of shares of Combined Company Common Stock. Prior to the proposed Business Combination, GigCapital5 has had limited operations. Upon completion of the proposed Business Combination, the Combined Company's results of operations will depend upon the performance of QT Imaging's businesses, which are affected by factors that are different from those currently affecting the results of operations of GigCapital5.

One of the Representatives, Wells Fargo, without any consideration from GigCapital5 or QT Imaging, waived its entitlement to deferred underwriting fees and disclaimed any responsibility for the proposed Business Combination, but would be entitled to such compensation in connection with an alternative business combination, should the proposed Business Combination be terminated, and remains entitled to customary indemnification and contribution obligations of GigCapital5 in connection with the Business Combination.

Pursuant to that certain Underwriting Agreement, dated September 23, 2021, by and between GigCapital5 and the Representatives, Wells Fargo was entitled to \$6,440,000 in deferred underwriting fees as consideration for services rendered to GigCapital5 in connection with the GigCapital5 IPO, which were to become payable upon consummation of a business combination transaction. Following the GigCapital5 IPO, Wells Fargo did not provide any financial or merger-related advisory or other services to GigCapital5, and GigCapital5 did not request any from Wells Fargo. As a result, Wells Fargo had no role in the identification or evaluation of prospective business combination targets.

On March 20, 2023, Wells Fargo formally notified GigCapital5 in writing that it would not act in any capacity in connection with the proposed Business Combination and waived its entitlement to all deferred underwriting fees solely with respect to the proposed Business Combination. Wells Fargo did not provide a reason for the fee waiver and we did not engage in any dialogue with them regarding the waiver, despite Wells Fargo having performed all its obligations under the underwriting agreement. Wells Fargo has performed all its obligations under the underwriting agreement to obtain its fees and is therefore waiving its right to be compensated without seeking anything in return. Wells Fargo was not provided, and will not be provided, from any source, any consideration in exchange for its waiver of its entitlement to the payment of the deferred underwriting fees or with respect to any agreements, arrangements or understandings between Wells Fargo and any party with respect to the waiver.

Wells Fargo has had no role in the proposed Business Combination and has affirmatively disclaimed any responsibility for it.

Because the waiver of Wells Fargo's deferred underwriting fees is only with respect to the proposed Business Combination, Wells Fargo would be entitled to a payment of the deferred compensation in connection with an alternative business combination, should the Business Combination be terminated, as well as to other indemnification or contribution pursuant to the underwriting agreement. Investors should be aware that the waiver of a deferred underwriting fee is unusual and some investors may find the proposed Business Combination less attractive as a result. This may make it more difficult for GigCapital5 to complete the proposed Business Combination.

In addition, GigCapital5 continues to have obligations pursuant to the underwriting agreement to the other Representative, William Blair, for deferred underwriting fees in the amount of \$2,760,000 that would become payable upon consummation of the proposed Business Combination.

Wells Fargo declined to act for GigCapital5 as an advisor in connection with the proposed Business Combination, and Wells Fargo has had no role in the preparation of the disclosure that is included in this proxy statement/prospectus, or the underlying business analysis related to the proposed Business Combination.

As described above, Wells Fargo was a Representative in the GigCapital5 IPO and was entitled to certain deferred compensation in connection with a business combination transaction. Notwithstanding, Wells Fargo chose not to be involved with the negotiation of the Business Combination Agreement or the consideration by the GigCapital5 of QT Imaging as a potential target for an initial business combination in any capacity, and on March 20, 2023, Wells Fargo formally notified GigCapital5 in writing that it would not act in any capacity in connection with the proposed Business Combination and waived its entitlement to all deferred underwriting fees solely with respect to the proposed Business Combination.

Accordingly, Wells Fargo has not been involved in the preparation of any disclosure that is included in this proxy statement/prospectus, or any business analysis underlying such disclosure, and stockholders do not have the benefit of any such involvement. Stockholders should not place any reliance on the fact that Wells Fargo was involved with the GigCapital5 IPO.

GigCapital5 has not obtained an opinion from an independent investment banking firm, and consequently, there is no assurance from an independent source that the merger consideration is fair to its stockholders from a financial point of view.

GigCapital5 is not required to, and has not, obtained an opinion from an independent investment banking firm that the merger consideration it is paying for QT Imaging is fair to GigCapital5's stockholders from a financial point of view. The fair market value of QT Imaging has been determined by the GigCapital5 Board based upon standards generally accepted by the financial community, such as potential sales and the price for

which comparable businesses or assets have been valued. The GigCapital5 Board believes because of the financial skills and background of its directors, it was qualified to conclude that the proposed Business Combination was fair from a financial perspective to its stockholders and that QT Imaging's fair market value was at least 80% of the assets held in the Trust Account (excluding the taxes payable on interest earned on the Trust Account) at the time of the agreement to enter into the proposed Business Combination. GigCapital5's stockholders will be relying on the judgment of the GigCapital5 Board with respect to such matters.

If the proposed Business Combination's benefits do not meet the expectations of financial analysts, the market price of the Combined Company Common Stock may decline.

The market price of the Combined Company Common Stock may decline as a result of the proposed Business Combination if we do not achieve the perceived benefits of the proposed Business Combination as rapidly, or to the extent anticipated by, financial analysts or the effect of the proposed Business Combination on our financial results is not consistent with the expectations of financial analysts. Accordingly, holders of the Combined Company Common Stock following the consummation of the proposed Business Combination may experience a loss as a result of a decline in the market price of such Combined Company Common Stock. In addition, a decline in the market price of the Combined Company Common Stock following the consummation of the proposed Business Combination could adversely affect our ability to issue additional securities and to obtain additional financing in the future.

There can be no assurance that the Combined Company Common Stock will be approved for listing on Nasdaq or that the Combined Company will be able to comply with the continued listing standards of Nasdaq.

In connection with the Closing, we intend to list the Combined Company Common Stock, as well as the Warrants sold in the GigCapital5 IPO, on Nasdaq under the symbol "QTI". The Combined Company's continued eligibility for listing may depend on the number of our shares that are converted. If, after the proposed Business Combination, Nasdaq delists the Combined Company's shares from trading on its exchange for failure to meet the listing standards, the Combined Company and its stockholders could face significant material adverse consequences including:

- a limited availability of market quotations for the Combined Company's securities;
- reduced liquidity for the Combined Company's securities;
- a determination that the Combined Company Common Stock is a "penny stock" which will require brokers trading in the Combined Company Common Stock to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for shares of the Combined Company Common Stock;
- a limited amount of analyst coverage; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

The consummation of the proposed Business Combination is subject to a number of conditions and if those conditions are not satisfied or waived, the Business Combination Agreement may be terminated in accordance with its terms and the Business Combination may not be completed.

The Business Combination Agreement is subject to a number of conditions which must be fulfilled in order to complete the proposed Business Combination. Those conditions include: approval of the Business Combination Agreement by QT Imaging stockholders, approval of the proposals required to effect the proposed Business Combination by GigCapital5 stockholders, as well as receipt of certain requisite regulatory approvals, absence of orders prohibiting completion of the proposed Business Combination, effectiveness of the registration statement of which this proxy statement/prospectus is a part, approval of the shares of Combined Company Common Stock to be issued to GigCapital5 stockholders for listing on Nasdaq, the resignation of specified

[Table of Contents](#)

GigCapital5 executive officers and directors, the accuracy of the representations and warranties by both parties (subject to the materiality standards set forth in the Business Combination Agreement) and the performance by both parties of their covenants and agreements. These conditions to the Closing may not be fulfilled in a timely manner or at all, and, accordingly, the proposed Business Combination may not be completed. In addition, the parties can mutually decide to terminate the Business Combination Agreement at any time, before or after stockholder approval, or GigCapital5 or QT Imaging may elect to terminate the Business Combination Agreement in certain other circumstances. See “*The Business Combination Agreement-Termination.*”

The parties to the Business Combination Agreement may amend the terms of the Business Combination Agreement or waive one or more of the conditions to the proposed Business Combination, and the exercise of discretion by our directors and officers in agreeing to changes to the terms of or waivers of closing conditions in the Business Combination Agreement may result in a conflict of interest when determining whether such changes to the terms of the Business Combination Agreement or waivers of conditions are appropriate and in the best interests of our stockholders.

In the period leading up to the Closing, other events may occur that, pursuant to the Business Combination Agreement, would require us to agree to amend the Business Combination Agreement, to consent to certain actions or to waive certain closing conditions or other rights that we are entitled to under the Business Combination Agreement. Such events could arise because of changes in the course of QT Imaging’s business, a request by QT Imaging to undertake actions that would otherwise be prohibited by the terms of the Business Combination Agreement or the occurrence of other events that would have a material adverse effect on QT Imaging’s business and would entitle us to terminate the Business Combination Agreement. In any of such circumstances, it would be in our discretion, acting through the GigCapital5 Board, to grant our consent or waive our rights. The existence of the financial and personal interests of the directors and officers described elsewhere in this proxy statement may result in a conflict of interest on the part of one or more of the directors or officers between what he or she may believe is best for GigCapital5 and our stockholders and what he or she may believe is best for himself or herself or his or her affiliates in determining whether or not to take the requested action.

For example, it is a condition to GigCapital5’s obligation to close the proposed Business Combination that QT Imaging’s representations and warranties be true and correct as of the Closing in all respects subject to the applicable materiality standards as set forth in the Business Combination Agreement. However, if the GigCapital5 Board determines that any such breach is not material to the business of QT Imaging, then the GigCapital5 Board may elect to waive that condition and close the proposed Business Combination. The parties will not waive the condition that GigCapital5’s stockholders approve the proposed Business Combination.

As of the date of this proxy statement/prospectus, we do not believe there will be any material changes or waivers that our directors and officers would be likely to make after stockholder approval of the proposed Business Combination has been obtained. While certain changes could be made without further stockholder approval, if there is a change to the terms of the proposed Business Combination that would have a material impact on the stockholders, we will be required to circulate a new or amended proxy statement or supplement thereto and resolicit the vote of our stockholders with respect to the Business Combination Proposal.

The Sponsor has agreed to vote in favor of each of the proposals presented at the Stockholders’ Meeting, regardless of how Public Stockholders vote.

Pursuant to the Sponsor Support Agreement, the Sponsor has agreed to vote its Sponsor in favor of each of the Proposals presented at the Stockholders’ Meeting, regardless of how Public Stockholders vote. As of the Record Date, the Sponsor was entitled to vote an aggregate of 6,530,000 shares of GigCapital5 Common Stock. Such shares currently constitute approximately 75.4% of the outstanding shares of GigCapital5 Common Stock. Accordingly, the agreement by the Sponsor to vote in favor of each of the Proposals presented at the Stockholders’ Meeting means that GigCapital5 can obtain the requisite stockholder approval for the proposed Business Combination and the transactions contemplated thereby. See “*Other Agreements-Sponsor Support Agreement.*”

The proposed Business Combination may be completed even if every Public Stockholder votes against the Business Combination Proposal.

Pursuant to the Sponsor Support Agreement, the Sponsor has agreed to vote all of its shares of GigCapital5 Common Stock held by it in favor of the Business Combination Proposal and indicated it intends to vote its shares of GigCapital5 Common Stock in favor of all other Proposals being presented by us at the Stockholders' Meeting. As of the Record Date, the Sponsor was entitled to vote an aggregate of 6,530,000 shares of GigCapital5 Common Stock. Such shares currently constitute approximately 75.4% of the outstanding shares of GigCapital5 Common Stock. Accordingly, each of the Proposals being submitted to GigCapital5 stockholders can be approved even if every holder of Public Shares votes against such Proposals.

Termination of the Business Combination Agreement could negatively impact GigCapital5.

If the proposed Business Combination is not completed for any reason, including as a result of QT Imaging stockholders declining to adopt the Business Combination Agreement or GigCapital5 stockholders declining to approve the proposals required to affect the Business Combination, the ongoing business of GigCapital5 may be adversely impacted and, without realizing any of the anticipated benefits of completing the Business Combination, GigCapital5 would be subject to a number of risks, including the following:

- GigCapital5 may experience negative reactions from the financial markets, including negative impacts on the stock price of shares of GigCapital5 Common Stock (including to the extent that the current market price reflects a market assumption that the proposed Business Combination will be completed);
- GigCapital5 will have incurred substantial expenses and will be required to pay certain costs relating to the Business Combination, whether or not the proposed Business Combination is completed; and
- since the Business Combination Agreement restricts the conduct of GigCapital5's businesses prior to completion of the proposed Business Combination, GigCapital5 may not have been able to take certain actions during the pendency of the proposed Business Combination that would have benefited it as an independent company, and the opportunity to take such actions may no longer be available. See "*The Business Combination Agreement-Covenants and Agreements.*"

If the Business Combination Agreement is terminated and the GigCapital5 Board seeks another merger or business combination, GigCapital5 stockholders cannot be certain that GigCapital5 will be able to find another acquisition target that would constitute a business combination that such other merger or business combination will be completed within the Completion Window. See "*The Business Combination Agreement-Termination.*"

QT Imaging will be subject to business uncertainties and contractual restrictions while the Business Combination is pending.

Uncertainty about the effect of the proposed Business Combination on employees and customers may have an adverse effect on QT Imaging and consequently on GigCapital5. These uncertainties may impair QT Imaging's ability to attract, retain and motivate key personnel until the proposed Business Combination is completed and could cause customers and others that deal with QT Imaging to seek to change existing business relationships with QT Imaging. Retention of certain employees may be challenging during the pendency of the proposed Business Combination as certain employees may experience uncertainty about their future roles. If key employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with the business, our business following the proposed Business Combination could be negatively impacted. In addition, the Business Combination Agreement restricts QT Imaging from making certain expenditures and taking other specified actions without the consent of GigCapital5 until the proposed Business Combination occurs. These restrictions may prevent QT Imaging from pursuing attractive business opportunities that may arise prior to the completion of the proposed Business Combination. See "*The Business Combination Agreement-Covenants and Agreements.*"

GigCapital5 directors and officers may have business and financial interests in the proposed Business Combination different from the interests of Public Stockholders.

Executive officers of GigCapital5 negotiated the terms of the Business Combination Agreement with their counterparts at QT Imaging, and the GigCapital5 Board determined that entering into the Business Combination Agreement was in the best interests of GigCapital5 and its stockholders, declared the Business Combination Agreement advisable and recommended that GigCapital5 stockholders approve the Proposals required to affect the proposed Business Combination. In considering these facts and the other information contained in this proxy statement/prospectus, you should be aware that GigCapital5's executive officers and directors may have financial interests in the proposed Business Combination that may be different from, or in addition to, the interests of Public Stockholders. The GigCapital5 Board was aware of and considered these interests, among other matters, in reaching the determination to approve the terms of the proposed Business Combination and in recommending to GigCapital5's stockholders that they vote to approve the proposed Business Combination. These interests include, among other things:

- The fact that our Sponsor has agreed not to redeem any of the GigCapital5 Voting Shares in connection with a stockholder vote to approve the proposed Business Combination.
- If the proposed Business Combination with QT Imaging or another business combination is not consummated within the Completion Window, GigCapital5 will cease all operations except for the purpose of winding up, redeeming 100% of the outstanding Public Shares for cash and, subject to the approval of its remaining stockholders and the GigCapital5 Board, dissolving and liquidating. In such event, the 5,735,000 Founder Shares held by the Sponsor, which were acquired for an adjusted purchase price of approximately \$0.0043592 per share, would be worthless because holders of the Founder Shares are not entitled to participate in any redemption or distribution with respect to such shares. The 5,375,000 Founder Shares held by the Sponsor had an aggregate market value of \$[●] based upon the closing price of \$[●] per share of GigCapital5 Common Stock on Nasdaq on [●], 2023. Dr. Avi S. Katz, the executive chairman of the GigCapital5 Board, is a member of the Sponsor, and therefore will have an economic interest in the Founder Shares held by the Sponsor.
- An affiliate of Dr. Avi S. Katz and Dr. Raluca Dinu purchased from QT Imaging in November 2023 a secured promissory note with a principal amount of \$200,000. Such promissory note, at the option of the holder, (a) can be repaid at the Closing of the Business Combination by the Combined Company in cash in the amount of \$240,000, or (b) is convertible immediately prior to the Closing of the Business Combination into such number of shares of QT Imaging Common Stock that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal to 100,000 shares of Combined Company Common Stock.
- Given the differential in the purchase price that our Sponsor paid for the Founder Shares as compared to the price of the GigCapital5 units sold in the GigCapital5 IPO and the substantial number of shares of Combined Company Common Stock that our Sponsor will receive upon conversion of the Founder Shares in connection with the proposed Business Combination, our Sponsor and its affiliates may earn a positive rate of return on their investment even if the Combined Company Common Stock trades below the price initially paid for the GigCapital5 units in the GigCapital5 IPO and the Public Stockholders experience a negative rate of return following the completion of the proposed Business Combination. Thus, our Sponsor and its affiliates may have more of an economic incentive for us to, rather than liquidate if we fail to complete our initial business combination by the Completion Window, enter into an initial business combination on potentially less favorable terms with a potentially less favorable, riskier, weaker-performing or financially unstable business, or an entity lacking an established record of revenues or earnings, than would be the case if such parties had paid the full offering price for their Founder Shares.
- The Sponsor purchased an aggregate of 795,000 Private Placement Units from GigCapital5 for an aggregate purchase price of \$7,950,000 (or \$10.00 per placement unit). This purchase took place on a private placement basis simultaneously with the consummation of the GigCapital5 IPO. A portion of the proceeds

[Table of Contents](#)

GigCapital5 received from this purchase were placed in the Trust Account. Such units had an aggregate market value of approximately \$[●] based upon the closing price of \$[●] per warrant on OTC on [●], 2023. The Private Placement Units will become worthless if GigCapital5 does not consummate a business combination within the Completion Window. This should be compared to the implied value of \$2.50 per share for a share of Combined Company Common Stock that is implied by the Stock Subscription Financing.

- In connection with the approval of the First Extension Amendment and Second Extension Amendment, the Sponsor has agreed to contribute to GigCapital5 as a loan the Additional September 2022 Contributions and Additional March 2023 Contributions, respectively. The amount of the Additional September 2022 Contributions and Additional March 2023 Contributions will not bear interest and will be repayable by GigCapital5 to the Sponsor upon the Closing.
- The Sponsor has made loans to GigCapital5 that are reflected in the Working Capital Notes, which Working Capital Notes will be repayable by GigCapital5 upon Closing. The Working Capital Notes include amounts that have been used to pay for an extension of the existing directors' and officers' liability insurance policy of GigCapital5 and to a broker-dealer that provided services to GigCapital5 in connection with the Second Extension Amendment. The Sponsor, in its discretion, may in lieu of having the Working Capital Note repaid upon the Closing, instead convert the Working Capital Note into units of GigCapital5, at a price of \$10.00 per unit, upon the Closing, provided that the maximum amount that may be converted is no more than \$1,500,000.
- Dr. Avi S. Katz and, Dr. Raluca Dinu will become directors of the Combined Company after the Closing. As such, in the future they may receive any cash fees, Combined Company Options or stock awards that the Board determines to pay to its directors.
- GigCapital5's directors and officers, and their affiliates are entitled to reimbursement of out-of-pocket expenses incurred by them in connection with certain activities on GigCapital5's behalf, such as identifying and investigating possible business targets and business combinations. In addition, GigCapital5 has outstanding payables to GigCapital5's directors and officers in connection with the activities of these individuals, and such amounts, to the extent that they remain outstanding at the time of a business combination, will be due at such time. If GigCapital5 fails to consummate a business combination within the Completion Window, they will not have any claim against the Trust Account for reimbursement. Accordingly, GigCapital5 may not be able to reimburse these expenses or pay such payables if the proposed Business Combination or another business combination is not consummated within the Completion Window. As of the date of this prospectus, there were no out-of-pocket expenses incurred by GigCapital5's directors, officers or their affiliates that have not otherwise been reimbursed from GigCapital5's working capital funds following the GigCapital5 IPO, but the amount of payables to GigCapital5's directors and officers totaled \$[●]. Additionally, GigManagement, LLC is entitled to \$30,000 per month for office space, utilities, administrative and support services provided to GigCapital5's management team, which commenced on September 28, 2021 and will continue through the earlier of consummation of the proposed Business Combination and GigCapital5's liquidation, and as of the date of this prospectus, \$[●] in such fees are due and have not been paid.
- Article X of the Existing Charter provides for the limited waiver, to the extent allowed by law and subject to certain exceptions, of the doctrine of corporate opportunity with respect to GigCapital5 or any of its officers, directors or their respective affiliates. While this may result in a potential conflict of interest as between the fiduciary duties or contractual obligations of our officers or directors and the interests of GigCapital5 and its stockholders, it did not impact our search for an initial business combination target, including QT Imaging.
- The continued indemnification of current directors and officers and the continuation of directors' and officers' liability insurance.
- In the event of the liquidation of the Trust Account, the Sponsor has agreed to indemnify and hold harmless GigCapital5 against any and all losses, liabilities, claims, damages and expenses to which GigCapital5 may

become subject as a result of any claim by (i) any third party for services rendered or products sold to GigCapital5 or (ii) a prospective target business with which GigCapital5 has entered into an acquisition agreement, provided that such indemnification of GigCapital5 by the Sponsor shall apply only to the extent necessary to ensure that such claims by a third party for services rendered or products sold to GigCapital5 or a target do not reduce the amount of funds in the Trust Account to below (a) \$10.00 per share of GigCapital5 Common Stock or (b) such lesser amount per share of GigCapital5 Common Stock held in the Trust Account due to reductions in the value of the trust assets as of the date of the liquidation of the Trust Account, in each case, net of the amount of interest earned on the property in the Trust Account, which may be withdrawn to pay taxes and expenses related to the administration of the Trust Account, except as to any claims by a third party (including a target) who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under GigCapital5's indemnity of the underwriters of the GigCapital5 IPO against certain liabilities, including liabilities under the Securities Act. If GigCapital5 consummates the proposed Business Combination, on the other hand, GigCapital5 will be liable for all such claims.

- The Sponsor has agreed not to transfer, assign, or sell the Founder Shares until the earlier of (A) six months after the date of the consummation of the proposed Business Combination, (B) the date after the consummation of the proposed Business Combination on which the closing price of the Combined Company Common Stock equals or exceeds \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after the proposed Business Combination, or (C) the date after the consummation of the proposed Business Combination that the Combined Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of the Combined Company's stockholders having the right to exchange their shares of the Combined Company Common Stock for cash, securities or other property.
- Subject to certain limited exceptions, the Private Placement Units (and their constituent securities) will not be transferable until 30 days following the completion of the proposed Business Combination.
- For a period of six years after the Closing Date, GigCapital5 shall defend, indemnify and hold harmless the Sponsor, its affiliates, and their respective present and former directors and officers against any costs or expenses, judgments, fines, losses, claims, damages or liabilities incurred in connection with any action by any stockholder of GigCapital5 who has not exercised Redemption Rights arising from Sponsor's ownership of equity securities of GigCapital5, or its control or ability to influence GigCapital5, and further arising out of or pertaining to the transactions, actions, and investments contemplated by the Business Combination Agreement or any Ancillary Agreements.
- On September 23, 2021, the Sponsor entered into a letter agreement with GigCapital5 and the underwriters of the GigCapital5 IPO, in order to induce GigCapital5 and the underwriters of the GigCapital5 IPO to enter into the underwriting agreement with respect to the GigCapital5 IPO, pursuant to which the Sponsor waived its redemptions rights with respect to its Founder Shares, and the shares and shares underlying any warrants included in the Private Placement Units held by it, in connection with the consummation of GigCapital5's initial business combination.
- On September 23, 2021, Mr. Weightman entered into a letter agreement with GigCapital5, pursuant to which GigCapital5 granted 5,000 shares of GigCapital5 Common Stock to Mr. Weightman in consideration of, among other things, Mr. Weightman providing future services as the Treasurer and Chief Financial Officer of GigCapital5 and waiving any right to redeem any shares of GigCapital5 Common Stock into funds held in the Trust Account upon the successful completion of an initial business combination of GigCapital5 (on the same date an affiliate of ICR entered into a substantially similar letter agreement with GigCapital5 with respect to 10,000 shares of GigCapital5 Common Stock granted to such affiliate of ICR in consideration of future services of ICR as an investor relations firm to GigCapital5).

There will be no finder's fees, reimbursements or cash payments made by GigCapital5 to the Sponsor or GigCapital5's officers or directors, or any of GigCapital5's or its officers' or directors' affiliates, for services

rendered to GigCapital5 prior to or in connection with the completion of the proposed Business Combination, other than payment of the amount described above for office space, utilities, administrative and support services, payment of outstanding payables in the amount of \$[●], and repayments of the Additional September 2022 Contributions and Additional March 2023 Contributions and any Working Capital Note by our Sponsor or affiliates of our Sponsor to fund working capital deficiencies or finance transaction costs in connection with an initial business combination, which Working Capital Note will be repayable by GigCapital5 upon Closing. GigCapital5 currently has \$[●] in a Working Capital Note. The Sponsor, in its discretion, may in lieu of having the Working Capital Note repaid upon the Closing, instead convert the Working Capital Note into units of GigCapital5, at a price of \$10.00 per unit, upon the Closing, provided that the maximum amount that may be converted is no more than \$1,500,000. The Sponsor and GigCapital5's officers and directors or any of their respective affiliates will also be reimbursed for any out-of-pocket expenses incurred in connection with GigCapital5's formation, the GigCapital5 IPO and activities on GigCapital5's behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf. As of the date of this prospectus, the Sponsor had not incurred any out-of-pocket expenses in connection with the proposed Business Combination that, as of such date, had not been reimbursed by GigCapital5 from GigCapital5's working capital funds following the GigCapital5 IPO.

As of the date of this proxy statement/prospectus, the aggregate dollar value of the GigCapital5 securities held (based upon a value of \$[●] per share of GigCapital5 Common Stock and \$[●] per Warrant), loans extended, fees due, and out-of-pocket expenses for which the Sponsor and its affiliates have at risk that depend on completion of an initial business combination of the Company is approximately \$[●].

See "Meeting of GigCapital5 Stockholders-Recommendation of GigCapital5 Board of Directors."

QT Imaging directors and officers may have interests in the proposed Business Combination different from the interests of QT Imaging stockholders.

Executive officers of QT Imaging negotiated the terms of the Business Combination Agreement with their counterparts at GigCapital5, and the QT Imaging Board determined that entering into the Business Combination Agreement was in the best interests of QT Imaging and its stockholders. In considering these facts and the other information contained in this proxy statement/prospectus, you should be aware that QT Imaging's executive officers and directors may have financial interests in the proposed Business Combination that may be different from, or in addition to, the interests of QT Imaging stockholders. The QT Imaging Board was aware of and considered these interests, among other matters, in reaching the determination to approve the terms of the proposed Business Combination. See "The Business Combination-Interests of QT Imaging's Directors and Executive Officers in the Business Combination."

There are risks to GigCapital5 stockholders who are not affiliates of the Sponsor of becoming stockholders of the Combined Company through the proposed Business Combination rather than acquiring securities of QT Imaging directly in an underwritten public offering, including no independent due diligence review by an underwriter and conflicts of interest of the Sponsor.

Because there is no independent third-party underwriter involved in the proposed Business Combination or the issuance of Combined Company Common Stock and the conversion of Assumed Warrants in connection therewith, investors will not receive the benefit of any outside independent review of GigCapital5's and QT Imaging's respective finances and operations. Underwritten public offerings of securities conducted by a licensed broker-dealer are subjected to a due diligence review by the underwriter or dealer-manager to satisfy statutory duties under the Securities Act, the rules of Financial Industry Regulatory Authority, Inc. ("FINRA") and the national securities exchange where such securities are listed. Additionally, underwriters or dealer-managers conducting such public offerings are subject to liability for any material misstatements or omissions in a registration statement filed in connection with the public offering. As no such review will be conducted in

connection with the proposed Business Combination, our stockholders must rely on the information in this proxy statement/prospectus and will not have the benefit of an independent review and investigation of the type normally performed by an independent underwriter in a public securities offering.

In addition, the Sponsor and certain of GigCapital5's executive officers and directors have interests in the proposed Business Combination that may be different from, or in addition to, the interests of our stockholders generally. Such interests may have influenced the GigCapital5 Board in making its recommendation that you vote in favor of the Business Combination Proposal and the other proposals described in this proxy statement/prospectus. See "*Meeting of GigCapital5 Stockholders- Recommendation of GigCapital5 Board of Directors*"

The Sponsor may have interests in the proposed Business Combination different from the interests of Public Stockholders.

When considering the GigCapital5 Board's recommendation that our stockholders vote in favor of the approval of the Business Combination Proposal and the other Proposals described in this proxy statement, our stockholders should be aware that the Sponsor has interests in the proposed Business Combination that may be different from, in addition to, or conflict with the interests of our stockholders in general. See "*Meeting of GigCapital5 Stockholders- Recommendation of GigCapital5 Board of Directors.*" Furthermore, following the Closing of the proposed Business Combination, it is anticipated that the Sponsor will be one of the largest stockholders of the Combined Company, owning, depending upon the level of redemptions of Public Shares, what is expected to be between approximately 27.6% and 30.3% of the outstanding shares of Combined Company Stock as of immediately following the Closing. This ownership percentage may result in the Sponsor having different interests from that of Public Stockholders.

The Sponsor and GigCapital5's stockholders, directors, officers, advisors, and their affiliates may elect to purchase shares of GigCapital5 Common Stock or GigCapital5 Units from Public Stockholders, which may influence a vote on the proposed Business Combination and reduce the public "float" GigCapital5 Common Stock.

The Sponsor and GigCapital5's stockholders, directors, officers, advisors or any of their affiliates may purchase shares and/or units from investors, or they may enter into transactions with such investors and others to provide them with incentives to acquire Public Shares, vote their Public Shares in favor of the Business Combination Proposal or not redeem their Public Shares. The purpose of any such transaction could be to vote such shares in favor of the proposed Business Combination and thereby increase the likelihood of obtaining stockholder approval of the Business Combination. Any such stock purchases and other transactions may thereby increase the likelihood of obtaining stockholder approval of the proposed Business Combination. This may result in the completion of the proposed Business Combination in a way that may not otherwise have been possible. While the exact nature of any such incentives has not been determined as of the date of this proxy statement/prospectus, they might include, without limitation, arrangements to protect such investors or holders against potential loss in value of their shares, including the granting of put options and the transfer to such investors or rights owned by the Sponsor or GigCapital5's directors or officers for nominal value. However, other than as expressly stated herein, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. None of the funds in the Trust Account will be used to purchase shares or Warrants in such transactions.

Entering into any such arrangements may have a depressive effect on Public Shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase Public Shares at a price lower than market and may therefore be more likely to sell the Public Shares it owns, either prior to or immediately after the Stockholders' Meeting.

If such transactions are affected, the consequence could be to cause the proposed Business Combination to be approved in circumstances where such approval could not otherwise be obtained. Purchases of Public Shares

by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the Stockholders' Meeting and would likely increase the chances that such proposals would be approved. In addition, if such purchases are made, the public "float" of our GigCapital5 Common Stock or Warrants may be reduced and the number of beneficial holders of our securities may be reduced, possibly making it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

The unaudited pro forma condensed combined financial information included in this proxy statement/prospectus is preliminary and the actual financial condition and results of operations after the proposed Business Combination may differ materially.

The unaudited pro forma condensed combined financial information included in this proxy statement/prospectus is presented for illustrative purposes only and is not necessarily indicative of what our actual financial position or results of operations would have been had the proposed Business Combination been completed on the date(s) indicated. The preparation of the pro forma financial information is based upon available information and certain assumptions and estimates that GigCapital5 and QT Imaging currently believe are reasonable. However, the final reverse recapitalization accounting adjustments may differ materially from the pro forma adjustments reflected in this proxy statement/prospectus. Accordingly, the Combined Company's business, assets, cash flows, results of operations and financial condition may differ significantly from those indicated by the unaudited pro forma condensed combined financial statements included in this proxy statement/prospectus. See "*Unaudited Pro Forma Condensed Combined Financial Information*"

GigCapital5 and QT Imaging will incur transaction costs in connection with the proposed Business Combination.

Each of GigCapital5 and QT Imaging has incurred and expects that it will incur significant, non-recurring costs in connection with consummating the proposed Business Combination. GigCapital5 and QT Imaging may also incur additional costs to retain key employees. GigCapital5 and QT Imaging will also incur significant legal, financial advisor, accounting, banking, and consulting fees, fees relating to regulatory filings and notices, SEC filing fees, printing and mailing fees and other costs associated with the proposed Business Combination, some of which may not be paid in full at the Closing. Some of the transaction costs are payable regardless of whether the proposed Business Combination is completed. These transaction costs will be paid from a combination of cash that each of GigCapital5 and QT Imaging has in accounts other than the Trust Account, cash that remains in the Trust Account after any redemptions of Public Shares, as well as cash proceeds from the Stock Subscription Financing and the Yorkville Financing. To the extent that cash that remains in the Trust Account is used to pay these transaction costs, the net amount of the cash available to the Combined Company from the Trust Account will be reduced in the aggregate and on a per share basis per pre-existing GigCapital5 stockholder below that amount which a Public Stockholder may receive in the event such Public Stockholder exercises its Redemption Rights. See "*The Business Combination—Terms of the Business Combination*"

QT Imaging's stockholders will have their rights as stockholders governed by the Combined Company's organizational documents.

As a result of the completion of the proposed Business Combination, holders of shares of QT Imaging Common Stock and preferred stock may become holders of shares of Combined Company Common Stock, which will be governed by the Combined Company's organizational documents. As a result, there will be differences between the rights currently enjoyed by QT Imaging stockholders and the rights that QT Imaging stockholders who become stockholders of the Combined Company will have as stockholders of the Combined Company. See "*Comparison of Stockholders' Rights*."

GigCapital5's and QT Imaging's ability to consummate the proposed Business Combination may be materially adversely affected by the coronavirus (COVID-19) pandemic.

The COVID-19 pandemic has resulted, and other infectious diseases could result, in a widespread health crisis that has and could continue to adversely affect the economies and financial markets worldwide, which may delay or prevent the consummation of the proposed Business Combination. The extent of such impact will depend on future developments, which are highly uncertain and cannot be predicted. The parties will be required to consummate the Business Combination even if QT Imaging, its business, financial condition, and results of operations are materially affected by COVID-19. The disruptions posed by COVID-19 have continued, and other matters of global concern may continue, for an extensive period of time, and if QT Imaging is unable to recover from business disruptions due to COVID-19 or other matters of global concern on a timely basis, QT Imaging's ability to consummate the Business Combination may be materially adversely affected.

Effective internal controls are necessary for us to provide reliable financial reports and prevent fraud.

If we identify any material weaknesses in the future, any such identified material weakness could limit our ability to prevent or detect a misstatement of our accounts or disclosures that could result in a material misstatement of our annual or interim financial statements. In such case, we may be unable to maintain compliance with securities law requirements regarding timely filing of periodic reports in addition to applicable stock exchange listing requirements, investors may lose confidence in our financial reporting and our stock price may decline as a result. We cannot assure you that the measures we have taken to date, or any measures we may take in the future, will be sufficient to avoid potential future material weaknesses. GigCapital5's warrants are accounted for as derivative liabilities and will be recorded at fair value with changes in fair value each period reported in earnings, which may have an adverse effect on the market price of shares of GigCapital5 Common Stock or may make it more difficult for us to consummate an initial business combination.

In connection with the GigCapital5 IPO, GigCapital5 issued an aggregate of 23,795,000 GigCapital5 warrants, including Private Placement Warrants issued to the Sponsor as a part of the units in the private placement. We account for such GigCapital5 Private Placement Warrants as derivative liabilities and will record at fair value any changes in fair value each period reported in earnings as determined by us based upon a valuation report obtained from an independent third-party valuation firm. The impact of changes in fair value on earnings may have an adverse effect on the market price of shares of GigCapital5 Common Stock. In addition, potential targets may seek a SPAC that does not have warrants or that does not have warrants that are accounted for as derivative liabilities, which may make it more difficult for us to consummate an initial business combination with a target business.

A new 1% U.S. federal excise tax could be imposed on us in connection with redemptions by us of our stock.

On August 16, 2022, President Biden signed into law the Inflation Reduction Act of 2022 (the "**IR Act**"). The IR Act provides for, among other things, a new U.S. federal 1% excise tax on certain repurchases (including certain redemptions) of stock by publicly traded U.S. corporations and certain U.S. subsidiaries of publicly traded non-U.S. corporations (each, a "**covered corporation**"). The excise tax applies only to repurchases that occur after December 31, 2022. Because we are a Delaware corporation and the GigCapital5 Common Stock are trading on Nasdaq, we are a "covered corporation" for this purpose. The excise tax is imposed on the repurchasing corporation itself, not its stockholders from which shares are repurchased. The amount of the excise tax is generally 1% of the fair market value of the shares repurchased at the time of the repurchase. However, for purposes of calculating the excise tax, repurchasing corporations are permitted to net the fair market value of certain new stock issuances against the fair market value of stock repurchases during the same taxable year. In addition, certain exceptions apply to the excise tax. The U.S. Department of the Treasury ("**Treasury**") has authority to provide excise tax regulations and other guidance to carry out, and prevent the abuse or avoidance of, the excise tax. On December 27, 2022, Treasury issued a notice that provides interim operating rules for the excise tax, including the rules governing the calculation and reporting of the excise tax, on which taxpayers may

rely until the forthcoming proposed Treasury regulations addressing the excise tax are published. Although such notice clarifies certain aspects of the excise tax, the interpretation and operation of other aspects of the excise tax remain unclear, and such interim operating rules are subject to change.

Any redemptions in connection with the proposed Business Combination that occur after December 31, 2022 potentially would be subject to the excise tax, although our liability for the excise tax would depend on a number of factors, including (i) whether the redemption is treated as a repurchase of stock for purposes of the excise tax, (ii) the fair market value of the redemption treated as a repurchase of stock in connection with the proposed Business Combination, (iii) the nature and amount of the equity issued by us in connection with the proposed Business Combination, including the shares of GigCapital5 Common Stock issued to the QT Imaging stockholders in connection with the proposed Business Combination (or otherwise issued by us not in connection with the proposed Business Combination but issued within the same taxable year of the redemption treated as a repurchase of stock), and (iv) the content of forthcoming regulations and other guidance from Treasury. As noted above, the excise tax would be payable by us, and not by the redeeming holder, and therefore, the imposition of the excise tax could cause a reduction in the cash available on hand to complete the proposed Business Combination or for effecting redemptions in connection with the proposed Business Combination. Nevertheless, because the proposed Business Combination (as currently structured) would result in the issuance of a number of shares of GigCapital5 Common Stock that exceeds the number of such shares that are currently outstanding, we would expect that any redemptions of our stock occurring in the same tax year as the proposed Business Combination would not give rise to an excise tax liability.

We may not be able to complete the proposed Business Combination with QT Imaging if the proposed Business Combination is subject to U.S. foreign investment regulations and review by a U.S. government entity such as the Committee on Foreign Investment in the United States (CFIUS), or ultimately prohibited.

The Sponsor is not controlled by or has substantial ties with a non-U.S. person. Dr. Avi S. Katz, the manager of the Sponsor, and his wife, Dr. Raluca Dinu, who is GigCapital5's Chief Executive Officer, are U.S. citizens. We do not expect GigCapital5 to be considered a "foreign person" under the regulations administered by CFIUS. However, if the proposed Business Combination with QT Imaging is subject to CFIUS review, the scope of which was expanded by the Foreign Investment Risk Review Modernization Act of 2018 ("**FIRRTA**"), to include certain non-passive, non-controlling investments in sensitive U.S. businesses and certain acquisitions of real estate even with no underlying U.S. business, FIRRTA, and subsequent implementing regulations that are now in force, also subjects certain categories of investments to mandatory filings. If the proposed Business Combination with QT Imaging falls within CFIUS's jurisdiction, we may determine that we are required to make a mandatory filing or that we will submit a voluntary notice to CFIUS, or to proceed with the proposed Business Combination without notifying CFIUS and risk CFIUS intervention, before or after closing the proposed Business Combination. CFIUS may decide to block or delay the proposed Business Combination, impose conditions to mitigate national security concerns with respect to such proposed Business Combination or order us to divest all or a portion of a U.S. business of the Combined Company without first obtaining CFIUS clearance, which may limit the attractiveness of or prevent us from pursuing the proposed Business Combination.

Moreover, the process of government review, whether by the CFIUS or otherwise, could be lengthy and we have limited time to complete the proposed Business Combination. If we cannot complete our proposed Business Combination by September 28, 2023 because the review process drags on beyond such timeframe or because our proposed Business Combination is ultimately prohibited by CFIUS or another U.S. government entity, we may be required to liquidate. If we liquidate, our public stockholders may only receive an amount per share that will be determined by when we liquidate, and our warrants will expire worthless. This will also cause you to lose the investment opportunity in a target company and the chance of realizing future gains on your investment through any price appreciation in the Combined Company.

We may not be able to complete the proposed Business Combination with QT Imaging if a future breach of the Business Combination Agreement occurs.

On September 7, 2023, GigCapital5 filed a lawsuit in the Court of Chancery of the State of Delaware against QT Imaging and QT Imaging's primary stockholder, alleging breach of contract and breach of the covenant of good faith and fair dealing with respect to the Business Combination Agreement on the part of QT Imaging and its primary stockholder. Although the lawsuit was settled pursuant to the terms of the Settlement Agreement, and the parties are proceeding to move forward with the consummation of the proposed Business Combination as described in this prospectus, risks remain that QT Imaging or parties affiliated with it could in the future undertake actions that could result in the proposed Business Combination not being consummated contrary to the terms of the Business Combination Agreement and the Settlement Agreement.

Risks Related to Ownership of Combined Company Common Stock Following the Business Combination

The price of shares of Combined Company Common Stock may be volatile or may decline regardless of our operating performance. You may lose some or all of your investment.

The trading price of shares of Combined Company Common Stock following the proposed Business Combination is likely to be volatile. The stock market recently has experienced extreme volatility. This volatility often has been unrelated or disproportionate to the operating performance of particular companies. You may not be able to resell your shares at an attractive price due to a number of factors such as those listed in "Risks Related to QT Imaging's Business and Industry" and the following:

- the impact of the COVID-19 pandemic on our financial condition and the results of operations;
- our operating and financial performance and prospects;
- quarterly or annual earnings or those of other companies in our industry compared to market expectations;
- conditions that impact demand for our products and/or services;
- future announcements concerning our business, our clients' businesses or our competitors' businesses;
- the public's reaction to our press releases, other public announcements and filings with the SEC;
- the market's reaction to our reduced disclosure and other requirements as a result of being an "emerging growth company" under the Jumpstart Our Business Startups Act (the "*JOBS Act*");
- the size of our public float;
- coverage by or changes in financial estimates by securities analysts or failure to meet their expectations;
- market and industry perception of our success, or lack thereof, in pursuing our growth strategy;
- strategic actions by us or our competitors, such as acquisitions or restructurings;
- changes in laws or regulations which adversely affect our industry or us;
- privacy and data protection laws, privacy or data breaches, or the loss of data;
- changes in accounting standards, policies, guidance, interpretations or principles;
- changes in senior management or key personnel;
- issuances, exchanges or sales, or expected issuances, exchanges or sales of our capital stock;
- changes in our dividend policy;
- adverse resolution of new or pending litigation against us; and
- changes in general market, economic and political conditions in the United States and global economies or financial markets, including those resulting from natural disasters, terrorist attacks, acts of war and responses to such events.

These broad market and industry factors may materially reduce the market price of shares of Combined Company Common Stock, regardless of our operating performance. In addition, price volatility may be greater if the public float and trading volume of Combined Company Common Stock is low. As a result, you may suffer a loss on your investment.

In the past, following periods of market volatility, stockholders have instituted securities class action litigation. If we were involved in securities litigation, it could have a substantial cost and divert resources and the attention of executive management from our business regardless of the outcome of such litigation.

We do not intend to pay dividends on shares of Combined Company Common Stock for the foreseeable future.

We currently intend to retain all available funds and any future earnings to fund the development and growth of our business. As a result, we do not anticipate declaring or paying any cash dividends on shares of Combined Company Common Stock in the foreseeable future. Any decision to declare and pay dividends in the future will be made at the discretion of the Combined Company Board and will depend on, among other things, our business prospects, results of operations, financial condition, cash requirements and availability, certain restrictions related to our indebtedness, industry trends and other factors that the Combined Company Board may deem relevant. Any such decision will also be subject to compliance with contractual restrictions and covenants in the agreements governing our current and future indebtedness. In addition, we may incur additional indebtedness, the terms of which may further restrict or prevent us from paying dividends on Combined Company Common Stock. As a result, you may have to sell some or all of your shares of Combined Company Common Stock after price appreciation in order to generate cash flow from your investment, which you may not be able to do. Our inability or decision not to pay dividends, particularly when others in our industry have elected to do so, could also adversely affect the market price of shares of Combined Company Common Stock.

If securities analysts do not publish research or reports about us, or if they issue unfavorable commentary about us or our industry or downgrade the Combined Company Common Stock, the price of shares of Combined Company Common Stock could decline.

The trading market for shares of Combined Company Common Stock will depend in part on the research and reports that third-party securities analysts publish about us and the industries in which we operate. We may be unable or slow to attract research coverage and if one or more analysts cease coverage of us, the price and trading volume of our securities would likely be negatively impacted. If any of the analysts that may cover us change their recommendation regarding our securities adversely, or provide more favorable relative recommendations about our competitors, the price of our securities would likely decline. If any analyst that may cover us ceases covering us or fails to regularly publish reports on us, we could lose visibility in the financial markets, which could cause the price or trading volume of our securities to decline. Moreover, if one or more of the analysts who cover us downgrades the Combined Company Common Stock, or if our reporting results do not meet their expectations, the market price of shares of Combined Company Common Stock could decline.

Our issuance of additional shares of Combined Company Common Stock or securities into Combined Company Common Stock could make it difficult for another company to acquire us, may dilute your ownership of us and could adversely affect our stock price.

In connection with the proposed Business Combination, we intend to file a registration statement with the SEC on FormS-8 providing for the registration of shares of Combined Company Common Stock issued or reserved for issuance under the Equity Incentive Plan. Subject to the satisfaction of vesting conditions and the expiration of lock-up agreements, shares registered under the registration statement on FormS-8 will be available for resale immediately in the public market without restriction.

From time to time in the future, we may also issue additional shares of Combined Company Common Stock or securities convertible into Combined Company Common Stock pursuant to a variety of transactions, including acquisitions. The issuance by us of additional shares of Combined Company Common Stock or securities

convertible into Combined Company Common Stock would dilute your ownership of us and the sale of a significant amount of such shares in the public market could adversely affect prevailing market prices of shares of Combined Company Common Stock.

In the future, we expect to obtain financing or to further increase our capital resources by issuing additional shares of our capital stock or offering debt or other equity securities, including senior or subordinated notes, debt securities convertible into equity, or shares of preferred stock. Issuing additional shares of our capital stock, other equity securities, or securities convertible into equity may dilute the economic and voting rights of our existing stockholders, reduce the market price of shares of Combined Company Common Stock, or both. Debt securities convertible into equity could be subject to adjustments in the conversion ratio pursuant to which certain events may increase the number of equity securities issuable upon conversion. Preferred stock, if issued, could have a preference with respect to liquidating distributions or a preference with respect to dividend payments that could limit our ability to pay dividends to the holders of our Combined Company Common Stock. Our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, which may adversely affect the amount, timing or nature of our future offerings. As a result, holders of Combined Company Common Stock bear the risk that our future offerings may reduce the market price of shares of Combined Company Common Stock and dilute their percentage ownership. See “*Description of Capital Stock of the Combined Company*.”

Future sales, or the perception of future sales, of Combined Company Common Stock by us or our existing stockholders in the public market following the Closing could cause the market price for our Combined Company Common Stock to decline.

The sale of substantial amounts of shares of Combined Company Common Stock in the public market, or the perception that such sales could occur, could harm the prevailing market price of shares of our Combined Company Common Stock. These sales, or the possibility that these sales may occur, also might make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate.

All shares issued as merger consideration in the proposed Business Combination will be freely tradable without registration under the Securities Act and without restriction by persons other than our “affiliates” (as defined under Rule 144), including our directors, executive officers and other affiliates, and certain other former QT Imaging stockholders. Furthermore, although the Lock-Up Agreement will provide that, subject to certain exceptions, each of the Holders who are parties to such agreement will not transfer any shares of Combined Company Common Stock received as merger consideration until the earlier of six months following the Closing Date or the occurrence of specified events in the Lock-Up Agreement, the Combined Company will have the ability to modify such transfer restrictions.

In connection with the proposed Business Combination, shares held by certain of our stockholders will be eligible for resale, subject to, in the case of certain stockholders, volume, manner of sale and other limitations under Rule 144. In addition, pursuant to the Registration Rights Agreement, certain stockholders of QT Imaging will have the right, subject to certain conditions, to require us to register the sale of their shares of Combined Company Common Stock under the Securities Act. By exercising their registration rights and selling a large number of shares, these stockholders could cause the prevailing market price of shares of Combined Company Common Stock to decline. Following completion of the proposed Business Combination, the shares covered by registration rights would represent approximately [●]% of the Combined Company Common Stock (assuming no additional redemptions, other than the September 2022 Partial Redemption and March 2023 Partial Redemption) or [●]% (assuming maximum redemptions). See “*Other Agreements-Registration Rights Agreement*” for a description of these registration rights.

As restrictions on resale end or if these stockholders exercise their registration rights, the market price of shares of Combined Company Common Stock could drop significantly if the holders of these shares sell them or are perceived by the market as intending to sell them. These factors could also make it more difficult for us to raise additional funds through future offerings of shares of Combined Company Common Stock or other securities.

In addition, the shares of Combined Company Common Stock reserved for future issuance under the Equity Incentive Plan will become eligible for sale in the public market once those shares are issued, subject to provisions relating to various vesting agreements, lock-up agreements and, in some cases, limitations on volume and manner of sale applicable to affiliates under Rule 144, as applicable. The number of shares to be reserved for future issuance under the Equity Incentive Plan will be equal to 11% of the total number of shares of Combined Company Common Stock outstanding after the Closing. We expect to file one or more registration statements on Form S-8 under the Securities Act to register shares of Combined Company Common Stock or securities convertible into or exchangeable for shares of Combined Company Common Stock issued pursuant to our equity incentive plans, including the assumed QT Imaging Options. Any such Form S-8 registration statements will automatically become effective upon filing. Accordingly, shares registered under such registration statements will be available for sale in the open market.

QT Imaging's management has limited experience in operating a public company.

QT Imaging's executive officers have limited experience in the management of a publicly traded company. QT Imaging's management team may not successfully or effectively manage its transition to a public company that will be subject to significant regulatory oversight and reporting obligations under federal securities laws. Their limited experience in dealing with the increasingly complex laws pertaining to public companies could be a significant disadvantage in that it is likely that an increasing amount of their time may be devoted to these activities which will result in less time being devoted to the management and growth of the Combined Company. QT Imaging may not have adequate personnel with the appropriate level of knowledge, experience, and training in the accounting policies, practices or internal controls over financial reporting required of public companies in the United States. The development and implementation of the standards and controls necessary for the Combined Company to achieve the level of accounting standards required of a public company in the United States may require costs greater than expected. It is possible that the Combined Company will be required to expand its employee base and hire additional employees to support its operations as a public company which will increase its operating costs in future periods.

As a public reporting company, we are subject to rules and regulations established from time to time by the SEC regarding our internal control over financial reporting.

Upon consummation of the proposed Business Combination, QT Imaging will become part of a public reporting company subject to the rules and regulations established from time to time by the SEC and Nasdaq. These rules and regulations will require, among other things that the Combined Company establish and periodically evaluate procedures with respect to its internal control over financial reporting. Reporting obligations as a public company are likely to place a considerable strain on the Combined Company's financial and management systems, processes and controls, as well as on its personnel.

In addition, as a public company, the Combined Company will be required to document and test its internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act so that its management can certify as to the effectiveness of the internal control over financial reporting. If the Combined Company's not able to implement the requirements of Section 404, including any additional requirements once the Combined Company's no longer an emerging growth company, in a timely manner or with adequate compliance, it may not be able to assess whether its internal control over financial reporting are effective, which may subject the Combined Company to adverse regulatory consequences and could harm investor confidence and the market price of Combined Company Common Stock.

Additionally, once we are no longer an emerging growth company, we will be required to comply with the independent registered public accounting firm attestation requirement on our internal control over financial reporting. We will be an "emerging growth company" until the earlier of (1) the last day of the fiscal year (a) following September 28, 2026, the fifth anniversary of our IPO, (b) in which we have total annual gross revenue of at least \$1.235 billion or (c) in which we are deemed to be a large accelerated filer, which means the

market value of our Combined Company Common Stock that is held by non-affiliates exceeds \$700 million as of the last business day of our prior second fiscal quarter, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period. Until we cease being an emerging growth company stockholders will not have the benefit of an independent assessment of the effectiveness of our internal control environment.

As an “emerging growth company,” we cannot be certain if the reduced disclosure requirements applicable to “emerging growth companies” will make our common stock less attractive to investors.

As an “emerging growth company,” we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies,” including not being required to obtain an assessment of the effectiveness of our internal controls over financial reporting from our independent registered public accounting firm pursuant to Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

In addition, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. GigCapital5 has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, GigCapital5, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of GigCapital5’s financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accountant standards used.

We cannot predict if investors will find our common stock less attractive because we will rely on these exemptions. If some investors find our common stock less attractive as a result, there may be a less active market for our common stock, our share price may be more volatile and the price at which our securities trade could be less than if we did not use these exemptions.

Anti-takeover provisions in our governing documents and under Delaware law could make an acquisition of us more difficult, limit attempts by our stockholders to replace or remove our current management and limit the market price of our common stock.

The Proposed Charter, the Combined Company’s bylaws and Delaware law contain or will contain provisions that could have the effect of rendering more difficult, delaying, or preventing an acquisition deemed undesirable by the Combined Company Board. Among other things, the Proposed Charter and/or the Combined Company’s bylaws will include the following provisions:

- a staggered board, which means that the Combined Company Board will be classified into three classes of directors with staggered three-year terms and directors will only be able to be removed from office for cause;
- limitations on convening special stockholder meetings, which could make it difficult for our stockholders to adopt desired governance changes;
- prohibition on stockholder action by written consent, which means that our stockholders will only be able to take action at a meeting of stockholders and will not be able to take action by written consent for any matter;
- a forum selection clause, which means certain litigation against us can only be brought in Delaware;

- the authorization of undesignated preferred stock, the terms of which may be established and shares of which may be issued without further action by our stockholders; and
- advance notice procedures, which apply for stockholders to nominate candidates for election as directors or to bring matters before an annual meeting of stockholders.

These provisions, alone or together, could delay or prevent hostile takeovers and changes in control or changes in our management. As a Delaware corporation, we are also subject to provisions of Delaware law, including Section 203 of the DGCL, which prevents interested stockholders, such as certain stockholders holding more than 15% of our outstanding common stock, from engaging in certain business combinations unless (i) prior to the time such stockholder became an interested stockholder, the board of directors approved the transaction that resulted in such stockholder becoming an interested stockholder, (ii) upon consummation of the transaction that resulted in such stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the common stock, or (iii) following board approval, such business combination receives the approval of the holders of at least two-thirds of our outstanding common stock not held by such interested stockholder.

Any provision of the Proposed Charter, the Combined Company's bylaws or Delaware law that has the effect of delaying, preventing or deterring a change in control could limit the opportunity for our stockholders to receive a premium for their shares of our common stock and could also affect the price that some investors are willing to pay for our common stock.

The Proposed Charter will provide that the Court of Chancery of the State of Delaware will be the sole and exclusive forum for substantially all disputes between us and our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers, or employees.

The Proposed Charter will provide that, unless we consent in writing to the selection of an alternative forum, the (i) Delaware Court of Chancery (the "***Court of Chancery***") of the State of Delaware shall, to the fullest extent permitted by law, be the sole and exclusive forum for: (A) any derivative action, suit or proceeding brought on our behalf; (B) any action, suit or proceeding asserting a claim of breach of fiduciary duty owed by any of our directors, officers, or stockholders to us or to our stockholders; (C) any action, suit or proceeding asserting a claim arising pursuant to the DGCL, the Proposed Charter or the Combined Company's bylaws; or (D) any action, suit or proceeding asserting a claim governed by the internal affairs doctrine; and (ii) subject to the foregoing, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act. Notwithstanding the foregoing, such forum selection provisions shall not apply to suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal courts of the United States have exclusive jurisdiction. The choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers, or other employees, which may discourage such lawsuits against us and our directors, officers, and other employees. Alternatively, if a court were to find the choice of forum provision contained in the Proposed Charter to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could harm our business, results of operations, and financial condition.

Additionally, Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. As noted above, the Proposed Charter will provide that the federal district courts of the United States of America shall have jurisdiction over any action arising under the Securities Act. Accordingly, there is uncertainty as to whether a court would enforce such provision. Our stockholders will not be deemed to have waived our compliance with the federal securities laws and the rules and regulations thereunder.

The issuance of Combined Company Common Stock in the Yorkville Financing after the completion of the Business Combination could result in substantial dilution, which could materially affect the trading price of the Combined Company Common Stock.

The SEPA grants the Combined Company the right, but not the obligation, to require Yorkville to purchase, from time to time, following the consummation of the Business Combination, up to \$50,000,000 of newly issued shares of Combined Company Common Stock. To the extent Combined Company exercises its right to sell such shares under the SEPA, the Combined Company will need to issue new shares of Combined Company Common Stock to Yorkville. Although the Combined Company cannot predict the number of shares of Combined Company Common Stock that would actually be issued in connection with any such sale, such issuances could result in substantial dilution and decreases to the Combined Company's stock price. In addition, under the terms of the SEPA, Yorkville will receive from QT Imaging prior to the Closing of the Business Combination, a number of shares of QT Imaging Common Stock that, upon the Closing, will be exchanged into one million shares of Combined Company Common Stock. Yorkville will have the right to sell such shares, which it may choose to do at any price, and will be able to retain half of the net sales proceeds of such sales, with the other half to be applied for the benefit of the Combined Company.

Risks Related to Redemption

If third parties bring claims against us, the proceeds held in the Trust Account could be reduced and the per share redemption amount received by stockholders may be less than the \$10.10 per share deposited into the Trust Account following the GigCapital5 IPO.

Our placing of funds in the Trust Account may not protect those funds from third-party claims against us. Although we have sought and will continue to seek to have all vendors, service providers, prospective target businesses, including QT Imaging, or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of our Public Stockholders, such parties may not execute such agreements, or even if they execute such agreements they may not be prevented from bringing claims against the Trust Account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the Trust Account. If any third-party refuses to execute an agreement waiving such claims to the monies held in the Trust Account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Morrow Sodali LLC, our proxy solicitor, did not execute agreements with us waiving such claims to the monies held in the Trust Account.

Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the Trust Account for any reason. Upon redemption of our Public Shares, if we are unable to complete our initial business combination within the Completion Window, or upon the exercise of a redemption right in connection with the proposed Business Combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per share redemption amount received by Public Stockholders could be less than the \$10.10 per share initially held in the Trust Account, due to claims of such creditors. Our Sponsor has agreed that it will be liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business, with which we have discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account to below (i) \$10.10 per Public Share or (ii) such lesser amount per Public Share held in the Trust Account as of the date of the liquidation of

the Trust Account due to reductions in the value of the trust assets, in each case net of the interest which may be withdrawn to pay taxes. This liability will not apply with respect to any claims by a third party who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under our indemnity of the underwriters of our initial public offering against certain liabilities, including liabilities under the Securities Act. Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, then our Sponsor will not be responsible to the extent of any liability for such third-party claims. We have not independently verified whether our Sponsor has sufficient funds to satisfy its indemnity obligations and believe that our Sponsor's only assets are our securities. We have not asked our Sponsor to reserve for such indemnification obligations. Therefore, we cannot assure you that our Sponsor would be able to satisfy those obligations. As a result, if any such claims were successfully made against the Trust Account, the funds available for our initial business combination and redemptions could be reduced to less than \$10.10 per Public Share. In such event, we may not be able to complete our initial business combination, and you would receive such lesser amount per share in connection with any redemption of your Public Shares. None of our officers will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

Additionally, if GigCapital5 is forced to file a bankruptcy case or an involuntary bankruptcy case is filed against GigCapital5 which is not dismissed, the proceeds held in the Trust Account could be subject to applicable bankruptcy law, and may be included in GigCapital5's bankruptcy estate and subject to the claims of third parties with priority over the claims of the GigCapital5's stockholders. To the extent any bankruptcy claims deplete the Trust Account, GigCapital5 may not be able to return to the GigCapital5's public stockholders at least \$10.10. The Sponsor may not have sufficient funds to satisfy its indemnity obligations, as its only assets are securities of GigCapital5. GigCapital5 has not asked the Sponsor to reserve for such indemnification obligations. As a result, if any such claims were successfully made against the Trust Account, the funds available for the GigCapital5's initial business combination, including the proposed Business Combination, and redemptions could be reduced to less than \$10.10 per Public Share.

Our independent directors may decide not to enforce the indemnification obligations of our Sponsor, resulting in a reduction in the amount of funds in the Trust Account available for distribution to our Public Stockholders.

In the event that the proceeds in the Trust Account are reduced below the lesser of (i) \$10.10 per Public Share or (ii) such lesser amount per share held in the Trust Account as of the date of the liquidation of the Trust Account due to reductions in the value of the trust assets, in each case net of the interest which may be withdrawn to pay taxes, and our Sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our Sponsor to enforce its indemnification obligations.

While we currently expect that our independent directors would take legal action on our behalf against our Sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the Trust Account available for distribution to our Public Stockholders may be reduced below \$10.10 per share.

There is no guarantee that a Public Stockholder's decision whether to redeem their Public Shares for a pro rata portion of the Trust Account will put such stockholder in a better future economic position.

No assurance can be given as to the price at which a Public Stockholder may be able to sell shares of Combined Company Common Stock in the future following the completion of the proposed Business Combination. Certain events following the consummation of any business combination, including the proposed Business Combination, may cause an increase in our stock price, and may result in a lower value realized now than a GigCapital5 stockholder might realize in the future had the stockholder not elected to redeem such

stockholder's Public Shares. Similarly, if a Public Stockholder does not redeem his, her or its shares, such stockholder will bear the risk of ownership of shares of Combined Company Common Stock after the consummation of the proposed Business Combination, and there can be no assurance that a stockholder can sell his, her or its shares of Combined Company Common Stock in the future for a greater amount than the redemption price set forth in this proxy statement/prospectus. A Public Stockholder should consult his, her or its own tax and/or financial advisor for assistance on how this may affect its individual situation.

If Public Stockholders fail to comply with the redemption requirements specified in this proxy statement/prospectus, they will not be entitled to redeem their Public Shares for a pro rata portion of the funds held in the Trust Account.

To exercise their Redemption Rights, holders are required to deliver their stock, either physically or electronically using Continental Stock Transfer & Trust Company's DWAC System, to GigCapital5's transfer agent two business days prior to the vote at the Stockholders' Meeting. If a holder properly seeks redemption as described in this proxy statement/prospectus and the proposed Business Combination with QT Imaging is consummated, GigCapital5 will redeem these shares for a pro rata portion of funds deposited in the Trust Account and the holder will no longer own such shares following the proposed Business Combination. See "*Stockholders' Meeting of GigCapital5 Stockholders-Redemption Rights.*"

The ability of GigCapital5 stockholders to exercise Redemption Rights with respect to a large number of shares could increase the probability that the proposed Business Combination would be unsuccessful and that stockholders would have to wait for liquidation in order to redeem their stock.

At the time GigCapital5 entered into the Business Combination Agreement and related agreements for the proposed Business Combination, GigCapital5 did not know how many stockholders would exercise their Redemption Rights, and therefore GigCapital5 structured the proposed Business Combination based on its expectations as to the number of shares that will be submitted for redemption. If a larger number of shares are submitted for redemption than initially expected, we may need to seek other sources of funding in order to complete the proposed Business Combination with enough funding for the post-closing operation of the Combined Company. Otherwise, if the proposed Business Combination is unsuccessful, stockholders would need to wait for liquidation in order to redeem their stock.

If, before distributing the proceeds in the Trust Account to our Public Stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our stockholders and the per share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

If, before distributing the proceeds in the Trust Account to our Public Stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the Trust Account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the Trust Account, the per share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

If, after we distribute the proceeds in the Trust Account to our Public Stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and we and our board may be exposed to claims of punitive damages.

If, after we distribute the proceeds in the Trust Account to our Public Stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover all amounts

received by our stockholders. In addition, the GigCapital5 Board may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith, thereby exposing itself and us to claims of punitive damages, by paying Public Stockholders from the Trust Account prior to addressing the claims of creditors.

GigCapital5's stockholders may be held liable for claims by third parties against GigCapital5 to the extent of distributions received by them.

The Existing Charter provides that GigCapital5 will continue in existence only until September 28, 2023. If GigCapital5 has not completed a business combination by such date, it will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the outstanding Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including any interest earned on the funds held in the Trust Account net of interest that may be used by GigCapital5 to pay its franchise and income taxes payable and up to \$100,000 for dissolution expenses, divided by the number of then outstanding Public Shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of GigCapital5's remaining stockholders and the GigCapital5 Board, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to GigCapital5's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

If GigCapital5 is forced to file a bankruptcy case or an involuntary bankruptcy case is filed against GigCapital5 which is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover all amounts received by the GigCapital5's stockholders. Furthermore, because GigCapital5 intends to distribute the proceeds held in the Trust Account to the Public Stockholders promptly after expiration of the time GigCapital5 has to complete an initial business combination, this may be viewed or interpreted as giving preference to the Public Stockholders over any potential creditors with respect to access to or distributions from GigCapital5's assets. Furthermore, the GigCapital5 Board may be viewed as having breached their fiduciary duties to GigCapital5's creditors and/or may have acted in bad faith, and thereby exposing itself and GigCapital5 to claims of punitive damages, by paying Public Stockholders from the Trust Account prior to addressing the claims of creditors. GigCapital5 cannot assure you that claims will not be brought against it for these reasons.

If you or a "group" of stockholders of which you are a part are deemed to hold an aggregate of more than 15% of the Public Shares, you (or, if a member of such a group, all of the members of such group in the aggregate) will lose the ability to redeem all such shares in excess of 15% of the Public Shares.

A Public Stockholder, together with any of his, her or its affiliates or any other person with whom it is acting in concert or as a "group" (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from redeeming in the aggregate his, her or its Public Shares or, if part of such a group, the group's Public Shares, in excess of 15% of the Public Shares without the consent of GigCapital5. Your inability to redeem any such excess Public Shares could result in you suffering a material loss on your investment in GigCapital5 if you sell such excess Public Shares in open market transactions. GigCapital5 cannot assure you that the value of such excess Public Shares will appreciate over time following the proposed Business Combination or that the market price of the Public Shares will exceed the per-share redemption price. However, GigCapital5's stockholders' ability to vote all of their Public Shares (including such excess shares) for or against the Business Combination Proposal is not restricted by this limitation on redemption.

There is uncertainty regarding the U.S. federal income tax consequences of the redemption to the holders of GigCapital5 Common Stock.

There is some uncertainty regarding the U.S. federal income tax consequences to holders of GigCapital5 Common Stock that exercise their Redemption Rights. The uncertainty of tax consequences relates primarily to

the individual circumstances of the taxpayer and include (i) whether the redemption will be treated as a corporate distribution potentially taxable as a dividend, or a sale, that would potentially give rise to capital gain or capital loss, and (ii) whether such capital gain is "long-term" or "short-term." Whether the redemption qualifies for sale treatment, resulting in taxation as capital gain rather than treatment as a corporate distribution, will depend largely on whether the holder owns (or is deemed to own) any shares of Combined Company Common Stock following the redemption, and if so, the total number of shares of Combined Company Common Stock treated as held by the holder both before and after the redemption relative to all shares of GigCapital5 voting stock or Combined Company voting stock, as applicable, outstanding both before and after the redemption. The redemption will be treated as a sale, rather than a distribution, if the redemption (i) is "substantially disproportionate" with respect to the holder, (ii) results in a "complete termination" of the holder's interest in GigCapital5 or (iii) is "not essentially equivalent to a dividend" with respect to the holder. Due to the personal and subjective nature of certain of such tests and the absence of clear guidance from the IRS, there is uncertainty as to how a holder who elects to exercise its Redemption Rights will be taxed in connection with the exercise of Redemption Rights. See "Material U.S. Federal Income Tax Considerations-Material Tax Considerations with respect to a Redemption of Public Shares."

Unlike some other blank check companies, GigCapital5 is not subject to a specified maximum redemption threshold. The absence of such a redemption threshold will make it easier for us to consummate the proposed Business Combination even if a substantial number of our stockholders redeem.

Unlike some other blank check companies, GigCapital5 is not subject to a specified maximum redemption threshold, except that we will not redeem Public Shares in an amount that would cause our net tangible assets to be less than \$5,000,001 after giving effect to the redemptions of any shares of GigCapital5 Common Stock by the Public Stockholders, if any, the Stock Subscription Financing and the Yorkville Financing, including at the time either immediately prior to or upon the Closing. Some other blank check companies' structures disallow the consummation of a business combination if the holders of such companies' public shares elect to redeem or convert more than a specified percentage of the shares sold in such companies' initial public offering. Because we have no such maximum redemption threshold, we may be able to consummate the proposed Business Combination even though a substantial number of our Public Stockholders have redeemed their shares.

Description of the Merger

Pursuant to the Business Combination, Merger Sub will merge with and into QT Imaging with QT Imaging surviving the Merger as a wholly owned subsidiary of GigCapital5. At the Closing, GigCapital5 will be renamed as QT Imaging Holdings, Inc. Subject to the terms of the Business Combination Agreement, at the Effective Time, each issued and outstanding share of QT Imaging Common Stock (including shares issued upon the exercise or conversion of QT Imaging Options, QT Imaging Warrants and QT Imaging Convertible Notes but excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury and dissenting shares) will be automatically cancelled and converted into (A) the right to receive a number of shares of GigCapital5 Common Stock equal to the Exchange Ratio of the quotient of (i) the Aggregate Closing Merger Consideration

divided by (ii) the QT Imaging Fully Diluted Capital Stock and (B) the contingent right to receive a portion of additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if certain requirements are achieved in accordance with the terms of the Business Combination Agreement, if, as and when payable. The Aggregate Closing Merger Consideration is computed as a number of shares of GigCapital5 Common Stock equal to the difference of: (a) the quotient of (i) the Aggregate Closing Merger Consideration Value, divided by (ii) \$10.00; minus (b) the Aggregate Excess QT Imaging Transaction Expenses Shares; minus (c) the number of shares of GigCapital5 Common Stock that are not redeemed pursuant to the terms of the November 2023 Non-Redemption Agreements. The Aggregate Closing Merger Consideration Value is computed as (a) the sum of (i) \$151,000,000, plus (ii) the sum of the exercise prices of all In-the-Money Company Warrants, plus (iii) the QT Imaging Closing Cash, plus (iv) the Paid QT Imaging Transaction Expenses, minus (b) the debt of QT Imaging as of immediately prior to the Effective Time after conversion of any Converting Notes, excluding the QT Imaging New Note, and which debt of QT Imaging will not exceed \$4,800,000. For purposes of the unaudited pro forma condensed combined financial information, the calculation of the Aggregate Closing Merger Consideration Value is (a)(i) \$151,000,000 + (ii) \$2,128,923 + (iii) \$0 + (iv) \$633,344 - (b) \$3,987,845 = \$149,774,422.

Following the Merger and related events, (assuming no Public Shares of GigCapital5 have been redeemed after September 28, 2023 and no GigCapital5 Warrants have been exercised), and without giving effect to the Merger Consideration Earnout Shares, we expect that there will be approximately 23,424,528 shares of Combined Company Common Stock outstanding (after giving effect to the net exercise or conversion of QT Imaging Warrants and Converting Notes) consisting of (i) 6,530,000 shares held by the Sponsor, (ii) 15,000 shares in the aggregate held by Mr. Weightman, and an affiliate of ICR, (iii) 14,764,550 shares issued in the aggregate to holders of QT Imaging Equity Securities and as Aggregate Excess QT Imaging Transaction Expenses Shares, (iv) 2,114,978 shares held by GigCapital5's Public Stockholders.

After the Closing, the holders of the QT Imaging Equity Securities as of immediately prior to the Effective Time will have the contingent right to receive additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if Triggering Events are achieved. At the Closing and immediately prior to the Effective Time, GigCapital5 will deposit, or will cause to be deposited, with the Exchange Agent, among other shares, the sum of 9,000,000 shares of GigCapital5 Common Stock, as such shares may be adjusted for any stock split, reverse stock split, recapitalization, reclassification, reorganization, exchange, subdivision or combination, as a pool of shares constituting the Merger Consideration Earnout Shares. The Merger Consideration Earnout Shares will be allocated among the holders of the QT Imaging Equity Securities as described below.

Promptly upon the occurrence of any Triggering Event, or as soon as practicable after the Combined Company becomes aware of the occurrence of such Triggering Event or receives written notice of such Triggering Event, the Combined Company will prepare and deliver, or cause to be prepared and delivered, to the Exchange Agent a Release Notice, which Release Notice will set forth in reasonable detail the Triggering Event giving rise to the requested release and the specific release instructions with respect to the requested release (including the number of Merger Consideration Earnout Shares to be released from the Exchange Fund and the identity of the person to whom they should be released). The Merger Consideration Earnout Shares that are to be released from the Exchange Fund and distributed to the holders of the QT Imaging Equity Securities will be distributed to such holders in accordance with their respective Pro Rata Shares. The Merger Consideration Earnout Shares will be released and delivered as follows (each of (i), (ii) and (iii) below, a Triggering Event):

(i) promptly following the date on which the Combined Company files its quarterly report on Form 10-Q with respect to its fiscal quarter ended September 30, 2024 with the SEC, an aggregate of 2,500,000 Merger Consideration Earnout Shares constituting the 2024 Earnout Shares will be released from the Exchange Fund and distributed to the Company Equity Securityholders in accordance with their respective Pro Rata Shares if, and only if, on or prior to such filing date, the Company has obtained a formal FDA clearance for breast cancer screening with respect to its breast scanning systems, which remains in full force and effect as of such filing date; provided, that the 2024 Earnout Shares shall increase by 500,000 (to an aggregate of 3,000,000) Merger

Consideration Earnout Shares if, in addition, during the fifteen months ended September 30, 2024, the Company either (A) makes at least eight bona fide placements of its breast scanning systems globally or (B) has revenue of at least \$4,400,000 as set forth in the financial statements included in the periodic reports filed by the Combined Company with the SEC with respect to such fifteen month period;

(ii) promptly following the date on which the Combined Company files the 2025 Q3 Form 10-Q with the SEC, an aggregate of 2,500,000 Merger Consideration Earnout Shares constituting the 2025 Earnout Shares will be released from the Exchange Fund and distributed to the Company Equity Securityholders in accordance with their respective Pro Rata Shares if, and only if, during the twelve months ended September 30, 2025, (A) the Company achieves annual revenue of at least \$17,100,000 as set forth in the financial statements included in the periodic reports filed by the Combined Company with the SEC with respect to such twelve month period, and (B) the Company makes at least four placements of its breast scanning systems in the United States; provided, that the 2025 Earnout Shares shall increase by 500,000 (to an aggregate of 3,000,000) Merger Consideration Earnout Shares if at least one of the following milestones is achieved: (x) on or prior to such filing date, the Company has obtained a formal FDA clearance for a new indication for use of its breast scanning systems (other than any indication obtained prior to the beginning of the twelve months ended September 30, 2025), which remains in full force and effect as of such filing date; or (y) the Company achieves clinical-quality patient images with the Company's open angle scanner no later than the filing date of the 2025 Q3 Form 10-Q;

(iii) promptly following the date on which the Combined Company files the 2025 Q3 Form 10-Q with the SEC, an aggregate of 2,500,000 Merger Consideration Earnout Shares constituting the 2026 Earnout Shares will be released from the Exchange Fund and distributed to the Company Equity Securityholders in accordance with their respective Pro Rata Shares if, and only if, during the twelve months ended September 30, 2026, (A) the Company has revenue of at least \$30,000,000 as set forth in the financial statements included in the periodic reports filed by the Combined Company with the SEC with respect to such twelve month period, or (B) the VWAP of shares of the Combined Company Common Stock equals or exceeds \$15 per share for twenty (20) of any thirty (30) consecutive trading days on the Exchanges; provided, that the 2026 Earnout Shares shall increase by 500,000 (to an aggregate of 3,000,000) Merger Consideration Earnout Shares if at least one of the following milestones is achieved on or prior to such filing date: (x) the Company has obtained a formal FDA clearance of its open angle scanner, which remains in full force and effect as of such filing date; or (y) the Company receives net positive results in bona fide clinical trials, conducted in accordance with generally accepted industry standards, for its open angle scanner, as reported no later than the filing date of the 2026 Q3 Form 10-Q; and

(iv) if the conditions set forth in (i), (ii) or (iii) above for any Merger Consideration Earnout Shares to be released from the Exchange Fund and distributed to the holders of the QT Imaging Equity Securities have not been, and become incapable of being, satisfied, then promptly thereafter such Merger Consideration Earnout Shares will be automatically released to the Combined Company for cancellation and the holders of the QT Imaging Equity Securities will not have any right to receive such Merger Consideration Earnout Shares or any benefit therefrom.

The accounting for the Earnout Shares was evaluated under Accounting Standards Codification ("ASC") Topic 480, *Distinguishing Liabilities from Equity*, and ASC Subtopic 815-40, *Derivatives and Hedging — Contracts in Entity's Own Equity*, to determine if the Earnout Shares should be classified as a liability or within equity. As part of that preliminary analysis, it was determined that the Earnout Shares subject to vesting do not meet the criteria in ASC 815-40 to be considered indexed to the Combined Company Common Stock. As a result, the Earnout Shares will be classified as a liability. Therefore, an adjustment to recognize a liability related to the Earnout Shares has been recorded in the unaudited pro forma condensed combined financial information. The Merger Consideration Earnout Shares issuable to the holders of QT Equity Securities is expected to be recognized at fair value upon the closing of the proposed Business Combination as a liability, with subsequent changes in the fair value of the Merger Consideration Earnout Shares recognized as a gain or loss at each reporting period during the earnout period, pursuant to ASC 815, *Derivatives and Hedging*. The preliminary fair value of the Merger

[Table of Contents](#)

Consideration Earnout Shares is \$49.9 million. In the event the Merger Consideration Earnout Shares are delivered in future periods, upon meeting various milestones, the issuance of the Merger Consideration Earnout Shares will be treated as a settlement of the corresponding liability, with an offset to permanent equity.

Pro Rata Shares is computed, with respect to each holder of the QT Imaging Equity Securities, as a ratio calculated by dividing (i) the sum of, without duplication, (A) the total number of shares of QT Imaging Common Stock held by such holder of the QT Imaging Equity Securities as of immediately prior to the Effective Time, plus (B) the total number of In-the-Money Company Warrant Shares subject to In-the-Money Company Warrants held by such holder of the QT Imaging Equity Securities as of immediately prior to the Effective Time (to the extent such In-the-Money Company Warrants are not exercised or deemed exercised as of immediately prior to the Effective Time), by (ii) the sum of, without duplication, (A) the total number of shares of QT Imaging Common Stock held by all holders of the QT Imaging Equity Securities as of immediately prior to the Effective Time, plus (B) the total number of In-the-Money Company Warrant Shares (to the extent the applicable In-the-Money Company Warrants are not exercised or deemed exercised as of immediately prior to the Effective Time). Any fractional Merger Consideration Earnout Share that would otherwise be issuable to any person will be rounded up to a whole share of the Combined Company Common Stock.

The conditions to the Merger require that upon the Closing, and after giving effect to the Redemption Rights, GigCapital5 shall have net tangible assets of at least \$5,000,001 (excluding assets of the Surviving Corporation). Other related events in connection with the Merger

Stock Subscription Agreements

QT Imaging, together with GigCapital5 and the Stock Subscription Investors, in November 2023 entered into definitive Stock Subscription Agreements, pursuant to which the Stock Subscription Investors have subscribed for the purchase of shares of QT Imaging Common Stock in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock. The aggregate gross proceeds under the Stock Subscription Agreements to QT Imaging will be \$3,000,000, and this constitutes the Stock Subscription Financing. All of the proceeds of the Stock Subscription Financing are expected to be available to the Combined Company at the Closing of the Business Combination to satisfy its obligations and as a source of working capital. In addition, each of the Stock Subscription Investors has separately entered into with GigCapital5 the November 2023 Non-Redemption Agreements pursuant to which each such Stock Subscription Investor has agreed to not redeem up to 400,000 shares of GigCapital5 Common Stock in exchange for a cash payment by GigCapital5 with cash from its Trust Account in a per share amount equal to the per share pro rata portion of the amount then in the Trust Account less \$2.50 per share. For each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the obligation of such Stock Subscription Investor to purchase shares of QT Imaging Common Stock pursuant to the Stock Subscription Agreements will be correspondingly reduced in an equal amount with respect to the number of shares of Combined Company Common Stock that would be received upon the exchange that occurs at the closing of the Business Combination. Furthermore, for each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the aggregate number of shares of Combined Company Common Stock issued as consideration to the securities holders of QT Imaging in the Business Combination shall also be correspondingly reduced.

Yorkville Financing

Standby Equity Purchase Agreement

On November 16, 2023, GigCapital5, QT Imaging and Yorkville entered into the SEPA. Upon the closing of the Business Combination, the Combined Company will have the right, provided there is no balance outstanding under the Yorkville Note or, if there is a balance outstanding under a Yorkville Note, with Yorkville's prior written consent, or upon the occurrence of certain Trigger Events, to issue and sell to Yorkville,

and Yorkville shall purchase from the Combined Company, as Advances up to \$50 million in aggregate gross purchase price of newly issued shares of Combined Company Common Stock by delivering written Advance Notice to Yorkville. The Combined Company Common Stock purchased pursuant to an Advance Notice will be purchased at a price equal to 97% of the lowest daily VWAP of the Combined Company Common Stock during the three consecutive trading days commencing on the Advance Notice Date. VWAP means for purposes of the Yorkville Financing, for any trading day, the daily volume weighted average price of the Combined Company Common Stock for such trading day on the Nasdaq Stock Market LLC during regular trading hours as reported by Bloomberg L.P. During the commitment period, Investor may also deliver its written Investor Notice to the Combined Company causing an Advance Notice to be deemed delivered to Yorkville. In this case, the Common Stock purchased pursuant to such Investor Notice will be purchased at a price equal to the lower of (i) the Fixed Price, or (ii) 95% of the lowest daily VWAP of the Common Stock during the five consecutive trading days commencing on the immediately preceding date Yorkville submits an Investor Notice pursuant to and as defined in the SEPA.

At the Pre-Advance Closing, GigCapital5 shall pay a Commitment Fee in an amount up to \$375,000 which is equal to 0.75% of the Commitment Amount in cash to Yorkville, which shall be netted from the Pre-Paid Advance. As consideration for the Pre-Paid Advance, and prior to the closing of the Business Combination and the Pre-Advance Closing, QT Imaging will issue to Yorkville that number of shares of stock of QT Imaging equal to the result of (x) one million (1,000,000) divided by (y) the Exchange Ratio, such that upon the closing of the Business Combination, Yorkville will receive that consideration provided for in the Business Combination Agreement that a holder of shares of stock of QT Imaging is entitled to receive as the Company Shares pursuant to the Business Combination Agreement, including one million (1,000,000) shares of Combined Company Common Stock which are freely tradable upon receipt of such consideration as provided for in the Business Combination Agreement. The Company Shares to be issued as consideration as provided for in the Business Combination Agreement shall be registered pursuant to this prospectus. The Company Shares shall be deemed fully earned as of November 15, 2023. Yorkville shall be entitled to sell the Company Shares at its sole discretion and retain one hundred percent (100%) of the sale proceeds of the Company Shares.

In the event that during the term of the Yorkville Note, the Combined Company shall not be required as described below to make monthly cash payments to Yorkville as the result of the occurrence of a Trigger Event, Yorkville shall be entitled to retain one hundred percent (100%) of the sale proceeds of the Company Shares, provided that (i) if Yorkville has sold the Company Shares, fifty percent (50%) of Yorkville's net sale proceeds of the Company Shares or (ii) if Yorkville has not sold the Company Shares, fifty percent (50%) of the value of the Company Shares based on the VWAP, as quoted by Bloomberg, L.P., on the date of such agreement, shall be applied in such manner as the Combined Company and Yorkville mutually agree to apply such amounts.

The issuance of the Common Stock under the SEPA will be subject to certain limitations, including as the Exchange Cap that (a) Yorkville may not purchase any Common Stock that would result in it owning more than 4.99% of GigCapital5's Common Stock or (b) the aggregate number of shares of Common Stock issued pursuant to Pre-Paid Advances (including the aggregation with the issuance of Common Stock under other Advances) cannot exceed 19.9% of the Common Stock of GigCapital5 outstanding as of the Effective Date of the SEPA. The Exchange Cap shall not be applicable if: (a) GigCapital5's stockholders have approved the issuance of Common Shares in excess of the Exchange Cap under the Nasdaq Proposal in accordance with the applicable rules of Nasdaq or (b) to the extent that (and only for so long as) the average price for the issuance of Common Stock equals or exceeds the lower of (i) the Nasdaq Official Closing Price immediately preceding the Effective Date, which is \$10.85 per share; or (ii) the average Nasdaq Official Closing Price for the five trading days immediately preceding the Effective Date, which is \$10.86 per share.

Pre-Paid Advance

In connection with the SEPA, and subject to the conditions set forth therein, including the closing of the Business Combination, Yorkville shall advance make a Pre-Paid Advance of up to \$10 million as evidenced by

[Table of Contents](#)

the Yorkville Note, which is being issued with a 6% original issue discount. The proceeds from the funding of the Pre-Paid Advance may not be used by the Combined Company or QT Imaging to make any payments in respect of any notes to the Sponsor or any indebtedness to Dr. John Klock; provided, however, that nothing will preclude the Combined Company from making payments in respect of notes to the Sponsor or notes to affiliates of Dr. Avi S. Katz from the proceeds of other sources of capital that the Combined Company has while a Pre-Paid Advance is outstanding.

The Yorkville Note for the Pre-Paid Advance will be due 15 months from the date of issuance, and interest shall accrue on the outstanding balance of the Yorkville Note at an annual rate equal to 6%, subject to an increase to 18% upon an event of default as described in the Yorkville Note. The Yorkville Note shall be convertible by Yorkville into shares of Common Stock at the Conversion Price. The Conversion Amount of shares issuable upon conversion of any amount of principal being converted shall be determined by dividing (x) such Conversion Amount by (y) the Conversion Price. The Conversion Price is the lower of (a) the Fixed Price of 110% of the daily VWAP of the Common Stock on Nasdaq as of the trading day immediately prior to the issuance of the Yorkville Note, or (b) the Variable Price of 95% of the lowest daily VWAP of the Common Stock on Nasdaq during the five consecutive trading days immediately prior to (i) each date of conversion or (ii) the date Yorkville submits an Investor Notice to the Combined Company that it intends to make a purchase, but which Variable Price shall not be lower than the Floor Price then in effect. The Floor Price solely with respect to the Variable Price, means the lower of (i) \$2.00 per share or (ii) the VWAP of the Common Stock for the five (5) trading days immediately prior to the Resale Registration Statement being declared effective by the SEC (as defined below), or as reduced in accordance with the terms of the Yorkville Note. Notwithstanding the foregoing, the Combined Company may reduce the Floor Price to any amounts set forth in a written notice to Yorkville; provided that such reduction shall be irrevocable and shall not be subject to increase thereafter.

The Combined Company at its option shall have the right, but not the obligation, to undertake the Optional Redemption and redeem early a portion or all amounts outstanding under the Yorkville Note; provided that (i) the Combined Company provides Yorkville with no less than ten (10) trading days' prior written notice of the Redemption Notice and (ii) on the date the Redemption Notice is issued, the VWAP of the Common Stock is less than the Fixed Price. Each Redemption Notice shall be irrevocable and shall specify the outstanding balance of the Note to be redeemed and the Redemption Amount. The Redemption Amount shall be equal to the outstanding principal balance being redeemed by the Combined Company, plus the Redemption Premium, plus all accrued and unpaid interest. After receipt of the Redemption Notice, Yorkville shall have ten (10) trading days to elect to convert all or any portion of the Yorkville Note. On the eleventh (11th) trading day after the Redemption Notice, the Combined Company shall deliver to Yorkville the Redemption Amount with respect to the principal amount redeemed after giving effect to conversions effected during the ten (10) trading day period.

Under the terms of the Yorkville Note, a Trigger Event shall occur on the Trigger Date if (i) as a Floor Price Trigger, the daily VWAP is less than the Floor Price for five trading days during a period of seven consecutive trading days, or (ii) as an Exchange Cap Trigger, if GigCapital5 has issued in excess of 95% of the Common Stock available under the Exchange Cap. If, at any time six months after the issuance of the Yorkville Note, a Trigger Event occurs, then the Combined Company will be obligated to make monthly payments of an amount equal to the sum of (i) the Triggered Principal Amount of \$1,500,000 of principal in the aggregate among all promissory notes issued to Yorkville (or the outstanding principal if less than such amount), plus (ii) a payment premium of 5% in respect of such Triggered Principal Amount, and (iii) accrued and unpaid interest hereunder as of each payment date beginning on the 5th trading day after the Trigger Date and continuing on the same day of each successive calendar month to Yorkville pursuant to the terms of the Yorkville Note. However, in the event that the Combined Company shall be required to make such cash payments to Yorkville under the Yorkville Note as a result of the occurrence of a Trigger Event, the Combined Company shall be entitled upon written notice to Yorkville, to direct that Yorkville (i) if Yorkville has sold the Company Shares, to apply, in accordance with the terms of the Yorkville Note, up to fifty percent (50%) of Yorkville's net sale proceeds of the Company Shares to satisfy, in part or in whole, the Triggered Principal Amount of such cash payments due to Yorkville or (ii) if Yorkville has not sold the Company Shares, to apply up to fifty percent (50%) of the value of the Company

Shares on such date the cash payment is due based on the VWAP (as such term is defined in the SEPA) as quoted by Bloomberg LP of the Company Shares as an offset of the Triggered Principal Amount of the cash payments due to Yorkville. The Combined Company right to request that Yorkville apply or offset cash payments to which Yorkville is entitled pursuant to the Yorkville Note shall cease once fifty percent (50%) of the (i) the net sale proceeds of the Company Shares or fifty percent (50%) of the value of the Company Shares on such date the cash payment is due based on the VWAP as quoted by Bloomberg LP of the Company Shares have been applied or offset as provided herein to such cash payments to which Yorkville is entitled. The obligation of the Combined Company to make monthly prepayments shall cease (with respect to any payment that has not yet come due) if any time after the Trigger Date (a) the Combined Company reduces the Floor Price to an amount that is at least 50% of the daily VWAP of the Common Stock, (b) the daily VWAP is greater than the 110% of the Floor Price a period of five consecutive trading days in the event of a Floor Price Trigger, or (c) the date GigCapital5 has obtained stockholder approval to increase the number of shares of Common Stock under the Exchange Cap and/or the Exchange Cap no longer applies, unless a subsequent Trigger Event occurs. Furthermore, within one (1) trading day of a Floor Price Trigger that remains after application of all amounts related to the Company Shares as described above, the Combined Company shall reduce the Floor Price to an amount that is at least fifty percent (50%) of the daily VWAP of the Common Stock, and provide Yorkville written confirmation of such reduction of the Floor Price or be obligated to make the above monthly cash payments.

Basis of Pro Forma Presentation

The unaudited pro forma condensed combined financial information has been prepared in accordance with Article 11 of Regulation S-X. The adjustments in the unaudited pro forma condensed combined financial information have been identified and presented to provide relevant information necessary for an illustrative understanding of the Combined Company upon consummation of the Merger in accordance with GAAP. Assumptions and estimates underlying the unaudited pro forma adjustments set forth in the unaudited pro forma condensed combined financial information are described in the accompanying notes.

The unaudited pro forma condensed combined financial information has been presented for illustrative purposes only and is not necessarily indicative of the operating results and financial position that would have been achieved had the Merger occurred on the dates indicated. Any net cash proceeds remaining after the consummation of the Merger and the other related events contemplated by the Business Combination Agreement are expected to be used for general corporate purposes. The unaudited pro forma condensed combined financial information does not purport to project the future operating results or financial position of the Combined Company following the completion of the Merger. The unaudited pro forma adjustments represent management's estimates based on information available as of the date of these unaudited pro forma condensed combined financial statements and are subject to change as additional information becomes available and analyses are performed. GigCapital5 and QT Imaging have not had any historical relationship prior to the discussion of the Merger. Accordingly, no pro forma adjustments were required to eliminate activities between the companies.

The unaudited pro forma condensed combined financial information contained herein assumes that the GigCapital5 stockholders approve the Merger. Pursuant to the Existing Charter, GigCapital5 will provide the holders of GigCapital5 Common Stock the opportunity to redeem the outstanding shares of GigCapital5 Common Stock for cash equal to their pro rata share of the aggregate amount on deposit in the Trust Account, which holds the proceeds of the GigCapital5 IPO and additional extension payments, as of two business days prior to the consummation of the transactions contemplated by the Business Combination Agreement (including interest earned net of taxes) upon the Closing. As described below, the per share redemption amount was \$10.12 in the September 2022 Partial Redemption, was \$10.50 in the March 2023 Partial Redemption and was \$10.87 in the September 2023 Partial Redemption. This pro forma analysis assumes that the holders of the redeemable GigCapital5 Common Stock would have had the option to redeem shares at \$10.83 per share at the Closing if the Closing had occurred on September 30, 2023. This amount is the result of dividing the total number of Public Shares into the balance of the Trust Account adjusted for additional extension payments deposited through the Closing, plus any accrued interest on the Trust Account, as of September 30, 2023.

The following table presents the selected pro forma information after giving effect to the Merger and other events contemplated by the Business Combination Agreement and the September 2022 Partial Redemption, and the March 2023 Partial Redemption and the September 2023 Partial Redemption, presented under the following eight scenarios.

- **Assuming No Additional Redemptions and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that no other Public Stockholders exercise their Redemption Rights with respect to the outstanding GigCapital5 Common Stock and that 2,114,978 shares of GigCapital5 Common Stock remain outstanding after the completion of the Merger. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming 50% Redemption and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that holders of an additional 1,057,489, or 50% of the remaining shares outstanding held by Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$11.5 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming 75% Redemption and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that holders of an additional 1,586,234, or 75% of the remaining shares outstanding held by Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$17.2 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming Maximum Redemption and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that Public Stockholders holding the remaining 2,114,978 remaining shares of Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$22.9 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.

At this time, GigCapital5 does not expect the Sponsor to exercise its right to convert Working Capital Notes into additional Private Placement Units at the Closing. However, as the Sponsor has a right to so convert up to \$1,500,000 in principal of Working Capital Notes, it is providing four additional scenarios that present the effect of such a conversion if it were to occur as of September 30, 2023:

- **Assuming No Additional Redemptions plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that no other GigCapital5 Public Stockholders exercise their Redemption Rights with respect to the outstanding GigCapital5 Common Stock and that 2,114,978 shares of GigCapital5 Common Stock remain outstanding after the completion of the Merger. This scenario also assumes all Working Capital Notes are converted to additional Private Placement Units at the Closing.
- **Assuming 50% Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that holders of an additional 1,057,489, or 50% of the remaining shares outstanding held by GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$11.5 million. This scenario also assumes all GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.
- **Assuming 75% Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023

Partial Redemption and assumes that holders of an additional 1,586,234, or 75% of the remaining shares outstanding held by GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$17.2 million. This scenario also assumes all the GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.

- Assuming Maximum Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that GigCapital5 Public Stockholders holding the remaining 2,114,978 remaining shares of GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$22.9 million. This scenario also assumes all GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.

Under the 50% Redemptions, 75% Redemptions and Maximum Redemptions scenarios, the pro forma financials assume a price of approximately \$10.83 per share redemption amount.

The four levels of redemptions assumed in the unaudited pro forma condensed combined balance sheet and statements of operations are based on the assumption that there are no adjustments for the outstanding Public Warrants or Private Placement Warrants for the Warrants that would be included as a constituent security for any additional Private Placement Warrants that would be issued upon the conversion of any Working Capital Notes.

The following summarizes the pro forma shares of the combined Company common stock issued and outstanding immediately after the Merger on an issued and outstanding basis, presented under the eight redemption scenarios:

	Scenario 1 (Assuming No Redemptions into Cash and cash payment of the Working Capital Notes)		Scenario 2 (Assuming 50% Redemptions into Cash and cash payment of the Working Capital Notes)		Scenario 3 (Assuming 75% Redemptions into Cash and cash payment of the Working Capital Notes)		Scenario 4 (Assuming Maximum Redemptions into Cash and cash payment of the Working Capital Notes)

- (2) Amount excludes 23,000,000 outstanding Warrants and 795,000 private warrants which are a part of the Private Placement Units.
- (3) The Sponsor holds 5,735,000 Founder Shares, and an additional 795,000 shares of GigCapital5 Common Stock that are a constituent security of the Private Placement Units. - (5) Conversion into shares of the Combined Company Common Stock of shares of QT Imaging Common Stock related to QT Imaging Convertible Notes and Stock Subscription Financing Convertible Notes to be

- (7) Amount assumes all In-the-Money Company Warrants will be exercised for shares of QT Imaging Common Stock immediately prior to the Merger.

Expected Accounting Treatment for the Merger

The Merger is expected to be accounted for as a reverse recapitalization in accordance with GAAP because QT Imaging has been determined to be the accounting acquirer under all redemption scenarios presented. Under this method of accounting GigCapital5, which is the legal acquirer, will be treated as the accounting acquiree for financial reporting purposes and QT Imaging which is the legal acquiree, will be treated as the accounting acquirer. Accordingly, the consolidated assets, liabilities and results of operations of QT Imaging will become the historical financial statements of the Combined Company and GigCapital5's assets, liabilities and results of operations will be consolidated with QT Imaging's beginning on the acquisition date. For accounting purposes, the financial statements of the Combined Company will represent a continuation of the financial statements of QT Imaging with the merger being treated as the equivalent of QT Imaging issuing stock for the net assets of GigCapital5, accompanied by a recapitalization. The net assets of GigCapital5 will be stated at historical costs and no goodwill or other intangible assets will be recorded. Operations prior to the Merger will be presented as those of QT Imaging in future reports of the Combined Company.

QT Imaging was determined to be the accounting acquirer under all of the redemption scenarios presented based on evaluation of the following facts and circumstances:

- QT Imaging Equity Securityholders comprise a relative majority of greater than 50% of the voting power of the Combined Company under all redemption scenarios;
- QT Imaging's operations prior to the acquisition comprise the only ongoing operations of the Combined Company;
- QT Imaging's senior management comprise the senior management of the Combined Company; and
- The ongoing operations of QT Imaging will become the operations of the Combined Company.

The final allocation of consideration payable to QT Imaging Equity Securityholders will be determined upon the completion of the Merger and related events and could differ materially from the eight scenarios presented.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

1. Basis of Presentation

The Business Combination will be accounted for as a reverse recapitalization in accordance with GAAP. Under this method of accounting, GigCapital5, who is the legal acquirer, will be treated as the accounting acquiree for financial reporting purposes and QT Imaging, which is the legal acquiree, will be treated as the accounting acquirer.

The unaudited pro forma condensed combined financial statements are prepared in accordance with Article 11 of SEC Regulation S-X, as amended January 1, 2021. The historical financial information of GigCapital5 and QT Imaging is presented in accordance with GAAP. Management has made significant estimates and assumptions in its determination of the pro forma adjustments. As the unaudited pro forma condensed combined financial information has been prepared based on these preliminary estimates, the final amounts recorded may differ materially from the information presented. The unaudited pro forma condensed combined financial information does not give effect to any anticipated synergies, operating efficiencies, tax savings or cost savings that may be associated with the Business Combination.

The pro forma adjustments reflecting the completion of the Business Combination and related transactions are based on currently available information and assumptions and methodologies that GigCapital5 believes are reasonable under the circumstances. The unaudited condensed pro forma adjustments, which are described in the accompanying notes, may be revised as additional information becomes available. Therefore, it is likely that the actual adjustments will differ from the pro forma adjustments, and it is possible the difference may be material. GigCapital5 believes that its assumptions and methodologies provide a reasonable basis for presenting all of the significant effects of the Business Combination and related transactions based on information available to management at the current time and that the pro forma adjustments give appropriate effect to those assumptions and are properly applied in the unaudited pro forma condensed combined financial information.

The unaudited pro forma condensed combined financial information is not necessarily indicative of what the actual results of operations and financial position would have been had the Business Combination and related transactions taken place on the dates indicated, nor are they indicative of the future consolidated results of operations or financial position of the Combined Company. They should be read in conjunction with the historical financial statements and notes thereto of GigCapital5 and QT Imaging.

2. Notes to Unaudited Pro Forma Condensed Combined Balance Sheet and Statement of Operations

Transaction Accounting Adjustments to Unaudited Pro Forma Condensed Combined Balance Sheet as of September 30, 2023

- (A) To reflect the release of \$23,008,775 held in the Trust Account, including additional extension payments deposited or expected to be deposited in the Trust Account through the Closing, and \$138,045 of interest receivable by the Trust Account as all amounts held in the Trust Account are to be released upon the consummation of the Business Combination to either be used to satisfy the exercise of redemption rights or for use by the Combined Company.
- (A2) Reflects the additional proceeds of \$381,360 in advances expected to be received under the GigCapital5 Working Capital Note prior to the Closing.
- (B1) To reflect exercise of In-the-Money Company Warrants into QT Imaging Common Stock prior to the Closing as if the Closing had occurred on December 31, 2022. The total reflects 494,525 Warrants exercised at \$4.00 for \$1,978,100 and 60,329 In-the-Money Company Warrants exercised at \$2.50 for \$150,823 into an aggregate total of 554,854 shares of QT Imaging Common Stock with aggregate proceeds of \$2,128,923. Upon consummation of the Business Combination, the shares of QT Imaging Common Stock are converted into 223,291 shares of Combined Company Common Stock. The terms of the In-the-Money Company Warrants have not been modified.

- (B2) To reflect the receipt of a Senior Secured Convertible Note issued by QT Imaging from a related party of GigCapital5 prior to the Closing.
- (B3) To reflect the issuance of a Senior Secured Convertible Note by QT Imaging to an affiliate of a noteholder of QT Imaging in compensation for the noteholder subordinating certain of its rights under its note agreement and in lieu of certain placement agent fees to the affiliate.
- (B4) To reflect the proceeds of \$3,600,000 from three investors comprised of \$600,000 under Senior Secured Convertible Notes issued by QT Imaging and \$3,000,000 under the Stock Subscription Agreements and to record Early Investor Consideration Shares issued which will convert into an aggregate of 200,000 shares of the Combined Company after the Closing. The Stock Subscription Agreements of \$3,000,000 are for the purchase of shares of QT Imaging that will convert into an aggregate of 1,200,000 shares of the Combined Company after the Closing.

Each of the Senior Secured Convertible Notes issued by QT Imaging has as one of its terms and conditions that the notes are payable upon maturity at an amount equal to the outstanding note multiplied by 120% (the "Repayment Premium"). If cash repayment is not elected by the noteholder, the note shall automatically convert immediately prior to the Closing of the Business Combination into such number of validly issued, fully paid and non-assessable shares of QT Imaging Common Stock that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal to 100,000 shares of Combined Company Common Stock (i.e., at an implied conversion rate of \$2.00 per share of Combined Company Common Stock). In connection with the transaction, investors that subscribed to the purchase of \$1,000,000 of QT Imaging Common Stock (the "subscription"), were each awarded an additional number of shares of QT Imaging Common Stock that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal to 50,000 shares of Combined Company Common Stock provided they purchased at least \$1,000,000 of QT Imaging Common Stock.

The Repayment Premium represents a redemption feature, which was bifurcated from the debt host and recorded as a derivative liability. As of the date of issuance of the Senior Secured Convertible Notes, management had estimated that the probability of an event of default was negligible; accordingly, the fair value of the derivative liability was de minimis at the date of issuance. The \$600,000 Senior Secured Convertible Notes are recorded net of a \$452,000 debt discount.

- (B5) To reflect the net proceeds under the SEPA for a total of \$10,000,000 less debt origination costs of \$975,000, consisting of a \$375,000 commitment fee for the SEPA and original issue discount of 6% for the Pre-Paid Advance, and a structuring fee of \$20,000. The capitalized terms in this footnote are as defined in the SEPA.

The \$10,000,000 promissory note was issued pursuant to Section 2.01 of the SEPA, draft dated August 15, 2023, between the Company and the Holder. The note contained the following derivative features ("Derivatives") that were recognized at fair value:

- Monthly Payment Premium - If, any time after the Issuance Date, and from time to time thereafter, a Trigger Event occurs, then the Company shall make monthly payments of Triggered Principal Amount, Payment Premium and accrued and unpaid interest.
- Monthly Payment Discount - If, any time after the Issuance Date, and from time to time thereafter, a Trigger Event occurs, then the Company shall make monthly payments of Triggered Principal Amount minus the lesser of (x) \$1,500,000 and (y) such amount of fifty percent (50%) of the Investor's net sales proceeds of the Company Shares or fifty percent (50%) of the value of the Company Shares on such date the cash payment is due.

Provision made pursuant to the preceding sentence shall be in a form and substance satisfactory to the Required Holders.

The fair value of the above derivatives was calculated using a Monte Carlo simulation, performed by an independent valuation firm. The simulation used as significant inputs the volatility of QT Imaging equity that was derived based on a comparable peer group of publicly traded companies and the company's stock price on the valuation date based on the \$10 per share inferred from the merger conversion ratio.

The key inputs into the valuation model included a volatility of 80%, risk-free rate of 5.4% and a fair value of the common stock at \$10.00 per share.

The total value of the Derivatives reflected the combined value of the monthly payment premium, reduction to that premium by the payment discount, and the value of the conversion right. The values of the failure to timely convert and corporate event features were deemed to be de minimus.

The Merger Consideration Earnout Shares will be released and delivered upon the occurrence of Triggering Events.

The fair value of the Merger Consideration Earnout shares was calculated using a Monte Carlo simulation. The simulation used as significant inputs QT Imaging management's current assessment of placements of breast scanning systems in 2024 and 2025, likely expected values for revenues from 2024 through 2026, probabilities for regulatory approvals including FDA clearances, and probabilities of other Triggering Events related to the open angle scanner. Additional significant inputs into the simulation include the volatility of QT Imaging equity, assets, and revenue that was derived in a manner as would be common for such simulation, and published industry operating profitability metrics. A weighted average cost of capital ("*WACC*") was estimated based on a modified capital asset pricing model, and a discount rate applicable to revenue was based on the *WACC* and published industry operating profit metrics.

The Monte Carlo simulation developed a distribution of projected revenues for 2023 through 2026 using a Geometric Brownian Motion framework based on a standard normal distribution of returns. The simulation also developed a distribution of potential daily Combined Company Common Stock prices for 2026 using a Geometric Brownian Motion framework, and the current traded market price of GigCapital5 Common Stock as the initial input. The resulting fair value is based on the average of the number of shares that will be paid out for each Triggering Event over a statistically significant number of simulations.

The significant assumptions included: An expected volatility of revenue of 21.0%; a discount rate applicable to revenue of 10.2%; a risk-free rate (revenue and equity model) of 4.7%; a risk premium of 5.4%; cost of debt of 22.0%; credit risk spread of 17.2% and; an equity volatility of 80.0%.

3. Loss per Share

Represents the net loss per share calculated using the historical weighted average shares outstanding and the issuance of additional shares in connection with the Business Combination and related transactions, assuming the shares were outstanding since January 1, 2022. As the Business Combination is being reflected as if it had occurred at the beginning of the period presented, the calculation of weighted average shares outstanding for basic and diluted net loss per share assumes that the shares issuable relating to the Business Combination and related transactions have been outstanding for the entire periods presented. When assuming maximum redemptions, this calculation is adjusted to eliminate such shares for the entire period. Basic and diluted earnings per share are the same for each class of common stock because they are entitled to the same liquidation and dividend rights.

COMPARATIVE SHARE INFORMATION

The following tables set forth the historical comparative share information for QT Imaging and GigCapital5 on a stand-alone basis and the unaudited pro forma combined share information for the Combined Company for the year ended December 31, 2022, after giving effect to the proposed Business Combination, presented under eight scenarios. All scenarios include the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption by the Public Stockholders of 18,985,950 shares at \$10.12 per share, 995,049 shares at \$10.50 per share, and 904,023 at \$10.87 per share, respectively, for total redemption proceeds of \$212,387,547:

- **Assuming No Additional Redemptions and the cash payment of all Working Capital Notes:** The scenario assumes that no other Public Stockholders exercise their Redemption Rights with respect to the outstanding GigCapital5 Common Stock and that 2,114,978 shares of GigCapital5 Common Stock remain outstanding after the completion of the Merger. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming 50% Redemptions and the cash payment of all Working Capital Notes:** This scenario assumes that holders of an additional 1,057,489 shares, or 50% of the remaining shares outstanding held by Public Stockholders following the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption, will exercise their Redemption Rights for aggregate redemption proceeds, including the September 2022 Partial Redemption, the March 2023 Partial Redemption proceeds, of \$11.5 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming 75% Redemptions and the cash payment of all Working Capital Notes:** This scenario assumes that holders of an additional 1,586,234 shares, or 75% of the remaining shares outstanding held by Public Stockholders following the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption, will exercise their Redemption Rights for aggregate redemption proceeds, including the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption proceeds, of \$17.2 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.
- **Assuming Maximum Redemptions and the cash payment of all Working Capital Notes:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that Public Stockholders holding the remaining 2,114,978 shares outstanding of GigCapital5 common stock following the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption will exercise their Redemption Rights for aggregate redemption proceeds, including the September 2022 Partial Redemption the March 2023 Partial Redemption and the September 2023 Partial Redemption proceeds, of \$22.9 million. This scenario also assumes all Working Capital Notes are paid off in cash at the Closing.

At this time, GigCapital5 does not expect the Sponsor to exercise its right to convert Working Capital Notes into additional Private Placement Units at the Closing. However, as the Sponsor has a right to so convert up to \$1,500,000 in principal of Working Capital Notes, it is providing four additional scenarios that present the effect of such a conversion if it were to occur as of September 30, 2023:

- **Assuming No Additional Redemptions plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, and the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that no other GigCapital5 Public Stockholders exercise their Redemption Rights with respect to the outstanding GigCapital5 Common Stock and that 2,114,978 shares of GigCapital5 Common Stock remain outstanding after the completion of the Merger. This scenario also assumes all Working Capital Notes are converted to additional Private Placement Units at the Closing.
- **Assuming 50% Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption and the March 2023 Partial Redemption and the September 2023

[Table of Contents](#)

Partial Redemption and assumes that holders of an additional 1,057,489, or 50% of the remaining shares outstanding held by GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$11.5 million. This scenario also assumes all GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.

- **Assuming 75% Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that holders of an additional 1,586,234, or 75% of the remaining shares outstanding held by GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$17.2 million. This scenario also assumes all the GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.
- **Assuming Maximum Redemption plus conversion of Working Capital Warrants:** This scenario includes the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption and assumes that GigCapital5 Public Stockholders holding the remaining 2,114,978 remaining shares of GigCapital5 Public Stockholders, will exercise their Redemption Rights for aggregate proceeds of \$22.9 million. This scenario also assumes all GigCapital5 Working Capital Notes are converted to additional Private Placement Units at the Closing.

Purpose of the Stockholders’ Meeting

At the Stockholders’ Meeting, GigCapital5 is asking holders of GigCapital5 Common Stock to consider and vote upon the following proposals:

- (1) The Business Combination Proposal-To consider and vote upon a proposal to approve the Business Combination Agreement, in the form attached hereto as *Annex A*, and the proposed Business Combination;
- (2) The Board Classification Charter Proposal-To provide for the classification of our board of directors into three classes of directors with staggered terms of office and to make certain related changes;

- (3) The Additional Charter Amendments in Connection with the Business Combination Proposal - To consider and vote upon two proposals to adopt the Proposed Charter in the form attached hereto as *Annex B* (the "***Additional Charter Amendments in Connection with the Business Connections Proposals***");

- (5) The Nasdaq Proposal-To consider and vote upon a proposal to approve, for purposes of complying with applicable listing rules of Nasdaq: (i) the issuance of shares of GigCapital5 Common Stock to QT Imaging stockholders pursuant to the Business Combination Agreement; and (ii) the issuance of an aggregate of up to \$50,000,000 Combined Company Common Stock from time to time to Yorkville over a 36-month period following the Closing pursuant to the Yorkville Financing;
- (6) The Equity Incentive Plan Proposal-To consider and vote upon a proposal to approve and adopt the Equity Incentive Plan, in the form attached hereto as *Annex G*;
- (7) The Adjournment Proposal-To consider and vote upon a proposal to approve the adjournment of the Stockholders' Meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for the approval of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, Nasdaq Proposal, or the Equity Incentive Plan Proposal.

Vote of the Sponsor

GigCapital5 has entered an agreement with the Sponsor, pursuant to which the Sponsor agreed to vote any shares of GigCapital5 Common Stock owned by it in favor of each of the Proposals presented at the Stockholders' Meeting.

The Sponsor has waived any Redemption Rights, including with respect to any Public Shares purchased during or after the GigCapital5 IPO, in connection with an initial business combination. No consideration was received by the Sponsor for its waiver of Redemption Rights. The Founder Shares held by the Sponsor have no Redemption Rights upon our liquidation and will be worthless if no business combination is affected by us within the Completion Window. However, the Sponsor is entitled to Redemption Rights upon our liquidation with respect to any Public Shares it may own.

Quorum and Required Vote for Proposals for the Stockholders' Meeting

A quorum of GigCapital5 stockholders is necessary to hold a valid meeting. A quorum will be present at the Stockholders' Meeting if a majority of the voting power of all outstanding shares of GigCapital5 Common Stock entitled to vote at the Stockholders' Meeting as of the Record Date is represented in person (which would include presence at a virtual meeting) or by proxy. Abstentions and broker non-votes will be counted as present for the purpose of determining a quorum. The Sponsor, who currently owns approximately 75.4% of the issued and outstanding shares of GigCapital5 Common Stock, will count towards this quorum. As of December 4, 2023, the Record Date, 4,782,001 shares of GigCapital5 Common Stock would be required to achieve a quorum. Because the Sponsor holds in excess of this amount, a quorum can be achieved by the Sponsor voting its shares.

As of the Record Date, the Sponsor was entitled to vote the GigCapital5 Voting Shares. Such shares currently constitute approximately 75.4% of the outstanding shares of GigCapital5 Common Stock. The Sponsor

has agreed to vote all of its shares of GigCapital5 Common Stock, in favor of each of the Proposals presented at the Stockholders' Meeting, which is a sufficient amount to approve all of the Proposals.

The approval of each of the Business Combination Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal, if presented, requires the affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon and actually cast at the Stockholders' Meeting, voting as a single class. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to each of the Business Combination Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, or the Adjournment Proposal, if presented, will have no effect on such proposals. GigCapital5's Sponsor has agreed to vote its shares of GigCapital5 Common Stock in favor of each of the proposals presented at the Stockholders' Meeting.

The approval of the Board Classification Charter Proposal requires the affirmative vote (in person or by proxy) of the holders of a majority of the shares of GigCapital5 Common Stock entitled to vote thereon, voting as a single class. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to the Board Classification Charter Proposal, will have the same effect as a vote "AGAINST" such proposal.

The approval of the Director Election Proposal requires the affirmative vote (in person or by proxy) of the holders of a plurality of the outstanding shares of GigCapital5 Common Stock entitled to vote and actually cast thereon at the Stockholders' Meeting. Directors are elected by a plurality of all of the votes cast by such stockholders present in person (which would include presence at a virtual meeting) or represented by proxy at the Stockholders' Meeting and entitled to vote thereon, which means that the seven director nominees who receive the most affirmative votes will be elected. Stockholders may not cumulate their votes with respect to the election of directors. Accordingly, a stockholder's failure to vote by proxy or to vote in person (which would include presence at a virtual meeting) at the Stockholders' Meeting, as well as an abstention from voting and a broker non-vote with regard to election of directors, will have no effect on the election of directors.

Consummation of the proposed Business Combination is conditioned on the approval of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, and the Equity Incentive Plan Proposal at the Stockholders' Meeting, subject to the terms of the Business Combination Agreement. The proposed Business Combination is not conditioned on the approval of the Adjournment Proposal. If the Business Combination Proposal is not approved, the other proposals (except the Adjournment Proposal) will not be presented to the stockholders for a vote.

It is important for you to note that in the event that the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, or the Equity Incentive Plan Proposal do not receive the requisite vote for approval, GigCapital5 will not consummate the proposed Business Combination. If GigCapital5 does not consummate the proposed Business Combination and fails to complete an initial business combination within the Completion Window, it will be required to dissolve and liquidate the Trust Account by returning the then remaining funds in such account to its Public Stockholders.

Recommendation of GigCapital5 Board of Directors

The GigCapital5 Board unanimously determined that the Business Combination Agreement and the transactions contemplated thereby, including the Merger, were advisable, fair to, and in the best interests of, GigCapital5 and its stockholders. Accordingly, the GigCapital5 Board unanimously recommends that its stockholders vote "FOR" each of the Business Combination Proposal, the Board Classification Charter

Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal.

In considering the recommendation of the GigCapital5 Board to vote in favor of approval of the proposals, stockholders should keep in mind that the Sponsor and GigCapital5's directors and officers have business and financial interests in such proposals that are different from or in addition to (and which may conflict with) those of GigCapital5 stockholders. Stockholders should take these interests into account in deciding whether to approve the proposals presented at the Stockholders' Meeting, including the Business Combination Proposal. These interests include, among other things:

- The fact that our Sponsor has agreed not to redeem any of the GigCapital5 Voting Shares in connection with a stockholder vote to approve the proposed Business Combination.
- If the proposed Business Combination with QT Imaging or another business combination is not consummated within the Completion Window, GigCapital5 will cease all operations except for the purpose of winding up, redeeming 100% of the outstanding Public Shares for cash and, subject to the approval of its remaining stockholders and the GigCapital5 Board, dissolving and liquidating. In such event, the 5,735,000 Founder Shares held by the Sponsor, which were acquired for an adjusted purchase price of approximately \$0.0043592 per share, would be worthless because holders of the Founder Shares are not entitled to participate in any redemption or distribution with respect to such shares. The 5,735,000 Founder Shares held by the Sponsor had an aggregate market value of \$[●] based upon the closing price of \$[●] per share of GigCapital5 Common Stock on the Nasdaq on [●], 2023. Dr. Avi S. Katz, the Executive Chairman of the GigCapital5 Board is a member of the Sponsor and therefore will have an economic interest in the Founder Shares held by the Sponsor.
- An affiliate of Dr. Avi S. Katz and Dr. Raluca Dinu purchased from QT Imaging in November 2023 a secured promissory note with a principal amount of \$200,000. Such promissory note, at the option of the holder, (a) can be repaid at the Closing of the Business Combination by the Combined Company in cash in the amount of \$240,000, or (b) is convertible immediately prior to the Closing of the Business Combination into such number of shares of QT Imaging Common Stock that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal to 100,000 shares of Combined Company Common Stock.
- Given the differential in the purchase price that our Sponsor paid for the Founder Shares as compared to the price of the GigCapital5 units sold in the GigCapital5 IPO and the substantial number of shares of Combined Company Common Stock that our Sponsor will receive upon conversion of the Founder Shares in connection with the proposed Business Combination, our Sponsor and its affiliates may earn a positive rate of return on their investment even if the Combined Company Common Stock trades below the price initially paid for the GigCapital5 units in the GigCapital5 IPO and the Public Stockholders experience a negative rate of return following the completion of the proposed Business Combination. Thus, our Sponsor and its affiliates may have more of an economic incentive for us to, rather than liquidate if we fail to complete our initial business combination by the Completion Window, enter into an initial business combination on potentially less favorable terms with a potentially less favorable, riskier, weaker-performing or financially unstable business, or an entity lacking an established record of revenues or earnings, than would be the case if such parties had paid the full offering price for their Founder Shares.
- The Sponsor purchased an aggregate of 795,000 Private Placement Units from GigCapital5 for an aggregate purchase price of \$7,950,000 (or \$10.00 per unit). This purchase took place on a private placement basis simultaneously with the consummation of the GigCapital5 IPO. A portion of the proceeds GigCapital5 received from this purchase were placed in the Trust Account. Such units had an aggregate market value of approximately \$[●] based upon the closing price of \$[●] per units on the OTC on [●], 2023. This should be compared to the implied value of \$2.50 per share for a share of Combined Company Common Stock that is

[Table of Contents](#)

implied by the Stock Subscription Financing. The Private Placement Units will become worthless if GigCapital5 does not consummate a business combination within the Completion Window.

- Dr. Raluca Dinu and Dr. Avi S. Katz will become directors of the Combined Company after the Closing. As such, in the future they may receive any cash fees, Combined Company Options or stock awards that the Board determines to pay to its directors.
- GigCapital5's directors and officers, and their affiliates are entitled to reimbursement of out-of-pocket expenses incurred by them in connection with certain activities on GigCapital5's behalf, such as identifying and investigating possible business targets and business combinations. In addition, GigCapital5 has outstanding payables to GigCapital5's directors and officers in connection with the activities of these individuals, and such amounts, to the extent that they remain outstanding at the time of a business combination, will be due at such time. If GigCapital5 fails to consummate a business combination within the Completion Window, they will not have any claim against the Trust Account for reimbursement. Accordingly, GigCapital5 may not be able to reimburse these expenses or pay such payables if the proposed Business Combination or another business combination is not consummated within the Completion Window. As of the date of this prospectus, there were no out-of-pocket expenses incurred by GigCapital5's directors, officers or their affiliates that have not otherwise been reimbursed from GigCapital5's working capital funds following the GigCapital5 IPO, but the amount of payables to GigCapital5's directors and officers totaled \$[●]. Additionally, GigManagement, LLC is entitled to \$30,000 per month for office space, utilities, administrative and support services provided to GigCapital5's management team, which commenced on September 28, 2021 and will continue through the earlier of consummation of the proposed Business Combination and GigCapital5's liquidation, and as of the date of this prospectus, \$[●] in such fees are due and have not been paid.
- In connection with the approval of the First Extension Amendment and Second Extension Amendment, the Sponsor has agreed to contribute to GigCapital5 as a loan the Additional September 2022 Contributions and Additional March 2023 Contributions, respectively. The amount of the Additional September 2022 Contributions and Additional March 2023 Contributions will not bear interest and will be repayable by GigCapital5 to the Sponsor upon Closing.
- The Sponsor has made loans to GigCapital5 that are reflected in the Working Capital Notes, which Working Capital Notes will be repayable by GigCapital5 upon Closing. The Working Capital Notes include amounts that have been used to pay for an extension of the existing directors' and officers' liability insurance policy of GigCapital5 and to a broker-dealer that provided services to GigCapital5 in connection with the Second Extension Amendment. The Sponsor, in its discretion, may in lieu of having the Working Capital Note repaid upon the Closing, instead convert the Working Capital Note into units of GigCapital5, at a price of \$10.00 per unit, upon the Closing, provided that the maximum amount that may be converted is no more than \$1,500,000.
- Article X of the Existing Charter provides for the limited waiver, to the extent allowed by law and subject to certain exceptions, of the doctrine of corporate opportunity with respect to GigCapital5 or any of its officers, directors or their respective affiliates. While this may result in a potential conflict of interest as between the fiduciary duties or contractual obligations of our officers or directors and the interests of GigCapital5 and its stockholders, it did not impact our search for an initial business combination target, including QT Imaging.
- The continued indemnification of current directors and officers and the continuation of directors' and officers' liability insurance.
- In the event of the liquidation of the Trust Account, the Sponsor has agreed to indemnify and hold harmless GigCapital5 against any and all losses, liabilities, claims, damages and expenses to which GigCapital5 may become subject as a result of any claim by (i) any third party for services rendered or products sold to GigCapital5 or (ii) a prospective target business with which GigCapital5 has entered into an acquisition agreement, provided that such indemnification of GigCapital5 by the Sponsor shall apply only to the extent necessary to ensure that such claims by a third party for services rendered or products sold to GigCapital5 or a target do not reduce the amount of funds in the Trust Account to below (a) \$10.00 per share of GigCapital5 Common Stock or (b) such lesser amount per share of GigCapital5 Common Stock held in the

Trust Account due to reductions in the value of the trust assets as of the date of the liquidation of the Trust Account, in each case, net of the amount of interest earned on the property in the Trust Account, which may be withdrawn to pay taxes and expenses related to the administration of the Trust Account, except as to any claims by a third party (including a target) who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under GigCapital5's indemnity of the underwriters of the GigCapital5 IPO against certain liabilities, including liabilities under the Securities Act. If GigCapital5 consummates the proposed Business Combination, on the other hand, GigCapital5 will be liable for all such claims.

- The Sponsor has agreed not to transfer, assign, or sell the Founder Shares until the earlier of (A) six months after the date of the consummation of the proposed Business Combination, (B) the date after the consummation of the proposed Business Combination on which the closing price of the Combined Company Common Stock equals or exceeds \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after the proposed Business Combination, or (C) the date after the consummation of the proposed Business Combination that the Combined Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of the Combined Company's stockholders having the right to exchange their shares of the Combined Company Common Stock for cash, securities or other property.
- Subject to certain limited exceptions, the Private Placement Units (and their constituent securities) will not be transferable until 30 days following the completion of the proposed Business Combination.
- For a period of six years after the Closing Date, GigCapital5 shall defend, indemnify and hold harmless the Sponsor, its affiliates, and their respective present and former directors and officers against any costs or expenses, judgments, fines, losses, claims, damages or liabilities incurred in connection with any action by any stockholder of GigCapital5 who has not exercised Redemption Rights arising from Sponsor's ownership of equity securities of GigCapital5, or its control or ability to influence GigCapital5, and further arising out of or pertaining to the transactions, actions, and investments contemplated by the proposed Business Combination Agreement or any Ancillary Agreements.
- On September 23, 2021, the Sponsor entered into a letter agreement with GigCapital5 and the underwriters of the GigCapital5 IPO, in order to induce GigCapital5 and the underwriters of the GigCapital5 IPO to enter into the underwriting agreement with respect to the GigCapital5 IPO, pursuant to which the Sponsor waived its redemptions rights with respect to its Founder Shares, and the shares and shares underlying any warrants included in the Private Placement Units held by it, in connection with the consummation of GigCapital5's initial business combination.
- On September 23, 2021, Mr. Weightman entered into a letter agreement with GigCapital5, pursuant to which GigCapital5 granted 5,000 shares of GigCapital5 Common Stock to Mr. Weightman in consideration of, among other things, Mr. Weightman providing future services as the Treasurer and Chief Financial Officer of GigCapital5 and waiving any right to redeem any shares of GigCapital5 Common Stock into funds held in the Trust Account upon the successful completion of an initial business combination of GigCapital5 (on the same date an affiliate of ICR entered into a substantially similar letter agreement with GigCapital5 with respect to 10,000 shares of GigCapital5 Common Stock granted to such affiliate of ICR in consideration of future services of ICR as an investor relations firm to GigCapital5).

There will be no finder's fees, reimbursements or cash payments made by GigCapital5 to the Sponsor or GigCapital5's officers or directors, or any of GigCapital5's or its officers' or directors' affiliates, for services rendered to GigCapital5 prior to or in connection with the completion of the proposed Business Combination, other than payment of the amount described above for office space, utilities, administrative and support services, payment of outstanding payables in the amount of \$[●], and repayments of the Additional September 2022 Contributions and Additional March 2023 Contributions and any Working Capital Note by our Sponsor or affiliates of our Sponsor to fund working capital deficiencies or finance transaction costs in connection with an initial business combination, which Working Capital Note will be repayable by GigCapital5 upon Closing.

GigCapital5 currently has \$[●] in a Working Capital Note. The Sponsor, in its discretion, may in lieu of having the Working Capital Note repaid upon the Closing, instead convert the Working Capital Note into units of GigCapital5, at a price of \$10.00 per unit, upon the Closing, provided that the maximum amount that may be converted is no more than \$1,500,000. The Sponsor and GigCapital5's officers and directors or any of their respective affiliates will also be reimbursed for any out-of-pocket expenses incurred in connection with GigCapital5's formation, the GigCapital5 IPO and activities on GigCapital5's behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf. As of the date of this prospectus, the Sponsor had not incurred any out-of-pocket expenses in connection with the proposed Business Combination that, as of such date, had not been reimbursed by GigCapital5 from GigCapital5's working capital funds following the GigCapital5 IPO.

As of the date of this proxy statement/prospectus, the aggregate dollar value of the GigCapital5 securities held (based upon a value of \$[●] per share of GigCapital5 Common Stock and \$[●] per Warrant), loans extended, fees due, and out-of-pocket expenses for which the Sponsor and its affiliates have at risk that depend on completion of an initial business combination of the Company is approximately \$[●].

Abstentions and Broker Non-Votes

Abstentions are considered present for the purposes of establishing a quorum and will have the same effect as a vote "AGAINST" the Board Classification Charter Proposal. Broker non-votes are considered present for the purposes of establishing a quorum and will have the effect of a vote "AGAINST" the Board Classification Charter Proposal. Abstentions and broker non-votes will have no effect on the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal.

In general, if your shares are held in "street name" and you do not instruct your broker, bank or other nominee on a timely basis on how to vote your shares, your broker, bank or other nominee, in its sole discretion, may either leave your shares unvoted or vote your shares on routine matters, but not on any non-routine matters. **None of the proposals at the Stockholders' Meeting are routine matters. As such, without your voting instructions, your brokerage firm cannot vote your shares on any proposal to be voted on at the Stockholders' Meeting.**

Voting Your Shares-Stockholders of Record

GigCapital5 stockholders may vote electronically at the Stockholders' Meeting by visiting [https://www.\[●\]](https://www.[●]) or by proxy. GigCapital5 recommends that you submit your proxy even if you plan to attend the Stockholders' Meeting. If you vote by proxy, you may change your vote by submitting a later dated proxy before the deadline or by voting electronically at the Stockholders' Meeting.

If your shares are owned directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, LLC, you are considered, with respect to those shares, the "stockholder of record." If your shares are held in a stock brokerage account or by a bank or other nominee or intermediary, you are considered the beneficial owner of shares held in "street name" and are considered a "non-record (beneficial) stockholder."

If you are a GigCapital5 stockholder of record you may use the enclosed proxy card to tell the persons named as proxies how to vote your shares. If you properly complete, sign and date your proxy card, your shares will be voted in accordance with your instructions. The named proxies will vote all shares at the Stockholders' Meeting for which proxies have been properly submitted and not revoked. If you sign and return your proxy card but do not mark your card to tell the proxies how to vote, your shares will be voted "FOR" each of the proposals presented at the Stockholders' Meeting.

[Table of Contents](#)

Your shares will be counted for purposes of determining a quorum if you vote:

- via the Internet;
- by telephone;
- by submitting a properly executed proxy card or voting instruction form by mail; or
- electronically at the Stockholders' Meeting.

Abstentions will be counted for determining whether a quorum is present for the Stockholders' Meeting.

Voting instructions are printed on the proxy card or voting information form you received. Either method of submitting a proxy will enable your shares to be represented and voted at the Stockholders' Meeting.

Voting Your Shares-Beneficial Owners

If your shares are held in an account at a brokerage firm, bank or other nominee, then you are the beneficial owner of shares held in "street name" and this proxy statement/prospectus is being sent to you by that broker, bank or other nominee. The broker, bank or other nominee holding your account is considered to be the stockholder of record for purposes of voting at the Stockholders' Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee regarding how to vote the shares in your account by following the instructions that the broker, bank or other nominee provides you along with this proxy statement/prospectus. Your broker, bank or other nominee may have an earlier deadline by which you must provide instructions to it as to how to vote your shares. As a beneficial owner, if you wish to vote at the Stockholders' Meeting, you will need to bring to the Stockholders' Meeting a legal proxy from your broker, bank or other nominee authorizing you to vote those shares. That is the only way we can be sure that the broker, bank, or nominee has not already voted your shares of GigCapital5 Common Stock.

Revoking Your Proxy

If you are a stockholder and you give a proxy, you may revoke it at any time before it is exercised by doing any one of the following:

1. sending another proxy card with a later date;
2. notifying GigCapital5's Secretary in writing before the Stockholders' Meeting that you have revoked your proxy; or
3. attending the Stockholders' Meeting and voting electronically by visiting <https://www.gigcapital5.com> and entering the control number found on your proxy card, instruction form or notice you previously received. Attendance at the Stockholders' Meeting will not, in and of itself, revoke a proxy.

If your shares are held in "street name" or are in a margin or similar account, you should contact your broker for information on how to change or revoke your voting instructions.

No Additional Matters

The Stockholders' Meeting has been called only to consider the approval of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal. Under GigCapital5's bylaws, other than procedural matters incident to the conduct of the Stockholders' Meeting, no other matters may be considered at the Stockholders' Meeting if they are not included in this proxy statement/prospectus, which serves as the notice of the Stockholders' Meeting.

Who Can Answer Your Questions About Voting Your Shares

If you are a stockholder and have any questions about how to vote or direct a vote in respect of your shares of GigCapital5 Common Stock, Morrow Sodali LLC ("Morrow Sodali"), our proxy solicitor, at (203) 658-9400 (call collect), (800) 662-5200 (call toll-free), or by sending an e-mail to GIA.info@investor.morrowsodali.com.

Redemption Rights

Holders of Public Shares may seek to redeem their shares for cash, regardless of whether they vote for or against, or abstain from voting on, the Business Combination Proposal. Any stockholder holding Public Shares may demand that GigCapital5 redeem such shares for a pro rata portion of the Trust Account (which, for illustrative purposes, was \$[●] per share as of [●], 2023), calculated as of two business days prior to the anticipated consummation of the proposed Business Combination. If a holder properly seeks redemption as described in this section and the proposed Business Combination with QT Imaging is consummated, GigCapital5 will redeem these shares for a pro rata portion of funds deposited in the Trust Account and the holder will no longer own these shares following the proposed Business Combination.

Notwithstanding the foregoing, a holder of Public Shares, together with any affiliate of his or any other person with whom he is acting in concert or as a "group" (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from seeking Redemption Rights with respect to more than 15% of the Public Shares without the consent of GigCapital5. Accordingly, all Public Shares in excess of 15% held by a Public Stockholder, together with any affiliate of such holder or any other person with whom such holder is acting in concert or as a "group," will not be redeemed for cash without the consent of GigCapital5.

The Sponsor and GigCapital5's directors and officers will not have Redemption Rights with respect to any shares of GigCapital5 Common Stock owned by them, directly or indirectly in connection with the proposed Business Combination.

Public Stockholders may seek to redeem their shares of GigCapital5 Common Stock for cash, regardless of whether they vote for or against, or abstain from voting on, the Business Combination Proposal. Holders may demand redemption by delivering their shares of GigCapital5 Common Stock, either physically or electronically using Continental Stock Transfer & Trust Company's DWAC System, to GigCapital5's transfer agent no later than the second business day preceding the vote on the Business Combination Proposal. If you hold the shares in street name, you will have to coordinate with your broker to have your shares certificated or delivered electronically. Certificates that have not been tendered (either physically or electronically) in accordance with these procedures will not be redeemed for cash. There is a nominal cost associated with this tendering process and the act of certificating the shares or delivering them through the DWAC system. The transfer agent will typically charge the tendering broker \$125.00 and it would be up to the broker whether or not to pass this cost on to the redeeming stockholder. In the event that the proposed Business Combination is not consummated this may result in an additional cost to stockholders for the return of their shares.

Any request to redeem such shares, once made, may be withdrawn at any time up to the vote on the Business Combination Proposal. Furthermore, if a holder of a Public Share delivered a certificate in connection with an election of the holder's redemption and subsequently decides prior to the applicable date not to elect to exercise such rights, the holder may simply request that the transfer agent return the certificate (physically or electronically).

If the proposed Business Combination is not approved or completed for any reason, then Public Stockholders who elected to exercise their Redemption Rights will not be entitled to redeem their shares for a pro rata portion of the Trust Account, as applicable. In such case, GigCapital5 will promptly return any shares delivered by Public Stockholders.

The closing price of GigCapital5 Common Stock on [●], 2023, was \$[●]. The cash held in the Trust Account on such date was approximately \$[●] million (\$[●] per Public Share). Prior to exercising Redemption Rights,

stockholders should verify the market price of GigCapital5 Common Stock as they may receive higher proceeds from the sale of their shares of GigCapital5 Common Stock in the public market than from exercising their Redemption Rights if the market price per share is higher than the redemption price. GigCapital5 cannot assure its stockholders that they will be able to sell their shares of GigCapital5 Common Stock in the open market, even if the market price per share is higher than the redemption price stated above, as there may not be sufficient liquidity in its securities when its stockholders wish to sell their shares.

If a holder of Public Shares exercises its Redemption Rights, then it will be exchanging its shares of GigCapital5 Common Stock for cash and will no longer own those shares. You will be entitled to receive cash for your shares of GigCapital5 Common Stock only if you properly demand redemption no later than the second business day preceding the vote on the Business Combination Proposal by delivering your stock certificate (either physically or electronically) to GigCapital5's transfer agent prior to the vote at the Stockholders' Meeting, and the proposed Business Combination is consummated.

A GigCapital5 stockholder holding both Public Shares and Warrants may redeem its Public Shares but retain the Warrants, which, if the Business Combination closes, will become warrants of the Combined Company. If redemption occurs at an assumed \$[●] per share in which [●] Public Shares are redeemed, such redeeming public stockholders will retain an aggregate of [●] detachable redeemable warrants, which have an aggregate value of approximately \$[●] based on the closing price of our detachable redeemable warrants on OTC of \$[●] on [●], 2023.

Appraisal Rights

No stockholders, unitholders, or warrant holders of GigCapital5 will have appraisal rights in connection the proposed Business Combination.

Under the DGCL, however, holders of QT Imaging Common Stock may be entitled to appraisal rights in connection with the proposed Business Combination. QT Imaging stockholders who neither vote in favor of nor consent in writing to the Merger and who otherwise comply with Section 262 and other applicable provisions of the DGCL will be entitled to exercise appraisal rights to seek appraisal of the fair value of their shares of QT Imaging Common Stock, as determined by the Court of Chancery, if the Merger is completed. The "fair value" of such dissenting shares of QT Imaging Common Stock as determined by the Court of Chancery may be more or less than, or the same as, the value of the consideration that such stockholder would otherwise be entitled to receive under the Business Combination Agreement. Any QT Imaging stockholder who wishes to preserve appraisal rights must so advise QT Imaging by submitting a demand for appraisal within the period prescribed by Section 262 of the DGCL after receiving a notice from QT Imaging or GigCapital5 that appraisal rights are available, and must otherwise precisely follow the procedures prescribed by Section 262 of the DGCL. Any shares of QT Imaging Common Stock held by such QT Imaging stockholder immediately prior to the Effective Time who shall have properly demanded appraisal for his, her or its shares in accordance with the DGCL will not be converted into the merger consideration, unless such QT Imaging stockholder fails to perfect, withdraws, or otherwise loses his, her or its right to appraisal and payment under the DGCL. If such QT Imaging stockholder fails to perfect, withdraws or otherwise loses his, her or its appraisal rights, each share of QT Imaging Common Stock held by such QT Imaging stockholder will be deemed to have been converted as of the Effective Time into a right to receive the merger consideration. Failure to follow any of the statutory procedures set forth in Section 262 of the DGCL will result in the loss or waiver of appraisal rights under Delaware law. In view of the complexity of Section 262 of the DGCL, QT Imaging stockholders who may wish to pursue appraisal rights should consult their legal and financial advisors.

Proxy Solicitation Costs

GigCapital5 is soliciting proxies on behalf of the GigCapital5 Board. This solicitation is being made by mail, but GigCapital5, and its directors, officers and employees may also solicit proxies in person, by telephone or by other electronic means.

GigCapital5 will bear the entire cost of the proxy solicitation, including the preparation, assembly, printing, mailing and distribution of the proxy materials. GigCapital5 anticipates it will pay Morrow Sodali a fee of \$25,000, plus disbursements, reimburse Morrow Sodali for its reasonable out-of-pocket expenses and indemnify Morrow Sodali and its affiliates against certain claims, liabilities, losses, damages and expenses for their services as our proxy solicitor. GigCapital5 will reimburse brokerage firms and other custodians for their reasonable out-of-pocket expenses for forwarding the proxy materials to our stockholders. Directors, officers and employees of GigCapital5 who solicit proxies will not be paid any additional compensation for soliciting proxies. GigCapital5 will ask banks, brokers and other institutions, nominees, and fiduciaries to forward the proxy materials to their principals and to obtain their authority to execute proxies and voting instructions. GigCapital5 will reimburse such persons for their reasonable expenses.

Founder Shares

As of December 4, 2023, the Record Date, the Sponsor was entitled to vote the GigCapital5 Voting Shares. Such shares currently constitute approximately 75.4% of the outstanding shares of GigCapital5 Common Stock. The Sponsor has agreed to vote all its shares of GigCapital5 Common Stock in favor of each of the Proposals presented at the Stockholders' Meeting, which is a sufficient amount to approve all of the Proposals. The GigCapital5 Voting Shares have no right to participate in any redemption distribution and will be worthless if no business combination is effected by GigCapital5.

Upon consummation of the proposed Business Combination, under the Insider Letter Agreement, the GigCapital5 Voting Shares held by the Sponsor will be subject to certain lock-up restrictions. See "*Certain Relationships And Related Party Transactions -Insider Letter Agreement.*"

Purchases of Shares of GigCapital5 Common Stock

At any time prior to the Stockholders' Meeting, during a period when they are not then aware of any material non-public information regarding GigCapital5 or its securities, the Sponsor, QT Imaging and/or their respective affiliates may purchase shares from institutional and other investors who vote, or indicate an intention to vote, against the Business Combination Proposal, or execute agreements to purchase shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire shares of GigCapital5 Common Stock or vote their shares in favor of the Business Combination Proposal. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements to consummate the proposed Business Combination where it appears that such requirements would otherwise not be met. While the exact nature of any such incentives has not been determined as of the date of this proxy statement/prospectus, they might include, without limitation, arrangements to protect such investors or holders against potential loss in value of their shares of GigCapital5 Common Stock, including the granting of put options and, with QT Imaging's consent, the transfer to such investors or holders of shares of GigCapital5 Common Stock or warrants owned by the Sponsor for nominal value.

Entering into any such arrangements may have a depressive effect on the price of shares of GigCapital5 Common Stock. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than the market price and may therefore be more likely to sell the shares of GigCapital5 Common Stock the holder owns prior to or immediately after the Stockholders' Meeting.

If such transactions are affected, the consequence could be to cause the proposed Business Combination to be approved in circumstances where such approval could not otherwise be obtained. Purchases of shares of GigCapital5 Common Stock by the persons described above would allow them to exert more influence over the approval of the Business Combination Proposal and other proposals and would likely increase the chances that such proposals would be approved.

[Table of Contents](#)

No agreements dealing with the above arrangements or purchases have been entered into as of the date of this proxy statement/prospectus by the Sponsor, QT Imaging, or any of their respective affiliates. GigCapital5 will file a Current Report on Form 8-K to disclose any such arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the Business Combination Proposal or the satisfaction of any closing conditions. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

PROPOSAL NO. 1-THE BUSINESS COMBINATION PROPOSAL

Overview

Holders of GigCapital5 Common Stock are being asked to approve the Business Combination Agreement and the transactions contemplated thereby, including the Merger. GigCapital5 stockholders should carefully read this proxy statement/prospectus in its entirety for more detailed information concerning the Business Combination Agreement, which is attached as *Annex A* to this proxy statement/prospectus. Please see “*The Business Combination*” and “*The Business Combination Agreement*” for additional information regarding the proposed Business Combination and a summary of certain terms of the Business Combination Agreement. You are urged to carefully read the Business Combination Agreement in its entirety before voting on this proposal.

Vote Required for Approval

This Business Combination Proposal (and consequently, the Business Combination Agreement and the transactions contemplated thereby, including the Merger) will be adopted and approved only if at least a majority of the votes cast by the stockholders present in person (including by presence at a virtual meeting) or represented by proxy at the Stockholders’ Meeting vote “**FOR**” the Business Combination Proposal.

Failure to vote by proxy or to vote in person (including by presence at a virtual meeting) at the Stockholders’ Meeting, abstentions and broker non-votes will have no effect on the Business Combination Proposal.

The proposed Business Combination is conditioned upon the approval of the Business Combination Proposal, subject to the terms of the Business Combination Agreement. If the Business Combination Proposal is not approved, the other proposals (except the Adjournment Proposal, as described below) will not be presented to the stockholders for a vote.

The Sponsor has agreed to vote its GigCapital5 Voting Shares in favor of the Business Combination Proposal. See “*Other Agreements-Sponsor Support Agreement*” for more information.

Recommendation of the GigCapital5 Board

THE GIGCAPITAL5 BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE GIGCAPITAL5 STOCKHOLDERS VOTE “FOR” THE APPROVAL OF THE BUSINESS COMBINATION PROPOSAL.

PROPOSAL NO. 2-THE BOARD CLASSIFICATION CHARTER PROPOSAL

Overview

Assuming the Business Combination Proposal is approved, our stockholders are also being asked to approve the classification of the Board. The Existing Charter does not currently contemplate classification of directors.

In connection with the proposed Business Combination, our board of directors will be reconstituted and initially comprised of seven directors who will be voted upon by the stockholders at the Stockholders' Meeting. Our board of directors believes it is in the best interests of GigCapital5 for the board of directors to be classified into three classes, each comprising as nearly as possible one-third of the directors to serve three-year terms *provided* that the term of the initial Class I Directors shall expire at the annual meeting of the stockholders of GigCapital5 held in 2024, the term of the initial Class II Directors shall expire at the annual meeting of the stockholders of GigCapital5 held in 2025 and the term of the initial Class III Directors shall expire at the annual meeting of the stockholders of GigCapital5 held in 2026.

Furthermore, any vacancies which occur during the year may be filled by the board of directors to serve for the unexpired term of his or her predecessor in office, and a director chosen to fill a position resulting from an increase in the number of directors shall hold office for the remainder of the full term of the class of directors in which the vacancy occurred and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal.

Reasons for the Amendments

The classification of directors is intended to encourage experience and leadership stability on the board of directors of the post-combination company. Our board of directors believes that providing for a classified board of directors will ensure desirable continuity in leadership and policy following the proposed Business Combination.

Comparison of the Existing Charter to the Proposed Charter

The following table sets forth a summary of the change proposed to be made between the Existing Charter and the Proposed Charter. This summary is qualified by reference to the complete text of the Proposed Charter, a copy of which is attached to this proxy statement as *Annex B*. All stockholders are encouraged to read the Proposed Charter in its entirety for a more complete description of its terms. Capitalized terms used in the summary set forth in the table below have the meaning set forth in Existing Charter and the Proposed Charter, as applicable.

Section 5.4 shall be amended to allow for removal of a director only for cause.

Vote Required for Approval

If the Business Combination Proposal is not approved, the Board Classification Charter Proposal will not be presented at the Stockholders' Meeting. The Board Classification Charter Proposal will be approved and adopted only if: the holders of a majority of the then outstanding shares of GigCapital5 Common Stock, voting separately as a single class voting as a single class, vote "**FOR**" the Board Classification Charter Proposal.

Failure to vote by proxy or to vote in person (including by presence at a virtual meeting) at the Stockholders' Meeting, abstentions and broker non-votes will have the same effect as a vote "**AGAINST**" the Board Classification Charter Proposal. The proposed Business Combination is conditioned upon the approval of the Board Classification Charter Proposal, subject to the terms of the Business Combination Agreement. Notwithstanding the approval of the Board Classification Charter Proposal, if the proposed Business Combination is not consummated for any reason, the actions contemplated by the Board Classification Charter Proposal will not be effected.

The Sponsor has agreed to vote its GigCapital5 Voting Shares in favor of the Board Classification Charter Proposal. See "*Other Agreements-Sponsor Support Agreement*" for more information.

Recommendation of the GigCapital5 Board of Directors

THE GIGCAPITAL5 BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE GIGCAPITAL5 STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE BOARD CLASSIFICATION CHARTER PROPOSAL.

PROPOSAL NO. 3-THE ADDITIONAL CHARTER AMENDMENTS IN CONNECTION WITH THE BUSINESS COMBINATION PROPOSAL

CHARTER PROPOSAL A - APPROVAL OF AUTHORIZATION OF CHANGE TO AUTHORIZED CAPITAL STOCK, AS SET FORTH IN THE PROPOSED ORGANIZATIONAL DOCUMENTS

Overview

Holders of GigCapital5 Common Stock are being asked to authorize the change in the authorized share capital of GigCapital5 from (i) 100,000,000 shares of common stock and (ii) 1,000,000 shares of preferred stock, to 510,000,000 total shares, consisting of (X) 500,000,000 shares of common stock, and (Y) 10,000,000 shares of preferred stock.

As of the date of this proxy statement/prospectus, there are (i) 8,659,978 shares of GigCapital5 Common Stock issued and outstanding, and (ii) no GigCapital5 preferred shares issued and outstanding. In addition, as of the date of this proxy statement/prospectus, there is an aggregate of 23,795,000 GigCapital5 warrants issued and outstanding. Subject to the terms and conditions of the Warrant Agreement, following the consummation of the proposed Business Combination, each GigCapital5 warrant will be exercisable for one share of GigCapital5 Common Stock at an exercise price of \$11.50 per share.

Additionally, pursuant to the Yorkville Financing, the Combined Company may from time to time issue up to \$50,000,000 Combined Company Common Stock to Yorkville over a 36-month period following the Closing.

In order to ensure that the Combined Company has sufficient authorized capital for future issuances, the GigCapital5 Board has approved, subject to stockholder approval, that the Proposed Charter of the Combined Company change the authorized capital stock of GigCapital5 from (i) 100,000,000 shares of common stock, and (ii) 1,000,000 shares of preferred stock, to 510,000,000 total shares, consisting of (X) 500,000,000 shares of common stock, and (Y) 10,000,000 shares of preferred stock.

This summary is qualified by reference to the complete text of the Proposed Charter of the Combined Company, a copy of which is attached to this proxy statement/prospectus as *Annex B*. All stockholders are encouraged to read the Proposed Charter in its entirety for a more complete description of its terms.

Reasons for the Amendments

The Proposed Charter also increases the authorized number of shares because the GigCapital5 Board believes that it is important for us to have available for issuance a number of authorized shares of common stock and preferred stock sufficient to support our growth and to provide flexibility for future corporate needs (including, if needed, as part of financing for future growth acquisitions). In addition, the increase in the total number of authorized shares provides the Combined Company adequate authorized capital to provide flexibility for future issuances of the Combined Company Common Stock if determined by the Combined Company Board to be in the best interests of the Combined Company, without incurring the risk, delay and potential expense incident to obtaining stockholder approval for a particular issuance. Although there is no present intention to issue any shares beyond those contemplated by the proposed Business Combination, the Yorkville Financing, the 2022 Equity Incentive Plan, or otherwise in the ordinary course of business, the additional authorized shares of the Combined Company Common Stock would be issuable for any proper corporate purpose, including, without limitation, stock splits, stock dividends, future acquisitions, investment opportunities, capital raising transactions of equity or convertible debt securities, issuances under current or future equity compensation plans or for other corporate purposes. The Combined Company's authorized but unissued shares of the Combined Company Common Stock and preferred stock will be available for future issuances without stockholder approval (except to the extent otherwise required by law or Nasdaq rules) and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans.

Vote Required for Approval

If the Business Combination Proposal is not approved, Charter Proposal A will not be presented at the Stockholders' Meeting. Charter Proposal A will be approved and adopted only if: the holders of a majority of the then outstanding shares of GigCapital5 Common Stock, voting as a single class, vote "FOR" Charter Proposal A.

Failure to vote by proxy or to vote in person (including by presence at a virtual meeting) at the Stockholders' Meeting, abstentions and broker non-votes will have the same effect as a vote "AGAINST" Charter Proposal A.

The proposed Business Combination is conditioned upon the approval of Charter Proposal A, subject to the terms of the Business Combination Agreement. Notwithstanding the approval of Charter Proposal A, if the proposed Business Combination is not consummated for any reason, the actions contemplated by Charter Proposal A will not be effected. The GigCapital5 Board shall abandon Charter Proposal A in the event the proposed Business Combination is not consummated.

A copy of the Proposed Charter, as will be in effect assuming approval of this Charter Proposal A and Charter Proposal B as set forth below and upon consummation of the proposed Business Combination and filing with the Secretary of State of the State of Delaware, is attached to this proxy statement/prospectus as *Annex B*.

The Sponsor has agreed to vote its GigCapital5 Voting Shares in favor of Charter Proposal A. See *Other Agreements-Sponsor Support Agreement* for more information.

Recommendation of the GigCapital5 Board

THE GIGCAPITAL5 BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE GIGCAPITAL5 STOCKHOLDERS VOTE "FOR" THE APPROVAL OF CHARTER PROPOSAL A.

CHARTER PROPOSAL B - APPROVAL OF OTHER CHANGES IN CONNECTION WITH ADOPTION OF THE PROPOSED ORGANIZATIONAL DOCUMENTS

Overview

Holders of GigCapital5 Common Stock are being asked to authorize all other changes to the Existing Charter included in the Proposed Charter in connection with the consummation of the proposed Business Combination (copies of which are attached to this proxy statement/prospectus as *Annex B*), including (1) changing the corporate name from "GigCapital5, Inc." to "QT Imaging Holdings, Inc.," (2) making QT Imaging's corporate existence perpetual and (3) removing certain provisions related to GigCapital5's status as a blank check company that will no longer be applicable upon consummation of the proposed Business Combination.

Assuming the Business Combination Proposal is approved, our stockholders are also being asked to approve Charter Proposal B, which is, in the judgment of our board of directors, necessary to adequately address the needs of the Combined Company after the proposed Business Combination.

The Proposed Charter does not contain provisions related to a blank check company (including those related to operation of the Trust Account, winding up of GigCapital5's operations should GigCapital5 not complete a business combination by a specified date, and other such blank check-specific provisions as are present in the Existing Charter) because following the consummation of the Merger, the Combined Company will not be a blank check company.

While certain material changes between the Existing Charter and the Proposed Charter have been unbundled into distinct charter proposals or otherwise identified in this Charter Proposal B, there are other differences between the Existing Charter and Proposed Charter that will be approved (subject to the approval of the aforementioned related proposals and consummation of the proposed Business Combination) if our stockholders

approve this Charter Proposal B. Accordingly, we encourage stockholders to carefully review the terms of the Proposed Charter of the Combined Company, attached hereto as *Annex B* as well as the information provided in the “*Comparison of Stockholders’ Rights*” section of this proxy statement/prospectus.

Reasons for the Amendments

Corporate Name

Our board of directors believes that changing the post-business combination corporate name from “GigCapital5, Inc.” to “QT Imaging Holdings, Inc.” is desirable to reflect the proposed Business Combination with QT Imaging and to clearly identify QT Imaging, Inc. as the publicly traded entity.

Perpetual Existence

Our board of directors believes that making the Combined Company’s corporate existence perpetual is desirable to reflect the proposed Business Combination. Additionally, perpetual existence is the usual period of existence for public corporations, and our board of directors believes that it is the most appropriate period for the Combined Company following the Business Combination.

Provisions Related to Status as Blank Check Company

The elimination of certain provisions related to GigCapital5’s status as a blank check company is desirable because these provisions will serve no purpose following the proposed Business Combination. For example, the Proposed Charter does not include the requirement to dissolve the Combined Company and allows it to continue as a corporate entity with perpetual existence following consummation of the proposed Business Combination. Perpetual existence is the usual period of existence for public corporations, and GigCapital5’s board of directors believes it is the most appropriate period for QT Imaging following the proposed Business Combination. In addition, certain other provisions in GigCapital5’s Existing Charter requires that proceeds from GigCapital5’s initial public offering be held in the Trust Account until a business combination or liquidation of GigCapital5 has occurred. These provisions cease to apply once the proposed Business Combination is consummated and are therefore not included in the Proposed Charter.

Vote Required for Approval

If the Business Combination Proposal is not approved, Charter Proposal B will not be presented at the Stockholders’ Meeting. The Additional Charter Amendments in Connection with the Business Combination Proposal will be approved and adopted only if: the holders of a majority of the then outstanding shares of GigCapital5 Common Stock, voting separately as a single class voting as a single class, vote “**FOR**” Charter Proposal B.

Failure to vote by proxy or to vote in person (including by presence at a virtual meeting) at the Stockholders’ Meeting, abstentions and broker non-votes will have the same effect as a vote “**AGAINST**” Charter Proposal B.

The proposed Business Combination is conditioned upon the approval of Charter Proposal B, subject to the terms of the Business Combination Agreement. Notwithstanding the approval of Charter Proposal B, if the proposed Business Combination is not consummated for any reason, the actions contemplated by Charter Proposal B will not be effected. The GigCapital5 Board shall abandon Charter Proposal B in the event the proposed Business Combination is not consummated.

A copy of the Proposed Charter, as will be in effect assuming approval of Charter Proposal A and Charter Proposal B set forth above and upon consummation of the proposed Business Combination and filing with the Secretary of State of the State of Delaware, is attached to this proxy statement/prospectus as *Annex B*.

The Sponsor has agreed to vote its GigCapital5 Voting Shares in favor of Charter Proposal B. See “*Other Agreements-Sponsor Support Agreement*” for more information.

PROPOSAL NO. 4-THE DIRECTOR ELECTION PROPOSAL

Overview

Assuming the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Nasdaq Proposal, and the Equity Incentive Plan Proposal are approved at the Stockholders' Meeting, stockholders are being asked to elect seven directors to the Combined Company Board, effective upon the Closing, with each Class I director having a term that expires at the Combined Company's first annual meeting of stockholders following the effectiveness of the Proposed Charter, each Class II director having a term that expires at the Combined Company's second annual meeting of stockholders following the effectiveness of the Proposed Charter and each Class III director having a term that expires at the Combined Company's third annual meeting of stockholders following the effectiveness of the Proposed Charter, or, in each case, until their respective successors are duly elected and qualified, or until their earlier resignation, removal or death. The election of these directors is contingent upon approval of the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Nasdaq Proposal, and the Equity Incentive Plan Proposal.

The GigCapital5 Board has nominated Ross Taylor and Daniel Dickson to serve as the Class I directors, Gerald McMorrow, Dr. Avi S. Katz and Professor Zeev Weiner to serve as the Class II directors and Dr. John Klock and Dr. Raluca Dinu to serve as the Class III directors. See "*Management of the Combined Company Following the Business Combination*" for more information.

Vote Required for Approval

If a quorum is present, directors are elected by a plurality of the votes cast by the holders of GigCapital5 Common Stock present in person (including by presence at a virtual meeting) or represented by proxy at the Stockholders' Meeting. This means that the seven director nominees who receive the most affirmative votes from such stockholders will be elected. Votes marked "FOR" a nominee will be counted in favor of that nominee. Proxies will have full discretion to cast votes for other persons in the event any nominee is unable to serve. Failure to vote by proxy or to vote in person (including by presence at a virtual meeting) at the Stockholders' Meeting, abstentions and broker non-votes will have no effect on the vote.

The proposed Business Combination is conditioned upon the approval of the Director Election Proposal. Notwithstanding the approval of each of the seven director nominees to the Combined Company Board as a result of the Director Election Proposal, if the proposed Business Combination is not consummated for any reason, the actions contemplated by the Director Election Proposal will not be effected.

The Sponsor has agreed to vote its GigCapital5 Voting Shares in favor of the Director Election Proposal. See "*Other Agreements-Sponsor Support Agreement*" for more information.

PROPOSAL NO. 5-THE NASDAQ PROPOSAL

Overview

Immediately prior to and in connection with the proposed Business Combination, we intend to effect (subject to customary terms and conditions, including the Closing) the issuance and/or sale of: (i) up to 14,977,442 shares of GigCapital5 Common Stock in the aggregate to the holders of QT Imaging Equity Securities pursuant to the Business Combination Agreement and as the Aggregate Excess QT Imaging Transaction Shares and (ii) the issuance of an aggregate of up to \$50,000,000 Combined Company Common Stock from time to time to Yorkville over a 36-month period following the Closing pursuant to the Yorkville Financing.

For more information, see the full text of the Business Combination Agreement, a copy of which is attached as *Annex A*. The discussion herein is qualified in its entirety by reference to such documents.

Why GigCapital5 Needs Stockholder Approval for Purposes of Nasdaq Listing Rule 5635

Under Nasdaq Listing Rule 5635(a), stockholder approval is required prior to the issuance of securities in connection with the acquisition of another company if such securities are not issued in a public offering and: (i) have, or will have upon issuance, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of such securities (or securities convertible into or exercisable for common stock); or (ii) the number of shares of common stock to be issued is or will be equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance of the stock or securities.

Under Nasdaq Listing Rule 5635(b), stockholder approval is required prior to the issuance of securities when the issuance or potential issuance will result in a "change of control" of the registrant. Although Nasdaq has not adopted any rule on what constitutes a "change of control" for purposes of Rule 5635(b), Nasdaq has previously indicated that the acquisition of, or right to acquire, by a single investor or affiliated investor group, as little as 20% of the common stock (or securities convertible into or exercisable for common stock) or voting power of an issuer could constitute a change of control.

Under Nasdaq Listing Rule 5635(d), stockholder approval is required for a transaction other than a public offering involving the sale, issuance or potential issuance by an issuer of common stock (or securities convertible into or exercisable for common stock) at a price that is less than the greater of book or market value of the stock if the number of shares of common stock to be issued is or may be equal to 20% or more of the common stock, or 20% or more of the voting power, outstanding before the issuance.

As described above, upon the consummation of the proposed Business Combination, we expect to issue (1) up to 14,977,442 shares of GigCapital5 Common Stock in the aggregate to the holders of QT Imaging Equity Securities in accordance with the terms and subject to the conditions of the Business Combination Agreement and as the Aggregate Excess QT Imaging Transaction Shares. Accordingly, the aggregate number of shares of GigCapital5 Common Stock that we will issue in connection with the proposed Business Combination and the transactions contemplated by the Yorkville Financing will exceed 20% of both the voting power and the number of shares of GigCapital5 Common Stock outstanding before such issuance, and for this reason, we are seeking the approval of our stockholders for the issuance of shares of the GigCapital5 Common Stock pursuant to the Business Combination Agreement and the Yorkville Financing.

The issuances of shares of GigCapital5 Common Stock described above could result in a change of control of the GigCapital5. Accordingly, GigCapital5 is seeking the approval of its stockholders for such issuances.

In the event that this proposal is not approved by GigCapital5 stockholders, the proposed Business Combination and the transactions contemplated by the Yorkville Financing cannot be consummated. In the event that this proposal is approved by GigCapital5 stockholders, but the Business Combination Agreement is

terminated (without the proposed Business Combination being consummated) prior to the issuance of shares of GigCapital5 Common Stock pursuant to the Business Combination Agreement or the Yorkville Financing. Investment, such shares of GigCapital5 Common Stock will not be issued.

As described above, GigCapital5 will, in connection with the proposed Business Combination, issue shares of GigCapital5 Common Stock to QT Imaging stockholders upon consummation of the proposed Business Combination.

Stockholder approval of the Nasdaq Proposal is a condition to the Closing under the Business Combination Agreement.

Vote Required for Approval

If the Business Combination Proposal is not approved, the Nasdaq Proposal will not be presented at the Stockholders' Meeting. The approval of the Nasdaq Proposal requires the affirmative vote of a majority of the votes cast by the stockholders present in person (including by presence at a virtual meeting) or represented by proxy at the Stockholders' Meeting. Failure to submit a proxy or to vote in person (including by presence at a virtual meeting) at the Stockholders' Meeting, abstentions, and broker non-votes will have no effect on the Nasdaq Proposal.

The proposed Business Combination is conditioned upon the approval of the Nasdaq Proposal, subject to the terms of the Business Combination Agreement. Notwithstanding the approval of the Nasdaq Proposal, if the proposed Business Combination is not consummated for any reason, the actions contemplated by the Nasdaq Proposal will not be effected.

The Sponsor has agreed to vote its GigCapital5 Voting Shares in favor of the Nasdaq Proposal. See *"Other Agreements-Sponsor Support Agreement"* for more information.

Recommendation of the GigCapital5 Board

THE GIGCAPITAL5 BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE GIGCAPITAL5 STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE NASDAQ PROPOSAL.

PROPOSAL NO. 6-THE EQUITY INCENTIVE PLAN PROPOSAL

Overview

We are seeking stockholder approval for the QT Imaging, Inc. Equity Incentive Plan. The Equity Incentive Plan is being adopted in connection with the Business Combination Agreement and will become effective upon the Closing. The QT Imaging Option Plan will expire as of the effective date of the proposed Business Combination and no awards will be granted under the QT Imaging Option Plan following its termination. The Equity Incentive Plan, if approved by stockholders, will allow the Combined Company to provide equity awards as part of the Combined Company's compensation program, an important tool for motivating, attracting and retaining talented employees and for providing incentives that promote the Company's business and increased stockholder value. Non-approval of the Equity Incentive Plan will compel the Combined Company to significantly increase the cash component of employee compensation following the Closing to continue to attract and retain highly talented personnel because the Combined Company would need to replace components of compensation QT Imaging previously delivered in equity awards, which would therefore reduce the Combined Company's operating cash flow.

Both of the boards of directors of GigCapital5 and QT Imaging believe that long-term incentive compensation programs help align more closely the interests of management, employees and stockholders to create long-term stockholder value. Equity plans such as the Equity Incentive Plan will increase the Combined Company's ability to achieve this objective and, by allowing for several different forms of long-term incentive awards, will help the Combined Company to recruit, reward, motivate, and retain talented personnel. Both of the boards of directors of GigCapital5 and QT Imaging believe that the approval of the Equity Incentive Plan is essential to the Combined Company's continued success, and in particular, the Combined Company's ability to attract and retain outstanding and highly skilled individuals in the extremely competitive labor markets in which the Combined Company will compete. Such awards also are crucial to the Combined Company's ability to motivate employees to achieve its goals.

Certain Key Plan Provisions

- The Equity Incentive Plan will continue until terminated by the Combined Company Board or its compensation committee.
- The Equity Incentive Plan provides for the grant of Combined Company Options, both incentive stock options and nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units ("RSUs") and performance awards.
- A number of shares of the Combined Company Common Stock will be authorized for issuance pursuant to awards under the Equity Incentive Plan equal to 11% of the fully-diluted shares of the Combined Company Common Stock as of immediately after the Closing (rounded up to the nearest whole share), which will be a maximum of [●] shares of the Combined Company Common Stock.
- The Equity Incentive Plan provides for an automatic share reserve increase feature, whereby the share reserve will be increased automatically on the first day of each fiscal year beginning with the 2024 fiscal year, in an amount equal to the least of (i) 5% of the shares of the Combined Company Common Stock as of immediately after the Closing (rounded up to the nearest whole share), which will be a maximum of [●] shares, (ii) a number of shares equal to 5% of the total number of shares of all classes of the Combined Company Common Stock outstanding on the last day of the immediately preceding fiscal year, and (iii) a lesser number of shares as determined by the administrator of the Equity Incentive Plan. The automatic share reserve feature will cease immediately after the increase on the first day of the 2033 fiscal year.
- The Equity Incentive Plan will be administered by the Combined Company Board or, if designated by the Combined Company Board, the compensation committee of the Combined Company Board.

Summary of the Equity Incentive Plan

The following paragraphs provide a summary of the principal features of the Equity Incentive Plan and its operation. However, this summary is not a complete description of all of the provisions of the Equity Incentive Plan and is qualified in its entirety by the specific language of the Equity Incentive Plan. A copy of the Equity Incentive Plan is attached to this proxy statement/prospectus as *Annex G*.

Purposes of the Equity Incentive Plan

The purposes of the Equity Incentive Plan will be to attract and retain highly talented personnel; to provide additional incentive to eligible employees, directors, and consultants; and to promote the success of the Combined Company business. These incentives will be provided through the grant of Combined Company Options, stock appreciation rights, restricted stock, RSUs, and performance awards as the administrator of the Equity Incentive Plan may determine.

Eligibility

The Equity Incentive Plan permits the grant of incentive stock options, within the meaning of Section 422 of the Code, to the Combined Company's employees and any of its parent and subsidiary corporations' employees, and the grant of nonstatutory stock options, restricted stock, RSUs, stock appreciation rights and performance awards to employees, directors and consultants of the Combined Company and employees and consultants of any of its parents or subsidiaries. Following the Closing, we expect the Combined Company and its subsidiaries to have, collectively, six non-employee directors and approximately 30 employees (including employee directors).

Authorized Shares

Subject to the adjustment provisions contained in the Equity Incentive Plan and the evergreen provision described below, a total of 11% of the shares of the Combined Company Common Stock as of immediately after the Closing (rounded up to the nearest whole share), which will be a maximum of [●] shares of the Combined Company Common Stock will be reserved for issuance pursuant to the Equity Incentive Plan. The number of shares available for issuance under the Equity Incentive Plan also will include an annual increase, or the evergreen feature, on the first day of each of Combined Company's fiscal years, beginning with Combined Company's fiscal year 2023, equal to the least of:

- 5% of the shares of the Combined Company Common Stock as of immediately after the Closing (rounded up to the nearest whole share), which will be a maximum of [●] shares of the Combined Company Common Stock;
- a number of shares of the Combined Company Common Stock equal to 5% of the total number of shares of all classes of the Combined Company Common Stock outstanding as of the last day of the immediately preceding fiscal year; or
- such number of shares of the Combined Company Common Stock as the administrator of the Equity Incentive Plan may determine no later than the last day of Combined Company's immediately preceding fiscal year.

Shares issuable under the Equity Incentive Plan may be authorized, but unissued, or reacquired shares of the Combined Company Common Stock. If an award expires or becomes unexercisable without having been exercised in full, is surrendered pursuant to an exchange program (as described below), or, with respect to restricted stock, RSUs, or performance awards, is forfeited or repurchased due to failure to vest, the unpurchased shares (or for awards other than Combined Company Options or stock appreciation rights, the forfeited or repurchased shares) will become available for future grant or sale under the Equity Incentive Plan. With respect to stock appreciation rights, only the net shares actually issued will cease to be available under the Equity Incentive Plan and all remaining shares under stock appreciation rights will remain available for future grant or sale under the Equity Incentive Plan. Shares that actually have been issued under the Equity Incentive

Plan under any award will not be returned to the Equity Incentive Plan; except if shares issued pursuant to awards of restricted stock, RSUs, or performance awards are repurchased or forfeited due to failure to vest, such shares will become available for future grant under the Equity Incentive Plan. Shares used to pay the exercise price of an award or satisfy the tax liabilities or withholding obligations related to an award (which withholdings may be in amounts greater than the minimum statutory amount required to be withheld as determined by the administrator of the Equity Incentive Plan) will become available for future grant or sale under the Equity Incentive Plan. To the extent an award is paid out in cash rather than shares, such cash payment will not result in a reduction in the number of shares available for issuance under the Equity Incentive Plan.

If any dividend or other distribution (whether in cash, shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, reclassification, repurchase, or exchange of shares or other securities of Combined Company, or other change in the corporate structure of Combined Company affecting the shares (other than any ordinary dividends or other ordinary distributions), the administrator of the Equity Incentive Plan, to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Equity Incentive Plan, will adjust the number and class of shares that may be delivered under the Equity Incentive Plan; the number, class, and price of shares covered by each outstanding award; and the numerical share limits contained in the Equity Incentive Plan.

Plan Administration

The Combined Company Board or one or more committees appointed by the Combined Company Board will have authority to administer the Equity Incentive Plan. The compensation committee of the Combined Company Board initially will administer the Equity Incentive Plan. In addition, to the extent it is desirable to qualify transactions under the Equity Incentive Plan as exempt under Rule 16b-3 of the Exchange Act, such transactions will be structured to satisfy the requirements for exemption under Rule 16b-3. Subject to the provisions of the Equity Incentive Plan, the administrator has the power to administer the Equity Incentive Plan and make all determinations deemed necessary or advisable for administering the Equity Incentive Plan, including the power to determine the fair market value of the Combined Company Common Stock, select the service providers to whom awards may be granted, determine the number of shares or dollar amounts covered by each award, approve forms of award agreements for use under the Equity Incentive Plan, determine the terms and conditions of awards (including the exercise price, the time or times at which awards may be exercised, any vesting acceleration or waiver or forfeiture restrictions and any restriction or limitation regarding any award or the shares relating thereto), construe and interpret the terms of the Equity Incentive Plan and awards granted under it, prescribe, amend and rescind rules and regulations relating to the Equity Incentive Plan, including creating sub-plans, modify or amend each award, and allow a participant to defer the receipt of payment of cash or the delivery of shares that otherwise would be due to such participant under an award. The administrator also has the authority to allow participants the opportunity under an exchange program to transfer outstanding awards granted under the Equity Incentive Plan to a financial institution or other person or entity selected by the administrator, and to institute an exchange program by which outstanding awards granted under the Equity Incentive Plan may be surrendered or cancelled in exchange for awards of the same type, which may have a higher or lower exercise price and different terms, awards of a different type or cash, or by which the exercise price of an outstanding award granted under the Equity Incentive Plan is increased or reduced. The administrator's decisions, interpretations and other actions are final and binding on all participants and will be given the maximum deference permitted by applicable law.

Stock Options

Combined Company Options may be granted under the Equity Incentive Plan. The per share exercise price of options granted under the Equity Incentive Plan generally must be equal to at least 100% of the fair market value of a share of the Combined Company Common Stock on the date of grant. The term of an option may not exceed ten years. With respect to any participant who owns more than 10% of the voting power of all classes of Combined Company's (or any of its parent's or subsidiary's) outstanding stock, the term of an incentive stock

option granted to such participant must not exceed five years and the per share exercise price must equal at least 110% of the fair market value of a share of the Combined Company Common Stock on the grant date. The administrator will determine the methods of payment of the exercise price of an option, which may include cash, certain shares of the Combined Company Common Stock, cashless exercise, net exercise, as well as other types of consideration permitted by applicable law. After the cessation of service of an employee, director or consultant, he or she may exercise his or her option for the period of time stated in his or her option agreement. In the absence of a specified time in an award agreement, if such cessation is due to death or disability, the option will remain exercisable for six months. In all other cases, in the absence of a specified time in an award agreement, the option will remain exercisable for three months following the cessation of service. An option, however, may not be exercised later than the expiration of its term. Subject to the provisions of the Equity Incentive Plan, the administrator determines the terms of options. Until shares are issued under an option, the participant will not have any right to vote or receive dividends or have any other rights as a stockholder with respect to such shares, and no adjustment will be made for a dividend or other right for which the record date is before the date such shares are issued, except as provided in the Equity Incentive Plan, as summarized further above.

Stock Appreciation Rights

Stock appreciation rights may be granted under the Equity Incentive Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of the Combined Company Common Stock between the exercise date and the date of grant. The term of a stock appreciation right may not exceed ten years. After the cessation of service of an employee, director or consultant, he or she may exercise his or her stock appreciation right for the period of time stated in his or her stock appreciation rights agreement. In the absence of a specified time in an award agreement, if such cessation is due to death or disability, the stock appreciation rights will remain exercisable for six months following the cessation of service. In all other cases, in the absence of a specified time in an award agreement, the stock appreciation rights will remain exercisable for three months following the cessation of service. However, in no event may a stock appreciation right be exercised later than the expiration of its term. Subject to the provisions of the Equity Incentive Plan, the administrator determines the terms of stock appreciation rights, including when such rights become exercisable and whether to pay any increased appreciation in cash or with shares of the Combined Company Common Stock, or a combination of both, except that the per-share exercise price for the shares to be issued pursuant to the exercise of a stock appreciation right generally will be no less than 100% of the fair market value per share on the date of grant. Until shares are issued under a stock appreciation right, the participant will not have any right to vote or receive dividends or have any other rights as a stockholder with respect to such shares, and no adjustment will be made for a dividend or other right for which the record date is before the date such shares are issued, except as provided in the Equity Incentive Plan, as summarized further above.

Restricted Stock

Restricted stock may be granted under the Equity Incentive Plan. Restricted stock awards are grants of shares of the Combined Company Common Stock that may have vesting requirements under any such terms and conditions established by the administrator. The administrator will determine the number of shares of restricted stock granted to any employee, director or consultant and, subject to the provisions of the Equity Incentive Plan, will determine the terms and conditions of such awards. The administrator may impose whatever restrictions on transferability, forfeiture provisions or other restrictions or vesting conditions (if any) it determines to be appropriate (for example, the administrator may set restrictions based on the achievement of specific performance goals or continued service to us). The administrator, in its sole discretion, may accelerate the time at which any restrictions will lapse or be removed. The administrator may determine that an award of restricted stock will not be subject to any period of restriction and consideration for such award is paid for by past services rendered as a service provider. Recipients of restricted stock awards generally will have voting rights and rights to dividends and other distributions with respect to such shares upon grant, unless the administrator provides otherwise. If such dividends or distributions are paid in shares, the shares will be subject to the same restrictions

on transferability and forfeitability as the share of restricted stock with respect to which they were paid. Shares of restricted stock that do not vest are subject to the right of repurchase or forfeiture.

Restricted Stock Units

RSUs may be granted under the Equity Incentive Plan. Each RSU is a bookkeeping entry representing an amount equal to the fair market value of one share of the Combined Company Common Stock. Subject to the provisions of the Equity Incentive Plan, the administrator determines the terms and conditions of RSUs, including any vesting criteria and the form and timing of payment. The administrator may set vesting criteria based upon the achievement of company-wide, divisional, business unit, or individual goals (including continued employment or service), applicable federal or state securities laws or any other basis determined by the administrator in its discretion. The administrator, in its sole discretion, may pay earned RSUs in the form of cash, shares, or a combination of both. Notwithstanding the foregoing, the administrator, in its sole discretion, may accelerate the time at which any restrictions will lapse or be removed.

Performance Awards

Performance awards may be granted under the Equity Incentive Plan. Performance awards are awards that may be earned in whole or in part on the attainment of performance goals or other vesting criteria that the administrator may determine, and that may be denominated in cash or stock. Each performance award will have an initial value that is determined by the administrator. Subject to the terms and conditions of the Equity Incentive Plan, the administrator determines the terms and conditions of performance awards, including any vesting criteria and form and timing of payment. The administrator may set vesting criteria based upon the achievement of company-wide, divisional, business unit, or individual goals (including continued employment or service), applicable federal or state securities laws or any other basis determined by the administrator in its discretion. The administrator, in its sole discretion, may pay earned performance awards in the form of cash, shares, or a combination of both. Notwithstanding the foregoing, the administrator, in its sole discretion, may accelerate the time at which any restrictions will lapse or be removed.

Non-Employee Directors

All non-employee directors will be eligible to receive all types of awards (except for incentive stock options) under the Equity Incentive Plan. The Equity Incentive Plan provides that in any given fiscal year of the Combined Company, no outside director may be granted any equity awards (including equity awards under the Equity Incentive Plan) (the value of which will be based on their grant date fair value) and be provided any other compensation (including any cash retainers and fees) that in the aggregate exceed \$[750,000], provided that in the Combined Company fiscal year of the individual's initial service as a non-employee director, such amount is increased to \$[1,000,000]. For the purposes of this maximum limit provision, the grant date fair values of awards granted under the Equity Incentive Plan will be determined according to GAAP. Any awards or other compensation provided to an individual for his or her services as an employee or a consultant (other than an outside director), or before the Closing, will not count toward this limit. This maximum limit provision does not reflect the intended size of any potential grants or a commitment to make grants to the outside directors under the Equity Incentive Plan in the future.

Non-Transferability of Awards

Unless the administrator provides otherwise, the Equity Incentive Plan generally will not allow for the transfer of awards other than by will or the laws of descent and distribution, and only the recipient of an award may exercise an award during his or her lifetime. If the administrator makes an award transferable, such award will contain such additional terms and conditions as the administrator deems appropriate.

Dissolution or Liquidation

If there is a proposed liquidation or dissolution of the Combined Company, the administrator will notify participants at such time before the effective date of such event as the administrator determines and all awards, to the extent that they have not been previously exercised, will terminate immediately before the consummation of such event.

Merger or Change in Control

The Equity Incentive Plan provides that in the event of the Combined Company's merger or change in control, as defined in the Equity Incentive Plan, each outstanding award will be treated as the administrator determines, without a participant's consent. The administrator may provide that awards granted under the Equity Incentive Plan will be assumed or substituted by substantially equivalent awards, be terminated immediately before the merger or change in control, become vested and exercisable or payable and be terminated in connection with the merger or change in control, be terminated in exchange for cash or other property or any combination of the above. The administrator is not required to treat all awards, all awards held by a participant, all portions of awards, or all awards of the same type, similarly.

If a successor corporation does not so assume or substitute a substantially equivalent award for any outstanding award (or a portion of such award), then such award (or its applicable portion) will fully vest, all restrictions on such award (or its applicable portion) will lapse, all performance goals or other vesting criteria applicable to such award (or its applicable portion) will be deemed achieved at 100% of target levels and such award (or its applicable portion) will become fully exercisable, if applicable, for a specified period before the transaction, unless specifically provided otherwise under the applicable award agreement or other written agreement with the participant authorized by the administrator. The award (or its applicable portion) will then terminate upon the expiration of the specified period of time. If an option or stock appreciation right is not assumed or substituted, the administrator will notify the participant that such option or stock appreciation right will be exercisable for a period of time determined by the administrator in its sole discretion and the option or stock appreciation right will terminate upon the expiration of such period.

In addition, in the event of a change in control, awards granted to a non-employee director will fully vest, all restrictions on such awards will lapse, all performance goals or other vesting criteria applicable to such awards will be deemed achieved at 100% of target levels and such awards will become fully exercisable, if applicable, unless specifically provided otherwise under the applicable award agreement or other written agreement with the non-employee director authorized by the administrator.

Forfeiture and Clawback

Awards will be subject to any clawback policy we may adopt pursuant to the listing standards of any national securities exchange or association on which the Combined Company securities are listed or as is otherwise required by applicable laws. The administrator also may specify in an award agreement that the participant's rights, payments and benefits with respect to an award will be subject to reduction, cancellation, forfeiture, recoupment, reimbursement, or reacquisition upon the occurrence of certain specified events. The administrator may require a participant to forfeit or return to the Combined Company or reimburse the Combined Company for all or a portion of the award and any amounts paid under the award in order to comply with any clawback policy of the Combined Company as described in the first sentence of this paragraph or with applicable laws.

Amendment or Termination

The Equity Incentive Plan will become effective upon the latest to occur of (i) its adoption by the GigCapital5 Board, (ii) approval by GigCapital5 stockholders, or (iii) the time immediately prior to the Closing and will continue in effect until terminated by the administrator. However, no incentive stock options may be granted after the ten-year anniversary of the earlier of the adoption by the GigCapital5 Board or GigCapital5

stockholder approval of the Equity Incentive Plan, and the evergreen feature of the Equity Incentive Plan will terminate on the ten-year anniversary of the earlier of the GigCapital5 Board or GigCapital5 stockholder approval of the Equity Incentive Plan. In addition, the administrator will have the authority to amend, suspend, or terminate the Equity Incentive Plan or any part of the Equity Incentive Plan, at any time and for any reason, but such action generally may not materially impair the rights of any participant without his or her written consent.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the Equity Incentive Plan. The summary is based on existing U.S. laws and regulations as of the date of this proxy statement/prospectus, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be complete and does not discuss the tax consequences upon a participant's death, or the provisions of the income tax laws of any municipality, state or non-U.S. jurisdiction in which the participant may reside. As a result, tax consequences for any particular participant may vary based on individual circumstances.

Incentive Stock Options

A participant generally recognizes no taxable income for ordinary income tax purposes as a result of the grant or exercise of an option that qualifies as an incentive stock option under Section 422 of the Code. If a participant exercises the option and then later sells or otherwise disposes of the shares acquired through the exercise of the option after both the two-year anniversary of the date the option was granted and the one-year anniversary of the date of exercise of the option, the participant will recognize a capital gain or loss equal to the difference between the sale price of the shares and the exercise price.

However, if the participant disposes of such shares either on or before the two-year anniversary of the date of grant or on or before the one-year anniversary of the date of exercise of the option (a "disqualifying disposition"), any gain up to the excess of the fair market value of the shares on the date of exercise over the exercise price generally will be taxed as ordinary income, unless the shares are disposed of in a transaction in which the participant would not recognize a gain (such as a gift). Any gain in excess of that amount will be a capital gain. If a loss is recognized with respect to the share disposition, there will be no ordinary income, and such loss will be a capital loss.

For purposes of the alternative minimum tax, the difference between the option exercise price and the fair market value of the shares on the date of exercise of the option is treated as an adjustment item in computing the participant's alternative minimum taxable income in the year of exercise (unless the shares are disposed of in the same year as the option exercise). In addition, special alternative minimum tax rules may apply to certain subsequent disqualifying dispositions of the shares or provide certain basis adjustments or tax credits.

Nonstatutory Stock Options

A participant generally recognizes no taxable income for ordinary income tax purposes as a result of the grant of such an option. However, upon exercising the option, the participant generally recognizes ordinary income equal to the amount that the fair market value of the shares on such date exceeds the exercise price. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale or other disposition of the shares acquired by the exercise of a nonstatutory stock option, any gain or loss (based on the difference between the sale price and the fair market value on the exercise date) will be taxed as capital gain or loss.

Stock Appreciation Rights

In general, no taxable income for ordinary income tax purposes is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant generally will recognize ordinary income in an amount equal to the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock Awards

A participant acquiring shares of restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the vesting date. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The participant, pursuant to Section 83(b) of the Code, may elect to accelerate the ordinary income tax event to the date of acquisition of the shares by filing an election with the IRS generally no later than thirty days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

Restricted Stock Units and Performance Awards

There generally are no immediate tax consequences of receiving an award of RSUs or a performance award. A participant who is granted RSUs or performance awards generally will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such participant at the time of settlement of the award upon vesting. If the participant is an employee, generally such ordinary income is subject to income tax withholding and certain employment tax withholdings also would apply to the shares that vest. Any additional gain or loss recognized upon any later disposition of any shares received would be capital gain or loss.

Section 409A

Section 409A of the Code provides certain requirements for non-qualified deferred compensation arrangements with respect to an individual's deferral and distribution elections and permissible distribution events. Awards with a deferral feature granted under the Equity Incentive Plan to a participant subject to U.S. income tax will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

Medicare Surtax

In addition, a participant's annual "net investment income," as defined in Section 1411 of the Code, may be subject to a 3.8% U.S. federal surtax. Net investment income may include capital gain and/or loss arising from the disposition of shares of the Combined Company Common Stock issued pursuant to awards under the Equity Incentive Plan. Whether a participant's net investment income will be subject to this surtax will depend on the participant's level of annual income and other factors.

Tax Effect for the Combined Company

The Combined Company generally will be entitled to a tax deduction in connection with an award under the Equity Incentive Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option) except to the extent such deduction is limited by applicable provisions of the Code. Special rules limit the deductibility of compensation paid to the Combined Company chief executive officer and certain "covered employees" as determined under Section 162(m) of the Code and applicable guidance. Under Section 162(m) of the Code, the annual compensation paid to any of these specified individuals will be deductible only to the extent that it does not exceed \$1,000,000.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMBINED COMPANY WITH RESPECT TO AWARDS UNDER THE

EQUITY INCENTIVE PLAN. IT DOES NOT PURPORT TO BE COMPLETE AND DOES NOT DISCUSS THE IMPACT OF EMPLOYMENT OR OTHER TAX REQUIREMENTS, THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH, OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE, OR NON-U.S. JURISDICTION IN WHICH THE PARTICIPANT MAY RESIDE.

Number of Awards Granted to Employees, Consultants and Directors

The number of awards that an employee, director, or consultant may receive under the Equity Incentive Plan is in the discretion of the administrator and therefore cannot be determined in advance. GigCapital5 previously has not sponsored an equity incentive plan, and, therefore, the aggregate number of shares of the Combined Company Common Stock which would have been received by or allocated to the Combined Company named executive officers; executive officers, as a group, directors who are not executive officers, as a group, and all other current employees who are not executive officers, as a group is not determinable.

Vote Required for Approval

If the Business Combination Proposal is not approved, the Equity Incentive Plan Proposal will not be presented at the Stockholders' Meeting. The approval of the Equity Incentive Plan Proposal requires the affirmative vote of a majority of the votes cast by the stockholders present in person (including by presence at a virtual meeting) or represented by proxy at the Stockholders' Meeting. Failure to submit a proxy or to vote in person (including by presence at a virtual meeting) at the Stockholders' Meeting, abstentions, and broker non-votes will have no effect on the Equity Incentive Plan Proposal.

The proposed Business Combination is conditioned upon the approval of the Equity Incentive Plan Proposal, subject to the terms of the Business Combination Agreement. Notwithstanding the approval of the Equity Incentive Plan Proposal, if the proposed Business Combination is not consummated for any reason, the actions contemplated by the Equity Incentive Plan Proposal will not be effected.

The Sponsor has agreed to vote its GigCapital5 Voting Shares in favor of the Equity Incentive Plan Proposal. See *Other Agreements-Sponsor Support Agreement* for more information.

Recommendation of the GigCapital5 Board

THE GIGCAPITAL5 BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE GIGCAPITAL5 STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE EQUITY INCENTIVE PLAN PROPOSAL.

PROPOSAL NO. 7-THE ADJOURNMENT PROPOSAL

The Adjournment Proposal, if adopted, will allow the GigCapital5 Board to adjourn the Stockholders' Meeting to a later date or dates, if necessary, to permit further solicitation of proxies if, based upon the tabulated vote at the time of the Stockholders' Meeting, there are not sufficient votes to approve the Business Combination Proposal, the Board Classification Charter Proposal, the Additional Charter Amendments in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, and the Equity Incentive Plan Proposal. In no event will the GigCapital5 Board adjourn the Stockholders' Meeting or consummate the proposed Business Combination beyond the date by which it may properly do so under the Existing Charter and Delaware law.

Consequences if the Adjournment Proposal is not Approved

If the Adjournment Proposal is not approved by stockholders, the GigCapital5 Board may not be able to adjourn the Stockholders' Meeting to a later date in the event that there are insufficient votes for the approval of the Business Combination Proposal, the Additional Charter Amendment in Connection with the Business Combination Proposal, the Director Election Proposal, the Nasdaq Proposal, or the Equity Incentive Plan Proposal, or if GigCapital5 determines that one or more of the closing conditions under the Business Combination Agreement is not satisfied or waived. If GigCapital5 does not consummate the proposed Business Combination and fails to complete an initial business combination by March 28, 2023 (unless such date is subsequently extended by the stockholders of GigCapital5) (subject to the requirements of law), GigCapital5 will be required to dissolve and liquidate the Trust Account by returning the then remaining funds in such account to its Public Stockholders.

Vote Required for Approval

The approval of the Adjournment Proposal requires the affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy at the Stockholders' Meeting.

Failure to vote by proxy or to vote in person at the Stockholders' Meeting, abstentions and brokered votes will have no effect on the Adjournment Proposal.

The proposed Business Combination is not conditioned upon the approval of the Adjournment Proposal.

The Sponsor has agreed to vote its GigCapital5 Voting Shares in favor of the Adjournment Proposal, if presented. See *Other Agreements-Sponsor Support Agreement* for more information.

INFORMATION ABOUT GIGCAPITAL5

In this section “we,” “us,” “our” or the “Company” refer to GigCapital5 prior to the proposed Business Combination and to the Combined Company following the proposed Business Combination.

Introduction

We are a blank check company incorporated on January 19, 2021, as a Delaware corporation and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, or similar business combination with one or more businesses or entities. Our efforts to identify a prospective target business were focused on identifying businesses in the technology, media, and telecommunications, aerospace and defense, advanced medical equipment, intelligent automation and sustainable industries, although were not limited to a particular industry or geographic region. Prior to executing the Business Combination Agreement, our efforts were limited to organizational activities, completion of our initial public offering and the evaluation of possible business combinations. We have neither engaged in any operations nor generated any revenue to date. Based on our business activities, we are a “shell company” as defined under the Exchange Act because we have no operations and nominal assets consisting almost entirely of cash.

Company History

Prior to the GigCapital5 IPO, the Sponsor purchased 10,047,500 Founder Shares for an aggregate purchase price of \$25,000, or \$0.0024882 per share. However, 4,312,500 shares of GigCapital5 Common Stock issued to the Sponsor were subsequently forfeited. As a result, as of the Closing, 5,735,000 Founder Shares will be outstanding and held by the Sponsor. As a result of the Merger, the Founder Shares held by the Sponsor will be modified and remain restricted until the Closing. Prior to the initial investment in the Company of \$25,000 by our Sponsor, the Company had no assets, tangible or intangible. The per share price of the Founder Shares was determined by dividing the amount of cash contributed to the Company by the number of Founder Shares issued. The number of Founder Shares issued was determined based on the expectation that the Founder Shares would, in the aggregate, represent 20% of the outstanding shares of GigCapital5 Common Stock upon completion of the GigCapital5 IPO.

The registration statement for the GigCapital5 IPO was declared effective on September 23, 2021. On September 28, 2021, we consummated the GigCapital5 IPO of 23,000,000 GigCapital5 Units, including 3,000,000 GigCapital5 Units sold pursuant to the full exercise of the underwriters’ option to purchase additional units to cover over-allotments, with each GigCapital5 Unit consisting of one share of GigCapital5 Common Stock and one redeemable Warrant and the GigCapital5 Units being listed for trading on the NYSE. Each whole public Warrant entitles the holder thereof to purchase one share of GigCapital5 Common Stock at a price of \$11.50 per share, subject to certain adjustments. The GigCapital5 Units were sold at a price of \$10.00 per unit, generating gross proceeds to us of \$230,000,000.

Simultaneously with the consummation of the GigCapital5 IPO, we consummated a private placement of an aggregate of 795,000 Private Placement Units to the Sponsor at a price of \$10.00 per placement unit, generating total proceeds of \$7,950,000. Of the gross proceeds received from the GigCapital5 IPO and the Private Placement Warrants, \$232,300,000 was placed into the Trust Account.

On September 28, 2021, we announced that, commencing November 19, 2021, holders of the GigCapital5 Units may elect to separately trade the shares of GigCapital5 Common Stock and the Warrants included in the GigCapital5 Units. Those GigCapital5 Units not separated continued to trade at that time on the NYSE under the symbol “GIA.U” and the shares of GigCapital5 Common Stock and Warrants that were separated began trading under the symbols “GIA” and “GIA.W,” respectively. No fractional warrants were issued upon separation of the GigCapital5 Units and only whole warrants trade.

Redemption Rights for Holders of Public Shares

We are providing our Public Stockholders with the opportunity to redeem all or a portion of their Public Shares upon the completion of the proposed Business Combination at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account as of two business days prior to the Closing, including any Additional September 2022 Contributions and Additional March 2023 Contributions made prior to such time and interest earned on the funds held in the Trust Account (net of taxes payable by us), divided by the number of then-outstanding Public Shares, subject to the limitations described herein. The amount in the Trust Account as of [●] is anticipated to be \$[●] per Public Share. There will be no Redemption Rights upon the completion of the proposed Business Combination with respect to our warrants.

Limitation on Redemption Rights

Notwithstanding the foregoing Redemption Rights, if, in connection with seeking stockholder approval of the proposed Business Combination, we do not conduct redemptions in connection with the proposed Business Combination pursuant to the tender offer rules, our Existing Charter provides that a holder of the Public Shares, together with any affiliate of his or any other person with whom he, she or it is acting in concert or as a "group" (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from seeking Redemption Rights with respect to more than an aggregate of 15% of the Public Shares without our prior consent, which we refer to as the "15% threshold." Accordingly, all Public Shares in excess of the 15% threshold beneficially owned by a public stockholder or group will not be redeemed for cash. We believe this restriction will discourage stockholders from accumulating large blocks of shares and subsequent attempts by such holders to use their ability to exercise their Redemption Rights against the proposed Business Combination as a means to force us or our management to purchase their shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a Public Stockholder holding more than an aggregate of 15% of the Public Shares could threaten to exercise its Redemption Rights against the proposed Business Combination if such holder's shares are not purchased by us, our Sponsor or our management at a premium to the then-current market price or on other undesirable terms. By limiting our stockholders' ability to redeem no more than 15% of the Public Shares, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete a proposed Business Combination, particularly in connection with a business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we will not be restricting our stockholders' ability to vote all of their shares (including such shares in excess of the 15% threshold) for or against the proposed Business Combination.

Our Existing Charter also provides that in no event will we redeem shares of GigCapital5 Common Stock in an amount that would result in our failure to have net tangible assets of at least \$5,000,001 after giving effect to the redemptions of shares of GigCapital5 Common Stock by the Public Stockholders, including as of the time either immediately prior to or upon the Closing.

Submission of Proposed Business Combination to a Stockholder Vote

The Stockholders' Meeting of GigCapital5 stockholders to which this filing relates is to solicit your approval of the proposed Business Combination. Unlike many other blank check companies, Public Stockholders are not required to vote against the proposed Business Combination in order to exercise their Redemption Rights. If the proposed Business Combination is not completed, then Public Stockholders who elected to exercise their Redemption Rights will not be entitled to receive such payments. Our Sponsor has agreed to vote its Founder Shares and any Public Shares purchased during or after the GigCapital5 IPO in favor of approving the proposed Business Combination.

Permitted Purchases of Our Securities

If, in connection with seeking stockholder approval of the proposed Business Combination, we do not conduct redemptions in connection with the proposed Business Combination pursuant to the tender offer rules,

our Sponsor, directors, officers, advisors or their affiliates may purchase shares in privately negotiated transactions or in the open market either prior to or following the completion of the proposed Business Combination. Any such purchases will be conducted in accordance with relevant SEC guidelines. There is no limit on the number of shares our Sponsor, directors, officers, advisors or their affiliates may purchase in such transactions, subject to compliance with applicable law and Nasdaq rules. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. In the event that our Sponsor, directors, officers, advisors, or any of their affiliates determine to make any such purchases at the time of a stockholder vote relating to the approval of the Business Combination, such purchases could have the effect of influencing the vote necessary to approve such transaction. None of the funds in the Trust Account will be used to purchase shares in such transactions. If they engage in such transactions, they will be restricted from making any such purchases when they are in possession of any material non-public information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act.

In the event that our Sponsor, directors, officers, advisors or any of their affiliates purchase shares in privately negotiated transactions from Public Stockholders who have already elected to exercise their Redemption Rights or submitted a proxy to vote against the proposed Business Combination, such selling stockholders would be required to revoke their prior elections to redeem their shares and any proxy to vote against the proposed Business Combination. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will be required to comply with such rules.

The purpose of such purchases could be to (i) vote such shares in favor of the proposed Business Combination and thereby increase the likelihood of obtaining stockholder approval of the proposed Business Combination or (ii) satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the Closing, where it appears that such requirement would otherwise not be met. This may result in the completion of the proposed Business Combination that may not otherwise have been possible.

In addition, if such purchases are made, the public "float" of our GigCapital5 Common Stock may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Our Sponsor, officers, directors, advisors and/or any of their affiliates anticipate that they may identify the stockholders with whom our Sponsor, officers, directors, advisors or any of their affiliates may pursue privately negotiated purchases by either the stockholders contacting us directly or by our receipt of redemption requests submitted by stockholders following our mailing of proxy materials in connection with the proposed Business Combination. To the extent that our Sponsor, officers, directors, advisors or any of their affiliates enter into a private purchase, they would identify and contact only potential selling stockholders who have expressed their election to redeem their shares for a pro rata share of the Trust Account or vote against the proposed Business Combination. Such persons would select the stockholders from whom to acquire shares based on the number of shares available, the negotiated price per share and such other factors as any such person may deem relevant at the time of purchase. The price per share paid in any such transaction may be different than the amount per share a Public Stockholder would receive if it elected to redeem its shares in connection with the proposed Business Combination. Our Sponsor, officers, directors, advisors, or any of their affiliates will be restricted from purchasing shares unless such purchases comply with Regulation M under the Exchange Act and the other federal securities laws.

Any purchases by our Sponsor, officers, directors and/or any of their affiliates who are affiliated purchasers under Rule 10b-18 under the Exchange Act will be restricted except to the extent such purchases are able to be

made in compliance with Rule 10b-18, which is a safe harbor from liability for manipulation under Section 9(a)(2) and Rule 10b-5 of the Exchange Act. Rule 10b-18 has certain technical requirements that must be complied with in order for the safe harbor to be available to the purchaser. Our sponsor, officers, directors and/or any of their affiliates will be restricted from making purchases of GigCapital5 Common Stock if the purchases would violate Section 9(a)(2) or Rule 10b-5 of the Exchange Act.

Redemption of Public Shares and Liquidation if No Initial Business Combination

Our Existing Charter provides that we will have until December 31, 2023 to complete an initial business combination. If we have not completed an initial business combination within the Completion Window, we will: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than 10 business days thereafter, redeem 100% of the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account (net of taxes payable by us and less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. There will be no Redemption Rights or liquidating distributions with respect to our warrants, which will expire worthless if we fail to complete an initial business combination within the prescribed time period.

We will only redeem our Public Shares so long as (after such redemptions) our net tangible assets are not less than \$5,000,001 (i) in the case of the proposed Business Combination, either prior to or upon consummation of the proposed Business Combination, or (ii) in the case of an amendment to our Existing Charter (a) to modify the substance or timing of our obligation to allow redemption in connection with the proposed Business Combination or to redeem 100% of our Public Shares if we have not consummated the proposed Business Combination by the end of the Completion Window or (b) with respect to any other provision relating to stockholders' rights or pre-Business Combination activity, upon such amendment (in each case so that we do not then become subject to the SEC's "penny stock" rules). If this optional redemption right is being exercised with respect to an excessive number of Public Shares such that we cannot satisfy the net tangible requirement described above, we would not proceed with the amendment or the related redemption of our Public Shares.

We expect that all costs and expenses associated with implementing our plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the proceeds from the GigCapital5 IPO held outside the Trust Account, if any, and borrowed amounts under the Extension Note, although we cannot assure you that there will be sufficient funds for such purpose. However, if those funds are not sufficient to cover the costs and expenses associated with implementing our plan of dissolution, to the extent that there is any interest accrued in the Trust Account not required to pay taxes, we may request the trustee to release to us an additional amount of up to \$100,000 of such accrued interest to pay those costs and expenses.

If we were to expend all of the net proceeds of the GigCapital5 IPO, other than the proceeds deposited in the Trust Account, and without taking into account interest, if any, earned on the Trust Account and any tax payments or expenses for the dissolution of the trust, the per share redemption amount received by stockholders upon our dissolution would be approximately \$[●] in principal plus accrued interest. The proceeds deposited in the Trust Account could, however, become subject to the claims of our creditors, which would have higher priority than the claims of our Public Stockholders. We cannot assure you that the actual per share redemption amount received by stockholders will not be substantially less than \$[●] in principal plus accrued interest. Under Section 281(b) of the DGCL, our plan of dissolution must provide for all claims against us to be paid in full or make provision for payments to be made in full, as applicable, if there are sufficient assets. These claims must be paid or provided for before we make any distribution of our remaining assets to our stockholders. While we intend to pay such amounts, if any, we cannot assure you that we will have funds sufficient to pay or provide for all creditors' claims.

Although we will seek to have all vendors, service providers (other than our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of our Public Stockholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the Trust Account, including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the Trust Account. If any third-party refuses to execute an agreement waiving such claims to the monies held in the Trust Account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative.

Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where we are unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the Trust Account for any reason. In order to protect the amounts held in the Trust Account, our Sponsor has agreed that it will be liable to us if and to the extent any claims by a third party (other than our independent registered public accounting firm) for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account to below (i) \$10.10 per Public Share or (ii) such lesser amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account due to reductions in the value of the trust assets, in each case net of the interest that may be withdrawn to pay our taxes, except as to any claims by a third-party who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under our indemnity of the underwriters of the GigCapital5 IPO against certain liabilities, including liabilities under the Securities Act. Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, our Sponsor will not be responsible to the extent of any liability for such third-party claims. We have not independently verified whether our Sponsor has sufficient funds to satisfy its indemnity obligations and believe that our Sponsor's only assets are securities of GigCapital5 and, therefore, our Sponsor may not be able to satisfy those obligations. We have not asked our Sponsor to reserve for such obligations. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the Trust Account are reduced below: (i) \$10.10 per Public Share; or (ii) such lesser amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, due to reductions in the value of the trust assets, in each case net of the amount of interest that may be withdrawn to pay our taxes, and our Sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our Sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our Sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in certain instances. For example, the cost of such legal action may be deemed by the independent directors to be too high relative to the amount recoverable or the independent directors may determine that a favorable outcome is not likely. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per share redemption price will not be substantially less than \$10.10 per Public Share.

As discussed above, we seek to reduce the possibility that our Sponsor has to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (other than our independent registered public accounting firm), prospective target businesses and other entities with which we do business

execute agreements with us waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account. Our Sponsor will also not be liable as to any claims under our indemnity of the underwriters of the GigCapital5 IPO against certain liabilities, including liabilities under the Securities Act. In the event that we liquidate, and it is subsequently determined that the reserve for claims and liabilities is insufficient, stockholders who received funds from our Trust Account could be liable for claims made by creditors.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our Trust Account distributed to our Public Stockholders upon the redemption of our Public Shares in the event we do not complete an initial business combination by December 31, 2023 (unless such date is subsequently extended by the stockholders of GigCapital5) may be considered a liquidating distribution under Delaware law. If the corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution.

Furthermore, if the pro rata portion of our Trust Account distributed to our Public Stockholders upon the redemption of our Public Shares in the event we do not complete an initial business combination by March 28, 2023 (unless such date is subsequently extended by the stockholders of GigCapital5) is not considered a liquidating distribution under Delaware law and such redemption distribution is deemed to be unlawful, then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidating distribution. If we do not complete an initial business combination by December 31, 2023 (unless such date is subsequently extended by the stockholders of GigCapital5), we will: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than 10 business days thereafter, redeem 100% of the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account (net of taxes payable by us and less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Accordingly, it is our intention to redeem our Public Shares as soon as reasonably possible following December 31, 2023 (unless such date is subsequently extended by the stockholders of GigCapital5) and, therefore, we do not intend to comply with those procedures. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of such date.

Because we will not be complying with Section 280, Section 281(b) of the DGCL requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the subsequent ten years. However, because we are a blank check company, rather than an operating company, and our operations are limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses. As described above, pursuant to the obligation contained in our underwriting agreement, we have sought and will continue to seek to have all vendors, service providers (other than our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account.

As a result of this obligation, the claims that could be made against us are significantly limited and the likelihood that any claim that would result in any liability extending to the Trust Account is remote. Further, our Sponsor may be liable only to the extent necessary to ensure that the amounts in the Trust Account are not reduced below: (i) \$10.10 per Public Share; or (ii) such lesser amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, due to reductions in value of the trust assets, in each case net of the amount of interest withdrawn to pay our taxes and will not be liable as to any claims under our indemnity of the underwriters of the GigCapital5 IPO against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, our Sponsor will not be responsible to the extent of any liability for such third-party claims.

If we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the Trust Account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the Trust Account, there is no assurance that we will be able to return \$[●] in principal plus accrued interest per share to our Public Stockholders. Additionally, if we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover some or all amounts received by our stockholders. Furthermore, the GigCapital5 Board may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, and thereby exposing itself and GigCapital5 to claims of punitive damages, by paying Public Stockholders from the Trust Account prior to addressing the claims of creditors. There is no assurance that claims will not be brought against us for these reasons.

Our Public Stockholders will be entitled to receive funds from the Trust Account only upon the earliest to occur of: (i) the completion of an initial business combination, and then only in connection with those shares of GigCapital5 Common Stock that such stockholder properly elected to redeem, subject to the limitations described herein; (ii) the redemption of any Public Shares properly submitted in connection with a stockholder vote to amend our Existing Charter (A) to modify the substance or timing of our obligation to allow redemption in connection with a business combination or to redeem 100% of our Public Shares if we do not complete an initial business combination by December 31, 2023 (unless such date is subsequently extended by the stockholders of GigCapital5) or (B) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity; and (iii) the redemption of all of our Public Shares if we have not completed an initial business combination by December 31, 2023 (unless such date is subsequently extended by the stockholders of GigCapital5), subject to applicable law and as further described herein. Stockholders who do not exercise their rights to the funds held in the Trust Account in connection with such an amendment to our Existing Charter would still have rights to the funds held in the Trust Account in connection with any other applicable amendment to our Existing Charter and a subsequent business combination to the extent they are then stockholders. In no other circumstances will a stockholder have any right or interest of any kind to or in the Trust Account. A stockholder's voting in connection with our initial business combination alone will not result in a stockholder's redeeming its shares to us for an applicable pro rata share of the Trust Account. Such stockholder must also exercise its Redemption Rights described above. Holders of warrants will not have any rights of proceeds held in the Trust Account with respect to the warrants.

Voting Restrictions in Connection with the Stockholders' Meeting

Pursuant to the terms of the Sponsor Support Agreement, the Sponsor has agreed to vote any Founder Shares held by it and any Public Shares purchased during or after the GigCapital5 IPO in favor of each of the Proposals presented at the Stockholders' Meeting. See "*Other Agreements-Sponsor Support Agreement*" for more information. The Sponsor owns approximately 75.4% of the outstanding GigCapital5 Common Stock entitled to vote thereon. The quorum and voting thresholds at the Stockholders' Meeting and the Sponsor Support Agreement make it more likely that GigCapital5 will consummate the proposed Business Combination as the shares held by the Sponsor are sufficient to approve all of the Proposals.

Facilities

We currently maintain our executive offices at 1731 Embarcadero Rd., Suite 200, Palo Alto, CA 94303, and our telephone number is (650)276-7040. Our executive offices are provided to us by GigManagement, LLC. On September 28, 2021, we began paying to GigManagement, LLC \$30,000 per month for office space, utilities, administrative and support services provided to members of our management team. Upon completion of the proposed Business Combination or our liquidation, we will cease paying these monthly fees. We consider our current office space adequate for our current operations.

There will be no finder's fees, reimbursements or cash payments made by us to our Sponsor, officers or directors, or our or any of their affiliates, for services rendered to us prior to or in connection with the completion of the proposed Business Combination, other than payment of the amount described above for office space, utilities, administrative and support services

Our Sponsor, officers and directors or any of their respective affiliates will be reimbursed for any out-of-pocket expenses incurred in connection with our formation, the GigCapital5 IPO and activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made by us to our Sponsor, officers, directors or our or any of their affiliates and will determine which expenses and the amount of expenses that will be reimbursed. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf. As of the date of this prospectus, the Sponsor had not incurred any out-of-pocket expenses in connection with the proposed Business Combination that, as of such date, had not been reimbursed by GigCapital5 from GigCapital5's working capital funds following the GigCapital5 IPO.

Employees

We currently have two non-employee officers: Dr. Raluca Dinu and Brad Weightman. These individuals are not obligated to devote any specific number of hours to our matters, but they intend to devote as much of their time as they deem necessary to our affairs until we have completed the proposed Business Combination. The amount of time they will devote in any time period will vary based on whether a target business has been selected for the proposed Business Combination and the stage of the business combination process we are in. We do not intend to have any full-time employees prior to the completion of the proposed Business Combination.

Legal Proceedings

There is no material litigation, arbitration or governmental proceeding currently pending against us or any members of our management team in their capacity as such.

Number and Terms of Office of Officers and Directors

We have five directors. In accordance with Nasdaq corporate governance requirements, we are not required to hold an annual meeting until one year after our first fiscal year end following our listing on a national stock exchange.

Our officers are appointed by the GigCapital5 Board and serve at the discretion of the GigCapital5 Board, rather than for specific terms of office. The GigCapital5 Board is authorized to appoint persons to the offices set forth in our bylaws as it deems appropriate. Our bylaws provide that our officers may consist of an Executive Chairman, a Chief Executive Officer, Chief Financial Officer, President, Vice Presidents, Secretary, Treasurer, Assistant Secretaries and such other offices as may be determined by the GigCapital5 Board.

Director Independence

Nasdaq requires that a majority of the GigCapital5 Board must be composed of "independent directors," which is defined generally as a person other than an executive officer or employee of the Company or its subsidiaries or any other individual having a relationship, which, in the opinion of the GigCapital5 Board would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director.

Ms. Rogge, Ms. Hayes and Mr. Horowitz are our independent directors. Prior to her resignation, Dr. Makhija served as an independent director. Our independent directors have regularly scheduled meetings at which only independent directors are present. Any affiliated transactions will be on terms no less favorable to us than could be obtained from independent parties. Any affiliated transactions must be approved by a majority of our independent and disinterested directors.

Compensation of Our Executive Officers and Directors

Commencing on the date that GigCapital5's securities were first listed on the NYSE through the earlier of consummation of GigCapital5's initial business combination or its liquidation, GigCapital5 has agreed to pay GigManagement, LLC a total of \$30,000 per month for office space and general and administrative services.

[Table of Contents](#)

GigManagement, LLC is an affiliate of GigCapital5's Executive Chairman and GigCapital5's Chief Executive Officer. It agreed to this arrangement for GigCapital5's benefit and is not intended to provide such affiliate of GigCapital5's Executive Chairman and GigCapital5's Chief Executive Officer with compensation in lieu of a salary. GigCapital5 believes that such fees are at least as favorable as it could have obtained from an unaffiliated third party for such services.

On September 23, 2021, GigCapital5 entered into a Strategic Services Agreement with Mr. Weightman, its Treasurer and Chief Financial Officer, who holds 5,000 shares of GigCapital5 Common Stock. Mr. Weightman initially received \$2,500 per month for his services and such amount could increase to up to \$15,000 per month dependent upon the scope of services provided, as may be mutually agreed by the parties. The Company will pay Mr. Weightman for services rendered since September 23, 2021 and on a monthly basis thereafter for all services rendered after the consummation of the IPO.

In accordance with what was provided for in the prospectus for the GigCapital5 IPO, on September 28, 2021, the GigCapital5 Board approved the payment by GigCapital5 of advisory fees to directors in connection with certain activities on GigCapital5's behalf, such as identifying and investigating possible business targets and business combinations as well as pertaining to the GigCapital5 Board committee service and administrative and analytical services. These advisory fees will be paid quarterly, and include payments to Dr. Avi S. Katz, the Executive Chairman of the GigCapital5 Board and Dr. Raluca Dinu, the President and Chief Executive Officer. The quarterly amounts approved are as follows, of which one quarterly payment was made in 2021 and no payments have been made in 2022 and 2023, with \$348,000 in payments in the aggregate remaining as outstanding and to be paid upon the consummation of the proposed Business Combination:

Director	Quarterly Compensation	Compensation from 1/1/2022 to 12/31/2022	Paid as of 12/31/2022	Unpaid as of 12/31/2022
Dr. Avi S. Katz	\$ 30,000.00	\$ 120,000.00	\$ —	\$ 120,000.00
Dr. Raluca Dinu	\$ 30,000.00	\$ 120,000.00	\$ —	\$ 120,000.00
Dorothy D. Hayes	\$ 15,000.00	\$ 60,000.00	\$ —	\$ 60,000.00
Raanan I. Horowitz	\$ 12,000.00	\$ 48,000.00	\$ —	\$ 48,000.00
Karen Rogge	\$ —	\$ —	\$ —	\$ —

Our officers and directors will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee reviews on a quarterly basis all payments that were made to our Sponsor, officers, directors, advisors or our or their affiliates. Any such payments prior to an initial business combination will be made using funds held outside the Trust Account. Other than quarterly audit committee review of such payments, we do not have any additional controls in place governing our reimbursement payments to our directors and executive officers for their out-of-pocket expenses incurred in connection with identifying and consummating an initial business combination.

After the completion of our initial business combination, directors or members of our management team who remain with us may be paid consulting or management fees from the Combined Company. We have not established any limit on the amount of such fees that may be paid by the Combined Company to our directors or members of management. It is unlikely the amount of such compensation will be known at the time of the proposed initial business combination, because the directors of the Combined Company will be responsible for determining officer and director compensation.

We do not intend to take any action to ensure that members of our management team maintain their positions with us after the consummation of our initial business combination, although it is possible that some or all of our officers and directors may negotiate employment or consulting arrangements to remain with us after our initial business combination. We are not party to any agreements with our officers and directors that provide for benefits upon termination of employment.

The charter also provides that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, independent legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by Nasdaq and the SEC.

Nominating and Corporate Governance Committee

GigCapital5 has established a nominating and corporate governance committee of the GigCapital5 Board. The members of our nominating and corporate governance are Ms. Rogge, Ms. Hayes and Mr. Horowitz. - recommending director nominees for approval by the GigCapital5 Board and election by the stockholders at the next annual meeting.

The charter also provides that the nominating and corporate governance committee may, in its sole discretion, retain or obtain the advice of, and terminate, any search firm to be used to identify director candidates, and will be directly responsible for approving the search firm's fees and other retention terms.

GigCapital5 has not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the GigCapital5 Board considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom, and the ability to represent the best interests of our stockholders. Prior to our initial business combination, holders of the Public Shares will not have the right to recommend director candidates for nomination to the GigCapital5 Board.

Code of Ethics

We have adopted a Code of Ethics applicable to our management team and employees in accordance with applicable federal securities laws. We have filed a copy of our form of Code of Ethics and our board committee charters as exhibits to the registration statement for the GigCapital5 IPO. You are able to review these documents by accessing our public filings at the SEC's web site at www.sec.gov. In addition, a copy of the Code of Ethics will be provided without charge upon request from us, or may be accessed on our Company website at <https://www.gigcapitalglobal.com/investors>. We intend to disclose any amendments to or waivers of certain provisions of our Code of Ethics in a Current Report on Form 8-K. See the section of this prospectus entitled "*Where You Can Find Additional Information*." It is anticipated that the Combined Company Board will adopt a new Code of Business Conduct and Ethics that replaces our current Code of Ethics.

Limitation on Liability and Indemnification of Officers and Directors

The Existing Charter provides that our officers and directors will be indemnified by us to the fullest extent authorized by Delaware law, as it now exists or may in the future be amended. In addition, the Existing Charter provides that our directors will not be personally liable for monetary damages to us or our stockholders for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to us or our stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived an improper personal benefit from their actions as directors.

We have entered into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our amended and restated certificate of incorporation. Our bylaws also permit us to secure insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit such indemnification. We purchase a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against officers and directors, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these provisions, the directors' and officers' liability insurance and the indemnity agreements are necessary to attract and retain talented and experienced officers and directors.

GIGCAPITAL5 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

References to the "Sponsor" refer to GigAcquisitions5, LLC. References to "Founder Shares" refer to the initial shares of GigCapital5 Common Stock purchased by the Sponsor. The following discussion and analysis of GigCapital5's financial condition and results of operations should be read in conjunction with the condensed financial statements and the notes thereto contained elsewhere in this proxy statement/prospectus. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties.

Overview

We are a Delaware corporation formed for the purpose of effecting a merger, share exchange, asset acquisition, stock purchase, reorganization, recapitalization or other similar business combination with one or more businesses. On December 8, 2022, we entered into a Business Combination Agreement with QT Imaging, a medical device company engaged in the research, development and commercialization of innovative body imaging systems using low energy sound, for our initial business combination. Upon consummation of the proposed Business Combination with QT Imaging, we expect to change our name and be known as QT Imaging Holdings, Inc.

We seek to capitalize on the significant experience and contacts of our management team to complete. We believe our management team's distinctive background and record of acquisition and operational success could have a transformative impact on the business of QT Imaging.

Our management team has significant hands-on experience helping companies optimize their existing and new growth initiatives. We intend to share best practices and key learnings, gathered from our management team's operating and investing experience, as well as strong relationships in the advanced medical equipment industries to help shape corporate strategies. Additionally, our management team has operated and invested in leading global advanced medical equipment companies across their corporate life cycles, and has developed deep relationships with key large multi-national organizations and investors. We believe that these relationships and our management team's know-how present a significant opportunity to help drive strategic dialogue, access new customer relationships and achieve global ambitions following the completion of our initial business combination. We believe that we are providing an interesting alternative investment opportunity that capitalizes on key trends impacting the capital markets for advanced medical equipment companies.

We intend to effectuate our initial business combination using cash from the proceeds from the sale of the GigCapital5 Units in the GigCapital5 IPO, the sale of the Private Placement Units to our Sponsor, the sale of Founder Shares to our Sponsor, our common equity or any preferred equity that we may create in accordance with the terms of our charter documents, debt, or a combination of cash, common or preferred equity and debt. The GigCapital5 Units sold in the GigCapital5 IPO each consisted of one share of GigCapital5 Common Stock, and one redeemable Warrant to purchase GigCapital5 Common Stock (no fractional shares will be issued upon exercise of the Warrants). The Private Placement Units were substantially similar to the GigCapital5 Units sold in the GigCapital5 IPO, but for certain differences in the Private Placement Warrants included in each of them. For clarity, the Warrants included in the GigCapital5 Units are referred to herein as the "Warrants," and the warrants included in the Private Placement Units are referred to herein as the "Private Placement Warrants".

The issuance of additional shares of GigCapital5 Common Stock or the creation of one or more classes of preferred stock during our initial business combination:

- may significantly dilute the equity interest of investors in the GigCapital5 IPO who would not have pre-emption rights in respect of any such issue;

[Table of Contents](#)

- may subordinate the rights of holders of GigCapital5 Common Stock if the rights, preferences, designations and limitations attaching to the preferred shares are senior to those afforded our shares of GigCapital5 Common Stock;
- could cause a change in control if a substantial number of shares of GigCapital5 Common Stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change of control of us by diluting the share ownership or voting rights of a person seeking to obtain control of us; and
- may adversely affect prevailing market prices for our shares of GigCapital5 Common Stock.

Similarly, if we issue debt securities or otherwise incur significant indebtedness, it could result in:

- default and foreclosure on our assets if our operating revenues after our initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt is payable on demand;
- our inability to obtain necessary additional financing if any document governing such debt contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our shares of GigCapital5 Common Stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on GigCapital5 Common Stock if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

We expect to incur significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to complete our initial business combination will be successful.

The prospectus for the GigCapital5 IPO and the Existing Charter provided that we initially had until September 28, 2022 (the date which was 12 months after the consummation of the GigCapital5 IPO) to complete our initial business combination. On September 23, 2022, the Company held a special meeting (the "*September 2022 Special Meeting*") and the Company's stockholders approved extending the date by which the Company must consummate an initial business combination from September 28, 2022 up to March 28, 2023 in one-month extensions upon the contribution to the Trust Account of the amount of \$160,000 for each such monthly extension. On March 28, 2023, the Company held a special meeting (the "*March 2023 Special Meeting*") and the Company's stockholders approved extending the date by which the Company must consummate an initial business combination from March 28, 2023 up to September 28, 2023 in one-month extensions upon the contribution to the Trust Account of the amount of \$100,000 for each such monthly extension. On September 28,

2023, the Company held a special meeting (the “*September 2023 Special Meeting*”) and the Company’s stockholders approved extending the date by which the Company must consummate an initial business combination from September 28, 2023 up to December 31, 2023, with no additional contribution to the Trust Account.

In connection with the September 2022 extension of the combination period as approved by the stockholders of the Company, on a monthly basis and with a required deposit in the amount of \$160,000 as the Additional September 2022 Contributions each month beginning September 28, 2022 up to February 28, 2023, on September 26, 2022, we issued a non-convertible, non-interest bearing, unsecured promissory note to the Sponsor, which prior to December 31, 2022, was subsequently amended and restated three more times on October 26, 2022, November 28, 2022, and December 27, 2022 (the “*Extension Note*”) (and has since been amended eight additional times during 2023), respectively, for a collective principal amount of \$640,000 as of December 31, 2022. The Extension Note is expected to be paid back upon the completion of the proposed Business Combination.

The Company previously entered into an Investment Management Trust Agreement (the “*IMTA*”), dated September 23, 2021, with Continental Stock Transfer & Trust Company, as trustee. At the September 2022 Special Meeting, the Company’s stockholders approved an amendment to reflect the extension period from September 28, 2022 up to March 28, 2023 by depositing \$160,000 into the Trust Account for each one-month extension. In addition, at the March 2023 Special Meeting, the Company’s stockholders approved an additional amendment to the IMTA (the “*March 2023 Trust Amendment*”) to reflect the extension period from March 28, 2023 up to September 28, 2023 by depositing \$100,000 into the Trust Account for each one-month extension. Furthermore, at the September 2023 Special Meeting, the Company’s stockholders approved an additional amendment to the IMTA (the “*September 2023 Trust Amendment*”) to reflect the extension period from September 28, 2023 up to December 31, 2023 without any additional payment to the Trust Account.

On September 23, 2022, our stockholders elected to redeem 18,985,950 shares of GigCapital5 Common Stock, which represented approximately 82.5% of the shares that were part of the GigCapital5 Units sold in the GigCapital5 IPO. Following such redemptions, \$192,138,312 was withdrawn from the Trust Account on September 27, 2022.

On December 8, 2022, the Company executed the Business Combination Agreement with QTI Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of the Company, and QT Imaging. Consistent with our strategy, we have identified and used general criteria and guidelines that we believe are important in evaluating the target’s businesses, and we conducted a thorough due diligence review that encompassed, among other things, meetings with incumbent management and employees, document reviews and inspection of facilities, as applicable, as well as a review of financial and other information related to the business combination with QT Imaging.

The Company further amended and restated the Extension Note to reflect additional principal amounts of \$160,000 each on January 25, 2023 and February 27, 2023, under the fourth restated extension note and fifth restated extension note, respectively. In conjunction with each extension, the Sponsor deposited the additional principal amount of \$160,000 into the Company’s trust account. Furthermore, in conjunction with the March 2023 Trust Amendment, on March 28, 2023, April 27, 2023, May 25, 2023, June 26, 2023, July 25, 2023 and August 28, 2023, the Company further amended and restated the Extension Note to reflect an additional monthly principal amount of \$100,000 which was deposited into the Trust Account by the Sponsor to extend the time the Company has to complete an initial business combination to September 28, 2023. As of September 30, 2023, the Extension Note has a collective principal amount of \$1,560,000.

On March 24, 2023, in conjunction with the approval of the extension of the date by which the Company must consummate an initial business combination from March 28, 2023 to September 28, 2023, the Company’s stockholders elected to redeem 995,049 shares of the Company’s common stock, which represented approximately 4.3% of the shares that were part of the Public Units sold in the Offering. Following such redemptions, \$10,449,625 was withdrawn from the Trust Account on March 31, 2023.

On September 21, 2023, the Company, Merger Sub and QT Imaging entered into the Second Amendment to Business Combination Agreement, which, among other things, amended certain definitions of the Business Combination Agreement.

On September 26, 2023, GigCapital5 and QT Imaging entered into separate definitive agreements with the September 2023 NRA Stockholders pursuant to which the September 2023 NRA Stockholders agreed not to redeem or to reverse any previously submitted redemption demands, in connection with the Third Extension Amendment with respect to the aggregate number of 2,042,903 shares of the GigCapital5 Common Stock. In consideration of the foregoing, QT Imaging agreed to issue to the September 2023 NRA Stockholders immediately prior to and substantially concurrently with the Closing, that number of shares of QT Imaging Common Stock equal to the total of 306,435 shares of the GigCapital5 Common Stock. One of the September 2023 NRA Stockholders is Meteora Capital Partners, LP, which has an economic interest in the Sponsor. The non-redeemed GigCapital5 Common Stock held by the September 2023 NRA Stockholders will not be subject to any other transfer restrictions than those described in the September 2023 Non-Redemption Agreements.

On September 29, 2023, in conjunction with the approval of the extension of the date by which the Company must consummate an initial business combination from September 28, 2023 to December 31, 2023, the stockholders elected to redeem 904,023 shares of the Company's common stock, which represented approximately 3.9% of the shares that were part of the Public Units sold in the Offering. As a result of this redemption, our Founder and management team beneficially own approximately 75.6% of our issued and outstanding common stock. Following such redemptions, \$9,828,000 was withdrawn from the Trust Account, and approximately \$22.9 million remained in the Trust Account as of September 30, 2023.

On November 10, 2023, the Company, Merger Sub and QT Imaging entered into the Third Amendment to Business Combination Agreement, which, among other things, amended certain definitions of the Business Combination Agreement.

QT Imaging, together with GigCapital5 and the Stock Subscription Investors, in November 2023 entered into definitive Stock Subscription Agreements, pursuant to which the Stock Subscription Investors have subscribed for the purchase of shares of QT Imaging Common Stock in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock. The aggregate gross proceeds under the Stock Subscription Agreements to QT Imaging will be \$3,000,000, and this constitutes the Stock Subscription Financing. All of the proceeds of the Stock Subscription Financing are expected to be available to the Combined Company at the Closing of the Business Combination to satisfy its obligations and as a source of working capital. In addition, each of the Stock Subscription Investors has separately entered into with GigCapital5 the November 2023 Non-Redemption Agreements pursuant to which each such Stock Subscription Investor has agreed to not redeem up to 400,000 shares of GigCapital5 Common Stock in exchange for a cash payment by GigCapital5 with cash from its Trust Account in a per share amount equal to the per share pro rata portion of the amount then in the Trust Account less \$2.50 per share. For each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the obligation of such Stock Subscription Investor to purchase

shares of QT Imaging Common Stock pursuant to the Stock Subscription Agreements will be correspondingly reduced in an equal amount with respect to the number of shares of Combined Company Common Stock that would be received upon the exchange that occurs at the closing of the Business Combination. Furthermore, for each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the aggregate number of shares of Combined Company Common Stock issued as consideration to the securities holders of QT Imaging in the Business Combination shall also be correspondingly reduced.

In addition, GigCapital5 has entered into the SEPA with Yorkville pursuant to which Yorkville will open an equity credit line for the Combined Company in the aggregate principal amount of up to \$50,000,000, of which \$10,000,000 will be available to the Combined Company in the form of the Pre-Paid Advance evidenced by the Yorkville Note on the closing date of the Business Combination. The availability period of the equity line of credit is for 36 months after the completion of the Business Combination.

On November 22, 2023, the Company, Merger Sub and QT Imaging entered into the Fourth Amendment to Business Combination Agreement, which extended the Outside Date to March 31, 2024.

Results of Operations and Known Trends or Future Events

We have neither engaged in any operations nor generated any revenues to date. For the period from January 19, 2021 (date of inception) through September 30, 2023, our only activities have been organizational activities, those necessary to prepare for the GigCapital5 IPO and to search for a target business for the initial business combination. We do not expect to generate any operating revenues until after completion of our initial business combination. We generate non-operating income in the form of interest income on cash and marketable securities held in the Trust Account at Oppenheimer & Co., Inc. in New York, New York with Continental Stock Transfer & Trust Company acting as trustee, which was funded after the GigCapital5 IPO to hold an amount of cash and marketable securities equal to that raised in the GigCapital5 IPO. There has been no significant change in our financial or trading position and no material adverse change has occurred since the date of our audited financial statements as of and for the year ended December 31, 2022 as filed with the SEC on March 31, 2023. We expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses.

For the three months ended September 30, 2023, we had a net loss of \$563,540, which consisted of operating expenses of \$779,208, a provision for income taxes of \$124,752, interest expense of \$60,571 and other expense from the change in fair value of the warrant liability and fair value of Working Capital Note of \$20,989, that were partially offset by interest income on marketable securities held in the Trust Account of \$421,980.

For the nine months ended September 30, 2023, we had a net loss of \$3,452,775, which consisted of operating expenses of \$4,183,662, a provision for income taxes of \$334,346, interest expense of \$159,751, and other expense from the change in fair value of the warrant liability and the fair value of the Working Capital Note of \$8,535, that were partially offset by interest income on marketable securities held in the Trust Account of \$1,233,519.

For the three months ended September 30, 2022, we had a net loss of \$395,766, which consisted of operating expenses of \$1,101,647, a provision for income taxes of \$288,900, and interest expense of \$5,184, that were partially offset by interest income on marketable securities held in the Trust Account of \$968,165 and other income from the change in fair value of the warrant liability of \$31,800.

For the nine months ended September 30, 2022, we had a net loss of \$1,401,775, which consisted of operating expenses of \$2,688,382, a provision for income taxes of \$383,577, and interest expense of \$5,184, that were partially offset by interest income on marketable securities held in the Trust Account of \$1,285,818 and other income from the change in fair value of the warrant liability of \$389,550.

Liquidity and Capital Resources

During the period from January 19, 2021 (date of inception) to December 31, 2021, the Founder purchased a net of 5,735,000 Founder Shares, after giving effect to the forfeiture on September 23, 2021 of 4,312,500 Founder Shares, for an aggregate purchase price of \$25,000, or \$0.0043592 per share. The Company also issued 5,000 Insider Shares to Mr. Weightman, its Treasurer and Chief Financial Officer, pursuant to the Insider Shares Grant Agreement dated September 23, 2021 between the Company and Mr. Weightman. The 5,000 shares granted to Mr. Weightman are subject to forfeiture and cancellation if he resigns or the services are terminated for cause prior to the completion of the initial business combination.

On September 28, 2021, GigCapital5 consummated the GigCapital5 IPO of 23,000,000 GigCapital5 Units, including the issuance of 3,000,000 GigCapital5 Units as a result of the underwriters' exercise in full of their over-allotment option. The GigCapital5 Units were sold at a price of \$10.00 per GigCapital5 Unit, generating gross proceeds to GigCapital5 of \$230,000,000.

Simultaneously with the closing of the GigCapital5 IPO, GigCapital5 consummated the closing of the private placement to the Sponsor of 795,000 Private Placement Units, at a price of \$10.00 per Private Placement Unit. The private placement generated aggregate gross proceeds of \$7,950,000.

Following the closing of the GigCapital5 IPO, net proceeds in the amount of \$225,400,000 from the sale of the GigCapital5 Units and proceeds in the amount of \$6,900,000 from the sale of Private Placement Units, for a total of \$232,300,000, were placed in the Trust Account.

Transaction costs for the GigCapital5 IPO amounted to \$13,193,740, consisting of \$4,600,000 of underwriting fees, \$9,200,000 of deferred underwriting fees for the two Representatives, Wells Fargo Securities, LLC ("Wells Fargo") and William Blair & Company, L.L.C. ("William Blair") (collectively, the "Underwriters") William Blair and Wells Fargo, and \$843,740 of offering costs, of which \$25,000 remains in accounts payable as of September 30, 2023, partially offset by the reimbursement of \$1,450,000 of offering expenses by the Representatives. On March 20, 2023, one of the Representatives, Wells Fargo, without any consideration from the Company, waived all of its portion of the deferred underwriting fees totaling \$6,440,000 and disclaimed any responsibility for the proposed business combination with QT Imaging, but would be entitled to such compensation in connection with an alternative business combination, should the proposed business combination with QT Imaging be terminated, and remains entitled to customary indemnification and contribution obligations of the Company in connection with the proposed business combination with QT Imaging. Our remaining cash after payment of the GigCapital5 IPO costs will be held outside of the Trust Account for working capital purposes.

On September 26, 2022, the Company issued the Extension Note to the Sponsor for a principal amount of \$160,000. The Extension Note was subsequently amended and restated on October 26, 2022, November 28, 2022, December 27, 2022, January 25, 2023, and February 27, 2023 to add additional principal amounts for each extension of \$160,000 per month and again on March 28, 2023, April 27, 2023, May 25, 2023, June 26, 2023, July 25, 2023 and August 28, 2023 to add an additional principal amount for each extension of \$100,000, for a collective principal amount outstanding as of September 30, 2023 under the Extension Note of \$1,560,000. The proceeds from the Extension Note were deposited into the Trust Account in accordance with the terms of the Company's Amended and Restated Certificate of Incorporation. The Extension Note matures on the earlier of the date on which the Company consummates its initial business combination or the date the Company winds up and may be prepaid without penalty.

On September 26, 2022, the Company also issued as a Working Capital Note a convertible, non-interest bearing, unsecured promissory note to the Sponsor for a principal amount of \$65,000. The Working Capital Note was subsequently amended and restated eight more times on October 26, 2022, November 28, 2022, December 27, 2022, and January 25, 2023 to add additional principal amounts of \$65,000 per month for the

respective months, February 27, 2023 to add an additional principal amount of \$350,000, March 28, 2023 to add an additional principal amount of \$130,000, April 27, 2023 to add an additional principal amount of \$65,000, June 26, 2023 to add an additional principal amount of \$130,000, and July 26, 2023 to add an additional principal amount of \$65,000, for an aggregate principal amount outstanding as of September 30, 2023 under the Working Capital Note of \$1,065,000. The Working Capital Note was issued to provide the Company with additional working capital during the extension and was not deposited into the Trust Account. The Working Capital Note is convertible at the Sponsor's election upon the consummation of the initial business combination. Upon such election, the Working Capital Note will convert, at a price of \$10.00 per unit, into units identical to the Private Placement Units issued in connection with the Offering. Each Private Placement Unit consists of one share of the Company's common stock, par value \$0.0001 per share, and one redeemable warrant. The warrants constituting a part of the Private Placement Units would be exercisable, subject to the terms and conditions of the warrant and during the exercise period as provided in the warrant agreement governing the warrants.

As of September 30, 2023, we held marketable securities in the amount of \$22,870,730 in the Trust Account. In addition, there was interest receivable to the Trust Account of \$138,045. The marketable securities consisted of money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940 which invest only in direct U.S. government obligations. Interest income earned from the funds held in the Trust Account may be used by us to pay taxes. For the nine months ended September 30, 2023, tax relating to interest earned on the Trust Account totaled \$334,346.

For the nine months ended September 30, 2023, cash used in operating activities was \$1,323,328, consisting of a net loss of \$3,452,775 and interest earned on marketable securities held in the Trust Account of \$1,233,519, that were partially offset by the increase in the amortization of debt discount on note payable to related party of \$159,752, change in fair value of the warrant liability and related party note of \$8,535, increases to payable to related parties of \$655,379, accounts payable of \$427,256, accrued legal fees of \$1,342,963, accrued liabilities of \$584,156, other current liabilities of \$20,457, and a decrease in prepaid expenses and other current assets of \$164,468.

For the nine months ended September 30, 2022, cash used in operating activities was \$659,089, consisting of a net loss of \$1,401,775, interest earned on marketable securities held in the Trust Account of \$1,285,818, decrease in the fair value of the warrant liability of \$389,550 and a decrease in accrued liabilities of \$150,755, that were partially offset by increases in the payable to related parties of \$538,986, accounts payable of \$202,581, accrued legal fees of \$900,415, other current liabilities of \$380,677, and decreases in other long-term assets of \$165,230, and prepaid expenses and other current assets of \$380,920.

For the nine months ended September 30, 2023, cash provided by investing activities was \$19,919,611, consisting of cash withdrawn from the Trust Account of \$20,839,611 that was partially offset by an investment of cash in Trust Account of \$920,000.

For the nine months ended September 30, 2022, cash provided by investing activities was \$192,721,509 consisting of cash withdrawn from the Trust Account of \$192,881,509 that was partially offset by an investment of cash in Trust Account of \$160,000.

For the nine months ended September 30, 2023, cash used in financing activities was \$18,552,625, consisting of cash paid for the redemption of public units of \$20,277,625, that were partially offset by cash proceeds from related party borrowings of \$920,000 on the Extension Note and \$805,000 on the Working Capital Note.

For the nine months ended September 30, 2022, cash used in financing activities was \$191,998,312, consisting of cash paid for the redemption of public units of \$192,138,312 and offering costs of \$85,000, that were partially offset by cash proceeds from related party borrowings of \$160,000 on the Extension Note and \$65,000 on the Working Capital Note.

We intend to use substantially all of the funds held in the Trust Account, including any amounts representing interest earned on the Trust Account (which interest shall be net of taxes payable by us). We may withdraw interest to pay taxes. We estimate our annual franchise tax obligations to be approximately \$160,800. Our annual income tax obligations will depend on the amount of interest and other income earned on the amounts held in the Trust Account. To the extent that our capital stock is used in whole or in part as consideration to affect our initial business combination, the remaining proceeds held in the Trust Account as well as any other net proceeds not expended will be used as working capital to finance the operations of the target business or businesses. Such working capital funds could be used in a variety of ways including continuing or expanding the target business' operations, for strategic acquisitions and for marketing, research and development of existing or new products. Such funds could also be used to repay any operating expenses or finders' fees which we had incurred prior to the completion of our initial business combination if the funds available to us outside of the Trust Account were insufficient to cover such expenses.

As of September 30, 2023 and December 31, 2022, we had cash of \$121,854 and \$78,196, respectively, held outside the Trust Account. From September 2022 to September 2023, we obtained working capital loans from the Sponsor to ensure the proceeds not held in the Trust Account will be sufficient to allow us to operate for at least until December 31, 2023, assuming that a business combination will be consummated during that time. Over this time period, we intend to use these funds primarily for identifying and evaluating prospective acquisition candidates, performing business due diligence on prospective target businesses, traveling to and from the offices, plants or similar locations of prospective target businesses, reviewing corporate documents and material agreements of prospective target businesses, selecting the target business to acquire and structuring, negotiating and consummating the business combination.

If our estimates of the costs of undertaking in-depth due diligence and negotiating our initial business combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our initial business combination. Moreover, we may need to obtain additional financing either to consummate our initial business combination or because we become obligated to redeem a significant number of our Public Shares upon consummation of our initial business combination, in which case we may issue additional securities or incur debt in connection with such business combination. In order to finance operating and/or transaction costs in connection with a business combination, our Sponsor, executive officers, directors, or their affiliates may, but are not obligated to, loan us funds. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the Trust Account to repay such loaned amounts but no proceeds from our Trust Account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into units of the post-business combination entity at a price of \$10.00 per unit at the option of the lender. The units would be identical to the Private Placement Units.

Following our initial business combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

If we are unable to consummate our initial business combination by December 31, 2023, we shall (i) cease all operations except for the purposes of winding up; (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the GigCapital5 Shares for a per share pro rata portion of the Trust Account, including interest, but less taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses) and (iii) as promptly as possible following such redemption, dissolve and liquidate the balance of our net assets to its creditors and remaining stockholders, as part of its plan of dissolution and liquidation. The mandatory liquidation and subsequent dissolution raises substantial doubt about our ability to continue as a going concern.

Off-Balance Sheet Arrangements

As of September 30, 2023, we have not entered into any off-balance sheet financing arrangements. We do not participate in transactions that create relationships with unconsolidated entities or financial partnerships, often referred to as variable interest entities, which would have been established for the purpose of facilitating off-balance

sheet arrangements. We have not entered into any off-balance sheet financing arrangements, established any special purpose entities, guaranteed any debt or commitments of other entities, or purchased any non-financial assets.

Contractual Obligations

As of September 30, 2023, we do not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities, other than an agreement to pay our Founder a monthly fee of \$30,000 for office space, administrative services and secretarial support. We began incurring these fees on September 24, 2021, and will continue to incur these fees monthly until the earlier of the completion of the proposed Business Combination or our liquidation.

On September 23, 2021, the Company entered into a Strategic Services Agreement with Mr. Weightman, its Treasurer and Chief Financial Officer, who holds 5,000 Insider shares. Mr. Weightman is initially receiving \$2,500 per month for his services and such amount could increase to up to \$15,000 per month dependent upon the scope of services provided, as may be mutually agreed by the parties. The Company will pay Mr. Weightman for services rendered since September 23, 2021 and on a monthly basis thereafter for all services rendered after the consummation of the Offering.

Critical Accounting Policies

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and income and expenses during the periods reported. Actual results could materially differ from those estimates. We have identified the following critical accounting policies:

Emerging Growth Company

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. We have elected not to opt out of such extended transition period which means that when an accounting standard is issued or revised and it has different application dates for public or private companies, we, as an emerging growth company, will adopt the new or revised accounting standard at the time private companies adopt the new or revised standard.

Net Loss Per Common Share

Our condensed statements of operations and comprehensive loss include a presentation of income per share for GigCapital5 Common Stock subject to possible redemption in a manner similar to the two-class method of income (loss) per share. Net income per share, basic and diluted, for GigCapital5 Common Stock subject to possible redemption is calculated by dividing the proportionate share of income or loss on marketable securities held by the Trust Account, net of tax, by the weighted-average number of GigCapital5 Common Stock subject to possible redemption outstanding.

Net loss per share, basic and diluted, for non-redeemable common stock is calculated by dividing the net loss, adjusted for income or loss on marketable securities attributable to GigCapital5 Common Stock subject to possible redemption, net of tax, by the weighted-average number of non-redeemable common stock outstanding for the period, basic and diluted.

[Table of Contents](#)

When calculating our diluted net loss per share, we have not considered the effect of (i) the incremental number of shares of common stock to settle warrants sold in the Offering and Private Placement, as calculated using the treasury stock method and (ii) the shares issued to Mr. Weightman subject to forfeiture representing 5,000 shares of GigCapital5 Common Stock underlying a restricted stock award for the period it was outstanding and (iii) the potential shares issued to the Sponsor if the Working Capital Note is converted. Since we were in a net loss position during the period after deducting net income attributable to common stock subject to redemption, diluted net loss per common share is the same as basic net loss per common share for the periods presented as the inclusion of all potential common shares outstanding would have been anti-dilutive.

[Table of Contents](#)

In accordance with the two-class method, our net loss is adjusted for net income that is attributable to GigCapital5 Common Stock subject to redemption, net of tax, as these shares only participate in the income of the Trust Account and not our losses. Accordingly, net loss per common share, basic and diluted, is calculated as follows:

	Three Months Ended		Nine Months Ended

GigCapital5 Common Stock subject to possible redemption

GigCapital5 Common Stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within our control) is classified as temporary equity. At all other times, common stock is classified as stockholders' deficit. GigCapital5 Common Stock features certain redemption rights that are considered to be outside of our control and subject to occurrence of uncertain future events. Accordingly, as of September 30, 2023 and December 31, 2022, GigCapital5 Common Stock subject to possible redemption is presented as temporary equity, outside of the stockholders' deficit section of our condensed balance sheets.

Warrant Liability

GigCapital5 accounts for warrants for shares of GigCapital5 Common Stock that are not indexed to its own stock as liabilities at fair value on the condensed balance sheets. The warrants are subject to remeasurement at each balance sheet date and any change in fair value is recognized as a component of other income (expense) on the condensed statements of operations and comprehensive loss. GigCapital5 will continue to adjust the liability for changes in fair value until the earlier of the exercise or expiration of the Private Placement Warrants. At that time, the portion of the warrant liability related to the Private Placement Warrants will be reclassified to additional paid-in capital.

Convertible Promissory Note—Related Party

GigCapital5 accounts for its Working Capital Note under Accounting Standards Codification ("ASC") 815, Derivatives and Hedging ("ASC 815"). Under ASC 815-15-25, an election can be made at the inception of a financial instrument to account for the instrument under the fair value option under ASC 825, Financial Instruments. GigCapital5 has made such election for its Working Capital Note. Using the fair value option, the Working Capital Note is required to be recorded at its initial fair value on the date of issuance, each drawdown date, and each balance sheet date thereafter. Differences between the face value of the Working Capital Note and fair value at each drawdown date are recognized as either an expense in the condensed statements of operations and comprehensive loss (if issued at a premium) or as a capital contribution (if issued at a discount). Changes in the estimated fair value of the Working Capital Note are recognized as non-cash gains or losses in the condensed statements of operations and comprehensive loss.

Recent Accounting Pronouncements

GigCapital5 does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on GigCapital5's financial statements.

Overview

A Novel Body Imaging Technology

QT Imaging—with the support of nearly \$17.8 million in financial support from the U.S. National Institutes of Health—has developed a novel, comprehensive body imaging technology that has high resolution, high sensitivity, high specificity, high positive and negative predictive values and is safe and inexpensive. The technology is based on ultra-low frequency transmitted sound and uses a one-of-a-kind novel sound back-scatter design and inverse-scattering reconstruction to create its images.

QT Imaging is a medical device company founded in 2012 and engaged in the research, development, and commercialization of innovative body imaging systems using low energy sound. We believe that medical imaging is critical to the detection, diagnosis, and treatment of disease and that it should be safe, affordable and accessible. Our goal is to improve global health outcomes through the development and commercialization of imaging devices that address critical healthcare challenges with accuracy and precision.

The current QT Breast Scanner is a Class II device subject to premarket notification and clearance under Section 510(k) of the FDCA. On August 23, 2016, QT Imaging (formerly, QT Ultrasound LLC) submitted a Section 510(K) Summary of Safety and Effectiveness application for the QT Breast Scanner in accordance with 21 CFR 807.92 under 510(K) Number K162372. As part of meeting the general requirements for basic safety and essential performance of the QT Breast Scanner (formerly, QT Ultrasound Breast Scanner) pursuant to AAMI ES60601-1:2005/(R)2012 and A1:2012 Medical electrical equipment, testing was conducted by Intertek, an independent testing laboratory, located in Menlo Park, CA. Intertek also conducted applicable testing pursuant to IEC 60601-1-6 Edition 3.1 2013-10-Medical electrical equipment Part 1-6 General requirements for safety - Collateral Standard: Usability. In addition, QT Ultrasound conducted, and Intertek witnessed, all applicable testing pertaining to the requirements for the safety of ultrasonic medical diagnostic and monitoring equipment and to demonstrate compliance with the “Acoustic Output Measurement Standard for Diagnostic Ultrasound Equipment”. This test on acoustic output was pursuant to IEC 60601-2-37 Edition 2.0.2007 Medical electrical equipment - Part 2-37: Particular requirements for the basic safety and essential performance of ultrasonic medical diagnostic and monitoring equipment. Finally, system verification testing was conducted to ensure that the QT Breast Scanner met all design and other requirements including but not limited to that no new issues of safety or effectiveness compared to the predicate device, SoftVue System manufactured by Delphinus Medical Technologies, were raised.

On June 6, 2017, the FDA, in response to QT’s Section 510(K) Summary of Safety and Effectiveness premarket notification, determined that the QT Breast Scanner is substantially equivalent to the predicate device. Our use of the words “safe”, “safety”, “effectiveness”, and “efficacy” in relation to the QT Breast Scanner in this proxy statement/prospectus and all other documents related to QT Imaging is limited to the context of the Section 510(K) Summary of Safety and Effectiveness that was reviewed and responded to by the FDA.

² This is comprised of previous grants including grants to the University of Utah (\$811,000) and the current five year grant 1R01CA273700 from the U.S. National Institute of Health for \$2.58 million (Quantitative Ultrasound Monitoring of Breast Cancer Therapies), which was awarded to 3 institutions: University of Illinois, University of Toronto (Sunnybrook) and QT Imaging, which received \$1.08 million of the \$2.58 million grant.

The Cost and Accessibility of Healthcare

Medical imaging is an essential part of clinical diagnosis and is a requirement for making the best treatment decisions and improving a person's health. Most people in the world live in low-resource environments ("LREs") and do not have access to advanced medical imaging—thus the absence of high-quality medical imaging in LREs is a significant obstacle to providing basic health care.

Even in advanced health care facilities in the U.S., where adequate medical imaging is available, the cost of this medical imaging is very high—driving up healthcare costs and limiting accessibility to many people with limited income, high insurance deductibles or those in LREs or rural areas.

The Purpose of QT Imaging

Most conventional imaging technologies—X-ray computed tomography ("CT"), MRI and positron-emission tomography ("PET")—used in tertiary care require high energy, protective shielding of the patient, trained medical staff to operate the equipment, the administration of chemical agents to the patient to increase contrast and optimize visualization and specialized trained technicians to operate the equipment and ensure patient safety. Furthermore, the imaging procedures using these technologies are cumbersome, time-consuming and expensive. In addition, these conventional imaging technologies or modalities are not amenable to direct-to-consumer ("DTC") or point-of-care ("POC") settings or available in LRE. QT Imaging believes that its new technology can address the issues presented by these conventional imaging technologies with its accurate, safe, less expensive and easily deployable imaging systems.

The Clinical Problem

The current medical imaging technologies—CT, MRI and PET—are commonly used in advanced health care facilities in North America, Europe, Japan and South Korea, with more limited deployment in selected tertiary care facilities in other countries—usually large urban areas. These current technologies are based on advanced engineering solutions that use high energy (X-rays, positrons or nuclear magnetic resonance signals) to see inside of the human body. These technologies require large capital investments, are limited to specialized facilities and require advanced certifications for the machines and their operators to insure safe operation. These machines are also expensive to purchase and maintain. All these factors combine to restrict their deployment to advanced clinical centers and tertiary care institutions.

A Solution to Increasing the Quality of Health Care and Lowering Costs

Advances in technology offer an opportunity to provide: 1) a means for obtaining better image quality in medical images, 2) access to DTC or direct-to-practitioner ("DTP") medical imaging, 3) lower cost medical imaging, 4) reduced inconvenience and risk for patients by providing a safe alternative to high-energy imaging and 4) a lower cost solution for making a medical diagnosis. QT Imaging believes that its technology is ideal for DTC, DTP and POC use because of its high performance, safety and relatively low cost. Furthermore, we believe that providing increased patient access to safe medical imaging is one important solution to increasing access and lowering the costs of medical care.

Our Competitive Strengths

We believe that our competitive strengths include the following:

- The world-wide market for medical imaging is large and it has a potential to expand in the areas where QT Imaging has differentiation:
 - A non-ionizing, non-injection imaging modality;
 - A lower price point than conventional high-energy imaging equipment;

- QT Imaging technology can be deployed to LREs because of its low power, no shielding, no injection, and automation;
- QT Imaging technology is portable and can be used in POC settings such as LREs; and
- QT Imaging technology is deployable in outdoor settings such as sports, military, and naval settings.
- The QT Imaging technology is well-suited for lowering health care costs by being affordable and easily accessed.
- The QT Imaging technology is well-suited for DTC and DTP applications, that are outside traditional tertiary care hospitals.
- QT Imaging technology is uniquely proprietary, disruptive and a one-of-a kind product that can address a variety of unmet medical needs in the medical marketplace.
- QT Imaging products have potential strong revenue growth, with capital purchase or subscription-based recurring revenues supporting substantial long-term gross margin.

Our Strategies

We believe that our strategies include the following:

- Create disruptive innovation—a dedication to using technology (siliconization, software, artificial intelligence, and smart physics) to improve medical imaging and thus health care quality and access.
- Introduce the first comprehensive body-safe imaging technology into the marketplace, enabling for the first-time well-person body imaging health screening, and the first health screening medical imaging for infants.
- Provide DTC and DTP approaches to de-centralize medical imaging from the large, comprehensive medical centers; enabling the ability to lower health care costs and increase access via personal medical imaging.
- Provide a new social and economic opportunity for consumers to take control of some aspects of their own health care—such as imaging for minor injuries or medical conditions without needing a healthcare “gate-keeper.”
- Enable more patient and practitioner control—or “democratization” of healthcare using technology.
- Focus on patient-outcomes and customer success by using novel multi-channel go-to-market approaches.
- Focus our intellectual capabilities and ethical framework to become unified in our mission to improve the quality and lower the cost of health care world-wide . . . “It’s about time.”

Industry & Market Opportunity

Doctors and hospitals are increasingly turning to medical imaging to screen for and diagnose cancer, support and monitor ongoing cancer treatment (drugs, radiation, and surgery), and offer non-invasive surgical options for patients. This has resulted in a major market opportunity—the annual worldwide medical imaging market currently is estimated to be \$40 billion, with \$10 billion coming from the United States.³ Global cancer screening, with an approximately \$150 billion market size in 2022, is expected to grow at a CAGR of 12% and reach approximately \$472 billion in 2033.⁴

Breast Imaging

Breast cancer detection and diagnostic technologies (including mammography, MRI, and ultrasound, as well as genetic testing and image guided breast biopsy) are a significant part of the medical imaging market and are estimated to represent a \$4.6 billion global market in 2023 with an ongoing CAGR of 8%.⁵ The market is segmented by technology, primarily between ionizing breast imaging (e.g., mammography) and non-ionizing breast imaging, which includes ultrasound and MRI. The non-ionizing segment is expected to grow at a faster rate⁶ than the ionizing segment due to technological advances such as better segmentation of anatomical detail, higher sensitivity to small breast lesions in women with dense breast tissue⁷, and fewer false positives.

The current standard of care for imaging in breast cancer screening, diagnosis, and treatment is far from satisfactory and may involve certain side effects. There are adverse effects to the use of medical imaging methods such as ionizing radiation, mammography, and MRI. Generally, the process starts with X-ray mammography, the primary screening tool for women. Mammography uses radiation, which in sufficient cumulative doses can increase the risk of cancer; and is uncomfortable or too painful for patients as it involves breast compression. Another adverse effect is the inefficiency of mammography in detection of cancer in women with dense breasts. There is a psychological adverse effect of callbacks for adjunct screening and diagnosis include ultrasound, MRI, and may include biopsies. This process is expensive, time consuming, and can be mentally and physically trying for women. Also, the use of three imaging modalities in the process speaks to the weakness of any one in adequately screening for breast cancer. MRI may take place in a closed environment which may cause claustrophobia, require sedation or general anesthesia and may require injection of a heavy-metal contrast agent. The use of sedation or anesthetic drugs risks severe compromise of respiratory and cardiac function.

Regarding CT, the harmful effects of radiation used in ionizing radiation exposure raises the risk of cancer, including leukemia, breast cancer, thyroid cancer and brain cancer. These issues make MRI preferred to CT for all but trauma evaluation.

The QT Breast Scanner has no reports of adverse effects from the 15,000 scans performed to date. Similar to other ultrasound devices including handheld devices, there are no known significant risks reported in general clinical practice. The QT Breast Scanner does not require potentially harmful ionizing radiation or anesthesia and is done in an open environment thereby decreasing stress and the necessity of sedation. As a result, there is the potential for increased imaging efficacy. The QT Breast Scanner does not cause breast implant displacement or rupture.

QT Imaging's opportunity in breast imaging is to speed the time to diagnosis for women with cancer, and to provide assurance for women who do not have the disease with a better patient experience and lower cost than the current standard of care.

There are three primary technologies within this non-ionizing segment: Automated Breast Ultrasound Systems or ABUS; Breast Ultrasound Tomography Systems; and Photoacoustic Imaging.

Automated Breast Ultrasound Systems (ABUS)

The ABUS segment is the largest and is expected to grow at a CAGR of 16% worldwide over the next five years, with more than 2,000 installations in place and a market value of \$850 million by 2024.⁸ This growth will be driven by the advantages inherent in ABUS: quick turnaround time, affordability of devices, ease of device deployment, accurate diagnostic results, and operations without continuous operator monitoring. In addition, contextual factors including rising health awareness, government advocacy for breast cancer awareness, and an increasing prevalence of breast cancer will contribute to the expansion of this market.

ABUS technologies typically use a reflection transducer⁹ (5-15 MHz) in a “motorized” arrangement. The major developers of such systems include: 1) the Acuson S2000 ABUS (sold by Siemens); 2) the Invenia System (sold by GE Healthcare); 3) a manual video loop AWBS System (sold by Sono-Cine); and 4) a motorized single transducer Sofia System (sold by Hitachi). All of these systems produce B-mode reflection images¹⁰.

Breast Ultrasound Tomography Systems

These technologies use traditional reflection transducers¹¹ in an “array” configuration around the breast: 1) Mastoscopia (Greece); 2) the KIT system (research only) from Karlsruhe University in Germany; and 3) the Delphinus System.

⁸ See, MarketResearch, *Automated Breast Ultrasound System Market Size Outlook in 2023 and Beyond: Market Trends, Insight, Growth Opportunities, Market Share and Forecasts by Types, Applications, Countries and Companies to 2023* (Feb. 2023), available at <https://www.marketresearch.com/VPA-Research-v4245/Automated-Breast-Ultrasound-System-Size-33347813/>.

⁹ A medical reflection transducer, also known as an ultrasound transducer, is a device that converts electrical energy into sound waves, and the back again into electrical energy. It is used in medical imaging to produce images of internal organs and tissues in the body, and it is used in various medical imaging techniques such as ultrasound, echocardiography and Doppler imaging. See, e.g., ECG & ECHO Learning, *The Ultrasound Transducer*, available at <https://ecgwaves.com/topic/the-ultrasound-transmitter-probe/> (last visited Apr. 4, 2023); see also, FDA, *Ultrasound Imaging* Sept. 28, 2022), <https://www.fda.gov/radiation-emitting-products/medical-imaging/ultrasound-imaging>.

¹⁰ B-mode ultrasound, also known as 2D ultrasound, is a type of ultrasound imaging where “a linear array of transducers simultaneously scans a plane through the body that can be viewed as a two-dimensional image on screen.” See, NIH, National Library of Medicine, Carovac A., Smajlovic F., Junuzovic D., *Application of Ultrasound in Medicine*, 19(3) *Acta Inform Med.* 168-171 (Sept. 2011), available at <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3564184/>.

¹¹ Medical reflection transducer, also known as an ultrasound transducer, is a device that converts electrical energy into sound waves, and the back again into electrical energy. It is used in medical imaging to produce images of internal organs and tissues in the body, and it is used in various medical imaging techniques such as ultrasound, echocardiography and Doppler imaging. See, e.g., ECG & ECHO Learning, *The Ultrasound Transducer*, available at <https://ecgwaves.com/topic/the-ultrasound-transmitter-probe/> (last visited Apr. 4, 2023); see also, FDA, *Ultrasound Imaging* Sept. 28, 2022), <https://www.fda.gov/radiation-emitting-products/medical-imaging/ultrasound-imaging>.

Photoacoustic Imaging

Photoacoustic imaging systems utilize lasers to excite tissues and produce acoustic energy that subsequently create images of the breast vasculature.¹² Such systems include both photoacoustic tomography (“*PAT*”) and photoacoustic imaging (“*PAI*”) systems. While the PAT systems allow volumetric imaging by reconstructing stacks of 2D images, the PAI systems only allow superimposition of photoacoustic signal information on top of conventional B-mode ultrasound. Note that in comparison to ultrasound, photoacoustic imaging systems inherently lack the ability to image the tissue anatomy and essentially only image the vasculature (i.e., blood, which is a strong absorber of light). For PAT systems, there is no clinical trial data available (to our knowledge) and no PAT systems have been approved for clinical use. For PAI systems, the Imagio Breast Imaging has been used in clinical trials and is FDA cleared to be used as an adjunct to conventional handheld breast ultrasound.

All of these technologies face challenges to expansion, including FDA clearances and insurance reimbursement. However, the shortcomings of other imaging methods such as ionized radiation exposure, high costs and deployment challenges of MRI, and the inefficiency of mammography in detection of cancer in women with dense breasts, are sufficiently compelling for industry to address these obstacles, and these shortcomings will continue to create an opportunity for development and commercialization of advanced screening systems such as QT Imaging’s.

To our knowledge at the time of filing this proxy statement/prospectus, we are not aware of any technologies approved for primary screening clearance by the FDA except for various types of technology related to X-ray mammography.

Future Market Opportunities

While QT Imaging’s short-to-medium term focus will be on breast scanning, future products will open additional markets. QT Imaging’s Open Partial Angle Scanner concept, which is currently under development, is expected to provide entry into the global orthopedic medical imaging market, which is estimated to be \$7.3 billion by 2025¹³.

¹² Breast vasculature refers to the blood vessels that supply and drain blood from the breast tissue. The breast is a highly vascularized organ, and the blood supply comes from a network of arteries and veins that run throughout the breast tissue. See, NIH, National Library of Medicine, Yusuf S. The Need: A safe, painless imaging device that provides conclusive breast health assessment

Background:

Breast cancer is the most commonly diagnosed women's cancer in the United States, according to the National Cancer Institute. The American Cancer Society estimates that in 2022, 287,850 women in the United States have been diagnosed with invasive and in situ (early stage) breast cancer, and breast cancer has claimed

the lives of 40,920 women.¹⁴ The American Cancer Society further estimates that one out of every eight women will develop breast cancer at some point during her life and one in every 42 women who turns 50 today will have a diagnosis of breast cancer before she turns 60.

There are several dominant screening and diagnostic technologies that are used both independently and dependently to locate cancers at an early stage and improve treatment outcomes. Each of the currently available non-surgical modalities for breast cancer detection has various clinical limitations. Screening methods and technologies include: (i) breast self-examination and clinical breast examination; (ii) mammography, including screening mammography, diagnostic mammography, and mammography with computer aided detection; (iii) HHUS and (iv) MRI.

Mammography is the dominant imaging modality in today's standard of care. The American Cancer Society recommends that women of average risk have the option to begin mammography at age 40, get mammograms every year from age 45-54, and have mammography every other year starting at age 55.¹⁵ Despite those recommendations, only 65% of women over 40 in the United States have had a mammogram in the previous two years, and only 58% of women between 40 and 49 had a mammogram in the previous two years,¹⁶ even though screening mammography is 100% covered under the Affordable Care Act. This is in part due to the limitations of mammography, both in terms of sensitivity and reliability for dense breast tissue, where 10-15% of cases have inconclusive results requiring further testing, as well as concerns about safety. Mammography is also problematic in women who have breast implants. For these women, problems include painful mammograms, delayed detection of cancer from interference in imaging breast tissue, and an unwillingness to perform mammograms due to fear of implant rupture, dislocation or capsular contracture.

QT Imaging's goal is to provide highly accurate, 100% safe and painless breast imaging that can be used to:

- 1) identify cancer early to minimize invasiveness and increase effectiveness of treatment; and
- 2) eliminate unnecessary intervention (additional imaging and biopsies) for women with benign breast conditions, most notably cysts.

The Product, QT Breast Scanner

The QT Breast Scanner is a fixed, mechanical scanner used to evaluate the breast without the use of either ionizing radiation or compression associated with mammography, or the injections required for breast MRI. With the QT Breast Scanner, the patient lies comfortably on a table which contains an opening through which the breast is placed in a warm water bath (see Image 1) and gently immobilized using a magnetic retention pad fixed to a magnetic rod.

The QT Breast Scanner

Image 1

Surrounding the warm water bath is a dual modality reflection and transmission ultrasound array that rotates 360 degrees around the breast (see Image 2 & Image 3) to produce 3D images. The ultrasound array produces low energy, low frequency sound waves (non-radiation “pressure waves”) through the breast and reflecting from the breast, with both collecting volumetric (3D) data. Reflection data is collected on the transducer facing side, and the transmission data is collected on the back side of the breast. The transmission data quantitatively measures the velocity of these pressure waves through the breast. This information can be used to generate a true 3D image of the breast and all its tissues. The QT Breast Scanner differs from the handheld ultrasound used in breast imaging in that it utilizes reflection and transmission data from low-frequency sound waves, providing a significant increase in diagnostic information using the speed of sound characteristics of the breast and acquiring in true 3D a very accurate rendering of the breast tissue. The QT Breast Scanner provides sub-millimeter, high-definition, image resolution enabling identification of normal and abnormal breast structures and the accurate depiction of the precise shape and location of findings. The technology uniquely quantifies breast density using transmission information to further personalize a patient’s management recommendations. Surface-to-volume ratios and volumetric doubling time growth rate characteristics can be calculated to determine significance of lesions and improve specificity of the ultrasound.

The QT Breast Scanner creates true 3D images of the patient’s breast viewable in the Quantitative Transmission Ultrasound Viewer (known as QTviewer®), a software product designed for healthcare professionals to view the transmission (speed of sound) and reflection images. This application can display correlated Digital Imaging and Communications in Medicine (“DICOM®”) images in multiple orientations (coronal, sagittal, and axial). QTviewer can manipulate image views and analyze pixel data with various

functions. The QTviewer has additional functionality which enables the user to measure mass size and volume as well as fibroglandular tissue volume.¹⁷

Image 4 below is a still image of the viewer for a patient with a cyst. The transmission (top 3 panels) and reflection (bottom 3 panels) images as seen in coronal, axial, and sagittal representations.

The QT Breast Scanner is the current version of the QT Breast Scanner and is FDA-cleared “for use as an ultrasonic imaging system to provide reflection-mode and transmission-mode images of a patient’s breast. The device is not intended to be used as a replacement for screening mammography.”¹⁸

The QT Breast Scanner has current applicability as a supplementary imaging device (not as a replacement for screening mammography); near-term applicability for determining breast density, measuring mass size and growth, and diagnosing lesions using artificial intelligence; and medium- to long-term applicability for breast screening as shown in Table 1.

Image 6

Two key metrics in breast imaging are sensitivity and specificity. Mammography has well-recognized challenges with sensitivity in dense breasts. Image 7 below compares the same breast across different imaging modalities. In addition to demonstrating differences in image quality across modalities, it represents a case where a mass was not visible on mammography but is visible on the MRI and QTscan.

Image 7

QT Imaging recently conducted a mini study looking specifically at the ability of its technology to identify masses in dense breasts compared to mammography. Forty cases were selected in which there was a finding on the QTscan. The cases were selected from a "Case Collection Study to Determine the Accuracy, Call Back and Cancer Detection Rates of QT Ultrasound in Breast Imaging (ACCRUE)" sponsored by QT Ultrasound LLC. This is available at ClinicalTrials.gov Identifier: NCT03052166. Two cases were subsequently excluded as there was not a corresponding mammogram, leaving 38 cases for comparison. The ACCRUE study was a prospective, multicenter, multi-arm case collection study which followed an adaptive design with an initially planned total enrollment of approximately 600 cases to include both benign and malignant cases, representative of all tissue densities. The study type was observational with an actual enrollment of 755 participants starting in April 2017. The end date was initial December 31, 2019, but actual completion date was January 1, 2020. There were three cohort groups: Cohort A- The group of asymptomatic subjects who have been given BI-RADS 1 or 2 based on

their most recent standard of care assessment. All subjects received a QT Ultrasound scan. Cohort B- The group of asymptomatic women who have been given BIRADS categories 4 or 4a, 4b, 4c or 5 based on their most recent standard of care assessment. All subjects received a QT Ultrasound scan. Cohort C - The group of women who have been given BI-RADS categories 1, 2, 3, 4 or (4a, 4b, 4c), 5 or 6 based on their most recent standard of care assessment. All subjects received a QT Ultrasound scan. Subjects are assigned to Cohort C when it has been determined they cannot be assigned to Cohort A or Cohort B. The mammograms were interpreted by board-certified breast radiologists. In 32 of those cases, abnormalities identified using the QTscan were not identified on the mammogram. Image 8 (following) is one of those cases, where a solid mass was identified on the QTscan but not visible on the mammogram. The scope, size and design of these clinical studies are conducted in accordance with the provisions of the International Conference on Harmonization Guidelines for Good Clinical Practice and the Declaration of Helsinki. In some instances, QT Imaging or one of its affiliates sponsored or designed the clinical studies and QT Imaging employees analyzed or authored the results, findings, or articles. This was an exploratory study of limited scope in order to determine if further studies were warranted. The study was not powered for statistical analysis, but provided information to support a broader study. The full studies are available at www.qtultrasound.com/dense-breast-mass/.

An Exploratory Multi-reader, Multi-case Study Comparing Transmission Ultrasound to Mammography on Recall Rates and Detection Rates for Breast Cancer Lesions. *Academic Radiology* Vol 29 – Supplement 1 S10-S18, Jan 1, 2022 . doi:<https://doi.org/10.1016/j.acra.2020.11.0.11> and [https://www.academicradiology.org/article/S1076-6332\(20\)30646-2/fulltext](https://www.academicradiology.org/article/S1076-6332(20)30646-2/fulltext)

In this Malik *et al* study, three-dimensional Quantitative Transmission (QT) ultrasound imaging was used for the detection and diagnosis of breast cancer. QT ultrasound has high resolution and high contrast to noise ratio, making it effective in evaluating breast tissue. This study compared radiologists' performance of noncancer recall rates and lesion detection rates using QT Ultrasound versus full-field digital mammography (FFDM) in a cross section of female subjects. In this multi-reader multi-case (MRMC) study, we examined retrospective data from two clinical trials conducted at five sites. All subjects received FFDM and QT scans within 90 days. Data were analyzed in a reader study with full factorial design involving 22 radiologists and 108 breast cases (42 normal, 39 pathology-confirmed benign, and 27 pathology-confirmed cancer cases). The main results used a random-reader random-case analysis adjusted for location bias performed after a primary predefined random-reader fixed-case analysis. The readers' mean rate of detecting lesions of any type was 4% higher (p -value > 0.05) with QT imaging. The mean non-cancer recall rate improved significantly, showing a decrease of 16% with QT (p -value > 0.03), at the expense of a 2% decrease in the mean cancer recall rate (p -value > 0.05) in comparison to FFDM. Combining performance on cancer and noncancer recall rates, the mean area under the receiver operator curve of confidence scores improved significantly by 10% with QT (p -value = 0.01). This MRMC study indicated that QTscan improves non-cancer recall rates without substantially affecting cancer recall rates.

STATISTICAL ANALYSIS - The data were analyzed for the entire cohort of 108 breast cases (42 normal, 39 pathology-confirmed benign, and 27 pathology-confirmed cancer cases) using two general approaches: a random-reader fixed-cases (RRFC) analysis and a random-readers random cases (RRRC) analysis. RRFC analysis generalizes to the population of readers, but is specific to the particular case set and is termed random-reader fixed-cases analysis. In comparison, RRRC analysis generalizes both the case set and the population of readers. The RRRC analysis was expected to provide results more generalizable to new readers reading new cases, but with wider confidence levels compared to the RRFC analysis.

For both approaches, performance comparisons between QT and FFDM were summarized in terms of mean differences between readers and 95% confidence intervals (CI) for these differences with p -values determining the degree of statistical significance. The performance metrics included non-cancer and cancer recall rates and detection rates for all lesions. In addition, the study analyzed the mean area under the receiver operator curve (ROC-AUC) based on the readers' confidence scores as a statistically efficient approach to evaluating the cancer and noncancer performance metrics combined into a single measurement. These analyses were performed according to the method of Obuchowski &

Rockette with Hillis adjustment to the degrees of freedom. The RRRC analysis of ROC-AUC was performed with the software package ORDBM MRMC 2.5, written by Stephen L. Kevin M. Schwartz, and Kevin S. Berbaum. The trapezoidal/Wilcoxon method for curve fitting and jackknifing for the covariance estimation were used in the analysis. All other statistical analyses were performed in the statistical computing environment R version 3.4.0 or higher. No statistical adjustments were made for multiple analyses. The ground truth was established by one-year follow-up mammogram results for the normal cases and pathology results for the benign and cancer cases. All RRFC and RRRC results were adjusted post-hoc for location bias, considering recalls as correct only when the decisions were based on the correct ground-truth lesions. This adjustment is indicated because the severity of location bias is dissimilar for the two imaging modalities. Therefore, the study was adjusted for location bias to avoid favoring the modality with higher false-positive rates.

Leveraging the speed of sound attribute of transmission ultrasound, the QTscan offers advantages in specificity as well. Image 9 below compares the same breast on mammography and the QTscan. While the mass may be visible in mammography, mammography cannot be specific about whether the mass is malignant or benign. The QTscan identifies the mass as a benign cyst based on speed of sound as well as morphology.¹⁹

Description of Future Products and Services

QT Imaging believes that its Open Partial Angle Scanner concept, under development, will provide entry into the global orthopedic and infant medical imaging markets as described below. The following discussion and description of product candidates and their respective potential applications and uses is a discussion of QT Imaging’s future products and product candidates, all of which are still in development stages and QT Imaging can provide no assurance regarding when, if ever, these products and product candidates may be brought to market, or when, if ever, QT Imaging would seek FDA premarket clearance or approval of a PMA application. As such, the discussion below contains information that is forward-looking in nature and investors are cautioned not to place undue reliance on these forward-looking statements.

Proposed QT Orthopedic Scanner

The Need—In-office orthopedic and extremity imaging joint and internal soft tissue diagnosis

Background:

QT Imaging believes musculoskeletal conditions are the most common reasons for doctor visits, lost productivity, and disability in the United States. Among these, arthritis (osteoarthritis and rheumatoid arthritis) and back or spinal problems are the first and second leading causes of disability among adults. As the U.S. adult population ages, the prevalence of these conditions appears to be increasing, resulting in concomitant increases in healthcare resource utilization. According to the American Productivity Audit, pain of musculoskeletal origin (including back-pain, arthritis-related pain, and pain due to other musculoskeletal conditions) was reported by

7.2% of the workforce as having occurred over the previous two weeks.²⁰ The knee is the most commonly injured joint by adolescent athletes with an estimated 2.5 million sports-related injuries presenting to emergency departments (“EDs”) annually.²¹ Additionally, there are more than one million joint replacements per year in the U.S. with over 790,000 knee replacements done by physicians.

The differential diagnosis of nonspecific musculoskeletal complaints is challenging, and the use of imaging modalities is often required to establish a diagnosis, guide treatment, or monitor disease progression. MRI is a widely used medical technology and is often employed as the preferred imaging tool for disorders of the musculoskeletal system, as it can better delineate soft tissue structures than either plain X rays or CT despite being costlier and having a longer procedural time compared with CT. Currently there is no optimal imaging technology for imaging implanted orthopedic prosthetic devices. MRI and CT scanners produce confounding artifacts that make these devices less than satisfactory for this application. As previously discussed, CT employs ionizing radiation and MRI frequently requires heavy-metal injection. In addition, the closed environment of an MRI is challenging for many patients and intolerable for others.

Ultrasonography is a noninvasive imaging modality used for the assessment of the musculoskeletal system. It can provide clinically useful information on a wide range of pathologic conditions affecting components of the knee joint, including the tendons, ligaments, muscles, synovial space, articular cartilage, and surrounding soft tissues. Color and power Doppler techniques can be used to measure neovascularization within the synovial lining of the joints, tendons, and soft-tissue masses. The advantages of ultrasound include low cost, portability, real-time assessment, no radiation and facilitated side-by-side comparisons. Its major disadvantage is its operator-dependence: it requires trained experienced hands with appropriate high-resolution equipment. Ultrasound examinations of the knee joint are usually performed using a high-frequency linear transducer (7.5–12 MHz). It is mostly used to diagnose tendon, ligament or muscle injury and cartilage and meniscal lesions.

The Proposed Products—QT Imaging Platform for extremity, infant, and whole-body imaging

The proposed QT Orthopedic Scanner for Extremity Imaging (Image 11 and Image 12) will use the open, partial angle configuration with the same platform technology as the QT Breast Scanner. Using transmission and reflection ultrasound, the system generates high definition (sub-millimeter) extremity images that provide unique visual information about the physical structures within the human musculoskeletal system. The new image information is expected to provide a safe (no radiation or injection), effective, inexpensive, and non-invasive diagnostic imaging tool for assessing musculoskeletal health. With the QT Orthopedic Scanner, the patient sits comfortably on a chair in front of the scanner that contains an opening through which the arm or leg is placed. The extremity is gently immobilized using an inflatable rubber cuff. On the other side of the rubber cuff there is a warm water bath with an ultrasound armature that rotates 325 degrees around the extremity to produce 3D images. The QT Orthopedic Scanner will differ from conventional ultrasound in that it will utilize reflection and transmission data from sound waves, providing a significant increase in diagnostic information using the speed of sound characteristics of the bones and muscles and any prosthetic devices and generating a true 3D rendering of the extremity. The QT Orthopedic Scanner will provide sub-millimeter image resolution called a QTscan which will enable identification of normal and abnormal structures and the accurate depiction of the precise shape and location of findings.

In response to a request by the FDA to include Visual Grading Analysis studies in our applications, QT Imaging has conducted an analysis comparing the image quality of the QTScan to MRI in which readers independently scored the image quality of 10 anatomical knee structures with MRI and the QTscan. In this Visual Grading Analysis, readers scored the transmission ultrasound images as equivalent or better than the MRI imaging in more than 90% of knees structure images reviewed. Image 14 below shows the QTScan of the knee (left) next to the MRI imaging of the knee (right). Note the higher contrast in the QTscan compared to the MRI. This exercise was conducted as part of our FDA application process and has not been published.

Advantages of proposed QT Orthopedic Scanner

Compared to existing orthopedic imaging systems such as MRI and CT, the proposed QT Orthopedic Scanner will offer the following advantages:

- The QT Orthopedic Scanner may be faster at image acquisition, resulting in quicker diagnosis and treatment.
- In-office and same day orthopedic imaging
- The QT Orthopedic Scanner would not require build-out of a dedicated facility with magnetic field shielding and liquid helium supply (where needed).
- The QT Orthopedic Scanner may be less expensive to deploy than an MRI or CT device and may be less costly to maintain because the technology is simpler in design, has less components, does not utilize ionizing radiation, helium, and we anticipate will be less expensive to manufacture and maintain.

Proposed QT Infant Scanner—Whole Body Imaging

The Need: Currently there are very limited techniques for imaging infants. The QT Infant Scanner is in the development phase.

Background:

Medical imaging is an extremely valuable tool in diagnosing infants and children but poses specific challenges that the proposed QT Infant Scanner would address. At present neonatal and pediatric imaging is severely limited as described below.

CT uses ionizing radiation, which poses greater risk for the pediatric than adult population. The risk associated with ionizing radiation is “higher than in adults. Also, children have longer life expectancy; therefore, they have a greater potential for manifestation of possible harmful effects of radiation.”²² Ionizing radiation exposure in childhood in particular raises risk of cancer, including leukemia, breast cancer, thyroid cancer and brain cancer, where higher risk is associated with exposure any time before age two²³. This makes MRI preferred to CT for all but trauma evaluation.

MRI requires sedation or general anesthesia and may require injection of a heavy-metal contrast agent. The use of sedation or anesthetic drugs risks severe compromise of respiratory and cardiac function and injection of contrast is usually contraindicated in seriously ill children due to the high risk of organ failure from the administration of these contrast agents.

Finally, pediatric patients are particularly sensitive to environment given an infant or child’s inability to fully comprehend the nature and purpose of medical imaging. The presence of a parent or caregiver can increase imaging efficacy, but is limited in a closed environment (e.g., MRI) or an unsafe environment (e.g., any modality using ionizing radiation).

The proposed QT Infant Scanner will address all three of these issues as it will not require ionizing radiation or anesthesia and the open environment would allow a trusted adult to be present, decreasing the necessity of sedation and increasing imaging efficacy.

Although prior literature from QT Imaging may have indicated a specific timeframe for proof of concept and rollout, there is currently no specific timeframe for the submission of premarket notification to the FDA for approval of the QT Infant Scanner. Our submission to the FDA for all products and product candidates may depend upon a number of factors and variables, including the proposed Business Combination providing the full funding capital; the completion of the clinical prototype scanner; the results from the initial pre-clinical imaging studies and comparisons with MRI; the development of an FDA-strategy-for-submission, including but not limited to pre-sub-meetings with the FDA; determining the appropriate device classification and whether it meets criteria for a 510(k) pathway, and final preparation of the FDA application.

QT Imaging has done partial-angle image reconstruction internal studies comparing the image quality of 325-degree rotation (open angle) to 360-degree (full rotation) reconstructions of a piglet's pelvis (Image 25). We believe the image quality is maintained in the partial-angle reconstruction.

QT Imaging's Image Guided Procedures

The Need: In addition to using the Open Partial Angle Scanner as the proposed QT Infant Scanner, it can also be used for a variety of other image guided procedures including:

- Breast biopsy of small lesions (<5mm)
- Orthopedic biopsy of bones, joints, muscle or connective tissues
- Orthopedic injections
- Stem cell injections
- Soft tissue ablation
- Real-time non-radiation imaging of vascular procedures
- Angiography without radiation
- Cryoablation for early-stage breast cancer.

Cryoablation—An example of QT Imaging's potential contribution

Cryoablation²⁴ is currently approved for treatment of benign and malignant soft tissue tumors by the FDA. Currently, there are no specific technologies that have FDA approval for breast tumors, although there are over 100,000 such procedures done in the U.S. annually.^{25,26} Eighty-five percent of breast cancer is localized at the

²⁴ Cryoablation is a process that uses extreme cold to destroy abnormal tissue. According to the Mayo Clinic:

During cryoablation, a thin, wandlike needle called a cryoprobe is inserted through the skin. The cryoprobe is placed directly into the cancer. A gas is pumped into cryoprobe to freeze the tissue. Then the tissue is allowed to thaw. The freezing and thawing process is repeated several times.

Cryoablation for cancer is typically used when surgery isn't an option. Cryoablation is sometimes used as a treatment for many types of cancer, including:

- Bone cancer.
- Breast cancer.
- Cervical cancer.
- Eye cancer.
- Kidney cancer.
- Liver cancer.
- Lung cancer.
- Prostate cancer.

Cryoablation also is used to relieve the pain and other symptoms caused by cancer that spreads to the bone, other organs or lymph nodes. It can be used to treat large tumors that can't be treated by surgery.

time of diagnosis (62% have early stage confined to the breast and 23% have pre-cancerous In Situ carcinoma).²⁷ Mastectomy has no advantage over local removal of breast cancer in terms of survival²⁸ and the trend is towards less invasive or disfiguring treatments for treating the primary tumor in the breast. Cryoablation is an emerging modality of treatment with a number of different indications for use.²⁹ Systems such as the Galil Cryoablation System³⁰ are used in clinical practice for a variety of applications. In one study cancer recurred in only one of 180 women treated with cryoablation for low-risk breast cancers.³¹ There are a number of ongoing trials in this area³², and cryoablation is offered for low-risk breast cancers at more than 20 tertiary cancer centers in the U.S.³³

Cryoablation of early-stage breast cancer is an exciting opportunity unique to QT Imaging. Breast cancer cells are about 20 microns wide. A 1-cm cancer has about 100 million cells, a 0.5-cm cancer has about 10 million cells, and a 1-mm cancer has about 100 thousand cells.³⁴ QT Imaging's imaging can see the glandular structure of the breast and can see as few as a couple of thousand cells. These cancers of several hundred thousand cells are very low risk to the woman and are also easily eliminated³⁵. There are currently limited ways to treat these small cancers using image guided procedures. QT Imaging could offer a solution to this problem.

Sales and Marketing

QT Imaging has undertaken some marketing initiatives outside the U.S. It currently has distribution relationships with two partners: Innovador, based in Singapore; and Freedom Ventures, a Dutch limited liability company, based in the Netherlands (see more information in “*Future Business of QT Imaging Holdings—Overview of Sales and Marketing—Selectively Consider Offshore Marketing Opportunities*” and “*Future Business of QT Imaging Holdings—Key Agreements*” below). QT Imaging will assess future sales and distribution opportunities outside of the U.S., but there can be no guarantees that QT Imaging will find additional partners on terms acceptable to QT Imaging, if at all.

QT Imaging entered into the NXC Agreement, pursuant to which QT Imaging appointed NXC as the non-exclusive agent for the sale of QT Imaging products and services in non-exclusive territories: the U.S., U.S. territories, and U.S. Department of Defense installations. Additionally, NXC was appointed as the exclusive servicer of QT Imaging products sold by NXC under the terms of the NXC Agreement.

Based on the successes and limitations of QT Imaging’s past and current sales and marketing strategy, QT Imaging as the Combined Company will implement in the future a sales and marketing strategy as discussed below in “*Future Business of QT Imaging Holdings*.”

FUTURE BUSINESS OF QT IMAGING HOLDINGS

The following discussion reflects the business of QT Imaging Holdings, Inc., as currently embodied by QT Imaging, Inc. In this section, “we”, “the Company” or “QT Imaging” generally refers to QT Imaging, Inc. in the present tense or to QT Imaging Holdings, Inc. or the Combined Company from and after the consummation of the proposed Business Combination.

Overview

Sales and Marketing

QT Imaging’s primary sales and marketing efforts, as QT Imaging Holdings, in the short-to-medium term will be to focus on the \$3 billion breast imaging market, building up and out the orthopedic and pediatric markets, seeking FDA clearance for those QT Imaging devices being developed and launching the sales and marketing programs to support those products and initiatives.

Breast Imaging

The current standard of care for imaging in breast cancer screening, diagnosis, and treatment is far from satisfactory.

Generally, the process starts with X-ray mammography, the primary screening tool for women. Mammography uses radiation, which in sufficient cumulative doses can increase the risk of cancer; is uncomfortable to painful for patients as it involves breast compression.

Callbacks for adjunct screening and diagnosis include ultrasound, MRI, and may include biopsies. This process is expensive, time consuming, and can be trying for women. Also, the use of three imaging modalities in the process speaks to the weakness of any one in adequately screening for breast cancer.

QT Imaging’s opportunity in breast imaging is to speed the time to diagnosis for women with cancer, and to provide assurance for women who do not have the disease with a better patient experience and lower cost than the current standard of care.

While QT Imaging believes women will embrace its technology, the Company is focused on achieving clinical adoption through the medical community, which requires continuing research on the clinical efficacy of the QTscan and development of key opinion leaders (“KOLs”) who can speak to the clinical value of its machines in practice. In addition, QT Imaging must navigate the economics and price controls of the U.S. reimbursement system, as well as the economics and price controls of any foreign country in which QT Imaging’s products and product candidates may receive regulatory approval. QT Imaging is also working to expand its clearances to support marketing the device as a primary screening tool, initially for high-risk younger women and eventually for all women. Finally, even given the achievement of all of these objectives, there must be a “critical mass” of installed scanners – patients must be able to access the machines.

The Company intends to follow a staged entry into the market, beginning with clearances already in place which support its use as an adjunct to mammography and to monitor treatment. It will then use these placements as footholds from which to build presence in the medical community and acquire the data needed for additional FDA clearances and insurance reimbursement. In parallel with these efforts, the Company will explore offshore opportunities as a means of further increasing market presence and generating additional revenues.

Leverage Current Clearances to Build Presence and Awareness in the Medical Community

The current QT Breast Scanner is a Class II device subject to premarket notification and clearance under Section 510(k) of the FDCA. The QT Breast Scanner is currently cleared by the FDA under Section 5.10(k)

(which clearance was granted in June 2017) for breast imaging but not as a replacement for screening mammography – currently, the device has FDA approval and can be reimbursed in cases where additional breast imaging is necessary. This includes women who need adjunctive screening, such as: women with dense breasts or where there is a finding; high risk women below the recommended age for mammography; and women who would benefit from more frequent breast imaging, such as women undergoing treatment or women on prophylactic medication to prevent breast cancer.

A particular opportunity for QT Imaging under its current clearance is to provide a backup option for women who are recommended for a breast MRI but are unwilling or unable to have it for cost or accessibility reasons. With additional clinical data comparing the clinical efficacy of the QT Breast Scanner to MRIs, the QT Breast Scanner may become a less expensive, more patient-friendly alternative to MRIs.

Achieving clinical adoption requires building awareness and acceptance in the medical community. The first step will be to place machines with early adopters who see the benefits of the QT Imaging technology, are interested in using the device in their practice, are willing to collect data on its use, and will publish results or speak to their peers about its clinical value.

An example of this strategy in practice is the National Cancer Institute grant received in 2022 in partnership with the University of Chicago – Urbana whereby QT Imaging will place a QT Breast Scanner at St. Margaret’s Hospital in Toronto, Canada. The objective is to evaluate and measure the effectiveness of the QTscan in evaluation and monitoring cancer treatment. The results of the study will be published and would represent an independent validation of the clinical value of the QTscan with the imprimatur of a respected university, hospital, and the National Cancer Institute. QT Imaging intends to establish similar peer-review partnerships with respected medical organizations, practices and practitioners in the future.

Medical Advisory Board

QT Imaging intends to assemble a medical advisory board of respected, high-profile members of the medical community, with emphasis on radiologists, orthopedic surgeons and breast health professionals. QT Imaging will select candidates for the medical advisory board based on their professional qualifications and experience. This medical advisory board will serve two purposes:

- Provide guidance as to how to optimize the products and services and position them to the market; and
- Reinforce the marketing message to the medical community (e.g., “Doctorslike you helped design this product.”).

The medical advisory board shall meet periodically in person or by telephone with the management of QT Imaging and/or the Combined Company Board to advise on scientific, product development and marketing matters. QT Imaging intends to enter into confidentiality and advisory agreements with members of our medical advisory board. As of the date of this proxy statement/prospectus, the management of QT Imaging and/or the Combined Company Board has not determined if there would be a medical advisory board or any compensation would be paid to the medical advisory board.

QT Imaging expects that Mammography Quality Standards Act and Program (“MQSA”) centers will be an attractive market for QT Imaging once QT Imaging has received primary screening clearance from the FDA for high-risk young women. As of October 1, 2022, there are 8,790 of these facilities across the United States.³⁶ QT Imaging believes that QT Breast Scanners placed at these MQSA centers would offer these centers an opportunity to expand their available market by specifically appealing to younger women with dense breast tissue, while also providing an alternative for adjunctive screening.

Pricing Model as Part of Sales and Marketing Strategy

QT Imaging intends to enable an institution or center obtaining a QT Breast Scanner to minimize its financial risk. QT Imaging is building into the pricing model for the QT Breast Scanner that in addition to an outright purchase of a machine, that there will be two "pay as you go" pricing models that reduce upfront cash outlay and allow an institution or center to spread costs over an extended time.

<p>QT Imaging Current Pricing Model</p> <p><i>MSaaS (Medical Scan as a Service)"/"Per Click" Charge</i></p> <ul style="list-style-type: none">• \$50,000 initial fee• \$125/scan fee (minimum 1,000 scans after first year) <p><i>Turnkey Model (Includes Scan Interpretation)</i></p> <ul style="list-style-type: none">• \$50,000 initial fee• \$250/scan fee (minimum 1,000 scans after first year) <p><i>Note that all pricing tiers will require an annual service contract, which includes maintenance of hardware/software. In addition, purchasing custom disposables is required.</i></p>

QT Imaging's sales efforts will be supported by a direct sales organization within QT Imaging that will scale in parallel with scanner placements. Initially, the Company believes that this will be comprised of a small team of individuals with direct experience in breast imaging and with existing contacts in the industry. These individuals will not only serve to sell QT Breast Scanners but will also provide ongoing feedback on the market's acceptance of QT Imaging's value proposition and allow the Company to optimize its strategy on a real-time basis.

Use an Installed Base as a Platform to Expand Awareness and Produce Additional Data for Clinical Acceptance, Reimbursement, and Additional FDA Clearances

Part of the challenge of achieving clinical acceptance and adoption of QT Imaging's technology is data that proves the efficacy of the QTscan relative to the current standard of care for breast imaging in screening, diagnosis and treatment. The rollout of QT Breast Scanners as described in the previous section will provide multiple means of collecting this data for clinicians, which can also be used to support reimbursement and expanded FDA clearances of the QT Breast Scanner as an alternative to screening mammography.

Data collection and analysis, support reimbursement and expanding FDA clearances are time-consuming, but with the help of the installations that will be accelerated through the placement programs detailed above, QT Imaging believes that it can achieve these objectives with maximum efficiency.

Selectively Consider Offshore Marketing Opportunities

QT Imaging has had some success with marketing initiatives outside the U.S. As discussed above, QT Imaging currently has distribution relationships with two partners: Innovador, based in Singapore; and Freedom Ventures, based in the Netherlands.

Innovador intends to initially market the QT Breast Scanner throughout Asia (with the exception of China, Japan and Korea, which will be marketed to under separate distribution arrangements with other companies). The

Asia market is attractive as the incidence of dense breast tissue in Asian women³⁷ is higher than that in the U.S. women³⁸. QT Imaging's relationship with Innovator is a model to its future placements since Innovator is run by a medical doctor, who understands the benefits of the QT Imaging scanning technologies, as well as the challenges of bringing it to market.

Freedom Ventures intends to target Europe, the Middle East, and North Africa, based on relationships between its founder and potential customers. As the demand for QT Imaging technology in these markets matures, QT Imaging may elect to create additional relationships targeted at specific geographic areas.

These ventures may supply additional short- to medium-term revenue, and potentially may have fewer barriers than the U.S. market. While QT Imaging intends to support and grow these offshore marketing initiatives, its primary sales and marketing focus will remain on the U.S.

Market Segments

As the installed base for QT Breast Scanners expands, and as discussed above, QT Imaging intends to tailor its marketing efforts towards three segments as it builds awareness and acceptance for its imaging technology. All are important for success, and each requires its own strategy and messaging.

- *Patients.* This is the end-user/consumer – the women who are dissatisfied with the current scanning model. QT Imaging intends to approach patients through multiple channels, beginning with outreach efforts to recruit key influencers and opinion leaders. These individuals would be recruited through networking and education via targeted interest groups and would become advocates of the benefits of the QT Imaging technology to their respective groups.
- *Medical Professionals/Radiologists.* In addition to marketing to women, QT Imaging intends to launch an intensive campaign aimed at the medical community. This will actually be a more difficult effort than that aimed at women – from the provider perspective, the need for multiple scans and callbacks that are a negative for patients are actually seen as an economic positive as additional patient visits generate a significant amount of revenue. This is true for both institutions and radiologists, and neither have a great incentive to deviate from the current status quo.

QT Imaging has identified multiple tactics for penetrating this potential resistance in the provider group:

- Recruit KOLs in the medical community who believe in the benefits of QT Imaging's technology and are willing to speak out on its behalf.
- QT Imaging has demonstrated through multiple trials that its breast scanning technology has advantages over other solutions. It intends to promote this message directly to the radiology community through seminars and trade shows.
- In any product development and marketing effort, it is critical to involve the individuals who will actually be using the product. To this end, QT Imaging intends to enlist a board of advisors from the radiology community, specifically the breast health community. These individuals will not only provide valuable insight into how to market, and if necessary, "tweak" the QT Breast Scanner to best suit the needs of the users, but also will serve as emissaries to the medical community.

[Table of Contents](#)

- *Teaching hospitals.* In conjunction with the outreach to medical providers, QT Imaging intends to drive the acceptance of its imaging technology by introducing the QT Breast Scanner into teaching hospitals. Much like the tactics for penetrating the overall medical community, this will entail enlisting a key set of high-profile opinion leaders who are members of, or affiliated with, these institutions. This will not only allow the Company to introduce and demonstrate its superior imaging capabilities but familiarize medical students with the technology as a standard method of care to be incorporated into the breast screening regimen.

The arm typically consists of several articulated segments or joints that can be adjusted and locked in place to achieve a specific position or orientation. Medical device articulating arms are commonly used in minimally invasive surgeries, such as laparoscopy or endoscopy, where precise control and positioning of instruments are essential for successful outcomes.

Differences between QT Imaging and other ultrasound technology devices

There are several differences between QT Imaging’s current and proposed devices and HHUS, ABUS, BUST, PAI, and PAT devices.

Other devices use Piezo-electric transducers that provide primarily “B-mode” poor resolution data. There is no valid true “transmission mode” since they use shear wave. Their images have reflection and compounding artifacts. Furthermore, their images are compounded 2D slices and they do not acquire the data in 3D. The resolution of their “3D” mode, “speed” images and specificity for masses is poor and their contrast-to-noise ratios are low. Their images cannot differentiate calcifications so in our opinion at least 20% of all cancers, mainly DCIS and non-invasive cancers, are missed. They have no “functional” imaging features such as doubling time to diagnose slow-growing cancers, tissue identification and specific tissue volume segmentations. There is poor reproducibility of their measurement and volume data thus they cannot follow cancer treatments or do breast density measurements.

Very few companies undertake or sponsor comparative clinical trials and what data is produced lacks clinical usefulness in terms of sensitivity and specificity. Other than Delphinus’ secondary screening trial that we are aware of, many companies have failed to do head-to-head trials against mammography for primary screening. In their current iterations their technologies are not able to do body or orthopedic imaging for future growth and development.

Of critical importance in comparing QT Imaging's devices against other devices are factors such as their lack of FDA clearances for general screening, their lack of comparative trials for primary breast cancer screening, and the fact that their clinical resolution, presence of artifacts, and sensitivity and specificity data are not clinically useful.

Manufacturing

QT Imaging products are manufactured in Novato, California (San Francisco Bay Area). The products are designed under the FDA's design control guidelines and manufactured in accordance with QT Imaging's quality management system.

The QT Imaging devices are made up of custom designed components and off-the-shelf components, both of each are supplied by QT Imaging's approved vendors in the U.S.

Currently all subassemblies are manufactured at QT Imaging and verified prior to the final assembly of the device. The controls software and image reconstruction software are loaded on the imaging devices at QT Imaging's facility in Novato. Prior to shipping, 100% of the products are verified for functionality, performance, and safety.

QT Imaging intends to scale up its production by initially using contract manufacturers (*CM*) for building subassemblies. To further increase production throughput, QT Imaging intends to engage CMs to build complete units, where QT Imaging personnel will be responsible for final software loading (at the CM site) and verification of the completed system.

The suppliers that QT Imaging purchases from and engages with are limited to those that are approved by our Quality Assurance department, which maintains an Approved Supplier List. QT Imaging categorizes suppliers into three groups: (i) non-critical, (ii) important, and (iii) critical. For example, our "non-critical" suppliers include general distributors and/or suppliers of commercially available "off-the-shelf" items such as mechanical and electrical standard hardware, blank label stock, seals and labeling pouches, and our "important" suppliers include custom component suppliers, test facility providers and consultants.

Before a supplier is classified as "critical," QT Imaging assesses the supplier's: (a) specific or proprietary core competencies, (b) tooling costs and lead time, and (c) product delivery lead time. Any supplier whose processes or products are required by QT Imaging to be validated are classified as "critical." Another factor that QT Imaging considers is the lead time to approve an alternative supplier. As of the date of this proxy statement/prospectus, although there are various suppliers in the U.S. and abroad that can produce high quality ultrasound transducers for QT Imaging, QT Imaging has only engaged in the supplier validation and approval process with one such supplier which manufactures ultrasound transducer subcomponents in accordance with QT Imaging's specifications. Because QT Imaging has validated this supplier, but has not undertaken the significant commitment of resources to validate and approve other such suppliers of ultrasound transducers, despite the fact that QT Imaging could choose to do so, it considers this supplier as being "critical" on our Approved Supplier List but not a principal supplier. In addition, as of the date of this proxy statement/prospectus, QT Imaging does not have written agreements in place with this critical supplier, and is operating under an individual purchase order platform, on an as-needed-basis; however, QT Imaging may enter into such agreements in the future.

Key Agreements

Distribution Agreement with Innovador Healthcare (Asia) Pte. Ltd.

Pursuant to the Innovador Distribution Agreement between QT Imaging and Innovador, dated November 2, 2022, Innovador was appointed as QT Imaging's distributor for much of Asia. The territory for the Innovador Distribution Agreement includes Singapore, Malaysia, Thailand, Indonesia, Philippines, Myanmar, Vietnam, Cambodia, Laos, Brunei, India, Pakistan, Sri Lanka, Bangladesh, Nepal, Mongolia, Taiwan, Hong Kong, and

Macau. Under the Innovador Distribution Agreement, QT Imaging is responsible for developing and manufacturing its products and supporting Innovador's product registration and sales and marketing efforts, and Innovador is responsible for product registration, market development, sales & marketing, distribution, and service of the QT Imaging products. Under the Innovador Distribution Agreement, Innovador provides QT Imaging with nonbinding forecasts of the volume of QT Imaging's products it expects to sell each year. Innovador takes possession of any machines it purchases.

The initial term of the Innovador Distribution Agreement is three years. Either party may terminate the Innovador Distribution Agreement if the counterparty breaches the agreement, engages in fraudulent conduct, becomes insolvent or is adjudicated bankrupt, or fails to function as a viable and operative concern or to conduct its operations in the normal course of business.

Distribution Agreement with Freedom Ventures B.V.

In December 2020, QT Imaging entered into a Freedom Ventures Distribution Agreement with Freedom Ventures. The initial territory for the Freedom Ventures Distribution Agreement included Belgium, Bulgaria, Cyprus, Denmark, Germany, Finland, France, Greece, Hungary, Ireland, Italy, Croatia, Lithuania, Luxembourg, Malta, the Netherlands, Austria, Poland, Portugal, Romania, Slovenia, Slovakia, Spain, the Czech Republic, Sweden, the United Kingdom, Bahrain, Egypt, Iraq, Iran, Israel, Yemen, Jordan, Kuwait, Lebanon, Oman, Palestine, Qatar, Saudi Arabia, Syria, Turkey, and the United Arab Emirates. However, the Freedom Ventures Distribution Agreement stipulates that if Freedom Ventures has not purchased a machine for any country within 24 months of the entry into the agreement, that such country shall cease to be included in the territory. As of December 31, 2022, Freedom Ventures had only purchased a machine for the Netherlands. In addition, under the Freedom Ventures Distribution Agreement, Freedom Ventures committed to purchase four demonstration units by December 31, 2021 and committed to certain performance minimums which have not been met. However, QT Imaging continues to work with Freedom Ventures in Egypt, Kuwait, and the UAE and has not set up alternate distribution arrangements in the other countries.

Under the Freedom Ventures Distribution Agreement, QT Imaging appointed Freedom Ventures as the exclusive distributor of QT Imaging products in the defined territory and agreed to sell Freedom Ventures components or manufactured machines. QT Imaging has the right to set prices for such components or machines and agrees to pay Freedom Ventures a commission for machines Freedom Ventures sells in the territory. In addition, under the terms of the Freedom Ventures Distribution Agreement, Freedom Ventures agreed to market, sell, distribute, and support the QT Imaging products in the territory, as well as secure regulatory approval required to do so.

The Freedom Ventures Distribution Agreement had an initial five-year term. Each party has the right to terminate the Freedom Ventures Distribution Agreement for cause, with QT Imaging also having the right to terminate if Freedom Ventures breaches its payment obligations; and Freedom Ventures having the right to terminate if QT Imaging breaches its quality standards; and either party having the right to terminate if the other party becomes the subject of a voluntary or involuntary petition in bankruptcy or proceeding relating to insolvency, receivership, liquidation, or composition for the benefit of creditors; or the other party is merged or consolidated, sells all or substantially all of its assets, or is subject to any substantial change in management or control. Either party may terminate the Freedom Ventures Distribution Agreement if QT Imaging has not received within 18 months of entry into the Freedom Ventures Distribution Agreement the CE Mark, which has not occurred.

Sales Agent Agreement with NXC Imaging

On May 31, 2023, QT Imaging entered into the NXC Agreement with NXC, pursuant to which QT Imaging appointed NXC as the non-exclusive agent for the sale of QT Imaging products and services in non-exclusive territories: the U.S., U.S. territories, and U.S. Department of Defense installations. Additionally, NXC was

appointed as the exclusive servicer of QT Imaging products sold by NXC under the terms of the NXC Agreement.

Under the NXC Agreement, QT Imaging has the right to set the price for its products and agreed to pay NXC a commission based on the purchase order price charged to a customer. Pursuant to the NXC Agreement, NXC is responsible for promotion and sale of the QT Imaging products and services within the designated territory, as well as servicing the QT Imaging products sold by NXC Imaging.

The initial term of the NXC Agreement is for three years. Either party may terminate the NXC Agreement if the counterparty breaches the agreement. NXC has the right to terminate the NXC Agreement if QT Imaging fails to pay commission due to NXC under the terms of the NXC Agreement, and QT Imaging has the right to terminate the NXC Agreement if NXC challenges, assists a third party in challenging or directly or indirectly aids another party in infringing QT Imaging's intellectual property rights. QT Imaging and NXC may each terminate the NXC Agreement at any time, with or without cause, by providing a 90 day written notice to the other party.

Government Regulation

Our existing product, the QT Breast Scanner, products under development, and our operations will be subject to extensive regulation by the FDA, and other federal and state authorities in the U.S., as well as comparable authorities in foreign jurisdictions. Our products do not emit radiation, but are subject to regulation as medical devices in the U.S. under the FDCA and as implemented and enforced by the FDA, and under comparable regulatory schemes in foreign jurisdictions.

FDA Regulation of Medical Devices

The FDA regulates the development, design, non-clinical and clinical research, manufacturing, safety, efficacy, labeling, packaging, storage, installation, servicing, recordkeeping, premarket clearance or approval, adverse event reporting, advertising, promotion, marketing and distribution, and import and export of medical devices to ensure that medical devices distributed within the U.S. are safe and effective for their intended uses and otherwise meet the requirements of the FDCA.

FDA Premarket Clearance and Approval Requirements

Subject to certain exceptions, each medical device commercially distributed in the U.S. requires either FDA clearance of a 510(k) premarket notification, or approval of a PMA application. Under the FDCA, medical devices are classified into one of three classes—Class I, Class II or Class III—depending on the degree of risk associated with each medical device and the extent of manufacturer and regulatory control needed to ensure its safety and effectiveness. Class I includes devices with the lowest risk to the patient and are those for which safety and effectiveness can be assured by adherence to the FDA’s General Controls for medical devices, which include compliance with the applicable portions of QSR, facility registration and product listing, reporting of adverse medical events and truthful and non-misleading labeling, advertising and promotional materials. Class II devices are subject to the FDA’s General Controls, and special controls as deemed necessary by the FDA to ensure the safety and effectiveness of the device. These special controls can include performance standards, post-market surveillance, patient registries and FDA guidance documents.

While most Class I devices are exempt from the 510(k) premarket notification requirement, manufacturers of most Class II devices are required to submit to the FDA a premarket notification under Section 510(k) of the FDCA requesting permission to commercially distribute the device. The FDA’s permission to commercially

distribute a device subject to a 510(k) premarket notification is generally known as 510(k) clearance. Devices deemed by the FDA to pose the greatest risks, such as life sustaining, life supporting or some implantable devices, or devices that have a new intended use, or use advanced technology that is not substantially equivalent to that of a legally marketed device, are placed in Class III, requiring approval of a PMA. Some pre-amendment devices are unclassified, but are subject to the FDA's premarket notification and clearance process in order to be commercially distributed.

510(k) Clearance Marketing Pathway

The current QT Breast Scanner is a Class II device, and we expect products under development such as the QT Infant Scanner and the QT Orthopedic Scanner will also be Class II devices subject to premarket notification and clearance under section 510(k) of the FDCA. To obtain 510(k) clearance, we must submit to the FDA a premarket notification submission demonstrating that the proposed device is "substantially equivalent" to a predicate device already on the market. A predicate device is a legally marketed device that is not subject to premarket approval, i.e., a device that was legally marketed prior to May 28, 1976 (pre-amendments device), and for which a PMA is not required, a device that has been reclassified from Class III to Class II or I, or a device that was found substantially equivalent through the 510(k) process. The FDA's 510(k) clearance process usually takes from three to twelve months, but often takes longer. The FDA may require additional information, including clinical data, to make a determination regarding substantial equivalence. In addition, the FDA collects user fees for certain medical device submissions and annual fees and for medical device establishments. For fiscal year 2023, the small business user fee for a 510(k) premarket notification application is \$4,967. If the FDA agrees that the device is substantially equivalent to a predicate device currently on the market, it will grant 510(k) clearance to commercially market the device. If the FDA determines that the device is "not substantially equivalent" to a previously cleared device, the device is automatically designated as a Class III device. The device sponsor must then fulfill more rigorous PMA requirements, or can request a risk-based classification determination for the device in accordance with the "de novo" process, which is a route to market for novel medical devices that are low to moderate risk and are not substantially equivalent to a predicate device.

After a device receives 510(k) marketing clearance, any modification that could significantly affect its safety or effectiveness, or that would constitute a major change or modification in its intended use, will require a new 510(k) clearance or, depending on the modification, PMA approval or *de novo* reclassification. The FDA requires each manufacturer to determine whether the proposed change requires submission of a 510(k), *ade novo* request or a PMA in the first instance, but the FDA can review any such decision and disagree with a manufacturer's determination. If the FDA disagrees with a manufacturer's determination, the FDA can require the manufacturer to cease marketing and/or request the recall of the modified device until 510(k) marketing clearance or until PMA approval is obtained or a *de novo* request is granted. Also, in these circumstances, the manufacturer may be subject to significant regulatory fines or penalties.

Over the last several years, the FDA has proposed reforms to its 510(k) clearance process, and such proposals could include increased requirements for clinical data and a longer review period, or could make it more difficult for manufacturers to utilize the 510(k) clearance process for their products. For example, in November 2018, the FDA officials announced forthcoming steps that the FDA intends to take to modernize the premarket notification pathway under Section 510(k) of the FDCA. Among other things, the FDA announced that it planned to develop proposals to drive manufacturers utilizing the 510(k) pathway toward the use of newer predicates. These proposals included plans to potentially sunset certain older devices that were used as predicates under the 510(k) clearance pathway, and to potentially publish a list of devices that have been cleared on the basis of demonstrated substantial equivalence to predicate devices that are more than 10 years old. In May 2019, the FDA solicited public feedback on these proposals. The FDA requested public feedback on whether it should consider certain actions that might require new authority, such as whether to sunset certain older devices that were used as predicates under the 510(k) clearance pathway. These proposals have not yet been finalized or adopted, and the FDA may work with Congress to implement such proposals through legislation.

More recently, in September 2019, the FDA finalized guidance describing an optional “safety and performance based” premarket review pathway for manufacturers of “certain, well-understood device types” to demonstrate substantial equivalence under the 510(k) clearance pathway by showing that such device meets objective safety and performance criteria established by the FDA, thereby obviating the need for manufacturers to compare the safety and performance of their medical devices to specific predicate devices in the clearance process. The FDA intends to develop and maintain a list of device types appropriate for the “safety and performance based” pathway and will continue to develop product-specific guidance documents that identify the performance criteria for each such device type, as well as the testing methods recommended in the guidance documents, where feasible.

PMA Approval Pathway

If any of our products are classified as Class III, they will be subject to a PMA approval process. At this time, we believe, but cannot be certain, that our devices will be approved under Class II, thus avoiding the time consuming and expensive PMA approval pathway. Class III devices require PMA approval before they can be marketed, although some pre-amendment Class III devices for which the FDA has not yet required a PMA are cleared through the 510(k) process. The PMA process is more demanding than the 510(k) premarket notification process. In a PMA, the manufacturer must demonstrate that the device is safe and effective, and the PMA must be supported by extensive data, including data from preclinical studies and human clinical trials. The PMA must also contain a full description of the device and its components, a full description of the methods, facilities and controls used for manufacturing and proposed labeling. Following receipt of a PMA, the FDA determines whether the application is sufficiently complete to permit a substantive review. If the FDA accepts the application for review, it has 180 days under the FDCA to complete its review of a PMA, although in practice, the FDA’s review often takes significantly longer, and can take up to several years. An advisory panel of experts from outside the FDA may be convened to review and evaluate the application and provide recommendations to the FDA as to the approvability of the device. The FDA may or may not accept the panel’s recommendation. In addition, the FDA will generally conduct a pre-approval inspection of the applicant or its third-party manufacturers’ or suppliers’ manufacturing facility or facilities to ensure compliance with the QSR. PMA devices are also subject to the payment of user fees, which for fiscal year 2023 includes a standard small business application fee of \$110,387 and an annual establishment registration fee of \$6,493.

The FDA will approve the new device for commercial distribution if it determines that the data and information in the PMA constitute valid scientific evidence and that there is reasonable assurance that the device is safe and effective for its intended use(s). The FDA may approve a PMA with post-approval conditions intended to ensure the safety and effectiveness of the device, including, among other things, restrictions on labeling, promotion, sale and distribution and collection of long-term follow-up data from patients in the clinical study that supported PMA approval or requirements to conduct additional clinical studies post-approval. The FDA may condition PMA approval on some form of post-market surveillance when deemed necessary to protect the public health or to provide additional safety and efficacy data for the device in a larger population or for a longer period of use. In such cases, the manufacturer might be required to follow certain patient groups for a number of years and to make periodic reports to the FDA on the clinical status of those patients. Failure to comply with the conditions of approval can result in material adverse enforcement action, including withdrawal of the approval.

Certain changes to an approved device, such as changes in manufacturing facilities, methods or quality control procedures, or changes in the design performance specifications, which affect the safety or effectiveness of the device, require submission of a PMA supplement. PMA supplements often require submission of the same type of information as a PMA, except that the supplement is limited to information needed to support any changes from the device covered by the original PMA and may not require as extensive clinical data or the convening of an advisory panel. Certain other changes to an approved device require the submission of a new PMA, such as when the design change causes a different intended use, mode of operation, and technical basis of operation, or when the design change is so significant that a new generation of the device will be developed, and

the data that were submitted with the original PMA are not applicable for the change in demonstrating a reasonable assurance of safety and effectiveness. We do not currently expect any of our products to be marketed pursuant to a PMA.

Clinical Trials

Clinical trials are almost always required to support a PMA and are sometimes required to support a 510(k) submission. All clinical investigations of devices to determine safety and effectiveness must be conducted in accordance with the FDA's investigational device exemption ("*IDE*") regulations which govern investigational device labeling, prohibit promotion of the investigational device and specify an array of recordkeeping, reporting and monitoring responsibilities of study sponsors and study investigators. If the device presents a "significant risk" to human health, as defined by the FDA, the FDA requires the device sponsor to submit an IDE application to the FDA, which must become effective prior to commencing human clinical trials. If the device under evaluation does not present a significant risk to human health, then the device sponsor is not required to submit an IDE application to the FDA before initiating human clinical trials, but must still comply with abbreviated IDE requirements when conducting such trials. A significant risk device is one that presents a potential for serious risk to the health, safety or welfare of a patient and either is implanted, used in supporting or sustaining human life, substantially important in diagnosing, curing, mitigating or treating disease or otherwise preventing impairment of human health, or otherwise presents a potential for serious risk to a subject. An IDE application must be supported by appropriate data, such as animal and laboratory test results, showing that it is safe to test the device in humans and that the testing protocol is scientifically sound. The IDE will automatically become effective 30 days after receipt by the FDA unless the FDA notifies the Company that the investigation may not begin. If the FDA determines that there are deficiencies or other concerns with an IDE for which it requires modification, the FDA may permit a clinical trial to proceed under a conditional approval.

Regardless of the degree of risk presented by the medical device, clinical studies must be approved by, and conducted under the oversight of, an Institutional Review Board ("*IRB*") for each clinical site. The IRB is responsible for the initial and continuing review of the IDE, and may pose additional requirements for the conduct of the study. If an IDE application is approved by the FDA and one or more IRBs, human clinical trials may begin at a specific number of investigational sites with a specific number of patients, as approved by the FDA. If the device presents a non-significant risk to the patient, a sponsor may begin the clinical trial after obtaining approval for the trial by one or more IRBs without separate approval from the FDA, but must still follow abbreviated IDE requirements, such as monitoring the investigation, ensuring that the investigators obtain informed consent and labeling and record-keeping requirements. Acceptance of an IDE application for review does not guarantee that the FDA will allow the IDE to become effective and, if it does become effective, the FDA may or may not determine that the data derived from the trials support the safety and effectiveness of the device or warrant the continuation of clinical trials. An IDE supplement must be submitted to, and approved by, the FDA before a sponsor or investigator may make a change to the investigational plan that may affect its scientific soundness, study plan or the rights, safety or welfare of human subjects.

During a study, the sponsor is required to comply with the applicable FDA requirements, including, for example, trial monitoring, selecting clinical investigators and providing them with the investigational plan, ensuring IRB review, adverse event reporting, record keeping and prohibitions on the promotion of investigational devices or on making safety or effectiveness claims for them. The clinical investigators in the clinical study are also subject to FDA regulations and must obtain patient informed consent, rigorously follow the investigational plan and study protocol, control the disposition of the investigational device and comply with all reporting and recordkeeping requirements. Additionally, after a trial begins, we, the FDA or the IRB could suspend or terminate a clinical trial at any time for various reasons, including a belief that the risks to study subjects outweigh the anticipated benefits.

Post-Market Regulation

After a device is cleared or approved for marketing, numerous and pervasive regulatory requirements continue to apply. These include:

- establishment registration and device listing with the FDA;
- QSR requirements, which require manufacturers, including third-party manufacturers, to follow stringent design, testing, control, documentation and other quality assurance procedures during all aspects of the design and manufacturing process;
- labeling regulations and FDA prohibitions against the promotion of investigational products, or the promotion of “off-label” uses of cleared or approved products;
- requirements related to promotional activities;
- clearance or approval of product modifications to 510(k)-cleared devices that could significantly affect safety or effectiveness or that would constitute a major change in intended use of one of our cleared devices, or approval of certain modifications to PMA-approved devices;
- medical device reporting regulations, which require that a manufacturer report to the FDA if a device it markets may have caused or contributed to a death or serious injury, or has malfunctioned and the device or a similar device that it markets would be likely to cause or contribute to a death or serious injury, if the malfunction were to recur;
- correction, removal and recall reporting regulations, which require that manufacturers report to the FDA field corrections and product recalls or removals if undertaken to reduce a risk to health posed by the device or to remedy a violation of the FDCA that may present a risk to health;
- the FDA’s recall authority, whereby the agency can order device manufacturers to recall from the market a product that is in violation of governing laws and regulations; and post-market surveillance activities and regulations, which apply when deemed by the FDA to be necessary to protect the public health or to provide additional safety and effectiveness data for the device.

Our manufacturing processes are required to comply with the applicable portions of the QSR, which cover the methods and the facilities and controls for the design, manufacture, testing, production, processes, controls, quality assurance, labeling, packaging, distribution, installation and servicing of finished devices intended for human use. The QSR also requires, among other things, maintenance of a device master file, device history file and complaint files. As a manufacturer, we will be subject to periodic scheduled or unscheduled inspections by the FDA. Our failure to maintain compliance with the QSR requirements could result in the shut-down of, or restrictions on, our manufacturing operations and the recall or seizure of our products, which would have a material adverse effect on our business. The discovery of previously unknown problems with any of our products, including unanticipated adverse events or adverse events of increasing severity or frequency, whether resulting from the use of the device within the scope of its clearance or off-label by a physician in the practice of medicine, could result in restrictions on the device, including the removal of the product from the market or voluntary or mandatory device recalls.

The FDA has broad regulatory compliance and enforcement powers. If the FDA determines that we failed to comply with applicable regulatory requirements, it can take a variety of compliance or enforcement actions, which may result in any of the following sanctions:

- warning letters, untitled letters, fines, injunctions, consent decrees and civil penalties;
- recalls, withdrawals or administrative detention or seizure of our products;
- operating restrictions or partial suspension or total shutdown of production;
- withdrawing 510(k) clearances or PMA approvals that have already been granted;

- refusal to grant export approvals for our products; or
- criminal prosecution.

Healthcare Regulatory Laws

Within the U.S., our products and our customers will be subject to extensive regulation by a wide range of federal and state agencies that govern business practices in the medical device industry. These laws include federal and state anti-kickback, fraud and abuse, false claims, transparency and anti-corruption statutes and regulations. Internationally, other governments also impose regulations in connection with their healthcare reimbursement programs and the delivery of healthcare items and services.

U.S. federal healthcare fraud and abuse laws will generally apply to our activities, among other reasons because we expect that our products will be covered under federal healthcare programs such as Medicare and Medicaid. The Anti-Kickback Statute is particularly relevant because of its broad applicability. Specifically, the Anti-Kickback Statute prohibits persons from knowingly and willfully soliciting, offering, receiving or providing remuneration, directly or indirectly, in exchange for, or to induce, either the referral of an individual, or the furnishing, arranging for or recommending a good or service for which payment may be made in whole or part under federal healthcare programs, such as the Medicare and Medicaid programs. Almost any financial interaction with a healthcare provider, patient or customer will implicate the Anti-Kickback Statute. Statutory exceptions and regulatory safe harbors protect certain interactions if specific requirements are met. However, only those interactions that represent fair market value exchanges generally are protected by a safe harbor or exception. The government can exercise enforcement discretion in taking action against unprotected activities. Further, a person or entity does not need to have actual knowledge of the Anti-Kickback Statute or specific intent to violate it in order to have committed a violation. In addition, the government may assert that a claim including items or services resulting from a violation of the federal Anti-Kickback Statute constitutes a false or fraudulent claim for purposes of the federal False Claims Act or federal civil money penalties statute. Penalties for Anti-Kickback Statute violations may include both criminal penalties such as imprisonment and civil sanctions such as fines, imprisonment and possible exclusion from Medicare, Medicaid and other federal healthcare programs. Exclusion would mean that diagnostic tests using our products would no longer be eligible for reimbursement under federal healthcare programs.

Many states have adopted laws similar to the Anti-Kickback Statute. Some of these state prohibitions apply to referral of patients for healthcare items or services reimbursed by any payor, not only federal healthcare programs. Insurance companies may also bring a private cause of action for treble damages against a manufacturer for a pattern of causing false claims to be filed under the federal Racketeer Influenced and Corrupt Organizations Act.

Another development affecting the healthcare industry is the increased use of the federal Civil False Claims Act and, in particular, actions brought pursuant to the False Claims Act's "whistleblower" or "qui tam" provisions. The False Claims Act imposes liability on any person or entity that, among other things, knowingly presents, or causes to be presented, a false or fraudulent claim for payment by a federal healthcare program. The qui tam provisions of the False Claims Act allow a private individual to bring actions on behalf of the federal government alleging that the defendant has submitted a false claim to the federal government, and to share in any monetary recovery. In recent years, the number of suits brought against healthcare providers by private individuals has increased dramatically. In addition, various states have enacted false claim laws analogous to the Civil False Claims Act, although many of these state laws apply where a claim is submitted to any third-party payor and not merely a federal healthcare program.

HIPAA, among other things, created two new federal crimes: healthcare fraud and false statements relating to healthcare matters. The HIPAA healthcare fraud statute prohibits, among other things, knowingly and willfully executing, or attempting to execute, a scheme to defraud any healthcare benefit program, including private

payors. A violation of this statute is a felony and may result in fines, imprisonment and/or exclusion from government-sponsored programs. The HIPAA false statements statute prohibits, among other things, knowingly and willfully falsifying, concealing or covering up a material fact or making any materially false, fictitious or fraudulent statement or representation in connection with the delivery of or payment for healthcare benefits, items or services. A violation of this statute is a felony and may result in fines and/or imprisonment. Similar to the federal Anti-Kickback Statute, a person or entity does not need to have actual knowledge of the statutes or specific intent to violate them in order to have committed a violation.

Laws and regulations have also been enacted by the federal government and various states to regulate the sales and marketing practices of medical device and pharmaceutical manufacturers. The laws and regulations generally limit financial interactions between manufacturers and healthcare providers, require pharmaceutical and medical device companies to comply with voluntary compliance standards issued by industry associations and the relevant compliance guidance promulgated by the U.S. federal government and/or require disclosure to the government and/or public of financial interactions (so-called "sunshine laws"). Many of these laws and regulations contain ambiguous requirements or require administrative guidance for implementation. Manufacturers must adopt reasonable interpretations of requirements if there is ambiguity and those interpretations could be challenged. Given the lack of clarity in laws and their implementation, our activities could be subject to the penalty provisions of the pertinent federal and state laws and regulations.

Coverage and Reimbursement

Over the past few years, the growth rate of advanced imaging volumes has slowed in part due to additional patient-related cost-sharing programs and an increasing trend of third-party payors intensifying their utilization management efforts, for example, through benefit managers who require prior authorizations to control the growth rate of imaging services generally. We expect that these trends will continue.

By way of example, in the U.S., the Protecting Access to Medicare Act of 2014 required CMS, in conjunction with medical specialty societies, to adopt AUC for certain advanced diagnostic imaging services, including MRI, CT, nuclear medicine (including PET). Beginning in 2020, payment is made to the furnishing professional for an applicable advanced diagnostic imaging service only if the claim indicates that the ordering professional consulted a qualified clinical decision support mechanism, as identified by HHS, as to whether the ordered service adheres to the applicable AUC. Applicable settings include physician offices, hospital outpatient departments, including emergency departments, ambulatory surgical centers and independent diagnostic testing facilities. Advanced imaging services ordered by certain physicians identified as having outlier-ordering partners will be subject to prior authorization for applicable imaging services provided to Medicare beneficiaries. The outlier methodology used by CMS will be subject to future notice and comment rulemaking before the prior authorization component is implemented. We cannot predict the full impact of this project.

Third-party payors may impose limits on coverage or reimbursement for diagnostic imaging services, including denying reimbursement for tests that do not follow recommended diagnostic procedures or can only be billed using an unlisted or miscellaneous code. To the extent our customers will depend on third-party payors, unfavorable coding, coverage and reimbursement policies may constrict the profit margins of our provider customers, which may force us to lower our fees to attract and retain customers. If we are required to request new billing codes that more precisely identify and describe our imaging services, coverage is limited or reimbursement rates are inadequate, a healthcare provider might find it financially unattractive to own diagnostic imaging systems. It is possible that third-party payor coding, coverage and reimbursement policies will affect the need or prices for our products in the future, which could significantly affect our financial performance and our ability to conduct our business.

Healthcare Reform

In the U.S. and certain foreign jurisdictions, there have been, and we expect there will continue to be, a number of legislative and regulatory changes to the healthcare system. In March 2010, the ACA was signed into

law and substantially changed the way healthcare is financed by both governmental and private insurers in the United States. The ACA contains a number of provisions, including those governing enrollment in federal healthcare programs, reimbursement adjustments and fraud and abuse changes. Additionally, the ACA imposed, among other things, a new federal excise tax on the sale of certain medical devices, which, through a series of legislative amendments, was suspended, effective January 1, 2016, and subsequently repealed altogether on December 20, 2019, provided incentives to programs that increase the federal government's comparative effectiveness research and implemented payment system reforms including a national pilot program on payment bundling to encourage hospitals, physicians and other providers to improve the coordination, quality and efficiency of certain healthcare services through bundled payment models. Since its enactment, there have been judicial and Congressional challenges to certain aspects of the ACA, and we expect there will be additional challenges and amendments to the ACA in the future.

Since its enactment, there have been judicial and Congressional challenges to certain aspects of the ACA, and we expect there will be additional challenges and amendments to the ACA in the future. By way of example, in 2017, Congress enacted the TCJA, which eliminated the tax-based shared responsibility payment imposed by the ACA on certain individuals who fail to maintain qualifying health coverage for all or part of a year that is commonly referred to as the "individual mandate." On December 14, 2018, a Texas U.S. District Court Judge ruled that the individual mandate is a critical and inseparable feature of the ACA, and therefore, because it was repealed as part of the TCJA, the remaining provisions of the ACA are invalid as well. On December 18, 2019, the U.S. Court of Appeals for the 5th Circuit ruled that the individual mandate was unconstitutional and remanded the case back to the District Court to determine whether the remaining provisions of the ACA are invalid as well. However, the decision of the U.S. Court of Appeals for the 5th Circuit was appealed to the U.S. Supreme Court. On June 17, 2021, the U.S. Supreme Court held that the states that initially commenced the challenge to the ACA didn't have standing to challenge the law, effectively ending this challenge. But it remains possible that future challenges to the ACA may be brought, and it is unclear how any future decisions and other efforts to repeal and replace the ACA will impact the ACA.

Other legislative changes have been proposed and adopted in the United States since the ACA was enacted, including aggregate reductions of Medicare payments to providers of 2% per fiscal year and reduced payments to several types of Medicare providers. We believe the overall escalating cost of medical products and services being paid for by the government and private health insurance has led to, and will continue to lead to, increased pressures on the healthcare and medical device industry to reduce the costs of products and services.

Data Privacy and Security

Medical device companies may be subject to U.S. federal and state and foreign health information privacy, security and data breach notification laws, which may govern the collection, use, disclosure and protection of health-related and other personal information. In the U.S., HIPAA imposes privacy, security and breach reporting obligations with respect to individually identifiable health information upon "covered entities" (health plans, health care clearinghouses and certain health care providers), and their respective business associates, individuals or entities that create, receive, maintain or transmit protected health information in connection with providing a service for or on behalf of a covered entity. HIPAA and its respective implementing regulations, including the final omnibus rule published on January 25, 2013, imposes specified requirements relating to the privacy, security and transmission of individually identifiable health information. HIPAA mandates the reporting of certain breaches of health information to HHS, affected individuals and if the breach is large enough, the media. Entities that are found to be in violation of HIPAA as the result of a breach of unsecured protected health information ("PHI"), a complaint about privacy practices or an audit by HHS, may be subject to significant civil, criminal and administrative fines and penalties and/or additional reporting and oversight obligations if required to enter into a resolution agreement and corrective action plan with HHS to settle allegations of HIPAA non-compliance. The Health Information Technology and Clinical Health Act also increased the civil and criminal penalties that may be imposed against covered entities, business associates and possibly other persons, and gave state attorneys general new authority to file civil actions for damages or injunctions in federal courts to enforce the federal HIPAA laws and seek attorney's fees and costs associated with pursuing federal civil actions.

Even when HIPAA does not apply, according to the FTC, failing to take appropriate steps to keep consumers' personal information secure constitutes unfair acts or practices in or affecting commerce in violation of Section 5(a) of the Federal Trade Commission Act, 15 U.S.C. § 45(a). The FTC expects a company's data security measures to be reasonable and appropriate in light of the sensitivity and volume of consumer information it holds, the size and complexity of its business, and the cost of available tools to improve security and reduce vulnerabilities. Individually identifiable health information is considered sensitive data that merits stronger safeguards. The FTC's guidance for appropriately securing consumers' personal information is similar to what is required by the HIPAA Security Rule.

In addition, certain state and non-U.S. laws, such as the GDPR, govern the privacy and security of health information in certain circumstances, some of which are more stringent than HIPAA and many of which differ from each other in significant ways and may not have the same effect, thus complicating compliance efforts. Further, "business associates," defined as independent contractors or agents of covered entities that create, receive, maintain or transmit protected health information in connection with providing a service for or on behalf of a covered entity, are also subject to certain HIPAA privacy and security standards. Failure to comply with these laws, where applicable, can result in the imposition of significant civil and/or criminal penalties and private litigation. For example, California recently enacted legislation, the CCPA, which went into effect January 1, 2020. The CCPA, among other things, creates new data privacy obligations for covered companies and provides new privacy rights to California residents, including the right to opt out of certain disclosures of their information. The CCPA also creates a private right of action with statutory damages for certain data breaches, thereby potentially increasing risks associated with a data breach. Although the law includes limited exceptions, including for PHI maintained by a covered entity or business associate, it may regulate or impact our expected processing of personal information depending on the context. In Europe, the GDPR went into effect in May 2018 and introduces strict requirements for processing the personal data of European Union data subjects. Companies that must comply with the GDPR face increased compliance obligations and risk, including more robust regulatory enforcement of data protection requirements and potential fines for noncompliance of up to €20 million or 4% of the annual global revenues of the noncompliant company, whichever is greater. The State of Israel has also implemented data protection laws and regulations, including the Israeli Protection of Privacy Law of 1981.

Foreign Regulation

As we plan to market and deploy the QT Breast Scanner and products under development broadly across the globe, we will be subject to regulations applicable to medical and radiation-emitting devices in the jurisdictions in which we operate, which regulations vary among countries. While some countries' regulations may not impose barriers to marketing and selling our products or only require certain notification, others may require that we obtain the clearance, registration or approval of a specified regulatory body. The process for obtaining such clearance, registration or approvals may involve additional testing and time. Furthermore, complying with foreign regulatory requirements can be expensive and time-consuming, and we will need to seek for regulatory clearances or approvals in each country in which we plan to market our products. In addition, depending on the country, if we modify our products, we may need to apply for additional regulatory clearances or approvals before we are permitted to sell the modified product. Also, for maintaining our authorizations in a particular country, we will need to continue meeting quality and safety standards required in such country. QT Imaging may seek additional regulatory approvals outside of the U.S. but as of the date of this proxy statement/prospectus, we do not have sufficient information to determine when, if ever, QT Imaging will receive regulatory approval from any other jurisdictions.

Finally, while regulatory clearance or approval by the FDA does not ensure registration, clearance or approval by regulatory authorities in other countries, registration or regulatory clearance or approval in one country, or denial thereof, may have effects on the regulatory process in others.

Overview

We are a medical device company engaged in the research, development, and commercialization of innovative body imaging systems using low energy sound. We believe that medical imaging is critical to the detection, diagnosis, monitoring and treatment of diseases, and we believe that it should be made safe, affordable and accessible. Our goal is to improve global health outcomes by leveraging imaging device technologies to tackle critical healthcare challenges with accuracy and precision without exposure to ionizing radiation.

With nearly \$18 million in grants committed by the U.S. National Cancer Institute (part of the U.S. National Institutes of Health) to support the development of the QT Breast Scanner, QT Imaging has developed a body imaging technology that has a comparatively high resolution, sensitivity, specificity, and positive and negative predictive values. The technology is based on ultra-low frequency transmitted sound and uses a sound back-scatter design and inverse-scattering reconstruction to create its images.

Since our inception, we have devoted substantially all our financial resources to acquiring and developing the base technology for our body imaging systems, conducting research and development activities, securing related intellectual property rights, and for general corporate operations and growth. Our first product, the QT Breast Scanner, received FDA's 510(k) market clearance in 2017.

We have incurred significant operating losses since our inception. Our ability to achieve profitability depends on the successful development and commercialization of our technology and products. We incurred a net loss of \$4,588,900 for the nine months ended September 30, 2023. As of September 30, 2023, we had an accumulated deficit of \$16,260,094. We expect to continue to incur significant expenses as we seek expanded FDA clearance of the QT Breast Scanner as an alternative to screening mammography and incur commercialization expenses related to our product manufacturing, marketing, sales and distribution efforts. In addition, we plan to continue to incur significant expenses associated with the research, development and testing of our product candidates for orthopedic and pediatric imaging. Additional capital will be required to undertake these activities and commercialization efforts. We intend to raise the required capital through the proposed Merger, issuance of additional equity, borrowings and potentially strategic alliances with other companies.

Upon consummation of the proposed Merger, we expect to incur additional recurring administrative expenses associated with becoming a publicly traded company, including costs associated with compliance under the Exchange Act, annual and quarterly reports to shareholders, transfer agent fees, audit fees, incremental director and officer liability insurance costs, Sarbanes-Oxley Act compliance readiness, and director and officer compensation.

Recent Developments

On October 26, 2023, the QTI Working Capital Note (as defined below) was amended to increase the outstanding principal amount to \$705,000 and extend the potential maturity date from December 1, 2023 to December 31, 2023.

On November 10, 2023, the Company, Merger Sub and GigCapital5 entered into the Third Amendment to Business Combination Agreement, which, among other things, amended certain definitions of the Business Combination Agreement.

On November 10, 2023, the Company entered into a Securities Purchase Agreement and raised a private secured convertible bridge financing in the aggregate amount of \$1,000,000 ("**Bridge Loan**") from certain investors ("**Bridge Lenders**") led by Meteora and collateralized by all assets of the Company. The notes from the Bridge Loan are interest-free but at the option of the holder, (a) can be repaid at the Closing of the Business Combination by the Combined Company in cash in the amount of \$240,000, or (b) is convertible immediately prior to the Closing of the Business Combination into such number of shares of QT Imaging Common Stock that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 500,000 shares of Combined Company Common Stock.

The Company and GigCapital5 also entered into the Stock Subscription Agreements dated November 10, 2023 with three of the Bridge Lenders as subscribers for the purchase of shares of QT Imaging Common Stock at an aggregate purchase price of \$3,000,000 in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock. Each subscriber will also receive that number of shares of QT Imaging Common Stock that upon the completion of the Business Combination will be exchanged for 50,000 shares of Combined Company Common Stock. In addition, as consideration for its services for the Stock Subscription Financing, Meteora will receive that number of shares of QT Imaging Common Stock that upon the completion of the Business Combination will be exchanged for 50,000 shares of Combined Company Common Stock.

On November 10, 2023, the Company entered into a Fourth Amendment and Termination Agreement ("**Fourth Amendment**") of the private placement agreement dated December 15, 2020 with US Capital Global Securities, LLC, an affiliate of USCG ("**US Capital**"). In conjunction with this Fourth Amendment, the Company, USCG, and Meteora executed a subordination agreement (the "**USCG Subordination**") whereby the Company granted USCG a warrant to purchase 25,000 shares of the Company's common stock with a strike price of \$2.50 in exchange for subordinating their senior secured position to Meteora. US Capital was also issued a \$200,000 senior secured convertible promissory note by the Company as part of the Bridge Loan to terminate the private placement agreement on a go forward basis, a warrant to purchase 35,329 shares of QT Imaging Common Stock with a strike price of \$2.50 and was entitled to a commission payable of \$20,000 in connection with the Bridge Loan.

On November 10, 2023, two holders of the 2020 Notes converted a total outstanding balance of \$200,000 plus \$33,644 of accrued interest into 100,000 shares of common stock of the Company.

On November 15, 2023, the Company entered into a Standby Equity Purchase Agreement with GigCapital5 and Yorkville, pursuant to which, upon the closing of the Business Combination, the Combined Company can sell to Yorkville up to \$50.0 million of Combined Company Common Stock at the Combined Company's request any time during the 36 months following the closing of the Business Combination. In addition, the Combined Company can also request a Pre-Paid Advance from Yorkville up to an amount of \$10.0 million at the Closing of the Business Combination as evidenced by the Yorkville Note. As consideration for the Pre-Paid Advance, immediately prior to, and substantially concurrently with, the Closing of the Business Combination, the Company will issue to Yorkville that number of shares of the Company which will further convert in the aggregate into 1,000,000 shares of Combined Company Common Stock upon the completion of the Business Combination.

On November 22, 2023, the Company, Merger Sub and GigCapital5 entered into the Fourth Amendment to Business Combination Agreement which extended the Outside Date (as defined in the Business Combination Agreement) from December 31, 2023 to March 31, 2024.

Components of Our Results of Operations

Revenue

Revenue consists of revenue from the sale of our products including the QT Breast Scanner, accessories, and related services, which are primarily training and maintenance. For sales of products (which include the QT Breast Scanner and any accessories), revenue is recognized when a customer obtains control of the promised goods. The amount of revenue recognized reflects the consideration the Company expects to be entitled to receive in exchange for these goods. Service revenue is generally related to maintenance and training the customer. Service revenue is recognized at the time the related performance obligation is satisfied, in an amount that reflects the consideration that the Company expects to receive in exchange for those services.

Cost of Revenue

Cost of revenue consists of our product costs, including manufacturing costs, personnel costs and benefits, duties and other applicable importing costs, shipping and handling costs, packaging, warranty replacement costs, fulfillment costs and inventory obsolescence and write-offs. We expect our cost of revenue to increase in absolute dollars and decrease as a percentage of revenues over time as we shift to new manufacturing processes and vendors that we anticipate will result in greater efficiency and lower per unit costs.

We expect we will continue to invest additional resources into our products to expand and further develop our offerings. The level and timing of investment in these areas could affect our cost of revenue in the future.

Operating Expenses

Research and Development Expenses

Research and development expenses consist primarily of costs incurred in connection with the research and development of our products, which include payroll and payroll related expenses, facilities costs, depreciation expense, materials and supplies, and consultant costs.

We expense all research and development costs in the periods in which such costs are incurred. Research and development activities are central to our business. We expect that our research and development expenses will increase substantially for the foreseeable future as we continue to invest in the development of the QT Breast Scanner and devote significant resources to the research and development of the full-body scanner product candidate intended for orthopedic and pediatric use.

As of the date of this proxy statement/prospectus, we cannot reasonably determine the nature, timing and costs of the efforts that will be necessary to complete the enhancements of the QT Breast Scanner, or estimate the

nature, timing and costs that will be necessary to complete the development of, and obtain regulatory approval for, the full-body scanner product candidate. The process of conducting the necessary research and development to obtain regulatory approval of a product candidate is costly and time-consuming, and the successful development of our product candidates is highly uncertain. Our research and development expenses may vary significantly based on factors such as, without limitation:

- The timing and progress of development activities;
- Our ability to maintain our current research and development programs and to establish new ones;
- The receipt of regulatory approvals from applicable regulatory authorities without the need for independent clinical trials or validation;
- Duration of subject participation in any trials and follow-ups;
- The countries and jurisdictions in which the trials are conducted;
- Length of time required to enroll eligible subjects and initiate trials;
- Per trial subject costs;
- Number of trials required for regulatory approval;
- The timing, receipt, and terms of any marketing approvals from applicable regulatory authorities;
- The success of our international distribution arrangements, and our ability to establish new licensing or collaboration arrangements;
- Establishing scale commercial manufacturing abilities or making arrangements with third-party manufacturers;
- The hiring and retention of research and development personnel;
- Obtaining, maintaining, defending, and enforcing intellectual property rights; and
- The phases of development of our product candidates.

Any changes in the outcome of any of these variables with respect to the development of our products or product candidates could significantly change the costs and timing associated with the development of these products and product candidates.

Selling and Marketing

Selling and marketing expenses include consulting expenses and costs for conferences, meetings, and other events. We expect our sales and marketing expenses to increase in absolute dollars in the long term as we continue to increase the size of our direct sales force and sales support personnel and expand into new products and markets. Our sales and marketing expenses are also anticipated to increase in the near term as we promote our brand through marketing and advertising initiatives, expand market presence and hire additional personnel to drive penetration and generate leads.

General and Administrative Expenses

General and administrative expenses consist primarily of personnel costs, costs related to maintenance and filings related to intellectual property, and other expenses for outside professional services, including legal, consulting, investor relations, audit and accounting services. Our personnel costs consist of salaries, benefits and stock-based compensation expenses. General and administrative expenses also include facilities, depreciation and other expenses, which include direct or allocated expenses for rent and maintenance of facilities and insurance.

We anticipate that our general and administrative expenses will increase to support our expanding headcount and operations, increased costs of operating as a public company following the completion of the

proposed Merger, the development of a commercial infrastructure to support commercialization of our products and product candidates, and the use of outside service providers such as insurers, consultants, lawyers, and accountants.

Revenue

Revenue decreased by \$671,490 to \$35,404 for the nine months ended September 30, 2023 from \$706,894 for the nine months ended September 30, 2022. The decrease in revenue was primarily attributable to the sale of two QT Breast Scanners in 2022 as compared with no scanners sold in 2023.

Cost of Revenue

Cost of revenue decreased by \$460,862 to \$73,497 for the nine months ended September 30, 2023 from \$534,359 for the nine months ended September 30, 2022. The decrease in cost of revenue was primarily attributable to the sale of two QT Breast Scanners in 2022 as compared with no scanners sold in 2023. During the nine months ended September 30, 2023, we recorded a charge of \$47,180 to record certain inventory to its net realizable value.

Operating Expenses

Research and Development Expenses

Research and development expenses decreased by \$784,526 to \$1,083,373 for the nine months ended September 30, 2023 from \$1,867,899 for the nine months ended September 30, 2022. The decrease in research and development expenses was primarily attributable to a decrease in professional services of \$412,697 as we paused a major component redesign of the QT Breast Scanner to preserve cash, a decrease of \$151,242 in depreciation and amortization, and an increase in research and development grant income of \$161,428.

Selling and Marketing Expenses

Selling and marketing expenses was not significant for the nine months ended September 30, 2023 and 2022.

General and Administrative Expenses

General and administrative expenses increased by \$742,815 to \$3,071,795 for the nine months ended September 30, 2023 from \$2,328,980 for the nine months ended September 30, 2022. The increase was due primarily to an increase in legal, audit, and tax expenses of \$839,714 related to the business combination process, partially offset by a decrease in employee compensation costs of \$186,344 due to one less headcount in 2023.

Revenue increased by \$343,096 to \$708,244 for the year ended December 31, 2022 from \$365,148 for the year ended December 31, 2021. The increase in revenue was primarily attributable to the sale of two QT Breast Scanners in 2022 as compared with one unit sold in 2021.

Cost of Revenue

Cost of revenue increased by \$296,357 to \$556,925 for the year ended December 31, 2022 from \$260,568 for the year ended December 31, 2021. expenses was primarily attributable to an increase of \$501,742 in employee compensation and professional services as we pursued a component redesign of the QT Breast Scanner to reduce manufacturing costs and reduce product complexity, partially offset by a decrease of \$278,535 in depreciation and amortization.

Selling and Marketing Expenses

Selling and marketing expenses decreased by \$18,773 to \$6,098 for the year ended December 31, 2022 from \$24,871 for the year ended December 31, 2021. The decrease was due to the Company not participating in a conference that it had previously attended in 2021.

General and Administrative Expenses

General and administrative expenses decreased by \$1,415,361 to \$3,545,429 for the year ended December 31, 2022 from \$4,960,790 for the year ended December 31, 2021. The decrease was due primarily to a decrease in stock-based compensation expense of \$1,727,763, and a decrease in audit and tax service fees of \$134,471 that was partially offset by an increase in legal and consulting expenses of \$421,815 related to the timing of the due diligence process in connection with the proposed Business Combination.

Liquidity and Capital Resources

Sources of Liquidity

To date, we have financed our operations primarily through the sale of equity securities, issuances of convertible notes, grants from the U.S. government, and other debt. Since our inception, we have incurred significant operating losses and negative cash flows. As of September 30, 2023 and December 31, 2022, we had an accumulated deficit of \$16,260,094 and \$11,671,194, respectively. As of September 30, 2023 and December 31, 2022, we had cash and restricted cash and cash equivalents of \$54,490 and \$475,076, respectively. Our primary uses of cash are for general working capital requirements, and capital expenditures. Cash flows from operations have been historically negative as we invested in product development, clinical trials, and manufacturing. We expect to be cash flow negative for the foreseeable future, although we may have quarterly results where cash flows from operations are positive.

We expect to continue to incur net losses in the near term, as we continue to invest in research and development of our products and product candidates, seek additional FDA clearances, and invest in sales and marketing efforts. Our ability to access capital when needed is not assured and, if capital is not available when, and in the amounts needed, we could be required to delay, scale back or abandon some or all of our development programs and other operations, which could materially harm our operations, financial condition and operating results. Our ability to raise additional funds may be adversely impacted by potential worsening global economic conditions and disruptions to, and volatility in, the credit and financial markets in the United States and worldwide. Insufficient liquidity may also require us to relinquish rights to product candidates at an earlier stage of development or on less favorable terms than we would otherwise choose. We cannot assure you that we will ever be profitable or generate positive cash flow from operations.

We have concluded that these circumstances raise substantial doubt about our ability to continue as a going concern for at least 12 months from the date of this proxy statement/prospectus. While we anticipate that the estimated net proceeds from the proposed Business Combination will be sufficient to fund our operations and capital expenditures needs for at least 12 months, we expect to require additional funding to continue our operations following the initial 12-month period after the Closing of the proposed Merger. We expect to use the proceeds from the proposed Business Combination to scale our sales and marketing capabilities, develop new product candidates and services, and for working capital and general corporate purposes. For more information on the Business Combination refer to "*The Business Combination Proposal*" included elsewhere in this proxy statement/prospectus.

Paycheck Protection Program Loan

On February 24, 2021 and May 5, 2020, the Company received loans ("**PPP Loans**") from US Bank to fund payroll, rent and utilities through the Paycheck Protection Program ("**PPP**"). The Company received partial forgiveness on the PPP Loans during fiscal year 2021. The remaining balances on the PPP Loans are being repaid on a monthly basis, with interest of 1% per annum and the final payment due in February 2026.

As of September 30, 2023, the total principal outstanding under the PPP Loans was \$258,736, of which \$130,037 was current and \$128,699 was noncurrent. As of December 31, 2022, the total principal outstanding under the PPP Loans was \$355,405, of which \$129,057 was current and \$226,348 was noncurrent.

Convertible Notes Payable

In July 2020, the Company issued three convertible notes to three of its stockholders for advances up to \$3,500,000 in principal (the "**2020 Notes**") and bearing annual interest of 5% on any amounts drawn. An additional note was issued in November 2022 as part of the 2020 Notes, but with an annual interest rate of 8%. All principal and interest payments are due on or before July 1, 2025. The 2020 Notes are convertible, at the holder's option, into shares of QT Imaging Common Stock at the lower of \$5.00 per share or the offering price in a financing of at least \$5,000,000 in equity from unaffiliated parties. Management assessed whether the embedded features in the 2020 Notes should have been bifurcated from the debt host and concluded that none of the features were required to be accounted for separately from the debt instruments. As of September 30, 2023 and December 31, 2022, the outstanding amount of the 2020 Notes was \$3,343,725.

In June 2021, the Company entered into a convertible promissory note agreement (the "**Note**") with USCG for advances of up to \$10,000,000. Advances on the Note can be made to the Company up to six months after the inception of the Note unless extensions for advances to be made is mutually agreed between both parties. The Note bears interest at 12% per annum on any amounts drawn and matures on July 6, 2024. The Note is collateralized by all assets of the Company and is guaranteed by QT Labs. The terms of the Note include non-financial covenants and, as of September 30, 2023 and December 31, 2022, the Company was in compliance with those covenants. Through September 30, 2023, the Company issued warrants to purchase a total of 10,329 shares of QT Imaging Common Stock at an exercise price of \$4.25 per share in connection with the Note. The fair value of the warrants, along with financing fees, were recorded as debt issuance costs and presented in the consolidated balance sheets as a deduction from the carrying amount of the Note.

As of September 30, 2023, the outstanding amount of the Note was \$2,458,582, net of unamortized debt issuance costs of \$36,418. As of December 31, 2022, the outstanding amount of the Note was \$2,426,263, net of unamortized debt issuance costs of \$68,737.

Working Capital Loans

On May 3, 2023, the Company issued a promissory note (the "**QTI Working Capital Note**") to a shareholder for a principal amount of \$250,000. The QTI Working Capital Note was subsequently amended and restated five times on June 12, 2023 to add an additional principal amount of \$100,000, August 15, 2023 to add an additional principal amount of \$75,000, August 29, 2023 to add an additional principal amount of \$100,000, September 12, 2023 to add an additional principal amount of \$75,000, and September 15, 2023 to add an additional principal amount of \$50,000, for an aggregate principal amount outstanding as of September 30, 2023 under the QTI Working Capital Note of \$650,000. The QTI Working Capital Note was issued to provide the Company with additional working capital during the period prior to consummation of the business combination agreement with GigCapital5, Inc. The QTI Working Capital Note is interest-free and matures on the earlier of (i) the date on which the Company consummates the business combination with GigCapital5, Inc.; (ii) the date the Company winds up; or (iii) December 1, 2023. The QTI Working Capital Note may be prepaid without penalty. On October 26, 2023, the QTI Working Capital Note was amended to increase the outstanding principal amount to \$705,000 and extend the potential maturity date from December 1, 2023 to December 31, 2023.

Future Funding Requirements

We expect to incur increased significant expenses in connection with our ongoing activities, particularly as we continue the research and development of our products and product candidates, seek expanded regulatory clearances for the QT Breast Scanner, and build a U.S. sales and marketing team. As part of the effort to build the sales and marketing capabilities in the United States, QT Imaging entered into the NXC Agreement, pursuant to which QT Imaging appointed NXC as the non-exclusive agent for the sale of QT Imaging products and services in non-exclusive territories: the U.S., U.S. territories, and U.S. Department of Defense installations. In addition, upon consummation of the proposed Merger, we expect to incur additional costs associated with operating as a public company. Our future funding requirements, both short- and long-term, will depend on many factors, including, without limitation:

- Our ability to successfully complete the proposed Business Combination;
- The progress and results of our trials and interpretation of those results by the FDA (and other regulatory authorities, as required);
- Expand our current manufacturing operations;
- Seek regulatory clearances for product candidates and expanded regulatory clearance for the QT Breast Scanner;
- Establish a sales, marketing, medical affairs, and distribution infrastructure;

[Table of Contents](#)

- The cost of operating as a public company, including hiring additional personnel as well as increased director and officer insurance premiums, audit and legal fees, investor relations fees and expenses related to compliance with public company reporting requirements under the Exchange Act and rules implemented by the SEC and Nasdaq; and
- The costs and timing of preparing, filing and prosecuting patent applications, maintaining and enforcing our intellectual property rights and defending our intellectual property-related claims.

We plan to continue to incur substantial costs in order to conduct research and development activities necessary to develop a commercialized product. Additional capital will be needed to undertake these activities and commercialization efforts. We intend to raise such capital through the proposed Business Combination, issuance of additional equity, borrowings and potential strategic alliances with other companies. If we raise additional capital through debt financing, we may be subject to covenants limiting or restricting our ability to take specific actions, such as incurring additional debt, making capital expenditures or declaring dividends. If such financing is not available at adequate levels or on acceptable terms, we could be required to significantly reduce operating expenses and delay, reduce the scope of or eliminate some of our development programs or our commercialization efforts, out-license intellectual property rights to our product candidates and sell unsecured assets, or a combination of the foregoing, any of which may have a material adverse effect on our business, results of operations, financial condition and/or our ability to fund our scheduled obligations on a timely basis, or at all.

Because of the numerous risks and uncertainties associated with manufacturing, research, development and commercialization of products, we are unable to estimate the exact amount of our operating capital requirements. Our future funding requirements will depend on, and could increase significantly as a result of, many factors, including, without limitation:

- The timing, receipt and amount of revenues from the sales of the QT Breast Scanner and related products and services, or any future approved or cleared products and product candidates, if any;
- The cost of future activities, including product sales, medical affairs, marketing, manufacturing and distribution for the QT Breast Scanner;
- The costs, timing, and outcomes of regulatory review of applications for expanded clearances for the QT Breast Scanner and clearance for other products;
- The scope, progress, results and costs of researching, developing and manufacturing our product candidates or any future product candidates, and conducting studies and clinical trials;
- The timing of, and the costs involved in, obtaining regulatory approvals or clearances for our product candidates or any future product candidates;
- The cost of manufacturing our product candidates or any future product candidates and any products we successfully commercialize, including costs associated with building out our manufacturing capabilities;
- The cost and time needed to attract and retain skilled personnel to support our continued growth;
- Our ability to establish and maintain strategic collaborations, licensing or other arrangements and the financial terms of any such agreements that we may enter into; and
- The costs associated with being a public company following the completion of the proposed Merger.

Additionally, our operating plans may change, and we may need additional funds to meet operational needs and capital requirements for future trials and other research and development activities. Until such time, if ever, as we can generate substantial product revenue, we expect to finance our cash needs through a combination of public or private equity offerings, debt financings, collaborations, strategic partnerships or marketing, distribution or licensing arrangements with third parties. To the extent that we raise additional capital through the sale of equity or convertible debt securities, your ownership interest may be materially diluted, and the terms of

such securities could include liquidation or other preferences that adversely affect your rights as an ordinary shareholder. Debt financing and preferred equity financing, if available, may involve agreements that include restrictive covenants that limit our ability to take specified actions, such as incurring additional debt, making capital expenditures or declaring dividends. In addition, debt financing would result in increased fixed payment obligations.

If we raise funds through collaborations, strategic partnerships or marketing, distribution or licensing arrangements with third parties, we may have to relinquish valuable rights to our technologies, future revenue streams, research programs or products, or grant licenses on terms that may not be favorable to us.

If we are unable to raise additional funds when needed, we may be required to delay, reduce, or eliminate our product development or future commercialization efforts, or grant rights to develop and market products that we would otherwise prefer to develop and market ourselves.

Our ability to continue as a going concern is dependent upon our ability to successfully accomplish these plans and secure sources of financing and attain profitable operations. If we are unable to obtain adequate capital, we could be forced to cease operations. See the section of the proxy statement/prospectus titled “*Risk Factors*” for additional factors and risks associated with our capital requirements.

Off-Balance Sheet Arrangements

We did not have during the periods presented, and we do not currently have, any off-balance sheet arrangements.

Contractual Obligations

The Company leases its operating facilities in Novato, California, under a non-cancelable operating lease through May 31, 2027. There are no options or rights to extend the term of this lease.

Contingencies

Litigation

The Company is subject to occasional lawsuits, investigations and claims arising out of the normal course of business. As of the date the condensed consolidated financial statements were available to be issued, management is not aware of any pending claims that will have a material impact on the Company’s condensed consolidated financial statements.

Non-Redemption Agreements

In late September 2023, the Company, GigCapital5 and certain GigCapital5 stockholders entered into the September 2023 Non-Redemption Agreements pursuant to which the September 2023 NRA Stockholders agreed not to redeem an agreed upon number of their Public Shares of GigCapital5 (the “*Non-Redeemed Shares*”) at GigCapital5’s 2023 annual meeting of stockholders. In exchange, the September 2023 NRA Stockholders will receive, immediately prior to, and substantially concurrent with the Closing of the Business Combination, shares of QT Imaging Common Stock equivalent to the number of Non-Redeemed Shares multiplied by 0.15 and divided by the Exchange Ratio (as defined in the Business Combination Agreement).

Emerging Growth Company

We expect to be an emerging growth company (“*EGC*”), as defined in the JOBS Act, following the consummation of the proposed Business Combination. Under the JOBS Act, emerging growth companies can

delay adopting new or revised accounting standards issued subsequent to the enactment of the JOBS Act until such time as those standards apply to private companies. We have elected to use this extended transition period for complying with new or revised accounting standards that have different effective dates for public and private companies until the earlier of the date we (i) are no longer an emerging growth company, or (ii) affirmatively and irrevocably opt out of the extended transition period provided in the JOBS Act. As a result, our consolidated financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

In addition, we intend to rely on the other exemptions and reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an EGC, we intend to rely on such exemptions, we are not required to, among other things: (i) provide an auditor's attestation report on our system of internal controls over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act; (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd- Frank Wall Street Reform and Consumer Protection Act; (iii) comply with any requirement that may be adopted by the Public Company Accounting Oversight Board (United States) regarding mandatory audit firm rotation or a supplement to the auditor's report providing additional information about the audit and the financial statements (auditor discussion and analysis); and (iv) disclose certain executive compensation-related items such as the correlation between executive compensation and performance and comparisons of the Chief Executive Officer's compensation to median employee compensation.

We will remain an EGC under the JOBS Act until the earliest of (i) the last day of our first fiscal year following the fifth anniversary of the closing of the Business Combination, (ii) the last date of our fiscal year in which we have total annual gross revenue of at least \$1.235 billion, (iii) the date on which we are deemed to be a "large accelerated filer," as defined in Rule 12b-2 promulgated under the Exchange Act, or (iv) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the previous three-years.

Critical Accounting and Estimates

The discussion and analysis of our financial condition and results of operations is based on our consolidated financial statements, which have been prepared in accordance with GAAP. The preparation of these consolidated financial statements requires us to make estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses and the related disclosure of contingent assets and liabilities. On an ongoing basis, we evaluate these estimates, and assumptions, including those related to revenue, provisions for credit losses, inventories, stock-based compensation and income taxes, among others. Our estimates are derived from historical experience, current conditions and various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities as well as identifying and assessing the accounting treatment with respect to commitments and contingencies. Our actual results may materially differ from these estimates. In addition, any change in these estimates or their underlying assumptions could have a material adverse effect on our operating results.

We believe that the accounting policies discussed below are critical to the understanding of our historical and future performance, and these accounting policies involve a significant degree of judgment and complexity. For further information, see the notes to our audited consolidated financial statements appearing elsewhere in this proxy statement/prospectus.

Revenue Recognition

Revenue is recognized when a customer obtains control of promised goods or services. The amount of revenue recognized reflects the consideration the Company expects to be entitled to receive in exchange for these goods or services.

The Company determines revenue recognition through the following steps:

1. *Identification of the contract, or contracts, with a customer:*

The Company considers the terms and conditions of the contract in identifying the contracts. The Company determines a contract with a customer to exist when the contract is approved, each party's rights regarding the goods or services to be transferred can be identified, the payment terms for the goods or services can be identified, it has been determined the customer has the ability and intent to pay, and the contract has commercial substance. At contract inception, the Company will evaluate whether two or more contracts should be combined and accounted for as a single contract and whether the combined or single contract includes more than one performance obligation. The Company applies judgment in determining the customer's ability and intent to pay, which is based on a variety of factors, including the customer's historical payment experience or, in the case of a new customer, credit and financial information pertaining to the customer.

2. *Identification of the performance obligations in the contract*

Performance obligations promised in a contract are identified based on the goods or services that will be transferred to the customer that are both capable of being distinct, whereby the customer can benefit from the goods or services either on its own or together with other resources that are readily available from third parties or from the Company, and are distinct in the context of the contract, whereby the transfer of the goods or services is separately identifiable from other promises in the contract. The Company's performance obligations consist of (i) product sales, (ii) maintenance contracts and (iii) other services including training.

3. *Determination of the transaction price.*

The transaction price is determined based on the consideration to which the Company expects to be entitled in exchange for transferring goods or services to the customer. Variable consideration is included in the transaction price if, in the Company's judgment, it is probable that a significant future reversal of cumulative revenue under the contract will not occur. The Company's contracts do not contain a significant financing component.

4. *Allocation of the transaction price to the performance obligations in the contract*

If the contract contains a single performance obligation, the entire transaction price is allocated to the single performance obligation. Contracts that contain multiple performance obligations require an allocation of the transaction price to each performance obligation based on a relative standalone selling price.

5. *Recognition of revenue when, or as a performance obligation is satisfied.*

For product sales and services, revenue is recognized at the time the related performance obligation is satisfied by transferring the control of the promised goods or services to a customer, in an amount that reflects the consideration that the Company expects to receive in exchange for those goods or services. Training and maintenance services are generally recognized upon invoicing in amounts that correspond directly with the value to the customer of the performance completed to date which primarily includes professional service arrangements entered on a time and materials basis.

Inventory

Inventory is stated at the lower of cost or net realizable value. Cost is determined using the weighted-average cost method. The Company periodically reviews the value of items in inventory and provides write-offs of inventory that is obsolete. Appropriate consideration is given to obsolescence, excessive levels, deterioration, and other factors in evaluating net realizable value. Once inventory has been written down below cost, it is not subsequently written up.

Leases

The Company primarily enters into leases for office space that are classified as operating leases. The Company determines if an arrangement is or contains a lease at inception. The Company accounts for leases by

recording right-of-use (“*ROU*”) assets and lease liabilities on the consolidated balance sheets in the captions operating lease right-of-use assets, net and operating lease liabilities, respectively. The lease term includes the non-cancelable period of the lease plus any additional periods covered by an option to extend that the Company is reasonably certain to exercise. The Company’s leases do not include substantial variable payments based on index or rates. The Company’s lease agreements do not contain any significant residual value guarantees or material restrictive covenants.

The Company’s leases do not provide a readily determinable implicit discount rate. The Company’s incremental borrowing rate is estimated to approximate the interest rate on a collateralized basis with similar terms and payments, and in similar economic environments. Operating lease *ROU* assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. The lease payments related to the next 12 months are included in operating lease liabilities in current liabilities in the accompanying consolidated balance sheets. The Company recognizes a single lease cost on a straight-line basis over the term of the lease, and the Company classifies all cash payments within operating activities in the consolidated statements of cash flows.

Income Taxes

Deferred tax assets and liabilities are determined based on the differences between financial reporting and the tax basis of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance if it is more-likely-than-not that some or all of the deferred tax asset will not be realized. The Company annually evaluates the realizability of deferred tax assets by assessing the valuation allowance and by adjusting the amount of such allowance, if necessary. The factors used to assess the likelihood of realization include the Company’s forecast of future taxable income and available tax planning strategies that could be implemented to realize the net deferred tax assets.

The Company recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more-likely-than-not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the consolidated financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. In accordance with this accounting policy, the Company recognizes accrued interest and penalties related to unrecognized tax benefits as a component of income tax benefit.

Stock-Based Compensation

Stock-based compensation cost is measured at the grant date based on the fair market value of the award. Stock-based compensation is recognized as expense on a ratable basis over the requisite service period of the award. The Company values stock options using a Black-Scholes option pricing model. This model requires the use of highly subjective and complex assumptions which determine the fair value of stock-based awards, including the option’s expected term, stock price volatility and risk-free interest rates. Forfeitures are recorded as they occur.

Recently Adopted Accounting Standards

In June 2016, the FASB issued ASUNo. 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, and subsequently issued several supplemental/ clarifying ASUs (collectively, “**ASC 326**”). ASC 326 requires entities to estimate a lifetime expected credit loss for most financial assets, including trade and other receivables, other long-term financings including available for sale and held-to-maturity debt securities and loans. The Company adopted ASC 326 on January 1, 2023. This standard did not have a material impact on the Company’s condensed consolidated financial statements.

Mr. Daniel Dickson joined the QT Imaging Board in November 2022. Mr. Dickson began his executive management career in 1980, when he joined General Electric Company. From 1980 until 1987, he held a number of strategic and operational roles and had responsibility for a \$300 million business in the company's consumer electronics division. In 1987, Mr. Dickson left GE to join a startup company that brought advanced technology to consumer products retailing. As SVP Marketing, he helped grow revenue to \$12 million and was a key player in the company's IPO in 1989. In 1990, Mr. Dickson moved to California, where he became President and COO of a privately held data management company located in Santa Monica, CA. After repositioning the company to take advantage of the growing trend toward personalized marketing and internet-based market research, he was brought to San Francisco by the venture capital firm Draper Fisher Jurvetson in 1996 to serve as President and CEO of one of their early-stage internet companies. Based on this experience, he joined The Brenner Group, Inc., in 1998 where he built that company's interim CEO practice. During that period, he also served as a "parachute" CEO and was retained by multiple San Francisco Bay Area venture firms to manage and reposition their portfolio companies, including Armus Corporation, a data management firm that focused on medical outcomes (acquired by Health Catalyst Capital Management in 2022), and Vital Transport, a start-up company involved in organ transport. From 2011 to 2018, he served as a board member and later advisor to the board of The Winebow Group, an \$800 million fine wine distributor with locations in 19 states across the country. Board Composition and Classification

The Combined Company Board will consist of seven members. In accordance with the Existing Charter, the GigCapital5 Board is not classified.

As discussed above, in connection with the Business Combination, the Combined Company Board will be reconstituted and initially be comprised of seven individuals who will be voted upon by the stockholders at the Stockholders' Meeting. The GigCapital5 Board believes it is in the best interests of the Combined Company for the Combined Company Board to be classified into three classes, each comprising as nearly as possible one-third of the directors to serve three-year terms, and only one class of directors will be elected at each annual meeting of stockholders, with the other classes continuing for the remainder of their respective three-year terms. If Proposal No. 2 is approved at the Stockholders' Meeting, the Combined Company's directors will be divided among the three classes as follows:

- the Class I directors will be Daniel Dickson and Ross Taylor and their terms will expire at the annual meeting of stockholders to be held in 2024;

- the Class II directors will be Dr. Avi S. Katz, Gerald McMorrow, and Professor Zeev Weiner and their terms will expire at the annual meeting of stockholders to be held in 2025; and
- the Class III directors will be Dr. Raluca Dinu and Dr. John Klock and their terms will expire at the annual meeting of stockholders to be held in 2026.

At each annual meeting of stockholders, upon the expiration of the term of a class of directors, the successor to each such director in the class will be elected to serve from the time of election and qualification until the third annual meeting following their election and until their successor is duly elected and qualified, in accordance with the Proposed Charter. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of Combined Company's directors.

This classification of the Combined Company's directors may have the effect of delaying or preventing changes in control of the Combined Company.

Director Independence

Upon the consummation of the Business Combination, the Combined Company Board is expected to undertake a review of the independence of each director. Based upon information requested from and provided by each director concerning their background, employment, and affiliations, including family relationships, the Combined Company Board is expected to determine that Dr. Avi S. Katz, Dr. Raluca Dinu, Ross Taylor, Daniel Dickson, Gerald McMorrow and Professor Zeev Weiner do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under Nasdaq rules.

In making these determinations, the Combined Company Board will consider the current and prior relationships that each non-employee director has with the Combined Company and all other facts and circumstances that the Combined Company Board deems relevant in determining their independence, including the beneficial ownership of the Combined Company's capital stock by each non-employee director, and the transactions involving them described in the section titled "*Certain Relationships and Related Party Transactions*." Other than that Drs. Katz and Dinu are married to each other, there are no family relationships among any of the proposed directors or executive officers of Combined Company.

The Combined Company's nominating and corporate governance committee oversees and assists the Combined Company Board in reviewing and recommending nominees for election as directors. Specifically, the nominating and corporate governance committee will:

- develop and recommend to the Combined Company Board the criteria for appointment as a director;
- identify, consider, recruit and recommend candidates to fill new positions on the Combined Company Board;
- review candidates recommended by stockholders;
- conduct the appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates; and
- recommend director nominees for approval by the Combined Company Board and election by the stockholders at the next annual meeting.

The Combined Company's nominating and corporate governance committee will operate under a written charter, which satisfies the applicable rules of the SEC and the listing standards of Nasdaq.

Communications with the Combined Company Board

Following the completion of the Business Combination, interested parties wishing to communicate with the Combined Company Board or with an individual member or members of the Combined Company Board may do so by writing to the Combined Company Board or to the particular member or members of the Combined Company Board, and mailing the correspondence to QT Imaging Holdings, Inc., 3 Hamilton Landing, Suite 160, Novato, CA 94949, Attention: Secretary. Each communication should set forth (i) the name and address of the stockholder as it appears in our register, and if the shares of the Combined Company Common Stock are held by a nominee, the name and address of the beneficial owner of such shares, and (ii) the number of shares of the Combined Company Common Stock that are owned of record by the record holder and beneficially by the beneficial owner.

Post-Combination Company Director Compensation

Directors who are also our employees receive no additional compensation for their service as directors. At this time, it is expected that Dr. Klock is likely the only individual who will be a member of the Combined Company Board and has been an employee during 2022. See the section titled “*Executive Compensation of QT Imaging*” for additional information about Dr. Klock’s compensation.

Outside Director Compensation Policy

The Combined Company Board expects to review director compensation periodically to ensure that director compensation remains competitive such that the Combined Company is able to recruit and retain qualified directors.

Post-Combination Company Executive Compensation

The following disclosure concerns the compensation of individuals who will serve as the Combined Company’s named executive officers following the completion of the Business Combination.

Compensation Philosophy and Objectives Following the Business Combination

Following the Closing of the Business Combination, the Combined Company intends to develop an executive compensation program that is consistent with QT Imaging’s existing compensation policies and philosophies, which are designed to align compensation with the Combined Company’s business objectives and the creation of stockholder value, while enabling the Combined Company to attract, motivate and retain individuals who contribute to the long-term success of the Combined Company.

Decisions on the executive compensation program will be made by the compensation committee of the Combined Company Board, which will be established at the Closing of the Business Combination. The following discussion is based on the present expectations as to the executive compensation program to be adopted by the compensation committee. The executive compensation program actually adopted will depend on the judgment of the members of the compensation committee and may differ from that set forth in the following discussion.

We anticipate that decisions regarding executive compensation will reflect a belief that the executive compensation program must be competitive in order to attract and retain our executive officers. We anticipate that the compensation committee will seek to implement the compensation policies and philosophies by linking a significant portion of the Combined Company’s executive officers’ cash compensation to performance objectives and by providing a portion of their compensation as long-term incentive compensation in the form of equity awards.

We anticipate that compensation for the Combined Company’s executive officers will have three primary components: base salary, an annual cash incentive bonus and long-term equity-based incentive compensation.

Employment Agreements

It is expected that the Combined Company will enter into new employment agreements with the named executive officers, and in particular, the Chief Executive Officer, Chief Financial Officer, Chief Operating Officer and Chief Medical Officer, as each is selected by the Combined Company Board, and that these employment agreements will be reviewed annually by the compensation committee to the extent recommended upon advice and counsel of its advisors.

Annual Bonuses

The Combined Company intends to use annual cash incentive bonuses for the named executive officers to tie a portion of their compensation to financial and operational objectives achievable within the applicable fiscal year. The Combined Company expects that, near the beginning of each year, the compensation committee will select the performance targets, target amounts, target award opportunities and other terms and conditions of annual cash bonuses for the named executive officers. Following the end of each year, it is expected that the compensation committee will determine the extent to which the performance targets were achieved and the amount of the award that is payable to the named executive officers. For 2023, it is expected that the Combined Company will establish an annual cash bonus plan that links the payment of cash bonus awards to the achievement of targeted financial performance goals.

Equity-Based Awards

If the Equity Incentive Plan Proposal is approved, the Combined Company intends to use equity-based awards to reward long-term performance of the named executive officers. The Combined Company believes that providing a meaningful portion of the total compensation package in the form of equity-based awards will align the incentives of its named executive officers with the interests of its stockholders and serve to motivate and retain the individual named executive officers. Any awards would be made in accordance with the executive compensation program discussed in the section entitled “—*Compensation Philosophy and Objectives Following the Business Combination*,” including the recommendations of management relating thereto. See “*Proposal No. 6—The Equity Incentive Plan Proposal*.”

Other Compensation

The Combined Company expects to continue to maintain various employee benefit plans, including medical, dental, life insurance and 401(k) plans, in which the named executive officers will participate. The Combined Company also expects to continue to provide certain perquisites to its named executive officers, subject to the compensation committee’s ongoing review.

Deductibility of Executive Compensation

Section 162(m) of the Code and applicable guidance denies a federal income tax deduction for certain compensation in excess of \$1,000,000 per year paid to the chief executive officer and certain “covered employees.” We expect the policy of the Combined Company will be to consider the tax impact of its compensation arrangements as one factor, among others, in evaluating and determining the structure, implementation, and amount of awards paid to its executive officers. However, to retain highly skilled executives and remain competitive with other employers, the compensation committee may authorize compensation that would not be deductible under Section 162(m) or otherwise if it determines that such compensation is in the best interests of the Combined Company and its stockholders, and maintaining tax deductibility will not be the sole consideration taken into account in determining what compensation arrangements are in our and our stockholders’ best interests. The right to grant compensation that is not deductible is expressly reserved, and the Combined Company may do so.

Compensation Committee Interlocks and Inside Participation

None of the members of our compensation committee is or has been an officer or employee of the Combined Company. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the board of directors, or compensation committee (or other board committee performing equivalent functions) of any entity that has one or more executive officers serving on the Combined Company Board or compensation committee.

Code of Business Conduct and Ethics

We have adopted a Code of Ethics applicable to our management team and employees in accordance with applicable federal securities laws. We have filed a copy of our form of Code of Ethics and our board committee charters as exhibits to the registration statement for the GigCapital5 IPO. You are able to review these documents by accessing our public filings at the SEC's web site at www.sec.gov. In addition, a copy of the Code of Ethics will be provided without charge upon request from us, or may accessed on our company website at <https://www.gigcapitalglobal.com/investors>. We intend to disclose any amendments to or waivers of certain provisions of our Code of Ethics in a Current Report on Form 8-K. See the section of this prospectus entitled "*Where You Can Find Additional Information*." It is anticipated that the Combined Company Board will adopt a new Code of Business Conduct and Ethics that replaces our current Code of Ethics and that will apply to the Combined Company's directors, officers, and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller or, persons performing similar functions. Following the Business Combination, the Combined Company's Code of Business Conduct and Ethics will be available on the investor relations section of our website at www.qtimaging.com. We intend to disclose any amendments to or waivers of our Code of Business Conduct and Ethics in a Current Report on Form 8-K on our website identified above. Narrative Disclosure to 2022 Summary Compensation Table

Base Salary

Base salaries are intended to provide a level of compensation sufficient to attract and retain an effective management team, when considered in combination with other components of the executive compensation program. In general, QT Imaging seeks to provide a base salary level designed to reflect each executive officer’s scope of responsibility and accountability. Please see the “Salary” column in the “—2022 Summary Compensation Table” for the base salary amounts received by the named executive officers of QT Imaging in 2022.

Long-Term Equity Incentive Awards

To focus QT Imaging’s named executive officers on the long-term performance of the Company, QT Imaging has historically granted equity compensation in the form of stock options for QT Imaging Common Stock that are subject to time-based vesting requirements. Stock options were granted to John Klock, Margaret Donigan and Mikel Ann Price. For more information, see “—2022 Summary Compensation Table,” “—Outstanding Equity Awards at December 31, 2022,” and “—Narrative Disclosure to 2022 Summary Compensation Table—Employee Benefit and Equity Compensation Plans.”

Employee Benefit and Equity Compensation Plans

The principal features of QT Imaging’s existing employee benefit and equity incentive plans are summarized below.

2021 Stock Incentive Plan

On September 8, 2021, the Board of Directors approved and the Company adopted the QT Imaging, Inc. 2021 Stock Incentive Plan (the “Plan”). Stockholder approval was obtained via proxy as part of the annual meeting of stockholders held on December 9, 2021. The maximum aggregate number of shares of QT Imaging Common Stock that the Company may award under the Plan is 7,000,000. The term of the Plan is 10 years. The

[Table of Contents](#)

Plan is administered by a committee of the QT Imaging Board (the “*Administrator*”). The Company may grant awards to eligible participants which may take the form of stock options (both incentive stock options and non-qualified stock options), stock purchase rights, restricted stock, restricted stock units and performance stock awards. Awards may be granted to employees, directors, and consultants (as defined in the Plan.) The term of any stock option award may not exceed 10 years and may be subject to vesting conditions, as determined by the Administrator. Incentive stock options may only be granted to employees of the Company or any subsidiary that is a “subsidiary corporation” within the meaning of Section 424(f) of the Internal Revenue Code. The exercise price of any stock option award cannot be less than fair market value of QT Imaging Common Stock, provided, however, that an incentive stock option granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary, must have an exercise price of no less than 110% of the fair market value of QT Imaging Common Stock and a term that does not exceed five years.

Upon the Closing of the proposed Business Combination, the 2021 Stock Incentive Plan will be terminated and the Combined Company will not grant any further awards under such Plan. All outstanding awards will be cancelled when the Plan terminates.

Health, Welfare and Retirement Plans

All QT Imaging full-time employees are eligible to participate in its health and welfare plans, including medical, dental, vision, basic group life insurance, voluntary life insurance, voluntary short-term and long-term disability insurance, and employee assistance program benefits made available to its employees through Insperity PEO Services. Insperity also sponsors a 401(k) defined contribution plan.

THE BUSINESS COMBINATION

The following is a discussion of the proposed Business Combination and certain material terms of the Business Combination Agreement. You are urged to carefully read the Business Combination Agreement in its entirety, a copy of which is attached as Annex A to this proxy statement/prospectus. This summary does not purport to be complete and may not contain all of the information about Business Combination Agreement and the terms of the proposed Business Combination that may be important to you. This section is not intended to provide you with any factual information about GigCapital5 or QT Imaging. Such information can be found elsewhere in this proxy statement/prospectus.

Terms of the Proposed Business Combination

Transaction Structure

The GigCapital5 Board and the QT Imaging Board have approved the Business Combination Agreement and the proposed Business Combination. The Business Combination Agreement provides for the Merger of Merger Sub with and into QT Imaging, with QT Imaging surviving the Merger as a wholly owned subsidiary of GigCapital5. At the Closing and in connection with the filing of the Proposed Charter, GigCapital5 will be renamed as “QT Imaging Holdings, Inc.”

Merger Consideration

Subject to the terms of the Business Combination Agreement, at the Effective Time, each issued and outstanding share of QT Imaging Common Stock (including shares issued upon the exercise or conversion of QT Imaging Options, QT Imaging Warrants and QT Imaging Convertible Notes but excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury and dissenting shares) will be automatically cancelled and extinguished and converted into (A) the right to receive a number of shares of GigCapital5 Common Stock equal to the Exchange Ratio of the quotient of (i) the Aggregate Closing Merger Consideration divided by (ii) the QT Imaging Fully Diluted Capital Stock and (B) the contingent right to receive a portion of additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if certain requirements are achieved in accordance with the terms of the Business Combination Agreement, if, as and when payable.

In addition, at the Effective Time:

- QT Imaging will in a manner acceptable to GigCapital5 take such actions as are necessary to terminate each QT Imaging Option that is outstanding immediately prior to the Effective Time, whether vested or unvested, including by payment or in accordance with the terms of the QT Imaging Option Plan, and the QT Imaging Options will be terminated without any conversion of such QT Imaging Options and no payment or distribution will be made, and the holder of any QT Imaging Options will cease to have any rights, with respect to such QT Imaging Options; and
- each outstanding In-the-Money Company Warrant that is not exercised and exchanged prior to the Effective Time will automatically, without any action on the part of the holder of an In-the-Money Company Warrant, in accordance with the provisions of an In-the-Money Company Warrant (for the avoidance of doubt, as may be amended following the date of the Business Combination Agreement with the written approval of GigCapital5), be converted into a warrant to acquire a number of shares of GigCapital5 Common Stock at an adjusted exercise price per share. Such Assumed Warrants will be subject to the same terms and conditions as were applicable to such corresponding In-the-Money Company Warrants immediately prior to the Effective Time (including applicable vesting conditions), except to the extent such terms or conditions are rendered inoperative by the proposed Business Combination. Accordingly, effective as of the Effective Time: (A) each such Assumed Warrant will be exercisable solely for shares of GigCapital5 Common Stock;

(B) the number of shares of GigCapital5 Common Stock subject to each Assumed Warrant will be determined by multiplying the number of shares of QT Imaging Common Stock subject to such In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting number down to the nearest whole number of shares of GigCapital5 Common Stock; (C) the per share exercise price for the GigCapital5 Common Stock issuable upon exercise of each Assumed Warrant will be determined by dividing the per share exercise price for the shares of QT Imaging Common Stock subject to the In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting exercise price up to the nearest whole cent; and (D) the holder of each In-the-Money Company Warrant outstanding as of immediately prior to the Effective Time will be entitled to the contingent right to receive a portion of the Merger Consideration Earnout Shares, if, as and when payable. Effective as of the Effective Time, each QT Imaging Warrant (other than any In-the-Money Company Warrant) that is outstanding immediately prior to the Effective Time, whether vested or unvested, will, in accordance with the provisions of such QT Imaging Warrant, be canceled without any conversion of such QT Imaging Warrant and no payment or distribution will be made, and the holder of such QT Imaging Warrant will cease to have any rights, with respect to such QT Imaging Warrant.

The merger consideration will be issued to holders of QT Imaging Equity Securities at the Closing in accordance with the Business Combination Agreement. In addition, pursuant to the terms of the Business Combination Agreement, shares of Combined Company Common Stock will be issued to such other parties entitled pursuant to agreements with QT Imaging to receive shares of the Combined Company Common Stock as partial payment for compensation at the Closing. The portion of the merger consideration issuable to any person by virtue of the Merger will be calculated on an aggregate basis with respect to all shares of capital stock of QT Imaging held of record by such person immediately prior to the Effective Time, and after such aggregation, any fractional share of GigCapital5 Common Stock that would otherwise be issuable to such person following such aggregation will be rounded up to a whole share of GigCapital5 Common Stock.

The total number of shares of GigCapital5 Common Stock expected to be issued to holders of QT Imaging Common Stock in connection with the Closing (after giving effect to the net exercise or conversion of QT Imaging Warrants and the Converting Notes) is 14,614,776 shares, which will represent approximately 62.4% of the total number of shares of the Combined Company Common Stock outstanding immediately following consummation of the proposed Business Combination (assuming no additional redemptions, other than the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption, by Public Stockholders and no exercises of GigCapital5 warrants).

On December 8, 2022, GigCapital5, Merger Sub and QT Imaging entered into the Business Combination Agreement, pursuant to which Merger Sub will merge with and into QT Imaging, with QT Imaging as the surviving company in the Merger (the “*Surviving Corporation*”), and after giving effect to the Merger, the Surviving Corporation will be a wholly owned subsidiary of GigCapital5, which will be renamed as “QT Imaging Holdings, Inc.”

On May 5, 2023, September 21, 2023, November 10, 2023 and November 22, 2023, the parties entered into the First Amendment to Business Combination Agreement, the Second Amendment to Business Combination Agreement, the Third Amendment to Business Combination Agreement and the Fourth Amendment to Business

Combination Agreement, respectively, pursuant to which the parties, among other things, fixed the typo in the name of knowledge parties, removed the minimum liquidity requirement as a closing condition, clarified the earnout obligations and extended the Outside Date to March 31, 2024.

In connection with the Merger, the Ancillary Agreements have been, or will be, entered into at or prior to the Closing. See "Other Agreements."

In addition, at the Effective Time:

Such Assumed Warrants will be subject to the same terms and conditions as were applicable to such corresponding In-the-Money Company Warrants immediately prior to the Effective Time (including applicable vesting conditions), except to the extent such terms or conditions are rendered inoperative by the proposed Business Combination. Accordingly, effective as of the Effective Time: (A) each such Assumed Warrant will be exercisable solely for shares of GigCapital5 Common Stock; (B) the number of shares of GigCapital5 Common Stock subject to each Assumed Warrant will be determined by multiplying the number of shares of QT Imaging Common Stock subject to such In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting number down to the nearest whole number of shares of GigCapital5 Common Stock; (C) the per share exercise price for the GigCapital5 Common Stock issuable upon exercise of each Assumed Warrant will be determined by dividing the per share exercise price for the shares of QT Imaging Common Stock subject to the In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting exercise price up to the nearest whole cent; and (D) the holder of each In-the-Money Company Warrant outstanding as of immediately prior to the Effective Time will be entitled to the contingent right to receive a portion of the Merger Consideration Earnout Shares, if, as and when payable. Effective as of the Effective Time, each QT Imaging Warrant (other than any In-the-Money Company Warrant) that is outstanding immediately prior to the Effective Time, whether vested or unvested, will, in accordance with the provisions

of such QT Imaging Warrant, be canceled without any conversion of such QT Imaging Warrant and no payment or distribution will be made, and the holder of such QT Imaging Warrant will cease to have any rights, with respect to such QT Imaging Warrant.

The merger consideration will be issued to holders of QT Imaging Equity Securities at the Closing in accordance with the Business Combination Agreement. In addition, pursuant to the terms of the Business Combination Agreement, shares of Combined Company Common Stock will be issued to such other parties entitled pursuant to agreements with QT Imaging to receive shares of the Combined Company Common Stock as partial payment for compensation at the Closing. The portion of the merger consideration issuable to any person by virtue of the Merger will be calculated on an aggregate basis with respect to all shares of capital stock of QT Imaging held of record by such person immediately prior to the Effective Time, and after such aggregation, any fractional share of GigCapital5 Common Stock that would otherwise be issuable to such person following such aggregation will be rounded up to a whole share of GigCapital5 Common Stock.

The total number of shares of GigCapital5 Common Stock expected to be issued to holders of QT Imaging Common Stock in connection with the Closing (after giving effect to the net exercise or conversion of QT Imaging Warrants and the Converting Notes) is 14,614,776 shares, which will represent approximately 62.4% of the total number of shares of the Combined Company Common Stock outstanding immediately following consummation of the proposed Business Combination (assuming no additional redemptions, other than the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption, by Public Stockholders and no exercises of GigCapital5 warrants).

(a) By mutual written consent of GigCapital5 and QT Imaging;

(b) By written notice by either GigCapital5 or QT Imaging if the Effective Time shall not have occurred prior to March 31, 2024, provided that neither party will be entitled to exercise such termination right if such

party is directly or indirectly through its affiliates in breach or violation of any representation, warranty, covenant, agreement or obligation contained in the Business Combination Agreement and such breach or violation is the principal cause of the failure of a condition set forth in the Business Combination Agreement on or prior to such date;

(c) By written notice by either GigCapital5 or QT Imaging if any U.S. governmental authority of competent jurisdiction has enacted, issued, promulgated, enforced, or entered any injunction, order, decree or ruling (whether temporary, preliminary or permanent) which has become final and nonappealable and has the effect of making consummation of the proposed Business Combination, including the Merger, illegal or otherwise preventing or prohibiting the consummation of the proposed Business Combination, including the Merger;

(d) By written notice by either GigCapital5 or QT Imaging to the other party, if any of the Proposals shall fail to receive the requisite vote for approval at the Stockholders' Meeting;

(e) By written notice by GigCapital5 to QT Imaging, if QT Imaging shall have failed to deliver the Written Consent to GigCapital5;

(g) By written notice by QT Imaging to GigCapital5 upon a breach of any representation, warranty, covenant or agreement on the part of GigCapital5 or Merger Sub set forth in the Business Combination Agreement, or if any representation or warranty of GigCapital5 or Merger Sub shall have become untrue, in each case such that certain conditions set forth in the Business Combination Agreement would not be satisfied; provided that QT Imaging has not waived such breach and QT Imaging is not then in material breach of its representations, warranties, covenants or agreements in the Business Combination Agreement, subject to certain cure rights of GigCapital5 and Merger Sub; or

(h) By written notice by either GigCapital5 or QT Imaging to the other party if, upon the Closing, and after giving effect to the Redemption Rights, GigCapital5 does not have net tangible assets of at least \$5,000,001.

Effect of Termination

In the event of the termination of the Business Combination Agreement, the Business Combination Agreement will become void, and there shall be no liability under the Business Combination Agreement on the part of any party thereto, and all rights and obligations of each party shall cease, other than with respect to certain exceptions contemplated by the Business Combination Agreement that will survive the termination of the Business Combination Agreement.

Appraisal Rights

Under the DGCL, QT Imaging stockholders have appraisal rights in connection with the Merger. QT Imaging stockholders who neither vote in favor of nor consent in writing to the Merger and who otherwise comply with Section 262 and other applicable provisions of the DGCL will be entitled to exercise rights to seek appraisal of the fair value of their shares of QT Imaging Common Stock, as determined by the Delaware Court of Chancery, if the Merger is completed. The "fair value" of such dissenting shares of QT Imaging Common Stock as determined by the Delaware Court of Chancery may be more or less than, or the same as, the value of the consideration that such stockholder would

otherwise be entitled to receive under the Business Combination Agreement. Any QT Imaging stockholder who wishes to preserve appraisal rights must so advise QT Imaging by submitting a demand for appraisal within the period prescribed by Section 262 of the DGCL after receiving a notice from QT Imaging or GigCapital5 that appraisal rights are available, and must otherwise precisely follow the procedures prescribed by Section 262 of the DGCL. Any shares of QT Imaging Common Stock held by such QT Imaging stockholder immediately prior to the Effective Time who shall have properly demanded appraisal for his, her or its shares in accordance with the DGCL will not be converted into the merger consideration, unless such QT Imaging stockholder fails to perfect, withdraws, or otherwise loses his, her or its right to appraisal and payment under the DGCL. If such QT Imaging stockholder fails to perfect, withdraws or otherwise loses his, her or its appraisal rights, each share of QT Imaging Common Stock held by such QT Imaging stockholder will be deemed to have been converted as of the Effective Time into a right to receive the merger consideration. Failure to follow any of the statutory procedures set forth in Section 262 of the DGCL will result in the loss or waiver of appraisal rights under Delaware law. In view of the complexity of Section 262 of the DGCL, QT Imaging stockholders who may wish to pursue appraisal rights should consult their legal and financial advisors.

Amendments

The Business Combination Agreement may be amended in writing by the parties thereto at any time prior to the Effective Time. The Business Combination Agreement may not be amended except by an instrument in writing signed by each of the parties thereto.

Stock Market Listing

The GigCapital5 Common Stock are currently listed on Nasdaq under the symbol "GIA," and from now until the Closing of the Merger, the GigCapital5 Units and the Warrants trade at the OTC under the symbols "GIA.U" and "GIA.WS," respectively. GigCapital5 will prepare and submit to Nasdaq a listing application in connection with the transactions contemplated by the Business Combination Agreement, if required under Nasdaq rules, covering the shares of GigCapital5 Common Stock to be issued in connection with the Merger, and will seek to obtain approval for the listing of such shares of the Combined Company Common Stock on Nasdaq and the change of GigCapital5's trading ticker for the Combined Company Common Stock and the Warrants on Nasdaq to "QTI" and "QTI.WS," in each case, as promptly as reasonably practicable after the date of the Business Combination Agreement, and in any event as of immediately prior to the effective time.

Fees and Expenses

Except as otherwise set forth in the Business Combination Agreement, all expenses incurred in connection with the Business Combination Agreement and the proposed Business Combination shall be paid by the party incurring such expenses, whether or not the Merger or any other Transaction (as defined in the Business Combination Agreement) is consummated, except that GigCapital5 and QT Imaging shall each pay one-half of all expenses relating to the filing fee for the Notification and Report Forms filed under the HSR Act.

OTHER AGREEMENTS

This section describes certain additional agreements entered into or to be entered into pursuant to the Business Combination Agreement, but does not purport to describe all of the terms thereof. The following summary is qualified in its entirety by reference to the complete text of each of the agreements. The Sponsor Support Agreement, the Stockholder Support Agreement, the Registration Rights Agreement and the Lock-Up Agreement are attached hereto as Annex C, Annex D, Annex E and Annex F, respectively. You are urged to read such agreements in their entirety prior to voting on the proposals presented at the Stockholders' Meeting.

As of the Record Date, the Sponsor was entitled to vote the GigCapital5 Voting Shares. Such shares currently constitute approximately 75.4% of the outstanding shares of GigCapital5 Common Stock.

Except as otherwise contemplated in the Business Combination Agreement or the Sponsor Support Agreement, Sponsor agreed that it will not, directly or indirectly, (a) sell, assign, transfer (including by operation of law), create any lien or pledge, dispose of or otherwise encumber 6,530,000 shares of GigCapital5 Common Stock held of record by Sponsor ("**Sponsor Shares**") or otherwise agree to do any of the foregoing, (b) deposit any Sponsor Shares into a voting trust or enter into a voting agreement or arrangement or grant any proxy or power of attorney with respect to any Sponsor Shares that is inconsistent with the Sponsor Support Agreement, or (c) enter into any contract, option or other arrangement or undertaking requiring the direct acquisition or sale, assignment, transfer or other disposition of any Sponsor Shares. Sponsor further agrees to comply with the lock-up provisions set forth in the Insider Letter Agreement.

Prior to the earlier of the termination of the Business Combination Agreement or the Sponsor Support Agreement, Sponsor agreed not to, directly or indirectly, solicit, initiate or knowingly encourage (including by furnishing information) the submission of, or participate in any discussions or negotiations regarding, any transaction in violation of the Business Combination Agreement, or participate in any discussions or negotiations regarding, or furnish to any person or other entity or "group" within the meaning of Section 13(d) of the Exchange Act, any information with the intent to, or otherwise cooperate in any way with respect to, or knowing assist, participate in, facilitate or encourage, any unsolicited proposal that constitutes, or may reasonably be expected to lead to, a SPAC Business Combination Proposal or other transaction in violation of the Business Combination Agreement. If the Sponsor receives any inquiry or proposal with respect to a SPAC Business Combination Proposal, then Sponsor shall promptly notify such person that GigCapital5 is subject to an exclusivity agreement with respect to the Merger that prohibits Sponsor from considering such inquiry or proposal.

The Sponsor Support Agreement will terminate on the earlier of (i) the Closing of the Merger, (ii) the termination of the Business Combination Agreement in accordance with its terms, and (iii) the time the Sponsor Support Agreement is terminated upon the mutual written agreement of GigCapital5, QT Imaging and the Sponsor.

Stockholder Support Agreement

Concurrently with the execution of the Business Combination Agreement, the Key QT Imaging Stockholders entered into the Stockholder Support Agreement with GigCapital5, pursuant to which such Key QT Imaging Stockholders holding at least fifty and one tenth percent of the QT Imaging Common Stock agreed, severally and not jointly, to vote, (a) at any meeting of the stockholders of QT Imaging called for the purpose of approving the Merger, and in connection with any action by written consent of the stockholders requested by QT Imaging for the purposes of approving the Merger, in favor of or consent to the Merger, the Business Combination Agreement and all other transactions contemplated thereby, and (b) at any meeting of the stockholders of QT Imaging, and in connection with any action by written consent of the stockholders of QT Imaging, as applicable, against any action, agreement, transaction or proposal that would cause a material breach of any covenant, representation, warranty or other obligation or agreement of QT Imaging under the Business Combination Agreement or that would reasonably be expected to prevent the Merger from being consummated.

Each Key QT Imaging Stockholder, severally and not jointly, agrees that, subject to customary exceptions, such stockholder will not, directly or indirectly, (a) sell, assign, transfer (including by operation of law), create any lien or pledge, dispose of or otherwise encumber any shares of QT Imaging Common Stock or otherwise agree to do any of the foregoing, except for a sale, assignment or transfer pursuant to the Business Combination Agreement or to another stockholder of QT Imaging that is a party to the Stockholder Support Agreement and bound by the terms and obligations thereof, (b) deposit any shares of QT Imaging Common Stock into a voting trust or enter into a voting arrangement or grant any proxy or power of attorney with respect thereto that is inconsistent with the Stockholder Support Agreement or (c) enter into any contract, option or other arrangement or undertaking with respect to the direct acquisition or sale, assignment, transfer or other disposition of any such shares, except as set forth in the Business Combination Agreement or the Stockholder Support Agreement.

Each Key QT Imaging Stockholder, severally and not jointly, agrees that such stockholder will not, directly or indirectly, (a) solicit, initiate or knowingly encourage (including by furnishing information) the submission of, or participate in any discussions or negotiations regarding, any transaction in violation of the Business Combination Agreement, or (b) participate in any discussions or negotiations regarding, or furnish to any person or other entity or "group" within the meaning of Section 13(d) of the Exchange Act, any information with the intent to, or otherwise cooperate in any way with respect to, or knowingly assist, participate in, facilitate or encourage, any unsolicited proposal that constitutes, or may reasonably be expected to lead to, an Alternative Transaction in violation of the Business Combination Agreement. If any Key QT Imaging Stockholder receives any inquiry or proposal with respect to an Alternative Transaction, then such Key QT Imaging Stockholder shall promptly notify such person in writing that QT Imaging is subject to an exclusivity agreement with respect to the sale of QT Imaging that prohibits such Key QT Imaging Stockholder from considering such inquiry or proposal.

The Stockholder Support Agreement and the obligations and liabilities of the Key QT Imaging Stockholders under the Stockholder Support Agreement will terminate on the earlier of (i) the Effective Time, (ii) the termination of the Business Combination Agreement in accordance with its terms, (iii) the effective date of a written agreement of GigCapital5 and the Key QT Imaging Stockholders terminating the Stockholder Support Agreement and (iv) any material breach by GigCapital5 of the Business Combination Agreement that is not fully cured within the time permitted by the Business Combination Agreement.

Registration Rights Agreement

GigCapital5 and the Holders will enter into the Registration Rights Agreement at the Closing. Pursuant to the terms of the Registration Rights Agreement, the Combined Company will be obligated to file one or more

registration statements to register the resale of the Combined Company Common Stock held by such Holders after the Closing. Holders holding at least majority in interest of the registrable securities owned by all Holders are entitled under the Registration Rights Agreement to make a written demand for registration under the Securities Act of all or part of their registrable securities, up to a total of three such demands. In addition, pursuant to the terms of the Registration Rights Agreement and subject to certain requirements and customary conditions, such Holders may demand at any time or from time to time, that the Combined Company file a registration statement on Form S-3 (or any similar short-form registration which may be available) to register the resale of the registrable securities of the Combined Company held by such Holders. The Registration Rights Agreement will also provide such Holders with “piggy-back” registration rights, subject to certain requirements and customary conditions.

Under the Registration Rights Agreement, the Combined Company will indemnify such Holders and certain persons or entities related to such Holders such as their officers, employees, directors, and agents against any losses or damages resulting from any untrue or alleged untrue statement, or omission or alleged omission, of a material fact in any registration statement or prospectus pursuant to which the Holders sell their registrable securities, unless such liability arose from such Holder’s misstatement or alleged misstatement, or omission or alleged omission, and the Holders including registrable securities in any registration statement or prospectus will indemnify the Combined Company and certain persons or entities related to the Combined Company such as its officers and directors and underwriters against all losses caused by their misstatements or omissions (or alleged misstatements or omissions) in those documents.

Lock-Up Agreement

GigCapital5 and the Holders will enter into the Lock-Up Agreement at the Closing. The Lock-Up Agreement will provide that, subject to certain exceptions, each of the Holders will not transfer any shares of the Combined Company Common Stock beneficially owned or owned of record by such of the Holders until the earlier of (a) six months following the Closing Date; (b) subsequent to the Closing, the date on which the reported closing price of one share of the Combined Company Common Stock quoted on Nasdaq equals or exceeds \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like occurring after the Closing Date) for any twenty trading days within any thirty consecutive trading day period commencing at least ninety days after the Closing Date; and (c) subsequent to the Closing, the date on which the Combined Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of the Combined Company’s stockholders having the right to exchange their Combined Company securities for cash, securities or other property.

QT Imaging, together with GigCapital5 and the Stock Subscription Investors, in November 2023 entered into definitive Stock Subscription Agreements, pursuant to which the Stock Subscription Investors have subscribed for the purchase of shares of QT Imaging Common Stock in such amount that upon the completion of the Business Combination and the application of the Exchange Ratio will be exchanged for such consideration as is provided for in the Business Combination Agreement, including that number of shares of Combined Company Common Stock as is equal in the aggregate to 1,200,000 shares of Combined Company Common Stock. The aggregate gross proceeds under the Stock Subscription Agreements to QT Imaging will be \$3,000,000, and this constitutes the Stock Subscription Financing. All of the proceeds of the Stock Subscription Financing are expected to be available to the Combined Company at the Closing of the Business Combination to satisfy its obligations and as a source of working capital. In addition, each of the Stock Subscription Investors has separately entered into with GigCapital5 the November 2023 Non-Redemption Agreements pursuant to which each such Stock Subscription Investor has agreed to not redeem up to 400,000 shares of GigCapital5 Common Stock in exchange for a cash payment by GigCapital5 with cash from its Trust Account in a per share amount equal to the per share pro rata portion of the amount then in the Trust Account less \$2.50 per share. For each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of

a November 2023 Non-Redemption Agreement, the obligation of such Stock Subscription Investor to purchase shares of QT Imaging Common Stock pursuant to the Stock Subscription Agreements will be correspondingly reduced in an equal amount with respect to the number of shares of Combined Company Common Stock that would be received upon the exchange that occurs at the closing of the Business Combination. Furthermore, for each share of GigCapital5 Common Stock that a Stock Subscription Investor does not redeem pursuant to the terms of a November 2023 Non-Redemption Agreement, the aggregate number of shares of Combined Company Common Stock issued as consideration to the securities holders of QT Imaging in the Business Combination shall also be correspondingly reduced.

Yorkville Financing

Standby Equity Purchase Agreement

On November 16, 2023, GigCapital5, QT Imaging and Yorkville, entered into the SEPA. Upon the closing of the Business Combination, the Combined Company will have the right, provided there is no balance outstanding under the Yorkville Note or, if there is a balance outstanding under a Yorkville Note, with Yorkville's prior written consent, or upon the occurrence of certain Trigger Events, to issue and sell to Yorkville, and Yorkville shall purchase from the Combined Company, as Advances up to \$50 million in aggregate gross purchase price of newly issued shares of Combined Company Common Stock by delivering written Advance Notice to Yorkville. The Combined Company Common Stock purchased pursuant to an Advance Notice will be purchased at a price equal to 97% of the lowest daily VWAP of the Combined Company Common Stock during the three consecutive trading days commencing on the Advance Notice Date. VWAP means for purposes of the Yorkville Financing, for any trading day, the daily volume weighted average price of the Combined Company Common Stock for such trading day on the Nasdaq Stock Market LLC during regular trading hours as reported by Bloomberg L.P. During the commitment period, Investor may also deliver its written Investor Notice to the Combined Company causing an Advance Notice to be deemed delivered to Yorkville. In this case, the Common Stock purchased pursuant to such Investor Notice will be purchased at a price equal to the lower of (i) the Fixed Price, or (ii) 95% of the lowest daily VWAP of the Common Stock during the five consecutive trading days commencing on the immediately preceding date Yorkville submits an Investor Notice pursuant to and as defined in the SEPA.

At the Pre-Advance Closing, GigCapital5 shall pay a Commitment Fee in an amount up to \$375,000 which is equal to 0.75% of the Commitment Amount in cash to Yorkville, which shall be netted from the Pre-Paid Advance. As consideration for the Pre-Paid Advance, and prior to the closing of the Business Combination and the Pre-Advance Closing, QT Imaging will issue to Yorkville that number of shares of stock of QT Imaging equal to the result of (x) one million (1,000,000) divided by (y) the Exchange Ratio, such that upon the closing of the Business Combination, Yorkville will receive that consideration provided for in the Business Combination Agreement that a holder of shares of stock of QT Imaging is entitled to receive as the Company Shares pursuant to the Business Combination Agreement, including one million (1,000,000) shares of Combined Company Common Stock which are freely tradable upon receipt of such consideration as provided for in the Business Combination Agreement. The Company Shares to be issued as consideration as provided for in the Business Combination Agreement shall be registered pursuant to this prospectus. The Company Shares shall be deemed fully earned as of November 15, 2023. Yorkville shall be entitled to sell the Company Shares at its sole discretion and retain one hundred percent (100%) of the sale proceeds of the Company Shares.

In the event that during the term of the Yorkville Note, the Combined Company shall not be required as described below to make monthly cash payments to Yorkville as the result of the occurrence of a Trigger Event, Yorkville shall be entitled to retain one hundred percent (100%) of the sale proceeds of the Company Shares, provided that (i) if Yorkville has sold the Company Shares, fifty percent (50%) of Yorkville's net sale proceeds of the Company Shares or (ii) if Yorkville has not sold the Company Shares, fifty percent (50%) of the value of the Company Shares based on the VWAP, as quoted by Bloomberg, LP, on the date of such agreement, shall be applied in such manner as the Combined Company and Yorkville mutually agree to apply such amounts.

The issuance of the Common Stock under the SEPA will be subject to certain limitations, including as the Exchange Cap that (a) Yorkville may not purchase any Common Stock that would result in it owning more than 4.99% of GigCapital5's Common Stock or (b) the aggregate number of shares of Common Stock issued pursuant to Pre-Paid Advances (including the aggregation with the issuance of Common Stock under other Advances) cannot exceed 19.9% of the Common Stock of GigCapital5 outstanding as of the Effective Date of the SEPA. The Exchange Cap shall not be applicable if: (a) GigCapital5's stockholders have approved the issuance of Common Shares in excess of the Exchange Cap under the Nasdaq Proposal in accordance with the applicable rules of Nasdaq or (b) to the extent that (and only for so long as) the average price for the issuance of Common Stock equals or exceeds the lower of (i) the Nasdaq Official Closing Price immediately preceding the Effective Date, which is \$10.85 per share; or (ii) the average Nasdaq Official Closing Price for the five trading days immediately preceding the Effective Date, which is \$10.86 per share.

Pre-Paid Advance

In connection with the SEPA, and subject to the conditions set forth therein, including the closing of the Business Combination, Yorkville shall advance make a Pre-Paid Advance of up to \$10 million as evidenced by the Yorkville Note, which is being issued with a 6% original issue discount. The proceeds from the funding of the Pre-Paid Advance may not be used by the Combined Company or QT Imaging to make any payments in respect of any notes to the Sponsor or any indebtedness to Dr. John Klock; provided, however, that nothing will preclude the Combined Company from making payments in respect of notes to the Sponsor or notes to affiliates of Dr. Avi S. Katz from the proceeds of other sources of capital that the Combined Company has while a Pre-Paid Advance is outstanding.

The Yorkville Note for the Pre-Paid Advance will be due 15 months from the date of issuance, and interest shall accrue on the outstanding balance of the Yorkville Note at an annual rate equal to 6%, subject to an increase to 18% upon an event of default as described in the Yorkville Note. The Yorkville Note shall be convertible by Yorkville into shares of Common Stock at the Conversion Price. The Conversion Amount of shares issuable upon conversion of any amount of principal being converted shall be determined by dividing (x) such Conversion Amount by (y) the Conversion Price. The Conversion Price is the lower of (a) the Fixed Price of 110% of the daily VWAP of the Common Stock on Nasdaq as of the trading day immediately prior to the issuance of the Yorkville Note, or (b) the Variable Price of 95% of the lowest daily VWAP of the Common Stock on Nasdaq during the five consecutive trading days immediately prior to (i) each date of conversion or (ii) the date Yorkville submits an Investor Notice to the Combined Company that it intends to make a purchase, but which Variable Price shall not be lower than the Floor Price then in effect. The Floor Price solely with respect to the Variable Price, means the lower of (i) \$2.00 per share or (ii) the VWAP of the Common Stock for the five (5) trading days immediately prior to the Resale Registration Statement being declared effective by the SEC (as defined below), or as reduced in accordance with the terms of the Yorkville Note. Notwithstanding the foregoing, the Combined Company may reduce the Floor Price to any amounts set forth in a written notice to Yorkville; provided that such reduction shall be irrevocable and shall not be subject to increase thereafter.

The Combined Company at its option shall have the right, but not the obligation, to undertake the Optional Redemption and redeem early a portion or all amounts outstanding under the Yorkville Note; provided that (i) the Combined Company provides Yorkville with no less than ten (10) trading days' prior written notice of the Redemption Notice and (ii) on the date the Redemption Notice is issued, the VWAP of the Common Stock is less than the Fixed Price. Each Redemption Notice shall be irrevocable and shall specify the outstanding balance of the Note to be redeemed and the Redemption Amount. The Redemption Amount shall be equal to the outstanding principal balance being redeemed by the Combined Company, plus the Redemption Premium, plus all accrued and unpaid interest. After receipt of the Redemption Notice, Yorkville shall have ten (10) trading days to elect to convert all or any portion of the Yorkville Note. On the eleventh (11th) trading day after the Redemption Notice, the Combined Company shall deliver to Yorkville the Redemption Amount with respect to the principal amount redeemed after giving effect to conversions effected during the ten (10) trading day period.

Under the terms of the Yorkville Note, a Trigger Event shall occur on the Trigger Date if (i) as a Floor Price Trigger, the daily VWAP is less than the Floor Price for five trading days during a period of seven consecutive trading days, or (ii) as an Exchange Cap Trigger, if GigCapital5 has issued in excess of 95% of the Common Stock available under the Exchange Cap. If, at any time six months after the issuance of the Yorkville Note, a Trigger Event occurs, then the Combined Company will be obligated to make monthly payments of an amount equal to the sum of (i) the Triggered Principal Amount of \$1,500,000 of principal in the aggregate among all promissory notes issued to Yorkville (or the outstanding principal if less than such amount), plus (ii) a payment premium of 5% in respect of such Triggered Principal Amount, and (iii) accrued and unpaid interest hereunder as of each payment date beginning on the 5th trading day after the Trigger Date and continuing on the same day of each successive calendar month to Yorkville pursuant to the terms of the Yorkville Note. However, in the event that the Combined Company shall be required to make such cash payments to Yorkville under the Yorkville Note as a result of the occurrence of a Trigger Event, the Combined Company shall be entitled upon written notice to Yorkville, to direct that Yorkville (i) if Yorkville has sold the Company Shares, to apply, in accordance with the terms of the Yorkville Note, up to fifty percent (50%) of Yorkville's net sale proceeds of the Company Shares to satisfy, in part or in whole, the Triggered Principal Amount of such cash payments due to Yorkville or (ii) if Yorkville has not sold the Company Shares, to apply up to fifty percent (50%) of the value of the Company Shares on such date the cash payment is due based on the VWAP (as such term is defined in the SEPA) as quoted by Bloomberg LP of the Company Shares as an offset of the Triggered Principal Amount of the cash payments due to Yorkville. The Combined Company right to request that Yorkville apply or offset cash payments to which Yorkville is entitled pursuant to the Yorkville Note shall cease once fifty percent (50%) of the (i) the net sale proceeds of the Company Shares or fifty percent (50%) of the value of the Company Shares on such date the cash payment is due based on the VWAP as quoted by Bloomberg LP of the Company Shares have been applied or offset as provided herein to such cash payments to which Yorkville is entitled. The obligation of the Combined Company to make monthly prepayments shall cease (with respect to any payment that has not yet come due) if any time after the Trigger Date (a) the Combined Company reduces the Floor Price to an amount that is at least 50% of the daily VWAP of the Common Stock, (b) the daily VWAP is greater than the 110% of the Floor Price a period of five consecutive trading days in the event of a Floor Price Trigger, or (c) the date GigCapital5 has obtained stockholder approval to increase the number of shares of Common Stock under the Exchange Cap and/or the Exchange Cap no longer applies, unless a subsequent Trigger Event occurs. Furthermore, within one (1) trading day of a Floor Price Trigger that remains after application of all amounts related to the Company Shares as described above, the Combined Company shall reduce the Floor Price to an amount that is at least fifty percent (50%) of the daily VWAP of the Common Stock, and provide Yorkville written confirmation of such reduction of the Floor Price or be obligated to make the above monthly cash payments.

Yorkville Registration Rights Agreement

In connection with the entry of the SEPA, GigCapital5 entered into the Yorkville Registration Rights Agreement with Yorkville on November 16, 2023, pursuant to which the Combined Company agrees to file within 21 calendar days of the date of the Pre-Advance Closing, a registration statement on Form S-1 (or Forms S-3, if eligible) with the SEC covering the resale of the Common Stock subject to the SEPA requested to be included in the Resale Registration Statement, and the Combined Company shall use its best efforts to have the Resale Registration Statement declared effective as soon as practicable after the filing thereof, but in no event later than (a) the 45th calendar day following the filing of the Resale Registration Statement or (b), the fifth business day following the date on which the Combined Company is notified by the SEC that the Resale Registration Statement will not be or is no longer subject to further review and comments.

September 2023 Non-Redemption Agreements

In September 2023, GigCapital5 and QT Imaging entered into separate definitive agreements with the September 2023 NRA Stockholders pursuant to which the September 2023 NRA Stockholders agreed not to redeem or to reverse any previously submitted redemption demands, in connection with the Third Extension Amendment with respect to the aggregate number of 2,042,903 shares of the GigCapital5 Common Stock. In consideration of the

foregoing, QT Imaging agreed to issue to the September 2023 NRA Stockholders immediately prior to and substantially concurrently with the Closing, that number of shares of QT Imaging Common Stock equal to the total of 306,435 shares of the GigCapital5 Common Stock. The QT Imaging Common Stock will be issued directly to the September 2023 NRA Stockholder in book-entry form on the books and records of the Combined Company, and the GigCapital5 Common Stock into which the QT Imaging Common Stock convert at the Closing will be issued directly to the September 2023 NRA Stockholders in book-entry form on the books and records of the Company's transfer agent in accordance with the terms of the Business Combination Agreement. One of the September 2023 NRA Stockholders is Meteora Capital Partners, LP, which has an economic interest in the Sponsor. The non-redeemed GigCapital5 Common Stock held by the September 2023 NRA Stockholders will not be subject to any other transfer restrictions than those described in the September 2023 Non-Redemption Agreements.

Settlement Agreement

On September 7, 2023, GigCapital5 filed a lawsuit in the Court of Chancery of the State of Delaware against QT Imaging and QT Imaging's primary stockholder, alleging breach of contract and breach of the covenant of good faith and fair dealing on the part of QT Imaging and its primary stockholder.

On September 21, 2023, following settlement discussions, GigCapital5, QT Imaging, and QT Imaging's primary stockholder, entered into the Settlement Agreement, pursuant to which the parties agreed, among other things: (i) that GigCapital5, Merger Sub, and QT Imaging will concurrently enter into the Second Amendment to Business Combination Agreement, (ii) on the form of Bylaws of the Combined Company which would be adopted by GigCapital5 at the Closing, (iii) that the parties will work together to ensure that GigCapital5 will continue its listing on a stock exchange after the September 2023 stockholders meeting, and (iv) that GigCapital5 will file a Notice of Voluntary Dismissal Without Prejudice with the Court of Chancery of the State of Delaware to voluntarily dismiss the lawsuit without prejudice.

In connection with the Settlement Agreement, on September 21, 2023, GigCapital5 filed a Notice of Voluntary Dismissal Without Prejudice with the Court of Chancery of the State of Delaware to voluntarily dismiss the lawsuit without prejudice.

BACKGROUND OF THE BUSINESS COMBINATION

The Background of the Business Combination

The terms of the Business Combination are the result of negotiations among the representatives of GigCapital5 and QT Imaging and their related parties. The following is a brief description of the background of these negotiations and the resulting agreement to consummate the Business Combination on the terms, and subject to the conditions, set forth in the Business Combination Agreement.

GigCapital5 is a blank check company formed as a Delaware corporation for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination. We have sought to capitalize on the substantial deal sourcing, investing and operating expertise of our management team to identify and combine with a business with high growth potential in the U.S. or internationally. We have identified QT Imaging as our initial business combination target. Upon consummation of the Business Combination with QT Imaging, we expect to change our name and be known as QT Imaging Holdings, Inc.

On September 28, 2021, we consummated the GigCapital5 IPO of 23,000,000 GigCapital5 Units at a price of \$10.00 per unit, including 3,000,000 over-allotment units, generating gross proceeds of \$230,000,000. Each GigCapital5 Unit issued in the GigCapital5 IPO was comprised of one Public Share and one Warrant. Each Warrant is exercisable for one share of GigCapital5 Common Stock at a price of \$11.50 per full share and will become exercisable 30 days after the Closing.

Simultaneously with the closing of the GigCapital5 IPO, we consummated the private placement to the Sponsor of 795,000 Private Placement Units at a price of \$10.00 per Private Placement Unit. The Private Placement Units are substantially similar to the units issued in the GigCapital5 IPO, except for certain differences in the Private Placement Warrants included in the Private Placement Units. Unlike the Warrants, if held by the original holder or its permitted transferees, the Private Placement Warrants (i) may be exercised for cash or on a cashless basis at such time as they become exercisable, (ii) are not redeemable by us, and (iii) subject to certain limited exceptions, will be subject to transfer restrictions until 30 days following the Closing. If the Private Placement Warrants are held by holders other than their initial holder or its permitted transferees, the Private Placement Warrants will be redeemable by us and exercisable by holders on the same basis as the Warrants.

Upon the closing of the GigCapital5 IPO and the private placement, approximately \$232.3 million of the net proceeds from the combined sale of the GigCapital5 Units in the GigCapital5 IPO and the Private Placement Units in the private placement was placed in the Trust Account maintained by Continental Stock Transfer & Trust Company, acting as trustee. The proceeds held in the Trust Account were invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less and/or in any open ended investment company registered under the Investment Company Act that holds itself out as a money market fund selected by us meeting the conditions of paragraphs (d)(2), (d)(3) and (d)(4) of Rule 2a-7 of the Investment Company Act, which invests only in direct U.S. government treasury obligations, as determined by us, until the earlier of: (i) the completion of a business combination, (ii) the redemption of 100% of the Public Shares if we do not complete a business combination by December 31, 2023, and (iii) the redemption of shares in connection with a vote seeking to amend any provisions of the GigCapital5 Amended and Restated Certificate of Incorporation relating to our pre-business combination activity and related stockholders' rights. In September 2022, the GigCapital5 Amended and Restated Certificate of Incorporation was amended to extend the date for consummation of our initial business combination for up to 6 months to March 28, 2023, and in connection with the stockholder approval of this amendment, certain Public Stockholders effectuated the September 2022 Partial Redemption. In March 2023, the GigCapital5 Amended and Restated Certificate of Incorporation was amended a second time to extend the date for consummation of our initial business combination for up to 6 months to September 28, 2023, and in connection with the stockholder approval

of this amendment, certain Public Stockholders effectuated the March 2023 Partial Redemption. In September 2023, the GigCapital5 Amended and Restated Certificate of Incorporation was amended for a third time to extend the date for consummation of our initial business combination to December 31, 2023, and in connection with the stockholder approval of this amendment, certain Public Stockholders effectuated the September 2023 Partial Redemption. Following the September 2022 Partial Redemption, the March 2023 Partial Redemption and the September 2023 Partial Redemption, approximately \$22.9 million remained in the Trust Account. Prior to the consummation of the GigCapital5 IPO, neither GigCapital5, nor anyone on its behalf, contacted any prospective target business or had any substantive discussions, formal or otherwise, with respect to such a transaction with GigCapital5.

Following the closing of the GigCapital5 IPO, the GigCapital5 management team began engaging with its network of contacts to look for prospective businesses or assets to acquire in our initial business combination. We believe that the GigCapital5 management team, the GigCapital5 Board and the Sponsor have extensive experience in identifying, investing in, and operating businesses that focus on anticipating and exploiting macro trends in a variety of technology industries, with a particular focus on companies in the technology, media, and telecommunications ("*TMT*"), aerospace and defense ("*A&D*"), advanced medical equipment, intelligent automation and sustainable industries. We believe in the ability of the GigCapital5 management team to lead rigorous sourcing and due diligence processes, utilizing the proprietary network of the GigCapital5 management team and GigCapital5 Board. We determined to use the following criteria and guidelines in evaluating acquisition opportunities, but we were also of the view that we may decide to enter into our initial business combination with a target business that does not meet these criteria and guidelines.

The general criteria and guidelines that we had determined would be used by the GigCapital5 Board and management in evaluating prospective target businesses includes the following:

- *Companies that embrace today's digital transformation and intelligent automation.* GigCapital5 and its management will seek TMT, A&D, advanced medical equipment, intelligent automation and sustainable companies anywhere in the world that embrace today's digital transformation and intelligent automation as a competitive advantage. Being conscientious corporate citizens, GigCapital5 and its management will focus on sustainable technology companies that can shape a better society and healthier environment. GigCapital5 believes that such an approach enables both organic and inorganic fast-paced growth, creating new strategic, operational and business opportunities fueled by the emerging cloud, analytics, big data and cognitive technologies. Businesses who rethink their current and future capabilities amid disruption will be better positioned for growth in the digital age. GigCapital5 seeks to combine with the best available U.S. private or overseas private or foreign listed companies.
- *Companies that will benefit from a public listing.* GigCapital5 and its management primarily will seek companies with entrepreneurial owners and leadership that they believe will benefit from being publicly traded, and that will be able to effectively utilize the broader access to capital and the public profile that are associated with being a publicly traded company in furtherance of growth. A public status is designed to enhance organic and strategic growth opportunities and accelerate execution of business ideas in dynamic and competitive growth markets.
- *Companies that will benefit from GigCapital5's management's industry expertise and relationships.* GigCapital5 and its management will seek companies that will be best positioned to leverage their industry expertise, insights and relationships to create opportunities for value creation, whether acquisitions, capital investments inorganic growth opportunities, generating greater operating efficiencies or significantly improving financial performance.
- *Companies that are market-leading participants.* GigCapital5 and its management will seek a target that has an established business and market position or technology proposition.
- *Companies that are mid-sized businesses.* GigCapital5 and its management believe targeting companies in the mid-market will provide the greatest number of opportunities for investment and will maximize the benefits of the collective network of our management team and its affiliates.

[Table of Contents](#)

- *Companies with strong management* GigCapital5 and its management will prioritize entities with well-established, proven and talented management teams that wish to continue to drive their companies to growth by leveraging a public market platform and are eager to succeed with support from an interactive and hands-on board of directors.

Consistent with the general criteria and guidelines above, the GigCapital5 management team and GigCapital5 Board set out to consider a variety of factors in evaluating prospective target businesses, including the following:

- financial condition and results of operation;
- growth potential;
- brand recognition and potential;
- experience and skill of management and availability of additional personnel;
- capital requirements;
- competitive position;
- barriers to entry;
- stage of development of the products, processes or services;
- existing distribution and potential for expansion;
- degree of current or potential market acceptance of the products, processes or services;
- proprietary aspects of products and the extent of intellectual property or other protection for products or methods;
- impact of regulation on the business;
- regulatory environment of the industry;
- costs associated with effecting the business combination;
- industry leadership, sustainability of market share and attractiveness of market industries in which a target business participates;
- macro competitive dynamics in the industry within which the company competes; and
- fit, cooperation and coachability of management team.

These criteria are not intended by us to be an exhaustive list of our guidelines, or the factors that we considered when considering QT Imaging as a business combination target. Any evaluation relating to the merits of a particular initial business combination, including with respect to QT Imaging, may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that the GigCapital5 management team and GigCapital5 Board may deem relevant.

Since the completion of the GigCapital5 IPO, GigCapital5 considered a large number of potential target businesses with the objective of consummating a business combination. Representatives of GigCapital5 contacted, and were contacted by, an extensive list of individuals, investment banks, private equity and venture capital firms, and companies in, among others, the A&D, semiconductor, cyber and cloud connectivity software and advanced medical equipment sectors. GigCapital5 primarily considered businesses that it believed could benefit from the substantial expertise, experience, network of the GigCapital5 management team, and relationship with its sponsor affiliate, that GigCapital5 determined have a scientific or other competitive advantage in the markets in which they operate and have attractive growth prospects.

In the process that led to identifying QT Imaging as an attractive business combination opportunity, the GigCapital5 management team evaluated over 200 different potential business combination targets. Our

management team conducted preliminary business due diligence on more than 50 potential business combination targets. Additional due diligence was undertaken with respect to more than 10 potential business combination targets, and identification of business, legal, financial and other risks to the target's business. In connection with its evaluation, GigCapital5 or its management company, GigManagement, entered into over 30 non-disclosure agreements. Such non-disclosure agreements contained customary terms for a special purpose acquisition company and a private company target, including confidentiality provisions and use restrictions for information provided by the target and exceptions to such provisions. Further, such non-disclosure agreements did not contain any standstill or "don't ask, don't waive" provisions. In addition to QT Imaging, we delivered and undertook discussions regarding non-binding indications of interest or letters of intent with respect to more than 10 other prospective business combination targets (each of whom we undertook additional due diligence efforts). Of these 10 other prospective business combination targets, only one resulted in an executed term sheet. With respect to the other 9 prospective business combination targets, notwithstanding discussions with such prospective targets regarding non-binding indications of interest or letters of intent, the parties were either unable to agree upon potential terms for a transaction, GigCapital5 decided to move away from the process due to further information collected or the potential targets pursued an alternative transaction, and as a result, GigCapital5 did not continue to pursue a potential business combination with the other 9.

Of these 9 other prospective business combination targets, 1 was in the industrial space, 3 were medical technology or pharmaceutical companies ("*Medtech/Pharma*"), 4 were in A&D sector, and the last was a crossover between the A&D sector and pharmaceutical industry. The management of GigCapital5 identified and initiated the discussions with each of these companies.

For the company in the industrial space, discussions began shortly after the GigCapital5 IPO in the Fall of 2021, and proceeded as far as GigCapital5 initiating discussions of and presenting an initial draft of a potential non-binding letter of intent in January 2022 at a valuation for the company of approximately \$400 million, with the potential combined company to be financed with a minimum of \$80 million in convertible notes that the parties would have to raise. Following the delivery of the draft of a potential non-binding letter of intent, the parties over a few days discussed both the proposed valuation and the type of financing that would result from a proposed transaction, as the potential business combination target was not desirous of a transaction that would result in only debt being added to its balance sheet and sought a valuation of at least \$450 million. The management of GigCapital5 raised to the potential business combination target that the market for equity financing of business combinations was becoming more challenging than it had been a year earlier, which was why it was proposing a convertible note financing. The potential business combination target took this under consideration as it evaluated the proposal from GigCapital5. Eventually after a few weeks of its consideration of a possible business combination with GigCapital5, the potential business combination target decided not to proceed further with discussions and the discussions terminated in February 2022.

The management of GigCapital5 commenced discussions in the Fall of 2021 with 3 other potential targets – 1 in the A&D sector and the other 2 in the Medtech/Pharma space. One of the Medtech/Pharma companies, the management of GigCapital5 in October 2021 proposed commencing discussions around a potential transaction with that company being verbally provided a valuation of approximately \$200 million. Those discussions did not proceed beyond the presentation of that valuation, with GigCapital5 deciding not to continue the discussions based upon its initial discussion of valuation with the potential business combination target. A similar situation arose with the A&D company, with GigCapital5 proposing in November 2021 a potential transaction with the company that valued the company at approximately \$500 million. However, those discussions also did not proceed beyond that point. With the second of the Medtech/Pharma companies that the management of GigCapital5 first started speaking with in the Fall of 2021, in February 2022, it presented a draft of a potential non-binding letter of intent to that potential business combination target that provided for a proposed valuation of approximately \$364 million, with financing to be provided both by a minimum of \$45 million in convertible notes and the potential business combination target securing commitments of at least \$20 million aggregate financing from its strategic and inside investors. After the presentation of this draft potential non-binding letter of intent, the discussions terminated when these terms were not accepted.

In January 2022, the management of GigCapital5 had initial discussions with 2 different A&D companies regarding a potential business combination with GigCapital5. However, in both of these situations, the management of GigCapital5 did not propose a potential valuation to the potential business combination targets, with both of those companies choosing to consider an alternative to a business combination. Similarly, in March 2022, the management of GigCapital5 had initial discussions with another Medtech/Pharma company, but those discussions also did not proceed to a potential valuation even being presented to that company.

In February 2022, the management of GigCapital5 commenced discussions with another A&D company, and verbally presented it with a proposed valuation of approximately \$150 million. Those discussions did not proceed beyond the presentation of that valuation, with GigCapital5 deciding not to continue the discussions based upon its initial discussion of valuation with the potential business combination target. And in March 2022, the management of GigCapital5 also discussed a potential business combination with the company that was a crossover between the A&D sector and pharmaceutical industry. The management of GigCapital5 verbally presented that company with a proposed valuation of approximately \$100 million. Those discussions also did not proceed beyond the presentation of that valuation.

In June 2022, we executed a term sheet with a potential business combination target that the management of GigCapital5 first met in March 2022 and that was engaged in quantum computing. conducted extensive due diligence (including legal, financial, regulatory, commercial and intellectual property matters) of the target, and undertook numerous discussions regarding terms of a potential business combination (including valuation), but decided in August 2022, after conducting due diligence regarding the prospective business combination target and extensive discussions, together with such prospective business combination target to terminate those discussions, including any exclusivity of discussions, and not to proceed with that prospective business combination target for a variety of reasons, including after considering the above discussed criteria and determining that the parties would not be able to successfully negotiate a business combination on terms that each of the parties would find acceptable and in the interests of their respective stockholders.

The decision not to pursue the alternative acquisition targets was generally the result of one or more of (i) our determination that these businesses did not represent an attractive target due to a combination of business prospects, strategy, management teams, structure, valuation or ability to execute, (ii) the target pursued an alternative transaction or strategy, or (iii) our decision to pursue a Business Combination with QT Imaging.

The following describes how the proposed Business Combination with QT Imaging resulted from the activities of the GigCapital5 management team and GigCapital5 Board.

On August 28, 2022, GigCapital5 was approached by an advisor to QT Imaging, Arun Batavia of Exit Strategy Partners, LLC, to inquire of its interest in exploring the possibility of a business combination between the companies.

On August 30, 2022, a non-disclosure agreement was mutually executed by GigCapital5 and QT Imaging. This nondisclosure agreement did not contain any standstill or “don’t ask, don’t waive” provisions (nor did any other nondisclosure agreements that either GigCapital5, or GigManagement, for the purpose of considering a company for an initial business combination for GigCapital5, entered into contain any standstill or “don’t ask, don’t waive” provision).

On August 31, 2022, Dr. Avi S. Katz and Dr. Raluca Dinu, Executive Chairman of the Board and Chief Executive Officer, respectively, of GigCapital5, were provided with an investor presentation for and introduction to QT Imaging. The GigCapital5 management team, together with some of the members of the GigCapital5 Board, reviewed the investor presentation, which presented a company with a developed medical imaging technology that had begun being placed into commercial settings following initial FDA-clearance and had in part been funded with over \$15 million in grants from the National Institute of Health. They also reached out to some third-party advisors to discuss QT Imaging as a potential business combination target.

On September 6, 2022, Dr. Katz and Dr. Dinu met in person with Dr. John Klock, the founder and Chief Executive Officer of QT Imaging at QT Imaging's facilities. They were able to experience a scan conducted using the QT Breast Scanner and a comparison of this scan to a mammogram result. They also engaged in initial due diligence of QT Imaging and discussed the possibility of a business combination between GigCapital5 and QT Imaging with Dr. Klock. The parties began discussing the initial contours of a transaction, including valuation, a three-year earnout based upon milestones and financial deliveries by QT Imaging, minimum cash needed and a potential PIPE or convertible note financing to supplement the Trust Account for supplying such minimum cash.

Following this meeting, the GigCapital5 management team continued to conduct research on QT Imaging and discuss the company with various advisors. The GigCapital5 management team also began to consider a possible valuation for QT Imaging.

On September 6, 2022, Mr. Batavia sent to the GigCapital5 management team a draft of a non-binding term sheet for a potential business combination between GigCapital5 and QT Imaging. This initial term sheet contained terms that the parties had discussed, contemplated that QT Imaging would merge with a subsidiary of GigCapital5 that would be formed for the purpose of GigCapital5 acquiring QT Imaging, and included a pre-transaction enterprise valuation for QT Imaging previously proposed by the GigCapital5 management team of \$150 million on a fully-diluted basis which would be adjusted at closing of a potential business combination based on final cash and debt on the closing balance sheet of QT Imaging, with the consideration to be paid to be entirely shares of GigCapital5 Common Stock or assumed securities for holders of equity compensation securities, using a divisor of 10 for the enterprise valuation to determine the number of shares of GigCapital5 Common Stock to be issued, plus an earn-out of up to 7.5 million shares that could be issued in equal grants of 2.5 million shares a year over three years upon achievement of certain milestones. GigCapital5 management, relying on their management and industry experience, proposed this pre-transaction enterprise valuation after taking into consideration the size of the breast imaging market, which was estimated in the 2019 Breast Imaging Market Report by Allied Market Research at \$3 billion, and the potential for QT Imaging's technology, which is intended to replace existing technologies, to capture a portion of this market, as well their financial due diligence investigation to that date into QT Imaging and its business, and consideration of a list of various market comparable valuations of similar size and stage of evolution medical equipment companies that went public over the previous 6 months that the GigCapital5 management team had put together.

On September 8, 2022, Dr. Katz sent to Dr. Klock and Mr. Batavia a revised term sheet that in addition to what was specified in the term sheet provided on September 6, 2022, also contemplated that (i) GigCapital5 and QT Imaging would, and would cause their affiliates and representatives to, negotiate exclusively with each other in connection with a proposed business combination, (ii) a seven person board of directors would be appointed to GigCapital5 following the consummation of the proposed business combination, of which three directors would be nominated by the Sponsor, three directors would be nominated by QT Imaging, and one director would be jointly nominated by the other six directors, (iii) the parties would pursue up to \$25,000,000 in convertible notes or other financing vehicle in GigCapital5 to be issued at the closing of the proposed business combination, and QT Imaging would secure up to \$2 million in equity and/or debt financing from strategic, financial and inside investors, a portion of which could be used as a bridge financing of QT Imaging prior to the closing of the proposed business combination, (iv) the shares issued to holders of greater than 5% QT Imaging equityholders would be subject to a 6-month lock-up, (v) the shares issued in the Merger would be listed on the NYSE, (vi) the parties would discuss and mutually agree upon a post-closing management equity compensation plan with a stock pool equal to 10% of the outstanding shares of GigCapital5 at the closing of the proposed business combination and a 5% annual evergreen feature, (vii) that transaction expenses would be limited to \$10 million and (viii) the closing of the Merger would be subject to several closing conditions, including a condition of QT Imaging that GigCapital5 would have aggregate cash proceeds available at the closing of the proposed business combination in immediately available funds from the Trust Account and the proposed financing of no less than \$15 million (after giving effect to redemptions by existing GigCapital5 public stockholders), net of the parties' transaction expenses as of the closing of the proposed Business Combination.

On September 10, 2022, Dr. Klock provided to Dr. Katz initial questions and comments of QT Imaging to the September 8, 2022 term sheet, including with respect to the composition of the post-combination board, the capitalization table following the closing of a business combination, and the capital for the payment of the transaction expenses. QT Imaging also requested that its board of directors be able to meet with GigCapital5 management.

On September 11, 2022, Dr. Katz responded to the comments provided by Dr. Klock, providing information that responded to the inquiries of QT Imaging in an effort to generate revisions to the term sheet from QT Imaging.

On September 13, 2022, Dr. Klock sent Dr. Katz and Dr. Dinu a revised term sheet. Among other things, this revision increased the number of shares that were subject to the proposed earn-out to 9 million at equal grants of 3 million a year, and provided greater detail regarding the milestones for achieving the earnout, provided that QT Imaging would nominate four of the seven directors of the post-combination company, and provided that transaction expenses would be limited to \$11 million, with \$7 million for GigCapital5 and \$4 million for QT Imaging. It also allowed QT Imaging to continue to pursue bridge financing for its operations prior to a closing of the proposed business combination without violating an exclusivity provision.

Later that day, Dr. Katz sent the management team of QT Imaging and Mr. Batavia a further revised term sheet that made minor revisions to the provisions regarding the earnout and the transaction expenses. Dr. Katz also discussed a meeting of the parties on September 15, 2022.

On September 14, 2022, Mr. Batavia sent another revision to the term sheet to Dr. Katz and Dr. Dinu, and told them that this revision, which made additional minor edits to the earnout provision, remained subject to review by counsel to QT Imaging. Dr. Katz responded that, subject to any changes that QT Imaging's counsel sought, GigCapital5 was ok with the edits that Mr. Batavia had sent.

On September 15, 2022, Dr. Katz and Dr. Dinu met with members of the board of directors of QT Imaging and answered questions regarding the proposed business combination.

Over the next week, GigCapital5 management continued to engage in discussions regarding a potential business combination with QT Imaging with various advisors.

On September 19, 2022, Dr. Klock met in GigCapital5's offices to present to the GigCapital5 Board and a representative of GigCapital5's legal counsel, DLA Piper LLP (US) ("*DLA Piper*"). Following that presentation, Dr. Klock, Dr. Katz, Dr. Dinu and the representative of DLA Piper discussed the term sheet. Dr. Klock asked questions regarding the proposed board composition of the post-combination company.

After that meeting ended, on September 19, 2022, Mr. Batavia sent to Dr. Katz and Dr. Dinu a revised term sheet that made further revisions to the earnout provision and the proposed board composition of the post-combination company.

On September 23, 2022, GigCapital5 held a special meeting of its stockholders. At this special meeting, GigCapital5's stockholders approved an amendment to its Amended and Restated Certificate of Incorporation that extended the date by which GigCapital5 must consummate a business combination transaction from September 28, 2022 on a monthly basis up to March 28, 2023.

On September 25, 2022, Dr. Klock sent to Dr. Katz and Dr. Dinu a revised term sheet that reflected revisions proposed by counsel to QT Imaging. The revisions included, among other things, edits to the merger consideration, earnout and transaction fee provisions, that the entirety of the \$2 million in financing to be raised by QT Imaging would be a bridge financing invested into QT Imaging prior to the closing of the proposed business combination, and provided for how the term sheet could be terminated by the parties.

Over the next two days, the parties discussed these revisions to the term sheet. On September 27, 2022, Dr. Katz sent to Dr. Klock and Mr. Batavia a revised term sheet that reflected what the parties had discussed, which primarily consisted of a proposed capitalization table following the closing of the proposed business combination and minor edits to the revisions made by counsel to QT Imaging.

On September 28, 2022, the parties executed this revised term sheet. The parties then prepared a press release for issuance on October 3, 2022 to announce the execution of the non-binding term sheet.

On September 29, 2022, Dr. Dinu sent to Dr. Klock, Mr. Batavia, and the Chief Operating Officer of QT Imaging, Meg Donigan, a due diligence request list for business, financial and legal due diligence of QT Imaging.

On October 3, 2022, before the opening of trading on the NYSE, GigCapital5 and QT Imaging announced that they had entered into an exclusive, non-binding term sheet for a proposed term sheet.

Beginning the week of October 3, 2022, GigCapital5 began to engage in due diligence of QT Imaging, which continued through the date that the Business Combination Agreement was entered into. Representatives of GigCapital5 and DLA Piper conducted an extensive due diligence investigation of QT Imaging, which focused on, among other things, QT Imaging's (i) products and technology, (ii) capitalization, (iii) corporate and organizational matters, (iv) suppliers, distributors and customers, (v) sales and marketing, (vi) real and personal property, (vii) intellectual property, (viii) debt and financing, (ix) financial and tax matters, (x) regulatory compliance, (xi) management, employees consultants and benefit plans, (xii) commercial and government contracts, and (xiii) privacy and data security matters, and included (a) a detailed review of material due diligence materials provided in the virtual data room or otherwise by representatives of QT Imaging, (b) numerous written follow-up questions and requests by representatives of GigCapital5 and DLA Piper submitted to and addressed by representatives of QT Imaging and counsel to QT Imaging, Seyfarth Shaw LLP ("**Seyfarth**"), (c) conference calls among QT Imaging management and representatives of GigCapital5 and DLA Piper during which QT Imaging management answered questions and provided information regarding QT Imaging and its business, and (d) conference calls between representatives of GigCapital5 and representatives of medical providers using QT Imaging's products during which such representatives discussed the business relationship between QT Imaging, on the one hand, and such providers, on the other hand, as well as the technology.

On October 8, 2022, Dr. Katz began discussions with Northland Securities, Inc. ("**Northland Securities**") regarding it acting as a financial and capital markets advisor to GigCapital5, including with respect to the financing contemplated by the term sheet.

On October 10, 2022, the GigCapital5 management team, the QT Imaging management team, representatives of DLA, representatives of Seyfarth Shaw, and a representative of an advisor to QT Imaging, ARC Group Limited, met to discuss the process for proceeding with the proposed business combination.

Between October 10, 2022 and October 13, 2022, Dr. Katz continued discussions with Northland Securities regarding its potential engagement. Dr. Katz and a representative of Northland Securities also discussed the bridge financing to be raised by QT Imaging pursuant to the executed term sheet and assistance that Northland Securities could provide in that financing, as well as what terms of a bridge financing might look like. Northland Securities agreed to and on October 13, 2022, provided to Dr. Katz a proposed term sheet for a bridge financing of QT Imaging that proposed that QT Imaging issue convertible notes that would convert into shares of preferred stock of QT Imaging immediately prior to the closing of the proposed business combination.

On October 13, 2022, the GigCapital5 management team, the QT Imaging management team, representatives of DLA Piper and representatives of Northland Securities met and Dr. Klock and Ms. Donigan gave a presentation regarding QT Imaging to the representatives of Northland Securities.

Also on October 13, 2022, representatives of DLA Piper began their legal due diligence of QT Imaging on behalf of GigCapital5.

On October 14, 2022, Northland Securities sent to Dr. Katz and Dr. Dinu an executed engagement letter for Northland Securities to serve as financial advisor to GigCapital5 with respect to the proposed business combination with QT Imaging, and also to serve as exclusive placement agent to GigCapital5 with respect to a private placement of equity or convertible debt securities of GigCapital5. The engagement letter provided that GigCapital5 would pay to Northland Securities a financial advisory fee of \$750,000 if the proposed business combination is consummated, and also a placement agent fee of 5% of the price of the sale of any securities that are sold in a private placement. Northland Securities was not engaged to provide a fairness opinion. Dr. Dinu executed the engagement letter with Northland Securities on behalf of GigCapital5 on October 18, 2022.

As provided for under the executed term sheet for the proposed business combination, QT Imaging engaged in a bridge financing which was conducted under terms different than that proposed by Northland Securities on October 13, 2022. On November 7, 2022, a representative of Seyfarth Shaw wrote to representatives of DLA Piper to describe the details of QT Imaging's contemplated bridge financing, stating that it would be for a unit of shares and warrants of QT Imaging, and would be made pursuant to an exemption from the registration requirements of the Securities Act.

On November 15, 2022, a representative of DLA Piper sent the initial draft of the Business Combination Agreement to the QT Imaging management team and representatives of Seyfarth Shaw.

Following the delivery of the initial draft of the Business Combination Agreement, Ms. Donigan and the Chief Financial Officer of QT Imaging, Mikel Ann Price, wrote to representatives of DLA and GigCapital5 management, to inquire about the organization and capitalization of the post-combination company and the proposed merger consideration under the terms of the initial draft of the Business Combination Agreement. These inquiries were intended to seek information for the understanding of Ms. Donigan and Ms. Price, and not for the purpose of renegotiating the terms specified in the executed term sheet or in the initial draft of the Business Combination Agreement.

On November 19, 2022, a representative of DLA Piper provided to the QT Imaging management team a spreadsheet intended to address the questions raised by Ms. Donigan with respect to the proposed merger consideration under the terms of the initial draft of the Business Combination Agreement.

On November 21, 2022, a representative of DLA Piper sent to representatives of Seyfarth and representatives of the management team of QT Imaging, drafts of the Lock-Up Agreement and the Registration Rights Agreement.

On November 22, 2022, a representative of DLA Piper sent to representatives of Seyfarth and representatives of the management team of QT Imaging, drafts of the Stockholder Support Agreement, the Sponsor Support Agreement and the Proposed Charter.

On November 22, 2022 and November 23, 2022, representatives of DLA Piper, Dr. Katz, Dr. Dinu, Ms. Donigan and Ms. Price discussed the spreadsheet provided on November 19, 2022 and the calculation of the proposed merger consideration. On November 23, 2022, there was also a discussion regarding QT Imaging's capitalization table, and its equity compensation, which consisted of option grants which had exercise prices that were higher than the value of shares of QT Imaging Common Stock in light of the proposed merger consideration, and were therefore considered "out-of-the-money." In light of this, the parties discussed whether these options should be assumed or cancelled as part of the proposed Business Combination.

On November 25, 2022, representatives of Seyfarth Shaw sent a revised draft of the Business Combination Agreement to representatives of DLA Piper.

On November 26, 2022, Ms. Donigan wrote to a representative of DLA Piper with respect to the calculation of the proposed merger consideration. The representative of DLA Piper responded to Ms. Donigan on November 27, 2022, and asked as an additional due diligence inquiry for clarification of some of the points raised by Ms. Donigan as well as for information with respect to the outstanding equity compensation of QT Imaging and the convertible securities of QT Imaging. Ms. Donigan provided further information to the representative of DLA Piper and the GigCapital5 management team in response to this request. Following this, Dr. Katz wrote to Dr. Klock with respect to the issues being raised regarding the calculation of the proposed merger consideration.

On November 28, 2022, the parties engaged in further communications regarding the calculation of the proposed merger consideration and the outstanding equity compensation of QT Imaging and the convertible securities of QT Imaging. It was agreed that all of the outstanding equity compensation of QT Imaging would, rather than be assumed, as previously contemplated, would instead be cancelled prior to the closing of the proposed business combination as such outstanding equity compensation was "out-of-the-money" and that further, in light of such cancellation, that the pre-transaction enterprise valuation of QT Imaging would be increased by \$1 million from \$150 million to \$151 million. The parties further discussed and agreed upon the handling of transaction expenses.

On November 29, 2022, a representative of DLA Piper sent an updated draft of the Business Combination Agreement to representatives of Seyfarth that reflected the discussions and agreements reached on the prior day.

On November 30, 2022, a representative of Seyfarth sent minor revisions to the Sponsor Support Agreement to representatives of DLA Piper.

On December 1, 2022, a representative of Seyfarth sent an updated draft of the Business Combination Agreement to representatives of DLA Piper.

On December 2, 2022, a representative of Seyfarth sent minor revisions to the Registration Rights Agreement to representatives of DLA Piper.

On December 2, 2022, Dr. Katz requested that Northland Securities provide publicly available information with respect to comparable medical technology/device companies that became publicly traded companies between 2020 and 2022 with an FDA approved technology and less than \$25 million in revenue. Northland Securities provided such information to the GigCapital5 management team later that day. Dr. Katz provided this information to the GigCapital5 Board.

On December 3, 2022, Ms. Price sent to representatives of the GigCapital5 management team and representatives of DLA Piper, a revised draft of the Business Combination Agreement.

On December 4, 2022, the GigCapital5 Board met, along with representatives of DLA Piper. The GigCapital5 Board was told that the purpose of the meeting was to consider approving the Business Combination Agreement and the proposed business combination. A presentation was made to the GigCapital5 Board regarding the acquisition criteria of GigCapital5 and how those supported the proposed transaction with QT Imaging, the proposed transaction terms of the Business Combination Agreement, and the results of the business, financial and legal due diligence conducted of QT Imaging. In addition, GigCapital5 management determined that because QT Imaging was a pre-revenue medical technology/device company, that an appropriate set of public company comparable companies would consist of medical technology/device companies that had an FDA approved technology and had revenue of no more than \$25 million and which had become public companies since 2020 (with no underlying assumptions other than that the companies satisfy these criteria), and GigCapital5 management had Northland Securities obtain limited information consisting solely of market capitalization at the time that the companies became public, the enterprise valuations at such time and the last twelve months' revenue (no multiples information was sought or obtained as the GigCapital5 management team and GigCapital5

Board were not considering the revenue (current or projected) of QT Imaging in determining the valuation of QT Imaging) for such companies with respect to all such companies that satisfied the specified criteria. There were 10 such medical technology/device companies that satisfied this criteria that became publicly traded companies between 2020 and 2022 with an FDA approved technology and less than \$25 million in revenue, and GigCapital5 management deemed all of these as comparable companies, and a report of the above-specified information obtained with respect to these companies was also presented to the GigCapital5 Board to enable it to assess the value that the public markets would likely ascribe to the Combined Company following the proposed Business Combination with GigCapital5. Dr. Katz reviewed the proposed valuation of QT Imaging in light of the information pertaining to these other comparable medical technology/device companies, and stated that the GigCapital5 management team believed that the comparable company information made QT Imaging an attractive business combination target at the proposed pre-transaction enterprise valuation of \$151 million as the GigCapital5 management team considered the proposed pre-transaction enterprise valuation was a lower enterprise valuation than the mean and the median of the comparable companies. The GigCapital5 management team also presented an assessment of general market conditions. A representative of DLA Piper, also in attendance at the meeting, then provided a summary of the GigCapital5 Board's fiduciary duties in connection with the review and approval of the Business Combination and identified that if and when the proposed transaction is finalized, the GigCapital5 Board would be asked to present information to the GigCapital5 stockholders that would enable such stockholders to decide whether to redeem their shares or to instead remain as a stockholder in the Combined Company after the Closing. Following this presentation, the GigCapital5 Board approved the Business Combination and authorized the execution and delivery of the Business Combination Agreement, subject to such immaterial changes and modifications as the GigCapital5 management may consider necessary or appropriate, the ancillary agreements and the transactions contemplated thereby.

Following the GigCapital5 Board meeting, a representative of DLA Piper communicated to representatives of the QT Imaging management team and representatives of Seyfarth that the GigCapital5 Board had approved the proposed Business Combination and the Business Combination and ancillary agreements. In addition, Dr. Dinu sent to Dr. Klock a draft of the public announcement of the proposed Business Combination.

On December 5, 2022, a representative of Seyfarth sent to representatives of DLA Piper and representatives of the GigCapital5 management team the initial draft of the disclosure schedules to the Business Combination Agreement.

On December 6, 2022, the QT Imaging Board met to discuss the Business Combination Agreement and the proposed Business Combination. At this meeting, the QT Imaging Board approved the proposed Business Combination and the entry by QT Imaging into the Business Combination Agreement.

On December 6, 2022 and December 7, 2022, the parties and their respective legal counsel corresponded regarding the disclosures made in the initial draft of the disclosure schedule to the Business Combination Agreement.

On December 6, 2022, a representative of DLA Piper sent to representatives of Seyfarth and the QT Imaging management team a revised draft of the Business Combination Agreement, with minor revisions intended to make clarifications with respect to the disclosure schedules.

On December 7, 2022, a representative of DLA Piper sent to representatives of Seyfarth and the QT Imaging management team an updated draft of the disclosure schedules to the Business Combination Agreement. During the course of the day, the parties finalized the disclosure schedules.

On December 8, 2022, the parties executed the Business Combination Agreement, Sponsor Support Agreement, and Stockholder Support Agreement.

After the market open on December 12, 2022, GigCapital5 filed with the SEC on a Current Report on Form 8-K the entry into the Business Combination Agreement, and the parties publicly announced the proposed

Business Combination and the execution of the Business Combination Agreement and other ancillary agreements.

On May 5, 2023, GigCapital5 and QT Imaging entered into the First Amendment to Business Combination for the purpose of fixing a typo in the name of knowledge parties for the Business Combination Agreement.

In June 2023, GigCapital5 and QT Imaging began to meet with potential financing sources that could provide access to capital for the Combined Company. On July 27, 2023, GigCapital5 and QT Imaging entered into a non-binding term sheet with Yorkville with respect to a proposed committed equity facility. GigCapital5 announced the entry into the non-binding term sheet on July 31, 2023. Following this announcement, GigCapital5 and QT Imaging continued to explore other opportunities for potential financing.

In connection with the proposed financing with Yorkville and the exploration of other financing opportunities, GigCapital5 and QT Imaging agreed to further amend the Business Combination Agreement. On August 8, 2023, the board of directors of QT Imaging unanimously resolved that it approved that QT Imaging will amend the Business Combination Agreement to reflect that the funding being brought in to close the transactions contemplated by the Business Combination Agreement is \$10 million, with a contemplated \$5 million in funding on the Closing of these transactions and \$5 million at the time of effectiveness of a registration statement covering the shares under the proposed equity line of credit with Yorkville, rather than the \$26 million PIPE contemplated in December 2022 when the Business Combination Agreement was executed.

Following this agreement with respect to an amendment to the Business Combination Agreement, GigCapital5 commenced drafting of definitive agreements with Yorkville for the equity line of credit, with GigCapital5, QT Imaging and Yorkville exchanging drafts between August 9 and 28, 2023.

On August 11, 2023, Dr. Katz and Dr. Klock met to discuss the only outstanding topic that was left open in order to mutually finalize the amendment to the Business Combination Agreement, which was the board composition of the post combination company. Dr. Katz and Dr. Klock agreed to modify the board structure that was set forth in the Business Combination Agreement to provide that the Combined Company Board would initially consist of five members at the Closing of the Business Combination rather than a board of seven members, and which would include two members that each party would select independently, and in addition, the parties would select a fifth board member that would serve as the chair of the audit committee to be chosen between two potential candidates who are current members of the GigCapital5 board.

On August 16, 2023, a representative of DLA Piper LLP provided to GigCapital5, QT Imaging and a representative of QT Imaging's counsel at Brown Rudnick LLP ("*Brown Rudnick*") the amendment to the Business Combination Agreement that contained the agreements that the parties had reached.

On August 22, 2023, a representative of Brown Rudnick sent a revised amendment to the Business Combination Agreement that materially changed the agreed-upon amendments to the Business Combination Agreement. These changes included reverting to a closing condition for the transactions contemplated by the Business Combination Agreement that could not be satisfied with the proposed Yorkville equity line of credit alone, contrary to what the QT Imaging board had approved on August 8, 2023 would be set forth in the Business Combination Agreement amendment, as well as a different board composition than Drs. Katz and Klock had agreed on August 11, 2023, and a demand from the Sponsor to escrow 5 million shares that would be released only upon the Combined Company obtaining an additional \$30 million over the following two years. Following receipt of these material revisions to the Business Combination Agreement amendment from counsel to QTI, Dr. Katz texted Dr. Klock and asked to speak with Dr. Klock regarding what had been sent. This requested conversation did not take place.

On August 23, 2023, a representative of Brown Rudnick reached out to and subsequently spoke with a representative of DLA Piper with respect to the amendment to the Business Combination Agreement and also

requested an update with respect to the Yorkville documents. Following that discussion, a few hours later, a representative of Brown Rudnick sent to DLA Piper, GigCapital5 and QT Imaging, a second version of a revised amendment to the Business Combination Agreement that scaled back from what had been sent the prior day. Although this second version removed a number of revisions from the Business Combination Agreement amendment, so that what was sent more closely conformed to the agreed-upon terms of the Business Combination Agreement amendment, it still set forth a board composition that was contrary to what had been agreed upon on August 11, 2023, as well as terms with respect to repayment of debts of GigCapital5 and QTI that were contrary to what was required pursuant to the terms of the Yorkville documents. The night of August 23, 2023, a representative of DLA Piper revised the second version of the Business Combination Agreement amendment to correct those two issues to reflect the agreement on the Business Combination Agreement amendment and sent that to the parties and Brown Rudnick.

On August 24, 2023, Dr. Katz was told that a third party had provided a term sheet to QT Imaging for a financing of QT Imaging, which Dr. Klock denied having received. Dr. Katz responded to Dr. Klock that the focus at this time should be on signing the Business Combination Agreement amendment and filing this registration statement before having discussions with other potential financing sources. Dr. Katz made it very clear to Dr. Klock that time is critical as GigCapital5 must deposit \$100,000 into the Trust Account to extend the time for completing a Business Combination no later than August 28, 2023, and that it desired to do so only when the Business Combination Agreement amendment was formally documented.

Following this exchange, Dr. Katz had several conversations with Mr. Batavia on August 24, 2023. Mr. Batavia advised Dr. Katz that Dr. Klock wanted to make changes to the board composition from what had been agreed on August 11, 2023 and that there were no other issues with the Business Combination Agreement amendment as sent over by DLA Piper on the evening of August 23, 2023. In an effort to accommodate on this point, Dr. Katz told Mr. Batavia that GigCapital5 would modify the Business Combination Agreement amendment to provide QT Imaging with additional rights with respect to the board composition. A representative of DLA Piper on August 24, 2023, then emailed to GigCapital5, QT Imaging and Brown Rudnick, language that modified the board composition provision of the Business Combination Agreement amendment to provide QT Imaging with additional rights. Later that day Dr. Katz telephoned Dr. Klock and the two of them then spoke. Dr. Klock stated that the QT Imaging board of directors was upset about the Business Combination Agreement amendments, that he would not at this time discuss the board composition provision, that the QT Imaging board of directors had rescinded its prior unanimous written consent of August 8, 2023 approving the amendment to the Business Combination Agreement to provide that the proposed Yorkville equity line of credit facility, with two initial tranches of \$10 million in financing would replace the original provisions of the Business Combination Agreement that there be a \$26 million PIPE and minimum cash at closing of \$15 million, and that the QT Imaging board of directors needed to meet, which would not occur until the following week, before QTI would move forward with the Business Combination Agreement amendment. Representatives of DLA Piper then tried to discuss the matter with representatives of Brown Rudnick, but were unsuccessful in doing so.

On August 25, 2023, after a number of attempts to reach Dr. Klock for a direct conversation, Dr. Katz called Mr. Batavia, and was told by Mr. Batavia that Dr. Klock was asserting that the QT Imaging board of directors was required to evaluate its alternative options for QT Imaging. Dr. Katz in that telephone conversation rejected that QT Imaging had any fiduciary out or other basis for pursuing an alternative transaction. A representative of DLA Piper then attempted to reach Brown Rudnick by telephone, but was unable to do so. As a result, the representative of DLA Piper sent an email to Brown Rudnick, with copies to GigCapital5 and QT Imaging, stating "that the BCA does not provide a fiduciary out and that alternative options cannot be considered by QTI." Later that afternoon, a representative of Brown Rudnick sent an email response to DLA Piper, stating that they had been instructed to be "pencils down" until after the QT Imaging board had assessed the situational analysis and determined the clearest pathways to funding for QT Imaging in its fiduciary capacity.

On August 28, 2023, Dr. Katz emailed and texted Dr. Klock that GigCapital5 had extended its time for consummating the Business Combination from that date until September 28, 2023, by depositing \$100,000 into

[Table of Contents](#)

its Trust Account. Dr. Katz also stated that GigCapital5 was waiting to hear back from QT Imaging on the Business Combination Agreement amendment. A representative of DLA Piper also provided this communication to Brown Rudnick. Later that day, a representative of DLA Piper also sent to Yorkville proposed revisions to the Yorkville documents, copying Brown Rudnick and QT Imaging on that communication, and stating that the proposed revisions are still subject to the review of Brown Rudnick and QT Imaging.

On August 29, 2023, Dr. Katz reached out to Dr. Klock, but Dr. Klock did not respond. As a result, Dr. Katz sent an email requesting a status update on the Business Combination Agreement amendment, as well as on several other matters, including the proposed revisions to the Yorkville documents. Dr. Katz also told Dr. Klock that GigCapital5 intended to file a preliminary proxy statement on September 1, 2023, to extend the time for GigCapital5 to complete the Business Combination beyond September 28, 2023. Dr. Katz also spoke with Mr. Batavia and communicated the same message. Mr. Batavia inquired of Dr. Katz whether GigCapital5 would facilitate a loan of \$250,000 to QT Imaging, and Dr. Katz indicated that he was amenable to doing so. Mr. Batavia then communicated this to Dr. Klock.

A representative of DLA Piper separately informed Brown Rudnick and the parties on August 29, 2023 that GigCapital5 intended to file a preliminary proxy statement on September 1, 2023. In response, Brown Rudnick sent an email on August 29, 2023 stating that the QT Imaging board was exploring and evaluating all strategic options. That evening, a representative of DLA Piper wrote to Brown Rudnick that QT Imaging pursuing strategic options was a breach of the Business Combination Agreement but that if QT Imaging ceased its breach and entered into the amendment to the Business Combination Agreement, GigCapital5 was prepared to move forward and consummate the Business Combination.

A representative of Brown Rudnick on September 1, 2023 responded to the August 29, 2023 letter from DLA Piper and disputed that QT Imaging was in breach of the Business Combination Agreement. However, it was also communicated that QT Imaging was continuing to explore all options.

On September 7, 2023, GigCapital5 filed a lawsuit in the Court of Chancery of the State of Delaware against QT Imaging and QT Imaging's primary stockholder, alleging breach of contract and breach of the covenant of good faith and fair dealing on the part of QT Imaging and its primary stockholder with respect to the Business Combination Agreement. The lawsuit sought, among other things, to compel specific performance by QT Imaging of its obligations with respect to the Business Combination Agreement and the agreed-upon amendment.

Following the commencement of the lawsuit by GigCapital5 on September 7, 2023, on September 9, 2023, GigCapital5 received a notice from QT Imaging that purported to terminate the Business Combination Agreement pursuant to Section 9.01(b) thereof, notwithstanding the fact such section expressly provides that a party that is in breach or violation of the Business Combination Agreement may not terminate the Business Combination Agreement if such breach or violation is the principal cause of a failure of a condition set for in Article VIII of the Business Combination Agreement. GigCapital5, in its lawsuit, asserted that QT Imaging is in breach and violation of the Business Combination Agreement as it has acted in violation of and failed to fulfill its obligations pursuant to a number of sections of the Business Combination Agreement, including by failing to use its reasonable best efforts to consummate the transactions contemplated by the Business Combination Agreement and pursuing alternate transactions to the transactions contemplated by the Business Combination Agreement. GigCapital5 disputed that the date by which the conditions for consummation of the transactions contemplated by the Business Combination Agreement has yet occurred, and furthermore, asserted that to the extent that any conditions have failed to occur, it is as a result of the breaches and violations of the Business Combination Agreement committed by QT Imaging. The Court of Chancery has set the matter for trial on November 20, 2023 and GigCapital5 intended to seek specific performance to compel QT Imaging to act in accordance with its obligations under the Business Combination Agreement and proceed to consummate the transactions contemplated by the Business Combination Agreement.

On September 14, 2023, Mr. Batavia reached out to Dr. Katz to inform him that QT Imaging was open to getting the transaction between QT Imaging and GigCapital5 back on track and resolving the dispute. A representative of Brown Rudnick similarly reached out to DLA Piper to communicate the same thing. Over the next several days, discussions between DLA Piper and Brown Rudnick ensued with respect to whether a resolution could be reached.

On September 21, 2023, following settlement discussions, GigCapital5, QT Imaging, and QT Imaging's primary stockholder, entered into the Settlement Agreement, pursuant to which the parties agreed, among other things: (i) that GigCapital5, Merger Sub, and QT Imaging will concurrently enter into the Second Amendment to Business Combination Agreement, (ii) on the form of Bylaws of the Combined Company which would be adopted by GigCapital5 at the Closing, (iii) that the parties will work together to ensure that GigCapital5 will continue its listing on a stock exchange after the September 2023 stockholders meeting, and (iv) that GigCapital5 will file a Notice of Voluntary Dismissal Without Prejudice with the Court of Chancery of the State of Delaware to voluntarily dismiss the lawsuit without prejudice. In connection with the Settlement Agreement, on September 21, 2023, GigCapital5 filed a Notice of Voluntary Dismissal Without Prejudice with the Court of Chancery of the State of Delaware to voluntarily dismiss the lawsuit without prejudice. In addition, on that same day, GigCapital5 and QT Imaging also entered into the Second Amendment to Business Combination Agreement to, among other things, resolve the board composition for the Combined Company Board, remove the minimum liquidity requirement as a closing condition and clarify the earnout obligations.

On September 26, 2023, GigCapital5 and QT Imaging entered into separate definitive agreements with the September 2023 NRA Stockholders pursuant to which the September 2023 NRA Stockholders agreed not to redeem or to reverse any previously submitted redemption demands, in connection with the Third Extension Amendment with respect to the aggregate number of 2,042,903 shares of the GigCapital5 Common Stock. In consideration of the foregoing, QT Imaging agreed to issue to the September 2023 NRA Stockholders immediately prior to and substantially concurrently with the Closing, that number of shares of QT Imaging Common Stock equal to the total of 306,435 shares of the GigCapital5 Common Stock.

Subsequent to obtaining the Third Extension Amendment, GigCapital5 and QT Imaging recommenced work on the documents for the Yorkville Financing. QT Imaging also was in need of bridge financing, and it, GigCapital5 and Meteora in October 2023 began to discuss the provision of potential bridge financing, as well as the Stock Subscription Financing. Discussions with respect to the bridge financing, the Stock Subscription Financing and the Yorkville Financing continued through October and the first two weeks of November 2023.

On November 10, 2023, QT Imaging, GigCapital5 and the Bridge Lenders entered into the Bridge Loan. That same day, QT Imaging, GigCapital5 and the Stock Subscription Investors entered into the Stock Subscription Agreements and GigCapital5 and the Stock Subscription Investors entered into the November 2023 Non-Redemption Agreements. In addition and in support of these agreements, that same day, GigCapital5 and QT Imaging entered into the Third Amendment of Business Combination.

On November 22, 2023, GigCapital5 and QT Imaging entered into the Third Amendment of Business Combination to extend the outside date for the Closing to March 31, 2024.

The GigCapital5's Board of Directors' Reasons for the Approval of the Business Combination

In its December 4, 2022 meeting to approve the Business Combination, the GigCapital5 Board considered a wide variety of factors in connection with its evaluation of the Business Combination. In light of the complexity of those factors, the GigCapital5 Board, as a whole, did not consider it practicable to, nor did it attempt to, quantify or otherwise assign relative weights to the specific factors it took into account in reaching its decision. The GigCapital5 Board viewed its decision as being based on all of the information available and the factors presented to and considered by it. In addition, individual members of the GigCapital5 Board may have given different weight to different factors. This explanation of the reasons for the GigCapital5 Board's approval of the

Business Combination, and all other information presented in this section, is forward-looking in nature and, therefore, should be read in light of the factors discussed in the section entitled “*Cautionary Note Regarding Forward-Looking Statements and Risk Factor Summary.*”

Before reaching its decision, the GigCapital5 Board reviewed the results of the due diligence conducted by the GigCapital5 management and advisors. The GigCapital5 management, including its directors and advisors, has many years of experience in both operational management and investment and financial management and analysis and, in the opinion of the GigCapital5 Board, was suitably qualified to conduct the due diligence and other investigations and analyses required in connection with the search for a business combination partner. A detailed description of the experience of GigCapital5’s executive officers and directors is included in the section entitled “*Management of GigCapital5*”. The due diligence which was conducted included:

- meetings and calls with the management team and advisors of QT Imaging regarding operations and clinical studies;
- calls with medical practitioners using the QT Breast Scanner;
- calls with and professional evaluation of the QT Breast Scanner technology and performance by international medical practitioner experts to explore the use of the QT Breast Scanner at their institute and to which neither GigCapital5 nor QT Imaging engaged or agreed to make any payments;
- physical scanning of two members of the GigCapital5 management team and submission of the images and results to their primary physicians;
- research on 10 comparable medical technology/device companies that became publicly traded companies between 2020 and 2022 with an FDA approved technology and less than \$25 million in revenue;
- review of intellectual property matters;
- GigCapital5 reaching out to third parties that it did not engage or agree to pay any fees and which third parties did not conduct any direct diligence of QT Imaging or the QT Imaging scanning technology, for the purpose of GigCapital5 discussing GigCapital5’s findings with respect to such technology, and the competitive position and scanning equipment and receiving general feedback of what the market might consider with respect to acceptance of various scanning technologies;
- review of financial, tax, legal, insurance and accounting due diligence;
- consultation with legal and financial advisors and industry experts; and
- the financial information of QT Imaging.

As noted above, we identified various criteria and guidelines to use in evaluating acquisition opportunities, but we were also of the view that we may decide to enter into our initial business combination with a target business that did not meet these criteria and guidelines. The criteria and guidelines we identified above include, among others, that we would choose to enter into a business combination with a company that is well situated to act as a standalone public company, that has a novel platform with the potential to exploit macro trends and for which there is the opportunity for further value creation as a public company, through organic and inorganic growth. The GigCapital5 Board considered each of these factors in its evaluation of QT Imaging, and determined that QT Imaging was an attractive business combination target taking these criteria and guidelines into consideration. Furthermore, in light of the due diligence conducted of QT Imaging and the evaluation of these factors with regard to QT Imaging, the GigCapital5 Board’s decision to pursue a Business Combination with QT Imaging resulted in the GigCapital5 Board deciding not to forego this Business Combination and to discontinue looking for an alternative acquisition target.

In approving the Business Combination, the GigCapital5 Board, having obtained a comparable company analysis and other materials and information as part of its due diligence as described above, determined not to obtain a fairness opinion. The officers and directors of GigCapital5 have substantial experience in evaluating the

operating and financial merits of companies from a wide range of industries and concluded that their experience and background enabled them to make the necessary analyses and determinations regarding the Business Combination.

In the course of its deliberations, the GigCapital5 Board also considered a variety of uncertainties, risks and other potentially negative factors relevant to the Business Combination, including the following which are based upon our diligence:

- that QT Imaging is an early-stage, small and lean, pre-revenue medical device company and may never be successful in commercializing its products and services;
- certain risks related to QT Imaging's business including the risks that QT Imaging may not execute on its business plan, realize its projected financial performance or be able to raise additional, required funding
- the risk of macroeconomic uncertainty;
- the risk of attainability of professional experts to join QT Imaging;
- cost assumption risks;
- competitive risks;
- the risk that the potential benefits of the Business Combination may not be fully achieved or may not be achieved within the expected timeframe;
- the risks that are associated with being a publicly traded company that is in its early, developmental stage;
- the risk that larger competitors will prevent QT Imaging from introducing the QT Breast Scanner to potential major customers;
- the risk that a significant number of GigCapital5 stockholders elect to redeem their shares prior to the consummation of the Business Combination and pursuant to the Existing Charter, which would potentially reduce the amount of cash available to the Combined Company to execute on its business plan following the Closing;
- the risk of litigation challenging the Business Combination or that an adverse judgment granting permanent injunctive relief could indefinitely enjoin consummation of the Business Combination;
- the risk of other litigation or regulatory actions;
- the risk that completion of the Business Combination is conditioned on the satisfaction of certain closing conditions that are not within GigCapital5's control;
- the risk that GigCapital5 did not obtain a third-party valuation or fairness opinion in connection with the Business Combination;
- challenges associated with QT Imaging being subject to the applicable disclosure and listing requirements of a publicly traded company;
- that GigCapital5 stockholders will hold a minority position in the Combined Company;
- the fees and expenses associated with completing the proposed Business Combination; and
- various other risks about QT Imaging described in the section entitled "Risk Factors".

In addition to considering the factors described above, the GigCapital5 Board also considered that some officers and directors of GigCapital5 may have interests in the Business Combination as individuals that are in addition to, and that may be different from, the interests of other GigCapital5 stockholders. GigCapital5's independent directors reviewed and considered these interests during the negotiation of the Business Combination and in evaluating and unanimously approving, as members of the GigCapital5 Board, the Business Combination Agreement and the Business Combination. For more information, see the section entitled "Meeting of GigCapital5 Stockholders-Recommendation of GigCapital5 Board of Directors"

The GigCapital5 Board concluded that the potential benefits that it expects GigCapital5 and its stockholders to achieve as a result of the Business Combination outweigh the potentially negative factors associated with the Business Combination. Accordingly, the GigCapital5 Board, based on its consideration of the specific factors listed above, unanimously (a) determined that the Business Combination, Merger, and the other transactions contemplated by the Business Combination Agreement, are just and equitable and fair as to GigCapital5 and its stockholders, and that it is advisable and in the best interests of GigCapital5 and its stockholders to adopt and approve these agreements and transactions, (b) approved, adopted and declared advisable the Business Combination Agreement and transactions contemplated thereby and (c) recommended that the stockholders of GigCapital5 approve each of the Proposals.

The above discussion of the material factors considered by the GigCapital5 Board is not intended to be exhaustive but does set forth the principal factors considered by the GigCapital5 Board.

Comparable Public Company Analysis

GigCapital5 management primarily relied upon a public company comparables report consisting of information about 10 comparable medical technology/device companies which GigCapital5 selected with the assistance of GigCapital5's financial advisor that became publicly traded companies between 2020 and 2022 with an FDA approved technology and less than \$25 million in revenue to assess the value that the public markets would likely ascribe to the Combined Company following the proposed Business Combination with GigCapital5. However, the GigCapital5 Board realized that no company was identical in nature to QT Imaging.

As discussed above, GigCapital5 management determined that because QT Imaging was a pre-revenue medical technology/device company, that an appropriate set of public company comparable companies would consist of medical technology/device companies that had an FDA approved technology and had revenue of no more than \$25 million and which had become public companies since 2020 (with no underlying assumptions other than that the companies satisfy these criteria), and GigCapital5 management had Northland Securities obtain limited information consisting solely of market capitalization at the time that the companies became public, the enterprise valuations at such time and the last twelve months' revenue (no multiples information was sought or obtained as the GigCapital5 management team and GigCapital5 Board were not considering the revenue (current or projected) of QT Imaging in determining the valuation of QT Imaging) for such companies with respect to all such companies that satisfied the specified criteria. There were 10 such medical technology/device companies that satisfied this criteria that became publicly traded companies between 2020 and 2022 with an FDA approved technology and less than \$25 million in revenue, and GigCapital5 management deemed all of these as comparable companies.

The GigCapital5 Board reviewed, among other things, the market cap at the time of the initial public offerings of these companies, the enterprise value of these companies at such time and the last twelve months' revenue of these companies. The mean and median information, as well as the first and third quartile information, for these 10 companies considered by the GigCapital5 Board are as follows:

Selected Precedent Transactions Summary

Selected Precedent Transactions	MEAN	MEDIAN
Number of Selected Precedent Transactions		10
Market Cap at Offering	\$ 277	\$ 264
EV at Offering	\$ 256	\$ 232

<i>1st Quartile</i>	\$ 33.5	\$ 38.1	\$ 0.2
<i>Mean</i>	\$ 276.6	\$ 256.4	\$ 5.2

<i>3rd Quartile</i>	\$ 410.9	\$ 381.5	\$ 6.4

The proposed valuation of \$151,000,000 of QT Imaging was arrived at based on the comparable company information obtained by GigCapital5 management and reviewed by the GigCapital5 Board, meaningfully discounted to accommodate the various risks mentioned above, and which also took into account the amount of revenue of QT Imaging, and the state of valuations of both private and public companies throughout 2022, and in particular in the second half of the year which generally saw a decrease in valuations of many companies from the period considered in the comparable company analysis. The following economic and market factors which were present in the second half of 2022 affected valuations of private and public companies and were known to the GigCapital5 Board as it considered the proposed valuation of QT Imaging:

- Concerns about the strength of the global economy surfaced amid heightened geopolitical risk, an oil price shock, supply chain disruptions, and inflationary pressures. Furthermore, central banks raised interest rates, in some cases aggressively, to reduce elevated and persistent inflation, which led to fears of a potential economic recession. Combined, these events resulted in significant pressures and instability in the financial markets.
- The Standard & Poor's 500 index (S&P 500) entered bear market territory in June 2022 – the first time since 2020— and dipped back into that territory in October 2022 after recovering modestly from its initial decline; the Dow Jones Industrial Average (DJIA) was down as much as 21% in late September; and the Nasdaq average was hit even harder, having declined as much as 34% in early November 2022.
- To tame inflation, the U.S. Federal Reserve raised the federal funds rate seven times throughout 2022, including four consecutive 75 basis points (bps) increases in June, July, September and November 2022 — the largest interest rate increases since 1994.
- The 10-year U.S. government bond yield reached a high of 4.25% in October, its highest level since June 2008, following the U.S. Federal Reserve's hawkish stance and significant market volatility. U.S. mortgage rates, which are closely tied to the U.S. 10-year Treasury yield, saw increased, with the 30-year fixed U.S. mortgage rate at 6.61% at the end of November—the highest in over a decade and more than double what it was in October 2021.

As noted above, the officers and directors of GigCapital5 have substantial experience in evaluating the operating and financial merits of companies from a wide range of industries which they concluded enabled them to value QT Imaging's business in the context of the economic and market circumstances in existence and known to them at that time.

The GigCapital5 management team also considered the cash needs of QT Imaging with respect to furthering the FDA clearance of the QT Breast Scanner and the advancement of the commercialization of this product, and as a result, what amount of cash would be necessary following the exercise of any Redemption Rights, and what would be the enterprise value of the Combined Company following the Closing of the proposed Business Combination in comparison with the enterprise valuations of the comparable companies considered in the comparable company analysis. In the event the assumptions made about the cash needs of the Combined

Company are not accurate, there would be less cash available to fund the Combined Company's operations after Closing, necessitating additional financing efforts by the Combined Company or delays in product development or operations. These assumptions are subject to several risks, including a reduction in the amount of cash remaining in the trust at Closing due to redemptions by GigCapital5's stockholders, higher transaction expenses than anticipated, the QT Breast Scanner FDA-clearance process taking longer or costing more than anticipated, scaled-up manufacturing presenting challenges, delays in the further development of some or all of QT Imaging's products and the Combined Company's inability to raise additional funds in order to offset any of the foregoing setbacks. See also "Risk Factors—Risks Related to QT Imaging's Business, Financial Condition, and Need for Additional Capital." Current QT Imaging stockholders are expected to own [●]% of the outstanding shares of Combined Company Common Stock at the Closing if there are no redemptions.

Based on the review of these selected comparable publicly traded companies, the GigCapital5 Board concluded that the pre-transaction equity valuation for QT Imaging of \$151,000,000 made QT Imaging an attractive business combination target for GigCapital5 at the proposed pre-transaction enterprise valuation of \$151,000,000 as the proposed pre-transaction enterprise valuation was a lower enterprise valuation than the mean and the median of the comparable companies. This analysis supported the GigCapital5 Board's determination, based on a number of factors, that the terms of the Business Combination were fair to and in the best interests of GigCapital5 and its stockholders.

Satisfaction of 80% Test

It is a requirement under the Existing Charter and the NYSE listing requirements that the business or assets acquired in an initial business combination have a fair market value equal to at least 80% of the balance of the funds in the Trust Account (excluding taxes payable on the income earned on the Trust Account) at the time of the execution of a definitive agreement for an initial business combination. On December 8, 2022, there was approximately \$41.4 million in the Trust Account, and 80% of that amount was therefore approximately \$33.1 million. The fair market value of the target or targets had to be determined by the GigCapital5 Board based upon one or more standards generally accepted by the financial community, such as value of comparable businesses. Subject to this requirement, our management has had virtually unrestricted flexibility in identifying and selecting one or more prospective target businesses, although GigCapital5 was not permitted to effectuate an initial business combination with another blank check company or a similar company with nominal operations. In any case, GigCapital5 determined that it would only complete an initial business combination in which it acquired 50% or more of the outstanding voting securities of the target or were otherwise not required to register as an investment company under the Investment Company Act. Furthermore, and for the reasons discussed above, GigCapital5 has determined that the fair market value of QT Imaging exceeds \$33.1 million, and therefore, that the requirement that the business or assets in an initial business combination have a fair market value equal to at least 80% of the balance of the funds in the Trust Account has been satisfied.

Certain Engagements in Connection with the Business Combination and Related Transactions

The Representatives, Wells Fargo and William Blair, were originally engaged by GigCapital5 to act as the underwriters for the GigCapital5 IPO and as such, were entitled to deferred underwriting fees in the amount of \$9.2 million upon the consummation of a business combination. Of this amount, Wells Fargo was entitled to \$6,440,000 in deferred underwriting fees, and William Blair the other \$2,760,000. On March 20, 2023, Wells Fargo formally waived in writing any entitlement to the deferred underwriting fee in respect of the proposed Business Combination. Wells Fargo did not provide a reason for the fee waiver and we did not engage in any dialogue with them regarding the waiver. Wells Fargo was not provided, and will not be provided, from any source, any consideration in exchange for its waiver of its entitlement to the payment of the deferred underwriting fees or with respect to any agreements, arrangements or understandings between Wells Fargo and any party with respect to the waiver.

[Table of Contents](#)

The above-noted waiver from Wells Fargo does not affect the entitlement of William Blair upon the consummation of the proposed Business Combination to a deferred underwriting fee pursuant to the terms of the underwriting agreement entered into in conjunction with the GigCapital5 IPO.

ANTICIPATED ACCOUNTING TREATMENT

Under both the no redemption and maximum redemption scenarios, the proposed Business Combination will be accounted for as a reverse recapitalization, with no goodwill or other intangible assets recorded, in accordance with GAAP. QT Imaging has been determined to be the accounting acquirer based on evaluation of the following facts and circumstances: (i) QT Imaging's stockholders will have majority of the Combined Company voting rights under both the no redemption and maximum redemption scenarios; (ii) the proposed Business Combination will be effectuated through an exchange of equity interests rather than cash; (iii) QT Imaging will appoint four of the seven directors of the initial Combined Company Board; (iv) QT Imaging's existing senior management will comprise the senior management; (v) QT Imaging will comprise the ongoing operations of the Combined Company; (vi) the Combined Company will assume QT Imaging's name, (vii) the ongoing operations of QT Imaging will become the operations of the Combined Company and (viii) QT Imaging's headquarters will become the Combined Company's headquarters.

Under this method of accounting, GigCapital5 will be treated as the "acquired" company for financial reporting purposes. Accordingly, for accounting purposes, the proposed Business Combination will be treated as the equivalent of QT Imaging issuing stock for the net assets of GigCapital5, accompanied by a recapitalization. The net assets of GigCapital5 will be stated at historical cost, with no goodwill or other intangible assets recorded.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following sets forth the material U.S. federal income tax considerations of the exercise by holders of Public Shares of their Redemption Rights in connection with the proposed Business Combination. This section is based upon the Code, applicable U.S. Department of Treasury regulations (“*Treasury Regulations*”) promulgated thereunder, judicial authority and administrative rulings, in each case effective as of the date hereof. These authorities are subject to change, possibly with retroactive effect, or different interpretations. Any such change could alter the tax considerations as described herein. This section does not address any aspects of U.S. taxation other than U.S. federal income taxation, and as such does not address any state, local or foreign tax considerations or any estate, gift or other non-income tax considerations of a redemption of Public Shares. This section does not address any tax considerations for holders of Founder Shares.

No ruling from the IRS, has been or will be sought regarding any tax matter discussed herein. The IRS may disagree with the discussion herein, and its determination may be upheld by a court. Moreover, there can be no assurance that future legislation, regulations, administrative rulings or court decisions will not adversely affect the accuracy of the statements in this discussion. Each holder is urged to consult its tax advisor with respect to the application of U.S. federal tax laws to its particular situation, as well as any tax considerations arising under the laws of any state, local or foreign jurisdiction.

For purposes of this discussion, a “*U.S. Holder*” is a beneficial owner of Public Shares, as applicable, that is:

- an individual who is a citizen or resident of the United States for U.S. federal income tax purposes;
- a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia (or any other entity treated as a corporation for U.S. federal income tax purposes);
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code), or (2) has a valid election in effect under applicable Treasury Regulations to be treated as a United States person for U.S. federal income tax purposes.

A “*Non-U.S. Holder*” means a beneficial owner of Public Shares (other than an entity or arrangement classified as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds Public Shares, the U.S. federal income tax treatment of such partnership and a person treated as a partner in such partnership will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Accordingly, partnerships holding Public Shares and the partners in a partnership holding Public Shares should consult their tax advisors about the U.S. federal income tax considerations of redeeming Public Shares.

ALL HOLDERS OF PUBLIC SHARES ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE PARTICULAR TAX CONSIDERATIONS WITH RESPECT TO A REDEMPTION OF PUBLIC SHARES OR THE MERGER, AS APPLICABLE, INCLUDING THE APPLICABILITY AND EFFECT OF ANY U.S. FEDERAL, STATE, LOCAL, NON-U.S. AND OTHER TAX LAWS.

U.S. Federal Income Tax Considerations for Holders of Public Shares

The following does not purport to address all aspects of U.S. federal income taxation that may be relevant to particular holders of Public Shares in light of their particular facts and circumstances. The following applies only to holders that hold their Public Shares as a capital asset for U.S. federal income tax purposes. This section does

not describe all of the tax considerations that may be relevant to the particular circumstances of holders of Public Shares, including but not limited to the alternative minimum tax, the Medicare tax on certain net investment income and the different consequences that may apply to holders of Public Shares that are subject to special rules that apply to certain types of investors, including but not limited to:

- banks, financial institutions or financial services entities;
- broker-dealers;
- governments or agencies or instrumentalities thereof;
- regulated investment companies;
- real estate investment trusts;
- expatriates or former long-term residents of the United States;
- individual retirement or other tax-deferred accounts;
- persons that actually or constructively own 5% or more of the outstanding stock of GigCapital5;
- insurance companies;
- dealers or traders subject to a mark-to-market method of accounting with respect to Public Shares;
- persons holding Public Shares as part of a “straddle,” constructive sale, hedge, conversion or other integrated transaction or similar transaction;
- persons owning (actually or constructively) any shares of QT Imaging Common Stock;
- U.S. Holders (as defined herein) whose functional currency is not the U.S. dollar;
- holders who acquired (or will acquire) their Public Shares through the exercise of employee stock options or otherwise as compensation or through a tax-qualified retirement plan;
- partnerships or other pass-through entities for U.S. federal income tax purposes and any beneficial owners of such entities;
- subchapter S corporations (and investors therein);
- controlled foreign corporations;
- a person required to accelerate the recognition of any item of gross income as a result of such income being recognized on an applicable financial statement;
- the Sponsor and persons related to the Sponsor;
- passive foreign investment companies; and
- tax-exempt entities.

Material Tax Considerations with respect to a Redemption of Public Shares

Tax Considerations for U.S. Holders

The discussion contained under this heading “—*Material Tax Considerations with respect to a Redemption of Public Shares—Tax Considerations for U.S. Holders*” constitutes the opinion of DLA Piper LLP (US), United States tax counsel to GigCapital5, insofar as it discusses the material U.S. federal income tax considerations applicable to U.S. Holders of GigCapital5 stockholders as a result of the exercise of redemption rights, based on, and subject to, customary assumptions, qualifications and limitations, and the assumptions, qualifications and limitations herein and in the opinion included as Exhibit 8.1 hereto. If any of the assumptions, representations or covenants on which the opinion is based is or becomes incorrect, incomplete, inaccurate or is otherwise not complied with, the validity of the opinion described above may be adversely affected and the tax consequences

could differ from those described herein. An opinion of counsel is not binding on the IRS or any court, and there can be no certainty that the IRS will not challenge the conclusions reflected in the opinion or that a court would not sustain such a challenge.

In the event that a U.S. Holder's Public Shares are redeemed pursuant to the redemption provisions described in this proxy statement above under "*Meeting of GigCapital5 Stockholders - Redemption Rights*," the treatment of the redemption for U.S. federal income tax purposes will depend on whether the redemption qualifies as a sale or exchange of Public Shares under Section 302(b) of the Code. If the redemption qualifies as a sale or exchange of Public Shares, the U.S. Holder will be treated as described under "*U.S. Holders-Taxation of Redemption Treated as a Sale or Exchange of Public Shares*" below. If the redemption does not qualify as a sale of Public Shares, the U.S. Holder will be treated as receiving a corporate distribution with the tax considerations described below under "*U.S. Holders-Taxation of Redemption Treated as a Distribution*." Whether a redemption qualifies for sale or exchange treatment will depend largely on the total number of shares of GigCapital5 Common Stock treated as held by the U.S. Holder (including any stock constructively owned by the U.S. Holder, including as a result of owning GigCapital5 warrants) relative to all of the shares of GigCapital5 Common Stock outstanding both before and after the redemption. The redemption of Public Shares will be treated as a sale or exchange of Public Shares (rather than as a corporate distribution) if the redemption (i) is "substantially disproportionate" with respect to the U.S. Holder, (ii) results in a "complete termination" of the U.S. Holder's interest in GigCapital5 or (iii) is "not essentially equivalent to a dividend" with respect to the U.S. Holder. These tests are explained more fully below.

In determining whether any of the foregoing tests are satisfied, a U.S. Holder takes into account not only Public Shares actually owned by the U.S. Holder, but also shares of GigCapital5 Common Stock that are constructively owned by it. A U.S. Holder may constructively own, in addition to stock owned directly, stock owned by certain related individuals and entities in which the U.S. Holder has an interest or that have an interest in such U.S. Holder, as well as any stock the U.S. Holder has a right to acquire by exercise of an option, which would include Public Shares which could be acquired pursuant to the exercise of GigCapital5 warrants. In order to meet the substantially disproportionate test, the percentage of outstanding GigCapital5 voting stock actually and constructively owned by the U.S. Holder immediately following the redemption of Public Shares must, among other requirements, be less than 80% of the percentage of outstanding GigCapital5 voting stock actually and constructively owned by the U.S. Holder immediately before the redemption. There will be a complete termination of a U.S. Holder's interest if either (i) all of the shares of GigCapital5 Common Stock actually and constructively owned by the U.S. Holder are redeemed or (ii) all of the shares of GigCapital5 Common Stock actually owned by the U.S. Holder are redeemed and the U.S. Holder is eligible to waive, and effectively waives in accordance with specific rules, the attribution of stock owned by certain family members and the U.S. Holder does not constructively own any other shares of GigCapital5 Common Stock (including any GigCapital5 Common Stock constructively owned by the U.S. Holder as a result of owning GigCapital5 warrants). The redemption of Public Shares will not be essentially equivalent to a dividend if the redemption results in a "meaningful reduction" of the U.S. Holder's proportionate interest in GigCapital5. Whether the redemption will result in a meaningful reduction in a U.S. Holder's proportionate interest in GigCapital5 will depend on the particular facts and circumstances. However, the IRS has indicated in a published ruling that even a small reduction in the proportionate interest of a small minority stockholder in a publicly held corporation who exercises no control over corporate affairs may constitute such a "meaningful reduction." The application of these tests also takes into account related transactions that occur contemporaneously with the redemption, including any contemporaneous purchases of GigCapital5 Common Stock by the relevant holder (or persons whose ownership is attributed to such holder) and issuances of GigCapital5 Common Stock. A U.S. Holder should consult with its tax advisors as to the tax considerations of a redemption.

If none of the foregoing tests are satisfied, then the redemption will be treated as a corporate distribution and the tax effects will be as described under "*U.S. Holders-Taxation of Redemption Treated as a Distribution*" below. After the application of those rules, any remaining tax basis of the U.S. Holder in the redeemed Public Shares will be added to the U.S. Holder's adjusted tax basis in its remaining Public Shares, or, if it has none, to

the U.S. Holder's adjusted tax basis in its GigCapital5 warrants (if any) or possibly in other stock constructively owned by it.

U.S. Holders-Taxation of Redemption Treated as a Sale or Exchange of Public Shares

If the redemption of a U.S. Holder's Public Shares is treated as a sale or exchange, a U.S. Holder will recognize capital gain or loss in an amount equal to the difference between the amount realized and the U.S. Holder's adjusted tax basis in Public Shares treated as sold. Any such capital gain or loss will be long-term capital gain or loss if the U.S. Holder's holding period for Public Shares so disposed of exceeds one year. It is unclear, however, whether the Redemption Rights with respect to Public Shares described in this proxy statement may suspend the running of the applicable holding period for this purpose. If the running of the holding period for Public Shares is suspended, then non-corporate U.S. Holders may not be able to satisfy the one-year holding period requirement for long-term capital gain treatment, in which case any gain on a redemption of the Public Shares would be subject to short-term capital gain treatment and would be taxed at regular ordinary income tax rates. Long-term capital gains recognized by non-corporate U.S. Holders may be eligible to be taxed at reduced rates. The deductibility of capital losses is subject to limitations.

The amount of gain or loss recognized by a U.S. Holder is an amount equal to the difference between (i) the amount of cash received in the redemption and (ii) the U.S. Holder's adjusted tax basis in its Public Shares so redeemed. A U.S. Holder's adjusted tax basis in its Public Shares will equal the U.S. Holder's acquisition cost.

U.S. Holders-Taxation of Redemption Treated as a Distribution

If the redemption of a U.S. Holder's Public Shares is treated as a distribution, such distribution will constitute a dividend for U.S. federal income tax purposes to the extent paid from GigCapital5's current or accumulated earnings and profits, as determined under U.S. federal income tax principles.

Distributions in excess of current and accumulated earnings and profits will constitute a return of capital that will be applied against and reduce (but not below zero) the U.S. Holder's adjusted tax basis in its Public Shares. Any remaining excess will be treated as gain realized on the sale or exchange of Public Shares and will be treated as described under "*U.S. Holders-Taxation of Redemption Treated as a Sale or Exchange of Public Shares*" above. Dividends received by a U.S. Holder that is a corporation will qualify for the dividends received deduction if the requisite holding period is satisfied. With certain exceptions (including, but not limited to, dividends treated as investment income for purposes of investment interest deduction limitations), and provided certain holding period requirements are met, dividends received by a non-corporate U.S. Holder may constitute "qualified dividends" that will be subject to tax at the maximum tax rate accorded to long-term capital gains. It is unclear whether the Redemption Rights with respect to Public Shares described in this proxy statement may prevent a U.S. Holder from satisfying the applicable holding period requirements with respect to the dividends received deduction or the preferential tax rate on qualified dividend income, as the case may be. If the holding period requirements are not satisfied, then a corporation may not be able to qualify for the dividends received deduction and would have taxable income equal to the entire dividend amount, and non-corporate U.S. Holders may be subject to tax on such dividend at regular ordinary income tax rates instead of the preferential rate that applies to qualified dividend income.

Information Reporting and Backup Withholding

In general, information reporting requirements may apply to the proceeds of the redemption of Public Shares, unless the U.S. Holder is an exempt recipient. Backup withholding may apply to such payments if the U.S. Holder fails to provide a taxpayer identification number, a certification of exempt status or has been notified by the IRS that it is subject to backup withholding (and such notification has not been withdrawn).

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. Holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Tax Considerations for Non-U.S. Holders of Public Shares

The characterization for U.S. federal income tax purposes of the redemption of a Non-U.S. Holder's Public Shares pursuant to the redemption provisions described in this proxy statement above under "*Meeting of GigCapital5 Stockholders-Redemption Rights*" will correspond to the U.S. federal income tax characterization of such a redemption of a U.S. Holder's Public Shares, as described under "*U.S. Holders*" above, and the considerations of the redemption to the Non-U.S. Holder will be as described below under "*Non-U.S. Holders-Taxation of Redemption Treated as a Sale or Exchange of Public Shares*" and "*Non-U.S. Holders-Taxation of Redemption Treated as a Distribution*," as applicable. It is possible that because the applicable withholding agent may not be able to determine the proper characterization of a redemption of a Non-U.S. Holder's Public Shares, the withholding agent might treat the redemption as a distribution subject to withholding tax, as discussed further below.

Non-U.S. Holders-Taxation of Redemption Treated as a Sale or Exchange of Public Shares

If the redemption of a Non-U.S. Holder's Public Shares is treated as a sale or exchange, a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax in respect of gain recognized in connection with such redemption, unless:

- the gain is effectively connected with the conduct of a trade or business by the Non-U.S. Holder within the United States (and, under certain income tax treaties, is attributable to a United States permanent establishment or fixed base maintained by the Non-U.S. Holder);
- the Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of the redemption and certain other conditions are met; or
- GigCapital5 is or has been a "U.S. real property holding corporation" for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the period that the Non-U.S. Holder held Public Shares, and, in the case where GigCapital5 Common Stock is regularly traded on an established securities market, the Non-U.S. Holder has owned, directly or constructively, more than 5% of GigCapital5 Common Stock at any time within the shorter of the five-year period preceding the disposition or such Non-U.S. Holder's holding period for the Public Shares. There can be no assurance that GigCapital5 Common Stock will be treated as regularly traded on an established securities market for this purpose.

Unless an applicable treaty provides otherwise, gain described in the first bullet point above will be subject to tax at applicable U.S. federal income tax rates as if the Non-U.S. Holder were a U.S. resident. Any gains described in the first bullet point above of a Non-U.S. Holder that is a corporation for U.S. federal income tax purposes may also be subject to an additional "branch profits tax" imposed at a 30% rate (or lower applicable treaty rate). If the second bullet point above applies to a Non-U.S. Holder, such Non-U.S. Holder will be subject to U.S. tax on such Non-U.S. Holder's net capital gain for such year (including any gain realized in connection with the redemption) at a tax rate of thirty percent (30%).

If the third bullet point above applies to a Non-U.S. Holder, gain recognized by such holder in connection with a redemption treated as a sale or exchange of Public Shares will be subject to tax at applicable U.S. federal income tax rates. In addition, U.S. federal income tax may be required to be withheld at a rate of 15% of the amount realized upon such redemption. GigCapital5 does not believe it currently is or has been at any time since its formation a U.S. real property holding corporation and does not expect to be a U.S. real property holding corporation immediately after the proposed Business Combination is completed. However, such determination is factual in nature, and no assurance can be provided that GigCapital5 will not be treated as a U.S. real property holding corporation in a future period.

Non-U.S. Holders-Taxation of Redemption of Public Shares Treated as a Distribution

If the redemption of a Non-U.S. Holder's Public Shares is treated as a distribution, such a distribution, to the extent paid out of GigCapital5's current or accumulated earnings and profits (as determined under U.S. federal income tax principles), will constitute a dividend for U.S. federal income tax purposes and, provided such dividend is not effectively connected with the Non-U.S. Holder's conduct of a trade or business within the U.S., the gross amount of the dividend will be subject to withholding tax at a rate of 30%, unless such Non-U.S. Holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate (usually on an IRS Form W-8BEN or W-8BEN-E). Any distribution not constituting a dividend will be treated first as reducing (but not below zero) the Non-U.S. Holder's adjusted tax basis in its Public Shares and, to the extent such distribution exceeds the Non-U.S. Holder's adjusted tax basis, as gain realized from the sale or exchange of Public Shares, which will be treated as described under "*Non-U.S. Holders-Taxation of Redemption Treated as a Sale or Exchange of Public Shares*" above.

The withholding tax does not apply to dividends paid to a Non-U.S. Holder who provides an IRS Form W-8ECI, certifying that the dividends are effectively connected with the Non-U.S. Holder's conduct of a trade or business within the U.S. Instead, any such effectively connected dividends will be subject to regular U.S. federal income tax as if the Non-U.S. Holder were a U.S. resident, subject to an applicable income tax treaty providing otherwise. A Non-U.S. Holder that is a corporation for U.S. federal income tax purposes receiving effectively connected dividends may also be subject to an additional "branch profits tax" imposed at a rate of 30% (or a lower applicable treaty rate).

Because it may not be certain at the time a Non-U.S. Holder is redeemed whether such Non-U.S. Holder's redemption will be treated as a sale or a corporate distribution, and because such determination will depend in part on a Non-U.S. Holder's particular circumstances, the applicable withholding agent may not be able to determine whether (or to what extent) a Non-U.S. Holder is treated as receiving a dividend for U.S. federal income tax purposes. Therefore, the applicable withholding agent may withhold tax at a rate of 30% (or such lower rate as may be specified by an applicable income tax treaty) on the gross amount of any consideration paid to a Non-U.S. Holder in redemption of such Non-U.S. Holder's Public Shares, unless (i) the applicable withholding agent has established special procedures allowing Non-U.S. Holders to certify that they are exempt from such withholding tax and (ii) such Non-U.S. Holders are able to certify that they meet the requirements of such exemption (e.g., because such Non-U.S. Holders are not treated as receiving a dividend under the Section 302(b) tests described above). However, there can be no assurance that any applicable withholding agent will establish such special certification procedures. If an applicable withholding agent withholds excess amounts from the amount payable to a Non-U.S. Holder, such Non-U.S. Holder may obtain a refund of any such excess amounts by timely filing an appropriate claim for refund with the IRS. Non-U.S. Holders should consult their tax advisors regarding the application of the foregoing rules in light of their particular facts and circumstances and any applicable procedures or certification requirements.

Information Reporting and Backup Withholding

Information returns will be filed with the IRS in connection with the proceeds from a redemption of Public Shares. A Non-U.S. Holder may have to comply with certification procedures to establish that it is not a United States person in order to avoid information reporting and backup withholding requirements. The certification procedures required to claim a reduced rate of withholding under a treaty will satisfy the certification requirements necessary to avoid the backup withholding as well. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a Non-U.S. Holder will be allowed as a credit against such holder's U.S. federal income tax liability and may entitle such holder to a refund, provided that the required information is timely furnished to the IRS.

FATCA Withholding Taxes

Sections 1471 through 1474 of the Code and the Treasury Regulations and administrative guidance promulgated thereunder (commonly referred to as the "Foreign Account Tax Compliance Act" or "FATCA")

impose withholding at a rate of 30% on payments of dividends on Public Shares to “foreign financial institutions” (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities unless various U.S. information reporting and due diligence requirements (relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied by, or an exemption applies to, the payee (typically certified as to by the delivery of a properly completed IRS Form W-8BEN-E). The IRS has issued proposed regulations (on which taxpayers may rely until final regulations are issued) that would not apply these withholding requirements to gross proceeds from sales or other disposition proceeds from Public Shares. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules. Under certain circumstances, a Non-U.S. Holder might be eligible for refunds or credits of such withholding taxes, and a Non-U.S. Holder might be required to file a U.S. federal income tax return to claim such refunds or credits. Holders should consult their tax advisors regarding the effects of FATCA on the redemption of Public Shares.

COMPARISON OF STOCKHOLDERS' RIGHTS

General

GigCapital5 is incorporated under the laws of the State of Delaware and the rights of GigCapital5 stockholders are governed by the laws of the State of Delaware, including the DGCL, the Existing Charter and GigCapital5's bylaws. The Combined Company may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as an independent director of the Combined Company or that could be material to a reasonable stockholder's understanding of the independence, or lack thereof, of such proposed nominee, including any relationships, whether of a personal or business nature, with any of the officers or directors of the Combined Company or its subsidiaries that such proposed nominee has or is planning to have.

Business Proposals by Stockholders

GigCapital5's existing bylaws provides that no business may be transacted at an annual meeting of stockholders, other than business that is either (i) specified in GigCapital5's notice of meeting given by or at the direction of the GigCapital5 Board, (ii) otherwise properly brought before the annual meeting by or at the direction of the GigCapital5 Board or (iii) otherwise properly brought before the annual meeting by a stockholder who (A) was a stockholder of record at the time of the giving of the notice, (B) was a stockholder of record on the record date for the determination of stockholders entitled to vote at the annual meeting and (C) has complied with the notice procedures set forth in GigCapital5's existing bylaws. In addition to any other applicable requirements, for a nomination to be made by a stockholder, the stockholder must have given timely notice thereof in proper written form to the secretary of GigCapital5 and such business must otherwise be a proper matter for stockholder action. To be timely, a stockholder's notice must be received by the secretary at the principal executive offices of GigCapital5 not later than the 90th day nor earlier than the 120th day before the one-year anniversary of the immediately preceding annual meeting of stockholders; *provided, however*, that in the event that the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of the date of the previous year's annual meeting, then, for notice by the stockholder to be timely, it must be so received by the secretary not earlier than the close of

To be in proper written form, a stockholder's notice to the secretary with respect to any business (other than nominations) must set forth as to each such matter such stockholder proposes to bring before the annual meeting (A) a brief description of the business desired to be brought before the annual meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event such business includes a proposal to amend the GigCapital5 bylaws, the language of the proposed amendment) and the reasons for conducting such business at the annual meeting, (B) the name and record address of such stockholder and the name and address of the beneficial owner, if any, on whose behalf the proposal is made, (C) the class or series and number of shares of capital stock of GigCapital5 that are owned beneficially and of record by such stockholder and by the beneficial owner, if any, on whose behalf the proposal is made, (D) a description of all arrangements or understandings between such stockholder and the beneficial owner, if any, on whose behalf the proposal is made and any other person or persons (including their names) in connection with the proposal of such business by such stockholder, (E) any material interest of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made in such business and (F) a representation that such stockholder (or a qualified representative of such stockholder) intends to appear in person or by proxy at the annual meeting to bring such business before the meeting.

Limitation on Liability of Directors

GigCapital5's Existing Charter provides that a director of GigCapital5 will not be personally liable to GigCapital5 or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended unless they violated their duty of loyalty to GigCapital5 or its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived improper personal benefit from their actions as directors.

The Combined Company's Proposed Charter provides that a director of the Combined Company will not be personally liable to the Combined Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended unless they violated their duty of loyalty to the Combined Company or its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived improper personal benefit from their actions as directors.

DESCRIPTION OF SECURITIES

The following summary of the material terms of the Combined Company's securities following the proposed Business Combination is not intended to be a complete summary of the rights and preferences of such securities. The full text of the Proposed Charter is attached as *Annex B* to this proxy statement/prospectus. We urge you to read Proposed Charter in its entirety for a complete description of the rights and preferences of the Combined Company's securities following the proposed Business Combination.

Common Stock

Holders of shares of the Combined Company Common Stock will be entitled to one vote for each share held of record on all matters on which holders of record of Combined Company Common Stock are entitled to one vote for each share held on all matters to be voted on by stockholders. Unless specified in the proposed Second Amended and Restated Certificate of Incorporation, or as required by applicable provisions of the DGCL or applicable stock exchange rules, the affirmative vote of a majority of our shares of the Combined Company Common Stock that are voted is required to approve any such matter voted on by our stockholders. Our stockholders are entitled to receive ratable dividends when, as and if declared by the Combined Company Board out of funds legally available therefor.

The GigCapital5 Board is currently elected each year at our annual meeting of stockholders. If our stockholders approve the Second Amended and Restated Certificate of Incorporation at the stockholders' meeting, the Combined Company Board will be divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares eligible to vote for the election of directors can elect all of the directors.

In the event of a liquidation, dissolution or winding up of the Combined Company after the proposed Business Combination, our stockholders are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision is made for each class of stock, if any, having preference over the Combined Company Common Stock. Our stockholders have no preemptive or other subscription rights. There are no sinking fund provisions applicable to the GigCapital5 Common Stock, except that we will provide our Public Stockholders with the opportunity to redeem their Public Shares for cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account, including interest (which interest shall be net of taxes payable by us) upon the completion of the proposed Business Combination, subject to the limitations described in this proxy statement/prospectus.

Our stockholders have no conversion, preemptive or other subscription rights. Public Stockholders who sell or convert their stock into their share of the Trust Account still have the right to exercise the warrants that they may hold.

As of December 4, 2023, the Record Date, there were 8,659,978 shares of GigCapital5 Common Stock issued and outstanding and 4 holders of record of GigCapital5 Common Stock. After giving effect to the proposed Business Combination (assuming no Public Shares of GigCapital5 have been redeemed and no GigCapital5 warrants have been exercised), we expect that there will be approximately 23,637,420 shares of the Combined Company Common Stock outstanding, consisting of (i) 6,530,000 shares held by the Sponsor, (ii) 15,000 shares in the aggregate held by Mr. Weightman and ICR, (iii) 14,977,442 shares issued in the aggregate to holders of QT Imaging Equity Securities, and (iv) 2,114,978 shares held by GigCapital5's Public Stockholders and as the Aggregate Excess QT Imaging Transaction Shares.

Preferred Stock

There are no shares of preferred stock outstanding. The Proposed Charter authorizes the issuance of 10,000,000 shares of preferred stock with such designation, rights and preferences as may be determined from

time to time by the Combined Company Board. No shares of preferred stock are being issued or registered in connection with the proposed Business Combination. Accordingly, the Combined Company Board is empowered, without stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting or other rights which could adversely affect the voting power or other rights of the holders of the Combined Company Common Stock. Although we do not currently intend to issue any shares of preferred stock, we cannot assure you that the Combined Company will not do so in the future.

The purpose of authorizing the Combined Company Board to issue preferred stock and determine its rights and preferences is to eliminate delays associated with a stockholder vote on specific issuances. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions, future financings and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or could discourage a third party from seeking to acquire, a majority of the outstanding voting stock. Additionally, the issuance of preferred stock may adversely affect the holders of the Combined Company Common Stock by restricting dividends on the Combined Company Common Stock, diluting the voting power of the Combined Company Common Stock or subordinating the liquidation rights of the Combined Company Common Stock. As a result of these or other factors, the issuance of Combined Company preferred stock could have an adverse impact on the trading price of the Combined Company Common Stock.

Warrants

There are 23,795,000 GigCapital5 Warrants outstanding, of which 23,000,000 are Warrants and 795,000 are Private Placement Warrants. Each GigCapital5 Warrant entitles the registered holder to purchase one share of GigCapital5 Common Stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time after the completion of the proposed Business Combination. Only whole warrants are exercisable. The Warrants will expire at 5:00 p.m., New York City time, on the fifth anniversary of our completion of an initial business combination, or earlier upon redemption.

No Warrants will be exercisable for cash unless the Combined Company has an effective and current registration statement covering the shares of the Combined Company Common Stock issuable upon exercise of the Warrants and a current prospectus relating to such shares of the Combined Company Common Stock. Notwithstanding the foregoing, if a registration statement covering the issuance of the shares of the Combined Company Common Stock issuable upon exercise of the Warrants is not effective within 90 days from the Closing, Warrant holders may, until such time as there is an effective registration statement and during any period when the Combined Company shall have failed to maintain an effective registration statement, exercise Warrants on a cashless basis pursuant to an available exemption from registration under the Securities Act. If an exemption from registration is not available, holders will not be able to exercise their Warrants on a cashless basis.

The Private Placement Warrants are identical to the Warrants except that such Private Placement Warrants will be exercisable for cash (even if a registration statement covering the issuance of the warrant shares issuable upon exercise of such Private Placement Warrants is not effective) or on a cashless basis, at the holder's option, and will not be redeemable by us, in each case so long as they are still held by the Sponsor or its affiliates.

Once the GigCapital5 Warrants become exercisable, the Combined Company may redeem the outstanding warrants (excluding the Private Placement Warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days' prior written notice of redemption, which the Combined Company refers to as the 30-day redemption period; and
- if, and only if, the last reported sale price of the Combined Company Common Stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the

like) for any 20 trading days within a 30 trading day period ending on the third trading day prior to the date on which the Combined Company sends the notice of redemption to the warrant holders.

The Combined Company will not redeem the Warrants unless a registration statement under the Securities Act covering the issuance of the warrant shares underlying the Warrants to be so redeemed is then effective and a current prospectus relating to those warrant shares is available throughout the 30-day redemption period, except if the Warrants may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the Warrants become redeemable by the Combined Company, it may exercise our redemption right even if it is unable to register or qualify the underlying securities for sale under all applicable state securities laws.

If the foregoing conditions are satisfied and the Combined Company issues a notice of redemption, each warrant holder may exercise his, her or its Warrants prior to the scheduled redemption date. However, the price of the shares of the Combined Company Common Stock may fall below the \$18.00 trigger price (as adjusted) as well as the \$11.50 exercise price (as adjusted) after the redemption notice is issued.

The redemption criteria for our Warrants have been established at a price which is intended to provide warrant holders a reasonable premium to the initial exercise price and provide a sufficient differential between the then-prevailing share price and the exercise price so that if the share price declines as a result of our redemption call, the redemption will not cause the share price to drop below the exercise price of the Warrants.

If the Combined Company calls the Warrants for redemption as described above, our management will have the option to require all holders that wish to exercise Warrants to do so on a "cashless basis." In making such determination, our management will consider, among other factors, our cash position, the number of Warrants that are outstanding and the dilutive effect on our stockholders of issuing the maximum number of warrant shares issuable upon exercise of outstanding Warrants. In such event, the holder would pay the exercise price by surrendering the Warrants for that number of shares of the Combined Company Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of the Combined Company Common Stock underlying the Warrants to be so exercised, and the difference between the exercise price of the Warrants and the fair market value by (y) the fair market value.

A holder of a Warrant may notify the Combined Company in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the warrant agent's actual knowledge, would beneficially own in excess of 9.8% (or such other amount as a holder may specify) of the shares of the Combined Company Common Stock outstanding immediately after giving effect to such exercise.

If the number of outstanding shares of the Combined Company Common Stock is increased by a stock dividend payable in shares of the Combined Company Common Stock, or by a split-up of shares of the Combined Company Common Stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of the Combined Company Common Stock issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding shares of the Combined Company Common Stock. A rights offering to holders of the Combined Company Common Stock entitling holders to purchase shares of the Combined Company Common Stock at a price less than the fair market value will be deemed a stock dividend of a number of shares of the Combined Company Common Stock equal to the product of (i) the number of shares of the Combined Company Common Stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for the Combined Company Common Stock) multiplied by (ii) one (1) minus the quotient of (x) the price per share of the Combined Company Common Stock paid in such rights offering divided by (y) the fair market value of such share. For these purposes (i) if the rights offering is for securities convertible into or exercisable for the Combined Company Common Stock, in determining the price payable for the Combined Company Common Stock, there will be taken into account any consideration received for such rights, as well as

[Table of Contents](#)

any additional amount payable upon exercise or conversion and (ii) fair market value means the volume weighted average price of the Combined Company Common Stock as reported during the 10 trading day period ending on the trading day prior to the first date on which the shares of the Combined Company Common Stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the GigCapital5 Warrants are outstanding and unexpired, pays a dividend or makes a distribution in cash, securities or other assets to the holders of the Combined Company Common Stock on account of such shares of the Combined Company Common Stock (or other shares of our capital stock into which the GigCapital5 Warrants are convertible), other than (a) as described above, (b) certain ordinary cash dividends, (c) to satisfy the redemption rights of the holders of GigCapital5 Common Stock in connection with the proposed Business Combination, (d) as a result of the repurchase of shares of GigCapital5 Common Stock if the proposed Business Combination is presented to the stockholders of GigCapital5 for approval, or (e) in connection with the redemption of our Public Shares upon our failure to complete the proposed Business Combination, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of the Combined Company Common Stock in respect of such event.

If the number of outstanding shares of the Combined Company Common Stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of the Combined Company Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of the Combined Company Common Stock issuable on exercise of each GigCapital5 Warrant will be decreased in proportion to such decrease in outstanding shares of the Combined Company Common Stock.

Whenever the number of shares of the Combined Company Common Stock purchasable upon the exercise of the GigCapital5 Warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of the Combined Company Common Stock purchasable upon the exercise of the GigCapital5 Warrants immediately prior to such adjustment, and (y) the denominator of which will be the number of shares of the Combined Company Common Stock so purchasable immediately thereafter.

In case of any reclassification or reorganization of the outstanding shares of the Combined Company Common Stock (other than those described above or that solely affects the par value of such shares of the Combined Company Common Stock), or in the case of any merger or consolidation of us with or into another corporation (other than a consolidation or merger in which the Combined Company is the continuing corporation and that does not result in any reclassification or reorganization of our outstanding shares of the Combined Company Common Stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of us as an entirety or substantially as an entirety in connection with which the Combined Company is dissolved, the holders of the GigCapital5 Warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the GigCapital5 Warrants and in lieu of the shares of the Combined Company Common Stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the GigCapital5 Warrants would have received if such holder had exercised their GigCapital5 Warrants immediately prior to such event. However, if such holders were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such consolidation or merger, then the kind and amount of securities, cash or other assets for which each GigCapital5 Warrant will become exercisable will be deemed to be the weighted average of the kind and amount received per share by such holders in such consolidation or merger that affirmatively make such election, and if a tender, exchange or redemption offer has been made to and accepted by such holders (other than a tender, exchange or redemption offer made by the Combined Company in connection with redemption rights held by Combined Company stockholders as provided for in

the Proposed Charter or as a result of the repurchase of shares of the Combined Company Common Stock by us if the proposed Business Combination is presented to the stockholders of the Combined Company for approval) under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act) more than 50% of the outstanding shares of the Combined Company Common Stock, the holder of a GigCapital5 Warrant will be entitled to receive the highest amount of cash, securities or other property to which such holder would actually have been entitled as a stockholder if such warrant holder had exercised the GigCapital5 Warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the Combined Company Common Stock held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjustments (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in the warrant agreement. Additionally, if less than 70% of the consideration receivable by the holders of the Combined Company Common Stock in such a transaction is payable in the form of the Combined Company Common Stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the registered holder of the GigCapital5 Warrant properly exercises the GigCapital5 Warrant within 30 days following public disclosure of such transaction, the warrant exercise price will be reduced as specified in the warrant agreement based on the per share consideration minus Black-Scholes Warrant Value (as defined in the warrant agreement) of the GigCapital5 Warrant in order to determine and realize the option value component of the GigCapital5 Warrant. This formula is to compensate the warrant holder for the loss of the option value portion of the GigCapital5 Warrant due to the requirement that the warrant holder exercise the GigCapital5 Warrant within 30 days of the event. The Black-Scholes model is an accepted pricing model for estimating fair market value where no quoted market price for an instrument is available.

The GigCapital5 Warrants were issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the GigCapital5 Warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 65% of the then outstanding Warrants to make any change that adversely affects the interests of the registered holders of Warrants.

Dividends

We have not paid any cash dividends on GigCapital5 Common Stock to date and we do not intend to pay cash dividends prior to the completion of the proposed Business Combination. In addition, the GigCapital5 Board is not currently contemplating and does not anticipate declaring any stock dividends in the foreseeable future. The payment of any dividends subsequent to the proposed Business Combination will be within the discretion of the Combined Company Board at such time. Dividends may be payable in cash, stock or property of the Combined Company. The time and amount of dividends will be dependent upon, among other things, the Combined Company's business prospects, results of operations, financial condition, cash requirements and availability, debt repayment obligations, capital expenditure needs, contractual restrictions, covenants in the agreements governing current and future indebtedness, industry trends, the provisions of Delaware law affecting the payment of dividends and distributions to stockholders and any other factors or considerations the Combined Company Board may regard as relevant. Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith. The Combined Company currently intends to retain all available funds and any future earnings to fund the development and growth of the business, and therefore does not anticipate declaring or paying any cash dividends on the Combined Company Common Stock in the foreseeable future.

Election of Directors

The Combined Company Board will be divided into three classes, Class I, Class II and Class III, with only one class of directors being elected in each year and each class serving a three-year term, except with respect to the election of directors at the special meeting pursuant to *Proposal No. 4 – The Director Election Proposal*, Class I directors will be elected to an initial one-year term (and three-year terms subsequently), the Class II directors will be elected to an initial two-year term (and three-year terms subsequently) and the Class III directors will be elected to an initial three-year term (and three-year terms subsequently). There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors.

Anti-Takeover Provisions

The Proposed Charter and the Combined Company bylaws will contain provisions that may delay, defer or discourage another party from acquiring control of us. We expect that these provisions, which are summarized below, will discourage coercive takeover practices or inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with the Combined Company Board, which we believe may result in an improvement of the terms of any such acquisition in favor of the stockholders. However, they also give the Combined Company Board the power to discourage acquisitions that some stockholders may favor.

Authorized but Unissued Shares

The authorized but unissued shares of the Combined Company Common Stock and preferred stock are available for future issuance without stockholder approval, subject to any limitations imposed by the listing standards of Nasdaq. These additional shares may be used for a variety of corporate purposes, including corporate finance transactions, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved shares of the Combined Company Common Stock and preferred stock could make more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Classified Board of Directors

The Proposed Charter provides that the Combined Company Board will be divided into three classes of directors, with the classes to be as nearly equal in number as possible, and with each director serving a three-year term. As a result, approximately one-third of the Combined Company Board will be elected each year. The classification of directors will have the effect of making it more difficult for stockholders to change the composition of the Combined Company Board.

Stockholder Action; Stockholders' Meetings

The Proposed Charter will provide that stockholders may not take action by written consent, but may only take action at annual or special meetings of stockholders. As a result, a holder controlling a majority of Combined Company capital stock would not be able to amend the Combined Company's bylaws or remove directors without holding a meeting of stockholders called in accordance with the Combined Company's bylaws. Further, the Combined Company's bylaws will provide that special meetings of the stockholders, for any purpose or purposes, may be called only by (i) the chairperson of the Combined Company Board, (ii) the chief executive officer of Combined Company, or (iii) the Combined Company Board pursuant to a resolution adopted by a majority of the Combined Company Board, and that any special meeting previously called may be cancelled upon the affirmative vote of two-thirds of the Whole Board. Thus, a Combined Company stockholder will be prohibited from calling a Stockholders' Meeting. These provisions might delay the ability of the Combined Company's stockholders to force consideration of a proposal or for the Combined Company's stockholders controlling a majority of the Combined Company's capital stock to take any action, including the removal of directors.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

In addition, the Combined Company Bylaws will establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of stockholders. Generally, in order for any matter to be “properly brought” before an annual meeting, the matter must be (i) specified in a notice of meeting given by or at the direction of the Combined Company Board, (ii) if not specified in a notice of meeting, otherwise brought before the meeting by or at the direction of the Combined Company Board, or (iii) otherwise properly brought before the meeting by a stockholder present in person who (A) was a stockholder both at the time of giving the notice and at the time of the meeting, (B) is entitled to vote at the meeting, and (C) has complied with the advance notice procedures specified in the Combined Company Bylaws or properly made such proposal in accordance with Rule 14a-8 under the Exchange Act and the rules and regulations thereunder, which proposal has been included in the proxy statement for the annual meeting. Further, for business to be properly brought before an annual meeting by a stockholder, the stockholder must (i) provide “Timely Notice” (as defined herein) thereof in writing and in proper form to the secretary of the Combined Company and (ii) provide any updates or supplements to such notice at the times and in the forms required by the Combined Company Bylaws. To be timely, even if such matter is already the subject of any notice to the stockholders or public announcement from the Combined Company Board, a stockholder’s notice must be received by the secretary at the principal executive offices of the Combined Company not later than the 90th day nor earlier than the 120th day before the one-year anniversary of the immediately preceding annual meeting of stockholders; *provided, however*, that in the event that the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of the date of the previous year’s annual meeting, then, for notice by the stockholder to be timely, it must be so received by the secretary not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of (i) the 90th day prior to such annual meeting, or (ii) the tenth day following the day on which public announcement of the date of such annual meeting is first made (such notice within such time periods, “*Timely Notice*”).

To be in proper written form, a stockholder’s notice to the secretary with respect to any business (other than nominations) must set forth as to each such matter such stockholder proposes to bring before the annual meeting (A) a brief description of the business desired to be brought before the annual meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event such business includes a proposal to amend the Combined Company bylaws, the language of the proposed amendment) and the reasons for conducting such business at the annual meeting, (B) the name and record address of such stockholder and the name and address of the beneficial owner, if any, on whose behalf the proposal is made, (C) the class or series and number of shares of capital stock of the Combined Company that are owned beneficially and of record by such stockholder and by the beneficial owner, if any, on whose behalf the proposal is made, and a representation that such stockholder will notify the Combined Company in writing of the class and number of such shares owned of record and beneficially as of the record date for the meeting within 5 business days after the record date for such meeting, (D) a description of all agreements, arrangements or understandings between or among such stockholder and the beneficial owner, if any, on whose behalf the proposal is made and any other person or persons (including their names) acting in concert with any of the foregoing in connection with the proposal of such business by such stockholder, and a representation that such stockholder will notify the Combined Company in writing of any such agreement, arrangement or understanding in effect as of the record date for the meeting within 5 business days after the record date for such meeting, (E) a description of all agreements, arrangements or understandings (including any derivative or short positions, profit interests, options, hedging transactions and borrowed or loaned shares) that has been entered into as of the date of such stockholder’s notice by, or on behalf of, the stockholder or the beneficial owner, if any, on whose behalf the business proposal is being made and any other person or persons (including their names), the effect or intent of which is to mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of such person or any other person or persons (including their names) with respect to shares of stock of the Combined Company, and a representation that such stockholder will notify the Combined Company in writing of any such agreement, arrangement or

understanding in effect as of the record date for the meeting within 5 business days after the record date for such meeting, (F) any material interest of such stockholder and the beneficial owner, if any, on whose behalf the proposal of such business is made and any other person or persons (including their names) acting in concert with any of the foregoing, (G) the names and addresses of other stockholders (including beneficial and record owners) known by such stockholder to support the proposal, and to the extent known, the class and number of all shares of the Combined Company's capital stock owned beneficially or of record by such other stockholders and (H) a representation that such stockholder is a holder of record of shares of the Combined Company entitled to vote at the meeting and such stockholder (or a qualified representative of such stockholder) intends to appear in person or by proxy at the annual meeting to bring such business before the meeting.

For a director nomination to be in proper written form, a stockholder's notice to the secretary must set forth (i) as to each person whom the stockholder proposes to nominate for election as a director (A) the name, age, business address and residence address of the proposed nominee, (B) the principal occupation or employment of the proposed nominee, (C) the class or series and number of shares of capital stock of the Combined Company that are owned beneficially or of record by the proposed nominee, (D) a written questionnaire with respect to the background and qualification of such proposed nominee, completed and executed by such proposed nominee, in the form to be provided by the secretary upon written request of any stockholder of record within 10 days of such request, and a written statement and agreement executed by each such proposed nominee acknowledging that such person: (x) consents to being named in the proxy statement as a nominee and to serving as a director if elected, (y) intends to serve as a director for the full term for which such person is standing for election and (z) makes the following representations: (1) that the proposed nominee has read and agrees to adhere to the Combined Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics, any other of the Combined Company's policies or guidelines applicable to directors, including with regard to (A) reporting related party transactions for approval pursuant to the Combined Company Board's audit committee charter and (B) securities trading, and (2) that the proposed nominee is not and will not become a party to any agreement, arrangement or understanding with, and has not given any Voting Commitment that has not been disclosed to the Combined Company or any Voting Commitment that could limit or interfere with such person's ability to comply, if elected as a director of the Combined Company, with such person's fiduciary duties under applicable law, and (3) that the proposed nominee is not and will not become a party to any Compensation Arrangement that has not been disclosed to the Combined Company in connection with such person's nomination for director or service as a director and (E) any other information relating to the proposed nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors in an election contest (even if an election contest is not involved) or that is otherwise required to be disclosed pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder; and (ii) as to the stockholder giving the notice (A) the name and record address of such stockholder as they appear on the Combined Company's books and the name and address of the beneficial owner, if any, on whose behalf the nomination is made, (B) the class or series and number of shares of capital stock of the Combined Company that are owned beneficially and of record by such stockholder and the beneficial owner, if any, on whose behalf the nomination is made, and a representation that such stockholder will notify the Combined Company in writing of the class and number of such shares owned of record and beneficially as of the record date for the meeting within 5 business days after the record date for such meeting, (C) a description of all agreements, arrangements or understandings relating to the nomination to be made by such stockholder among such stockholder, the beneficial owner, if any, on whose behalf the nomination is made, each proposed nominee and any other person or persons (including their names) acting in concert with any of the foregoing, and a representation that such stockholder will notify the Combined Company in writing of any such agreement, arrangement or understanding in effect as of the record date for the meeting within 5 business days after the record date for such meeting, (D) a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, hedging transactions and borrowed or loaned shares) that has been entered into as of the date of such stockholder's notice by, or on behalf of, the stockholder or the beneficial owner, if any, on whose behalf the nomination is being made and any other person or persons (including their names), the effect or intent of which is to mitigate loss to, manage risk or benefit of share price

changes for, or increase or decrease the voting power of such person or any other person or persons (including their names) with respect to shares of stock of the Combined Company, and a representation that such stockholder will notify the Combined Company in writing of any such agreement, arrangement or understanding in effect as of the record date for the meeting within five 5 business days after the record date for such meeting. (E) a representation whether such stockholder intends to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Combined Company's outstanding capital stock required to approve the nomination and/or otherwise to solicit proxies from stockholders in support of the nomination, (F) the names and addresses of other stockholders (including beneficial and record owners) known by such stockholder to support the nomination, and to the extent known, the class and number of all shares of the Combined Company's capital stock owned beneficially or of record by such other stockholders, (G) a representation that such stockholder is a holder of record of shares of the Combined Company entitled to vote at the meeting and such stockholder (or a qualified representative of such stockholder) intends to appear in person or by proxy at the meeting to nominate the persons named in its notice and (H) any other information relating to such stockholder and the beneficial owner, if any, on whose behalf the nomination is made that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder. The Combined Company may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as an independent director of the Combined Company or that could be material to a reasonable stockholder's understanding of the independence, or lack thereof, of such proposed nominee, including any relationships, whether of a personal or business nature, with any of the officers or directors of the Combined Company or its subsidiaries that such proposed nominee has or is planning to have.

Stockholders at an annual meeting or special meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the Combined Company Board or by a qualified stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered written Timely Notice in proper form to the Combined Company's secretary of the stockholder's intention to bring such business before the meeting. These provisions could have the effect of delaying stockholder actions that are favored by the holders of a majority of the outstanding voting securities until the next stockholder meeting.

Amendment of Charter or Bylaws

Upon consummation of the proposed Business Combination, the Proposed Charter provides the Combined Company Board has the power to adopt, amend, alter or repeal the GigCapital5 bylaws by the affirmative vote of a majority of GigCapital5's Board. The bylaws also may be adopted, amended, altered or repealed by the stockholders holding at least a majority of the voting power of all then outstanding shares. The Proposed Charter can be amended in accordance with the DGCL which requires approval by the Combined Company Board and stockholders of the Combined Company.

Limitations on Liability and Indemnification of Officers and Directors

The Proposed Charter provides that, to the fullest extent permitted by applicable law, the Combined Company will indemnify and hold harmless each person who is or was made a party or is threatened to be made a party to or is otherwise involved in any proceeding by reason of the fact that they are or were a director or officer of the Combined Company or, while a director or officer of the Combined Company, is or was serving at the request of Combined Company as an indemnitee, including service with respect to an employee benefit plan, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent, or in any other capacity while serving as a director, officer, employee or agent, against all liability and loss suffered and expenses (including, without limitation, attorneys' fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred by such indemnitee in connection with such proceeding. Except for proceedings to enforce rights to indemnification and advancement of expenses, the

[Table of Contents](#)

Combined Company will indemnify and advance expenses to an indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Combined Company Board.

The Combined Company has entered into, or will enter into, indemnification agreements with each of its directors and officers. Under the terms of such indemnification agreements, the Combined Company will be required to indemnify each of the Combined Company's directors and officers, if the basis of the indemnitee's involvement was by reason of the fact that the indemnitee is or was a director or officer of the Combined Company or any of its subsidiaries or was serving at the request of the Combined Company in an official capacity of another entity. In some cases, the provisions of those indemnification agreements may be broader than the specific indemnification provisions contained under Delaware law.

In addition, as permitted by Delaware law, the Proposed Charter also provides that a director of the Combined Company will not be personally liable to the Combined Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended unless they violated their duty of loyalty to the Combined Company or its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived improper personal benefit from their actions as directors. The effect of this provision is to restrict the Combined Company's rights and the rights of the Combined Company's stockholders in derivative suits to recover monetary damages against a director for breach of fiduciary duties as a director.

These provisions may be held not to be enforceable for violations of the federal securities laws of the United States.

Dissenters' Rights of Appraisal and Payment

Under the DGCL, with certain exceptions, the Combined Company's stockholders will have appraisal rights in connection with a merger or consolidation of the Combined Company. Pursuant to Section 262 of the DGCL, stockholders who properly demand and perfect appraisal rights in connection with such merger or consolidation will have the right to receive payment of the fair value of their shares as determined by the Court of Chancery.

Stockholders' Derivative Actions

Under the DGCL, any Combined Company stockholder may bring an action in the Combined Company's name to procure a judgment in its favor, also known as a derivative action, provided that the stockholder bringing the action is a holder of the Combined Company's shares at the time of the transaction to which the action relates.

Forum Selection

The Proposed Charter provides that that, unless the Combined Company consents in writing to the selection of an alternative forum, the Court of Chancery will be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Combined Company, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Combined Company to the Combined Company or the Combined Company's stockholders, (iii) any action asserting a claim against the Combined Company, its directors, officers or employees arising pursuant to any provision of the DGCL or the Combined Company's Proposed Charter or existing bylaws, or (iv) any action asserting a claim against the Combined Company, its directors, officers or employees governed by the internal affairs doctrine. The foregoing will not apply to (a) suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction or (b) any action asserting a cause of action arising under the Securities Act for which the federal courts, to the fullest extent permitted by law, shall be the sole and exclusive forum for resolution.

Trading Symbol and Market

SECURITIES ACT RESTRICTIONS ON RESALE OF COMBINED COMPANY COMMON STOCK

Pursuant to Rule 144, a person who has beneficially owned restricted Combined Company Common Stock for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been an affiliate of the Combined Company at the time of, or at any time during the three months preceding, a sale and (ii) Combined Company is subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the 12 months (or such shorter period as Combined Company was required to file reports) preceding the sale.

Persons who have beneficially owned restricted Combined Company Common Stock shares for at least six months but who are affiliates of Combined Company at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

- 1% of the total number of Combined Company Common Stock then outstanding; or
- the average weekly reported trading volume of the Combined Company Common Stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by affiliates of Combined Company under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about the Combined Company.

Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Rule 144 is not available for the resale of securities initially issued by shell companies (other than business combination related shell companies) or issuers that have been at any time previously a shell company. However, Rule 144 also includes an important exception to this prohibition if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

We anticipate that following the consummation of the proposed Business Combination, the Combined Company will no longer be a shell company, and so, once the conditions set forth in the exceptions listed above are satisfied, Rule 144 will become available for the resale of the above noted restricted securities.

In addition, these holders will have "piggy-back" registration rights to include their securities in other registration statements filed by the Combined Company. GigCapital5 and the Holders will enter into the Lock-Up Agreement at the Closing. The Lock-Up Agreement will provide that, subject to certain exceptions, each of the Holders will not transfer any shares of the Combined Company Common Stock beneficially owned or owned of record by such of the Holders until the earlier of (a) six months following the Closing Date; (b) subsequent to the Closing, the date on which the reported closing price of one share of the Combined Company Common Stock quoted on Nasdaq equals or exceeds \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like occurring after the Closing Date) for any twenty trading days within any thirty consecutive trading day period commencing at least ninety days after the Closing Date; and (c) subsequent to the Closing, the date on which the Combined Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of the Combined Company's stockholders having the right to exchange their Combined Company securities for cash, securities or other property. See "*Other Agreements-Lock-Up Agreement*."

Founder Shares

Prior to the GigCapital5 IPO, the Sponsor purchased 10,047,500 Founder Shares for an aggregate purchase price of \$25,000, or \$0.0024882 per share. However, 4,312,500 shares of GigCapital5 Common Stock issued to the Sponsor were subsequently forfeited. As a result, the Sponsor purchased a net of 5,735,000 Founder Shares for an adjusted aggregate purchase price of \$25,000, or \$0.0043592 per share. As of the Closing, 5,735,000 Founder Shares will be outstanding and held by the Sponsor. Prior to the initial investment in GigCapital5 of \$25,000 by our Sponsor, GigCapital5 had no assets, tangible or intangible. The per share price of the Founder Shares was determined by dividing the amount of cash contributed to GigCapital5 by the number of Founder Shares issued. The number of Founder Shares issued was determined based on the expectation that the Founder Shares would, in the aggregate, represent 20% of the outstanding shares of GigCapital5 Common Stock upon completion of the GigCapital5 IPO.

If the proposed Business Combination with QT Imaging or another business combination is not consummated within the Completion Window, GigCapital5 will cease all operations except for the purpose of

winding up, redeeming 100% of the outstanding Public Shares for cash and, subject to the approval of its remaining stockholders and the GigCapital5 Board, dissolving and liquidating. In such event, the 5,735,000 Founder Shares held by the Sponsor, which were acquired for an adjusted purchase price of approximately \$0.0043592 per share, and the 795,000 Private Placement Units held by the Sponsor would be worthless because the Sponsor is not entitled to participate in any redemption or distribution with respect to such shares.

GigCapital5 IPO Private Placement Units

Simultaneously with the consummation of the GigCapital5 IPO, we consummated a private placement of an aggregate of 795,000 Private Placement Units to the Sponsor at a price of \$10.00 per Private Placement Unit, generating total proceeds of \$7,950,000. Of the gross proceeds received from the GigCapital5 IPO and the Private Placement Units, \$232,300,000 was placed into the Trust Account. If we do not complete an initial business combination by the Extended Date (unless such date is subsequently extended by the stockholders of GigCapital5), a portion of the proceeds of the sale of the Private Placement Units will be used to fund the redemption of GigCapital5 Common Stock, subject to the requirements of applicable law, and the Private Placement Units will be worthless.

Strategic Services Agreements

On September 23, 2021, GigCapital5 entered into a Strategic Services Agreement with Mr. Weightman, its Treasurer and Chief Financial Officer. Mr. Weightman initially received \$2,500 per month for his services and such amount could increase to up to \$15,000 per month dependent upon the scope of services provided, as may be mutually agreed by the parties. Commencing with the first month after the consummation of the IPO, GigCapital5 has paid Mr. Weightman for services rendered since September 23, 2021 and on a monthly basis thereafter for all services rendered after the consummation of the GigCapital5 IPO. In addition, prior to the consummation of the GigCapital5 IPO, GigCapital5 issued 5,000 shares of GigCapital5 Common Stock, in consideration of future services to it, to Mr. Weightman.

Administrative Services Agreement

GigCapital5 agreed in an Administrative Services Agreement, dated September 23, 2021, to pay \$30,000 per month to GigManagement, LLC for office space, utilities, administrative and support services provided to GigCapital5's management team, which commenced on September 28, 2021 and will continue through the earlier of consummation of the proposed Business Combination and GigCapital5's liquidation.

Trust Extension Payments.

The GigCapital5 IPO prospectus and the initial GigCapital5 Amended and Restated Certificate of Incorporation provided that GigCapital5 initially had until September 28, 2022 (or March 28, 2023, if GigCapital5 extended the period of time to consummate the initial business combination in accordance with the terms of the initial GigCapital5 Amended and Restated Certificate of Incorporation). The stockholders of GigCapital5 on September 23, 2022 adopted an amendment to the GigCapital5 Amended and Restated Certificate of Incorporation, and changed the terms for GigCapital5 to be able to extend the period of time to consummate GigCapital5's initial business combination to March 28, 2023 through the Additional September 2022 Contributions. In connection with the extension, the Sponsor, or its designees, has agreed to loan the Additional September 2022 Contributions to GigCapital5, commencing on September 26, 2022, and by the 28th day of each subsequent month, that is needed by GigCapital5 to complete the proposed Business Combination until March 28, 2023. The Existing Charter was then adopted by the stockholders of GigCapital5 on March 28, 2023, and changed the terms for GigCapital5 to be able to extend the period of time to consummate GigCapital5's initial business combination to September 28, 2023 through the Additional March 2023 Contributions. In connection with the extension, the Sponsor, or its designees, has agreed to loan the Additional March 2023 Contributions to GigCapital5, commencing on March 28, 2023, and by the 28th day of each subsequent month, or portion thereof, that is needed by GigCapital5 to complete the proposed Business

Combination until the Extended Date. The amount of the Additional September 2022 Contributions and the Additional March 2023 Contributions will not bear interest and will be repayable by the Combined Company to the Sponsor or its designees upon consummation of the proposed Business Combination. The Sponsor or its designees will have the sole discretion whether to continue extending for additional calendar months until the Extended Date and if the Sponsor determines not to continue extending for additional calendar months, its obligation to make Additional March 2023 Contributions will terminate. On September 26, 2022, October 26, 2022, November 28, 2022, December 27, 2022, January 26, 2023, February 27, 2023, March 28, 2023, April 27, 2023, May 25, 2023, June 26, 2023, July 27, 2023, and August 28, 2023, GigCapital5 extended the period of time to consummate the initial business combination in accordance with the terms of the Existing Charter when it received loans of the Additional September 2022 Contributions or the Additional March 2023 Contributions from the Sponsor.

As a result of such extensions, GigCapital5 issued a non-convertible unsecured promissory note to the Sponsor on September 26, 2022, which was subsequently amended and restated on October 26, 2022, November 28, 2022, December 27, 2022, January 26, 2023, February 27, 2023, March 28, 2023, April 27, 2023, May 25, 2023, June 26, 2023, July 27, 2023, and August 28, 2023 (the "*Extension Note*"), for a collective principal amount of \$1,560,000.

In addition, on September 26, 2022, GigCapital5 issued the Working Capital Note as an unsecured convertible promissory note to the Sponsor, which was subsequently amended and restated on October 26, 2022, November 28, 2022, December 27, 2022, January 26, 2023, February 27, 2023, March 28, 2023, April 27, 2023, June 26, 2023, July 25, 2023, and October 27, 2023, for a collective principal amount of \$1,446,360. The Working Capital Note was issued to provide GigCapital5 with additional working capital through the Extended Date and will not be deposited into the Trust Account. GigCapital5 issued the Working Capital Note in consideration for an additional loan from the Sponsor to fund GigCapital5's working capital requirements. The Working Capital Note is convertible at the Sponsor's election upon the consummation of the initial business combination. Upon such election, the convertible note will convert, at a price of \$10.00 per unit, into units identical to the Private Placement Units issued in connection with the GigCapital5 IPO. The Working Capital Note bears no interest and, subject to the conversion right discussed above, is repayable in full upon the consummation of a business combination by GigCapital5.

Certain Relationships and Related Person Transactions-QT Imaging

See Note 13 "*Related Party Transactions*" to condensed consolidated financial statements of QT Imaging.

Combined Company Related Person Transaction Policy

Effective upon the Closing of the proposed Business Combination, the Combined Company Board expects to adopt a related person transaction policy that will set forth the Combined Company's procedures for the identification, review, consideration and approval or ratification of related person transactions. The policy is expected to become effective upon approval by the Combined Company Board following the consummation of the proposed Business Combination. The Combined Company's audit committee will have the primary responsibility for reviewing and approving or disapproving "related party transactions." The charter of the Combined Company's audit committee will provide that the audit committee will review and approve in advance any related party transaction.

A related person transaction is a transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, between the Combined Company and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. Transactions involving compensation for services provided to the Combined Company as an employee or director are not expected to be covered by this policy. A related person is any executive officer, director or beneficial owner of more than 5% of any class of the Combined Company's voting securities and any of their respective immediate family members and any entity owned or controlled by such persons.

It is expected that under the policy, if a transaction has been identified as a related person transaction, including any transaction that was not a related person transaction when originally consummated or any transaction that was not initially identified as a related person transaction prior to consummation, the Combined Company's management must present information regarding the related person transaction to the Combined Company's audit committee, or, if audit committee approval would be inappropriate, to another independent committee of the Combined Company Board, for review, consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests (direct and indirect) of the related persons, the benefits to the Combined Company of the transaction and whether the transaction is on terms that are comparable to the terms available to or from (as the case may be) an unrelated third party or to or from employees generally. Under the policy, the Combined Company will collect information

that it deems reasonably necessary from each director, executive officer and, to the extent feasible, significant stockholder to enable the Combined Company to identify any existing or potential related person transactions and to effectuate the terms of the policy. In addition, under the Code of Business Conduct and Ethics that the Combined Company expects the Combined Company Board to adopt following the closing of the proposed Business Combination, the Combined Company's employees and directors will have an affirmative responsibility to disclose any transaction or relationship that reasonably could be expected to give rise to a conflict of interest. In considering related person transactions, it is expected that the Combined Company's audit committee, or other independent committee of the Combined Company Board, will take into account the relevant available facts and circumstances including, but not limited to:

- the risks, costs and benefits to the Combined Company;
- the impact on a director's independence in the event that the related person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties or to or from employees generally.

It is also expected that the policy will require that, in determining whether to approve, ratify or reject a related person transaction, the Combined Company's audit committee, or other independent committee of the Combined Company Board, will consider, in light of known circumstances, whether or not the transaction is consistent with the Combined Company's best interests and those of the Combined Company's stockholders, as the Combined Company's audit committee, or other independent committee of the Combined Company Board, determines in the good faith exercise of its discretion.

APPRAISAL RIGHTS

Holders of GigCapital5 Common Stock and GigCapital5 warrants are not entitled to appraisal rights in connection with the proposed Business Combination.

Under the DGCL, however, holders of QT Imaging Common Stock may be entitled to appraisal rights in connection with the proposed Business Combination. QT Imaging stockholders who neither vote in favor of nor consent in writing to the Merger and who otherwise comply with Section 262 and other applicable provisions of the DGCL will be entitled to exercise rights to seek appraisal of the fair value of their shares of QT Imaging

[Table of Contents](#)

Common Stock, as determined by the Court of Chancery, if the Merger is completed. The “fair value” of such dissenting shares of QT Imaging Common Stock as determined by the Court of Chancery may be more or less than, or the same as, the value of the consideration that such stockholder would otherwise be entitled to receive under the Business Combination Agreement. Any QT Imaging stockholder who wishes to preserve appraisal rights must so advise QT Imaging by submitting a demand for appraisal within the period prescribed by Section 262 of the DGCL after receiving a notice from QT Imaging or GigCapital5 that appraisal rights are available, and must otherwise precisely follow the procedures prescribed by Section 262 of the DGCL. Any shares of QT Imaging Common Stock held by such QT Imaging stockholder immediately prior to the Effective Time who shall have properly demanded appraisal for his, her or its shares in accordance with the DGCL will not be converted into the merger consideration, unless such QT Imaging stockholder fails to perfect, withdraws, or otherwise loses his, her or its right to appraisal and payment under the DGCL. If such QT Imaging stockholder fails to perfect, withdraws or otherwise loses his, her or its appraisal rights, each share of QT Imaging Common Stock held by such QT Imaging stockholder will be deemed to have been converted as of the Effective Time into a right to receive the merger consideration. Failure to follow any of the statutory procedures set forth in Section 262 of the DGCL will result in the loss or waiver of appraisal rights under Delaware law. In view of the complexity of Section 262 of the DGCL, QT Imaging stockholders who may wish to pursue appraisal rights should consult their legal and financial advisors.

Notes to Unaudited Condensed Financial Statements

1. DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Organization and General

GigCapital5, Inc. (the "Company") was incorporated in the state of Delaware on January 19, 2021. The Company was founded as a blank check company or special purpose acquisitions company ("SPAC"), formed by an affiliate of the serial SPAC issuer GigCapital Global, for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or similar business combination with one or more businesses (the "Business Combination"). The Company is an "emerging growth company," as defined in Section 2(a) of the Securities Act of 1933, as amended (the "Securities Act"), as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act").

As of September 30, 2023, the Company had not commenced any operations. All activity for the period from January 19, 2021 (date of inception) through September 30, 2023 relates to the Company's formation, the initial public offering (the "Offering"), as described in Note 4, and identifying a target Business Combination, as described below. The Company will not generate any operating revenues until after completion of its initial Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income on cash and cash equivalents from the proceeds derived from the Offering. The Company has selected December 31 as its fiscal year end.

On September 23, 2021, the registration statement on Form S-1 (File No. 333-254038), as amended, relating to the Offering of the Company was declared effective by the U.S. Securities and Exchange Commission (the "SEC"). The Company entered into an underwriting agreement with Wells Fargo Securities, LLC ("Wells Fargo") and William Blair & Company, L.L.C. ("William Blair" and collectively with Wells Fargo the "Underwriters") on September 23, 2021 to conduct the Offering of 20,000,000 units (the "Public Units") in the amount of \$200.0 million in gross proceeds, with a 45-day option provided to the Underwriters to purchase up to 3,000,000 additional Public Units solely to cover over-allotments, if any, in the amount of up to \$0.0 million in additional gross proceeds. Each Public Unit consists of one share of the Company's common stock (a "Public Share"), \$0.0001 par value, and one redeemable warrant (a "Public Warrant"). Each Public Warrant is exercisable for one Public Share at a price of \$11.50 per full share.

On September 28, 2021, the Company consummated the Offering of 23,000,000 Public Units, including the issuance of 3,000,000 Public Units as a result of the Underwriters' exercise in full of their over-allotment option. The Public Units were sold at a price of \$10.00 per Public Unit, generating gross proceeds to the Company of \$230,000,000.

Simultaneously with the closing of the Offering, the Company consummated the closing of a private placement sale (the "Private Placement") to the Company's sponsor GigAcquisitions5, LLC, a Delaware limited liability company (the "Founder" or "Sponsor"), of 795,000 units (the "Private Placement Units"), at a price of \$10.00 per Private Placement Unit. The Private Placement generated aggregate gross proceeds of \$7,950,000.

Following the closing of the Offering, net proceeds in the amount of \$225,400,000 from the sale of the Public Units and proceeds in the amount of \$6,900,000 from the sale of Private Placement Units, for a total of \$232,300,000, were placed in a trust account (the "Trust Account"), which is described further below.

Transaction costs amounted to \$13,193,740, consisting of \$4,600,000 of underwriting fees, \$9,200,000 of deferred underwriting fees and \$843,740 of Offering costs, of which \$25,000 remains in accounts payable as of September 30, 2023, partially offset by the reimbursement of \$1,450,000 of Offering expenses by the Underwriters. On March 20, 2023, one of the Underwriters, Wells Fargo, without any consideration from the Company, waived all of their portion of the deferred underwriting fees totaling \$6,440,000 and disclaimed any

responsibility for the proposed business combination (see Note 2), but would be entitled to such compensation in connection with an alternative Business Combination, should the proposed business combination (see Note 2) be terminated, and remains entitled to customary indemnification and contribution obligations of the Company in connection with the proposed business combination (see Note 2). The Company's remaining cash after payment of the Offering costs will be held outside of the Trust Account for working capital purposes.

Extensions

The Company's Offering prospectus and initial Amended and Restated Certificate of Incorporation provided that the Company initially had until September 28, 2022 (the date which was 12 months after the consummation of the Offering) to complete its initial Business Combination (the "Combination Period"). On September 23, 2022, the Company held a special meeting of its stockholders and the Company's stockholders approved an amendment to the Company's Amended and Restated Certificate of Incorporation that extends the date by which the Company must consummate a Business Combination transaction from September 28, 2022 up to March 28, 2023 in one-month extensions (the "First Extension"). The Company's stockholders elected to redeem 18,985,950 Public Shares. Following such redemptions, \$192,138,312 was withdrawn from the Trust Account on September 27, 2022.

On September 26, 2022, the Company issued an unsecured, non-interest-bearing, non-convertible promissory note (the "Extension Note") to the Sponsor for a principal amount of \$160,000. The proceeds from the Extension Note were deposited into the Trust Account in accordance with the terms of the Company's Amended and Restated Certificate of Incorporation. The Extension Note matures on the earlier of the date on which the Company consummates its initial Business Combination or the date the Company winds up and may be prepaid without penalty. The Extension Note was subsequently amended and restated five times on October 26, 2022, November 28, 2022, December 27, 2022, January 25, 2023, and February 27, 2023, respectively, for a collective principal amount of \$960,000. The Sponsor deposited such funds into the Company's Trust Account with Continental Stock Transfer & Trust Company. The Extension Note is expected to be paid back upon the completion of its initial Business Combination.

On March 28, 2023, the Company held the March 2023 special meeting of stockholders. At the March special meeting, the stockholders approved two proposals: (A) to amend the Company's Amended and Restated Certificate of Incorporation, giving the Company the right to extend the date by which it has to consummate a Business Combination up to six (6) times for an additional one (1) month each time, from March 28, 2023 to September 28, 2023 provided that the Sponsor (or its designees) must deposit into the Trust Account for each one-month extension funds equal to \$100,000 (the "Second Extension"); (B) to amend the Company's investment management trust agreement, dated as of September 23, 2021, by and between the Company and Continental Stock Transfer & Trust Company, allowing the Company to extend the Combination Period up to six (6) times for an additional one (1) month each time from March 28, 2023 to September 28, 2023 by depositing into the Trust Account for each one-month extension, the sum of \$100,000.

The Extension Note was further amended on March 28, 2023, April 27, 2023, May 25, 2023, June 26, 2023, July 25, 2023 and August 28, 2023 to increase the principal amount to \$1,560,000. Also, in conjunction with the special meeting, the stockholders elected to redeem 995,049 Public Shares. Following such redemptions, \$10,449,625 was withdrawn from the Trust Account.

On September 28, 2023, the Company held the September 2023 special meeting of its stockholders. At the September special meeting, the Company's stockholders approved an amendment to the Company's Amended and Restated Certificate of Incorporation that extends the date by which the Company must consummate a business combination transaction from September 28, 2023 (the date which is 24 months from the closing date of the Offering) up to December 31, 2023 without any additional payment to the Trust Account. The certificate of amendment was filed with the Delaware Secretary of State and has an effective date of September 28, 2023. Also, in conjunction with the September special meeting, the stockholders elected to redeem 904,023 Public Shares. Following such redemptions, \$9,828,000 was withdrawn from the Trust Account. As a result of this redemption, our Founder and management team beneficially own approximately 75.6% of our issued and outstanding common stock.

Working Capital Loans

On September 26, 2022, the Company issued a convertible, non-interest bearing, unsecured promissory note (the "Working Capital Note") to the Sponsor for a principal amount of \$65,000. The Working Capital Note was subsequently amended and restated eight times on October 26, 2022, November 28, 2022, December 27, 2022, and January 25, 2023 to add additional principal amounts of \$65,000 per month for each respective month, February 27, 2023 to add an additional principal amount of \$350,000, March 28, 2023 to add an additional principal amount of \$30,000, April 27, 2023 to add an additional principal amount of \$65,000, June 26, 2023 to add an additional principal amount of \$30,000, and July 25, 2023 to add an additional principal amount of \$65,000, for an aggregate principal amount outstanding as of September 30, 2023 under the Working Capital Note of \$1,065,000. The Working Capital Note was issued to provide the Company with additional working capital during the First Extension and Second Extension and was not deposited into the Trust Account. The Working Capital Note is convertible at the Sponsor's election upon the consummation of the initial Business Combination. Upon such election, the Working Capital Note will convert, at a price of \$10.00 per unit, into units identical to the Private Placement Units issued in connection with the Offering. Each Private Placement Unit consists of one share of the Company's common stock, par value \$0.0001 per share, and one redeemable warrant. The warrants constituting a part of the Private Placement Units would be exercisable, subject to the terms and conditions of the warrant and during the exercise period as provided in the warrant agreement governing the warrants. The Company has relied upon Section 4(a)(2) of the Securities Act, in connection with the issuance and sale of the convertible promissory note, as it was issued to a sophisticated investor without a view to distribution and was not issued through any general solicitation or advertisement.

The Trust Account

The funds in the Trust Account have been invested only in U.S. government treasury bills with a maturity of one hundred and eighty-five (185) days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940 which invest only in direct U.S. government obligations. Funds will remain in the Trust Account until the earlier of (i) the consummation of the Business Combination or (ii) the distribution of the Trust Account as described below. The remaining proceeds from the Offering outside the Trust Account may be used to pay for business, legal and accounting due diligence expenses on acquisition targets and continuing general and administrative expenses.

The Company's Amended and Restated Certificate of Incorporation provides that, other than the withdrawal of interest to pay taxes none of the funds held in the Trust Account will be released until the earlier of: (1) the completion of a Business Combination; (2) the redemption of 100% of the outstanding Public Shares if the Company has not completed an initial Business Combination on or prior to December 31, 2023; or (3) the redemption of any Public Shares properly tendered in connection with a stockholder vote to amend the Amended and Restated Certificate of Incorporation (A) to modify the substance or timing of the Company's obligation to redeem 100% of the Company's Public Shares if the Company does not complete its initial Business Combination within the required time period or (B) with respect to any other provision relating to the Company's pre-business combination activity and related stockholders' rights.

Business Combination

The Company has until December 31, 2023 to complete its initial Business Combination, provided that the extension payment for each one-month extension from September 28, 2022 through March 28, 2023 equal to \$160,000 and the extension payment for each one-month extension from March 28, 2023 through September 28, 2023 equal to \$100,000 is deposited into the Trust Account on or prior to the date of the same applicable deadline. If the Company does not complete a Business Combination on or before December 31, 2023, it shall (i) cease all operations except for the purposes of winding up; (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the Public Shares for a per share pro rata portion of the Trust Account, including interest, but less taxes payable (less up to \$100,000 of such net interest to pay dissolution

expenses) and (iii) as promptly as possible following such redemption, dissolve and liquidate the balance of the Company's net assets to its creditors and remaining stockholders, as part of its plan of dissolution and liquidation. The Founder, Brad Weightman, the Company's Treasurer and Chief Financial Officer, and Interest Solutions, LLC, a Connecticut limited liability company and an affiliate of ICR, LLC, an investor relations firm providing services to the Company ("ICR") (the "Insiders" as it relates to Mr. Weightman and ICR) entered into letter agreements with the Company, pursuant to which they waived their rights to participate in any redemption with respect to their founder shares, insider shares and private shares, and the Founder waived its redemption right with respect to any Public Shares purchased during or after the Offering. However, if the Founder, the Underwriters or the Insiders or any of the Company's officers, directors or affiliates acquire units or shares of common stock, previously included in the Public Units, in or after the Offering, they will be entitled to a pro rata share of the Trust Account upon the Company's liquidation (and in case of the Underwriters and Insiders, upon the Company's redemption) in the event the Company does not complete a Business Combination within the required time period.

In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than the Offering price per Public Unit in the Offering.

Going Concern Consideration

As of September 30, 2023, the Company had \$121,854 in cash and a working capital deficit of \$8,801,584. All remaining cash held in the Trust Account is generally unavailable for the Company's use, prior to an initial Business Combination, and is restricted for use either in a Business Combination or to redeem its shares of common stock. Further, the Company has no present revenue, its business plan is dependent on the completion of a Business Combination and it expects to continue to incur significant costs in pursuit of its Business Combination plans.

In connection with the Company's assessment of going concern considerations, management has determined that the liquidity condition and the potential mandatory liquidation and subsequent dissolution, should the Company be unable to complete a Business Combination by the liquidation date up to December 31, 2023, raises substantial doubt about the Company's ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after December 31, 2023.

If the proceeds not held in the Trust Account become insufficient to allow the Company to operate up to December 31, 2023 if nine-month extensions are exercised prior to the consummation of a Business Combination, assuming that a Business Combination is not consummated during that time, the Company intends to manage its cash flow through the timing and payment of expenses or, if necessary, raising additional funds from the Sponsor to ensure the proceeds not held in the Trust Account will be sufficient to allow it to operate for the remaining available extension period. In the event that additional financing is required from outside sources, the Company may not be able to raise it on terms acceptable to the Company or at all. Over this time period, the Company intends to use these funds primarily for consummating the Business Combination.

2. BUSINESS COMBINATION AND RELATED AGREEMENT

On December 8, 2022, the Company and QTI Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of the Company ("Merger Sub"), entered into a Business Combination Agreement (as amended by the First Amendment to Business Combination Agreement dated May 3, 2023 and the Second Amendment to Business Combination Agreement dated September 21, 2023, collectively, the "Business Combination Agreement") with QT Imaging, Inc., a Delaware corporation ("QT Imaging"), pursuant to which, and subject to the approval of the stockholders of the Company, Merger Sub will merge with and into QT Imaging, with QT Imaging surviving the merger as a wholly owned subsidiary of the Company (the "Merger"). Following the closing of the Merger (the "Closing"), the Company, which will be renamed "QT Imaging Holdings, Inc.," will be referred to as the "Combined Company."

Subject to the terms of the Business Combination Agreement, at the effective time of the Merger (the "Effective Time"), each issued and outstanding share of the common stock of QT Imaging, par value \$0.001 per share (the "QT Imaging Common Stock") (excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury and dissenting shares) will be automatically cancelled and converted into (A) the right to receive a number of shares of common stock, par value \$0.0001 per share, of the Company (the "GigCapital5 Common Stock") calculated based on the Exchange Ratio (as defined below) and (B) the contingent right to receive a portion of additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if certain requirements are achieved in accordance with the terms of the Business Combination Agreement, if, as and when payable. The "Exchange Ratio" means the quotient of (a) the Aggregate Closing Merger Consideration (as defined in the Business Combination Agreement) divided by (b) the QT Imaging Fully Diluted Capital Stock (as defined in the Business Combination Agreement). In addition, at the Effective Time, certain warrants of QT Imaging to purchase QT Imaging Common Stock will be converted into a warrant to acquire a number of shares of GigCapital5 Common Stock at an adjusted exercise price per share.

The shares of the Company common stock are currently listed on the Nasdaq Global Market ("Nasdaq") under the symbol "GIA," and from now until the Effective Time, the Public Units and the warrants trade at the OTC Markets Group Inc. under the symbols "GIAFU" and "GIAFW," respectively. The Company intends to apply for listing of the common stock of the Combined Company and the warrants of the Combined Company on the Nasdaq under the symbols "QTT" and "QTT.WS," respectively, at the Effective Time.

In connection with the execution of the Business Combination Agreement, the Company may enter into agreements with investors (the "PIPE Investors") for the subscription for GigCapital5 Common Stock, convertible promissory notes or other securities or any combination of such securities to be subscribed for pursuant to the terms of one or more subscription agreements (all such subscription agreements, collectively (the "PIPE Subscription Agreements") on terms and conditions mutually agreeable to the Company and QT Imaging (such agreement not to be unreasonably withheld, conditioned or delayed), provided that, unless otherwise agreed to, the aggregate gross proceeds under the PIPE Subscription Agreements will not exceed \$26,000,000 (the "PIPE Investment Amount").

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited condensed financial statements of the Company have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the rules and regulations of the SEC and reflect all adjustments, consisting only of normal recurring adjustments, which are, in the opinion of management, necessary for a fair presentation of the accompanying condensed financial statements. Certain information and disclosures normally included in financial statements prepared in accordance with GAAP have been omitted pursuant to such rules and regulations.

The accompanying unaudited condensed financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Annual Report on Form 10-K for the year ended December 31, 2022, which was filed with the SEC on March 31, 2023. The condensed balance sheet as of December 31, 2022, has been derived from the audited financial statements but does not include all disclosures required by GAAP. The results of operations for the three and nine months ended September 30, 2023 are not necessarily indicative of the results for the year ending December 31, 2023 or any future interim period.

Emerging Growth Company

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a

Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when an accounting standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised accounting standard at the time private companies adopt the new or revised standard.

Net Income (Loss) Per Share of Common Stock

The Company's condensed statements of operations and comprehensive loss include a presentation of income per share for common stock subject to possible redemption in a manner similar to the two-class method of income (loss) per share. Net income per share, basic and diluted, for common stock subject to possible redemption is calculated by dividing the proportionate share of income or loss on marketable securities held in the Trust Account, net of tax, by the weighted average number of common stock subject to possible redemption outstanding.

Net loss per share, basic and diluted, for non-redeemable common stock is calculated by dividing the net loss, adjusted for income or loss on marketable securities attributable to common stock subject to possible redemption, net of tax, by the weighted average number of non-redeemable common stock outstanding for the period, basic and diluted.

When calculating its diluted net loss per share, the Company has not considered the effect of (i) the incremental number of shares of common stock to settle warrants sold in the Offering and Private Placement, as calculated using the treasury stock method, (ii) the shares issued to Mr. Weightman subject to forfeiture representing 5,000 shares of common stock underlying a restricted stock award for the period it was outstanding and (iii) the potential shares issued to the Sponsor if the Working Capital Note is converted. Since the Company was in a net loss position during the period after deducting net income attributable to common stock subject to redemption, diluted net loss per common share is the same as basic net loss per common share for the period presented as the inclusion of all potential common shares outstanding would have been anti-dilutive.

Reconciliation of Net Income (Loss) Per Common Share

In accordance with the two-class method, the Company's net loss is adjusted for net income that is attributable to common stock subject to redemption, net of tax, as these shares only participate in the income of the Trust Account and not the losses of the Company. Accordingly, net loss per common share, basic and diluted, is calculated as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
Common stock subject to possible redemption				
Numerator: Earnings allocable to common stock subject to redemption

Cash and Cash Equivalents

The Company considers all short-term investments with a maturity of three months or less when purchased to be cash equivalents. The Company maintains cash balances that at times may be uninsured or in deposit accounts that exceed Federal Deposit Insurance Corporation limits. The Company maintains its cash deposits with major financial institutions. There were no cash equivalents as of September 30, 2023 and December 31, 2022.

Cash and Marketable Securities Held in Trust Account

As of September 30, 2023 and December 31, 2022, the assets held in the Trust Account consisted of money market funds investing in U.S. Treasury Bills and cash.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of a cash account in a financial institution, which at times, may exceed federally insured limits. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Convertible Promissory Note—Related Party

The Company accounts for its Working Capital Note under Accounting Standards Codification (“ASC”) 815, Derivatives and Hedging (“ASC 815”). Under ASC 815-15-25, an election can be made at the inception of a financial instrument to account for the instrument under the fair value option under ASC 825, Financial Instruments. The Company has made such election for its Working Capital Note. Using the fair value option, the Working Capital Note is required to be recorded at its initial fair value on the date of issuance, each drawdown date, and each balance sheet date thereafter. Differences between the face value of the Working Capital Note and fair value at each drawdown date are recognized as either an expense in the condensed statements of operations and comprehensive loss (if issued at a premium) or as a capital contribution (if issued at a discount). Changes in the estimated fair value of the Working Capital Note are recognized as non-cash gains or losses in the condensed statements of operations and comprehensive loss. The Extension Note is not included in the calculation as it does not have a conversion feature.

Financial Instruments

The fair value of the Company’s assets and liabilities approximates the carrying amounts represented in the condensed balance sheets primarily due to their short-term nature.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Offering Costs

Offering costs in the amount of \$13,193,740 consist of legal, accounting, underwriting fees and other costs incurred that are directly related to the Offering. Offering costs were charged to stockholders’ deficit and recorded in additional paid-in capital as a reduction to the gross proceeds received upon completion of the Offering.

Common Stock Subject to Possible Redemption

Common stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) is classified as temporary equity. At all other times, common stock is classified as stockholders' equity. The Company's common stock features certain redemption rights that are considered to be outside of the Company's control and subject to occurrence of uncertain future events. Accordingly, as of September 30, 2023 and December 31, 2022, common stock subject to possible redemption is presented as temporary equity, outside of the stockholders' deficit section of the Company's condensed balance sheets. As of September 30, 2023 and December 31, 2022, 2,114,978 and 4,014,050 shares of common stock were issued and outstanding that are subject to possible redemption, respectively.

Stock-based Compensation

Stock-based compensation related to restricted stock awards is based on the fair value of common stock on the grant date. The shares underlying the Company's restricted stock award to Mr. Weightman are subject to forfeiture if he resigns or is terminated for cause prior to the completion of the Business Combination. Therefore, the related stock-based compensation will be recognized upon the completion of a Business Combination, unless the related shares are forfeited prior to a Business Combination occurring.

Income Taxes

The Company follows the asset and liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the condensed financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that is included in the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

The Company prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of September 30, 2023 and December 31, 2022. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties as of September 30, 2023 and December 31, 2022. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception.

Warrant Liability

The Company accounts for warrants for shares of the Company's common stock that are not indexed to its own stock as liabilities at fair value on the condensed balance sheets. The warrants are subject to remeasurement at each balance sheet date and any change in fair value is recognized as a component of other income (expense) on the condensed statements of operations and comprehensive loss. The Company will continue to adjust the liability for changes in fair value until the earlier of the exercise or expiration of the common stock warrants. At that time, the portion of the warrant liability related to the common stock warrants will be reclassified to additional paid-in capital.

Recent Accounting Pronouncements

The Company does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's condensed financial statements.

4. OFFERING

On September 28, 2021, the Company completed the closing of the Offering whereby the Company sold 23,000,000 Public Units at a price of \$10.00 per Public Unit. Each Public Unit consists of one Public Share and one Public Warrant. Each whole Public Warrant is exercisable for one share of common stock at a price of \$11.50 per full share. The exercise price of the Public Warrants may be adjusted in certain circumstances as discussed in Note 7. Under the terms of the warrant agreement (the "Warrant Agreement"), the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Company's initial Business Combination.

Each Public Warrant will become exercisable on the later of 30 days after the completion of the Company's initial Business Combination or 12 months from the closing of the Offering and will expire five years after the completion of the Company's initial Business Combination or earlier upon redemption or liquidation. However, if the Company does not complete a Business Combination on or prior to December 31, 2023, the Public Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of common stock to the holder upon exercise of the Public Warrants during the exercise period, there will be no net cash settlement of these Public Warrants and the Public Warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the Warrant Agreement. Once the Public Warrants become exercisable, the Company may redeem the outstanding Public Warrants in whole and not in part at a price of \$0.01 per Public Warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last sale price of the Company's shares of common stock equals or exceeds \$18.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the Public Warrant holders.

On November 1, 2021, the Company announced that the holders of the Company's Public Units may elect to separately trade the securities underlying such Public Units which commenced on November 4, 2021.

On April 6, 2023, the units, common stock and warrants of the Company were delisted from the New York Stock Exchange ("NYSE"). Following the redemptions that occurred in March 2023, the Company had fallen below the NYSE's continued listing standard requiring a listed acquisition company to maintain an average aggregate global market capitalization attributable to its publicly-held shares over a consecutive 30 trading day period of at least \$40,000,000.

On April 11, 2023, the Company announced that it is moving the listing of its common stock from the NYSE to the Nasdaq. GigCapital5 Common Stock commenced trading on Nasdaq on April 26, 2023 under the symbol "GIA." While the GigCapital5 Common Stock will be listed for trading on the Nasdaq, any underlying warrants that are separated will trade on the OTC Markets Group Inc. under the symbol "GIAFW." Any Public Units not separated will continue to trade on the OTC Markets Group Inc. under the symbol "GIAFU."

5. RELATED PARTY TRANSACTIONS

Founder Shares

During the period from January 19, 2021 (date of inception) to December 31, 2021, the Founder purchased 5,735,000 shares of common stock (the "Founder Shares"), after giving effect to the forfeiture on September 23, 2021 of 4,312,500 Founder Shares, for an aggregate purchase price of \$25,000, or \$0.0043592 per share. The Company also issued 5,000 shares of common stock, solely in consideration of future services, to Mr. Weightman, its Treasurer and Chief Financial Officer, pursuant to the Insider Shares Grant Agreements

dated September 23, 2021 between the Company and Mr. Weightman. The 5,000 shares granted to Mr. Weightman are subject to forfeiture and cancellation if he resigns or the services are terminated for cause prior to the completion of the Business Combination. The Founder Shares are identical to the common stock included in the Public Units sold in the Offering except that the Founder Shares are subject to certain transfer restrictions, as described in more detail below.

Private Placement

The Founder purchased from the Company an aggregate of 795,000 Private Placement Units at a price of \$10.00 per Private Placement Unit in a Private Placement that occurred simultaneously with the completion of the closing of the Offering. Each Private Placement Unit consists of one share of the Company's common stock and one warrant (a "Private Placement Warrant"). Each whole Private Placement Warrant will be exercisable for \$11.50 per share, and the exercise price of the Private Placement Warrants may be adjusted in certain circumstances as described in Note 7. Under the terms of the Warrant Agreement, the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Company's initial Business Combination.

Each Private Placement Warrant will become exercisable on the later of 30 days after the completion of the Company's initial Business Combination or 12 months from the closing of the Offering and will expire five years after the completion of the Company's initial Business Combination or earlier upon redemption or liquidation. However, if the Company does not complete a Business Combination on or prior to December 31, 2023 to complete the Business Combination (or such lesser period depending upon the number of one-month extensions which occur), the Private Placement Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of common stock to the holder upon exercise of the Private Placement Warrants during the exercise period, there will be no net cash settlement of these Private Placement Warrants and the Private Placement Warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the Warrant Agreement. Once the Private Placement Warrants become exercisable, the Company may redeem the outstanding Private Placement Warrants in whole and not in part at a price of \$0.01 per Private Placement Warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last sale price of the Company's shares of common stock equals or exceeds \$18.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the Private Placement Warrant holders.

The Company's Founder, Insiders and Underwriters have agreed not to transfer, assign or sell any of their respective Founder Shares, shares held by the Insiders, Private Placement Units, shares or other securities underlying such Private Placement Units that they may hold until the date that is (i) in the case of the Founder Shares or shares held by the Insiders, the earlier of (A) six months after the date of the consummation of the Company's initial Business Combination or (B) subsequent to the Company's initial Business Combination, (x) the date on which the last sale price of the Company's common stock equals or exceeds \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 90 days after the Company's initial Business Combination, or (y) the date on which the Company consummates a liquidation, merger, stock exchange or other similar transaction after the Company's initial Business Combination that results in all of the Company's stockholders having the right to exchange their shares of common stock for cash, securities or other property, and (ii) in the case of the Private Placement Units and shares or other securities underlying such Private Placement Units, until 30 days after the completion of the Company's initial Business Combination.

Unlike the Public Warrants included in the Public Units sold in the Offering, if held by the original holder or its permitted transferees, the Private Placement Warrants are not redeemable by the Company and, subject to certain limited exceptions, will be subject to transfer restrictions until one year following the consummation of a Business Combination. If the Private Placement Warrants are held by holders other than the initial holders or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by holders on the same basis as the Public Warrants.

If the Company does not complete a Business Combination, then a portion of the proceeds from the sale of the Private Placement Units will be part of the liquidating distribution to the public stockholders.

Administrative Services Agreement and Other Agreements

The Company agreed to pay \$30,000 a month for office space, administrative services and secretarial support to an affiliate of the Founder, GigManagement, LLC. Services commenced on September 24, 2021, the date the securities were first listed on the NYSE, and will terminate upon the earlier of the consummation by the Company of a Business Combination or the liquidation of the Company.

On September 23, 2021, the Company entered into a Strategic Services Agreement with Mr. Weightman, its Treasurer and Chief Financial Officer, who holds 5,000 Insider shares. Mr. Weightman is initially receiving \$2,500 per month for his services and such amount could increase to up to \$15,000 per month dependent upon the scope of services provided, as may be mutually agreed by the parties. The Company will pay Mr. Weightman for services rendered since September 23, 2021 and on a monthly basis thereafter for all services rendered after the consummation of the Offering.

Working Capital Loans

On September 26, 2022, the Company issued the Working Capital Note to the Sponsor for a principal amount of \$65,000. The Working Capital Note was subsequently amended and restated on October 26, 2022, November 28, 2022, December 27, 2022, and January 25, 2023 to add additional principal amounts of \$65,000 per month for each respective month, February 27, 2023 to add an additional principal amount of \$350,000, March 28, 2023 to add an additional principal amount of \$130,000, April 27, 2023 to add an additional principal amount of \$65,000, June 26, 2023 to add an additional principal amount of \$130,000, and July 25, 2023 to add an additional principal amount of \$65,000, for an aggregate principal amount outstanding as of September 30, 2023 under the Working Capital Note of \$1,065,000. The Working Capital Note was issued to provide the Company with additional working capital during the extension period. The Working Capital Note matures on the earlier of the date on which the Company consummates its initial Business Combination or the date the Company winds up and may be prepaid without penalty. Upon consummation of a Business Combination and any time prior to the payment of the Working Capital Note, the Sponsor, at its option, may convert all or a portion of the principal into units of the post-Business Combination entity at a conversion price of \$10.00 per unit. Each unit shall have the same terms and conditions as the Private Placement Units, which are discussed further above. An aggregate of 106,500 Private Placement Units of the Company would be issued if the entire principal balance of the Working Capital Note is converted. Each Private Placement Unit consists of one share of the Company's common stock, par value \$0.0001 per share, and one redeemable warrant. The warrants constituting a part of the Private Placement Units would be exercisable, subject to the terms and conditions of the warrant and during the exercise period as provided in the Warrant Agreement governing the warrants. The Company has relied upon Section 4(a)(2) of the Securities Act, in connection with the issuance and sale of the convertible promissory note, as it was issued to a sophisticated investor without a view to distribution and was not issued through any general solicitation or advertisement.

The Company has determined that the Working Capital Note contains only one embedded feature, which is the conversion option. The conversion option is an embedded derivative that would require bifurcation pursuant to ASC 815-15-25-1, so the instrument qualifies for the fair value option. The Company has elected to value the Working Capital Note under the fair value option at \$1,078,977 as of September 30, 2023. The change in the fair value of the Working Capital Note was an increase of \$13,039 and \$16,485 for the three months and nine months ended September 30, 2023, respectively, and was recorded in other income (expense), net on the condensed statements of operations and comprehensive loss.

Extension Notes

On September 26, 2022, the Company issued the Extension Note to the Sponsor for a principal amount of \$60,000. The Extension Note was subsequently amended and restated on October 26, 2022, November 28, 2022, December 27, 2022, January 25, 2023, February 27, 2023, March 28, 2023, April 27, 2023, May 25, 2023, June 26, 2023, July 25, 2023 and August 28, 2023 to add additional monthly funding installments at \$160,000 per month until February 27, 2023, and on March 28, 2023, April 27, 2023, May 25, 2023, June 26, 2023, July 25, 2023 and August 28, 2023 to add additional monthly funding installments at \$100,000 per month, for a collective principal amount outstanding as of September 30, 2023 under the Extension Note of \$1,560,000. The proceeds from the Extension Note were deposited into the Trust Account in accordance with the terms of the Company's Amended and Restated Certificate of Incorporation. The Extension Note matures on the earlier of the date on which the Company consummates its initial Business Combination or the date the Company winds up and may be prepaid without penalty. The Company imputed interest on the Extension Note using the equivalent average market discount rate for an unsecured loan (26.6% for the period from September 26, 2022 to December 31, 2022, 23.4% for the period from January 1, 2023 to March 31, 2023, 10.2% for the period from April 1, 2023 to June 30, 2023, and 9.2% for the period from July 1, 2023 to September 30, 2023), resulting in an aggregate debt discount of \$240,403 recorded as a reduction to the carrying principal amount of the Extension Note with a corresponding increase to additional paid-in capital. As of September 30, 2023, the outstanding principal on the Extension Note, net of the debt discount, was \$1,497,263 and the remaining unamortized debt discount was \$62,737. For the three and nine months ended September 30, 2023, interest expense related to the Extension Note was \$60,572 and \$159,752, respectively.

6. COMMITMENTS AND CONTINGENCIES

Registration Rights

On September 23, 2021, the Company entered into a registration rights agreement with its Founder and Insiders. These holders will be entitled to make up to two demands, excluding short form registration demands, that the Company register such securities for sale under the Securities Act. In addition, these holders will have "piggy-back" registration rights to include their securities in other registration statements filed by the Company. The Company will bear the expenses incurred in connection with the filing of any such registration statements. There will be no penalties associated with delays in registering the securities under the registration rights agreement.

Underwriters Agreement

The Company granted the Underwriters a 45-day option to purchase up to 3,000,000 additional Public Units to cover any over-allotments, at the Offering price less underwriting discounts and commissions. On September 28, 2021, the over-allotment was exercised in full by the Underwriters.

The Company paid an underwriting discount of \$0.20 per Public Unit to the Underwriters at the closing of the Offering. The underwriting discount was paid in cash. In addition, the Company has agreed to pay deferred underwriting commissions of \$0.40 per Public Unit, or \$9,200,000 in the aggregate, including the Underwriters' over-allotment option which was exercised in full. The deferred underwriting commission will become payable to the Underwriters from the amount held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement, including the performance of services described therein.

On March 20, 2023, one of the Underwriters, Wells Fargo, waived all of its portion of the deferred underwriting fees totaling \$6,440,000.

The Underwriters will use their commercially reasonable efforts to provide the Company with the following services: 1) originating and introducing the Company to potential targets for a Business Combination; 2) arranging

non-deal roadshows on behalf of the Company in connection with a proposed Business Combination; 3) assisting the Company in meeting its securities exchange listing requirements following the closing of the Offering; and 4) providing capital markets advice and liquidity to the Company following the closing of the Offering. If the Company uses its best efforts (and the Underwriters use commercially reasonable efforts) to obtain financing in private placements or privately negotiated transactions, but notwithstanding such efforts, the Company does not have sufficient cash necessary to consummate a Business Combination and pay the deferred underwriting commission, the Company and the Underwriters will cooperate in good faith to come to a mutually-satisfactory solution with respect to the payment of the deferred underwriting commission so as to ensure that the Company's obligation to pay the deferred underwriting commission shall not impede the closing of a Business Combination.

7. STOCKHOLDERS' DEFICIT

Common Stock

The authorized common stock of the Company includes up to 100,000,000 shares. Holders of the Company's common stock are entitled to one vote for each share of common stock. As of September 30, 2023 and December 31, 2022, there were 6,545,000 shares of common stock issued and outstanding and not subject to possible redemption. There were 2,114,978 and 4,014,050 shares of common stock subject to possible redemption issued and outstanding as of September 30, 2023 and December 31, 2022, respectively.

As of September 30, 2023, common stock reserved for future issuance was 23,901,500, which included warrants to purchase 23,795,000 shares of common stock and 106,500 potential shares of common stock to be issued if the Working Capital Note is converted in full.

Preferred Stock

The Company is authorized to issue 1,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors. As of September 30, 2023 and December 31, 2022, there were no shares of preferred stock issued and outstanding.

Warrants (Public Warrants and Private Placement Warrants)

Warrants will be exercisable at \$11.50 per share, and the exercise price and number of warrant shares issuable on exercise of the warrants may be adjusted in certain circumstances including in the event of a stock dividend, extraordinary dividend or recapitalization, reorganization, merger or consolidation of the Company. In addition, if (x) the Company issues additional shares of common stock or equity-linked securities for capital raising purposes in connection with the closing of its initial Business Combination at an issue price or effective issue price of less than \$9.20 per share of common stock (with such issue price or effective issue price to be determined in good faith by the Company's Board of Directors, and in the case of any such issuance to the Company's Founder or its affiliates, without taking into account any Founder Shares held by it prior to such issuance), (y) the aggregate gross proceeds from such issuances represent more than 65% of the total equity proceeds, and interest thereon, available for the funding of the Company's initial Business Combination on the date of the consummation of its initial Business Combination (net of redemptions), and (z) the volume weighted average trading price of the Company's common stock during the 20 trading-day period starting on the trading day prior to the day on which the Company consummates its initial Business Combination (such price, the "Market Value") is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the greater of (i) the Market Value or (ii) the price at which the Company issues the additional shares of common stock or equity-linked securities.

Each warrant will become exercisable on the later of 30 days after the completion of the Company's initial Business Combination or 12 months from the closing of the Offering and will expire five years after the completion of the Company's initial Business Combination or earlier upon redemption. However, if the

Company does not complete its initial Business Combination on or prior to December 31, 2023, the Private Placement Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of common stock to the holder upon exercise of the warrants during the exercise period, there will be no net cash settlement of these warrants and the warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the Warrant Agreement. Once the warrants become exercisable, the Company may redeem the outstanding warrants in whole and not in part at a price of \$0.01 per warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last sale price of the Company's shares of common stock equals or exceeds \$18.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the warrant holders.

Under the terms of the Warrant Agreement, the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Company's initial Business Combination, for the registration of the shares of common stock issuable upon exercise of the warrants included in the Public Units and Private Placement Units.

As of September 30, 2023 and December 31, 2022, there were 23,795,000 warrants outstanding.

Stock-based Compensation

Included in the outstanding shares of common stock are 15,000 Insider shares, of which 5,000 Insider shares were issued to Mr. Weightman, the Company's Treasurer and Chief Financial Officer, and 10,000 Insider shares were issued to ICR solely in consideration of future services pursuant to the Insider Shares Grant Agreements dated September 23, 2021, between the Company and each of the Insiders. The 5,000 Insider shares issued to Mr. Weightman are subject to forfeiture as described in Note 5 while the 10,000 Insider shares issued to ICR are not subject to forfeiture. The grant date fair value of the 10,000 shares was expensed upon issuance. If an initial Business Combination occurs and the 5,000 shares have not been previously forfeited, the fair value of the common stock on the date the shares vest will be recognized as stock-based compensation in the Company's statements of operations and comprehensive loss when the completion of a Business Combination becomes probable.

8. FAIR VALUE MEASUREMENTS

The fair value of the Company's financial assets and liabilities reflects management's estimate of amounts that the Company would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

- Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs which are supported by little or no market activity and which are significant to the fair value of the assets or liabilities.

[Table of Contents](#)

The following table presents information about the Company's assets and liabilities that are measured at fair value on a recurring basis as of September 30, 2023 and December 31, 2022, and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

Description:	Level	September 30, 2023	December 31, 2022
Assets:			
Cash and marketable securities held in Trust Account	1	\$ 22,870,730	\$ 41,561,656
Liabilities:

Note payable to related party at fair value	3	\$ 1,078,977	\$ 257,492

The marketable securities held in the Trust Account are considered trading securities as they are generally used with the objective of generating profits on short-term differences in price and therefore, the realized and unrealized gain and loss are recorded in the condensed statements of operations and comprehensive loss for the period presented.

Additionally, there was \$138,045 and \$133,211 of interest accrued, but not yet credited to the Trust Account, which was recorded in the condensed balance sheets in interest receivable on cash and marketable securities held in Trust Account as of September 30, 2023 and December 31, 2022, respectively.

The Company has determined that the Private Placement Warrants are subject to treatment as a liability, as the transfer of the warrants to anyone other than the purchasers or their permitted transferees would result in these warrants having substantially the same terms as the Public Warrants. The Public Warrants did not start trading separately until November 4, 2021, so the Company initially determined the fair value of each warrant using a Black-Scholes option-pricing model, which requires the use of significant unobservable market values. Accordingly, the Private Placement Warrants were initially classified as Level 3 financial instruments. After Public Warrants started trading separately, the Company determined that the fair value of each Private Placement Warrant approximates the fair value of a Public Warrant. Accordingly, the Private Placement Warrants are valued upon observable data and have been classified as Level 2 financial instruments.

The Working Capital Note was valued using a combination of Black-Scholes option pricing model and present value methods, which is considered to be a Level 3 fair value measurement. The estimated fair value of the Working Capital Note was based on the following ranges of significant inputs at issuance for advances under the Working Capital Note during the nine months ended September 30, 2023 and as of September 30, 2023 for all advances made under the Working Capital Note:

Assumptions	At Issuance	As of September 30, 2023
Expected Term	0.7 - 0.8	0.7
Volatility	65.0%	65.0%
Risk free rate	4.5% - 5.4%	5.5%
Discount rate	9.7 - 25.8%	9.2%
Probability of conversion	25.0 - 55.0%	25.0%

The following table presents information about the fair value of the Company's Working Capital Note for the three and nine months ended September 30, 2023 and 2022, respectively.

	Three Months Ended September 30,		Nine Months Ended September 30,

9. SUBSEQUENT EVENTS

On October 27, 2023, the Company further amended and restated the Working Capital Note (the “Tenth Restated Working Capital Note”) to reflect an additional principal amount of \$381,360 extended by the Sponsor to the Company for a collective principal amount under the Tenth Restated Working Capital Note of \$1,446,360. The Tenth Restated Working Capital Note was issued to provide the Company with additional working capital and will not be deposited into the Trust Account. The Company issued the Tenth Restated Working Capital Note in consideration for an additional loan from the Sponsor to fund the Company’s working capital requirements. The Tenth Restated Working Capital Note is convertible at the Sponsor’s election upon the consummation of the initial Business Combination. Upon such election, the convertible note will convert, at a price of \$10.00 per unit, into units identical to the private placement units issued in connection with the Company’s initial public offering. The Tenth Restated Working Capital Note bears no interest and is repayable in full upon the consummation of a business combination by the Company, except that the Tenth Restated Working Capital Note may be converted, at the sole election of our Sponsor, into units of the Company at the consummation of the Company’s initial Business Combination.

In furtherance of the Business Combination, on November 10, 2023, the Company and QT Imaging entered into a series of agreements, pursuant to which (i) QT Imaging raised a private secured convertible bridge financing in the aggregate amount of \$1,000,000 (“Bridge Loan”) from certain investors and collateralized by all assets of QT Imaging in which, if the notes are converted into shares of QT Imaging, those shares will convert in the aggregate into 500,000 shares of the Combined Company upon the completion of the Business Combination in accordance with the terms of the Business Combination Agreement, (ii) the Company entered into non-redemption agreements (each, a “Non-Redemption Agreement”) with certain of its stockholders that participated in the Bridge Loan (“Non-Redeeming Stockholders”) which are eligible to redeem their respective Public Shares at the upcoming annual meeting of stockholders of the Company called for the approval of the Business Combination, pursuant to which each stockholder has agreed not to redeem up to 400,000 Public Shares of the Combined Company at such meeting, and in the event of such non-redemption, will receive from the Company a payment equal on a per share basis to the redemption price less \$2.50, (iii) QT Imaging and the Company entered into subscription agreements (each, a “Subscription Agreement”) with the Non-Redeeming Stockholders for the purchase of shares of stock of QT Imaging in the aggregate amount of \$3,000,000 in exchange for that number of shares of QT Imaging which at the completion of the Business Combination will be converted into in the aggregate 1,200,000 shares of common stock of the Combined Company in accordance with the terms of the Business Combination Agreement, but which Subscription Agreements also provide that the number of shares subscribed for QT Imaging can be reduced to the extent that the Non-Redeeming Stockholder has not redeemed a Public Share pursuant to the terms of the Non-Redemption Agreements. Meteora Capital Partners, LP, has an economic interest in the sponsor of the Company, GigAcquisitions5, LLC. As consideration for its services, Meteora Capital Partners, LP will also receive that number of shares of common stock of QT Imaging, which at the completion of the Business Combination will be exchanged for 50,000 additional structuring shares of the Combined Company. In addition, the Company and QT Imaging have entered into the Third Amendment to Business Combination Agreement that amends certain definitions of the Business Combination Agreement and provided that the aggregate number of shares to be provided by the Company as merger consideration to securities holders of QT Imaging will be reduced by the same amount that the Subscription Agreements with the Non-Redeeming Stockholders has not redeemed Public Shares pursuant to the terms of the Non-Redemption Agreements.

FINANCIAL STATEMENTS

For the year ended December 31, 2022 and the period from January 19, 2021 (inception) to December 31, 2021

Report of Independent Registered Public Accounting Firm

To the Board of Directors and
Stockholders of GigCapital5, Inc.

Opinion on the Financial Statements

We have audited the accompanying balance sheets of GigCapital5, Inc. (a Delaware corporation) (the "Company") as of December 31, 2022 and 2021, and the related statements of operations and comprehensive loss, stockholders' deficit, and cash flows for the year ended December 31, 2022 and the period from January 19, 2021 (date of inception) through December 31, 2021, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for the year ended December 31, 2022 and the period from January 19, 2021 (date of inception) through December 31, 2021, in conformity with accounting principles generally accepted in the United States of America.

Going Concern Uncertainty

The accompanying financial statements have been prepared assuming that GigCapital5, Inc. will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has no present revenue, its business plan is dependent on the completion of a business combination and the Company's cash and working capital as of December 31, 2022 are not sufficient to complete its planned activities for the upcoming year. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans regarding these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

GigCapital5, Inc.

Notes to Financial Statements

1. DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Organization and General

GigCapital5, Inc. (the "Company") was incorporated in Delaware on January 19, 2021. The Company was formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses (the "Business Combination"). The Company is an "emerging growth company," as defined in Section 2(a) of the Securities Act of 1933, as amended (the "Securities Act"), as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act").

As of December 31, 2022, the Company had not commenced any operations. All activity for the period from January 19, 2021 (date of inception) through December 31, 2022 relates to the Company's formation and the initial public offering (the "Offering"), as described in Note 4, and identifying a target Business Combination, as described below. The Company will not generate any operating revenues until after completion of its initial Business Combination, at the earliest. The Company generates non-operating income in the form of interest income on cash and cash equivalents from the proceeds derived from the Offering. The Company has selected December 31 as its fiscal year end.

On September 23, 2021, the registration statement on Form S-1 (File No. 333-254038), as amended, relating to the Offering of the Company was declared effective by the U.S. Securities and Exchange Commission. The Company entered into an underwriting agreement with Wells Fargo Securities, LLC ("Wells Fargo") and William Blair & Company, L.L.C. (collectively, the "Underwriters") on September 23, 2021 to conduct the Offering of 20,000,000 units (the "Public Units") in the amount of \$200.0 million in gross proceeds, with a 45-day option provided to the Underwriters to purchase up to 3,000,000 additional Public Units solely to cover over-allotments, if any, in the amount of up to \$30.0 million in additional gross proceeds. Each Public Unit consists of one share of the Company's common stock (a "Public Share"), \$0.0001 par value, and one redeemable warrant (a "Public Warrant"). Each Public Warrant is exercisable for one share of common stock at a price of \$11.50 per full share.

On September 28, 2021, the Company consummated the Offering of 23,000,000 Public Units, including the issuance of 3,000,000 Public Units as a result of the Underwriters exercise in full of their over-allotment option. The Public Units were sold at a price of \$10.00 per Public Unit, generating gross proceeds to the Company of \$230,000,000.

Simultaneously with the closing of the Offering, the Company consummated the closing of a private placement sale (the "Private Placement") to the Company's sponsor GigAcquisitions5, LLC, a Delaware limited liability company (the "Founder" or "Sponsor"), of 795,000 units (the "Private Placement Units"), at a price of \$10.00 per Private Placement Unit. The Private Placement generated aggregate gross proceeds of \$7,950,000.

Following the closing of the Offering, net proceeds in the amount of \$225,400,000 from the sale of the Units and proceeds in the amount of \$6,900,000 from the sale of Private Placement Units, for a total of \$232,300,000, were placed in a trust account (the "Trust Account"), which is described further below.

Transaction costs amounted to \$13,193,740, consisting of \$4,600,000 of underwriting fees, \$9,200,000 of deferred underwriting fees for the Underwriters, and \$843,740 of offering costs, of which \$25,000 remains in accounts payable as of December 31, 2022, partially offset by the reimbursement of \$1,450,000 of offering expenses by the Underwriters. On March 20, 2023, one of the Underwriters, Wells Fargo, waived all of their portion of the deferred underwriting fees totaling \$6,440,000. The Company's remaining cash after payment of the offering costs will be held outside of the Trust Account for working capital purposes.

Extensions

The Company's initial public offering prospectus and Amended and Restated Certificate of Incorporation provided that the Company initially had until September 28, 2022 (the date which was 12 months after the consummation of the Offering) to complete the Business Combination. On September 23, 2022, the Company held a special meeting of its stockholders and the Company's stockholders approved an amendment to the Company's Amended and Restated Certificate of Incorporation that extends the date by which the Company must consummate a Business Combination transaction from September 28, 2022 up to March 28, 2023 in one-month extensions (the "Extension"). The Company's stockholders elected to redeem 18,985,950 shares of the Company's common stock, par value \$0.0001 per share. Following such redemptions, \$192,138,312 was withdrawn from the Trust Account on September 27, 2022.

On September 26, 2022, the Company issued an unsecured, non-interest-bearing, non-convertible promissory note (the "Extension Note") to the Sponsor for a principal amount of \$160,000. The proceeds from the Extension Note were deposited into the Trust Account in accordance with the terms of the Company's Amended and Restated Certificate of Incorporation. The Extension Note matures on the earlier of the date on which the Company consummates its initial Business Combination or the date the Company winds up and may be prepaid without penalty. The Extension Note was subsequently amended and restated three more times on October 26, 2022, November 28, 2022, and December 27, 2022, respectively, for a collective principal amount of \$640,000. The Sponsor deposited such funds into the Company's Trust Account with Continental Stock Transfer & Trust Company. The Extension Note is expected to be paid back upon the completion of the Business Combination.

Working Capital Loans

On September 26, 2022, the Company issued a convertible, non-interest bearing, unsecured promissory note (the "Working Capital Note") to the Sponsor for a principal amount of \$65,000. The Working Capital Note was subsequently amended and restated three more times on October 26, 2022, November 28, 2022, and December 27, 2022, respectively, for a collective principal amount of \$260,000. The Working Capital Note was issued to provide the Company with additional working capital during the extension and was not deposited into the Trust Account. The Working Capital Note is convertible at the Sponsor's election upon the consummation of the initial Business Combination. Upon such election, the Working Capital Note will convert, at a price of \$10.00 per unit, into units identical to the Private Placement Units issued in connection with the Offering. Each Private Placement Unit consists of one share of the Company's common stock, par value \$0.0001 per share, and one redeemable warrant. The warrants constituting a part of the Private Placement Units would be exercisable, subject to the terms and conditions of the warrant and during the exercise period as provided in the warrant agreement governing the warrants. The Company has relied upon Section 4(a)(2) of the Securities Act, in connection with the issuance and sale of the convertible promissory note, as it was issued to a sophisticated investor without a view to distribution and was not issued through any general solicitation or advertisement.

The Trust Account

The funds in the Trust Account have been invested only in U.S. government treasury bills with a maturity of one hundred and eighty-five (185) days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940 which invest only in direct U.S. government obligations. Funds will remain in the Trust Account until the earlier of (i) the consummation of the Business Combination or (ii) the distribution of the Trust Account as described below. The remaining proceeds from the Offering outside the Trust Account may be used to pay for business, legal and accounting due diligence expenses on acquisition targets and continuing general and administrative expenses.

The Company's Amended and Restated Certificate of Incorporation provides that, other than the withdrawal of interest to pay taxes none of the funds held in the Trust Account will be released until the earlier of: (1) the

completion of the Business Combination; (2) the redemption of 100% of the outstanding Public Shares if the Company has not completed an initial Business Combination within 24 months from the closing of the Offering; or (3) the redemption of any Public Shares properly tendered in connection with a stockholder vote to amend the Amended and Restated Certificate of Incorporation (A) to modify the substance or timing of the Company's obligation to redeem 100% of the Company's Public Shares if the Company does not complete its initial Business Combination within the required time period or (B) with respect to any other provision relating to the Company's pre-business combination activity and related stockholders' rights.

Business Combination

The Company will have 24 months from September 28, 2021, the closing date of the Offering, to complete its initial Business Combination, provided that the extension payment for each one-month extension through March 28, 2023 equal to \$160,000 and the extension payment for each one-month extension from March 28, 2023 through September 28, 2023 equal to \$100,000 is deposited into the Trust Account on or prior to the date of the same applicable deadline. If the Company does not complete a Business Combination within this period of time, it shall (i) cease all operations except for the purposes of winding up; (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the Public Shares of common stock for a per share pro rata portion of the Trust Account, including interest, but less taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses) and (iii) as promptly as possible following such redemption, dissolve and liquidate the balance of the Company's net assets to its creditors and remaining stockholders, as part of its plan of dissolution and liquidation. The Founder, Brad Weightman, the Company's Treasurer and Chief Financial Officer, and Interest Solutions, LLC, a Connecticut limited liability company and an affiliate of ICR, LLC, an investor relations firm providing services to the Company ("ICR") (the "Insiders" as it relates to Mr. Weightman and ICR) entered into letter agreements with the Company, pursuant to which they waived their rights to participate in any redemption with respect to their founder shares, insider shares and private shares, and the Founder waived its redemption right with respect to any Public Shares purchased during or after the Offering. However, if the Founder, the Underwriters or the Insiders or any of the Company's officers, directors or affiliates acquire units or shares of common stock, previously included in the Public Units, in or after the Offering, they will be entitled to a pro rata share of the Trust Account upon the Company's liquidation (and in case of the Underwriters and Insiders, upon the Company's redemption) in the event the Company does not complete a Business Combination within the required time period.

In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than the Offering price per Public Unit in the Offering.

Going Concern Consideration

As of December 31, 2022, the Company had \$78,196 in cash and a working capital deficit of \$3,935,695. Further, the Company has no present revenue, its business plan is dependent on the completion of a Business Combination and it expects to continue to incur significant costs in pursuit of its Business Combination acquisition plans. These conditions raise substantial doubt about the Company's ability to continue as a going concern. There is no assurance that the Company's plans to consummate a Business Combination will be successful or successful within the target business acquisition period. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

2. BUSINESS COMBINATION AND RELATED AGREEMENT

On December 8, 2022, the Company and QTI Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of the Company ("Merger Sub"), entered into a Business Combination Agreement (the "Business Combination Agreement") with QT Imaging, Inc., a Delaware corporation ("QT Imaging"), pursuant to which, and subject to the approval of the stockholders of the Company, Merger Sub will merge with and into QT

Imaging, with QT Imaging surviving the merger as a wholly owned subsidiary of the Company (the “Merger” and, together with the other transactions contemplated by the Business Combination Agreement and any other agreement executed and delivered in connection therewith, the “Business Combination”). Following the closing of the Merger (the “Closing”), the Company, which will be renamed “QT Imaging Holdings, Inc.,” will be referred to as the “Combined Company.”

Subject to the terms of the Business Combination Agreement, at the effective time of the Merger (the “Effective Time”), each issued and outstanding share of the common stock of QT Imaging, par value \$0.001 per share (the “QT Imaging Common Stock”) (excluding each share of QT Imaging Common Stock held in the treasury of QT Imaging which will be cancelled without any conversion of such shares of QT Imaging Common Stock held in the treasury and dissenting shares) will be automatically cancelled and converted into (A) the right to receive a number of shares of common stock, par value \$0.0001 per share, of the Company (the “GigCapital5 Common Stock”) calculated based on the Exchange Ratio (as defined below) and (B) the contingent right to receive a portion of additional shares of GigCapital5 Common Stock based on the performance of the Combined Company if certain requirements are achieved in accordance with the terms of the Business Combination Agreement, if, as and when payable. The “Exchange Ratio” means the quotient of (a) the Aggregate Closing Merger Consideration (as defined in the Business Combination Agreement) divided by (b) the QT Imaging Fully Diluted Capital Stock (as defined in the Business Combination Agreement). In addition, at the Effective Time, certain warrants of QT Imaging to purchase QT Imaging Common Stock will be converted into a warrant to acquire a number of shares of GigCapital5 Common Stock at an adjusted exercise price per share.

The Public Units, shares of common stock and warrants of the Company, are currently listed on the New York Stock Exchange (the “NYSE”) under the symbols “GIA.U,” “GIA” and “GIA.WS,” respectively. We intend to apply for listing of the common stock of the Combined Company and the warrants of the Combined Company on the NYSE under the symbols “QTI” and “QTI.WS,” respectively, at the Effective Time.

In connection with the execution of the Business Combination Agreement, the Company may enter into agreements with investors (the “PIPE Investors”) for the subscription for GigCapital5 Common Stock, convertible promissory notes or other securities or any combination of such securities to be subscribed for pursuant to the terms of one or more subscription agreements (all such subscription agreements, collectively (the “PIPE Subscription Agreements”) on terms and conditions mutually agreeable to the Company and QT Imaging (such agreement not to be unreasonably withheld, conditioned or delayed), provided that, unless otherwise agreed to, the aggregate gross proceeds under the PIPE Subscription Agreements will not exceed \$26,000,000 (the “PIPE Investment Amount”).

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Emerging Growth Company

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when an accounting standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised accounting standard at the time private companies adopt the new or revised standard.

Net Loss Per Share of Common Stock

The Company's statements of operations and comprehensive loss include a presentation of income per share for common stock subject to possible redemption in a manner similar to the two-class method of income (loss) per share. Net income per share, basic and diluted, for common stock subject to possible redemption is calculated by dividing the proportionate share of income or loss on marketable securities held in the Trust Account by the weighted-average number of common stock subject to possible redemption outstanding since original issuance.

Net loss per share, basic and diluted, for non-redeemable common stock is calculated by dividing the net loss, adjusted for income or loss on marketable securities attributable to common stock subject to possible redemption, by the weighted-average number of non-redeemable common stock outstanding for the period, basic and diluted. When calculating its diluted net loss per share, the Company has not considered the effect of (i) the incremental number of shares of common stock to settle warrants sold in the Offering and Private Placement, as calculated using the treasury stock method and (ii) the shares issued to Mr. Weightman subject to forfeiture representing 5,000 shares of common stock underlying a restricted stock award for the period it was outstanding. Since the Company was in a net loss position during the period after deducting net income attributable to common stock subject to redemption, diluted net loss per common share is the same as basic net loss per common share for the periods presented as the inclusion of all potential common shares outstanding would have been anti-dilutive.

Reconciliation of Net Loss Per Common Share

In accordance with the two-class method, the Company's net loss is adjusted for net income that is attributable to common stock subject to redemption, as these shares only participate in the income of the Trust Account and not the losses of the Company. Accordingly, net loss per common share, basic and diluted, is calculated as follows:

	Year Ended December 31, 2022	Period from January 19, 2021 (Inception) through December 31, 2021
Common stock subject to possible redemption		
Numerator: Earnings allocable to common stock subject to redemption		
Interest earned on marketable securities held in Trust Account, net of taxes	\$ 1,143,783	\$ 4,195
Net income attributable to common stock subject to possible redemptions	<u>\$ 1,143,783</u>	<u>\$ 4,195</u>
Denominator: Weighted-average common shares subject to redemption		
Basic and diluted weighted-average shares outstanding, common stock subject to possible redemption	17,954,419	6,296,830
Basic and diluted net income per share, common stock subject to possible redemption	<u>\$ 0.06</u>	<u>\$ 0.00</u>
Non-Redeemable common stock		
Numerator: Net loss minus net earnings—Basic and diluted		
Net loss	\$ (2,774,307)	\$ (1,107,730)
Less: net income attributable to common stock subject to redemption	<u>(1,143,783)</u>	<u>(4,195)</u>
Net loss attributable to non-redeemable common stock	<u>\$ (3,918,090)</u>	<u>\$ (1,111,925)</u>
Denominator: Weighted-average non-redeemable common shares		
Weighted-average non-redeemable common shares outstanding, basic and diluted	<u>6,540,000</u>	<u>8,185,533</u>
Net loss per share, non-redeemable common stock, basic and diluted	<u>\$ (0.60)</u>	<u>\$ (0.14)</u>

Cash and Cash Equivalents

The Company considers all short-term investments with a maturity of three months or less when purchased to be cash equivalents. The Company maintains cash balances that at times may be uninsured or in deposit accounts that exceed Federal Deposit Insurance Corporation limits. The Company maintains its cash deposits with major financial institutions. There were no cash equivalents as of December 31, 2022 and 2021.

Cash and Marketable Securities Held in Trust Account

As of December 31, 2022 and 2021, the assets held in the Trust Account consisted of money market funds investing in U.S. Treasury Bills and cash.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of a cash account in a financial institution, which at times, may exceed federally insured limits. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Convertible Promissory Note — Related Party

The Company accounts for its Working Capital Note under Accounting Standards Codification (“ASC”) 815, Derivatives and Hedging (“ASC 815”). Under ASC 815-15-25, an election can be made at the inception of a financial instrument to account for the instrument under the fair value option under ASC 825, Financial Instruments. The Company has made such election for its Working Capital Note. Using the fair value option, the Working Capital Note is required to be recorded at its initial fair value on the date of issuance, each drawdown date, and each balance sheet date thereafter. Differences between the face value of the Working Capital Note and fair value at each drawdown date are recognized as either an expense in the statements of operations and comprehensive loss (if issued at a premium) or as a capital contribution (if issued at a discount). Changes in the estimated fair value of the Working Capital Note are recognized as non-cash gains or losses in the statements of operations and comprehensive loss. The Extension Note is not included in the calculation as it does not have a conversion feature.

Financial Instruments

The fair value of the Company’s assets and liabilities approximates the carrying amounts represented in the balance sheet primarily due to their short-term nature.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Offering Costs

Offering costs in the amount of \$13,193,740 consist of legal, accounting, underwriting fees and other costs incurred through the balance sheet date that are directly related to the Offering. Offering costs were charged to stockholders’ deficit and recorded in additional paid-in capital as a reduction to the gross proceeds received upon completion of the Offering.

Common Stock Subject to Possible Redemption

Common stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) is classified as temporary equity. At all other times, common stock is classified as stockholders' equity. The Company's common stock features certain redemption rights that are considered to be outside of the Company's control and subject to occurrence of uncertain future events. Accordingly, as of December 31, 2022 and 2021, common stock subject to possible redemption is presented as temporary equity, outside of the stockholders' deficit section of the Company's balance sheets. As of December 31, 2022 and 2021, 4,014,050 and 23,000,000 shares of common stock, respectively, were issued and outstanding and subject to possible redemption.

Stock-based Compensation

Stock-based compensation related to restricted stock awards is based on the fair value of common stock on the grant date. The shares underlying the Company's restricted stock award to Mr. Weightman is subject to forfeiture if he resigns or is terminated for cause prior to the completion of the Business Combination. Therefore, the related stock-based compensation will be recognized upon the completion of a Business Combination, unless the related shares are forfeited prior to a Business Combination occurring.

Income Taxes

The Company follows the asset and liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

The Company prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of December 31, 2022 and 2021. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties as of December 31, 2022 and 2021. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception.

Warrant Liability

The Company accounts for warrants for shares of the Company's common stock that are not indexed to its own stock as liabilities at fair value on the balance sheets. The warrants are subject to remeasurement at each balance sheet date and any change in fair value is recognized as a component of other expense on the statements of operations and comprehensive loss. The Company will continue to adjust the liability for changes in fair value until the earlier of the exercise or expiration of the common stock warrants. At that time, the portion of the warrant liability related to the common stock warrants will be reclassified to additional paid-in capital.

Reclassifications

Certain reclassifications have been made to the 2021 financial statements to conform to the 2022 presentation. The reclassifications had no impact on net loss, total assets, total liabilities, or stockholders' deficit.

Recent Accounting Pronouncements

The Company does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

4. OFFERING

On September 28, 2021, the Company completed the closing of the Offering whereby the Company sold 23,000,000 Public Units at a price of \$10.00 per Public Unit. Each Public Unit consists of one Public Share and one Public Warrant. Each whole Public Warrant is exercisable for one share of common stock at a price of \$11.50 per full share. The exercise price of the Public Warrants may be adjusted in certain circumstances as discussed in Note 7. Under the terms of the warrant agreement (the "Warrant Agreement"), the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Company's Business Combination.

Each Public Warrant will become exercisable on the later of 30 days after the completion of the Company's Business Combination or 12 months from the closing of the Offering and will expire five years after the completion of the Company's Business Combination or earlier upon redemption or liquidation. However, if the Company does not complete a Business Combination on or prior to the 24-month period allotted to complete the Business Combination (or such lesser period depending upon the number of one-month extensions which occur), the Public Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of common stock to the holder upon exercise of the Public Warrants during the exercise period, there will be no net cash settlement of these Public Warrants and the Public Warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the Warrant Agreement. Once the Public Warrants become exercisable, the Company may redeem the outstanding Public Warrants in whole and not in part at a price of \$0.01 per Public Warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last sale price of the Company's shares of common stock equals or exceeds \$18.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the Public Warrant holders.

On November 1, 2021, the Company announced that the holders of the Company's Public Units may elect to separately trade the securities underlying such Public Units which commenced on November 4, 2021. Any Public Units not separated will continue to trade on the NYSE under the symbol "GIA.U." Any underlying shares of common stock and warrants that are separated will trade on the NYSE under the symbols "GIA", and "GIA.WS", respectively.

5. RELATED PARTY TRANSACTIONS

Founder Shares

During the period from January 19, 2021 (date of inception) to December 31, 2021, the Founder purchased 5,735,000 shares of common stock (the "Founder Shares"), after giving effect to the forfeiture on September 23, 2021 of 4,312,500 Founder Shares, for an aggregate purchase price of \$25,000, or \$0.0043592 per share. The Company also issued 5,000 shares of common stock, solely in consideration of future services, to Mr. Weightman, its Treasurer and Chief Financial Officer, pursuant to the Insider Shares Grant Agreements dated September 23, 2021 between the Company and Mr. Weightman. The 5,000 shares granted to Mr. Weightman are subject to forfeiture and cancellation if he resigns or the services are terminated for cause prior to the completion of the Business Combination. The Founder Shares are identical to the common stock included in the Public Units sold in the Offering except that the Founder Shares are subject to certain transfer restrictions, as described in more detail below.

Private Placement

The Founder purchased from the Company an aggregate of 795,000 Private Placement Units at a price of \$10.00 per Private Placement Unit in a Private Placement that occurred simultaneously with the completion of the closing of the Offering. Each Private Placement Unit consists of one share of the Company's common stock and one warrant (a "Private Placement Warrant"). Each whole Private Placement Warrant will be exercisable for \$11.50 per share, and the exercise price of the Private Placement Warrants may be adjusted in certain circumstances as described in Note 7. Under the terms of the Warrant Agreement, the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Company's Business Combination.

Each Private Placement Warrant will become exercisable on the later of 30 days after the completion of the Company's Business Combination or 12 months from the closing of the Offering and will expire five years after the completion of the Company's Business Combination or earlier upon redemption or liquidation. However, if the Company does not complete a Business Combination on or prior to the 24-month period allotted to complete the Business Combination (or such lesser period depending upon the number of one-month extensions which occur), the Private Placement Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of common stock to the holder upon exercise of the Private Placement Warrants during the exercise period, there will be no net cash settlement of these Private Placement Warrants and the Private Placement Warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the Warrant Agreement. Once the Private Placement Warrants become exercisable, the Company may redeem the outstanding Private Placement Warrants in whole and not in part at a price of \$0.01 per Private Placement Warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last sale price of the Company's shares of common stock equals or exceeds \$18.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the Private Placement Warrant holders.

The Company's Founder, Insiders and Underwriters have agreed not to transfer, assign or sell any of their respective Founder Shares, shares held by the Insiders, Private Placement Units, shares or other securities underlying such Private Placement Units that they may hold until the date that is (i) in the case of the Founder Shares or shares held by the Insiders, the earlier of (A) six months after the date of the consummation of the Company's initial Business Combination or (B) subsequent to the Company's initial Business Combination, (x) the date on which the last sale price of the Company's common stock equals or exceeds \$11.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 90 days after the Company's initial Business Combination or (y) the date on which the Company consummates a liquidation, merger, stock exchange or other similar transaction after the Company's Business Combination that results in all of the Company's stockholders having the right to exchange their shares of common stock for cash, securities or other property, and (ii) in the case of the Private Placement Units and shares or other securities underlying such Private Placement Units, until 30 days after the completion of the Company's Business Combination.

Unlike the Public Warrants included in the Public Units sold in the Offering, if held by the original holder or its permitted transferees, the Private Placement Warrants are not redeemable by the Company and, subject to certain limited exceptions, will be subject to transfer restrictions until one year following the consummation of the Business Combination. If the Private Placement Warrants are held by holders other than the initial holders or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by holders on the same basis as the Public Warrants.

If the Company does not complete a Business Combination, then a portion of the proceeds from the sale of the Private Placement Units will be part of the liquidating distribution to the public stockholders.

Administrative Services Agreement and Other Agreements

The Company agreed to pay \$30,000 a month for office space, administrative services and secretarial support to an affiliate of the Founder, GigManagement, LLC. Services commenced on September 24, 2021, the date the securities were first listed on the NYSE, and will terminate upon the earlier of the consummation by the Company of a Business Combination or the liquidation of the Company.

On September 23, 2021, the Company entered into a Strategic Services Agreement with Mr. Weightman, its Treasurer and Chief Financial Officer, who holds 5,000 Insider shares. Mr. Weightman is initially receiving \$2,500 per month for his services and such amount could increase to up to \$15,000 per month dependent upon the scope of services provided, as may be mutually agreed by the parties. The Company will pay Mr. Weightman for services rendered since September 23, 2021 and on a monthly basis thereafter for all services rendered after the consummation of the Offering.

Working Capital Loans

The Company entered into a promissory note agreement with the Founder under which \$125,000 was loaned to the Company for the payment of expenses related to the Offering. The promissory note was non-interest bearing, unsecured and was repaid in full on September 28, 2021.

In August 2021, the Company entered into a promissory note agreement with GigManagement, LLC, an affiliate of the Founder, under which \$8,465 was loaned to the Company as a general working capital loan. The promissory note was non-interest bearing, unsecured and was repaid on September 29, 2021.

On September 26, 2022, the Company issued the Working Capital Note to the Sponsor for a principal amount of \$65,000. The Working Capital Note was subsequently amended and restated on October 26, 2022, November 28, 2022, and December 27, 2022 to add additional monthly funding installments at \$65,000 per month for a collective principal amount outstanding as of December 31, 2022 under the Working Capital Note of \$260,000. The Working Capital Note was issued to provide the Company with additional working capital during the extension period. The Working Capital Note matures on the earlier of the date on which the Company consummates its initial Business Combination or the date the Company winds up and may be prepaid without penalty. Upon consummation of the Business Combination and any time prior to the payment of the Working Capital Note, the Sponsor, at its option, may convert all or a portion of the principal into units of the post-Business Combination entity at a conversion price of \$10.00 per unit. Each unit shall have the same terms and conditions as the Private Placement Units, which are discussed further above. An aggregate of 26,000 Private Placement Units of the Company would be issued if the entire principal balance of the Working Capital Note is converted. Each Private Placement Unit consists of one share of the Company's common stock, par value \$0.0001 per share, and one redeemable warrant. The warrants constituting a part of the Private Placement Units would be exercisable, subject to the terms and conditions of the warrant and during the exercise period as provided in the warrant agreement governing the warrants. The Company has relied upon Section 4(a)(2) of the Securities Act, in connection with the issuance and sale of the convertible promissory note, as it was issued to a sophisticated investor without a view to distribution and was not issued through any general solicitation or advertisement.

The Company has determined that the Working Capital Note contains only one embedded feature, which is the conversion option. The conversion option is an embedded derivative that would require bifurcation pursuant to ASC 815-15-25-1, so the instrument qualifies for the fair value option. The Company has elected to value the Working Capital Note under the fair value option at \$257,492 as of December 31, 2022. The change in the fair value of the Working Capital Note was \$2,508 for the year ended December 31, 2022 and was recorded in other income (expense) on the statements of operations and comprehensive loss.

Extension Notes

On September 26, 2022, the Company issued the Extension Note to the Sponsor for a principal amount of \$160,000. The Extension Note was subsequently amended and restated on October 26, 2022, November 28, 2022, and December 27, 2022 to add additional monthly funding installments at \$160,000 per month for a collective principal amount outstanding as of December 31, 2022 under the Extension Note of \$640,000. The proceeds from the Extension Note were deposited into the Trust Account in accordance with the terms of the Company's Amended and Restated Certificate of Incorporation. The Extension Note matures on the earlier of the date on which the Company consummates its initial Business Combination or the date the Company winds up and may be prepaid without penalty. The Company imputed interest on the Extension Note using the equivalent average market discount rate for an unsecured loan (26.60%), resulting in a debt discount of \$54,034 that was recorded as a reduction to the carrying principal amount of the Extension Note with a corresponding increase to additional paid-in capital. As of December 31, 2022, the outstanding principal on the Extension Note, net of the debt discount, was \$603,880 and the remaining unamortized debt discount was \$36,120. During the year ended December 31, 2022, interest expense related to the Extension Note was \$17,914.

6. COMMITMENTS AND CONTINGENCIES

Registration Rights

On September 23, 2021, the Company entered into a registration rights agreement with its Founder and Insiders. These holders will be entitled to make up to two demands, excluding short form registration demands, that the Company register such securities for sale under the Securities Act. In addition, these holders will have "piggy-back" registration rights to include their securities in other registration statements filed by the Company. The Company will bear the expenses incurred in connection with the filing of any such registration statements. There will be no penalties associated with delays in registering the securities under the registration rights agreement.

Underwriters Agreement

The Company granted the underwriters a 45-day option to purchase up to 3,000,000 additional Public Units to cover any over-allotments, at the Offering price less underwriting discounts and commissions. On September 28, 2021, the over-allotment was exercised in full by the Underwriters.

The Company paid an underwriting discount of \$0.20 per Public Unit to the Underwriters at the closing of the Offering. The underwriting discount was paid in cash. In addition, the Company has agreed to pay deferred underwriting commissions of \$0.40 per Public Unit, or \$9,200,000 in the aggregate, including the Underwriters' over-allotment option which was exercised in full. The deferred underwriting commission will become payable to the Underwriters from the amount held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement, including the performance of services described therein.

On March 20, 2023, one of the Underwriters, Wells Fargo, waived all of their portion of the deferred underwriting fees totaling \$6,440,000.

The Underwriters will use their commercially reasonable efforts to provide the Company with the following services: 1) originating and introducing the Company to potential targets for a Business Combination; 2) arranging non-deal roadshows on behalf of the Company in connection with a proposed Business Combination; 3) assisting the Company in meeting its securities exchange listing requirements following the closing of the Offering; and 4) providing capital markets advice and liquidity to the Company following the closing of the Offering. If the Company uses its best efforts (and the Underwriters use commercially reasonable efforts) to obtain financing in private placements or privately negotiated transactions, but notwithstanding such efforts, the Company does not have sufficient cash necessary to consummate the Business Combination and pay the deferred underwriting commission, the Company and the Underwriters will cooperate in good faith to come to a mutually-

satisfactory solution with respect to the payment of the deferred underwriting commission so as to ensure that the Company's obligation to pay the deferred underwriting commission shall not impede the closing of the Business Combination.

7. STOCKHOLDERS' DEFICIT

Common Stock

The authorized common stock of the Company includes up to 100,000,000 shares. Holders of the Company's common stock are entitled to one vote for each share of common stock. As of December 31, 2022 and 2021, there were 6,545,000 shares of common stock issued and outstanding and not subject to possible redemption. There were 4,014,050 and 23,000,000 shares of common stock subject to possible redemption issued and outstanding as of December 31, 2022 and 2021, respectively.

As of December 31, 2022, common stock reserved for future issuance was 23,821,000, which included warrants to purchase 23,795,000 shares of common stock and 26,000 potential shares of common stock to be issued if the Working Capital Note is converted in full.

Preferred Stock

The Company is authorized to issue 1,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors. As of December 31, 2022 and 2021, there were no shares of preferred stock issued and outstanding.

Warrants (Public Warrants and Private Placement Warrants)

Warrants will be exercisable at \$11.50 per share, and the exercise price and number of warrant shares issuable on exercise of the warrants may be adjusted in certain circumstances including in the event of a stock dividend, extraordinary dividend or recapitalization, reorganization, merger or consolidation of the Company. In addition, if (x) the Company issues additional shares of common stock or equity-linked securities for capital raising purposes in connection with the closing of its initial Business Combination at an issue price or effective issue price of less than \$9.20 per share of common stock (with such issue price or effective issue price to be determined in good faith by the Company's Board of Directors, and in the case of any such issuance to the Company's Founder or its affiliates, without taking into account any Founder Shares held by it prior to such issuance), (y) the aggregate gross proceeds from such issuances represent more than 65% of the total equity proceeds, and interest thereon, available for the funding of the Company's initial Business Combination on the date of the consummation of its initial Business Combination (net of redemptions), and (z) the volume weighted average trading price of the Company's common stock during the 20 trading-day period starting on the trading day prior to the day on which the Company consummates its initial Business Combination (such price, the "Market Value") is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the greater of (i) the Market Value or (ii) the price at which the Company issues the additional shares of common stock or equity-linked securities.

Each warrant will become exercisable on the later of 30 days after the completion of the Company's initial Business Combination or 12 months from the closing of the Offering and will expire five years after the completion of the Company's initial Business Combination or earlier upon redemption. However, if the Company does not complete its initial Business Combination on or prior to the 24-month period allotted to complete the Business Combination, (or such lesser period depending upon the number of one-month extensions which occur), the Private Placement Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of common stock to the holder upon exercise of the warrants during the exercise period, there will be no net cash settlement of these warrants and the warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the Warrant Agreement. Once the warrants become exercisable, the Company may redeem the outstanding warrants in whole and not in part at a price of \$0.01 per warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last

sale price of the Company's shares of common stock equals or exceeds \$18.00 per share for any 20 trading days within the 60-trading day period ending on the third trading day before the Company sends the notice of redemption to the warrant holders.

Under the terms of the Warrant Agreement, the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Company's initial Business Combination, for the registration of the shares of common stock issuable upon exercise of the warrants included in the Public Units and Private Placement Units.

As of December 31, 2022 and 2021, there were 23,795,000 warrants outstanding.

Stock-based Compensation

Included in the outstanding shares of common stock are 15,000 Insider shares, of which 5,000 Insider shares were issued to Mr. Weightman, the Company's Treasurer and Chief Financial Officer, and 10,000 Insider shares were issued to ICR solely in consideration of future services pursuant to the Insider Shares Grant Agreements dated September 23, 2021, between the Company and each of the Insiders. The 5,000 Insider shares issued to Mr. Weightman are subject to forfeiture as described in Note 5 while the 10,000 Insider shares issued to ICR are not subject to forfeiture. The grant date fair value of the 10,000 shares was expensed upon issuance. If an initial Business Combination occurs and the 5,000 shares have not been previously forfeited, the fair value of the common stock on the date the shares vest will be recognized as stock-based compensation in the Company's statements of operations and comprehensive loss when the completion of the Business Combination becomes probable.

8. FAIR VALUE MEASUREMENTS

The fair value of the Company's financial assets and liabilities reflects management's estimate of amounts that the Company would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

- Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs which are supported by little or no market activity and which are significant to the fair value of the assets or liabilities.

[Table of Contents](#)

The following table presents information about the Company's assets that are measured at fair value on a recurring basis as of December 31, 2022 and 2021, and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

Description:	Level	December 31, 2022	December 31, 2021
Assets:			
Cash and marketable securities held in Trust Account	1	\$ 41,561,656	\$ 232,304,005
Liabilities:			
Warrant liability	2	\$ 31,800	\$ 413,400
Note payable to related party at fair value	3	\$ 257,492	\$ —

The marketable securities held in the Trust Account are considered trading securities as they are generally used with the objective of generating profits on short-term differences in price and therefore, the realized and unrealized gain and loss are recorded in the statements of operations and comprehensive loss for the periods presented.

Additionally, there was \$133,211 and \$1,973 of interest accrued, but not yet credited to the Trust Account, which was recorded in the balance sheets in interest receivable on cash and marketable securities held in Trust Account as of December 31, 2022 and 2021, respectively.

The Company has determined that the Private Placement Warrants are subject to treatment as a liability, as the transfer of the warrants to anyone other than the purchasers or their permitted transferees would result in these warrants having substantially the same terms as the Public Warrants. The Public Warrants did not start trading separately until November 4, 2021, so the Company initially determined the fair value of each warrant using a Black-Scholes option-pricing model, which requires the use of significant unobservable market values. Accordingly, the Private Placement Warrants were initially classified as Level 3 financial instruments. After the Public Warrants started trading separately, the Company determined that the fair value of each Private Placement Warrant approximates the fair value of a Public Warrant. Accordingly, the Private Placement Warrants are valued upon observable data and have been reclassified as Level 2 financial instruments.

The change in the fair value of the Level 3 warrant liability during the period from January 19, 2021 (date of inception) through November 4, 2021, was as follows:

	Period from January 19, 2021 (Inception) through November 4, 2021
Fair value—beginning of period	\$ —
Additions	382,773
Change in fair value	125,023
Transfers out of level 3 to level 2	(507,796)
Fair value—end of period	\$ —

[Table of Contents](#)

The Working Capital Note was valued using a combination of the Black-Scholes option pricing model and present value method, which is considered to be a Level 3 fair value measurement. The estimated fair value of the Working Capital Note was based on the following ranges of significant inputs:

Assumptions	At Issuance	As of December 31, 2022
Expected term	0.8 -1.0	0.9
Volatility	65.0%	65.0%
Risk free rate	4.0% - 4.7%	4.7%
Discount rate	24.8% - 29.6%	24.4% - 29.4%
Probability of conversion	65.0% - 75.0%	65.0%

The following table presents information about the change in fair value of the Company's Level 3 Working Capital Note during the year ended December 31, 2022:

	Year Ended December 31, 2022
Fair value - beginning of period	\$ —
Additions	260,000
Change in fair value	(2,508)
Fair value - end of period	<u>\$ 257,492</u>

9. INCOME TAX

The sources of loss before provision for income taxes are as follows for the year ended December 31, 2022 and the period from January 19, 2021 (inception) through December 31, 2021:

	Year Ended December 31, 2022	Period from January 19, 2021 (Inception) through December 31, 2021
Domestic	\$ (2,287,692)	\$ (1,105,947)
Foreign	—	—
Total	<u>\$ (2,287,692)</u>	<u>\$ (1,105,947)</u>

The provision for income taxes was comprised of the following for the year ended December 31, 2022 and the period from January 19, 2021 (inception) through December 31, 2021:

	Year Ended December 31, 2022	Period from January 19, 2021 (Inception) through December 31, 2021
Current:		
Federal	\$ 342,216	\$ 1,255
State and local	144,399	528
Foreign	—	—
Total current	<u>486,615</u>	<u>1,783</u>
Deferred:		
Federal	—	—
State and local	—	—
Foreign	—	—
Total deferred	<u>—</u>	<u>—</u>
Total provision for income taxes	<u>\$ 486,615</u>	<u>\$ 1,783</u>

Reconciliation of the federal statutory income tax rate to the effective income tax rate is as follows:

	Year Ended December 31, 2022	Period from January 19, 2021 (Inception) through December 31, 2021
Statutory income tax benefit	\$ (480,415)	\$ (232,249)
State income taxes, net of federal	(184,760)	(75,096)
Warrant and note payable revaluation	(75,812)	6,431
Valuation allowance on start-up costs	1,227,602	302,697
Provision for income taxes	<u>\$ 486,615</u>	<u>\$ 1,783</u>

For the year ended December 31, 2022 and the period from January 19, 2021 (inception) through December 31, 2021, the effective tax rate differs from the U.S. statutory rate primarily due to the valuation allowance on the start-up costs.

The tax effects of temporary differences that gave rise to significant portions of the deferred tax assets and liabilities as of December 31, 2022 and 2021 were as follows:

	December 31, 2022	December 31, 2021
Deferred Tax Assets:		
Start-up costs	\$ 1,530,299	\$ 302,697
Valuation allowance	(1,530,299)	(302,697)
Net deferred tax assets (liabilities)	<u>\$ —</u>	<u>\$ —</u>

As of December 31, 2022 and 2021, the Company has recorded a valuation allowance of \$1,530,299 and \$302,697, respectively, to offset deferred tax assets related to its start-up costs. The valuation allowance increased by \$1,227,602 for the year ended December 31, 2022. As of December 31, 2022 and 2021, the Company has no unrecognized tax benefits for which a liability should be recorded. The Company records interest and penalties associated with unrecognized tax benefits as a component of tax expense. As of December 31, 2022 and 2021, the Company has not accrued interest or penalties on unrecognized tax benefits, as there are no positions recorded as of 2022 or 2021. No changes to the uncertain tax positions balance are anticipated within the next 12 months, and are not expected to materially impact the financial statements.

10. SUBSEQUENT EVENTS

On January 25, 2023 and February 27, 2023, the Extension Note was amended to increase the principal amount to \$60,000 to cover the two additional month extensions. The fifth and sixth monthly installments of \$160,000 each were deposited in the Trust Account by the Sponsor. Additionally, the Working Capital Note was amended to increase the principal amount to \$805,000, reflecting a \$65,000 additional installment on January 25, 2023, an additional principal amount of \$350,000 extended by the Sponsor of the Company on February 27, 2023 and two additional installments of \$65,000 each in cash proceeds received from the Sponsor for working capital purposes on March 24, 2023 and March 27, 2023.

As set forth on the Form 8-K filed with the SEC dated December 12, 2022, the Company executed the Business Combination Agreement on December 8, 2022 with Merger Sub and QT Imaging. If the Business Combination Agreement is approved and adopted and the proposed Business Combination is subsequently completed, Merger Sub will merge with and

into QT Imaging with QT Imaging surviving the Merger as a wholly owned subsidiary of the Company. At the closing, the Company will be renamed as QT Imaging Holdings, Inc. There are no guarantees that the registration statement on Form S-4 will be declared effective by the SEC, and even if the registration statement on Form S-4 is declared effective by the SEC, the stockholders of the Company will have to vote for and approve the proposed Business Combination.

On February 23, 2023, the Company engaged IB Capital LLC as its financial advisor and marketing agent in connection with its proposed Business Combination for a total service charge of \$850,000. The contract was amended on March 15, 2023 to increase the total service charge to \$950,000. The first installment in the amount of \$350,000 was paid on February 27, 2023. The remaining balance in the amount of \$600,000 will be paid upon closing of the Business Combination from the flow of funds.

On March 14, 2023, the Company filed Schedule 14A with the SEC which announced that the 2023 special meeting of stockholders of the Company will be held on March 28, 2023. At the special meeting, the stockholders approved two proposals: (A) to amend the Company's Amended and Restated Certificate of Incorporation, giving the Company the right to extend the date by which it has to consummate a Business Combination up to six (6) times for an additional one (1) month each time, from March 28, 2023 to September 28, 2023 provided that GigAcquisitions5, LLC (or its designees) must deposit into the Trust Account for each one-month extension funds equal to \$100,000 (the "Charter Amendment Proposal"); (B) to amend the Company's investment management trust agreement, dated as of September 23, 2021, by and between the Company and Continental Stock Transfer & Trust Company, allowing the Company to extend the Combination Period up to six (6) times for an additional one (1) month each time from March 28, 2023 to September 28, 2023 by depositing into the Trust Account for each one-month extension, the sum of \$100,000 (the "Trust Amendment Proposal").

On March 20, 2023, one of the Company's Underwriters, Wells Fargo, issued an underwriting fee waiver letter to the Company which stated that Wells Fargo waived its entitlement to the payment of any deferred underwriting fees to be paid under the terms of the Underwriting Agreement in respect of any Business Combination involving the Company or its affiliates and QT Imaging or its affiliates. As a result of this waiver, the total deferred underwriting fee balance due to Wells Fargo in the amount of \$6,440,000 was waived as of March 20, 2023.

On March 28, 2023, at a special meeting of stockholders of the Company, the stockholders approved an amendment to the Company's Amended and Restated Certificate of Incorporation that extends the date by which the Company must consummate a Business Combination transaction from March 28, 2023 to September 28, 2023, provided that the sum of \$100,000 is deposited into the Trust Account for each one-month extension. On March 28, 2023, the Extension Note was further amended to increase the principal amount to \$1,060,000 to reflect the additional \$100,000 deposited into the Trust Account. Also in conjunction with the special meeting, the stockholders elected to redeem 995,049 shares of the Company's common stock. Following such redemptions, \$10,449,626 is being withdrawn from the Trust Account. As a result of this redemption, our Founder and management team beneficially own approximately 68.4% of our issued and outstanding common stock.

The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for interim financial information. In the opinion of management, the accompanying unaudited interim condensed consolidated financial statements reflect all adjustments, consisting of normal recurring adjustments, considered necessary for a fair presentation of such interim results. The results of the unaudited interim condensed consolidated statements of operations and comprehensive loss are not necessarily indicative of results to be expected for the year ending December 31, 2023 or for any future interim period. The unaudited interim condensed consolidated financial statements do not include all of the disclosures required by U.S. GAAP for complete financial statements. The unaudited condensed consolidated balance sheet as of December 31, 2022 has been derived from audited consolidated financial statements at that date, but does not include all disclosures required by U.S. GAAP for complete financial statements. The accompanying unaudited interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements for the year ended December 31, 2022 and notes thereto.

Reclassifications

Certain reclassifications have been made to the previous period’s condensed consolidated financial statements to conform to the current period presentation. The reclassifications had no impact on net loss, total assets, total liabilities, or stockholders’ deficit.

Principles of Consolidation

The unaudited interim condensed consolidated financial statements include the accounts of QT Imaging, Inc. and its wholly-owned subsidiary, QT Ultrasound Labs, Inc. (“QT Labs”). QT Labs provides personnel and staffing services for the Company. All intercompany balances and transactions are eliminated in consolidation.

Liquidity and Management’s Plans

The accompanying unaudited interim condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, the realization of assets and the satisfaction of liabilities and commitments in the normal course of business.

As of September 30, 2023, the Company had cash and cash equivalents, including restricted cash, of \$54,490 and an accumulated deficit of \$16,260,094. The Company incurred operating losses and has used cash in operating activities during the nine months ended September 30, 2023 and for the years ended December 31, 2022 and 2021. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

The Company is actively pursuing a transaction with a SPAC. Management expects to use the proceeds from the SPAC transaction to support its operations. There can be no assurance that the SPAC transaction will be successful. In the event the Company does not complete its SPAC transaction, the Company will seek additional funding through other means, such as the issuance of debt or equity. Management's plans also include managing the Company's cash burn by controlling expenditures. While the Company has raised capital in the past, there can be no assurance that additional financing will be available at terms acceptable to the Company, if at all. Failure to generate sufficient cash flows from operations, raise additional capital and reduce discretionary spending could have a material adverse effect on the Company's ability to achieve its intended business objectives. The accompanying unaudited interim condensed consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Use of Estimates

The preparation of condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues, and expenses and the related disclosure of contingent assets and liabilities. The Company bases its estimates on historical experience and on various other assumptions that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. In addition, any change in these estimates or their related assumptions could have an adverse effect on the Company's operating results.

Business Risk and Concentration of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash. The majority of the Company's cash is invested in U.S. dollar deposits with a reputable bank in the United States. Management believes that minimal credit risk exists with respect to the financial institution that holds the Company's cash. At times, such cash may be in excess of insured limits established by the Federal Deposit Insurance Corporation.

The Company performs ongoing credit evaluations of its customers and generally does not require collateral for accounts receivable. Payment terms range from cash in advance to 30 days from delivery of products or services but may fluctuate depending on the terms of each specific contract. During the nine months ended September 30, 2023, four customers represented 96% of revenue. During the nine months ended September 30, 2022, one customer represented 98% of revenue. As of September 30, 2023, one customer represented 97% of accounts receivable. As of December 31, 2022, the Company did not have any outstanding accounts receivable.

The Company's products require approvals from the Food and Drug Administration and international regulatory agencies prior to commercialized sales. The Company's future products may not receive required approvals. If the Company was denied such approvals, or if such approvals were delayed, it would have a material adverse impact on the Company's business, results of operations and financial condition.

Certain components and services used to manufacture and develop the Company's products are presently available from only one or a limited number of suppliers or vendors. The loss of any of these suppliers or vendors would potentially require a significant level of hardware and/or software development efforts to incorporate the products or services into the Company's product.

Cash and Cash Equivalents

The Company considers all short-term investments with a maturity of three months or less when purchased to be cash equivalents. The Company had cash equivalents of \$20,000 as of September 30, 2023 and December 31, 2022. The cash equivalents were included in restricted cash and cash equivalents on the condensed consolidated balance sheets.

Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents are comprised of cash held in an account subject to a collateral agreement to be used for the Company's corporate credit card program.

Accounts Receivable

Accounts receivable are carried at the amount due. Accounts receivable are written off when management deems all realistic efforts to collect the amount outstanding have been exhausted. A provision for credit losses is estimated by management based on evaluations of its historical and current collection experience. As of September 30, 2023 and December 31, 2022, a provision for credit losses was not required.

Inventory

Inventory is stated at the lower of cost or net realizable value. Cost is determined using the weighted-average cost method. The Company periodically reviews the value of items in inventory and provides write-offs of inventory that is obsolete. Appropriate consideration is given to obsolescence, excessive levels, deterioration, and other factors in evaluating net realizable value. Once inventory has been written down below cost, it is not subsequently written up.

Property and Equipment, Net

Property and equipment, net is recorded at cost, less accumulated depreciation. Expenditures for major additions and improvements are capitalized and minor replacements, maintenance, and repairs are charged to current operations as incurred. When property and equipment are retired or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts and any resulting gain or loss is included in the results of operations for the respective period. Depreciation is provided over the estimated useful lives of the related assets using the straight-line method. Leasehold improvements are amortized over the lesser of the term of the related lease or the estimated useful lives of the assets.

Leases

The Company primarily enters into leases for office space that are classified as operating leases. The Company determines if an arrangement is or contains a lease at inception. The Company accounts for leases by recording right-of-use ("ROU") assets and lease liabilities on the condensed consolidated balance sheets in the captions operating lease right-of-use assets, net and operating lease liabilities, respectively. The lease term includes the non-cancelable period of the lease plus any additional periods covered by an option to extend that the Company is reasonably certain to exercise. The Company's leases do not include substantial variable payments based on index or rates. The Company's lease agreements do not contain any significant residual value guarantees or material restrictive covenants.

The Company's leases do not provide a readily determinable implicit discount rate. The Company's incremental borrowing rate is estimated to approximate the interest rate on a collateralized basis with similar terms and payments, and in similar economic environments. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. The lease payments related to the next 12 months are included in operating lease liabilities, current on the

condensed consolidated balance sheets. The Company recognizes a single lease cost on a straight-line basis over the term of the lease, and the Company classifies all cash payments within operating activities in the condensed consolidated statements of cash flows.

The Company did not have any finance leases as of September 30, 2023 or December 31, 2022.

Intangible Assets, Net

The Company's intangible assets, net are comprised of patents with a useful life of 12 years. Patents are amortized on a straight-line basis over their useful life.

Long-Lived Assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset be tested for possible impairment, the Company first compares undiscounted cash flows expected to be generated by an asset to the carrying value of an asset. If the carrying value of the long-lived asset is not recoverable on an undiscounted cash flow basis, impairment is recognized to the extent that the carrying value exceeds its fair value. Fair value is determined through various valuation techniques including discounted cash flow models, quoted market values, and third-party independent appraisals, as considered necessary. Management has reviewed the Company's long-lived assets and recorded no impairment charge for the nine months ended September 30, 2023 and 2022.

Fair Value Measurements

The Company applies the requirements of the fair value measurements framework, which establishes a hierarchy for measuring fair value and requires enhanced disclosures about fair value measurements. The fair value measurement guidance clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement guidance also requires disclosure about how fair value is determined for assets and liabilities and establishes a hierarchy in which these assets and liabilities must be grouped based on significant levels of inputs as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Quoted prices in active markets for similar assets and liabilities and inputs that are observable for the asset or liability.

Level 3: Unobservable inputs in which there is little or no market data, which requires the reporting entity to develop its own assumptions.

The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The Company's financial assets measured on a recurring basis included certificates of deposit totaling \$20,000 as of September 30, 2023 and December 31, 2022, and were classified as Level 2 financial assets. The Company did not have any financial liabilities measured on a recurring basis as of September 30, 2023 and December 31, 2022.

Convertible Debt

The Company evaluates its financial instruments to determine if they are freestanding financial instruments. The Company also evaluates its convertible debt for embedded derivatives. Embedded provisions (like conversion options) are assessed to determine if they qualify as embedded derivatives that require separate accounting.

Debt issuance costs are recorded as a reduction to the carrying amount of the convertible debt and are amortized to interest expense using the effective interest method. The convertible debt is classified as short-term or long-term based on the term of the note.

Revenue Recognition

Revenue is recognized when a customer obtains control of promised goods or services. The amount of revenue recognized reflects the consideration the Company expects to be entitled to receive in exchange for these goods or services.

The Company determines revenue recognition through the following steps:

- 1) Identification of the contract, or contracts, with a customer
The Company considers the terms and conditions of the contract in identifying the contracts. The Company determines a contract with a customer to exist when the contract is approved, each party's rights regarding the goods or services to be transferred can be identified, the payment terms for the goods or services can be identified, it has been determined the customer has the ability and intent to pay, and the contract has commercial substance. At contract inception, the Company will evaluate whether two or more contracts should be combined and accounted for as a single contract and whether the combined or single contract includes more than one performance obligation. The Company applies judgment in determining the customer's ability and intent to pay, which is based on a variety of factors, including the customer's historical payment experience or, in the case of a new customer, credit and financial information pertaining to the customer.
- 2) Identification of the performance obligations in the contract
Performance obligations promised in a contract are identified based on the goods or services that will be transferred to the customer that are both capable of being distinct, whereby the customer can benefit from the goods or services either on its own or together with other resources that are readily available from third parties or from the Company, and are distinct in the context of the contract, whereby the transfer of the goods or services is separately identifiable from other promises in the contract. The Company's performance obligations consist of (i) product sales, (ii) maintenance contracts and (iii) other services including training.
- 3) Determination of the transaction price
The transaction price is determined based on the consideration to which the Company expects to be entitled in exchange for transferring goods or services to the customer. Variable consideration is included in the transaction price if, in the Company's judgment, it is probable that a significant future reversal of cumulative revenue under the contract will not occur. The Company's contracts do not contain a significant financing component.
- 4) Allocation of the transaction price to the performance obligations in the contract
If the contract contains a single performance obligation, the entire transaction price is allocated to the single performance obligation. Contracts that contain multiple performance obligations require an allocation of the transaction price to each performance obligation based on a relative standalone selling price.
- 5) Recognition of revenue when, or as a performance obligation is satisfied
For product sales and services, revenue is recognized at the time the related performance obligation is satisfied by transferring the control of the promised goods or services to a customer, in an amount that reflects the consideration that the Company expects to receive in exchange for those goods or services. Training and maintenance services are generally recognized upon invoicing in amounts that correspond directly with the value to the customer of the performance completed to date which primarily includes professional service arrangements entered on a time and materials basis.

The contract liabilities as of September 30, 2023 are expected to be recognized within the next 12 months.

Shipping and Handling Costs

Shipping and handling activities are typically performed before the customer obtains control of the goods, and the related costs are therefore expensed as incurred. Shipping and handling costs are included in cost of revenue in the condensed consolidated statements of operations and comprehensive loss. Shipping and handling costs incurred for inventory purchases are expensed in cost of revenue when sold.

Product Warranty

The Company's products sold to customers are generally subject to warranties between one and two years, which provides for the repair or replacement of products, at the Company's option, which fail to perform with stated specifications. The Company estimates future warranty obligations related to those products. To date, product warranty claims have not been significant.

Research and Development Costs

Research and development costs incurred by the Company include salaries, purchased services, operating materials and supplies, depreciation, and amortization, and are expensed as incurred. These costs for the nine months ended September 30, 2023 and 2022, amounted to \$1,083,373 and \$1,867,899, respectively.

Advertising

Advertising and promotion costs are expensed as incurred. Advertising expenses were not significant for the nine months ended September 30, 2023 and 2022.

Grant Income

Periodically, the Company is awarded grants on a cost reimbursement basis. Costs are expensed when incurred and reimbursable on a monthly or quarterly basis with the offset booked as a contra-expense to the applicable functional area in the condensed consolidated statements of operations and comprehensive loss.

Income Taxes

Deferred tax assets and liabilities are determined based on the differences between financial reporting and the tax basis of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred tax assets may be reduced by a valuation allowance if it is more-likely-than-not that some or all of the deferred tax assets will not be realized. The Company annually evaluates the realizability of deferred tax assets by assessing the valuation allowance and by adjusting the amount of such allowance, if necessary. The factors used to assess the likelihood of realization include the Company's forecast of future taxable income and available tax planning strategies that could be implemented to realize the net deferred tax assets.

The Company recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more-likely-than-not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the condensed consolidated financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. In accordance with this accounting policy, the Company recognizes accrued interest and penalties related to unrecognized tax benefits as a component of income tax benefit. There were no accrued interest and penalties as of September 30, 2023 and December 31, 2022.

Stock-Based Compensation

Stock-based compensation cost is measured at the grant date based on the fair market value of the award. Stock-based compensation is recognized as expense on a ratable basis over the requisite service period of the award.

The Company values stock options using the Black-Scholes option pricing model. This model requires the use of highly subjective and complex assumptions which determine the fair value of stock-based awards, including the option's expected term, stock price volatility and risk-free interest rates. Forfeitures are recorded as they occur.

Comprehensive Loss

Comprehensive loss is defined as the change in the equity of a business enterprise during a period from transactions and other events and circumstances from non-owner sources. Comprehensive loss was equal to net loss for the nine months ended September 30, 2023 and 2022.

Net Loss per Share

Basic net loss per share is calculated by dividing the net loss by the weighted-average number of common shares outstanding during the period, without consideration for potentially dilutive securities. Diluted net loss per share is computed by dividing the net loss by the weighted-average number of common shares and potentially dilutive common share equivalents outstanding for the period determined using the treasury-stock and if-converted methods. For purposes of the diluted net loss per share calculation, common stock equivalents are considered to be potentially dilutive securities.

The following securities were excluded from the calculation of net loss per share because the inclusion would be anti-dilutive for the nine months ended September 30:

	2023	2022
Common stock warrants	1,171,245	676,720
Options outstanding	3,940,536	3,940,536
Potential shares from convertible notes	742,123	685,826
	<u>5,853,904</u>	<u>5,303,082</u>

Fair Value of Financial Instruments

The fair value of the Company's financial instruments, including cash equivalents, accounts receivable, prepaid expenses and other current assets, accounts payable, and accrued expenses approximate their fair values because of the relatively short maturity of these instruments. The carrying value of the Company's borrowings approximates fair value based on current rates offered to the Company for instruments with similar terms.

Recently Adopted Accounting Standards

In June 2016, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, and subsequently issued several supplemental/clarifying ASUs (collectively, "ASC 326"). This ASU requires entities to estimate a lifetime expected credit loss for most financial assets, including trade and other receivables, other long-term financings including available for sale and held-to-maturity debt securities, and loans. The Company adopted ASC 326 on January 1, 2023. This standard did not have a material impact on the Company's condensed consolidated financial statements.

Advances on the Note can be made to the Company up to six months after the inception of the Note unless extensions for advances to be made is mutually agreed between both parties. The Note bears interest at 12% per annum on any amounts drawn and matures on July 6, 2024. The Note is collateralized by all assets of the Company and is

guaranteed by QT Labs. The terms of the Note include non-financial covenants and, as of September 30, 2023 and December 31, 2022, the Company was in compliance with those covenants. Through September 30, 2023, the Company issued warrants to purchase a total of 10,329 shares of common stock at an exercise price of \$4.25 per share in connection with the Note. The fair value of the warrants, along with financing fees, were recorded as debt issuance costs and presented in the condensed consolidated balance sheets as a deduction from the carrying amount of the Note.

As of September 30, 2023, the outstanding amount of the Note was \$2,458,582, net of unamortized debt issuance costs of \$36,418. As of December 31, 2022, the outstanding amount of the Note was \$2,426,263, net of unamortized debt issuance costs of \$68,737. The Note is convertible, at the Company's option, before the Note matures upon the closing of a single transaction or a series of transactions with a minimum of \$15,000,000 of cash proceeds raised in the aggregate. If elected, the conversion price would be 90% of the price per share in the qualified financing. Management assessed whether the embedded features in the Notes should have been bifurcated from the debt host and concluded that none of the features required to be accounted for separately from the debt instrument.

Future principal payments on the long-term debt as of September 30, 2023, are as follows:

Year ending December 31:

Non-Redemption Agreements

In late September 2023, the Company, GigCapital5 and certain GigCapital5 shareholders ("Non-Redeeming Shareholders") entered into non-redemption agreements (each, a "Non-Redemption Agreement") in exchange for the Non-Redeeming Shareholders not redeeming an agreed upon number of their public shares of GigCapital5 (the "Non-Redeemed Shares") at GigCapital5's last annual meeting of shareholders. In exchange, the Non-Redeeming Shareholders will receive, immediately prior to, and substantially concurrently with the closing of the Business Combination, shares of common stock of the Company equivalent to the number of Non-Redeemed Shares multiplied by 0.15 and divided by the Exchange Ratio (as defined in the Business Combination Agreement).

9. Stockholders' Deficit

During the nine months ended September 30, 2023, the Company sold an additional 261,250 Units for total net proceeds of \$1,026,550.

Warrants for Common Stock

At the option of the warrant holders, warrants can be fully settled in shares of common stock, or via net share settlement, in which the warrant holder will receive shares equal to the number of shares purchasable under the warrants multiplied by the difference between the fair market value of the shares and the exercise price, divided by the fair market value of the shares.

The following table represents the warrant activity as follows:

	Number of Warrants

Outstanding, September 30, 2023	<u>1,171,245</u>

An additional warrant was granted during the nine months ended September 30, 2023 with a fair value of \$15,317 and was recorded as issuance costs against the proceeds received from the 2022 Offering.

As of September 30, 2023, outstanding warrants to purchase shares of common stock by exercise price are as follows:

\$ 4.00	Common Stock	November 2027 to March 2029	494,525
			<u>1,171,245</u>

10. Stock Incentive Plan

In September 2021, the Board of Directors approved and the Company adopted the 2021 Stock Incentive Plan (the “Plan”). The maximum aggregate number of shares of common stock that the Company may award under the Plan is 7,000,000. The term of the Plan is 10 years. The Plan is administered by a committee of the Company’s Board of Directors (the “Administrator”). The Company may grant awards to eligible participants which may take the form of stock options (both incentive stock options and non-qualified stock options), stock purchase rights, restricted stock, restricted stock units and performance stock awards. Awards may be granted to employees, directors, and consultants (as defined in the Plan.) The term of any stock option award may not exceed 10 years and may be subject to vesting conditions, as determined by the Administrator. Incentive stock options may only be granted to employees of the Company or any subsidiary that is a “subsidiary corporation” within the meaning of Section 424(f) of the Internal Revenue Code. The exercise price of any stock option award cannot be less than fair market value of the Company’s common stock, provided, however, that an incentive stock option granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary, must have an exercise price of no less than 110% of the fair market value of the Company’s common stock and a term that does not exceed five years. Vesting is subject to the option holder’s continued service to the Company, ranging up to a four-year period. Unvested options are subject to forfeiture upon termination of employment. As of September 30, 2023, the Company had 3,059,464 shares of common stock available for grant under the Plan.

The following table summarizes information regarding activity in the Plan during the nine months ended September 30, 2023:

	Number of Options	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Life (years)
Outstanding, January 1, 2023	3,940,536	\$ 8.46	8.4
Granted	—	—	—
Exercised	—	—	—
Cancelled	—	—	—
Outstanding, September 30, 2023	<u>3,940,536</u>	<u>\$ 8.46</u>	<u>7.6</u>
Vested and exercisable and expected to vest, September 30, 2023	<u>3,940,536</u>	<u>\$ 8.46</u>	<u>7.6</u>
Vested and exercisable, September 30, 2023	<u>3,265,887</u>	<u>\$ 8.61</u>	<u>7.5</u>

The options outstanding and exercisable as of September 30, 2023 were as follows:

Exercise Prices	Number Outstanding	Weighted-Average Remaining Contractual Life (years)	Weighted-Average Exercise Price	Number Exercisable	Weighted-Average Exercise Price
\$ 6.50	541,208	8.6	\$ 6.50	279,059	\$ 6.50
8.50	2,791,400	7.5	8.50	2,378,900	8.50
10.00	607,928	7.3	10.00	607,928	10.00
	<u>3,940,536</u>	7.6	\$ 8.46	<u>3,265,887</u>	\$ 8.61

Option pricing models require the input of various subjective assumptions, including the option's expected life and the price volatility of the underlying stock. The expected stock price volatility is based on the analysis of volatilities of the Company's selected public peer group over a period commensurate with the expected term of the options. The expected term of the employee stock options represents the weighted-average period the stock options are expected to remain outstanding and is based on the contractual terms, the vesting period and the expected remaining term of the outstanding options. The risk-free interest rate is based on the U.S. Treasury interest rates whose term is consistent with the expected life of the stock options. No dividend yield is included as the Company has not issued any dividends and does not anticipate issuing any dividends in the future.

The following table shows stock-based compensation expense by functional area in the condensed consolidated statements of operations and comprehensive loss for the nine months ended September 30:

	2023	2022
Research and development	\$ 78,941	\$ 113,790
General and administrative	533,789	474,093
	<u>\$ 612,730</u>	<u>\$ 587,883</u>

No stock-based compensation expense was capitalized to inventory for the nine months ended September 30, 2023 and 2022.

As of September 30, 2023, there was \$790,737 of total unrecognized compensation cost related to non-vested stock-based compensation awards under the Plan which will be recognized over a weighted-average period of 1.6 years.

The award expires July 31, 2027 and may be terminated by either party with 30 days written notice. Any grant proceeds received do not require repayment. The grant receivable as of September 30, 2023 and December 31, 2022 was \$94,075 and \$30,778, respectively, and is included in prepaid expenses and other current assets on the condensed consolidated balance sheets.

12. Income Taxes

For interim periods, the Company estimates its annual effective income tax rate and applies the estimated rate to the year-to-date income or loss before income taxes. The Company also computes the tax provision

or benefit related to items reported separately and recognizes the items net of their related tax effect in the interim periods in which they occur. The Company also recognizes the effect of changes in enacted tax laws or rates in the interim periods in which the changes occur.

The Company's effective tax rate is 0% for the nine months ended September 30, 2023 and 2022. The Company expects that its effective tax rate for the full year 2023 will be 0%.

13. Related Party Transactions

Convertible Notes Payable

In July 2020, the Company issued three convertible notes to three of its stockholders for advances up to \$3,500,000 in principal (the "2020 Notes") and bearing annual interest of 5% on any amounts drawn. An additional note was issued in November 2022 as part of the 2020 Notes, but with an annual interest rate of 8%. All principal and interest payments are due on or before July 1, 2025. The 2020 Notes are convertible, at the holder's option, into shares of common stock of the Company at the lower of \$5.00 per share or the offering price in a financing of at least \$5,000,000 in equity from unaffiliated parties. Management assessed whether the embedded features in the 2020 Notes should have been bifurcated from the debt host and concluded that none of the features were required to be accounted for separately from the debt instruments. As of September 30, 2023 and December 31, 2022, the outstanding amount of the 2020 Notes was \$3,343,725. The Working Capital Note was issued to provide the Company with additional working capital during the period prior to consummation of the business combination agreement with GigCapital5, Inc. The Working Capital Note is interest-free and matures on the earlier of (i) the date on which the Company consummates the business combination with GigCapital5, Inc.; (ii) the date the Company winds up; or (iii) December 1, 2023. The Working Capital Note may be prepaid without penalty. The Company determined that the imputed interest on the Working Capital Note was not significant for the nine months ended September 30, 2023.

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders of
QT Imaging, Inc.

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheets of QT Imaging, Inc. (a Delaware corporation) and its subsidiary (the "Company") as of December 31, 2022 and 2021, and the related consolidated statements of operations and comprehensive loss, stockholders' equity (deficit), and cash flows for each of the two years in the period ended December 31, 2022, and the related notes (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

Substantial Doubt about the Company's Ability to Continue as a Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company has suffered recurring losses from operations that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 1. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB and in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

QT IMAGING, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended December 31, 2022 and 2021

1. The Company and Summary of Significant Accounting Policies

Nature of Operations

QT Imaging, Inc. (together with its subsidiary, the “Company”) was incorporated on December 31, 2020, changing its name from QT Ultrasound LLC and revoking its limited liability company (“LLC”) election status. The Company is in the business of developing and commercializing medical ultrasound imaging systems. The Company’s initial product is a breast imaging system.

On December 8, 2022, the Company entered into a definitive business combination agreement with GigCapital5, Inc., a publicly traded special purpose acquisition company, that would result in the Company becoming a publicly listed company subject to closing. Upon closing of the transaction, the combined company will be named QT Imaging Holdings, Inc. and will be traded on the New York Stock Exchange under the new ticker symbol “QTI.” The transaction is expected to be completed in the first half of 2023.

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). In the opinion of management, the consolidated financial statements contain all adjustments necessary for a fair presentation of the Company’s financial position as of the date reported.

Principles of Consolidation

The consolidated financial statements include the accounts of QT Imaging, Inc. and its wholly-owned subsidiary, QT Ultrasound Labs, Inc. (“QT Labs”). QT Labs provides personnel and staffing services for the Company. All intercompany balances and transactions are eliminated in consolidation.

Liquidity and Management’s Plans

The consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. As of December 31, 2022, the Company had cash, including restricted cash, of \$475,076 and an accumulated deficit of \$11,671,194. The Company incurred operating losses and has used cash in operating activities during the years ended December 31, 2022 and 2021. These conditions raise substantial doubt about the Company’s ability to continue as a going concern.

The Company is actively pursuing a transaction with a special purpose acquisition company (“SPAC”). Management expects to use the proceeds from the SPAC transaction to support its operations. There can be no assurance that the SPAC transaction will be successful. In the event the Company does not complete its SPAC transaction, the Company will seek additional funding through other means, such as the issuance of debt or equity. Management’s plans also include managing the Company’s cash burn by controlling expenditures. While the Company has raised capital in the past, there can be no assurance that additional financing will be available at terms acceptable to the Company, if at all. Failure to generate sufficient cash flows from operations, raise additional capital and reduce discretionary spending could have a material adverse effect on the Company’s ability to achieve its intended business objectives. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Reclassification

Certain reclassifications have been made to the prior year consolidated statement of operations and comprehensive loss to conform to the current year presentation. The reclassification had no impact on the previously reported consolidated balance sheet, statement of stockholders' equity (deficit) or cash flows.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues, and expenses and the related disclosure of contingent assets and liabilities. The Company bases its estimates on historical experience and on various other assumptions that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. In addition, any change in these estimates or their related assumptions could have an adverse effect on the Company's operating results.

Business Risk and Concentration of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash. The majority of the Company's cash is invested in U.S. dollar deposits with a reputable bank in the United States. Management believes that minimal credit risk exists with respect to the financial institution that holds the Company's cash. At times, such cash may be in excess of insured limits established by the Federal Deposit Insurance Corporation.

The Company performs ongoing credit evaluations of its customers and generally does not require collateral for accounts receivable. Payment terms range from cash in advance to 30 days from delivery of products or services but may fluctuate depending on the terms of each specific contract. During the year ended December 31, 2022, one customer represented 98% of revenue. During the year ended December 31, 2021, one customer represented 88% of revenue. As of December 31, 2022, there were no customer concentrations in accounts receivable. As of December 31, 2021, two customers represented 96% of accounts receivable.

The Company's products require approvals from the Food and Drug Administration and international regulatory agencies prior to commercialized sales. The Company's future products may not receive required approvals. If the Company was denied such approvals, or if such approvals were delayed, it would have a material adverse impact on the Company's business, results of operations and financial condition.

Certain components and services used to manufacture and develop the Company's products are presently available from only one or a limited number of suppliers or vendors. The loss of any of these suppliers or vendors would potentially require a significant level of hardware and/or software development efforts to incorporate the products or services into the Company's product.

Cash and Cash Equivalents

The Company considers all short-term investments with a maturity of three months or less when purchased to be cash equivalents. The Company had cash equivalents of \$20,000 and zero as of December 31, 2022 and 2021, respectively. The cash equivalents were included in restricted cash on the consolidated balance sheets.

Restricted Cash

Restricted cash is comprised of cash held in an account subject to a collateral agreement to be used for the Company's corporate credit card program.

Accounts Receivable

Accounts receivable are carried at the amount due. Accounts receivable are written off when management deems all realistic efforts to collect the amount outstanding have been exhausted. An allowance for doubtful accounts is estimated by management based on evaluations of its historical bad debt and current collection experience. As of December 31, 2022 and 2021, an allowance for doubtful accounts was not required.

Inventory

Inventory is stated at the lower of cost or net realizable value. Cost is determined using the weighted-average cost method. The Company periodically reviews the value of items in inventory and provides write-offs of inventory that is obsolete. Appropriate consideration is given to obsolescence, excessive levels, deterioration, and other factors in evaluating net realizable value. Once inventory has been written down below cost, it is not subsequently written up.

Property and Equipment, Net

Property and equipment, net are recorded at cost, less accumulated depreciation. Expenditures for major additions and improvements are capitalized and minor replacements, maintenance, and repairs are charged to current operations as incurred. When property and equipment are retired or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts and any resulting gain or loss is included in the results of operations for the respective period. Depreciation is provided over the estimated useful lives of the related assets using the straight-line method. Leasehold improvements are amortized over the lesser of the term of the related lease or the estimated useful lives of the assets.

Leases

The Company primarily enters into leases for office space that are classified as operating leases. The Company determines if an arrangement is or contains a lease at inception. The Company accounts for leases by recording right-of-use ("ROU") assets and lease liabilities on the consolidated balance sheets in the captions operating lease right-of-use assets, net and operating lease liabilities, respectively. The lease term includes the non-cancelable period of the lease plus any additional periods covered by an option to extend that the Company is reasonably certain to exercise. The Company's leases do not include substantial variable payments based on index or rates. The Company's lease agreements do not contain any significant residual value guarantees or material restrictive covenants.

The Company's leases do not provide a readily determinable implicit discount rate. The Company's incremental borrowing rate is estimated to approximate the interest rate on a collateralized basis with similar terms and payments, and in similar economic environments. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. The lease payments related to the next 12 months are included in operating lease liabilities, current on the consolidated balance sheets. The Company recognizes a single lease cost on a straight-line basis over the term of the lease, and the Company classifies all cash payments within operating activities in the consolidated statements of cash flows.

The Company did not have any finance or capital leases as of December 31, 2022 or 2021.

Intangible Assets

The Company's intangible assets are comprised of patents with a useful life of 12 years. Patents are amortized on a straight-line basis over their useful life.

Long-Lived Assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset be tested

for possible impairment, the Company first compares undiscounted cash flows expected to be generated by an asset to the carrying value of an asset. If the carrying value of the long-lived asset is not recoverable on an undiscounted cash flow basis, impairment is recognized to the extent that the carrying value exceeds its fair value. Fair value is determined through various valuation techniques including discounted cash flow models, quoted market values, and third-party independent appraisals, as considered necessary. Management has reviewed the Company's long-lived assets and recorded no impairment charge for the years ended December 31, 2022 and 2021.

Fair Value Measurements

The Company applies the requirements of the fair value measurements framework, which establishes a hierarchy for measuring fair value and requires enhanced disclosures about fair value measurements. The fair value measurement guidance clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement guidance also requires disclosure about how fair value is determined for assets and liabilities and establishes a hierarchy in which these assets and liabilities must be grouped based on significant levels of inputs as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Quoted prices in active markets for similar assets and liabilities and inputs that are observable for the asset or liability.

Level 3: Unobservable inputs in which there is little or no market data, which requires the reporting entity to develop its own assumptions.

The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The Company's financial assets measured on a recurring basis included certificates of deposit totaling \$20,000 as of December 31, 2022 and were classified as Level 2 financial assets. The Company did not have any financial liabilities measured on a recurring basis as of December 31, 2022. The Company did not have any financial assets or liabilities measured on a recurring basis as of December 31, 2021.

Convertible Debt

The Company evaluates its financial instruments to determine if they are freestanding financial instruments. The Company also evaluates its convertible debt for embedded derivatives. Embedded provisions (like conversion options) are assessed to determine if they qualify as embedded derivatives that require separate accounting.

Debt issuance costs are recorded as a reduction to the carrying amount of the convertible debt and are amortized to interest expense using the effective interest method. The convertible debt is classified as short-term or long-term based on the term of the note.

Revenue Recognition

Revenue is recognized when a customer obtains control of promised goods or services. The amount of revenue recognized reflects the consideration the Company expects to be entitled to receive in exchange for these goods or services.

The Company determines revenue recognition through the following steps:

- 1) Identification of the contract, or contracts, with a customer

The Company considers the terms and conditions of the contract in identifying the contracts. The Company determines a contract with a customer to exist when the contract is approved, each party's

[Table of Contents](#)

rights regarding the goods or services to be transferred can be identified, the payment terms for the goods or services can be identified, it has been determined the customer has the ability and intent to pay, and the contract has commercial substance. At contract inception, the Company will evaluate whether two or more contracts should be combined and accounted for as a single contract and whether the combined or single contract includes more than one performance obligation. The Company applies judgment in determining the customer's ability and intent to pay, which is based on a variety of factors, including the customer's historical payment experience or, in the case of a new customer, credit and financial information pertaining to the customer.

- 2) Identification of the performance obligations in the contract
Performance obligations promised in a contract are identified based on the goods or services that will be transferred to the customer that are both capable of being distinct, whereby the customer can benefit from the goods or services either on its own or together with other resources that are readily available from third parties or from the Company, and are distinct in the context of the contract, whereby the transfer of the goods or services is separately identifiable from other promises in the contract. The Company's performance obligations consist of (i) product sales, (ii) maintenance contracts and (iii) other services including training.
- 3) Determination of the transaction price
The transaction price is determined based on the consideration to which the Company expects to be entitled in exchange for transferring goods or services to the customer. Variable consideration is included in the transaction price if, in the Company's judgment, it is probable that a significant future reversal of cumulative revenue under the contract will not occur. The Company's contracts do not contain a significant financing component.
- 4) Allocation of the transaction price to the performance obligations in the contract
If the contract contains a single performance obligation, the entire transaction price is allocated to the single performance obligation. Contracts that contain multiple performance obligations require an allocation of the transaction price to each performance obligation based on a relative standalone selling price.
- 5) Recognition of revenue when, or as a performance obligation is satisfied
For product sales and services, revenue is recognized at the time the related performance obligation is satisfied by transferring the control of the promised goods or services to a customer, in an amount that reflects the consideration that the Company expects to receive in exchange for those goods or services. Training and maintenance services are generally recognized upon invoicing in amounts that correspond directly with the value to the customer of the performance completed to date which primarily includes professional service arrangements entered on a time and materials basis.

All of the revenue recognized by the Company during the years ended December 31, 2022 and 2021 was recognized at a point in time.

Revenue recognized during the years ended December 31, 2022 and 2021 is disaggregated as follows:

	<u>2022</u>	<u>2021</u>
Product	\$ 701,092	\$ 251,723
Service	7,152	113,425
	<u>\$ 708,244</u>	<u>\$ 365,148</u>

Revenue recognized by geography during the years ended December 31, 2022 and 2021 is as follows:

	<u>2022</u>	<u>2021</u>
United States	\$ 7,200	\$ 42,886
International	701,044	322,262
	<u>\$ 708,244</u>	<u>\$ 365,148</u>

The Company had no contract assets as of December 31, 2022 and 2021. The Company had no contract liabilities as of December 31, 2022. The Company had contract liabilities of \$693,436 as of December 31, 2021, all of which were recognized as revenue during the year ended December 31, 2022.

Shipping and Handling Costs

Shipping and handling activities are typically performed before the customer obtains control of the goods, and the related costs are therefore expensed as incurred. Shipping and handling costs are included in cost of revenue in the accompanying consolidated statements of operations and comprehensive loss. Shipping and handling costs incurred for inventory purchases are expensed in cost of revenue when sold.

Product Warranty

The Company's products sold to customers are generally subject to warranties between one and two years, which provides for the repair or replacement of products, at the Company's option, that fail to perform with stated specifications. The Company estimates future warranty obligations related to those products. To date, product warranty claims have not been significant.

Research and Development Costs

Research and development costs incurred by the Company include salaries, purchased services, operating materials and supplies, depreciation, and amortization, and are expensed as incurred. These costs for the years ended December 31, 2022 and 2021, amounted to \$2,386,086 and \$2,162,719, respectively.

Advertising

Advertising and promotion costs are expensed as incurred. Advertising expenses were not significant for the years ended December 31, 2022 and 2021.

Grant Income

Periodically, the Company is awarded grants on a cost reimbursement basis. Costs are expensed when incurred and reimbursable on a monthly or quarterly basis with the offset booked as a contra-expense to the applicable functional area in the consolidated statements of operations and comprehensive loss.

Income Taxes

Deferred tax assets and liabilities are determined based on the differences between financial reporting and the tax basis of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred tax assets may be reduced by a valuation allowance if it is more-likely-than-not that some or all of the deferred tax asset will not be realized. The Company annually evaluates the realizability of deferred tax assets by assessing the valuation allowance and by adjusting the amount of such allowance, if necessary. The factors used to assess the likelihood of realization include the Company's forecast of future taxable income and available tax planning strategies that could be implemented to realize the net deferred tax assets.

The Company recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more-likely-than-not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the consolidated financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. In accordance with this accounting policy, the Company recognizes accrued interest and penalties related to unrecognized tax benefits as a component of income tax benefit. There were no accrued interest and penalties during the years ended December 31, 2022 and 2021.

Stock-Based Compensation

Stock-based compensation cost is measured at the grant date based on the fair market value of the award. Stock-based compensation is recognized as expense on a ratable basis over the requisite service period of the award.

The Company values stock options using the Black-Scholes option pricing model. This model requires the use of highly subjective and complex assumptions which determine the fair value of stock-based awards, including the option's expected term, stock price volatility and risk-free interest rates. Forfeitures are recorded as they occur.

Comprehensive Loss

Comprehensive loss is defined as the change in the equity of a business enterprise during a period from transactions and other events and circumstances from non-owner sources. Comprehensive loss was equal to net loss for the years ended December 31, 2022 and 2021.

Net Loss per Share

Basic net loss per share is calculated by dividing the net loss by the weighted-average number of common shares outstanding during the period, without consideration for potentially dilutive securities. Diluted net loss per share is computed by dividing the net loss by the weighted-average number of common shares and potentially dilutive common share equivalents outstanding for the period determined using the treasury-stock and if-converted methods. For purposes of the diluted net loss per share calculation, common stock equivalents are considered to be potentially dilutive securities.

The following securities were excluded from the calculation of net loss per share because the inclusion would be anti-dilutive as of December 31:

	<u>2022</u>	<u>2021</u>
Common stock warrants	905,470	624,508
Options outstanding	3,940,536	3,421,724
Potential shares from convertible notes	714,870	358,584
	<u>5,560,876</u>	<u>4,404,816</u>

Fair Value of Financial Instruments

The fair value of the Company's financial instruments, including cash equivalents, accounts receivable, prepaid expenses and other current assets, accounts payable, and accrued expenses approximate their fair values because of the relatively short maturity of these instruments. The carrying value of the Company's borrowings approximates fair value based on current rates offered to the Company for instruments with similar terms.

Recently Adopted Accounting Standards

In February 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”)No. 2016-02, *Leases (Topic 842)*, and subsequently issued several supplemental/clarifying ASUs (collectively, “ASC 842”). This new guidance primarily differs from current U.S. GAAP by adding a requirement for lessees to recognize lease assets and lease liabilities in their balance sheets for those leases classified as operating leases. The Company adopted ASC 842 on January 1, 2022 using the modified retrospective approach. The modified retrospective approach provides a method for recording existing leases at the beginning of the period of adoption. In addition, the Company elected the package of practical expedients permitted under the transition guidance within the new standard, which among other things, allowed the Company to carry forward the historical lease classification and elect the hindsight practical expedient to determine the lease term for existing leases. The Company has lease agreements with lease and non-lease components, which it has elected to not combine for all asset classes. Additionally, the Company elected not to record leases with a term of twelve months or less on the consolidated balance sheets. Adoption of the new standard resulted in the recording of operating lease ROU assets of \$1,867,472 and operating lease liabilities of \$2,027,933, as of January 1, 2022. The standard did not have a material impact on the Company’s consolidated results of operations, cash flows or stockholders’ equity (deficit).

Recently Issued Accounting Standards

In June 2016, the FASB issued ASUNo. 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, and subsequently issued several supplemental/clarifying ASUs (collectively, “ASC 326”). This ASU requires entities to estimate a lifetime expected credit loss for most financial assets, including trade and other receivables, other long-term financings including available for sale and held-to-maturity debt securities, and loans. This ASU is effective for fiscal years beginning after December 15, 2022. The Company is currently assessing the impact of the adoption of this ASU.

Original loan terms were revised by the PPP Flexibility Act of 2020. Under the terms of the PPP, up to 100% of the loan and related interest was forgivable if the proceeds were used for covered expenses and certain other requirements related to wage rates were met. For Loan 1, the Company applied for forgiveness on June 7, 2021, and received forgiveness of \$873,151 in principal and \$9,823 in interest from the Small Business Administration (“SBA”) on June 14, 2021. The review may include the loan forgiveness application, as well as whether the Company received the proper loan amount. The timing and outcome of any SBA review is not known.

Convertible Notes Payable

In June 2021, the Company entered into a convertible promissory note agreement (the "Note") with US Capital Global QT Imaging LLC ("USCG") for advances of up to \$10,000,000. Advances on the Note can be made to the Company up to six months after the inception of the Note unless extensions for advances to be made is mutually agreed between both parties. The Note bears interest at 12% per annum on any amounts drawn and matures on July 6, 2024. The Note is collateralized by all assets of the Company and is guaranteed by QT Labs. The terms of the Note include non-financial covenants and, as of December 31, 2022, the Company was in compliance with those covenants. Through December 31, 2022, the Company issued warrants to purchase a total of 10,329 shares of common stock at an exercise price of \$4.25 per share in connection with the Note. The fair value of the warrants, along with financing fees, were recorded as debt issuance costs and presented in the consolidated balance sheets as a deduction from the carrying amount of the Note.

As of December 31, 2022, the outstanding amount of the Note was \$2,426,263, net of unamortized debt issuance costs of \$68,737. As of December 31, 2021, the outstanding amount of the Note was \$2,042,646, net of unamortized debt issuance costs of \$82,354. Interest expense, including amortization of debt issuance costs, for the years ended December 31, 2022 and 2021 was \$326,255 and \$114,808, respectively.

The Note is convertible, at the Company's option, before the Note matures upon the closing of a single transaction or a series of transactions with a minimum of \$15,000,000 of cash proceeds raised in the aggregate. If elected, the conversion price would be 90% of the price per share in the qualified financing. Management assessed whether the embedded features in the Note should have been bifurcated from the debt host and concluded that none of the features required to be accounted for separately from the debt instrument.

Future principal payments on the long-term debt as of December 31, 2022 are as follows:

Year Ending December 31:	
2023	\$ 129,057

On December 31, 2020, the Company revoked its LLC election status and changed its legal structure to aC-corporation (the "Conversion"). On January 1, 2021, the first day the Company operated as a C-corporation, the following occurred:

- 1) 24,743,035 Class A units and 366,286 Class B units of the LLC were converted into common stock at a rate of one share of common stock for each outstanding Class A and Class B unit;

The vesting of 193,870 previously unvested PIUs was accelerated resulting in the immediate recognition of \$596,168 in equity compensation expense. The stock options were issued from the newly created QT Imaging, Inc. 2021 Stock Incentive Plan (the "Plan"). See Note 11. Stock Incentive Plan for additional information on the Plan; and
- 3) Outstanding warrants to purchase an aggregate of 516,391 Class A units at an exercise price of \$10.00 per unit and 50,000 Class A units at a price of \$8.50 were converted into warrants to purchase a total of 566,391 shares of common stock. The converted warrants retained their main original terms including the exercise price and term.

Future dividends may be paid on the outstanding shares of common stock as and when declared by the Board of Directors out of funds legally available therefor; provided, however, that no dividends shall be made with respect to the common stock until any preferential dividends required to be paid or set apart for any shares of preferred stock have been paid or set apart.

Private Placement

In November 2022, the Company initiated an offering to sell to a select group of accredited investors only, on a private placement basis, 1,000,000 units for a purchase price of \$4.00 per unit (the "Units"), each Unit

consisting of one share of common stock and one warrant to purchase one share of common stock with an exercise price of \$4.00 (the “2022 Offering”). As of December 31, 2022, 228,750 Units were issued for net proceeds of \$906,300.

Warrants for Common Stock

In addition to the warrants sold as part of the Units in the 2022 Offering, the Company also issued warrants to consultants and to placement agents in association with debt issuances and past private offerings. At the option of the warrant holders, the warrants can be fully settled in shares of common stock, or converted via net share settlement, in which the warrant holder will receive shares equal to the number of shares purchasable under the warrants multiplied by the difference between the fair market value of the shares and the exercise price, divided by the fair market value of the shares.

The following table represents the warrant activity as follows:

	Number of Warrants
Outstanding, January 1, 2021	566,391
Granted	58,117
Outstanding, December 31, 2021	624,508
Granted	280,962
Outstanding, December 31, 2022	<u>905,470</u>

\$ 4.00	Common Stock	November 2027 to December 2027	228,750
			<u>905,470</u>

The determination of the fair value of warrants to purchase common stock issued during the years ended December 31, 2022 and 2021 is computed using the Black-Scholes option pricing model with the following weighted-average assumptions:

	2022	2021
Expected warrant term (years)	5.6	8.7
Expected volatility	62.3%	66.0%
Risk-free rate of return	3.6%	1.4%
Expected annual dividend yield	—	—

The fair value of warrants issued as part of the 2022 Offering and included in stockholders’ equity (deficit) in the consolidated balances sheets was \$404,888 for the year ended December 31, 2022. The fair value of the warrants granted to USCG in connection with the convertible debt described in Note 6. Long-Term Debt, which was included as part of debt issuance costs, was \$5,066 and \$10,503 for the years ended December 31, 2022 and 2021, respectively. The fair value of the remaining warrants granted during the years ended December 31, 2022 and 2021 in exchange for services was \$108,100 and \$65,800, respectively, and was included in general and administrative expenses on the consolidated statements of operations and comprehensive loss.

11. Stock Incentive Plan

In September 2021, the Board of Directors approved and the Company adopted the Plan. The maximum aggregate number of shares of common stock that the Company may award under the Plan is 7,000,000. The term of the Plan is 10 years. The Plan is administered by a committee of the Company's Board of Directors (the "Administrator"). The Company may grant awards to eligible participants which may take the form of stock options (both incentive stock options and non-qualified stock options), stock purchase rights, restricted stock, restricted stock units and performance stock awards. Awards may be granted to employees, directors, and consultants (as defined in the Plan.) The term of any stock option award may not exceed 10 years and may be subject to vesting conditions, as determined by the Administrator. Incentive stock options may only be granted to employees of the Company or any subsidiary that is a "subsidiary corporation" within the meaning of Section 424(f) of the Internal Revenue Code. The exercise price of any stock option award cannot be less than fair market value of the Company's common stock, provided, however, that an incentive stock option granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary, must have an exercise price of no less than 110% of the fair market value of the Company's common stock and a term that does not exceed five years. Vesting is subject to the option holder's continued service to the Company, ranging up to a four-year period. Unvested options are subject to forfeiture upon termination of employment.

The following table represents the shares activity and the total number of shares available for grant under the Incentive Plan:

	<u>Available for Grant</u>
Plan inception	7,000,000

Balance as of December 31, 2021	3,578,276

Balance as of December 31, 2022	<u>3,059,464</u>

The following table summarizes information regarding activity in the Plan during the years ended December 31, 2022 and 2021:

	<u>Number of Options</u>	<u>Weighted- Average Exercise Price</u>	<u>Weighted- Average Remaining Contractual Life (years)</u>

The options outstanding and exercisable as of December 31, 2022 were as follows:

Exercise Prices	Number Outstanding	Weighted-Average Remaining Contractual Life (years)	Weighted-Average Exercise Price	Number Exercisable	Weighted-Average Exercise Price
\$ 6.50	541,208	9.4	\$ 6.50	135,485	\$ 6.50

	<u>3,940,536</u>	8.4	\$ 8.46	<u>2,892,625</u>	\$ 8.72

The determination of the fair value of options granted during the years ended December 31, 2022 and 2021 is computed using the Black-Scholes option pricing model with the following weighted-average assumptions:

	2022	2021
Expected option term (years)	7.4	5.8
Expected volatility	69.1%	66.0%
Risk-free rate of return	2.5%	0.6%
Expected annual dividend yield	—	—

The weighted-average grant date fair value of options granted was \$2.27 and \$0.83 per share for the years ended December 31, 2022 and 2021, respectively.

Option pricing models require the input of various subjective assumptions, including the option's expected life and the price volatility of the underlying stock. The expected stock price volatility is based on the analysis of volatilities of the Company's selected public peer group over a period commensurate with the expected term of the options. The expected term of the employee stock options represents the weighted-average period the stock options are expected to remain outstanding and is based on the contractual terms, the vesting period and the expected remaining term of the outstanding options. The risk-free interest rate is based on the U.S. Treasury interest rates whose term is consistent with the expected life of the stock options. No dividend yield is included as the Company has not issued any dividends and do not anticipate issuing any dividends in the future.

The following table shows stock-based compensation expense by functional area in the consolidated statements of operations and comprehensive loss for the years ended December 31:

	2022	2021
Research and development	\$ 142,118	\$ 25,521
General and administrative	648,637	1,826,451
	<u>\$ 790,755</u>	<u>\$ 1,851,972</u>

For 2021, the above table excludes \$596,168 of equity compensation from the vesting of previously unvested PIUs in connection with the conversion from an LLC to a C-corporation as discussed in Note 9.

No stock-based compensation expense was capitalized to inventory for the years ended December 31, 2022 and 2021.

As of December 31, 2022, there was \$1,403,467 of total unrecognized compensation cost related to non-vested stock-based compensation awards under the Plan which will be recognized over a weighted-average period of 2.2 years.

12. National Institutes of Health Subaward

On August 18, 2022, the Company was awarded a grant of up to \$1,078,347 as a subaward through the Board of Trustees of the University of Illinois for the purpose of developing a quantitative ultrasound breast

scanner for identifying early response of breast cancer to chemotherapy. The grant is a cost reimbursement subaward that is allocated annually over five years, subject to the availability of funds and satisfactory progress of the project. The award expires July 31, 2027 and may be terminated by either party with 30 days written notice. Any grant proceeds received do not require repayment. During the year ended December 31, 2022, \$30,778 of costs have been incurred against the year one allocation of \$351,994 and \$30,778 of grant income was recognized as an offset to research and development expense in the consolidated statements of operations and comprehensive loss. The grant receivable as of December 31, 2022 was \$30,778 and is included in prepaid expenses and other current assets on the consolidated balance sheets.

13. Income Taxes

Loss before income tax expense (benefit) consisted of the following for the years ended December 31:

	<u>2022</u>	<u>2021</u>
United States	\$ (6,254,468)	\$ (5,416,718)
International	—	—

Income tax expense (benefit) differed from the amount computed by applying the federal statutory income tax rate to pretax income as a result of the following for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Federal tax at statutory rate	\$ (1,313,438)	\$ (1,137,500)
State taxes	(542,562)	(576,080)

Total income tax expense (benefit)	<u>\$ 1,600</u>	<u>\$(1,592)</u>

The tax effects of temporary differences that give rise to the Company's deferred tax assets and liabilities are related to the following as of December 31:

	2022	2021
Deferred tax assets:		
Net operating losses	\$ 2,280,097	\$ 1,332,494
Stock-based compensation	784,932	549,965
Operating lease liabilities	516,031	—
Section 174 expenses, net	476,842	—
Accruals and reserves	227,221	217,322
Intangible assets	214,100	111,092
Property and equipment	44,128	8,955
Other	—	9,065
Gross deferred tax assets	4,543,351	2,228,893
Valuation allowance	(4,074,980)	(2,228,893)
Net deferred tax assets	468,371	—
Deferred tax liabilities:		
Operating lease right-of-use assets	(468,371)	—
Net deferred tax assets	\$ —	\$ —

As of December 31, 2022, based on the Company's recent history of losses and its forecasted losses, management believes on the more-likely-than-not basis that a full valuation allowance is required. Accordingly, the Company provided a full valuation allowance on its federal and state deferred tax assets. During the years ended December 31, 2022 and 2021, the valuation allowance increased by \$1,846,087 and \$2,228,893. As of December 31, 2022, the Company had federal and state net operating loss ("NOL") carryforwards of \$1,610,489 and \$669,608, respectively. The federal NOL will not expire and the state NOL will begin to expire in 2042.

A reconciliation of the beginning and ending amount of gross unrecognized tax benefits is as follows as of December 31:

	2022	2021
Balance as the beginning of the year	\$ —	\$ —
Increases related to prior year tax positions	47,882	—
Increases related to current year tax positions	1,373	—
Balance as the end of the year	\$ 49,255	\$ —

The unrecognized tax benefits for the year ended December 31, 2022, if recognized, would not affect the effective income tax rate due to the valuation allowance that currently offsets the deferred tax assets. It is reasonably possible that the unrecognized tax benefits balance will change within twelve months by a range of zero to \$49,255 due to the Company's intent to file a tax accounting method change.

The Company files income tax returns in the federal and California state jurisdictions. The Company's tax years for 2021 and forward are subject to examination by the federal and California tax authorities.

14. Related Party Transactions

In July 2020, the Company issued three convertible notes to three of its stockholders for advances up to \$3,500,000 in principal (the "2020 Notes") and bearing annual interest of 5% on any amounts drawn. An additional note was issued in March 2022 as part of the 2020 Notes, but with an annual interest rate of 8%. All principal and interest payments are due on or before July 1, 2025. The 2020 Notes are convertible, at the

holder's option, into shares of common stock of the Company at the lower of \$5.00 per share or the offering price in a financing of at least \$5,000,000 in equity from unaffiliated parties. Management assessed whether the embedded features in the 2020 Notes should have been bifurcated from the debt host and concluded that none of the features were required to be accounted for separately from the debt instruments. As of December 31, 2022 and 2021, the outstanding amount of the 2020 Notes was \$3,343,725 and \$1,700,000, respectively. Interest expense for the years ended December 31, 2022 and 2021 was \$137,709 and \$62,671, respectively.

In September 2020, the Company entered into a Management Services Agreement (the "Agreement") and a Business Associate Agreement with John C. Klock, M.D., a California sole proprietorship (the "Practice"). John C. Klock, M.D. is the Chief Executive Officer of the Company, serves on its Board of Directors, and is the largest single shareholder of the Company. The Practice provides medical imaging to patients using the QT Breast Scanner. Under the terms of the Agreement, the Company agreed to provide business services to the Practice including use of the facility which formerly operated as the Marin Breast Health Trial Center, including furniture and medical equipment, as well as use of certain personnel. In exchange for those services, the Practice agreed to pay the Company a management fee. Fees paid to the Company during the years ended December 31, 2022 and 2021 were \$48,000 each year, and were recorded as a reduction to general and administrative expenses on the consolidated statements of operations and comprehensive loss. Additionally, during the years ended December 31, 2022 and 2021, the Practice made product purchases from the Company of \$7,200 and \$5,400, respectively. As of December 31, 2022 and 2021, there were no amounts due to or due from the Practice.

Each of such Sponsor Directors are qualified to serve as “independent directors” under the listing rules and regulations of The Nasdaq Stock Market LLC (“[Nasdaq](#)”), the New York Stock Exchange (the “[NYSE](#)”) or NYSE American (the “[NYSE American](#),” and together with Nasdaq and NYSE, the “[Exchanges](#)”), applicable to service on committees of the QTI Holdings Board (“[QTI Holdings Independent Directors](#)”). GigCapital5 may, with the prior written consent of the Company (such consent not to be unreasonably withheld, conditioned or delayed), replace any such individual on the QTI Holdings Board with any other individual prior to the filing of the Registration Statement and Proxy Statement with the SEC by amending such list to include such replacement individual, provided, that such replacement individuals meet all the requirements of this Agreement, including being qualified to serve as QTI Independent Directors under the listing rules and regulations of the Exchanges.

(c) Three (3) named individuals and one (1) individual to be identified prior to the initial filing of the Registration Statement as set forth under the heading “Initial Post-Closing QTI Holdings Directors” and the subheading “Company Directors” on [Schedule 2.05](#) shall serve as Class I, Class II or Class III Directors, as specified on [Schedule 2.05](#), on the QTI Holdings Board effective as of the Closing (the “[Company Directors](#)” and, collectively with the Sponsor Directors, the “[Initial Post-Closing QTI Holdings Directors](#)”). At least one (1) of the Company Directors shall be qualified to serve as a QTI Holdings Independent Director under the listing rules and regulations of the Exchanges. The Company Director to be identified prior to the initial filing of the Registration Statement shall be subject to the written approval of GigCapital5, not to be unreasonably withheld, conditioned or delayed. The Company may, with the prior written consent of GigCapital5 (such consent not to be unreasonably withheld, conditioned or delayed), replace any such individual with any other individual prior to the filing of the Registration Statement and Proxy Statement with the SEC by amending such list to include such replacement individual, provided, that such replacement individuals meet all the requirements of this Agreement and at least one (1) of the individuals designated to the QTI Holdings Board pursuant to this [Section 2.05\(c\)](#) must be qualified to serve as a QTI Holdings Independent Director under the listing rules and regulations of the Exchanges. If for any individual who has been nominated to serve as a QTI Holdings Independent Director, such individual is not so qualified, then GigCapital5 shall omit from its proxy materials any such nominee, and any such nomination shall be disregarded and no vote on any such nominee will occur, notwithstanding that proxies in respect of such vote may have been received by GigCapital5.

(d) The individual with “Chairman of the QTI Holdings Board” set forth opposite his or her name on [Schedule 2.05](#) shall serve as the Chairman of the QTI Holdings Board effective as of the Closing. Each of

Notwithstanding the foregoing, each of such individuals must be QTI Holdings Independent Directors and must meet the rules and regulations of the Exchanges regarding committee membership, and if the requirement set forth in this sentence is not met, GigCapital5 shall omit from its proxy materials any such nominee for service on such committee of the QTI Holdings Board.

**ARTICLE III.
EFFECTS OF THE MERGER**

SECTION 3.01 Conversion of Securities.

(a) At the Effective Time, by virtue of the Merger and without any action on the part of GigCapital5, Merger Sub, the Company or the holders of any of the following securities or rights:

(i) each share of Company Common Stock issued and outstanding immediately prior to the Effective Time (including shares issued upon the exercise or conversion of Company Options, Company Warrants and Company Convertible Notes, in each case prior to the Effective Time, but excluding any shares to be cancelled pursuant to [Section 3.01\(a\)\(ii\)](#)) shall be canceled and converted into (A) the right to receive a number of shares of GigCapital5 Common Stock equal to the Exchange Ratio (the “[Per Share Merger Consideration](#)”) and (B) the contingent right to receive a portion of the Merger Consideration Earnout Shares, if, as and when payable in accordance with the provisions of [Section 3.07](#);

(ii) each share of Company Common Stock held in the treasury of the Company shall be canceled without any conversion thereof and no payment or distribution shall be made with respect thereto;

(iii) each share of Merger Sub Common Stock issued and outstanding immediately prior to the Effective Time shall be converted into and exchanged for one validly issued, fully paid and nonassessable share of common stock, par value \$0.0001 per share, of the Surviving Corporation; and

(b) Prior to the Effective Time, the Company shall in a manner acceptable to GigCapital5 take such actions as are necessary to terminate each Company Option that is outstanding immediately prior to the Effective Time, whether vested or unvested, including by payment or in accordance with Section 16(c)(ii) of the Company Option Plan by providing fifteen (15) day notice to holders of the Company Options that if the business combination is consummated, based on the anticipated value of the Company Options, the Company Options shall be terminated without any conversion thereof and no payment or distribution shall be made, and the holder thereof shall cease to have any rights, with respect thereto. At or prior to the Effective Time, the parties and their boards, as applicable, shall adopt any resolutions and take any actions that are necessary to effectuate the treatment of the Company Options pursuant to the provisions of this [Section 3.01\(b\)](#).

(c) Effective as of the Effective Time, each outstanding In-the-Money Company Warrant that is not exercised and exchanged prior to the Effective Time shall automatically, without any action on the part of the holder thereof, in accordance with the provisions thereof (for the avoidance of doubt, as may be amended following the date of this Agreement with the written approval of GigCapital5), be converted into a warrant to acquire a number of shares of GigCapital5 Common Stock at an adjusted exercise price per share, in each case, as determined under this [Section 3.01\(c\)](#) (each such resulting warrant, an “[Assumed Warrant](#)”). Each Assumed Warrant shall be subject to the same terms and conditions as were applicable to such corresponding In-the-Money Company Warrant immediately prior to the Effective Time (including applicable vesting conditions), except to the extent such terms or conditions are rendered inoperative by the

Transactions. Accordingly, effective as of the Effective Time: (A) each such Assumed Warrant shall be exercisable solely for shares of GigCapital5 Common Stock; (B) the number of shares of GigCapital5 Common Stock subject to each Assumed Warrant shall be determined by multiplying the number of shares of Company Common Stock subject to such In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting number down to the nearest whole number of shares of GigCapital5 Common Stock; (C) the per share exercise price for the GigCapital5 Common Stock issuable upon exercise of each Assumed Warrant shall be determined by dividing the per share exercise price for the shares of Company Common Stock subject to the In-the-Money Company Warrant, as in effect immediately prior to the Effective Time, by the Per Share Merger Consideration, and rounding the resulting exercise price up to the nearest whole cent; and (D) the holder of each In-the-Money Company Warrant outstanding as of immediately prior to the Effective Time shall be entitled to the contingent right to receive a portion of the Merger Consideration Earnout Shares, if, as and when payable in accordance with the provisions of [Section 3.07](#). Effective as of the Effective Time, each Company Warrant (other than any In-the-Money Company Warrant) that is outstanding immediately prior to the Effective Time, whether vested or unvested, shall, in accordance with the provisions thereof (for the avoidance of doubt, as may be amended following the date of this Agreement with the written approval of GigCapital5), be canceled without any conversion thereof and no payment or distribution shall be made, and the holder thereof shall cease to have any rights, with respect thereto. At or prior to the Effective Time, the parties and their boards, as applicable, shall adopt any resolutions and take any actions that are necessary to effectuate the treatment of the Company Warrants (including by causing or entering into any amendments thereto) pursuant to the provisions of this [Section 3.01\(c\)](#).

(d) Notwithstanding anything to the contrary set forth in this Agreement, (i) the portion of the Aggregate Closing Merger Consideration issuable to any Person pursuant to [Section 3.01\(a\)\(i\)](#) and [Section 3.01\(c\)](#) shall be calculated on an aggregate basis with respect to all shares of Company Common Stock, and all In-the-Money Company Warrant Shares subject to In-the-Money Company Warrants, held of record by such person immediately prior to the Effective Time, and (ii) after such aggregation, any fractional share of GigCapital5 Common Stock that would otherwise be issuable to such person following such aggregation shall be rounded up to a whole share of GigCapital5 Common Stock.

SECTION 3.02 Delivery of Shares.

(a) On the Closing Date, GigCapital5 shall deposit, or shall cause to be deposited, with a bank or trust company that shall be designated by GigCapital5 and is reasonably satisfactory to the Company (the “[Exchange Agent](#)”), for the benefit of the Company Equity Securityholders, for exchange in accordance with this [Article III](#), the number of shares of GigCapital5 Common Stock sufficient to deliver the aggregate Per Share Merger Consideration payable pursuant to this Agreement (such shares of GigCapital5 Common Stock, the Merger Consideration Earnout Shares and any dividends or distributions with respect thereto (pursuant to [Section 3.02\(c\)](#)), being hereinafter referred to as the “[Exchange Fund](#)”). GigCapital5 shall cause the Exchange Agent pursuant to irrevocable instructions, to pay the Per Share Merger Consideration out of the Exchange Fund in accordance with this Agreement. Except as contemplated by [Section 3.02\(c\)](#) and [Section 3.07](#), the Exchange Fund shall not be used for any other purpose.

(b) As promptly as practicable after the effectiveness of the Registration Statement, GigCapital5 shall use its reasonable best efforts to cause the Exchange Agent to mail to each holder of Company Common Stock entitled to receive the Per Share Merger Consideration pursuant to [Section 3.01](#): a letter of transmittal, which shall be in a form reasonably acceptable to GigCapital5 and the Company prior to the Closing (the “[Letter of Transmittal](#)”) and shall specify (i) that delivery shall be effected, and risk of loss and title to the certificates evidencing such shares of Company Common Stock (the “[Certificates](#)”) shall pass, only upon proper delivery of the Certificates to the Exchange Agent or confirmation of cancellation of such Certificates from the Company, (each, a “[Transfer Agent Cancellation](#)”); and (ii) instructions for use in effecting the surrender of the Certificates pursuant to the Letter of Transmittal. Within two (2) Business Days (but in no event prior to the Effective Time) after the surrender to the Exchange Agent of all

[Table of Contents](#)

Certificates held by such holder for cancellation (or a Transfer Agent Cancellation), together with a Letter of Transmittal, duly completed and validly executed in accordance with the instructions thereto and such other documents as may be required pursuant to such instructions, the holder of such Certificates shall be entitled to receive in exchange therefore, and QTI Holdings shall cause the Exchange Agent to deliver, the Per Share Merger Consideration with respect thereto in accordance with the provisions of [Section 3.01](#), and the Certificate so surrendered shall forthwith be cancelled. Until surrendered as contemplated by this [Section 3.02](#), each Certificate entitled to receive the Per Share Merger Consideration in accordance with [Section 3.01\(a\)\(f\)](#) shall be deemed at all times after the Effective Time to represent only (A) the right to receive upon such surrender the Per Share Merger Consideration that such holder is entitled to receive in accordance with the provisions of [Section 3.01\(a\)\(i\)](#) and (B) the contingent right to receive a portion of the Merger Consideration Earnout Shares, if, as and when payable in accordance with the provisions of [Section 3.07](#).

(c) No dividends or other distributions declared or made after the Effective Time with respect to the GigCapital5 Common Stock with a record date after the Effective Time shall be paid from the Exchange Fund to the holder of any unsurrendered Certificate with respect to the shares of GigCapital5 Common Stock represented thereby until the holder of such Certificate shall surrender such Certificate in accordance with [Section 3.02\(b\)](#). Subject to the effect of escheat, Tax or other applicable Laws, following surrender of any such Certificate, QTI Holdings shall pay or cause to be paid to the holder of the certificates representing shares of GigCapital5 Common Stock issued in exchange therefore, without interest, (i) promptly, but in any event within five (5) Business Days of such surrender, the amount of dividends or other distributions with a record date after the Effective Time and theretofore paid with respect to such shares of GigCapital5 Common Stock, and (ii) at the appropriate payment date, the amount of dividends or other distributions, with a record date after the Effective Time but prior to surrender and a payment date occurring after surrender, payable with respect to such shares of GigCapital5 Common Stock.

(d) The Per Share Merger Consideration and the Merger Consideration Earnout Shares payable upon conversion of the Company Equity Securities in accordance with the terms hereof shall be deemed to have been paid and issued in full satisfaction of all rights pertaining to such Company Equity Securities.

(e) The Per Share Merger Consideration shall be adjusted to reflect appropriately the effect of any stock split, reverse stock split, stock dividend, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with respect to GigCapital5 Common Stock occurring on or after the date hereof and prior to the Effective Time.

(f) Except as set forth in [Section 3.07](#) hereto, any portion of the Exchange Fund that remains undistributed to the Company Equity Securityholders for one year after the Effective Time shall be delivered to QTI Holdings, upon demand, and any Company Equity Securityholders who have not theretofore complied with this [Section 3.02](#) shall thereafter look only to QTI Holdings for the Per Share Merger Consideration. Any portion of the Exchange Fund remaining unclaimed by the applicable Company Equity Securityholders as of a date which is immediately prior to such time as such amounts would otherwise escheat to or become property of any government entity shall, to the extent permitted by applicable law, become the property of QTI Holdings free and clear of any claims or interest of any person previously entitled thereto.

(g) None of the Exchange Agent, QTI Holdings or the Surviving Corporation shall be liable to any Company Equity Securityholder for any such Company Equity Securities (or dividends or distributions with respect thereto) or cash delivered to a public official pursuant to any abandoned property, escheat or similar Law in accordance with [Section 3.02](#).

(h) Each of the Surviving Corporation and QTI Holdings shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to a person such amounts as it is required to deduct and withhold with respect to the making of such payment under the Code or any provision of state, local or foreign Tax law. To the extent that amounts are so withheld and timely remitted to the appropriate Governmental Authority by the Surviving Corporation or QTI Holdings, as the case may be, such withheld

amounts shall be treated for all purposes of this Agreement as having been paid to the person in respect of which such deduction and withholding was made by the Surviving Corporation or QTI Holdings, as the case may be. If the Surviving Corporation or QTI Holdings intends to withhold any Taxes from any amounts payable to holders of equity interests in the Company (other than with respect to any withholding) on amounts treated as compensation for applicable Tax purposes, QTI Holdings shall use reasonable best efforts to provide prior notice of such withholding to the Company as soon as reasonably practicable after it determines withholding is required. The Surviving Corporation, QTI Holdings and any Company Equity Securityholder, as applicable, shall reasonably cooperate to reduce or seek an exemption from any withholding, including providing the Person in respect of which such deduction and withholding was made with a reasonable opportunity to provide forms or other evidence that would exempt such amounts from withholding.

(i) If any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such Certificate to be lost, stolen or destroyed, the Exchange Agent will issue in exchange for such lost, stolen or destroyed Certificate, the Per Share Merger Consideration that such holder is otherwise entitled to receive pursuant to, and in accordance with, the provisions of [Section 3.01\(a\)\(i\)](#).

SECTION 3.03 Stock Transfer Books. At the Effective Time, the stock transfer books of the Company shall be closed and there shall be no further registration of transfers of Company Common Stock thereafter on the records of the Company. From and after the Effective Time, the holders of Certificates representing Company Common Stock outstanding immediately prior to the Effective Time shall cease to have any rights with respect to such Company Common Stock, except as otherwise provided in this Agreement or by Law. On or after the Effective Time, any Certificates presented to the Exchange Agent or QTI Holdings for any reason shall be converted into (a) the Per Share Merger Consideration in accordance with the provisions of [Section 3.01\(a\)\(i\)](#) and (b) the contingent right to receive a portion of the Merger Consideration Earnout Shares if, as and when payable in accordance with the provisions of [Section 3.07](#).

SECTION 3.04 Payment of Expenses.

(a) No sooner than five (5) or later than two (2) Business Days prior to the Closing Date, the Company shall provide to GigCapital5 a written report setting forth a list of all of the following fees, expenses and disbursements incurred by or on behalf of the Company in connection with the preparation, negotiation and execution of this Agreement and the consummation of the transactions contemplated hereby (together with paid invoices or wire transfer confirmation receipts), including such fees and expenses that have been (x) paid or will be paid prior to the close of business on the Business Day immediately preceding the Closing (collectively, the "[Paid Company Transaction Expenses](#)") or (y) incurred and expected to remain unpaid as of the close of business on the Business Day immediately preceding the Closing Date (collectively, the "[Unpaid Company Transaction Expenses](#)") and, together with the Paid Company Transaction Expenses, the "[Company Transaction Expenses](#)": (i) the amount of expenses paid by the Company pursuant to the provisions of [Section 9.03](#); (ii) the fees and disbursements of outside legal counsel to the Company incurred in connection with the Transactions; (iii) the fees, costs and expenses associated with the Tail Policies; and (iv) the fees, costs, commissions and expenses of any other agents, advisors, consultants, experts, financial advisors, lenders, brokers and other service providers engaged by or on behalf of, or otherwise entitled to payments or other compensation from, the Company in connection with the Transactions. On the Closing Date following the Closing, QTI Holdings shall pay or cause to be paid by wire transfer of immediately available funds all such Unpaid Company Transaction Expenses (other than any such Unpaid Company Transaction Expenses to be satisfied by the issuance of shares of GigCapital5 Common Stock pursuant to the provisions of [Section 3.04\(d\)](#) and [Section 3.04\(g\)](#)). For the avoidance of doubt, the Company Transaction Expenses shall not include any fees and expenses incurred by the Company's stockholders (except to the extent incurred on behalf, and for the account, of the Company).

(b) No sooner than five (5) or later than two (2) Business Days prior to the Closing Date, GigCapital5 shall provide to the Company a written report setting forth: (i) the amount of expenses paid by GigCapital5

pursuant to the provisions of [Section 9.03](#) (the "Paid GigCapital5 Transaction Expenses"); (ii) a list of all the fees and disbursements of outside legal counsel, agents, advisors, consultants, experts, financial advisors, lenders, brokers and other service providers engaged by or on behalf of, or otherwise entitled to payments or other compensation from, GigCapital5 or Merger Sub in connection with the Transactions or otherwise in connection with GigCapital5's operations (together with written invoices and wire transfer instructions for the payment thereof); and (iii) a list of all costs and expenses payable to the R&W Insurance Provider in connection with the transactions contemplated herein (the fees, costs, expenses and disbursements described in the foregoing clauses (ii) and (iii), collectively, the "Unpaid GigCapital5 Transaction Expenses" and, together with the Paid GigCapital5 Transaction Expenses, the "GigCapital5 Transaction Expenses"). On the Closing Date following the Closing, QTI Holdings shall pay or cause to be paid by wire transfer of immediately available funds all such Unpaid GigCapital5 Transaction Expenses (other than any such Unpaid GigCapital5 Transaction Expenses to be satisfied by the issuance of shares of GigCapital5 Common Stock pursuant to the provisions of [Section 3.04\(e\)](#)).

(c) QTI Holdings shall not pay or cause to be paid any Unpaid GigCapital5 Transaction Expenses or Unpaid Company Transaction Expenses other than in accordance with this [Section 3.04](#).

(d) Notwithstanding anything to the contrary set forth in this Agreement, if the Unpaid Company Transaction Expenses would exceed the Company Transaction Expenses Cap, the Company shall use its reasonable best efforts to cause its agents, advisors, consultants, experts, financial advisors and other service providers (other than outside legal counsel, certified public accountants, insurance companies and brokers, trust and transfer agents and other similarly situated service providers) who are or will be owed Unpaid Company Transaction Expenses to agree in writing to accept payment of such excess (or any applicable portion thereof) in the form of shares of GigCapital5 Common Stock, in lieu of cash, up to an aggregate number of shares of GigCapital5 Common Stock equal to the Aggregate Excess Company Transaction Expenses Shares, to be issued by GigCapital5 to such service providers of the Company at the Closing on terms and conditions approved in writing by GigCapital5 (such approval not to be unreasonably withheld, conditioned or delayed). Subject to the foregoing, GigCapital5 shall, at the Closing, issue such shares of GigCapital5 Common Stock to such service providers of the Company in accordance with such approved terms and conditions.

(e) Notwithstanding anything to the contrary set forth in this Agreement, if the Unpaid GigCapital5 Transaction Expenses would exceed the GigCapital5 Transaction Expenses Cap, GigCapital5 shall use its reasonable best efforts to cause its agents, advisors, consultants, experts, financial advisors and other service providers (other than outside legal counsel, certified public accountants, insurance companies and brokers, trust and transfer agents and other similarly situated service providers) who are or will be owed Unpaid GigCapital5 Transaction Expenses to agree in writing to accept payment of such excess (or any applicable portion thereof) in the form of shares of GigCapital5 Common Stock, in lieu of cash, up to an aggregate number of shares of GigCapital5 Common Stock equal to the Aggregate Excess GigCapital5 Transaction Expenses Shares, to be issued by GigCapital5 to such service providers of GigCapital5 at the Closing on terms and conditions approved in writing by the Company (such approval not to be unreasonably withheld, conditioned or delayed). Subject to the foregoing, GigCapital5 shall, at the Closing, issue such shares of GigCapital5 Common Stock to such service providers of GigCapital5 in accordance with such approved terms and conditions.

(f) If the Unpaid GigCapital5 Transaction Expenses exceed the Unpaid GigCapital5 Transaction Expenses Cap, GigCapital5 shall cause the Sponsor, at the Closing, to irrevocably forfeit and transfer to GigCapital5 a number of shares of GigCapital5 Common Stock equal to the Aggregate Excess GigCapital5 Transaction Expenses Shares, and thereafter the Sponsor shall have no further right or interest in such shares of GigCapital5 Common Stock, which shall remain in treasury at GigCapital5 until otherwise disposed of by GigCapital5 in its sole discretion.

(g) Notwithstanding anything to the contrary set forth in this Agreement, the Unpaid Company Transaction Expenses set forth on [Schedule 3.04\(g\)](#) shall be settled in shares of GigCapital5 Common Stock

issued to the applicable individual service providers of the Company at the Closing on the terms and conditions set forth in the written agreements between the Company and such service providers, together with any amendments thereto as may be reasonably required by GigCapital5. Subject to the foregoing, GigCapital5 shall, at the Closing, issue such shares of GigCapital5 Common Stock to such service providers of the Company in accordance with such terms and conditions, as may be amended. For the avoidance of doubt, each such share of GigCapital5 Common Stock issued pursuant to this [Section 3.04\(g\)](#) shall be treated as \$10.00 of Unpaid Company Transaction Expenses.

SECTION 3.05 Appraisal Rights.

(a) Notwithstanding any provision of this Agreement to the contrary and to the extent available under the DGCL, shares of Company Common Stock that are outstanding immediately prior to the Effective Time and that are held by stockholders of the Company who shall have neither voted in favor of the Merger nor consented thereto in writing and who shall have demanded properly in writing appraisal for such Company Common Stock in accordance with Section 262 of the DGCL and otherwise complied with all of the provisions of the DGCL relevant to the exercise and perfection of dissenters' rights shall not be converted into, and such stockholders shall have no right to receive, the Per Share Merger Consideration or the contingent right to receive any portion of the Merger Consideration Earnout Shares, unless and until such stockholder fails to perfect or withdraws or otherwise loses his, her or its right to appraisal and payment under the DGCL. Any stockholder of the Company who fails to perfect or who effectively withdraws or otherwise loses his, her or its rights to appraisal of such shares of Company Common Stock under Section 262 of the DGCL shall thereupon be deemed to have been converted into, and to have become exchangeable for, as of the Effective Time, the right to receive (i) the Per Share Merger Consideration, without any interest thereon, upon surrender, in the manner provided in [Section 3.01\(a\)\(i\)](#), of the Certificate or Certificates that formerly evidenced such shares of Company Common Stock, and a portion of the Merger Consideration Earnout Shares if, as and when payable in accordance with the provisions of [Section 3.07](#).

(b) Prior to the Closing, the Company shall give GigCapital5 (i) prompt notice of any demands for appraisal received by the Company and any withdrawals of such demands, and (ii) the opportunity to participate in all negotiations and proceedings with respect to demands for appraisal under the DGCL. The Company shall not, except with the prior written consent of GigCapital5 (which consent shall not be unreasonably withheld), make any payment with respect to any demands for appraisal or offer to settle or settle any such demands.

Neither the Company nor, to the knowledge of the Company, any of its officers, employees, or agents is the subject of any pending or threatened investigation by the FDA pursuant to its Fraud, Untrue Statements of Material Facts, Bribery, and Illegal Gratuities Final Policy or by any other Government Entity pursuant to any similar Law.

The Company shall, and shall cause its affiliates and Representatives to, immediately cease any and all existing discussions or negotiations with any person conducted heretofore with respect to any Alternative Transaction. The Company also agrees that it will promptly request each person (other than the parties hereto and their respective Representatives) that has prior to the date hereof executed a confidentiality agreement in connection with its, his or her consideration of acquiring the Company to return or destroy all Confidential Information furnished to such person by or on behalf of it, him, or her prior to the date hereof. If the Company or any of its Representatives receives any inquiry or proposal with respect to an Alternative Transaction at any time prior to the Closing, then the Company shall promptly (and in no event later than twenty-four (24) hours after the Company become aware of such inquiry or proposal) notify such person in writing that the Company is subject to an exclusivity agreement with respect to the sale of the Company that prohibits it from considering such inquiry or proposal, and will provide GigCapital5 with a copy of any such written inquiry or proposal or a detailed summary of any such verbal inquiry or proposal, including in each case the identity of the person making such inquiry or proposal. Without limiting the foregoing, the parties agree that any violation of the restrictions set forth in this Section 7.05(a) by the Company or its affiliates or Representatives shall be deemed to be a breach of this Section 7.05(a) by the Company.

(b) From and after the date hereof until the Effective Time or, if earlier, the termination of this Agreement, GigCapital5 shall not take, nor shall it permit any of its affiliates or Representatives to take, whether directly or indirectly, any action to solicit, initiate, continue or engage in discussions or negotiations with, or enter into any agreement with, or encourage, respond, provide information to or commence due diligence with respect to, any person (other than the Company, its stockholders and/or any of their affiliates or Representatives), concerning, relating to or which is intended or is reasonably likely to give rise to or result in, any offer, inquiry, proposal or indication of interest, written or oral relating to any business combination transaction (a “Business Combination Proposal”) other than with the Company, its stockholders and their respective affiliates and Representatives. GigCapital5 shall, and shall cause its affiliates and Representatives to, immediately cease any and all existing discussions or negotiations with any person (other than with the Company, its stockholders and their respective affiliates and Representatives) conducted prior to the date hereof with respect to, or which is reasonably likely to give rise to or result in, a Business Combination Proposal.

SECTION 7.06 Employee Benefits Matters. The parties shall cooperate to establish an equity incentive award plan for QTI Holdings with an award pool of GigCapital5 Common Stock equal to eleven percent (11%) of the fully diluted shares of GigCapital5 Common Stock outstanding as of immediately after the Effective Time (rounded up to the nearest whole share) (the “Initial Equity Plan Pool”), which plan shall include an “evergreen” provision pursuant to which such award pool will automatically increase on each January 1st that occurs within the ten year period following stockholder approval of such plan by an amount equal to five percent (5%) of the shares of GigCapital5 Common Stock outstanding as of 12:01 a.m. (Pacific Time) on such date, and which plan shall become effective upon, or as soon as practicable following, the Closing (the “Equity Plan”). The Equity Plan will provide that awards made pursuant to it by QTI Holdings may be in the form of options, stock appreciation rights, restricted stock awards, restricted stock units, performance shares, performance units, cash-based awards and other stock-based awards (the “Awards”). The parties expect that up to twenty-five percent

(25%) of the Initial Equity Plan Pool would be reserved for issuance of Awards by QTI Holdings to individuals who were employees or other service providers of the Company as of the Closing, and remain continuously employed or engaged by QTI Holdings at the time of the issuance of such Awards following the Closing. GigCapital5 shall take all steps necessary to submit the Equity Plan for approval by the stockholders of GigCapital5 prior to Closing.

SECTION 7.07 Directors' and Officers' Indemnification; Tail Insurance.

(a) The certificate of incorporation and bylaws of the Surviving Corporation shall contain provisions no less favorable with respect to exculpation, indemnification, advancement of expenses or expense reimbursement existing in favor of the current or former directors and officers of Company than are set forth in the organizational documents of the Company, which provisions shall not be amended, repealed or otherwise modified for a period of six years from the Effective Time in any manner that would affect adversely the rights thereunder of individuals who, at or prior to the Effective Time, were directors or officers of the Company, unless such modification shall be required by applicable Law; provided, the foregoing shall only apply with regard to pre-Closing Date acts or omissions or matters by reason of pre-Closing Date service of such Persons. GigCapital5 further agrees that with respect to the provisions of the bylaws or limited liability company agreements of the Company Subsidiaries relating to exculpation, indemnification, advancement of expenses or expense reimbursement existing in favor of the current or former directors and officers of the Company Subsidiaries and each Person who served as a director, officer, manager, member, trustee or fiduciary of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or enterprise at the request of the Company under any organizational documents, indemnification, employment or other similar agreements between any such Person and the Company, such provisions shall not be amended, repealed or otherwise modified for a period of six years from the Effective Time in any manner that would affect adversely the rights thereunder of individuals who, at or prior to the Effective Time, were directors, officers, managers, member, trustee or fiduciary of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or enterprise of such Company Subsidiary, unless such modification shall be required by applicable Law; provided, the foregoing shall only apply with regard to pre-Closing Date acts or omissions or matters by reason of pre-Closing Date service of such Persons.

(b) For the benefit of the Company and the Company Subsidiaries' directors and officers, the Company may prior to the Closing Date obtain and fully pay the premium for a "tail" insurance policy that provides coverage with respect to such entities for up to a six-year period from and after the Effective Time for events occurring prior to the Effective Time (the "Company D&O Tail Insurance").

(c) After the Closing Date, QTI Holdings shall maintain director and officer insurance policies on behalf of its then current directors and officers of QTI Holdings, the Surviving Corporation and the other Company Subsidiaries, and QTI Holdings shall timely pay or caused to be paid all premiums with respect to such director and officer insurance policies.

(d) On the Closing Date, QTI Holdings shall enter into customary indemnification agreements reasonably satisfactory to each of the Company and GigCapital5 with the post-Closing directors and officers of GigCapital5, the Company and the Surviving Corporation, which indemnification agreements shall continue to be effective following the Closing.

(e) On and after the Closing Date, for a period of no less than six years, QTI Holdings shall maintain public company directors' and officers' liability insurance with full, continuous prior acts coverage for pre-Closing acts, errors, omissions, or claims based on the status, of GigCapital5's directors and officers (such insurance, together with the Company D&O Tail Insurance, the "Tail Policies"). Such coverage shall be at least the equivalent, including with respect to amount and coverage terms, as that provided under GigCapital5's public company D&O insurance just prior to Closing; for clarity, this requirement is satisfied by the purchase and maintenance of the extended reporting period on such coverage.

(f) On and after the Closing Date, for a period of no less than six years, QTI Holdings shall, with regard to pre-Closing acts, errors, omissions of GigCapital5 and the Company's directors and officers, respectively, maintain certificates of incorporation and bylaws with provisions no less favorable with respect to indemnification, advancement, expense reimbursement, and exculpation, than are set forth in the certificates of incorporation or bylaws of GigCapital5 and the Company, respectively, just prior to Closing.

(g) On and after the Closing Date, for a period of no less than six years, QTI Holdings agrees that it shall defend, indemnify and hold harmless the Sponsor, its affiliates, and their respective present and former directors and officers against any costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages or liabilities incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of or pertaining to the transactions, actions, and investments contemplated by this Agreement or any Ancillary Agreements, whether asserted or claimed prior to, at or after the Closing, to the fullest extent permitted by applicable Law (including the advancing of expenses as incurred to the fullest extent permitted under applicable Law). Notwithstanding anything herein to the contrary, the parties expressly acknowledge and agree that Sponsor shall be an express third-party beneficiary of this [Section 7.07\(g\)](#).

SECTION 7.08 Notification of Certain Matters. The Company shall give prompt notice to GigCapital5, and GigCapital5 shall give prompt notice to the Company, of any event which a party becomes aware of between the date of this Agreement and the Closing (or the earlier termination of this Agreement in accordance with [Article IX](#)), the occurrence, or non-occurrence of which causes or would reasonably be expected to cause any of the conditions set forth in [Article VIII](#) to fail to be satisfied at the Closing.

SECTION 7.09 Further Action; Reasonable Best Efforts

(a) Upon the terms and subject to the conditions of this Agreement, each of the parties hereto shall use its reasonable best efforts to take, or cause to be taken, appropriate action, and to do, or cause to be done, such things as are necessary, proper or advisable under applicable Laws or otherwise to consummate and make effective the Transactions, including, without limitation, using its reasonable best efforts to obtain all permits, consents, approvals, authorizations, qualifications and orders of Governmental Authorities and parties to contracts with the Company and the Company Subsidiaries as set forth in [Section 4.05](#) necessary for the consummation of the Transactions and to fulfill the conditions to the Merger. In case, at any time after the Effective Time, any further action is necessary or desirable to carry out the purposes of this Agreement, the proper officers and directors of each party shall use their reasonable best efforts to take all such action.

(b) Each of the parties shall keep each other apprised of the status of matters relating to the Transactions, including promptly notifying the other parties of any communication it or any of its affiliates receives from any Governmental Authority relating to the matters that are the subject of this Agreement and permitting the other parties to review in advance, and to the extent practicable consult about, any proposed communication by such party to any Governmental Authority in connection with the Transactions. No party to this Agreement shall agree to participate in any meeting with any Governmental Authority in respect of any filings, investigation, or other inquiry unless it consults with the other parties in advance and, to the extent permitted by such Governmental Authority, gives the other parties the opportunity to attend and participate at such meeting. Subject to the terms of the Confidentiality Agreement, the parties will coordinate and cooperate fully with each other in exchanging such information and providing such assistance as the other parties may reasonably request in connection with the foregoing. Subject to the terms of the Confidentiality Agreement, the parties will provide each other with copies of all material correspondence, filings, or communications, including any documents, information and data contained therewith, between them or any of their Representatives, on the one hand, and any Governmental Authority or members of its staff, on the other hand, with respect to this Agreement and the Transactions contemplated hereby. No party shall take or cause to be taken any action before any Governmental Authority that is inconsistent with or intended to delay its action on requests for a consent or the consummation of the Transactions.

SECTION 7.10 Public Announcements. The initial press release relating to this Agreement shall be a joint press release the text of which has been agreed to by each of GigCapital5 and the Company. Thereafter, between the date of this Agreement and the Closing Date (or the earlier termination of this Agreement in accordance with [Article IX](#)) unless otherwise prohibited by applicable Law or the requirements of the Exchanges, as applicable, each of GigCapital5 and the Company shall each use its reasonable best efforts to consult with each other before issuing any press release or otherwise making any public statements with respect to this Agreement, the Merger or any of the other Transactions, and shall not issue any such press release or make any such public statement without the prior written consent of the other party. Furthermore, nothing contained in this [Section 7.10](#) shall prevent GigCapital5 or the Company and/or its respective affiliates from furnishing customary or other reasonable information concerning the Transactions to their investors and prospective investors.

SECTION 7.11 Tax Matters.

(a) Each of GigCapital5, Merger Sub and the Company shall use their respective commercially reasonable efforts to cause the Merger to qualify, and agree not to, and not to permit or cause any of their affiliates or subsidiaries to, take any action which to its knowledge could reasonably be expected to prevent or impede the Merger from qualifying, as a reorganization within the meaning of Section 368(a) of the Code (and for purposes of any applicable state or local income Tax that follows the U.S. federal income Tax treatment). This Agreement is intended to constitute, and the parties hereto hereby adopt this Agreement as, a "plan of reorganization" within the meaning of Treasury Regulation Sections 1.368-2(g) and 1.368-3(a). Each of GigCapital5, Merger Sub and the Company shall report the Merger as a reorganization within the meaning of Section 368(a) of the Code unless otherwise required pursuant to a "determination" within the meaning of Section 1313(a) of the Code, including attaching the statement described in Treasury Regulations Section 1.368-3(a) on or with its Tax Return for the taxable year of the Merger. To the extent that the SEC or any other Governmental Authority may require that an opinion be provided at or prior to the Closing in respect of the disclosure of the Tax consequences of the Transactions, each of GigCapital5 and the Company will use its reasonable best efforts and reasonably cooperate with one another and their respective counsel in connection with the issuance to GigCapital5 or the Company of such opinion, as applicable, described above, including using reasonable best efforts to deliver to the relevant counsel certificates (dated as of the necessary date and signed by an officer of GigCapital5 or the Company, or their respective affiliates, as applicable) containing customary representations reasonably necessary or appropriate for such counsel to render such opinion. To the extent such opinion relates to GigCapital5 or any owners thereof, Tax advisors for GigCapital5 will provide any such opinion, and to the extent such opinion relates to the Company or any owners thereof, Tax advisors for the Company will provide any such opinion, in each case, to the extent reasonably possible subject to customary assumptions and limitations and consistent with such Tax advisor's internal policies.

During the period from the date hereof until the Closing, GigCapital5 shall use its reasonable best efforts to keep the GigCapital5 Units, GigCapital5 Common Stock, and GigCapital5 Warrants listed for trading on any of the Exchanges.

SECTION 7.13 Antitrust.

(a) To the extent required under any Laws that are designed to prohibit, restrict, or regulate actions having the purpose or effect of monopolization or restraint of trade, including the HSR Act ("Antitrust Laws"), each party hereto agrees to promptly make any required filing or application under Antitrust Laws, as applicable. The parties hereto agree to supply as promptly as reasonably practicable any additional information and documentary material that may be requested pursuant to Antitrust Laws and to use commercially reasonable efforts to take any other actions necessary, proper or advisable to cause the expiration or termination of the applicable waiting periods or obtain required approvals, as applicable under Antitrust Laws as soon as reasonably practicable, including by requesting early termination of the waiting period provided for under the HSR Act.

(c) No party hereto shall take any action that could reasonably be expected to adversely affect or materially delay the approval of any Governmental Authority of any required filings or applications under Antitrust Laws. The parties hereto further covenant and agree, with respect to a threatened or pending preliminary or permanent injunction or other order, decree or ruling or statute, rule, regulation or executive order that would adversely affect the ability of the parties to consummate the Transactions, to use commercially reasonable efforts to prevent or lift the entry, enactment or promulgation thereof, as the case may be.

**ARTICLE IX.
TERMINATION, AMENDMENT AND WAIVER**

SECTION 9.01 Termination. This Agreement may be terminated, and the Merger and the other Transactions may be abandoned at any time prior to the Effective Time, notwithstanding any requisite approval and adoption of this Agreement and the Transactions by the stockholders of the Company or GigCapital5, as follows:

- (a) by mutual written consent of GigCapital5 and the Company; or
- (b) by written notice by either GigCapital5 or the Company if the Effective Time shall not have occurred prior to the date that is nine (9) months following the date of this Agreement (the "Outside Date"); provided, however, that this Agreement may not be terminated under this Section 9.01(b) by or on behalf of any party that either directly or indirectly through its affiliates is in breach or violation of any representation, warranty, covenant, agreement or obligation contained herein and such breach or violation is the principal cause of the failure of a condition set forth in Article VIII on or prior to the Outside Date; or
- (c) by written notice by either GigCapital5 or the Company if any Governmental Authority of competent jurisdiction in the United States shall have enacted, issued, promulgated, enforced, or entered any injunction, order, decree or ruling (whether temporary, preliminary or permanent) which has become final and nonappealable and has the effect of making consummation of the Transactions, including the Merger, illegal or otherwise preventing or prohibiting consummation of the Transactions or the Merger; or
- (d) by written notice by either GigCapital5 or the Company to the other party, if any of the GigCapital5 Proposals shall fail to receive the requisite vote for approval at the GigCapital5 Stockholders' Meeting; or
- (e) by written notice by GigCapital5 to the Company, if the Company shall have failed to deliver the Written Consent to GigCapital5; or
- (f) by written notice by GigCapital5 to the Company upon a breach of any representation, warranty, covenant or agreement on the part of the Company set forth in this Agreement, or if any representation or warranty of the Company shall have become untrue, in either case such that the conditions set forth in Sections 8.02(a) and 8.02(b) would not be satisfied ("Terminating Company Breach"); provided that GigCapital5 has not waived such Terminating Company Breach and GigCapital5 and Merger Sub are not then in material breach of their representations, warranties, covenants or agreements in this Agreement; provided further that, if such Terminating Company Breach is curable by the Company, GigCapital5 may not terminate this Agreement under this Section 9.01(f) for so long as the Company continues to exercise its reasonable efforts to cure such breach, unless such breach is not cured within thirty (30) days after notice of such breach is provided by GigCapital5 to the Company; or

(g) by written notice by the Company to GigCapital5 upon a breach of any representation, warranty, covenant or agreement on the part of GigCapital5 or Merger Sub set forth in this Agreement, or if any representation or warranty of GigCapital5 or Merger Sub shall have become untrue, in either case such that the conditions set forth in [Sections 8.03\(a\)](#) and [8.03\(b\)](#) would not be satisfied ("[Terminating GigCapital5 Breach](#)"); [provided](#) that the Company has not waived such Terminating GigCapital5 Breach and the Company is not then in material breach of their representations, warranties, covenants or agreements in this Agreement; [provided, however](#), that, if such Terminating GigCapital5 Breach is curable by GigCapital5 and Merger Sub, the Company may not terminate this Agreement under this [Section 9.01\(g\)](#) for so long as GigCapital5 and Merger Sub continue to exercise their reasonable efforts to cure such breach, unless such breach is not cured within thirty (30) days after notice of such breach is provided by the Company to GigCapital5; or

(h) by written notice by either GigCapital5 or the Company to the other party, if the condition set forth in [Section 8.01\(h\)](#) has not been satisfied.

SECTION 9.02 Effect of Termination. In the event of the termination of this Agreement pursuant to written notice in [Section 9.01](#) which shall set forth the basis of such termination including the provision of [Section 9.01](#) under which such termination is made, this Agreement shall forthwith become void, and there shall be no liability under this Agreement on the part of any party hereto, and all rights and obligations of each party shall cease, except as set forth in [Section 7.04](#), this [Section 9.02](#), [Section 9.03](#), [Article X](#), and any corresponding definitions set forth in [Article I](#), or in the case of termination subsequent to a willful material breach of this Agreement by a party hereto.

SECTION 9.03 Expenses. Except as set forth in this [Section 9.03](#) or elsewhere in this Agreement, all expenses incurred in connection with this Agreement and the Transactions shall be paid by the party incurring such expenses, whether or not the Merger or any other Transaction is consummated, except that GigCapital5 and the Company shall each pay one-half of all expenses relating to the filing fee for the Notification and Report Forms filed under the HSR Act (and, for the avoidance of doubt, such expenses paid by GigCapital5 and the Company shall be Paid GigCapital5 Transaction Expenses and Paid Company Transaction Expenses, respectively).

SECTION 9.04 Amendment. This Agreement may be amended in writing by the parties hereto at any time prior to the Effective Time. This Agreement may not be amended except by an instrument in writing signed by each of the parties hereto.

SECTION 9.05 Waiver. At any time prior to the Effective Time, (a) GigCapital5 may (i) extend the time for the performance of any obligation or other act of the Company, (ii) waive any inaccuracy in the representations and warranties of the Company contained herein or in any document delivered by the Company pursuant hereto, and (iii) waive compliance with any agreement of the Company or any condition to its own obligations contained herein and (b) the Company may (i) extend the time for the performance of any obligation or other act of GigCapital5 or Merger Sub, (ii) waive any inaccuracy in the representations and warranties of GigCapital5 or Merger Sub contained herein or in any document delivered by GigCapital5 and/or Merger pursuant hereto, and (iii) waive compliance with any agreement of GigCapital5 or Merger Sub or any condition to its own obligations contained herein. Any such extension or waiver shall be valid if set forth in an instrument in writing signed by the party or parties to be bound thereby.

SECTION 10.02 Non-survival of Representations, Warranties and Covenants. None of the representations, warranties, covenants, obligations or other agreements in this Agreement or in any certificate, statement or instrument delivered pursuant to this Agreement, including any rights arising out of any breach of such representations, warranties, covenants, obligations, agreements and other provisions, shall survive the Closing and all such representations, warranties, covenants, obligations or other agreements shall terminate and expire upon the occurrence of the Closing (and there shall be no liability after the Closing in respect thereof), except for (a) the sole purpose of recovery under the R&W Insurance Policy, (b) those covenants and agreements contained herein that by their terms expressly apply in whole or in part after the Closing and then only with respect to any breaches occurring after the Closing, (c) this Article X and any corresponding definitions set forth in Article I, and (d) any rights of GigCapital5 to seek and obtain recovery of damages arising out of or relating to Fraud, which rights shall in no event expire or be terminated, waived, or otherwise affected by operation of this Section 10.02.

SECTION 10.03 Severability. If any term or other provision of this Agreement is invalid, illegal, or incapable of being enforced by any rule of law, or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the Transactions is not affected in any manner materially adverse to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the Transactions be consummated as originally contemplated to the fullest extent possible.

SECTION 10.04 Entire Agreement; Assignment. This Agreement and the Ancillary Agreements constitute the entire agreement among the parties with respect to the subject matter hereof and supersede, except as set forth in Section 7.04(b), all prior agreements, and undertakings, both written and oral, among the parties, or any of them, with respect to the subject matter hereof, except for the Confidentiality Agreement. This Agreement shall not be assigned (whether pursuant to a merger, by operation of law or otherwise) by any party without the prior express written consent of the other parties hereto.

SECTION 10.05 Parties in Interest. This Agreement shall be binding upon and inure solely to the benefit of each party hereto, and nothing in this Agreement, express or implied, is intended to or shall confer upon any other person any right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement, other than Section 7.07 (which is intended to be for the benefit of the persons covered thereby and may be enforced by such persons).

SECTION 10.06 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to any conflict of law rule or principle that would result in the application of any laws other than the laws of the State of Delaware. All Actions arising out of or relating to this Agreement shall be heard and determined exclusively in the Court of Chancery of the State of Delaware or, if such court declines to exercise jurisdiction or if subject matter jurisdiction over the matter that is the subject of any such legal action or proceeding is vested exclusively in the U.S. federal courts, the U.S. District Court for the District of Delaware. The parties hereto hereby (a) irrevocably submit to the exclusive jurisdiction of the aforesaid courts for themselves and with respect to their respective properties for the purpose of any Action arising out of or relating to this Agreement brought by any party hereto, and (b) agree not to commence any Action relating thereto except in the courts described above in Delaware, other than Actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in Delaware as described herein. Each of the parties further agrees that notice as provided herein shall constitute sufficient service of process and the parties further waive any argument that such service is insufficient. Each of the parties hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (a) any claim that it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (b) that it or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise), and (c) that (i) the Action in any such court is brought in an inconvenient forum, (ii) the venue of such Action is improper or (iii) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

SECTION 10.07 WAIVER OF JURY TRIAL. EACH OF THE PARTIES HERETO HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS. EACH OF THE PARTIES HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THAT FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE TRANSACTIONS, AS APPLICABLE, BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS [SECTION 10.07](#).

SECTION 10.08 Headings. The descriptive headings contained in this Agreement are included for convenience of reference only and shall not affect in any way the meaning or interpretation of this Agreement.

SECTION 10.09 Counterparts. This Agreement may be executed and delivered (including by facsimile or portable document format (pdf) transmission) in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

SECTION 10.10 Non-Recourse(i). This Agreement may only be enforced against, and any claim or cause of action based upon, arising out of, or related to this Agreement or the Transactions may only be brought against, the parties, and then only with respect to the specific obligations set forth herein or in the other Transaction Documents with respect to such party. Except to the extent a party to this Agreement or the other Transaction Documents and then only to the extent of the specific obligations undertaken by such party in this Agreement or in the applicable Ancillary Agreement, (a) no past, present or future director, officer, employee, incorporator, member, partner, stockholder, affiliate, agent, attorney, advisor or representative or affiliate of any party to this Agreement or any other Transaction Documents, and (b) no past, present or future director, officer, employee, incorporator, member, partner, stockholder, affiliate, agent, attorney, advisor or Representative or affiliate of any of the foregoing shall have any liability (whether in contract, tort, equity or otherwise) for any one or more of the representations, warranties, covenants, agreements or other obligations or liabilities of any one or

more of the Company, GigCapital5, or Merger Sub under this Agreement or any other Transaction Document of or for any claim based on, arising out of, or related to this Agreement or the Transactions.

SECTION 10.11 Specific Performance. The parties agree that irreparable damage would occur if any provision of this Agreement were not performed in accordance with the terms hereof, and, accordingly, that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement or to enforce specifically the performance of the terms and provisions hereof (including the parties' obligation to consummate the Merger) in accordance with the provisions of [Section 10.06](#) without proof of actual damages or otherwise, in addition to any other remedy to which they are entitled at law or in equity as expressly permitted in this Agreement. Each of the parties hereby further waives (a) any defense in any action for specific performance that a remedy at law would be adequate and (b) any requirement under any Law to post security or a bond as a prerequisite to obtaining equitable relief.

RECITALS

WHEREAS, concurrently herewith, the Company, QTI Merger Sub, Inc., a Delaware corporation ("Merger Sub"), and GigCapital5 are entering into a Business Combination Agreement (as amended, supplemented, restated or otherwise modified from time to time, the "BCA"), pursuant to which (and subject to the terms and conditions set forth therein) Merger Sub will merge with and into the Company (the "Merger"), with the Company surviving the Merger as a wholly owned subsidiary of GigCapital5;

WHEREAS, capitalized terms used but not otherwise defined in this Agreement shall have the meanings ascribed to them in the BCA;

WHEREAS, the Sponsor is currently the record owner of 6,530,000 shares of GigCapital5 Common Stock (the "Sponsor Shares"); and

WHEREAS, as a condition and inducement to the willingness of GigCapital5 and the Company to enter into the BCA, GigCapital5, the Company and the Sponsor are entering into this Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants and agreements set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the Sponsor, GigCapital5 and the Company hereby agree as follows:

1. 1. Voting Agreement. The Sponsor agrees that, at the GigCapital5 Stockholders' Meeting, at any other meeting of the stockholders of GigCapital5 (whether annual or special and whether or not an adjourned or postponed meeting, however called and including any adjournment or postponement thereof) and in connection with any written consent of the stockholders of GigCapital5, the Sponsor shall:

a. when such meeting is held, appear at such meeting or otherwise cause the Sponsor Shares to be counted as present thereat for the purpose of establishing a quorum;

b. vote (or execute and return an action by written consent), or cause to be voted at such meeting (or validly execute and return and cause such consent to be granted with respect to), all of the Sponsor Shares (i) in favor of the approval and adoption of the BCA and approval of the Merger and all other transactions contemplated by the BCA and (ii) against any action, agreement or transaction or proposal that would result in a breach of any covenant, representation or warranty or any other obligation or agreement of GigCapital5 under the BCA or that would reasonably be expected to result in the failure of the Merger from being consummated and (iii) in favor of each of the proposals and any other matters necessary or reasonably requested by GigCapital5 for consummation of the Merger and the other transactions contemplated by the BCA; and

c. vote (or execute and return an action by written consent), or cause to be voted at such meeting (or validly execute and return and cause such consent to be granted with respect to), all of the Sponsor Shares against (i) any Business Combination Proposal other than with the Company and (ii) any other action that would reasonably be expected to (x) materially impede, interfere with, delay, postpone or adversely affect the Merger or any of the other transactions contemplated by the BCA, or (y) result in a breach of any covenant, representation or warranty or other obligation or agreement of the Sponsor contained in this Agreement.

2. Transfer of Shares. Except as otherwise contemplated by the BCA or this Agreement, the Sponsor agrees that it shall not, directly or indirectly, (a) sell, assign, transfer (including by operation of law), create any lien or pledge, dispose of or otherwise encumber any of the Sponsor Shares or otherwise agree to do any of the foregoing, (b) deposit any Sponsor Shares into a voting trust or enter into a voting agreement or arrangement or grant any proxy or power of attorney with respect thereto that is inconsistent with this Agreement or (c) enter into any contract, option or other arrangement or undertaking requiring the direct acquisition or sale, assignment, transfer or other disposition of any Sponsor Shares. Without limiting the foregoing, and for the avoidance of doubt, the Sponsor agrees to comply, during the term of this Agreement, with the provisions of section 9 of that certain letter agreement, dated September 23, 2021, by and among GigCapital5, Sponsor, Wells Fargo Securities, LLC and William Blair & Company, L.L.C.

3. No Solicitation of Transactions. The Sponsor agrees not to directly or indirectly, through any officer, director, representative, agent or otherwise, (a) solicit, initiate or knowingly encourage (including by furnishing information) the submission of, or participate in any discussions or negotiations regarding, any transaction in violation of the BCA or (b) participate in any discussions or negotiations regarding, or furnish to any person or other entity or "group" within the meaning of Section 13(d) of the Exchange Act, any information with the intent to, or otherwise cooperate in any way with respect to, or knowingly assist, participate in, facilitate or encourage, any unsolicited proposal that constitutes, or may reasonably be expected to lead to, a Business Combination Proposal or other transaction in violation of the BCA. Sponsor shall, and shall cause its affiliates and Representatives to, immediately cease any and all existing discussions or negotiations with any person (other than with the Company, its stockholders and their respective affiliates and Representatives) conducted prior to the date hereof with respect to, or which is reasonably likely to give rise to or result in, a Business Combination Proposal. If the Sponsor receives any inquiry or proposal with respect to a Business Combination Proposal, then Sponsor shall promptly (and in no event later than twenty-four (24) hours after the Sponsor becomes aware of such inquiry or proposal) notify such person in writing that GigCapital5 is subject to an exclusivity agreement with respect to the Merger that prohibits Sponsor from considering such inquiry or proposal.

4. Representations and Warranties of the Sponsor. The Sponsor hereby represents and warrants to GigCapital5 and the Company as follows:

a. The Sponsor is the only record and a beneficial owner (within the meaning of Rule 13d-3 under the Exchange Act) of, and has good, valid and marketable title to, the Sponsor Shares, free and clear of Liens other than as created by this Agreement or Sponsor's organizational documents or the organizational documents of GigCapital5 (including, without limitation, for the purposes hereof, any agreement between or among stockholders of GigCapital5).

e. The execution, delivery and performance of this Agreement by the Sponsor does not, and the consummation of the transactions contemplated hereby or the Merger and the other transactions contemplated by the BCA will not, constitute or result in (i) a breach or violation of, or a default under, the limited liability company agreement or similar governing documents of the Sponsor, (ii) with or without notice, lapse of time or both, a breach or violation of, a termination (or right of termination) of or a default under, the loss of any benefit under, the creation, modification or acceleration of any obligations under or the creation of a Lien on any of the properties, rights or assets of the Sponsor pursuant to any contract binding upon the Sponsor or, assuming (solely with respect to performance of this Agreement and the transactions contemplated hereby), compliance with the matters referred to in Section 1, under any applicable Law to which the Sponsor is subject or (iii) any change in the rights or obligations of any party under any contract legally binding upon the Sponsor, except, in the case of clause (ii) or (iii) directly above, for any such breach, violation, termination, default, creation, acceleration or change that would not, individually or in the aggregate, reasonably be expected to prevent or materially delay or impair the Sponsor's ability to perform its obligations hereunder or to consummate the transactions contemplated hereby, the consummation of the Merger or the other transactions contemplated by the BCA.

5. Further Assurances. From time to time, at either GigCapital5's or the Company's request and without further consideration, the Sponsor shall execute and deliver such additional documents and take all such further action as may be reasonably necessary or reasonably requested to effect the actions and consummate the transactions contemplated by this Agreement.

6. Changes in Capital Stock. In the event of a stock split, stock dividend or distribution, or any change in GigCapital5's capital stock by reason of any stock split, reverse stock split, recapitalization, combination, reclassification, exchange of shares or the like, equitable adjustment shall be made to the provisions of this Agreement as may be required so that the intended rights, privileges, duties and obligations hereunder shall be given full effect.

11. No Third-Party Beneficiaries. The Sponsor hereby agrees that its representations, warranties and covenants set forth herein are solely for the benefit of GigCapital5 and the Company in accordance with and subject to the terms of this Agreement, and this Agreement is not intended to, and does not, confer upon any person other than the parties hereto any rights or remedies hereunder, including, without limitation, the right to rely upon the representations and warranties set forth herein, and the parties hereto hereby further agree that this Agreement may only be enforced against, and any action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement may only be made against, the persons expressly named as parties hereto.

12. Governing Law; Venue: WAIVER OF JURY TRIAL.

a. This Agreement shall be governed by, interpreted under, and construed in accordance with the internal laws of the State of Delaware applicable to agreements made and to be performed within the State of Delaware, without giving effect to any choice-of-law provisions thereof that would compel the application of the substantive laws of any other jurisdiction.

b. All legal actions and proceedings arising out of or relating to this Agreement shall be heard and determined exclusively in any Delaware Chancery Court; *provided*, that if jurisdiction is not then available in the Delaware Chancery Court, then any such legal Action may be brought in any federal court located in the State of Delaware or any other Delaware state court. The parties hereto hereby (x) irrevocably submit to the exclusive jurisdiction of the aforesaid courts for themselves and with respect to their respective properties for the purpose of any Action arising out of or relating to this Agreement brought by any party hereto, and (y) agree not to commence any Action relating thereto except in the courts described above in Delaware, other than with respect to any appellate court thereof and other than Actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in Delaware as described herein. Each of the parties further agrees that notice as provided herein shall constitute sufficient service of process and the parties further waive any argument that such service is insufficient. Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by Law. Each of the parties irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (i) any claim that it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (ii) that it or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) that (A) the Action in any such court is brought in an inconvenient forum, (B) the venue of such Action is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

c. EACH OF THE PARTIES HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH OF THE PARTIES (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THAT FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT IT AND THE OTHERS HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 12(C).

13. Assignment; Successors. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties hereto in whole or in part (whether by operation of Law or otherwise) without the prior written consent of the other party, and any such assignment without such consent shall be null and void. This Agreement shall be binding upon, inure to the benefit of and be enforceable by the parties hereto and their respective successors and permitted assigns.

14. Specific Performance. Each party acknowledges and agrees that the other parties hereto would be irreparably harmed and would not have any adequate remedy at law in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. Accordingly, each party agrees that the other parties hereto shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, this being in addition to any other remedy to which such parties are entitled at law or in equity.

15. Severability. In the event that any provision of this Agreement or the application thereof becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other persons or circumstances will be interpreted so as reasonably to effect the intent of the parties hereto.

16. Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement, it being understood that each party need not sign the same counterpart. This Agreement shall become effective when each party shall have received a counterpart hereof signed by all of the other parties. Signatures delivered electronically or by facsimile shall be deemed to be original signatures.

17. Termination. This Agreement shall terminate upon the earliest of (a) the Closing of the Merger, (b) the termination of the BCA in accordance with its terms, and (c) the time this Agreement is terminated upon the mutual written agreement of GigCapital5, the Company and the Sponsor.

Stockholder Support Agreement

STOCKHOLDER SUPPORT AGREEMENT, dated as of December 8, 2022 (this "Agreement"), by and among GigCapital5, Inc., a Delaware corporation ("GigCapital5"), and certain of the stockholders of QT Imaging, Inc., a Delaware corporation (the "Company"), whose names appear on the signature pages of this Agreement (each, a "Stockholder" and, collectively, the "Stockholders").

RECITALS

WHEREAS, GigCapital5, QTI Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of GigCapital5 ("Merger Sub"), and the Company have negotiated a Business Combination Agreement in the form attached hereto as Exhibit B (the "BCA"; terms used but not defined in this Agreement shall have the meanings ascribed to them in the BCA), which provides, among other things, that, upon the terms and subject to the conditions thereof, Merger Sub will merge with and into the Company (the "Merger"), with the Company surviving the Merger as a wholly owned subsidiary of GigCapital5; and

WHEREAS, as of the date hereof, each Stockholder owns of record the number of shares of Company Common Stock and Company Preferred Stock as set forth opposite such Stockholder's name on Exhibit A hereto (all such shares of Company Common Stock and Company Preferred Stock and any shares of Company Common Stock and Company Preferred Stock of which ownership of record or the power to vote is hereafter acquired by the Stockholders prior to the termination of this Agreement being referred to herein as the "Shares").

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements contained herein, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

1. **BCA Approved; Agreement to Vote.** Each Stockholder, with respect to such Stockholder's Shares, severally and not jointly, hereby agrees to vote, at any meeting of the Stockholders of the Company, and in any action by written consent of the Stockholders of the Company (which written consent shall be delivered promptly, and in any event within forty eight (48) hours, after the Company requests such delivery), all of the Shares held by such Stockholder at such time in favor of the approval and adoption of the BCA and approval of the Merger and all other transactions contemplated by the BCA, provided in all cases that no changes have been made in the BCA or in the Merger or related transactions or ancillary agreements under the BCA that are material to one or more of the Stockholders. Provided no changes are made in the BCA or in the Merger or related transactions or ancillary agreements under the BCA that are material to one or more of the Stockholders, each Stockholder, severally and not jointly, hereby agrees to vote at any meeting of the Stockholders of the Company, and to act by written consent of Company Stockholders, against any action, agreement, transaction or proposal that would cause a material breach of any covenant, representation, warranty or other obligation or agreement of the Company under the BCA or that would reasonably be expected to prevent the Merger from being consummated. Each Stockholder acknowledges receipt and review of a copy of the BCA.

2. **Termination of Stockholder Rights.** Subject to consummation of the Closing pursuant to the BCA, each Stockholder, severally and not jointly, hereby agrees that, if applicable to such Stockholder, any rights under Article VII (*Transfer of Shares and Admission of New Stockholders*) and Article VIII (*Tag Along Rights*) of the Company's Bylaws, as amended, and any rights under any letter agreement providing for redemption rights, put rights, purchase rights or similar rights not generally available to Stockholders of the Company (the "Terminating Rights") between such Stockholder and the Company, shall terminate (and such Stockholder, without any further action, shall automatically and irrevocably release and waive any claim such Stockholder may have thereunder)

immediately prior to the Closing under the BCA, and prior thereto such Stockholder shall not exercise such rights in any manner inconsistent with the BCA or otherwise reasonably likely to interfere with, delay, impede, frustrate or prevent the consummation of the Merger. For the avoidance of doubt, the Terminating Rights shall exclude any rights such Stockholder may have that relate to any commercial or employment agreements or arrangements between such Stockholder and the Company or any subsidiary of the Company, which shall survive in accordance with their terms.

3. Transfer of Shares. Each Stockholder, severally and not jointly, agrees that he, she or it shall not, directly or indirectly, (a) sell, assign, transfer (including by operation of law), create any lien or pledge, dispose of or otherwise encumber any of the Shares or otherwise agree to do any of the foregoing, except for a sale, assignment or transfer pursuant to the BCA or to another Stockholder of the Company that is a party to this Agreement and bound by the terms and obligations hereof, (b) deposit any Shares into a voting trust or enter into a voting agreement or arrangement or grant any proxy or power of attorney with respect thereto that is inconsistent with this Agreement or (c) enter into any contract, option or other arrangement or undertaking with respect to the direct acquisition or sale, assignment, transfer or other disposition of any Shares, except as set forth in the BCA or this Agreement; provided, that the foregoing shall not prohibit the transfer of the Shares to an affiliate of Stockholder, but only if such affiliate of such Stockholder shall execute this Agreement or a joinder agreeing to become a party to this Agreement.

4. No Solicitation of Transactions. Each of the Stockholders, severally and not jointly, agrees not to directly or indirectly, through any officer, director, representative, agent or otherwise, (a) solicit, initiate or knowingly encourage (including by furnishing information) the submission of, or participate in any discussions or negotiations regarding, any transaction in violation of the BCA or (b) participate in any discussions or negotiations regarding, or furnish to any person or other entity or "group" within the meaning of Section 13(d) of the Exchange Act, any information with the intent to, or otherwise cooperate in any way with respect to, or knowingly assist, participate in, facilitate or encourage, any unsolicited proposal that constitutes, or may reasonably be expected to lead to, an Alternative Transaction in violation of the BCA. Each Stockholder shall, and shall direct his, her or its representatives and agents to, immediately cease and cause to be terminated any discussions or negotiations with any parties that may be ongoing with respect to any Alternative Transaction (other than the transactions contemplated by the BCA) to the extent required by the BCA. If any Stockholder receives any inquiry or proposal with respect to an Alternative Transaction, then such Stockholder shall promptly (and in no event later than twenty-four (24) hours after such Stockholder becomes aware of such inquiry or proposal) notify such person in writing that the Company is subject to an exclusivity agreement with respect to the sale of the Company that prohibits such Stockholder from considering such inquiry or proposal.

5. Representations and Warranties. Each Stockholder, severally and not jointly, represents and warrants to GigCapital5 as follows:

(a) The execution, delivery and performance by such Stockholder of this Agreement and the consummation by such Stockholder of the transactions contemplated hereby do not and will not (i) conflict with or violate any statute, law, ordinance, regulation, rule, code, executive order, injunction, judgment, decree or other order applicable to such Stockholder, (ii) require any consent, approval or authorization of, declaration, filing or registration with, or notice to, any person or entity, (iii) result in the creation of any encumbrance on any Shares (other than under this Agreement, the BCA and the agreements contemplated by the BCA) or (iv) if such Stockholder is an entity, conflict with or result in a breach of or constitute a default under any provision of such Stockholder's governing documents.

(b) As of the date of this Agreement, such Stockholder owns exclusively of record and has good and valid title to the Shares set forth opposite the Stockholder's name on Exhibit A free and clear of any security interest, lien, claim, pledge, proxy, option, right of first refusal, agreement, voting restriction, limitation on disposition, charge, adverse claim of ownership or use or other encumbrance of any kind and has the sole power to vote and the right, power and authority to sell, transfer and deliver such Shares, other than pursuant and

[Table of Contents](#)

subject to: (i) this Agreement, (ii) applicable securities laws, and (iii) the Company's certificate of incorporation and bylaws. Such Stockholder is not the registered owner of any Shares other than those set forth on [Exhibit A](#).

(c) Such Stockholder has the power, authority and capacity to execute, deliver and perform this Agreement and that this Agreement has been duly authorized, executed and delivered by such Stockholder. No person not a signatory to this Agreement (or such signatory's spouse for purposes of applicable community property laws) has a beneficial interest in or a right to acquire or vote any of the Shares (other than, if Stockholder is trust, the beneficiary(ies) thereof).

6. Termination. This Agreement and the obligations and liabilities of the Stockholders under this Agreement shall automatically terminate upon the earliest of (a) the Effective Time; (b) the termination of the BCA in accordance with its terms, (c) the effective date of a written agreement of the parties hereto terminating this Agreement and (d) any material breach by GigCapital5 of the BCA that is not fully cured within the time permitted by the BCA. Upon termination of this Agreement, neither party shall have any further obligations or liabilities under this Agreement. The representations and warranties contained in this Agreement and in any certificate or other writing delivered pursuant hereto shall not survive the Closing or the termination of this Agreement.

7. Miscellaneous.

(a) Except as otherwise provided herein, all costs and expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such costs and expenses, whether or not the transactions contemplated hereby are consummated.

(b) All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be given (and shall be deemed to have been duly given upon receipt) by delivery in person, by e-mail or by registered or certified mail (postage prepaid, return receipt requested) to the respective parties at the following addresses or e-mail addresses (or at such other address or email address for a party as shall be specified in a notice given in accordance with this [Section 7\(b\)](#)):

(f) The parties hereto agree that irreparable damage would occur in the event any provision of this Agreement was not performed in accordance with the terms hereof and that the parties shall be entitled to specific performance of the terms hereof in addition to any other remedy at law or in equity.

(g) This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware applicable to contracts executed in and to be performed in that State. All Actions arising out of or relating to this Agreement shall be heard and determined exclusively in any Delaware Chancery Court. The parties hereto hereby (i) submit to the exclusive jurisdiction of the Delaware Chancery Court for the purpose of any Action arising out of or relating to this Agreement brought by any party hereto, and (ii) irrevocably waive, and agree not to assert by way of motion, defense, or otherwise, in any such Action, any claim that he, she or it is not subject personally to the jurisdiction of the above-named courts, that his, her or its property is exempt or immune from attachment or execution, that the Action is brought in an inconvenient forum, that the venue of the Action is improper, or that this Agreement or the transactions contemplated hereunder may not be enforced in or by any of the above-named courts.

(h) This Agreement may be executed and delivered (including by facsimile or portable document format (pdf) transmission) in counterparts, and by the different parties hereto in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

(i) At the request of GigCapital5, in the case of any Stockholder, or at the request of any Stockholder, in the case of GigCapital5, and without further consideration, each party shall execute and deliver or cause to be executed and delivered such additional documents and instruments and take such further action as may be reasonably necessary to implement the provisions of this Agreement.

(j) Notwithstanding anything to the contrary herein, this Agreement may be amended by adding additional Stockholders of the Company ("[Additional Stockholders](#)") as parties hereto, upon such Additional Stockholders executing and delivering to GigCapital5, a Joinder to the Stockholder Support Agreement substantially in the form of [Exhibit C](#) hereto. Thereafter, each such Additional Stockholder shall, for all purposes, be a party hereto and all references to a "Stockholder" or the "Stockholders" herein shall thereafter also mean and refer to such Additional Stockholder, and such Additional Stockholder shall thereafter have the same rights, duties, liabilities and obligations as a Stockholder party hereto on the date hereof.

(k) This Agreement shall not be effective or binding upon any Stockholder until after such time as the BCA is executed and delivered by the Company, GigCapital5 and Merger Sub.

ARTICLE II REGISTRATION

Section 2.1 Demand Registration

2.1.1 **Request for Registration.** Subject to the provisions of [Section 2.1.4](#) and [Section 2.4](#) hereof, at any time and from time to time on or after the Closing Date, the Holders holding at least a majority in interest of the then-outstanding number of Registrable Securities held by all the Holders (such Holders, the “**Demanding Holders**”), may make a written demand for Registration under the Securities Act of all or part of their Registrable Securities, which written demand shall describe the amount and type of securities to be included in such Registration and the intended method(s) of distribution thereof (such written demand a “**Demand Registration**”). The Company shall, within ten (10) days of the Company’s receipt of the Demand Registration, notify, in writing, all other Holders of Registrable Securities of such demand, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder’s Registrable Securities in the Demand Registration (each such Holder that includes all or a portion of such Holder’s Registrable Securities in such Registration, a “**Requesting Holder**”) shall so notify the Company, in writing, within five (5) days after the receipt by the Holder of the notice from the Company. Upon receipt by the Company of any such written notification from a Requesting Holder(s) to the Company, such Requesting Holder(s) shall be entitled to have their Registrable Securities included in a Registration pursuant to a Demand Registration and the Company shall effect, as soon thereafter as practicable, but not more than forty five (45) days immediately after the Company’s receipt of the Demand Registration, the Registration of all Registrable Securities requested by the Demanding Holders and Requesting Holders pursuant to such Demand Registration. Under no circumstances shall the Company be obligated to effect more than an aggregate of three (3) Registrations pursuant to a Demand Registration under this [Section 2.1.1](#) initiated by Holders; provided, however, that an Underwritten Offering pursuant to a Demand Registration shall not be counted for such purposes unless a Registration Statement that may be available at such time has become effective and all of the Registrable Securities requested by the Demanding Holders to be registered on behalf of the Demanding Holders in such Registration Statement have been sold, in accordance with [Section 3.1](#) of this Agreement.

2.1.2 **Effective Registration.** Notwithstanding the provisions of [Section 2.1.1](#) above or any other part of this Agreement, a Registration pursuant to a Demand Registration shall not count as a Registration unless and until (i) the Registration Statement filed with the Commission with respect to such Demand Registration has been declared effective by the Commission and (ii) the Company has complied with all of its obligations under this Agreement with respect thereto; provided, that if, after such Registration Statement has been declared effective, the offering of Registrable Securities pursuant to a Demand Registration is interfered with by any stop order or injunction of the Commission or any other governmental agency or court, the Registration Statement with respect to such Demand Registration will be deemed not to have been declared effective, unless and until, (i) such stop order or injunction is removed, rescinded or otherwise terminated, and (ii) a majority-in-interest of the Demanding Holders initiating such Demand Registration thereafter affirmatively elect to continue with such Registration and accordingly notify the Company in writing of such election, which notice shall be received by the Company not later than five (5) days after the removal of any such stop order or injunction; provided, further, that the Company shall not be obligated to file a second Registration Statement until a Registration Statement that has been previously filed pursuant to a Demand Registration becomes effective or is terminated.

2.1.3 **Underwritten Offering.** Subject to the provisions of [Section 2.1.4](#) and [Section 2.4](#) hereof, if a majority-in-interest of the Demanding Holders so advise the Company as part of their Demand Registration that the offering of Registrable Securities pursuant thereto shall be in the form of an Underwritten Offering, then the right of such Demanding Holder or Requesting Holder (if any) to include its Registrable Securities in such

Registration shall be conditioned upon such Holder's participation in such Underwritten Offering and the inclusion of such Holder's Registrable Securities in such Underwritten Offering to the extent provided herein. All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this [Section 2.1.3](#) shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by a majority-in-interest of the Demanding Holders initiating the Demand Registration.

2.1.4 **Reduction of Underwritten Offering.** If the managing Underwriter(s) for a Demand Registration that is to be an Underwritten Offering, in good faith, advises the Company, the Demanding Holders and the Requesting Holders in writing that the dollar amount or number of Registrable Securities which the Demanding Holders and the Requesting Holders (if any) desire to sell, taken together with all other shares of Common Stock or other equity securities which the Company desires to sell and the shares of Common Stock, if any, as to which a Registration has been requested pursuant to separate written contractual piggyback registration rights held by other stockholders of the Company who desire to sell, exceeds the maximum dollar amount or maximum number of equity securities that can be sold in the Underwritten Offering without adversely affecting the proposed offering price, the timing, the distribution method, or the probability of success of such Underwritten Offering (such maximum dollar amount or maximum number of securities, as applicable, the "Maximum Number of Securities"), then the Company shall include in such Underwritten Offering, as follows: (i) first, the Registrable Securities of the Demanding Holders and the Requesting Holders (if any) (pro rata based on the respective number of Registrable Securities that each Demanding Holder and Requesting Holder (if any) has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Demanding Holders and Requesting Holders have requested be included in such Underwritten Registration (such proportion is referred to herein as "Pro Rata", provided, however, that such Pro Rata proportion shall not include any unvested Earnout Shares)) that can be sold without exceeding the Maximum Number of Securities; (ii) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (i), the Registrable Securities of Holders (Pro Rata, based on the respective number of Registrable Securities that each Holder has so requested exercising their rights to register their Registrable Securities pursuant to [Section 2.2.1](#) hereof), that can be sold without exceeding the Maximum Number of Securities; (iii) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i) and (ii), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (iv) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i), (ii) and (iii), the Common Stock or other equity securities of other persons or entities that the Company is obligated to register in a Registration pursuant to separate written contractual arrangements with such persons and that can be sold without exceeding the Maximum Number of Securities.

2.1.5 **Demand Registration Withdrawal.** Any Demanding Holder shall have the right to withdraw from a Registration pursuant to such Demand Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter(s) (if any) of their intention to withdraw from such Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to the Registration of their Registrable Securities pursuant to such Demand Registration. Notwithstanding anything to the contrary in this Agreement, if with respect to a Demand Registration, a majority-in-interest of the Demanding Holders initiating a Demand Registration so withdraw from a Registration pursuant to such Demand Registration, such Registration shall not count as a Demand Registration provided for in [Section 2.1.1](#) and the Company shall be responsible for the Registration Expenses incurred in connection with a Registration pursuant to a Demand Registration prior to its withdrawal under this [Section 2.1.5](#).

Section 2.2 Piggyback Registration.

2.2.1 **Piggyback Rights.** If, at any time on or after the Closing Date, the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of equity securities, or securities or other obligations exercisable or exchangeable for, or convertible into, equity securities, for its own account or for

the account of stockholders of the Company (or by the Company and by stockholders of the Company including, without limitation, pursuant to [Section 2.1](#)), other than a Registration Statement (i) filed in connection with any employee stock option or other benefit plan, (ii) for an exchange offer or offering of securities solely to the Company's existing stockholders, (iii) for an offering of debt that is convertible into equity securities of the Company or (iv) for a dividend reinvestment plan, then the Company shall (x) give written notice of such proposed filing to all of the Holders of Registrable Securities as soon as practicable but in no event less than ten (10) days before the anticipated filing date, which notice shall describe the amount and type of securities to be included in such offering, the intended method(s) of distribution, and the name of the proposed managing Underwriter or Underwriters, if any, of the offering, and (y) offer to all of the Holders of Registrable Securities in such notice the opportunity to register the sale of such number of shares of Registrable Securities as such Holders may request in writing within five (5) days following receipt of such notice (a "**Piggyback Registration**"). The Company shall, in good faith, cause such Registrable Securities to be included in such Registration and shall use its best efforts to cause the managing Underwriter(s) of a proposed Underwritten Offering to permit the Registrable Securities requested to be included in such Piggyback Registration on the same terms and conditions as any similar securities of the Company and to permit the sale or other disposition of such Registrable Securities in accordance with the intended method(s) of distribution thereof. All holders of Registrable Securities proposing to distribute their Registrable Securities through a Piggyback Registration that involves an Underwriter(s) shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Piggyback Registration.

2.2.2 Reduction of Piggyback Registration. If the managing Underwriter(s) for a Piggyback Registration that is to be an Underwritten Offering, in good faith, advises the Company and the Holders of Registrable Securities participating in the Piggyback Registration in writing that the dollar amount or number of securities which the Company desires to sell, taken together with (i) the Common Stock or other equity securities, if any, as to which Registration has been demanded pursuant to separate written contractual arrangements with persons or entities other than the Holders of Registrable Securities hereunder, (ii) the Registrable Securities as to which Registration has been requested under this [Section 2.2](#), and (iii) the Common Stock or other equity securities, if any, as to which Registration has been requested pursuant to separate written contractual piggyback registration rights of other stockholders of the Company, exceeds the Maximum Number of Securities, then:

(i) If the Registration is undertaken for the Company's account, the Company shall include in any such Registration (A) first, the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Common Stock, if any, as to which Registration has been requested pursuant to written contractual piggyback registration rights of other stockholders of the Company that pre-dates this Agreement, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to [Section 2.2.1](#) hereof, Pro Rata, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the Common Stock, if any, as to which Registration has been requested pursuant to written contractual piggyback registration rights of other stockholders of the Company not otherwise covered above, which can be sold without exceeding the Maximum Number of Securities; and

(ii) If the Registration is pursuant to a request by persons or entities other than the Holders of Registrable Securities, then the Company shall include in any such Registration (A) first, the Common Stock or other equity securities, if any, of such requesting persons or entities, other than the Holders of Registrable Securities, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their

Registrable Securities pursuant to [Section 2.2.1](#), Pro Rata based on the number of Registrable Securities that each Holder has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Holders have requested to be included in such Underwritten Registration, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the Common Stock or other equity securities for the account of other persons or entities that the Company is obligated to register pursuant to separate written contractual arrangements with such persons or entities, which can be sold without exceeding the Maximum Number of Securities.

2.2.3 Piggyback Registration Withdrawal. Any Holder of Registrable Securities shall have the right to withdraw from a Piggyback Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter(s) of his, her or its intention to withdraw from such Piggyback Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to such Piggyback Registration. The Company (whether on its own good faith determination or as the result of a request for withdrawal by persons pursuant to separate written contractual obligations) may withdraw a Registration Statement filed with the Commission in connection with a Piggyback Registration at any time prior to the effectiveness of such Registration Statement. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with the Piggyback Registration prior to its withdrawal under this [Section 2.2.3](#).

2.2.4 Unlimited Piggyback Registration Rights. For purposes of clarity, any Registration effected pursuant to [Section 2.2](#) hereof shall not be counted as a Registration pursuant to a Demand Registration effected under [Section 2.1](#) hereof.

Section 2.3 Registration on Form S-3. The Holders of Registrable Securities may at any time, and from time to time, request in writing that the Company, pursuant to Rule 415 under the Securities Act (or any successor rule promulgated thereafter by the Commission), register the resale of any or all of their Registrable Securities on Form S-3 or any similar short-form registration statement that may be available at such time (**Form S-3**"); provided, that the Company shall not be obligated to effect such request through an Underwritten Offering. Within five (5) days of the Company's receipt of a written request from a Holder or Holders of Registrable Securities for a Registration on Form S-3, the Company shall promptly give written notice of the proposed Registration on Form S-3 to all other Holders of Registrable Securities, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder's Registrable Securities in such Registration on Form S-3 shall so notify the Company, in writing, within ten (10) days after the receipt by the Holder of the notice from the Company. As soon as practicable thereafter, but not more than twelve (12) days after the Company's initial receipt of such written request for a Registration on Form S-3, the Company shall register all or such portion of such Holder's Registrable Securities as are specified in such written request, together with all or such portion of Registrable Securities of any other Holder or Holders joining in such request as are specified in the written notification given by such Holder or Holders; provided, that the Company shall not be obligated to effect any such Registration pursuant to this [Section 2.3](#) if (i) a Form S-3 is not available for such offering; or (ii) the Holders of Registrable Securities, together with the Holders of any other equity securities of the Company entitled to inclusion in such Registration, propose to sell the Registrable Securities and such other equity securities (if any) at any aggregate price to the public of less than \$5,000,000. Registrations effected pursuant to this [Section 2.3](#) shall not be counted as Demand Registrations effected pursuant to [Section 2.1](#).

Section 2.4 Restrictions on Registration Rights. If (A) during the period starting with the date sixty (60) days prior to the Company's good faith estimate of the date of the filing of, and ending on a date one hundred and twenty (120) days after the effective date of, a Company initiated Registration and provided that the Company has delivered written notice to the Holders prior to receipt of a Demand Registration pursuant to

Section 2.1.1 and it continues to actively employ, in good faith, all reasonable efforts to cause the applicable Registration Statement to become effective; (B) the Holders have requested an Underwritten Registration and the Company and the Holders are unable to obtain the commitment of underwriters to firmly underwrite the offer; or (C) in the good faith judgment of the Board such Registration would be seriously detrimental to the Company and the Board concludes as a result that it is essential to defer the filing of such Registration Statement at such time, then in each case the Company shall furnish to such Holders a certificate signed by the Chairman of the Board stating that in the good faith judgment of the Board it would be seriously detrimental to the Company for such Registration Statement to be filed in the near future and that it is therefore essential to defer the filing of such Registration Statement. In such event, the Company shall have the right to defer such filing for a period of not more than thirty (30) days; provided, that the Company may not defer its obligation in this manner more than once in any 12-month period.

ARTICLE III REGISTRATION PROCEDURES

Section 3.1 General Procedures. If at any time on or after the Closing Date the Company is required to effect the registration of any Registrable Securities pursuant to Section 2, the Company shall use its best efforts to effect the Registration to permit the sale of such Registrable Securities in accordance with the intended plan of distribution thereof, and pursuant thereto the Company shall, as expeditiously as practicable and in connection with any such request:

3.1.1 prepare and file with the Commission as soon as practicable a Registration Statement with respect to such Registrable Securities and use its reasonable best efforts to cause such Registration Statement to become effective and remain effective until all Registrable Securities covered by such Registration Statement have been sold;

3.1.2 prepare and file with the Commission such amendments and post-effective amendments to the Registration Statement, and such supplements to the Prospectus, as may be reasonably requested by the Holders or any Underwriter of Registrable Securities or as may be required by the rules, regulations or instructions applicable to the registration form used by the Company or by the Securities Act or rules and regulations thereunder to keep the Registration Statement effective until all Registrable Securities covered by such Registration Statement are sold in accordance with the intended plan of distribution set forth in such Registration Statement or supplement to the Prospectus;

3.1.3 prior to filing a Registration Statement or Prospectus, or any amendment or supplement thereto, furnish without charge to the Underwriters, if any, and the Holders of Registrable Securities included in such Registration, and such Holders' legal counsel, copies of such Registration Statement as proposed to be filed, each amendment and supplement to such Registration Statement (in each case including all exhibits thereto and documents incorporated by reference therein), the Prospectus included in such Registration Statement (including each preliminary Prospectus), and such other documents as the Underwriters and the Holders of Registrable Securities included in such Registration or the legal counsel for any such Holders may request in order to facilitate the disposition of the Registrable Securities owned by such Holders;

3.1.4 prior to any public offering of Registrable Securities, use its best efforts to (i) register or qualify the Registrable Securities covered by the Registration Statement under such securities or "blue sky" laws of such jurisdictions in the United States as the Holders of Registrable Securities included in such Registration Statement (in light of their intended plan of distribution) may request and (ii) take such action necessary to cause such Registrable Securities covered by the Registration Statement to be registered with or approved by such other governmental authorities as may be necessary by virtue of the business and operations of the Company and do any and all other acts and things that may be necessary or advisable to enable the Holders of Registrable Securities included in such Registration Statement to consummate the disposition of such Registrable Securities

[Table of Contents](#)

in such jurisdictions; provided, that the Company shall not be required to qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify or take any action to which it would be subject to general service of process or taxation in any such jurisdiction where it is not then otherwise so subject;

3.1.5 cause all such Registrable Securities to be listed on each securities exchange or automated quotation system on which similar securities issued by the Company are then listed;

3.1.6 provide a transfer agent or warrant agent, as applicable, and registrar for all such Registrable Securities no later than the effective date of such Registration Statement;

3.1.7 advise each seller of such Registrable Securities, promptly after it shall receive notice or obtain knowledge thereof, of the issuance of any stop order by the Commission suspending the effectiveness of such Registration Statement or the initiation or threatening of any proceeding for such purpose and promptly use its reasonable best efforts to prevent the issuance of any stop order or to obtain its withdrawal if such stop order should be issued;

3.1.8 advise each Holder of Registrable Securities covered by such Registration Statement, promptly after the Company receives notice thereof, of the time when such registration statement has been declared effective or a supplement to any Prospectus forming a part of such registration statement has been filed;

3.1.9 at least five (5) days prior to the filing of any Registration Statement or Prospectus or any amendment or supplement to such Registration Statement or Prospectus or any document that is to be incorporated by reference into such Registration Statement or Prospectus, furnish a copy thereof to each seller of such Registrable Securities or its counsel, including, without limitation, providing copies promptly upon receipt of any comment letters received with respect to any such Registration Statement or Prospectus;

3.1.10 notify the Holders at any time when a Prospectus relating to such Registration Statement is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such Registration Statement, as then in effect, includes a Misstatement, and then to correct such Misstatement as set forth in [Section 3.4](#) hereof;

3.1.11 permit a representative of the Holders (such representative to be selected by a majority of the participating Holders), the Underwriters, if any, and any attorney or accountant retained by such Holders or Underwriter to participate, at each such person's own expense, in the preparation of the Registration Statement, and cause the Company's officers, directors and employees to supply all information reasonably requested by any such representative, Underwriter, attorney or accountant in connection with the Registration; provided, that such representatives or Underwriters enter into a confidentiality agreement, in form and substance reasonably satisfactory to the Company, prior to the release or disclosure of any such information;

3.1.12 obtain a "comfort" letter from the Company's independent registered public accountants in the event of an Underwritten Registration, in customary form and covering such matters of the type customarily covered by "comfort" letters as the managing Underwriter may reasonably request, and may be found reasonably satisfactory to a majority-in-interest of the participating Holders;

3.1.13 on the date the Registrable Securities are delivered for sale pursuant to such Registration, obtain an opinion and negative assurance letter, dated such date, of counsel representing the Company for the purposes of such Registration, addressed to the Holders, the placement agent or sales agent, if any, and the Underwriters, if any, covering such legal matters with respect to the Registration in respect of which such opinion is being given as the Holders, placement agent, sales agent, or Underwriter may reasonably request and as are customarily included in such opinions and negative assurance letters, and may be found reasonably satisfactory to a majority in interest of the participating Holders;

3.1.14 in the event of any Underwritten Offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the managing Underwriters of such offering;

3.1.15 make available to its security holders, as soon as reasonably practicable, an earnings statement covering the period of at least twelve (12) months beginning with the first day of the Company's first full calendar quarter after the effective date of the Registration Statement which satisfies the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder (or any successor rule promulgated thereafter by the Commission);

3.1.16 if the Registration involves the Registration of Registrable Securities involving gross proceeds in excess of \$25,000,000, use its reasonable efforts to make available senior executives of the Company to participate in customary "road show" presentations that may be reasonably requested by the Underwriter in any Underwritten Offering; and

3.1.17 otherwise, in good faith, cooperate reasonably with, and take such customary actions as may reasonably be requested by the Holders, in connection with such Registration.

Section 3.2 Registration Expenses. Except as otherwise provided herein, the Registration Expenses of all Registrations shall be borne by the Company. It is acknowledged by the Holders that the Holders shall bear all incremental selling expenses relating to the sale of Registrable Securities, such as Underwriters' commissions and discounts, brokerage fees, Underwriter marketing costs and, other than as set forth in the definition of "Registration Expenses," all reasonable fees and expenses of any legal counsel representing the Holders.

Section 3.3 Requirements for Participation in Underwritten Offerings. No person or entity may participate in any Underwritten Offering for equity securities of the Company pursuant to a Registration initiated by the Company hereunder unless such person or entity (i) agrees to sell such person's or entity's securities on the basis provided in any underwriting arrangements approved by the Company and (ii) completes and executes all customary questionnaires, powers of attorney, indemnities, lock-up agreements, underwriting agreements and other customary documents as may be reasonably required under the terms of such underwriting arrangements.

Section 3.4 Suspension of Sales; Adverse Disclosure.

3.4.1 The Company shall be entitled to postpone and suspend the effectiveness or use of the Registration Statement for a reasonable period of time, not to exceed 90 calendar days in any 360-day period (i) during any customary blackout or similar period or as permitted hereunder and (ii) as may be necessary in connection with the preparation and filing of a post-effective amendment to the Registration Statement following the filing of the Issuer's Annual Report on Form 10-K for its first completed fiscal year.

3.4.2 Upon receipt of written notice from the Company that a Registration Statement or Prospectus contains a Misstatement, each of the Holders shall forthwith discontinue disposition of Registrable Securities until such Holder has received copies of a supplemented or amended Prospectus correcting the Misstatement (it being understood that the Company hereby covenants to prepare and file such supplemented or amended Prospectus as soon as practicable after the time of such notice), or until he, she or it is advised in writing by the Company that the use of the Prospectus may be resumed. If the filing, initial effectiveness or continued use of a Registration Statement in respect of any Registration at any time would require the Company to make an Adverse Disclosure or would require the inclusion in such Registration Statement of financial statements that are unavailable to the Company for reasons beyond the Company's control, the Company may, upon giving prompt written notice of such action to the Holders, delay the filing or initial effectiveness of, or suspend use of, such Registration Statement for the shortest period of time, but in no event more than thirty (30) days, determined in good faith by the Company to be necessary for such purpose. In the event the Company exercises its rights under the preceding sentence, the Holders agree to suspend, immediately upon their receipt of the notice referred to above, their use of the Prospectus relating to any Registration in connection with any sale or offer to sell Registrable Securities.

The Company shall immediately notify the Holders of the expiration of any period during which it exercised its rights under this [Section 3.4](#), and upon the expiration of such period the Holders shall be entitled to resume the use of any such Prospectus in connection with any sale or offer to sell Registrable Securities, and upon the expiration of such period the Holders shall be entitled to resume the use of any such Prospectus in connection with any sale or offer to sell Registrable Securities

Section 3.5 Reporting Obligations. As long as any Holder shall own Registrable Securities, the Company, at all times while it shall be reporting under the Exchange Act, covenants to file timely (or obtain extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to [Sections 13\(a\)](#) or [15\(d\)](#) of the Exchange Act and to promptly furnish the Holders with true and complete copies of all such filings. The Company further covenants that it shall take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell Registrable Securities held by such Holder without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 promulgated under the Securities Act (or any successor rule promulgated thereafter by the Commission), including providing any legal opinions. Upon the request of any Holder, the Company shall deliver to such Holder a written certification of a duly authorized officer as to whether it has complied with such requirements.

ARTICLE IV INDEMNIFICATION AND CONTRIBUTION

Section 4.1 Indemnification by the Company. The Company agrees to indemnify, to the extent permitted by law, and hold harmless each Holder of Registrable Securities, its officers and directors and each person who controls such Holder (within the meaning of the Securities Act) from and against any losses, claims, damages, liabilities and expenses (including reasonable attorneys' fees) caused by any untrue or alleged untrue statement of material fact contained in any Registration Statement, Prospectus or preliminary Prospectus, or any amendment or supplement to any of them, or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, or any violation by the Company of the Securities Act or any rule or regulation promulgated thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any such registration, except insofar as the same is contained in any information furnished in writing to the Company by the Holder expressly for use therein. The Company also shall indemnify any Underwriter of the Registrable Securities, their officers and directors and each person who controls such Underwriter (within the meaning of the Securities Act) on substantially the same basis as that of the indemnification of the Holder provided in this [Section 4.1](#).

Section 4.2 Indemnification by Holders of Registrable Securities. In connection with any Registration Statement in which a Holder of Registrable Securities is participating, such Holder shall furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by law, shall indemnify the Company, its directors and officers and agents and each person who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including without limitation reasonable attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained in any information or affidavit so furnished in writing by such Holder expressly for use therein; provided, that the obligation to indemnify shall be several, not joint and several, among such Holders of Registrable Securities, and the liability of each such Holder of Registrable Securities shall be in proportion to and limited to the net proceeds received by such Holder from the sale of Registrable Securities pursuant to such Registration Statement. Each Holder shall indemnify any Underwriter of Registrable Securities sold by such Holder, their officers, directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to indemnification of the Company.

Section 4.3 Conduct of Indemnification Proceedings. Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not materially prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

Section 4.4 Survival. The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person of such indemnified party and shall survive the transfer of securities. The Company and each Holder of Registrable Securities participating in an offering also agrees to make such provisions as are reasonably requested by any indemnified party for contribution to such party in the event the Company's or such Holder's indemnification is unavailable for any reason.

Section 4.5 Contribution. If the indemnification provided under [Section 4.1](#) hereof from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action; provided, that the liability of any Holder under this [Section 4.5](#) shall be limited to the amount of the net proceeds received by such Holder in such offering giving rise to such liability. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in [Sections 4.1, 4.2 and 4.3](#) above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. The parties hereto agree that it would not be just and equitable if contribution pursuant to this [Section 4.5](#) were determined by pro rata allocation or by any other method of allocation, which does not take account of the equitable considerations referred to in this [Section 4.5](#). No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this [Section 4.5](#) from any person who was not guilty of such fraudulent misrepresentation.

**ARTICLE V
RULE 144 and 145**

Section 5.1 Rule 144 and 145. The Company covenants that it shall file any reports required to be filed by it under the Securities Act and the Exchange Act and shall take such further action as any Holders holding Registrable Securities may reasonably request, all to the extent required from time to time to enable such Holders to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 and 145 under the Securities Act, as such Rule 144 and 145 may be amended from time to time, or any similar rule or regulation hereafter adopted by the SEC.

**ARTICLE VI
GENERAL PROVISIONS**

Section 6.1 Entire Agreement. This Agreement (including [Schedule A](#) hereto) constitutes the entire understanding and agreement between the parties as to the matters covered herein and supersedes and replaces any prior understanding, agreement or statement of intent, in each case, written or oral, of any and every nature with respect thereto.

Section 6.2 Notices. Any notice or other communication required or permitted to be delivered to any party under this Agreement shall be in writing and shall be deemed properly delivered, given and received (a) upon receipt when delivered by hand, (b) upon transmission, if sent by facsimile or electronic transmission (in each case with receipt verified by electronic confirmation), or (c) one (1) Business Day after being sent by courier or express delivery service, specifying next day delivery, with proof of receipt. The addresses, email addresses and facsimile numbers for such notices and communications are those set forth on the signature pages hereof, or such other address, email address or facsimile numbers as may be designated in writing hereafter, in the same manner, by any such person.

Section 6.3 Assignment; No Third-Party Beneficiaries. This Agreement and the rights, duties and obligations of the Company hereunder may not be assigned or delegated by the Company in whole or in part. This Agreement and the rights, duties and obligations of the Holders hereunder may be freely assigned or delegated by such Holder in conjunction with and to the extent of any transfer of Common Stock by any such Holder. This Agreement and the provisions hereof shall be binding upon and shall inure to the benefit of each of the parties and the permitted assigns of the applicable Holder or of any assignee of the applicable Holder. This Agreement is not intended to confer any rights or benefits on any persons that are not party hereto other than as expressly set forth in [Article 4](#) and this [Section 6.3](#). No assignment by any party hereto of such party's rights, duties and obligations hereunder shall be binding upon or obligate the Company unless and until the Company shall have received (i) written notice of such assignment and (ii) the written agreement of the assignee, in a form reasonably satisfactory to the Company, to be bound by the terms and provisions of this Agreement (which may be accomplished by an addendum or certificate of joinder to this Agreement).

Section 6.4 Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other parties, it being understood that all parties need not sign the same counterpart and such counterparts may be delivered by the parties hereto via facsimile or electronic transmission.

Section 6.5 Amendment; Waiver. This Agreement may be amended or modified, and any provision hereof may be waived, in whole or in part, at any time pursuant to an agreement in writing executed by the Company and Holders holding a majority of the Registrable Securities at such time; provided, however, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects one Holder, solely in his, her or its capacity as a holder of the shares of capital stock of the Company, in a manner that is materially different from the other Holders (in such capacity) shall require the consent of the Holder so affected. Any failure

by any party at any time to enforce any of the provisions of this Agreement shall not be construed a waiver of such provision or any other provisions hereof.

Section 6.6 Severability. In the event that any provision of this Agreement or the application thereof becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other persons or circumstances will be interpreted so as reasonably to effect the intent of the parties hereto.

Section 6.7 Governing Law; Venue. This Agreement shall be governed by, interpreted under, and construed in accordance with the internal laws of the State of Delaware applicable to agreements made and to be performed within the State of Delaware, without giving effect to any choice-of-law provisions thereof that would compel the application of the substantive laws of any other jurisdiction. All legal actions and proceedings arising out of or relating to this Agreement or the transactions contemplated hereby (each, an “**Action**”) shall be heard and determined exclusively in any Delaware Chancery Court; provided, that if jurisdiction is not then available in the Delaware Chancery Court, then any such legal Action may be brought in any federal court located in the State of Delaware or any other Delaware state court. The parties hereto hereby (x) irrevocably submit to the exclusive jurisdiction of the aforesaid courts for themselves and with respect to their respective properties for the purpose of any Action arising out of or relating to this Agreement brought by any party hereto, and (y) agree not to commence any Action relating thereto except in the courts described above in Delaware, other than with respect to any appellate court thereof and other than Actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in Delaware as described herein. Each of the parties further agrees that notice as provided herein shall constitute sufficient service of process and the parties further waive any argument that such service is insufficient. Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by Law. Each of the parties irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (i) any claim that he, she or it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (ii) that he, she or it or his, her or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) that (A) the Action in any such court is brought in an inconvenient forum, (B) the venue of such Action is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

Section 6.8. WAIVER OF JURY TRIAL. EACH OF THE PARTIES HERETO HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT HE, SHE OR IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH OF THE PARTIES HERETO (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THAT FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT HE, SHE, IT AND THE OTHERS HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 6.8.

Section 6.9 Specific Performance. Each party acknowledges and agrees that the other parties hereto would be irreparably harmed and would not have any adequate remedy at law in the event that any of the provisions of this Agreement were not performed by such first party in accordance with their specific terms or were otherwise breached by such first party. Accordingly, each party agrees that the other parties hereto shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, this being in addition to any other remedy to which such parties are entitled at law or in equity.

2. Lock-Up.

2.1 Lock-Up. Each Lock-Up Party severally, and not jointly, agrees with GigCapital5 not to effect any Transfer, or make a public announcement of any intention to effect such Transfer, of any Lock-Up Securities Beneficially Owned or otherwise held by such Lock-Up Party during the Lock-Up Period (as defined below); *provided*, that such prohibition shall not apply to Transfers permitted pursuant to [Section 2.2](#). The “Lock-Up Period” shall be the period commencing on the Closing Date and ending on the date that is the earlier to occur of: (a) six (6) months following the Closing Date; (b) subsequent to the Closing, the date on which the reported closing price of one share of GigCapital5 Common Stock quoted on The Nasdaq Stock Market LLC, the New York Stock Exchange or the NYSE American (or the exchange on which the shares of GigCapital5 Common Stock are then listed) equals or exceeds eleven dollars and fifty cents (\$11.50) per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like occurring after the Closing Date) for any twenty (20) Trading Days (as defined below) within any thirty (30) consecutive Trading Day period commencing at least ninety (90) days after the Closing Date; and (c) subsequent to the Closing, the date on which GigCapital5 completes a liquidation, merger, stock exchange or other similar transaction that results in all of GigCapital5’s stockholders having the right to exchange their GigCapital5 Securities for cash, securities or other property. “Trading Day” means a day on which shares of GigCapital5 Common Stock are actually traded on the principal securities exchange or securities market on which shares of GigCapital5 Common Stock are then traded; *provided, however*, that if the GigCapital5 Common Stock is not so listed or admitted for trading, Trading Day means a Business Day. For the avoidance of any doubt, each Lock-Up Party shall retain all of his, her or its rights as a stockholder of GigCapital5 during the Lock-Up Period, including the right to vote, and to receive any dividends and distributions in respect of, any Lock-Up Securities.

2.2 Permitted Transfers. Notwithstanding anything to the contrary contained in this Agreement, during the Lock-Up Period, each Lock-Up Party may Transfer, without the consent of GigCapital5, any of such Lock-Up Party’s Lock-Up Securities (a) to any of such Lock-Up Party’s Permitted Transferees, upon written notice to GigCapital5 or (b) pursuant to any liquidation, merger, stock exchange or other similar transaction which results in all of GigCapital5’s stockholders having the right to exchange their GigCapital5 Securities for cash, securities or other property subsequent to the Merger; *provided*, that in connection with any Transfer of such Lock-Up Securities, the restrictions and obligations contained in [Section 2.1](#) and this [Section 2.2](#) will continue to apply to such Lock-Up Securities after any Transfer of such Lock-Up Securities and such transferee shall execute a lock-up agreement substantially in the form of this Agreement for the balance of the Lock-Up Period. Notwithstanding the foregoing provisions of this [Section 2.2](#), a Lock-Up Party may (i) not make a Transfer to a Permitted Transferee if such Transfer has as a purpose the avoidance of or is otherwise undertaken in contemplation of avoiding the restrictions on Transfers in this Agreement (it being understood that the purpose of this provision includes prohibiting the Transfer to a Permitted Transferee (A) that has been formed to facilitate a material change with respect to who or which entities Beneficially Own the Lock-Up Securities, or (B) followed by a change in the relationship between the Lock-Up Party and the Permitted Transferee (or a change of control of such Lock-Up Party or Permitted Transferee) after the Transfer with the result and effect that the Lock-Up Party has indirectly made a Transfer of Lock-Up Securities by using a Permitted Transferee, which Transfer would not have been directly permitted under this [Section 2](#) had such change in such relationship occurred prior to such Transfer), or (ii) enter into a written plan meeting the requirements of Rule 10b5-1 under the Exchange Act after the date of this Agreement relating to the sale of the undersigned’s Lock-Up Securities, *provided* that (A) the securities subject to such plan may not be sold until after the expiration of the Lock-Up Period and (B) the Company shall not be required to effect, and the undersigned shall not effect or cause to be effected, any public filing, report or other public announcement regarding the establishment of the trading plan.

3. Confidentiality. Until the Expiration Time, each Lock-Up Party will and will direct his, her or its Affiliates to keep confidential and not disclose any non-public information relating to GigCapital5 or the Company and their respective subsidiaries, including the existence or terms of, or transactions contemplated by, this Agreement, the Business Combination Agreement or the other Transaction Documents, except to the extent that such information

(i) was, is or becomes generally available to the public after the date hereof other than as a result of a disclosure by such Lock-Up Party in breach of this [Section 3](#), (ii) is, was or becomes available to such Lock-Up Party on a non-confidential basis from a source other than GigCapital5 or the Company, or (iii) is or was independently developed by such Lock-Up Party after the date hereof. Notwithstanding the foregoing, such information may be disclosed to the extent required to be disclosed in a judicial or administrative proceeding, or otherwise required to be disclosed by applicable Law (including complying with any oral or written questions, interrogatories, requests for information or documents, subpoena, civil investigative demand or similar process to which such disclosing party is subject), *provided* that such Lock-Up Party gives GigCapital5 or the Company, as applicable, prompt notice of such request(s) or requirement(s), to the extent practicable (and not prohibited by Law), so that GigCapital5 or the Company may seek, at its expense, an appropriate protective order or similar relief (and such Lock-Up Party shall reasonably cooperate with such efforts it being understood that such obligation to reasonably cooperate does not require a Lock-Up Party to himself, herself or itself commence litigation regarding such protective order or similar relief).

4. Representations and Warranties of the Lock-Up Parties. Each Lock-Up Party hereby represents and warrants, severally and not jointly, to the Company and GigCapital5 as follows:

4.1 Due Authority. Such Lock-Up Party has the full power and authority to execute and deliver this Agreement and perform his, her or its obligations hereunder. If such Lock-Up Party is an individual, the signature to this agreement is genuine and such Lock-Up Party has legal competence and capacity to execute the same. This Agreement has been duly and validly executed and delivered by such Lock-Up Party and, assuming due execution and delivery by the other parties hereto, constitutes a legal, valid and binding obligation of such Lock-Up Party, enforceable against such Lock-Up Party in accordance with its terms, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally, and by general equitable principles.

4.2 No Conflict; Consents.

(a) The execution and delivery of this Agreement by such Lock-Up Party does not, and the performance by such Lock-Up Party of the obligations under this Agreement and the compliance by such Lock-Up Party with any provisions hereof do not and will not: (i) conflict with or violate any Law applicable to such Lock-Up Party, (ii) if such Lock-Up Party is an entity, conflict with or violate the certificate of incorporation or bylaws or any equivalent Organizational Documents of such Lock-Up Party, or (iii) result in any breach of, or constitute a default (or an event, which with notice or lapse of time or both, would become a default) under, or give to others any rights of termination, amendment, acceleration or cancellation of, or result in the creation of a lien on any of the securities of the Company owned by such Lock-Up Party pursuant to any note, bond, mortgage, indenture, contract, agreement, lease, license, permit, franchise or other instrument or obligation to which such Lock-Up Party is a party or by which such Lock-Up Party is otherwise bound, except, in the case of clauses (i) and (ii), as would not reasonably be expected, individually or in the aggregate, to materially impair the ability of such Lock-Up Party to perform his, her or its obligations hereunder or to consummate the transactions contemplated hereby.

(b) The execution and delivery of this Agreement by such Lock-Up Party does not, and the performance of this Agreement by such Lock-Up Party will not, require any consent, approval, authorization or permit of, or filing or notification to, or expiration of any waiting period by any Governmental Authority, other than those set forth as conditions to closing in the Business Combination Agreement.

4.3 Absence of Litigation. As of the date hereof, there is no litigation, suit, claim, charge, grievance, action, proceeding, audit or investigation by or before any Governmental Authority (an "Action") pending against, or, to the knowledge of such Lock-Up Party, threatened against such Lock-Up Party that would reasonably be expected to materially impair the ability of such Lock-Up Party to perform his, her or its obligations hereunder or to consummate the transactions contemplated hereby.

4.4 Absence of Conflicting Agreements. Such Lock-Up Party has not entered into any agreement, arrangement or understanding that is otherwise materially inconsistent with, or would materially interfere with, or prohibit or prevent him, her or it from satisfying, his, her or its obligations pursuant to this Agreement.

5. Fiduciary Duties. The covenants and agreements set forth herein shall not prevent any designee of any Lock-Up Party from serving on the Board of Directors or as an officer of the Company or from taking any action, subject to the provisions of the Business Combination Agreement, while acting in such designee's capacity as a director or officer of the Company. Each Lock-Up Party is entering into this Agreement solely in his, her or its capacity as the anticipated owner of GigCapital5 Securities following the consummation of the Merger.

6. Termination. This Agreement shall terminate upon the earlier of: (i) termination of the Business Combination Agreement in accordance with its terms; or (ii) completion of the Lock-Up as specified in Section 2.1 of this Agreement. Upon termination of this Agreement, none of the parties hereto shall have any further obligations or liabilities under this Agreement; *provided*, that nothing in this Section 6 shall relieve any party hereto of liability for any willful material breach of this Agreement prior to its termination.

7. Miscellaneous.

7.1 Severability. In the event that any term, provision, covenant or restriction of this Agreement, or the application thereof, is held to be illegal, invalid or unenforceable under any present or future Law: (a) such provision will be fully severable; (b) this Agreement will be construed and enforced as if such illegal, invalid or unenforceable provision had never comprised a part hereof; (c) the remaining provisions of this Agreement will remain in full force and effect and will not be affected by the illegal, invalid or unenforceable provision or by its severance therefrom; and (d) in lieu of such illegal, invalid or unenforceable provision, there will be added automatically as a part of this Agreement a legal, valid and enforceable provision as similar in terms of such illegal, invalid or unenforceable provision as may be possible.

7.2 Non-survival of Representations and Warranties. None of the representations or warranties in this Agreement or in any schedule, instrument or other document delivered pursuant to this Agreement shall survive the Expiration Time.

7.3 Assignment. Neither party hereto may assign, directly or indirectly, including, through any merger, acquisition, sale of all or substantially all shares/assets or by operation of Law, either this Agreement or any of his, her or its rights, interests or obligations hereunder without the prior written approval of the other parties hereto, except with respect to a Transfer completed in accordance with Section 2.2. Subject to the first sentence of this Section 7.3, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns. Any assignment in violation of this Section 7.3 shall be void ab initio.

7.4 Amendments and Modifications. This Agreement may be amended by the parties hereto at any time by execution of an instrument in writing signed by (a) GigCapital5, (b) the Company and (c) (i) by Lock-Up Parties holding at least fifty percent (50%) of the Lock-Up Securities (assuming the hypothetical exercise of all then-outstanding warrants and options that are Lock-Up Securities) that are then subject to this Agreement, and any such amendment shall be binding on all the Lock-Up Parties; *provided, however*, that in no event shall the obligation of any Lock-Up Party hereunder be materially increased without the prior written consent of such Lock-Up Party, unless such amendment applies to all Lock-Up Parties in the same fashion; *provided, further, however*, that (A) if this Agreement, or any other lock-up agreement signed by a stockholder of the Company in connection with the transactions contemplated hereby or under the Business Combination Agreement, is amended, modified or waived in a manner favorable to any Lock-Up Party or such shareholder, and such amendment, modification or waiver would be favorable to any other Lock-Up Party, this Agreement shall be automatically amended in the same manner with respect to such other Lock-Up Party (and GigCapital5 shall

provide prompt notice thereof to all Lock-Up Parties), and (B) if any Lock-Up Party or such shareholder is released from any or all of the lock-up restrictions under this Lock-Up Agreement or such other lock-up agreement, each other Lock-Up Party shall automatically be contemporaneously and proportionately released from the lock-up restrictions hereunder (which, for the avoidance of doubt, will include a release of the same percentage of such Lock-Up Party's Lock-Up Securities) and GigCapital5 shall provide prompt notice thereof to each Lock-Up Party.

7.5 Governing Law; WAIVER OF JURY TRIAL; Specific Performance

(a) This Agreement and all Actions based upon, arising out of or relating to this Agreement or the transactions contemplated hereby shall be governed by, and construed in accordance with, the Laws of the State of Delaware.

(b) All legal actions and proceedings arising out of or relating to this Agreement shall be heard and determined exclusively in any Delaware Chancery Court; *provided*, that if jurisdiction is not then available in the Delaware Chancery Court, then any such legal Action may be brought in any federal court located in the State of Delaware or any other Delaware state court. The parties hereto hereby (x) irrevocably submit to the exclusive jurisdiction of the aforesaid courts for themselves and with respect to their respective properties for the purpose of any Action arising out of or relating to this Agreement brought by any party hereto, and (y) agree not to commence any Action relating thereto except in the courts described above in Delaware, other than with respect to any appellate court thereof and other than Actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in Delaware as described herein. Each of the parties further agrees that notice as provided herein shall constitute sufficient service of process and the parties further waive any argument that such service is insufficient. Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by Law. Each of the parties irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (i) any claim that he, she or it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (ii) that he, she or it or his, her or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) that (A) the Action in any such court is brought in an inconvenient forum, (B) the venue of such Action is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

(c) EACH OF THE PARTIES HERETO HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT HE, SHE OR IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH OF THE PARTIES HERETO (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THAT FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT HE, SHE, IT AND THE OTHERS HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS [SECTION 7.5\(C\)](#).

(d) The parties agree that irreparable damage would occur if any provision of this Agreement were not performed in accordance with the terms hereof, and, accordingly, that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement or to enforce specifically the performance of the terms and provisions hereof in the Court of Chancery of the State of Delaware, County of Newcastle, or, if that court does not have jurisdiction, any court of the United States located in the State of Delaware without proof of actual damages or otherwise, in addition to any other remedy to which they are entitled at Law or in equity as expressly permitted in this Agreement. Each of the parties hereby further waives (i) any

7.7 Entire Agreement, Third-Party Beneficiaries. This Agreement, together with the Business Combination Agreement and Transaction Documents, constitutes the entire agreement among the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and undertakings, both written and oral, among the parties hereto, or any of them, with respect to the subject matter hereof. This Agreement shall be binding upon and inure solely to the benefit of each party, and nothing in this Agreement, express or implied, is intended to or shall confer upon any other person any benefit or remedy of any nature whatsoever under or by reason of this Agreement.

7.8 Counterparts. This Agreement may be executed and delivered (including by facsimile or portable document format (pdf) transmission) in one or more counterparts, and by the different parties in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

7.9 Effect of Headings. The descriptive headings contained in this Agreement are included for convenience of reference only and shall not affect in any way the meaning or interpretation of this Agreement.

7.10 Legal Representation. Each of the parties hereto agrees that he, she or it has been represented by independent counsel of his, her or its choice during the negotiation and execution of this Agreement and each party hereto and his, her or its counsel cooperated in the drafting and preparation of this Agreement and the documents referred to herein and, therefore, waive the application of any Law, regulation, holding or rule of construction providing that ambiguities in an agreement or other document will be construed against the party hereto drafting such agreement or document. Each Lock-Up Party acknowledges that DLA Piper LLP (US) is acting as counsel to GigCapital5 and Seyfarth Shaw LLP is acting as counsel to the Company in connection with the Business Combination Agreement and the transactions contemplated thereby, and that neither of such firms is acting as counsel to any Lock-Up Party.

7.11 Expenses. Except as provided in the Business Combination Agreement, all expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such expenses, whether or not the Merger or any other Transaction is consummated.

7.12 Further Assurances. At the request of GigCapital5 or the Company, in the case of any Lock-Up Party, or at the request of the Lock-Up Parties, in the case of GigCapital5, and without further consideration, each party shall execute and deliver or cause to be executed and delivered such additional documents and instruments and

take such further action as may be reasonably necessary to consummate the transactions contemplated by this Agreement.

7.13 Waiver. No failure or delay on the part of any party to exercise any power, right, privilege or remedy under this Agreement shall operate as a waiver of such power, right, privilege or remedy; and no single or partial exercise of any such power, right, privilege or remedy shall preclude any other or further exercise thereof or of any other power, right, privilege or remedy. No party shall be deemed to have waived any claim available to such party arising out of this Agreement, or any power, right, privilege or remedy under this Agreement, unless the waiver of such claim, power, right, privilege or remedy is expressly set forth in a written instrument duly executed and delivered on behalf of such waiving party; and any such waiver shall not be applicable or have any effect except in the specific instance in which it is given.

7.14 Severable Liability. The liability of the Lock-Up Parties hereunder is several (and not joint). Notwithstanding any other provision of this Agreement, in no event will any Lock-Up Party be liable for any other Lock-Up Party's breach of such other Lock-Up Party's representations, warranties, covenants, or agreements contained in this Agreement.

7.15 No Recourse. Notwithstanding anything to the contrary contained herein or otherwise, but without limiting any provision in the Business Combination Agreement, or the obligations of any Permitted Transferee under this Agreement, this Agreement may only be enforced against, and any claims or causes of action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement or the transactions contemplated hereby, may only be made against the entities and Persons that are expressly identified as parties to this Agreement in their capacities as such and no former, current or future stockholders, equity holders, controlling persons, directors, officers, employees, general or limited partners, members, managers, agents or affiliates of any party hereto, or any former, current or future direct or indirect stockholder, equity holder, controlling person, director, officer, employee, general or limited partner, member, manager, agent or affiliate of any of the foregoing (each, a "Non-Recourse Party") shall have any liability for any obligations or liabilities of the parties to this Agreement or for any claim (whether in tort, contract or otherwise) based on, in respect of, or by reason of, the transactions contemplated hereby or in respect of any oral representations made or alleged to be made in connection herewith. Without limiting the rights of any party against the other parties hereto, or the obligations of any Permitted Transferee under this Agreement, in no event shall any party or any of his, her or its affiliates seek to enforce this Agreement against, make any claims for breach of this Agreement against, or seek to recover monetary damages from, any Non-Recourse Party.

**ARTICLE IV

The total number of shares of all classes of capital stock which the Corporation is authorized to issue is 510,000,000 shares, consisting of (a) 500,000,000 shares of common stock, par value \$0.0001 per share (the "**Common Stock**") and (b) 10,000,000 shares of preferred stock, par value \$0.0001 per share (the "**Preferred Stock**").

Section 4.2 Preferred Stock. The Preferred Stock may be issued from time to time in one or more series. The Board of Directors of the Corporation (the "**Board**") is hereby expressly authorized to provide out of the unissued shares of the Preferred Stock for one or more series of Preferred Stock and to establish from time to time the number of shares to be included in each such series and to fix the voting rights, if any, designations, powers, preferences and relative, participating, optional, special and other rights, if any, of each such series and any qualifications, limitations and restrictions thereof, as shall be stated in the resolution or resolutions adopted by the Board providing for the issuance of such series and included in a certificate of designation (a "**Preferred Stock Designation**") filed pursuant to the DGCL, and the Board is hereby expressly vested with the authority to the full extent provided by law, now or hereafter, to adopt any such resolution or resolutions.

Section 4.3 Common Stock Voting.

(i) Except as otherwise required by law or this Second Amended and Restated Certificate (including any Preferred Stock Designation), the holders of the shares of Common Stock shall exclusively possess all voting power with respect to the Corporation.

(ii) Except as otherwise required by law or this Second Amended and Restated Certificate (including any Preferred Stock Designation), the holders of shares of Common Stock shall be entitled to one vote for each such share on each matter properly submitted to the stockholders of the Corporation on which the holders of the shares of Common Stock are entitled to vote.

(iii) Except as otherwise required by law or this Second Amended and Restated Certificate (including any Preferred Stock Designation), at any annual or special meeting of the stockholders of the Corporation, the holders of the shares of Common Stock shall have the exclusive right to vote for the election of directors and on all other matters properly submitted to a vote of the stockholders of the Corporation. Notwithstanding the foregoing, except as otherwise required by law or this Second Amended and Restated Certificate (including any Preferred Stock Designation), the holders of the shares of Common Stock shall not be entitled to vote on any amendment to this Second Amended and Restated Certificate (including any amendment to any Preferred Stock Designation) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series of Preferred Stock are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to this Second Amended and Restated Certificate (including any Preferred Stock Designation) or the DGCL.

(b) *Dividends*. Subject to applicable law, the rights, if any, of the holders of any outstanding series of the Preferred Stock, the holders of the shares of Common Stock shall be entitled to receive such dividends and other distributions (payable in cash, property or capital stock of the Corporation) when, as and if declared thereon by the Board from time to time out of any assets or funds of the Corporation legally available therefor and shall share equally on a per share basis in such dividends and distributions.

(c) *Liquidation, Dissolution or Winding Up of the Corporation*. Subject to applicable law, the rights, if any, of the holders of any outstanding series of the Preferred Stock, in the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, after payment or provision for payment of the debts and other liabilities of the Corporation, the holders of the shares of Common Stock shall be entitled to receive all the remaining assets of the Corporation available for distribution to its stockholders, ratably in proportion to the number of shares of Common Stock held by them.

Section 4.4 Rights and Options. The Corporation has the authority to create and issue rights, warrants and options entitling the holders thereof to acquire from the Corporation any shares of its capital stock of any class or classes, with such rights, warrants and options to be evidenced by or in instrument(s) approved by the Board. The Board is empowered to set the exercise price, duration, times for exercise and other terms and conditions of such rights, warrants or options; provided, however, that the consideration to be received for any shares of capital stock issuable upon exercise thereof may not be less than the par value thereof.

**ARTICLE V
BOARD OF DIRECTORS**

Section 5.1 Board Powers. The business and affairs of the Corporation shall be managed by, or under the direction of, the Board. In addition to the powers and authority expressly conferred upon the Board by statute, this Second Amended and Restated Certificate or the Bylaws of the Corporation (as they may be amended from time to time, "Bylaws"), the Board is hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, subject, nevertheless, to the provisions of the DGCL, this Second Amended and Restated Certificate, and any Bylaws adopted by the stockholders of the Corporation; provided, however, that no Bylaws hereafter adopted by the stockholders of the Corporation shall invalidate any prior act of the Board that would have been valid if such Bylaws had not been adopted.

Section 5.2 Number, Election and Term.

(a) The number of directors of the Corporation, other than those who may be elected by the holders of one or more series of the Preferred Stock voting separately by class or series, shall be fixed from time to time exclusively by the Board pursuant to a resolution adopted by a majority of the Board.

(b) Subject to Section 5.5 hereof, the Board shall be divided into three classes, as nearly equal in number as possible and designated Class I, Class II, and Class III. The Board is authorized to assign members of the Board already in office to Class I, Class II, or Class III. The term of the initial Class I Directors shall expire at the first annual meeting of the stockholders of the Corporation following the effectiveness of this Second Amended and Restated Certificate, the term of the initial Class II Directors shall expire at the second annual meeting of the stockholders of the Corporation following the effectiveness of this Second Amended and Restated Certificate, and the term of the initial Class III directors shall expire at the third annual meeting of the stockholders following the effectiveness of this Second Amended and Restated Certificate. At each succeeding annual meeting of the stockholders of the Corporation, beginning with the first annual meeting of the stockholders of the Corporation following the effectiveness of this Second Amended and Restated Certificate, each of the successors elected to replace the class of directors whose term expires at that annual meeting shall be elected for a three year term or until the election and qualification of their respective successors in office, subject to their earlier death, resignation or removal. Subject to Section 5.5 hereof, if the number of directors that constitutes the Board is changed, any increase or decrease shall be apportioned by the Board among the classes so as to maintain the number of directors in each class as nearly equal as possible, but in no case shall a decrease in the number of directors constituting the Board shorten the term of any incumbent director. Subject to the rights of the holders of one or more series of Preferred Stock, voting separately by class or series, to elect directors pursuant to the terms of one or more series of Preferred Stock, the election of directors shall be determined by a plurality of the votes cast by the stockholders present in person or represented by proxy at the meeting and entitled to vote thereon. The Board is hereby expressly authorized, by resolution or resolutions thereof, to assign members of the Board already in office to the aforesaid classes at the time this Second Amended and Restated Certificate (and therefore such classification) becomes effective in accordance with the DGCL.

(c) Subject to Section 5.5 hereof, a director shall hold office until the next annual meeting for the year in which his or her term expires and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal.

(d) Unless and except to the extent that the Bylaws shall so require, the election of directors need not be by written ballot. The holders of shares of Common Stock shall not have cumulative voting rights.

Section 5.3 Newly Created Directorships and Vacancies. Subject to Section 5.5 hereof, newly created directorships resulting from an increase in the number of directors and any vacancies on the Board resulting from death, resignation, retirement, disqualification, removal or other cause may be filled solely and exclusively by a majority vote of the remaining directors then in office, even if less than a quorum, or by a sole remaining director

(and not by stockholders), and any director so chosen shall hold office for the remainder of the full term of the class of directors to which the new directorship was added or in which the vacancy occurred and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal.

Section 5.4 Removal. Subject to Section 5.5 hereof, any or all of the directors may be removed from office, but only for cause, by the affirmative vote of holders of a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, at a meeting called for that purpose.

Section 5.5 Preferred Stock—Directors. Notwithstanding any other provision of this Article V, and except as otherwise required by law, whenever the holders of one or more series of the Preferred Stock shall have the right, voting separately by class or series, to elect one or more directors, the term of office, the filling of vacancies, the removal from office and other features of such directorships shall be governed by the terms of such series of the Preferred Stock as set forth in this Second Amended and Restated Certificate (including any Preferred Stock Designation) and such directors shall not be included in any of the classes created pursuant to this Article V unless expressly provided by such terms.

ARTICLE VI BYLAWS

In furtherance and not in limitation of the powers conferred upon it by law, the Board shall have the power and is expressly authorized to adopt, amend, alter or repeal the Bylaws by the affirmative vote of a majority of the total number of directors present at a regular or special meeting of the Board at which there is a quorum or by unanimous written consent. The Bylaws also may be adopted, amended, altered or repealed by the stockholders of the Corporation; provided, however, that in addition to any vote of the holders of any class or series of capital stock of the Corporation required by law or by this Second Amended and Restated Certificate (including any Preferred Stock Designation), the affirmative vote of the holders of at least a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required for the stockholders of the Corporation to adopt, amend, alter or repeal the Bylaws; and provided further, however, that no Bylaws hereafter adopted by the stockholders of the Corporation shall invalidate any prior act of the Board that would have been valid if such Bylaws had not been adopted.

ARTICLE VII SPECIAL MEETINGS OF STOCKHOLDERS; ACTION BY WRITTEN CONSENT

Section 7.1 Special Meetings. Subject to the rights, if any, of the holders of any outstanding series of the Preferred Stock, and to the requirements of applicable law, special meetings of stockholders of the Corporation may be called only by the Chairman of the Board, Chief Executive Officer of the Corporation, or the Board pursuant to a resolution adopted by a majority of the Board, and the ability of the stockholders of the Corporation to call a special meeting is hereby specifically denied. Except as provided in the foregoing sentence, special meetings of stockholders of the Corporation may not be called by another person or persons.

Section 7.2 Advance Notice. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws.

Section 7.3 Action by Written Consent. Except as may be otherwise provided for or fixed pursuant to this Second Amended and Restated Certificate (including any Preferred Stock Designation) relating to the rights of

the holders of any outstanding series of Preferred Stock, any action required or permitted to be taken by the stockholders of the Corporation must be effected by a duly called annual or special meeting of such stockholders and may not be effected by written consent of the stockholders of the Corporation.

**ARTICLE VIII
LIMITED LIABILITY; INDEMNIFICATION**

Section 8.1 Limitation of Director Liability. A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended unless a director violated his or her duty of loyalty to the Corporation or its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived improper personal benefit from his or her actions as a director. Any amendment, modification or repeal of the foregoing sentence shall not adversely affect any right or protection of a director of the Corporation hereunder in respect of any act or omission occurring prior to the time of such amendment, modification or repeal.

Section 8.2 Indemnification and Advancement of Expenses.

(a) To the fullest extent permitted by applicable law, as the same exists or may hereafter be amended, the Corporation shall indemnify and hold harmless each person who is or was made a party or is threatened to be made a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding") by reason of the fact that he or she is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, other enterprise or nonprofit entity, including service with respect to an employee benefit plan (an "indemnitee"), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent, or in any other capacity while serving as a director, officer, employee or agent, against all liability and loss suffered and expenses (including, without limitation, attorneys' fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred by such indemnitee in connection with such proceeding. The Corporation shall to the fullest extent not prohibited by applicable law pay the expenses (including attorneys' fees) incurred by an indemnitee in defending or otherwise participating in any proceeding in advance of its final disposition; provided, however, that, to the extent required by applicable law, such payment of expenses in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking, by or on behalf of the indemnitee, to repay all amounts so advanced if it shall ultimately be determined that the indemnitee is not entitled to be indemnified under this Section 8.2 or otherwise. The rights to indemnification and advancement of expenses conferred by this Section 8.2 shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators. Notwithstanding the foregoing provisions of this Section 8.2(a), except for proceedings to enforce rights to indemnification and advancement of expenses, the Corporation shall indemnify and advance expenses to an indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board.

(b) The rights to indemnification and advancement of expenses conferred on any indemnitee by this Section 8.2 shall not be exclusive of any other rights that any indemnitee may have or hereafter acquire under law, this Second Amended and Restated Certificate, the Bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

(c) Any repeal or amendment of this Section 8.2 by the stockholders of the Corporation or by changes in law, or the adoption of any other provision of this Second Amended and Restated Certificate inconsistent with

this [Section 8.2](#), shall, unless otherwise required by law, be prospective only (except to the extent such amendment or change in law permits the Corporation to provide broader indemnification rights on a retroactive basis than permitted prior thereto), and shall not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision in respect of any proceeding (regardless of when such proceeding is first threatened, commenced or completed) arising out of, or related to, any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

(d) This [Section 8.2](#) shall not limit the right of the Corporation, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than indemnitees.

ARTICLE IX CORPORATE OPPORTUNITY

Section 9.1 [Corporate Opportunities and Non-Employee Directors](#)

(a) In recognition and anticipation that members of the Board who are not employees of the Corporation (the "**Non-Employee Directors**") and their respective Affiliates may now engage and may continue to engage in the same or similar activities or related lines of business as those in which the Corporation, directly or indirectly, may engage and/or other business activities that overlap with or compete with those in which the Corporation, directly or indirectly, may engage, the provisions of this [Article IX](#) are set forth to regulate and define the conduct of certain affairs of the Corporation with respect to certain classes or categories of business opportunities as they may involve any of the Non-Employee Directors or their respective Affiliates and the powers, rights, duties and liabilities of the Corporation and its directors, officers and stockholders in connection therewith. For purposes of this [Article IX](#), (i) "**Affiliate**" shall mean, (a) in respect of each Non-Employee Director, any Person that, directly or indirectly, is controlled by such Non-Employee Director (other than the Corporation and any entity that is controlled by the Corporation) and (b) in respect of the Corporation, any Person that, directly or indirectly, is controlled by the Corporation; and (ii) "**Person**" shall mean any individual, corporation, general or limited partnership, limited liability company, joint venture, trust, association or any other entity.

(b) No Non-Employee Director (including any Non-Employee Director who serves as an officer of the Corporation in both his or her director and officer capacities) or his or her Affiliates (such Persons being referred to, collectively, as "**Identified Persons**" and, individually, as an "**Identified Person**") shall, to the fullest extent permitted by law, have any duty to refrain from directly or indirectly (1) engaging in the same or similar business activities or lines of business in which the Corporation or any of its Affiliates now engages or proposes to engage or (2) otherwise competing with the Corporation or any of its Affiliates, and, to the fullest extent permitted by law, no Identified Person shall be liable to the Corporation or its stockholders or to any Affiliate of the Corporation for breach of any fiduciary duty solely by reason of the fact that such Identified Person engages in any such activities. To the fullest extent permitted by law, the Corporation hereby renounces any interest or expectancy in, or right to be offered an opportunity to participate in, any business opportunity which may be a corporate opportunity for an Identified Person and the Corporation or any of its Affiliates, except as provided in [Section 9.1\(c\)](#) of this [Article IX](#). Subject to said [Section 9.1\(c\)](#) of this [Article IX](#), in the event that any Identified Person acquires knowledge of a potential transaction or other business opportunity which may be a corporate opportunity for itself, herself or himself and the Corporation or any of its Affiliates, such Identified Person shall, to the fullest extent permitted by law, have no duty to communicate or offer such transaction or other business opportunity to the Corporation or any of its Affiliates and, to the fullest extent permitted by law, shall not be liable to the Corporation or its stockholders or to any Affiliate of the Corporation for breach of any fiduciary duty as a stockholder, director or officer of the Corporation solely by reason of the fact that such Identified Person pursues or acquires such corporate opportunity for itself, herself or himself, or offers or directs such corporate opportunity to another Person.

(c) The Corporation does not renounce its interest in any corporate opportunity offered to any Non-Employee Director (including any Non-Employee Director who serves as an officer of this Corporation) if such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of the Corporation, and the provisions of [Section 9.1\(b\)](#) of this [Article IX](#) shall not apply to any such corporate opportunity.

(d) In addition to and notwithstanding the foregoing provisions of this [Article IX](#), a corporate opportunity shall not be deemed to be a potential corporate opportunity for the Corporation if it is a business opportunity that (i) the Corporation is unable, financially or legally, or is not contractually permitted to undertake, (ii) from its nature, is not in the line of the Corporation's business or is of no practical advantage to the Corporation or (iii) is one in which the Corporation has no interest or reasonable expectancy.

(e) To the fullest extent permitted by law, any Person purchasing or otherwise acquiring any interest in any shares of capital stock of the Corporation shall be deemed to have notice of and to have consented to the provisions of this [Article IX](#).

(f) Neither the alteration, amendment, addition to or repeal of this [Article IX](#), nor the adoption of any provision of this Second Amended and Restated Certificate (including any Preferred Stock Designation) inconsistent with this [Article IX](#), shall eliminate or reduce the effect of this [Article IX](#) in respect of any corporate opportunity first identified or any other matter occurring, or any cause of action, suit or claim that, but for this [Article IX](#), would accrue or arise, prior to such alteration, amendment, addition, repeal or adoption.

ARTICLE X AMENDMENT OF SECOND AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

The Corporation reserves the right at any time and from time to time to amend, alter, change or repeal any provision contained in this Second Amended and Restated Certificate (including any Preferred Stock Designation), and other provisions authorized by the laws of the State of Delaware at the time in force that may be added or inserted, in the manner now or hereafter prescribed by this Second Amended and Restated Certificate and the DGCL; and, except as set forth in [Article VIII](#), all rights, preferences and privileges of whatever nature herein conferred upon stockholders, directors or any other persons by and pursuant to this Second Amended and Restated Certificate in its present form or as hereafter amended are granted subject to the right reserved in this [Article X](#).

ARTICLE XI EXCLUSIVE FORUM FOR CERTAIN LAWSUITS

Section 11.1 [Forum](#). Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation, its directors, officers or employees arising pursuant to any provision of the DGCL or this Second Amended and Restated Certificate or the Bylaws, or (iv) any action asserting a claim against the Corporation, its directors, officers or employees governed by the internal affairs doctrine and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel except any action (A) as to which the Court of Chancery in the State of Delaware determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), (B) which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or (C) for

which the Court of Chancery does not have subject matter jurisdiction. Notwithstanding the foregoing, the provisions of this [Section 11.1](#) will not apply to suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. Notwithstanding the foregoing, the federal district courts of the United States of America, to the fullest extent permitted by law, shall be the sole and exclusive forum for the resolution of any action asserting a cause of action arising under the Securities Act. Any person or entity purchasing or otherwise acquiring any interest in any security of the Corporation shall be deemed to have notice of and consented to the provisions of this [Section 11.1](#).

Section 11.2 [Consent to Jurisdiction](#). If any action the subject matter of which is within the scope of [Section 11.1](#) immediately above is filed in a court other than a court located within the State of Delaware (a "*Foreign Action*") in the name of any stockholder, such stockholder shall be deemed to have consented to (i) the personal jurisdiction of the state and federal courts located within the State of Delaware in connection with any action brought in any such court to enforce [Section 11.1](#) immediately above (an "*FSC Enforcement Action*") and (ii) having service of process made upon such stockholder in any such FSC Enforcement Action by service upon such stockholder's counsel in the Foreign Action as agent for such stockholder.

ARTICLE XII SEVERABILITY

If any provision or provisions (or any part thereof) of this Second Amended and Restated Certificate shall be held to be invalid, illegal or unenforceable as applied to any person, entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, (i) the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Second Amended and Restated Certificate (including, without limitation, each portion of any paragraph of this Second Amended and Restated Certificate containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby, and (ii) the provisions of this Second Amended and Restated Certificate (including, without limitation, each portion of any paragraph of this Second Amended and Restated Certificate containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to permit the Corporation to protect its directors, officers, employees and agents from personal liability in respect of their good faith service or for the benefit of the Corporation to the fullest extent permitted by law.

(a) Each of the parties hereto shall take all such action within its power as may be necessary or appropriate, including by causing certain directors of GigCapital5 to resign, such that, effective as of the Closing, (i) the “QTI Holdings Board” shall consist of six (6) directors (but the authorized number of members of the QTI Holdings Board shall be seven (7) directors, with such seventh (7th) member of the QTI Holdings Board to be chosen in the manner as provided for in Section 2.05(d), and if filled by the GigCapital5 Board prior to the Closing, shall take office immediately upon the Closing); (ii) the initial members of the QTI Holdings Board are the individuals determined in accordance with among other areas, the four key areas outlined in the signed letter of intent, Section 2.05(b), Section 2.05(c), and Section 2.05(e), as applicable; and (iii) the initial members of the compensation committee, audit committee and nominating and corporate governance committee of the QTI Holdings Board are the individuals determined in accordance with Section 2.05(d). In addition, the initial directors and officers of the Surviving Corporation shall be mutually agreed by GigCapital5 and the Company to be effective immediately after the Closing.

(b) Three (3) named individuals as set forth under the heading “Initial Post-Closing QTI Holdings Directors” and the subheading “Sponsor Directors” on Schedule 2.05 shall serve as Class I, Class II or Class III Directors (as each such term is defined in the QTI Holdings Organizational Documents following the Effective Time), as specified on Schedule 2.05, on the QTI Holdings Board effective as of the Closing (the “Sponsor Directors”). Each of such Sponsor Directors are qualified to serve as “independent directors” under the listing rules and regulations of The Nasdaq Stock Market LLC (“Nasdaq”), the New York Stock Exchange (the “NYSE”) or NYSE American (the “NYSE American,” and together with Nasdaq and NYSE, the “Exchanges”), applicable to service on committees of the QTI Holdings Board (“QTI Holdings Independent Directors”). GigCapital5 may, with the prior written consent of the Company (such consent not to be unreasonably withheld, conditioned or delayed), replace any such individual on the QTI Holdings Board with any other individual prior to the filing of the Registration Statement and Proxy Statement with the SEC by amending such list to include such replacement individual, provided, that such replacement individuals meet all the requirements of this Agreement, including being qualified to serve as QTI Independent Directors under the listing rules and regulations of the Exchanges.

(c) Three (3) named individuals as set forth under the heading “Initial Post-Closing QTI Holdings Directors” and the subheading “Company Directors” on Schedule 2.05 shall serve as Class I, Class II or Class III Directors, as specified on Schedule 2.05, on the QTI Holdings Board effective as of the Closing (the “Company Directors” and, collectively with the Sponsor Directors, the “Initial Post-Closing QTI Holdings Directors”). At least one (1) of the Company Directors shall be qualified to serve as a QTI Holdings Independent Director under the listing rules and regulations of the Exchanges. The Company may, with the prior written consent of GigCapital5 (such consent not to be unreasonably withheld, conditioned or delayed), replace any such individual with any other individual prior to the filing of the Registration Statement and Proxy Statement with the SEC by amending such list to include such replacement individual, provided, that such replacement individuals meet all the requirements of this Agreement and at least one (1) of the individuals designated to the QTI Holdings Board pursuant to this Section 2.05(c) must be qualified to serve as a QTI Holdings Independent Director under the listing rules and regulations of the Exchanges. If for any individual who has been nominated to serve as a QTI Holdings Independent Director, such individual is not so qualified, then GigCapital5 shall omit from its proxy materials any such nominee, and any such nomination shall be disregarded and no vote on any such nominee will occur, notwithstanding that proxies in respect of such vote may have been received by GigCapital5.

(d) The one (1) authorized seat of the QTI Holdings Board that shall be vacant at the Closing shall be filled following the Closing by the QTI Holdings Board (unless filled by the GigCapital5 Board prior to Closing) with one (1) individual selected by the individual with “Chairman of the QTI Holdings Board” set forth opposite his name on Schedule 2.05, who will inform the Chief Executive Officer of the Company of the selection, and who is qualified to serve as a QTI Holdings Independent Director, is a key opinion leader who can support QTI Holdings’ business, technology and financing initiatives, and who has experience appropriate for service on the board of directors of a public company.

Each of the individuals with “Compensation Committee,” “Audit Committee,” and/or “Nominating and Corporate Governance Committee” set forth opposite his or her name on [Schedule 2.05](#) shall serve as a member of the Compensation Committee, Audit Committee and Nominating and Corporate Governance Committee of the QTI Holdings Board, respectively, effective as of the Closing. Notwithstanding the foregoing, each of such individuals must be QTI Holdings Independent Directors and must meet the rules and regulations of the Exchanges regarding committee membership, and if the requirement set forth in this sentence is not met, GigCapital5 shall omit from its proxy materials any such nominee for service on such committee of the QTI Holdings Board.

In addition to the powers and authority expressly conferred upon the Board by statute, this Second Amended and Restated Certificate or the Bylaws of the Corporation (as they may be amended from time to time, "Bylaws"), the Board is hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, subject, nevertheless, to the provisions of the DGCL, this Second Amended and Restated Certificate, and any Bylaws adopted by the stockholders of the Corporation; provided, however, that no Bylaws hereafter adopted by the stockholders of the Corporation shall invalidate any prior act of the Board that would have been valid if such Bylaws had not been adopted.

At each succeeding annual meeting of the stockholders of the Corporation, beginning with the first annual meeting of the stockholders of the Corporation following the effectiveness of this Second Amended and Restated Certificate, each of the successors elected to replace the class of directors whose term expires at that annual meeting shall be elected for a three year term or until the election and qualification of their respective successors in office, subject to their earlier death, resignation or removal. Subject to Section 5.5 hereof, if the number of directors that constitutes the Board is changed, any increase or decrease shall be apportioned by the Board among the classes so as to maintain the number of directors in each class as nearly equal as possible, but in no case shall a decrease in the number of directors constituting the Board shorten the term of any incumbent director. Subject to the rights of the holders of one or more series of Preferred Stock, voting separately by class or series, to elect directors pursuant to the terms of one or more series of Preferred Stock, the election of directors shall be determined by a plurality of the votes cast by the stockholders present in person or represented by proxy at the meeting and entitled to vote thereon. The Board is hereby expressly authorized, by resolution or resolutions thereof, to assign members of the Board already in office to the aforesaid classes at the time this Second Amended and Restated Certificate (and therefore such classification) becomes effective in accordance with the DGCL.

(c) Subject to Section 5.5 hereof, a director shall hold office until the next annual meeting for the year in which his or her term expires and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal.

(d) Unless and except to the extent that the Bylaws shall so require, the election of directors need not be by written ballot. The holders of shares of Common Stock shall not have cumulative voting rights.

Section 5.3 Newly Created Directorships and Vacancies. Subject to Section 5.5 hereof, newly created directorships resulting from an increase in the number of directors and any vacancies on the Board resulting from death, resignation, retirement, disqualification, removal or other cause may be filled solely and exclusively by a majority vote of the remaining directors then in office, even if less than a quorum, or by a sole remaining director

(and not by stockholders), and any director so chosen shall hold office for the remainder of the full term of the class of directors to which the new directorship was added or in which the vacancy occurred and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal.

Section 5.4 Removal. Subject to Section 5.5 hereof, any or all of the directors may be removed from office, but only for cause, by the affirmative vote of holders of a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, at a meeting called for that purpose.

Section 5.5 Preferred Stock—Directors. Notwithstanding any other provision of this Article V, and except as otherwise required by law, whenever the holders of one or more series of the Preferred Stock shall have the right, voting separately by class or series, to elect one or more directors, the term of office, the filling of vacancies, the removal from office and other features of such directorships shall be governed by the terms of such series of the Preferred Stock as set forth in this Second Amended and Restated Certificate (including any Preferred Stock Designation) and such directors shall not be included in any of the classes created pursuant to this Article V unless expressly provided by such terms.

ARTICLE VI BYLAWS

In furtherance and not in limitation of the powers conferred upon it by law, the Board shall have the power and is expressly authorized to adopt, amend, alter or repeal the Bylaws by the affirmative vote of a majority of the total number of directors present at a regular or special meeting of the Board at which there is a quorum or by unanimous written consent. The Bylaws also may be adopted, amended, altered or repealed by the stockholders of the Corporation; provided, however, that in addition to any vote of the holders of any class or series of capital stock of the Corporation required by law or by this Second Amended and Restated Certificate (including any Preferred Stock Designation), the affirmative vote of the holders of at least a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required for the stockholders of the Corporation to adopt, amend, alter or repeal the Bylaws; and provided further, however, that no Bylaws hereafter adopted by the stockholders of the Corporation shall invalidate any prior act of the Board that would have been valid if such Bylaws had not been adopted.

ARTICLE VII SPECIAL MEETINGS OF STOCKHOLDERS; ACTION BY WRITTEN CONSENT

Section 7.1 Special Meetings. Subject to the rights, if any, of the holders of any outstanding series of the Preferred Stock, and to the requirements of applicable law, special meetings of stockholders of the Corporation may be called only by the Chairman of the Board, Chief Executive Officer of the Corporation, or the Board pursuant to a resolution adopted by a majority of the Board, and the ability of the stockholders of the Corporation to call a special meeting is hereby specifically denied. Except as provided in the foregoing sentence, special meetings of stockholders of the Corporation may not be called by another person or persons.

Section 7.2 Advance Notice. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws.

Section 7.3 Action by Written Consent. Except as may be otherwise provided for or fixed pursuant to this Second Amended and Restated Certificate (including any Preferred Stock Designation) relating to the rights of

the holders of any outstanding series of Preferred Stock, any action required or permitted to be taken by the stockholders of the Corporation must be effected by a duly called annual or special meeting of such stockholders and may not be effected by written consent of the stockholders of the Corporation.

**ARTICLE VIII
LIMITED LIABILITY; INDEMNIFICATION**

Section 8.1 Limitation of Director Liability. A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended unless a director violated his or her duty of loyalty to the Corporation or its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived improper personal benefit from his or her actions as a director. Any amendment, modification or repeal of the foregoing sentence shall not adversely affect any right or protection of a director of the Corporation hereunder in respect of any act or omission occurring prior to the time of such amendment, modification or repeal.

Section 8.2 Indemnification and Advancement of Expenses.

(a) To the fullest extent permitted by applicable law, as the same exists or may hereafter be amended, the Corporation shall indemnify and hold harmless each person who is or was made a party or is threatened to be made a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding") by reason of the fact that he or she is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, other enterprise or nonprofit entity, including service with respect to an employee benefit plan (an "indemnitee"), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent, or in any other capacity while serving as a director, officer, employee or agent, against all liability and loss suffered and expenses (including, without limitation, attorneys' fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred by such indemnitee in connection with such proceeding. The Corporation shall to the fullest extent not prohibited by applicable law pay the expenses (including attorneys' fees) incurred by an indemnitee in defending or otherwise participating in any proceeding in advance of its final disposition; provided, however, that, to the extent required by applicable law, such payment of expenses in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking, by or on behalf of the indemnitee, to repay all amounts so advanced if it shall ultimately be determined that the indemnitee is not entitled to be indemnified under this Section 8.2 or otherwise. The rights to indemnification and advancement of expenses conferred by this Section 8.2 shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators. Notwithstanding the foregoing provisions of this Section 8.2(a), except for proceedings to enforce rights to indemnification and advancement of expenses, the Corporation shall indemnify and advance expenses to an indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board.

(b) The rights to indemnification and advancement of expenses conferred on any indemnitee by this Section 8.2 shall not be exclusive of any other rights that any indemnitee may have or hereafter acquire under law, this Second Amended and Restated Certificate, the Bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

(c) Any repeal or amendment of this Section 8.2 by the stockholders of the Corporation or by changes in law, or the adoption of any other provision of this Second Amended and Restated Certificate inconsistent with

this [Section 8.2](#), shall, unless otherwise required by law, be prospective only (except to the extent such amendment or change in law permits the Corporation to provide broader indemnification rights on a retroactive basis than permitted prior thereto), and shall not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision in respect of any proceeding (regardless of when such proceeding is first threatened, commenced or completed) arising out of, or related to, any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

(d) This [Section 8.2](#) shall not limit the right of the Corporation, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than indemnitees.

ARTICLE IX CORPORATE OPPORTUNITY

Section 9.1 Corporate Opportunities and Non-Employee Directors.

(a) In recognition and anticipation that members of the Board who are not employees of the Corporation (the "**Non-Employee Directors**") and their respective Affiliates may now engage and may continue to engage in the same or similar activities or related lines of business as those in which the Corporation, directly or indirectly, may engage and/or other business activities that overlap with or compete with those in which the Corporation, directly or indirectly, may engage, the provisions of this [Article IX](#) are set forth to regulate and define the conduct of certain affairs of the Corporation with respect to certain classes or categories of business opportunities as they may involve any of the Non-Employee Directors or their respective Affiliates and the powers, rights, duties and liabilities of the Corporation and its directors, officers and stockholders in connection therewith. For purposes of this [Article IX](#), (i) "**Affiliate**" shall mean, (a) in respect of each Non-Employee Director, any Person that, directly or indirectly, is controlled by such Non-Employee Director (other than the Corporation and any entity that is controlled by the Corporation) and (b) in respect of the Corporation, any Person that, directly or indirectly, is controlled by the Corporation; and (ii) "**Person**" shall mean any individual, corporation, general or limited partnership, limited liability company, joint venture, trust, association or any other entity.

(b) No Non-Employee Director (including any Non-Employee Director who serves as an officer of the Corporation in both his or her director and officer capacities) or his or her Affiliates (such Persons being referred to, collectively, as "**Identified Persons**" and, individually, as an "**Identified Person**") shall, to the fullest extent permitted by law, have any duty to refrain from directly or indirectly (1) engaging in the same or similar business activities or lines of business in which the Corporation or any of its Affiliates now engages or proposes to engage or (2) otherwise competing with the Corporation or any of its Affiliates, and, to the fullest extent permitted by law, no Identified Person shall be liable to the Corporation or its stockholders or to any Affiliate of the Corporation for breach of any fiduciary duty solely by reason of the fact that such Identified Person engages in any such activities. To the fullest extent permitted by law, the Corporation hereby renounces any interest or expectancy in, or right to be offered an opportunity to participate in, any business opportunity which may be a corporate opportunity for an Identified Person and the Corporation or any of its Affiliates, except as provided in [Section 9.1\(c\)](#) of this [Article IX](#). Subject to said [Section 9.1\(c\)](#) of this [Article IX](#), in the event that any Identified Person acquires knowledge of a potential transaction or other business opportunity which may be a corporate opportunity for itself, herself or himself and the Corporation or any of its Affiliates, such Identified Person shall, to the fullest extent permitted by law, have no duty to communicate or offer such transaction or other business opportunity to the Corporation or any of its Affiliates and, to the fullest extent permitted by law, shall not be liable to the Corporation or its stockholders or to any Affiliate of the Corporation for breach of any fiduciary duty as a stockholder, director or officer of the Corporation solely by reason of the fact that such Identified Person pursues or acquires such corporate opportunity for itself, herself or himself, or offers or directs such corporate opportunity to another Person.

(c) The Corporation does not renounce its interest in any corporate opportunity offered to any Non-Employee Director (including any Non-Employee Director who serves as an officer of this Corporation) if such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of the Corporation, and the provisions of [Section 9.1\(b\)](#) of this [Article IX](#) shall not apply to any such corporate opportunity.

(d) In addition to and notwithstanding the foregoing provisions of this [Article IX](#), a corporate opportunity shall not be deemed to be a potential corporate opportunity for the Corporation if it is a business opportunity that (i) the Corporation is unable, financially or legally, or is not contractually permitted to undertake, (ii) from its nature, is not in the line of the Corporation's business or is of no practical advantage to the Corporation or (iii) is one in which the Corporation has no interest or reasonable expectancy.

(e) To the fullest extent permitted by law, any Person purchasing or otherwise acquiring any interest in any shares of capital stock of the Corporation shall be deemed to have notice of and to have consented to the provisions of this [Article IX](#).

(f) Neither the alteration, amendment, addition to or repeal of this [Article IX](#), nor the adoption of any provision of this Second Amended and Restated Certificate (including any Preferred Stock Designation) inconsistent with this [Article IX](#), shall eliminate or reduce the effect of this [Article IX](#) in respect of any corporate opportunity first identified or any other matter occurring, or any cause of action, suit or claim that, but for this [Article IX](#), would accrue or arise, prior to such alteration, amendment, addition, repeal or adoption.

ARTICLE X AMENDMENT OF SECOND AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

The Corporation reserves the right at any time and from time to time to amend, alter, change or repeal any provision contained in this Second Amended and Restated Certificate (including any Preferred Stock Designation), and other provisions authorized by the laws of the State of Delaware at the time in force that may be added or inserted, in the manner now or hereafter prescribed by this Second Amended and Restated Certificate and the DGCL; and, except as set forth in [Article VIII](#), all rights, preferences and privileges of whatever nature herein conferred upon stockholders, directors or any other persons by and pursuant to this Second Amended and Restated Certificate in its present form or as hereafter amended are granted subject to the right reserved in this [Article X](#).

ARTICLE XI EXCLUSIVE FORUM FOR CERTAIN LAWSUITS

Section 11.1 [Forum](#). Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation, its directors, officers or employees arising pursuant to any provision of the DGCL or this Second Amended and Restated Certificate or the Bylaws, or (iv) any action asserting a claim against the Corporation, its directors, officers or employees governed by the internal affairs doctrine and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel except any action (A) as to which the Court of Chancery in the State of Delaware determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), (B) which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or (C) for

which the Court of Chancery does not have subject matter jurisdiction. Notwithstanding the foregoing, the provisions of this [Section 11.1](#) will not apply to suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. Notwithstanding the foregoing, the federal district courts of the United States of America, to the fullest extent permitted by law, shall be the sole and exclusive forum for the resolution of any action asserting a cause of action arising under the Securities Act. Any person or entity purchasing or otherwise acquiring any interest in any security of the Corporation shall be deemed to have notice of and consented to the provisions of this [Section 11.1](#).

Section 11.2 [Consent to Jurisdiction](#). If any action the subject matter of which is within the scope of [Section 11.1](#) immediately above is filed in a court other than a court located within the State of Delaware (a "*Foreign Action*") in the name of any stockholder, such stockholder shall be deemed to have consented to (i) the personal jurisdiction of the state and federal courts located within the State of Delaware in connection with any action brought in any such court to enforce [Section 11.1](#) immediately above (an "*FSC Enforcement Action*") and (ii) having service of process made upon such stockholder in any such FSC Enforcement Action by service upon such stockholder's counsel in the Foreign Action as agent for such stockholder.

ARTICLE XII SEVERABILITY

If any provision or provisions (or any part thereof) of this Second Amended and Restated Certificate shall be held to be invalid, illegal or unenforceable as applied to any person, entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, (i) the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Second Amended and Restated Certificate (including, without limitation, each portion of any paragraph of this Second Amended and Restated Certificate containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby, and (ii) the provisions of this Second Amended and Restated Certificate (including, without limitation, each portion of any paragraph of this Second Amended and Restated Certificate containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to permit the Corporation to protect its directors, officers, employees and agents from personal liability in respect of their good faith service or for the benefit of the Corporation to the fullest extent permitted by law.

WHEREAS, concurrently herewith, the Company, QTI Merger Sub, Inc., a Delaware corporation ("Merger Sub"), and GigCapital5 are entering into a Business Combination Agreement (as amended, supplemented, restated or otherwise modified from time to time, the "BCA"), pursuant to which (and subject to the terms and conditions set forth therein) Merger Sub will merge with and into the Company (the "Merger"), with the Company surviving the Merger as a wholly owned subsidiary of GigCapital5;

WHEREAS, capitalized terms used but not otherwise defined in this Agreement shall have the meanings ascribed to them in the BCA;

WHEREAS, the Sponsor is currently the record owner of 6,530,000 shares of GigCapital5 Common Stock (the "Sponsor Shares"); and

WHEREAS, as a condition and inducement to the willingness of GigCapital5 and the Company to enter into the BCA, GigCapital5, the Company and the Sponsor are entering into this Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants and agreements set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the Sponsor, GigCapital5 and the Company hereby agree as follows:

1. 1. Voting Agreement. The Sponsor agrees that, at the GigCapital5 Stockholders' Meeting, at any other meeting of the stockholders of GigCapital5 (whether annual or special and whether or not an adjourned or postponed meeting, however called and including any adjournment or postponement thereof) and in connection with any written consent of the stockholders of GigCapital5, the Sponsor shall:

a. when such meeting is held, appear at such meeting or otherwise cause the Sponsor Shares to be counted as present thereat for the purpose of establishing a quorum;

b. vote (or execute and return an action by written consent), or cause to be voted at such meeting (or validly execute and return and cause such consent to be granted with respect to), all of the Sponsor Shares (i) in favor of the approval and adoption of the BCA and approval of the Merger and all other transactions contemplated by the BCA and (ii) against any action, agreement or transaction or proposal that would result in a breach of any covenant, representation or warranty or any other obligation or agreement of GigCapital5 under the BCA or that would reasonably be expected to result in the failure of the Merger from being consummated and (iii) in favor of each of the proposals and any other matters necessary or reasonably requested by GigCapital5 for consummation of the Merger and the other transactions contemplated by the BCA; and

c. vote (or execute and return an action by written consent), or cause to be voted at such meeting (or validly execute and return and cause such consent to be granted with respect to), all of the Sponsor Shares against (i) any Business Combination Proposal other than with the Company and (ii) any other action that would reasonably be expected to (x) materially impede, interfere with, delay, postpone or adversely affect the Merger or any of the other transactions contemplated by the BCA, or (y) result in a breach of any covenant, representation or warranty or other obligation or agreement of the Sponsor contained in this Agreement.

2. Transfer of Shares. Except as otherwise contemplated by the BCA or this Agreement, the Sponsor agrees that it shall not, directly or indirectly, (a) sell, assign, transfer (including by operation of law), create any lien or pledge, dispose of or otherwise encumber any of the Sponsor Shares or otherwise agree to do any of the foregoing, (b) deposit any Sponsor Shares into a voting trust or enter into a voting agreement or arrangement or grant any proxy or power of attorney with respect thereto that is inconsistent with this Agreement or (c) enter into any contract, option or other arrangement or undertaking requiring the direct acquisition or sale, assignment, transfer or other disposition of any Sponsor Shares. Without limiting the foregoing, and for the avoidance of doubt, the Sponsor agrees to comply, during the term of this Agreement, with the provisions of section 9 of that certain letter agreement, dated September 23, 2021, by and among GigCapital5, Sponsor, Wells Fargo Securities, LLC and William Blair & Company, L.L.C.

Sponsor shall, and shall cause its affiliates and Representatives to, immediately cease any and all existing discussions or negotiations with any person (other than with the Company, its stockholders and their respective affiliates and Representatives) conducted prior to the date hereof with respect to, or which is reasonably likely to give rise to or result in, a Business Combination Proposal. If the Sponsor receives any inquiry or proposal with respect to a Business Combination Proposal, then Sponsor shall promptly (and in no event later than twenty-four (24) hours after the Sponsor becomes aware of such inquiry or proposal) notify such person in writing that GigCapital5 is subject to an exclusivity agreement with respect to the Merger that prohibits Sponsor from considering such inquiry or proposal.

4. Representations and Warranties of the Sponsor. The Sponsor hereby represents and warrants to GigCapital5 and the Company as follows:

Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by Law. Each of the parties irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (i) any claim that it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (ii) that it or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) that (A) the Action in any such court is brought in an inconvenient forum, (B) the venue of such Action is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

13. Assignment; Successors. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties hereto in whole or in part (whether by operation of Law or otherwise) without the prior written consent of the other party, and any such assignment without such consent shall be null and void. This Agreement shall be binding upon, inure to the benefit of and be enforceable by the parties hereto and their respective successors and permitted assigns.

14. Specific Performance. Each party acknowledges and agrees that the other parties hereto would be irreparably harmed and would not have any adequate remedy at law in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. Accordingly, each party agrees that the other parties hereto shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, this being in addition to any other remedy to which such parties are entitled at law or in equity.

15. Severability. In the event that any provision of this Agreement or the application thereof becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other persons or circumstances will be interpreted so as reasonably to effect the intent of the parties hereto.

16. Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement, it being understood that each party need not sign the same counterpart. Stockholder Support Agreement

Execution Copy

STOCKHOLDER SUPPORT AGREEMENT, dated as of December 8, 2022 (this "Agreement"), by and among GigCapital5, Inc., a Delaware corporation ("GigCapital5"), and certain of the stockholders of QT Imaging, Inc., a Delaware corporation (the "Company"), whose names appear on the signature pages of this Agreement (each, a "Stockholder" and, collectively, the "Stockholders").

RECITALS

WHEREAS, GigCapital5, QTI Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of GigCapital5 ("Merger Sub"), and the Company have negotiated a Business Combination Agreement in the form attached hereto as Exhibit B (the "BCA"; terms used but not defined in this Agreement shall have the meanings ascribed to them in the BCA), which provides, among other things, that, upon the terms and subject to the conditions thereof, Merger Sub will merge with and into the Company (the "Merger"), with the Company surviving the Merger as a wholly owned subsidiary of GigCapital5; and

WHEREAS, as of the date hereof, each Stockholder owns of record the number of shares of Company Common Stock and Company Preferred Stock as set forth opposite such Stockholder's name on Exhibit A hereto (all such shares of Company Common Stock and Company Preferred Stock and any shares of Company Common Stock and Company Preferred Stock of which ownership of record or the power to vote is hereafter acquired by the Stockholders prior to the termination of this Agreement being referred to herein as the "Shares").

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements contained herein, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

1. BCA Approved; Agreement to Vote. Each Stockholder, with respect to such Stockholder's Shares, severally and not jointly, hereby agrees to vote, at any meeting of the Stockholders of the Company, and in any action by written consent of the Stockholders of the Company (which written consent shall be delivered promptly, and in any event within forty eight (48) hours, after the Company requests such delivery), all of the Shares held by such Stockholder at such time in favor of the approval and adoption of the BCA and approval of the Merger and all other transactions contemplated by the BCA, provided in all cases that no changes have been made in the BCA or in the Merger or related transactions or ancillary agreements under the BCA that are material to one or more of the Stockholders. Provided no changes are made in the BCA or in the Merger or related transactions or ancillary agreements under the BCA that are material to one or more of the Stockholders, each Stockholder, severally and not jointly, hereby agrees to vote at any meeting of the Stockholders of the Company, and to act by written consent of Company Stockholders, against any action, agreement, transaction or proposal that would cause a material breach of any covenant, representation, warranty or other obligation or agreement of the Company under the BCA or that would reasonably be expected to prevent the Merger from being consummated. Each Stockholder acknowledges receipt and review of a copy of the BCA.

2. Termination of Stockholder Rights. Subject to consummation of the Closing pursuant to the BCA, each Stockholder, severally and not jointly, hereby agrees that, if applicable to such Stockholder, any rights under Article VII (*Transfer of Shares and Admission of New Stockholders*) and Article VIII (*Tag Along Rights*) of the Company's Bylaws, as amended, and any rights under any letter agreement providing for redemption rights, put rights, purchase rights or similar rights not generally available to Stockholders of the Company (the "Terminating"),

Rights”) between such Stockholder and the Company, shall terminate (and such Stockholder, without any further action, shall automatically and irrevocably release and waive any claim such Stockholder may have thereunder) immediately prior to the Closing under the BCA, and prior thereto such Stockholder shall not exercise such rights in any manner inconsistent with the BCA or otherwise reasonably likely to interfere with, delay, impede, frustrate or prevent the consummation of the Merger. For the avoidance of doubt, the Terminating Rights shall exclude any rights such Stockholder may have that relate to any commercial or employment agreements or arrangements between such Stockholder and the Company or any subsidiary of the Company, which shall survive in accordance with their terms.

3. Transfer of Shares. Each Stockholder, severally and not jointly, agrees that he, she or it shall not, directly or indirectly, (a) sell, assign, transfer (including by operation of law), create any lien or pledge, dispose of or otherwise encumber any of the Shares or otherwise agree to do any of the foregoing, except for a sale, assignment or transfer pursuant to the BCA or to another Stockholder of the Company that is a party to this Agreement and bound by the terms and obligations hereof, (b) deposit any Shares into a voting trust or enter into a voting agreement or arrangement or grant any proxy or power of attorney with respect thereto that is inconsistent with this Agreement or (c) enter into any contract, option or other arrangement or undertaking with respect to the direct acquisition or sale, assignment, transfer or other disposition of any Shares, except as set forth in the BCA or this Agreement; provided, that the foregoing shall not prohibit the transfer of the Shares to an affiliate of Stockholder, but only if such affiliate of such Stockholder shall execute this Agreement or a joinder agreeing to become a party to this Agreement.

4. No Solicitation of Transactions. Each of the Stockholders, severally and not jointly, agrees not to directly or indirectly, through any officer, director, representative, agent or otherwise, (a) solicit, initiate or knowingly encourage (including by furnishing information) the submission of, or participate in any discussions or negotiations regarding, any transaction in violation of the BCA or (b) participate in any discussions or negotiations regarding, or furnish to any person or other entity or “group” within the meaning of Section 13(d) of the Exchange Act, any information with the intent to, or otherwise cooperate in any way with respect to, or knowingly assist, participate in, facilitate or encourage, any unsolicited proposal that constitutes, or may reasonably be expected to lead to, an Alternative Transaction in violation of the BCA. Each Stockholder shall, and shall direct his, her or its representatives and agents to, immediately cease and cause to be terminated any discussions or negotiations with any parties that may be ongoing with respect to any Alternative Transaction (other than the transactions contemplated by the BCA) to the extent required by the BCA. If any Stockholder receives any inquiry or proposal with respect to an Alternative Transaction, then such Stockholder shall promptly (and in no event later than twenty-four (24) hours after such Stockholder becomes aware of such inquiry or proposal) notify such person in writing that the Company is subject to an exclusivity agreement with respect to the sale of the Company that prohibits such Stockholder from considering such inquiry or proposal.

5. Representations and Warranties. Each Stockholder, severally and not jointly, represents and warrants to GigCapital5 as follows:

(a) The execution, delivery and performance by such Stockholder of this Agreement and the consummation by such Stockholder of the transactions contemplated hereby do not and will not (i) conflict with or violate any statute, law, ordinance, regulation, rule, code, executive order, injunction, judgment, decree or other order applicable to such Stockholder, (ii) require any consent, approval or authorization of, declaration, filing or registration with, or notice to, any person or entity, (iii) result in the creation of any encumbrance on any Shares (other than under this Agreement, the BCA and the agreements contemplated by the BCA) or (iv) if such Stockholder is an entity, conflict with or result in a breach of or constitute a default under any provision of such Stockholder’s governing documents.

(b) As of the date of this Agreement, such Stockholder owns exclusively of record and has good and valid title to the Shares set forth opposite the Stockholder’s name on Exhibit A free and clear of any security interest, lien, claim, pledge, proxy, option, right of first refusal, agreement, voting restriction, limitation on

Such Stockholder is not the registered owner of any Shares other than those set forth on [Exhibit A](#).

(c) Such Stockholder has the power, authority and capacity to execute, deliver and perform this Agreement and that this Agreement has been duly authorized, executed and delivered by such Stockholder. No person not a signatory to this Agreement (or such signatory's spouse for purposes of applicable community property laws) has a beneficial interest in or a right to acquire or vote any of the Shares (other than, if Stockholder is trust, the beneficiary(ies) thereof).

6. Termination. This Agreement and the obligations and liabilities of the Stockholders under this Agreement shall automatically terminate upon the earliest of (a) the Effective Time; (b) the termination of the BCA in accordance with its terms, (c) the effective date of a written agreement of the parties hereto terminating this Agreement and (d) any material breach by GigCapital5 of the BCA that is not fully cured within the time permitted by the BCA. Upon termination of this Agreement, neither party shall have any further obligations or liabilities under this Agreement. The representations and warranties contained in this Agreement and in any certificate or other writing delivered pursuant hereto shall not survive the Closing or the termination of this Agreement.

7. Miscellaneous.

(a) Except as otherwise provided herein, all costs and expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such costs and expenses, whether or not the transactions contemplated hereby are consummated.

(b) All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be given (and shall be deemed to have been duly given upon receipt) by delivery in person, by e-mail or by registered or certified mail (postage prepaid, return receipt requested) to the respective parties at the following addresses or e-mail addresses (or at such other address or email address for a party as shall be specified in a notice given in accordance with this [Section 7\(b\)](#)):

(h) This Agreement may be executed and delivered (including by facsimile or portable document format (pdf) transmission) in counterparts, and by the different parties hereto in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

(i) At the request of GigCapital5, in the case of any Stockholder, or at the request of any Stockholder, in the case of GigCapital5, and without further consideration, each party shall execute and deliver or cause to be executed and delivered such additional documents and instruments and take such further action as may be reasonably necessary to implement the provisions of this Agreement.

(j) Notwithstanding anything to the contrary herein, this Agreement may be amended by adding additional Stockholders of the Company ("Additional Stockholders") as parties hereto, upon such Additional Stockholders executing and delivering to GigCapital5, a Joinder to the Stockholder Support Agreement substantially in the form of [Exhibit C](#) hereto. Thereafter, each such Additional Stockholder shall, for all purposes, be a party hereto and all references to a "Stockholder" or the "Stockholders" herein shall thereafter also mean and refer to such Additional Stockholder, and such Additional Stockholder shall thereafter have the same rights, duties, liabilities and obligations as a Stockholder party hereto on the date hereof.

(k) This Agreement shall not be effective or binding upon any Stockholder until after such time as the BCA is executed and delivered by the Company, GigCapital5 and Merger Sub.

ARTICLE II REGISTRATION

Section 2.1 Demand Registration

2.1.1 **Request for Registration.** Subject to the provisions of [Section 2.1.4](#) and [Section 2.4](#) hereof, at any time and from time to time on or after the Closing Date, the Holders holding at least a majority in interest of the then-outstanding number of Registrable Securities held by all the Holders (such Holders, the “**Demanding Holders**”), may make a written demand for Registration under the Securities Act of all or part of their Registrable Securities, which written demand shall describe the amount and type of securities to be included in such Registration and the intended method(s) of distribution thereof (such written demand a “**Demand Registration**”). The Company shall, within ten (10) days of the Company’s receipt of the Demand Registration, notify, in writing, all other Holders of Registrable Securities of such demand, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder’s Registrable Securities in the Demand Registration (each such Holder that includes all or a portion of such Holder’s Registrable Securities in such Registration, a “**Requesting Holder**”) shall so notify the Company, in writing, within five (5) days after the receipt by the Holder of the notice from the Company. Upon receipt by the Company of any such written notification from a Requesting Holder(s) to the Company, such Requesting Holder(s) shall be entitled to have their Registrable Securities included in a Registration pursuant to a Demand Registration and the Company shall effect, as soon thereafter as practicable, but not more than forty five (45) days immediately after the Company’s receipt of the Demand Registration, the Registration of all Registrable Securities requested by the Demanding Holders and Requesting Holders pursuant to such Demand Registration. Under no circumstances shall the Company be obligated to effect more than an aggregate of three (3) Registrations pursuant to a Demand Registration under this [Section 2.1.1](#) initiated by Holders; provided, however, that an Underwritten Offering pursuant to a Demand Registration shall not be counted for such purposes unless a Registration Statement that may be available at such time has become effective and all of the Registrable Securities requested by the Demanding Holders to be registered on behalf of the Demanding Holders in such Registration Statement have been sold, in accordance with [Section 3.1](#) of this Agreement.

2.1.2 **Effective Registration.** Notwithstanding the provisions of [Section 2.1.1](#) above or any other part of this Agreement, a Registration pursuant to a Demand Registration shall not count as a Registration unless and until (i) the Registration Statement filed with the Commission with respect to such Demand Registration has been declared effective by the Commission and (ii) the Company has complied with all of its obligations under this Agreement with respect thereto; provided, that if, after such Registration Statement has been declared effective, the offering of Registrable Securities pursuant to a Demand Registration is interfered with by any stop order or injunction of the Commission or any other governmental agency or court, the Registration Statement with respect to such Demand Registration will be deemed not to have been declared effective, unless and until, (i) such stop order or injunction is removed, rescinded or otherwise terminated, and (ii) a majority-in-interest of the Demanding Holders initiating such Demand Registration thereafter affirmatively elect to continue with such Registration and accordingly notify the Company in writing of such election, which notice shall be received by the Company not later than five (5) days after the removal of any such stop order or injunction; provided, further, that the Company shall not be obligated to file a second Registration Statement until a Registration Statement that has been previously filed pursuant to a Demand Registration becomes effective or is terminated.

2.1.3 **Underwritten Offering.** Subject to the provisions of [Section 2.1.4](#) and [Section 2.4](#) hereof, if a majority-in-interest of the Demanding Holders so advise the Company as part of their Demand Registration that the offering of Registrable Securities pursuant thereto shall be in the form of an Underwritten Offering, then the right of such Demanding Holder or Requesting Holder (if any) to include its Registrable Securities in such

Registration shall be conditioned upon such Holder's participation in such Underwritten Offering and the inclusion of such Holder's Registrable Securities in such Underwritten Offering to the extent provided herein. All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this [Section 2.1.3](#) shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by a majority-in-interest of the Demanding Holders initiating the Demand Registration.

2.1.4 **Reduction of Underwritten Offering.** If the managing Underwriter(s) for a Demand Registration that is to be an Underwritten Offering, in good faith, advises the Company, the Demanding Holders and the Requesting Holders in writing that the dollar amount or number of Registrable Securities which the Demanding Holders and the Requesting Holders (if any) desire to sell, taken together with all other shares of Common Stock or other equity securities which the Company desires to sell and the shares of Common Stock, if any, as to which a Registration has been requested pursuant to separate written contractual piggyback registration rights held by other stockholders of the Company who desire to sell, exceeds the maximum dollar amount or maximum number of equity securities that can be sold in the Underwritten Offering without adversely affecting the proposed offering price, the timing, the distribution method, or the probability of success of such Underwritten Offering (such maximum dollar amount or maximum number of securities, as applicable, the "Maximum Number of Securities"), then the Company shall include in such Underwritten Offering, as follows: (i) first, the Registrable Securities of the Demanding Holders and the Requesting Holders (if any) (pro rata based on the respective number of Registrable Securities that each Demanding Holder and Requesting Holder (if any) has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Demanding Holders and Requesting Holders have requested be included in such Underwritten Registration (such proportion is referred to herein as "Pro Rata", provided, however, that such Pro Rata proportion shall not include any unvested Earnout Shares)) that can be sold without exceeding the Maximum Number of Securities; (ii) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (i), the Registrable Securities of Holders (Pro Rata, based on the respective number of Registrable Securities that each Holder has so requested exercising their rights to register their Registrable Securities pursuant to [Section 2.2.1](#) hereof), that can be sold without exceeding the Maximum Number of Securities; (iii) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i) and (ii), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (iv) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i), (ii) and (iii), the Common Stock or other equity securities of other persons or entities that the Company is obligated to register in a Registration pursuant to separate written contractual arrangements with such persons and that can be sold without exceeding the Maximum Number of Securities.

2.1.5 **Demand Registration Withdrawal.** Any Demanding Holder shall have the right to withdraw from a Registration pursuant to such Demand Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter(s) (if any) of their intention to withdraw from such Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to the Registration of their Registrable Securities pursuant to such Demand Registration. Notwithstanding anything to the contrary in this Agreement, if with respect to a Demand Registration, a majority-in-interest of the Demanding Holders initiating a Demand Registration so withdraw from a Registration pursuant to such Demand Registration, such Registration shall not count as a Demand Registration provided for in [Section 2.1.1](#) and the Company shall be responsible for the Registration Expenses incurred in connection with a Registration pursuant to a Demand Registration prior to its withdrawal under this [Section 2.1.5](#).

Section 2.2 Piggyback Registration.

2.2.1 **Piggyback Rights.** If, at any time on or after the Closing Date, the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of equity securities, or securities or other obligations exercisable or exchangeable for, or convertible into, equity securities, for its own account or for

the account of stockholders of the Company (or by the Company and by stockholders of the Company including, without limitation, pursuant to [Section 2.1](#)), other than a Registration Statement (i) filed in connection with any employee stock option or other benefit plan, (ii) for an exchange offer or offering of securities solely to the Company's existing stockholders, (iii) for an offering of debt that is convertible into equity securities of the Company or (iv) for a dividend reinvestment plan, then the Company shall (x) give written notice of such proposed filing to all of the Holders of Registrable Securities as soon as practicable but in no event less than ten (10) days before the anticipated filing date, which notice shall describe the amount and type of securities to be included in such offering, the intended method(s) of distribution, and the name of the proposed managing Underwriter or Underwriters, if any, of the offering, and (y) offer to all of the Holders of Registrable Securities in such notice the opportunity to register the sale of such number of shares of Registrable Securities as such Holders may request in writing within five (5) days following receipt of such notice (a "**Piggyback Registration**"). The Company shall, in good faith, cause such Registrable Securities to be included in such Registration and shall use its best efforts to cause the managing Underwriter(s) of a proposed Underwritten Offering to permit the Registrable Securities requested to be included in such Piggyback Registration on the same terms and conditions as any similar securities of the Company and to permit the sale or other disposition of such Registrable Securities in accordance with the intended method(s) of distribution thereof. All holders of Registrable Securities proposing to distribute their Registrable Securities through a Piggyback Registration that involves an Underwriter(s) shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Piggyback Registration.

2.2.2 Reduction of Piggyback Registration. If the managing Underwriter(s) for a Piggyback Registration that is to be an Underwritten Offering, in good faith, advises the Company and the Holders of Registrable Securities participating in the Piggyback Registration in writing that the dollar amount or number of securities which the Company desires to sell, taken together with (i) the Common Stock or other equity securities, if any, as to which Registration has been demanded pursuant to separate written contractual arrangements with persons or entities other than the Holders of Registrable Securities hereunder, (ii) the Registrable Securities as to which Registration has been requested under this [Section 2.2](#), and (iii) the Common Stock or other equity securities, if any, as to which Registration has been requested pursuant to separate written contractual piggyback registration rights of other stockholders of the Company, exceeds the Maximum Number of Securities, then:

- (i) If the Registration is undertaken for the Company's account, the Company shall include in any such Registration (A) first, the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Common Stock, if any, as to which Registration has been requested pursuant to written contractual piggyback registration rights of other stockholders of the Company that pre-dates this Agreement, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to [Section 2.2.1](#) hereof, Pro Rata, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the Common Stock, if any, as to which Registration has been requested pursuant to written contractual piggyback registration rights of other stockholders of the Company not otherwise covered above, which can be sold without exceeding the Maximum Number of Securities; and
- (ii) If the Registration is pursuant to a request by persons or entities other than the Holders of Registrable Securities, then the Company shall include in any such Registration (A) first, the Common Stock or other equity securities, if any, of such requesting persons or entities, other than the Holders of Registrable Securities, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their

Registrable Securities pursuant to [Section 2.2.1](#), Pro Rata based on the number of Registrable Securities that each Holder has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Holders have requested to be included in such Underwritten Registration, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the Common Stock or other equity securities for the account of other persons or entities that the Company is obligated to register pursuant to separate written contractual arrangements with such persons or entities, which can be sold without exceeding the Maximum Number of Securities.

2.2.3 Piggyback Registration Withdrawal. Any Holder of Registrable Securities shall have the right to withdraw from a Piggyback Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter(s) of his, her or its intention to withdraw from such Piggyback Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to such Piggyback Registration. The Company (whether on its own good faith determination or as the result of a request for withdrawal by persons pursuant to separate written contractual obligations) may withdraw a Registration Statement filed with the Commission in connection with a Piggyback Registration at any time prior to the effectiveness of such Registration Statement. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with the Piggyback Registration prior to its withdrawal under this [Section 2.2.3](#).

2.2.4 Unlimited Piggyback Registration Rights. For purposes of clarity, any Registration effected pursuant to [Section 2.2](#) hereof shall not be counted as a Registration pursuant to a Demand Registration effected under [Section 2.1](#) hereof.

Section 2.3 Registration on Form S-3. The Holders of Registrable Securities may at any time, and from time to time, request in writing that the Company, pursuant to Rule 415 under the Securities Act (or any successor rule promulgated thereafter by the Commission), register the resale of any or all of their Registrable Securities on Form S-3 or any similar short-form registration statement that may be available at such time ("**Form S-3**"); provided, that the Company shall not be obligated to effect such request through an Underwritten Offering. Within five (5) days of the Company's receipt of a written request from a Holder or Holders of Registrable Securities for a Registration on Form S-3, the Company shall promptly give written notice of the proposed Registration on Form S-3 to all other Holders of Registrable Securities, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder's Registrable Securities in such Registration on Form S-3 shall so notify the Company, in writing, within ten (10) days after the receipt by the Holder of the notice from the Company. As soon as practicable thereafter, but not more than twelve (12) days after the Company's initial receipt of such written request for a Registration on Form S-3, the Company shall register all or such portion of such Holder's Registrable Securities as are specified in such written request, together with all or such portion of Registrable Securities of any other Holder or Holders joining in such request as are specified in the written notification given by such Holder or Holders; provided, that the Company shall not be obligated to effect any such Registration pursuant to this [Section 2.3](#) if (i) a Form S-3 is not available for such offering; or (ii) the Holders of Registrable Securities, together with the Holders of any other equity securities of the Company entitled to inclusion in such Registration, propose to sell the Registrable Securities and such other equity securities (if any) at any aggregate price to the public of less than \$5,000,000. Registrations effected pursuant to this [Section 2.3](#) shall not be counted as Demand Registrations effected pursuant to [Section 2.1](#).

Section 2.4 Restrictions on Registration Rights. If (A) during the period starting with the date sixty (60) days prior to the Company's good faith estimate of the date of the filing of, and ending on a date one hundred and twenty (120) days after the effective date of, a Company initiated Registration and provided that the Company has delivered written notice to the Holders prior to receipt of a Demand Registration pursuant to

Section 2.1.1 and it continues to actively employ, in good faith, all reasonable efforts to cause the applicable Registration Statement to become effective; (B) the Holders have requested an Underwritten Registration and the Company and the Holders are unable to obtain the commitment of underwriters to firmly underwrite the offer; or (C) in the good faith judgment of the Board such Registration would be seriously detrimental to the Company and the Board concludes as a result that it is essential to defer the filing of such Registration Statement at such time, then in each case the Company shall furnish to such Holders a certificate signed by the Chairman of the Board stating that in the good faith judgment of the Board it would be seriously detrimental to the Company for such Registration Statement to be filed in the near future and that it is therefore essential to defer the filing of such Registration Statement. In such event, the Company shall have the right to defer such filing for a period of not more than thirty (30) days; provided, that the Company may not defer its obligation in this manner more than once in any 12-month period.

ARTICLE III REGISTRATION PROCEDURES

Section 3.1 General Procedures. If at any time on or after the Closing Date the Company is required to effect the registration of any Registrable Securities pursuant to Section 2, the Company shall use its best efforts to effect the Registration to permit the sale of such Registrable Securities in accordance with the intended plan of distribution thereof, and pursuant thereto the Company shall, as expeditiously as practicable and in connection with any such request:

3.1.1 prepare and file with the Commission as soon as practicable a Registration Statement with respect to such Registrable Securities and use its reasonable best efforts to cause such Registration Statement to become effective and remain effective until all Registrable Securities covered by such Registration Statement have been sold;

3.1.2 prepare and file with the Commission such amendments and post-effective amendments to the Registration Statement, and such supplements to the Prospectus, as may be reasonably requested by the Holders or any Underwriter of Registrable Securities or as may be required by the rules, regulations or instructions applicable to the registration form used by the Company or by the Securities Act or rules and regulations thereunder to keep the Registration Statement effective until all Registrable Securities covered by such Registration Statement are sold in accordance with the intended plan of distribution set forth in such Registration Statement or supplement to the Prospectus;

3.1.3 prior to filing a Registration Statement or Prospectus, or any amendment or supplement thereto, furnish without charge to the Underwriters, if any, and the Holders of Registrable Securities included in such Registration, and such Holders' legal counsel, copies of such Registration Statement as proposed to be filed, each amendment and supplement to such Registration Statement (in each case including all exhibits thereto and documents incorporated by reference therein), the Prospectus included in such Registration Statement (including each preliminary Prospectus), and such other documents as the Underwriters and the Holders of Registrable Securities included in such Registration or the legal counsel for any such Holders may request in order to facilitate the disposition of the Registrable Securities owned by such Holders;

3.1.4 prior to any public offering of Registrable Securities, use its best efforts to (i) register or qualify the Registrable Securities covered by the Registration Statement under such securities or "blue sky" laws of such jurisdictions in the United States as the Holders of Registrable Securities included in such Registration Statement (in light of their intended plan of distribution) may request and (ii) take such action necessary to cause such Registrable Securities covered by the Registration Statement to be registered with or approved by such other governmental authorities as may be necessary by virtue of the business and operations of the Company and do any and all other acts and things that may be necessary or advisable to enable the Holders of Registrable Securities included in such Registration Statement to consummate the disposition of such Registrable Securities

[Table of Contents](#)

in such jurisdictions; provided, that the Company shall not be required to qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify or take any action to which it would be subject to general service of process or taxation in any such jurisdiction where it is not then otherwise so subject;

3.1.5 cause all such Registrable Securities to be listed on each securities exchange or automated quotation system on which similar securities issued by the Company are then listed;

3.1.6 provide a transfer agent or warrant agent, as applicable, and registrar for all such Registrable Securities no later than the effective date of such Registration Statement;

3.1.7 advise each seller of such Registrable Securities, promptly after it shall receive notice or obtain knowledge thereof, of the issuance of any stop order by the Commission suspending the effectiveness of such Registration Statement or the initiation or threatening of any proceeding for such purpose and promptly use its reasonable best efforts to prevent the issuance of any stop order or to obtain its withdrawal if such stop order should be issued;

3.1.8 advise each Holder of Registrable Securities covered by such Registration Statement, promptly after the Company receives notice thereof, of the time when such registration statement has been declared effective or a supplement to any Prospectus forming a part of such registration statement has been filed;

3.1.9 at least five (5) days prior to the filing of any Registration Statement or Prospectus or any amendment or supplement to such Registration Statement or Prospectus or any document that is to be incorporated by reference into such Registration Statement or Prospectus, furnish a copy thereof to each seller of such Registrable Securities or its counsel, including, without limitation, providing copies promptly upon receipt of any comment letters received with respect to any such Registration Statement or Prospectus;

3.1.10 notify the Holders at any time when a Prospectus relating to such Registration Statement is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such Registration Statement, as then in effect, includes a Misstatement, and then to correct such Misstatement as set forth in [Section 3.4](#) hereof;

3.1.11 permit a representative of the Holders (such representative to be selected by a majority of the participating Holders), the Underwriters, if any, and any attorney or accountant retained by such Holders or Underwriter to participate, at each such person's own expense, in the preparation of the Registration Statement, and cause the Company's officers, directors and employees to supply all information reasonably requested by any such representative, Underwriter, attorney or accountant in connection with the Registration; provided, that such representatives or Underwriters enter into a confidentiality agreement, in form and substance reasonably satisfactory to the Company, prior to the release or disclosure of any such information;

3.1.12 obtain a "comfort" letter from the Company's independent registered public accountants in the event of an Underwritten Registration, in customary form and covering such matters of the type customarily covered by "comfort" letters as the managing Underwriter may reasonably request, and may be found reasonably satisfactory to a majority-in-interest of the participating Holders;

3.1.13 on the date the Registrable Securities are delivered for sale pursuant to such Registration, obtain an opinion and negative assurance letter, dated such date, of counsel representing the Company for the purposes of such Registration, addressed to the Holders, the placement agent or sales agent, if any, and the Underwriters, if any, covering such legal matters with respect to the Registration in respect of which such opinion is being given as the Holders, placement agent, sales agent, or Underwriter may reasonably request and as are customarily included in such opinions and negative assurance letters, and may be found reasonably satisfactory to a majority in interest of the participating Holders;

3.1.14 in the event of any Underwritten Offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the managing Underwriters of such offering;

3.1.15 make available to its security holders, as soon as reasonably practicable, an earnings statement covering the period of at least twelve (12) months beginning with the first day of the Company's first full calendar quarter after the effective date of the Registration Statement which satisfies the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder (or any successor rule promulgated thereafter by the Commission);

3.1.16 if the Registration involves the Registration of Registrable Securities involving gross proceeds in excess of \$25,000,000, use its reasonable efforts to make available senior executives of the Company to participate in customary "road show" presentations that may be reasonably requested by the Underwriter in any Underwritten Offering; and

3.1.17 otherwise, in good faith, cooperate reasonably with, and take such customary actions as may reasonably be requested by the Holders, in connection with such Registration.

Section 3.2 Registration Expenses. Except as otherwise provided herein, the Registration Expenses of all Registrations shall be borne by the Company. It is acknowledged by the Holders that the Holders shall bear all incremental selling expenses relating to the sale of Registrable Securities, such as Underwriters' commissions and discounts, brokerage fees, Underwriter marketing costs and, other than as set forth in the definition of "Registration Expenses," all reasonable fees and expenses of any legal counsel representing the Holders.

Section 3.3 Requirements for Participation in Underwritten Offerings. No person or entity may participate in any Underwritten Offering for equity securities of the Company pursuant to a Registration initiated by the Company hereunder unless such person or entity (i) agrees to sell such person's or entity's securities on the basis provided in any underwriting arrangements approved by the Company and (ii) completes and executes all customary questionnaires, powers of attorney, indemnities, lock-up agreements, underwriting agreements and other customary documents as may be reasonably required under the terms of such underwriting arrangements.

Section 3.4 Suspension of Sales; Adverse Disclosure.

3.4.1 The Company shall be entitled to postpone and suspend the effectiveness or use of the Registration Statement for a reasonable period of time, not to exceed 90 calendar days in any 360-day period (i) during any customary blackout or similar period or as permitted hereunder and (ii) as may be necessary in connection with the preparation and filing of a post-effective amendment to the Registration Statement following the filing of the Issuer's Annual Report on Form 10-K for its first completed fiscal year.

3.4.2 Upon receipt of written notice from the Company that a Registration Statement or Prospectus contains a Misstatement, each of the Holders shall forthwith discontinue disposition of Registrable Securities until such Holder has received copies of a supplemented or amended Prospectus correcting the Misstatement (it being understood that the Company hereby covenants to prepare and file such supplemented or amended Prospectus as soon as practicable after the time of such notice), or until he, she or it is advised in writing by the Company that the use of the Prospectus may be resumed. If the filing, initial effectiveness or continued use of a Registration Statement in respect of any Registration at any time would require the Company to make an Adverse Disclosure or would require the inclusion in such Registration Statement of financial statements that are unavailable to the Company for reasons beyond the Company's control, the Company may, upon giving prompt written notice of such action to the Holders, delay the filing or initial effectiveness of, or suspend use of, such Registration Statement for the shortest period of time, but in no event more than thirty (30) days, determined in good faith by the Company to be necessary for such purpose. In the event the Company exercises its rights under the preceding sentence, the Holders agree to suspend, immediately upon their receipt of the notice referred to above, their use of the Prospectus relating to any Registration in connection with any sale or offer to sell Registrable Securities.

The Company shall immediately notify the Holders of the expiration of any period during which it exercised its rights under this [Section 3.4](#), and upon the expiration of such period the Holders shall be entitled to resume the use of any such Prospectus in connection with any sale or offer to sell Registrable Securities, and upon the expiration of such period the Holders shall be entitled to resume the use of any such Prospectus in connection with any sale or offer to sell Registrable Securities

Section 3.5 Reporting Obligations. As long as any Holder shall own Registrable Securities, the Company, at all times while it shall be reporting under the Exchange Act, covenants to file timely (or obtain extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to [Sections 13\(a\)](#) or [15\(d\)](#) of the Exchange Act and to promptly furnish the Holders with true and complete copies of all such filings. The Company further covenants that it shall take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell Registrable Securities held by such Holder without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 promulgated under the Securities Act (or any successor rule promulgated thereafter by the Commission), including providing any legal opinions. Upon the request of any Holder, the Company shall deliver to such Holder a written certification of a duly authorized officer as to whether it has complied with such requirements.

ARTICLE IV INDEMNIFICATION AND CONTRIBUTION

Section 4.1 Indemnification by the Company. The Company agrees to indemnify, to the extent permitted by law, and hold harmless each Holder of Registrable Securities, its officers and directors and each person who controls such Holder (within the meaning of the Securities Act) from and against any losses, claims, damages, liabilities and expenses (including reasonable attorneys' fees) caused by any untrue or alleged untrue statement of material fact contained in any Registration Statement, Prospectus or preliminary Prospectus, or any amendment or supplement to any of them, or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, or any violation by the Company of the Securities Act or any rule or regulation promulgated thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any such registration, except insofar as the same is contained in any information furnished in writing to the Company by the Holder expressly for use therein. The Company also shall indemnify any Underwriter of the Registrable Securities, their officers and directors and each person who controls such Underwriter (within the meaning of the Securities Act) on substantially the same basis as that of the indemnification of the Holder provided in this [Section 4.1](#).

Section 4.2 Indemnification by Holders of Registrable Securities. In connection with any Registration Statement in which a Holder of Registrable Securities is participating, such Holder shall furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by law, shall indemnify the Company, its directors and officers and agents and each person who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including without limitation reasonable attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained in any information or affidavit so furnished in writing by such Holder expressly for use therein; provided, that the obligation to indemnify shall be several, not joint and several, among such Holders of Registrable Securities, and the liability of each such Holder of Registrable Securities shall be in proportion to and limited to the net proceeds received by such Holder from the sale of Registrable Securities pursuant to such Registration Statement. Each Holder shall indemnify any Underwriter of Registrable Securities sold by such Holder, their officers, directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to indemnification of the Company.

Section 4.3 Conduct of Indemnification Proceedings. Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not materially prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

Section 4.4 Survival. The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person of such indemnified party and shall survive the transfer of securities. The Company and each Holder of Registrable Securities participating in an offering also agrees to make such provisions as are reasonably requested by any indemnified party for contribution to such party in the event the Company's or such Holder's indemnification is unavailable for any reason.

Section 4.5 Contribution. If the indemnification provided under [Section 4.1](#) hereof from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action; provided, that the liability of any Holder under this [Section 4.5](#) shall be limited to the amount of the net proceeds received by such Holder in such offering giving rise to such liability. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in [Sections 4.1, 4.2 and 4.3](#) above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. The parties hereto agree that it would not be just and equitable if contribution pursuant to this [Section 4.5](#) were determined by pro rata allocation or by any other method of allocation, which does not take account of the equitable considerations referred to in this [Section 4.5](#). No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this [Section 4.5](#) from any person who was not guilty of such fraudulent misrepresentation.

**ARTICLE V
RULE 144 and 145**

Section 5.1 Rule 144 and 145. The Company covenants that it shall file any reports required to be filed by it under the Securities Act and the Exchange Act and shall take such further action as any Holders holding Registrable Securities may reasonably request, all to the extent required from time to time to enable such Holders to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 and 145 under the Securities Act, as such Rule 144 and 145 may be amended from time to time, or any similar rule or regulation hereafter adopted by the SEC.

**ARTICLE VI
GENERAL PROVISIONS**

Section 6.1 Entire Agreement. This Agreement (including [Schedule A](#) hereto) constitutes the entire understanding and agreement between the parties as to the matters covered herein and supersedes and replaces any prior understanding, agreement or statement of intent, in each case, written or oral, of any and every nature with respect thereto.

Section 6.2 Notices. Any notice or other communication required or permitted to be delivered to any party under this Agreement shall be in writing and shall be deemed properly delivered, given and received (a) upon receipt when delivered by hand, (b) upon transmission, if sent by facsimile or electronic transmission (in each case with receipt verified by electronic confirmation), or (c) one (1) Business Day after being sent by courier or express delivery service, specifying next day delivery, with proof of receipt. The addresses, email addresses and facsimile numbers for such notices and communications are those set forth on the signature pages hereof, or such other address, email address or facsimile numbers as may be designated in writing hereafter, in the same manner, by any such person.

Section 6.3 Assignment; No Third-Party Beneficiaries. This Agreement and the rights, duties and obligations of the Company hereunder may not be assigned or delegated by the Company in whole or in part. This Agreement and the rights, duties and obligations of the Holders hereunder may be freely assigned or delegated by such Holder in conjunction with and to the extent of any transfer of Common Stock by any such Holder. This Agreement and the provisions hereof shall be binding upon and shall inure to the benefit of each of the parties and the permitted assigns of the applicable Holder or of any assignee of the applicable Holder. This Agreement is not intended to confer any rights or benefits on any persons that are not party hereto other than as expressly set forth in [Article 4](#) and this [Section 6.3](#). No assignment by any party hereto of such party's rights, duties and obligations hereunder shall be binding upon or obligate the Company unless and until the Company shall have received (i) written notice of such assignment and (ii) the written agreement of the assignee, in a form reasonably satisfactory to the Company, to be bound by the terms and provisions of this Agreement (which may be accomplished by an addendum or certificate of joinder to this Agreement).

Section 6.4 Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other parties, it being understood that all parties need not sign the same counterpart and such counterparts may be delivered by the parties hereto via facsimile or electronic transmission.

Section 6.5 Amendment; Waiver. This Agreement may be amended or modified, and any provision hereof may be waived, in whole or in part, at any time pursuant to an agreement in writing executed by the Company and Holders holding a majority of the Registrable Securities at such time; provided, however, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects one Holder, solely in his, her or its capacity as a holder of the shares of capital stock of the Company, in a manner that is materially

different from the other Holders (in such capacity) shall require the consent of the Holder so affected. Any failure by any party at any time to enforce any of the provisions of this Agreement shall not be construed a waiver of such provision or any other provisions hereof.

Section 6.6 Severability. In the event that any provision of this Agreement or the application thereof becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other persons or circumstances will be interpreted so as reasonably to effect the intent of the parties hereto.

Section 6.7 Governing Law; Venue. This Agreement shall be governed by, interpreted under, and construed in accordance with the internal laws of the State of Delaware applicable to agreements made and to be performed within the State of Delaware, without giving effect to any choice-of-law provisions thereof that would compel the application of the substantive laws of any other jurisdiction. All legal actions and proceedings arising out of or relating to this Agreement or the transactions contemplated hereby (each, an "Action") shall be heard and determined exclusively in any Delaware Chancery Court; provided, that if jurisdiction is not then available in the Delaware Chancery Court, then any such legal Action may be brought in any federal court located in the State of Delaware or any other Delaware state court. The parties hereto hereby (x) irrevocably submit to the exclusive jurisdiction of the aforesaid courts for themselves and with respect to their respective properties for the purpose of any Action arising out of or relating to this Agreement brought by any party hereto, and (y) agree not to commence any Action relating thereto except in the courts described above in Delaware, other than with respect to any appellate court thereof and other than Actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in Delaware as described herein. Each of the parties further agrees that notice as provided herein shall constitute sufficient service of process and the parties further waive any argument that such service is insufficient. Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by Law. Each of the parties irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (i) any claim that he, she or it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (ii) that he, she or it or his, her or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) that (A) the Action in any such court is brought in an inconvenient forum, (B) the venue of such Action is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

Section 6.8. WAIVER OF JURY TRIAL. EACH OF THE PARTIES HERETO HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT HE, SHE OR IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH OF THE PARTIES HERETO (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THAT FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT HE, SHE, IT AND THE OTHERS HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 6.8.

Section 6.9 Specific Performance. Each party acknowledges and agrees that the other parties hereto would be irreparably harmed and would not have any adequate remedy at law in the event that any of the provisions of this Agreement were not performed by such first party in accordance with their specific terms or were otherwise breached by such first party. Accordingly, each party agrees that the other parties hereto shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, this being in addition to any other remedy to which such parties are entitled at law or in equity.

2. Lock-Up.

2.1 **Lock-Up.** Each Lock-Up Party severally, and not jointly, agrees with GigCapital5 not to effect any Transfer, or make a public announcement of any intention to effect such Transfer, of any Lock-Up Securities Beneficially Owned or otherwise held by such Lock-Up Party during the Lock-Up Period (as defined below); *provided*, that such prohibition shall not apply to Transfers permitted pursuant to [Section 2.2](#). The "Lock-Up Period" shall be the period commencing on the Closing Date and ending on the date that is the earlier to occur of: (a) six (6) months following the Closing Date; (b) subsequent to the Closing, the date on which the reported closing price of one share of GigCapital5 Common Stock quoted on The Nasdaq Stock Market LLC, the New York Stock Exchange or the NYSE American (or the exchange on which the shares of GigCapital5 Common Stock are then listed) equals or exceeds eleven dollars and fifty cents (\$11.50) per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like occurring after the Closing Date) for any twenty (20) Trading Days (as defined below) within any thirty (30) consecutive Trading Day period commencing at least ninety (90) days after the Closing Date; and (c) subsequent to the Closing, the date on which GigCapital5 completes a liquidation, merger, stock exchange or other similar transaction that results in all of GigCapital5's stockholders having the right to exchange their GigCapital5 Securities for cash, securities or other property. "Trading Day" means a day on which shares of GigCapital5 Common Stock are actually traded on the principal securities exchange or securities market on which shares of GigCapital5 Common Stock are then traded; *provided, however*, that if the GigCapital5 Common Stock is not so listed or admitted for trading, Trading Day means a Business Day. For the avoidance of any doubt, each Lock-Up Party shall retain all of his, her or its rights as a stockholder of GigCapital5 during the Lock-Up Period, including the right to vote, and to receive any dividends and distributions in respect of, any Lock-Up Securities.

2.2 **Permitted Transfers.** Notwithstanding anything to the contrary contained in this Agreement, during the Lock-Up Period, each Lock-Up Party may Transfer, without the consent of GigCapital5, any of such Lock-Up Party's Lock-Up Securities (a) to any of such Lock-Up Party's Permitted Transferees, upon written notice to GigCapital5 or (b) pursuant to any liquidation, merger, stock exchange or other similar transaction which results in all of GigCapital5's stockholders having the right to exchange their GigCapital5 Securities for cash, securities or other property subsequent to the Merger; *provided*, that in connection with any Transfer of such Lock-Up Securities, the restrictions and obligations contained in [Section 2.1](#) and this [Section 2.2](#) will continue to apply to such Lock-Up Securities after any Transfer of such Lock-Up Securities and such transferee shall execute a lock-up agreement substantially in the form of this Agreement for the balance of the Lock-Up Period. Notwithstanding the foregoing provisions of this [Section 2.2](#), a Lock-Up Party may (i) not make a Transfer to a Permitted Transferee if such Transfer has as a purpose the avoidance of or is otherwise undertaken in contemplation of avoiding the restrictions on Transfers in this Agreement (it being understood that the purpose of this provision includes prohibiting the Transfer to a Permitted Transferee (A) that has been formed to facilitate a material change with respect to who or which entities Beneficially Own the Lock-Up Securities, or (B) followed by a change in the relationship between the Lock-Up Party and the Permitted Transferee (or a change of control of such Lock-Up Party or Permitted Transferee) after the Transfer with the result and effect that the Lock-Up Party has indirectly made a Transfer of Lock-Up Securities by using a Permitted Transferee, which Transfer would not have been directly permitted under this [Section 2](#) had such change in such relationship occurred prior to such Transfer), or (ii) enter into a written plan meeting the requirements of Rule 10b5-1 under the Exchange Act after the date of this Agreement relating to the sale of the undersigned's Lock-Up Securities, *provided* that (A) the securities subject to such plan may not be sold until after the expiration of the Lock-Up Period and (B) the Company shall not be required to effect, and the undersigned shall not effect or cause to be effected, any public filing, report or other public announcement regarding the establishment of the trading plan.

3. **Confidentiality.** Until the Expiration Time, each Lock-Up Party will and will direct his, her or its Affiliates to keep confidential and not disclose any non-public information relating to GigCapital5 or the Company and their respective subsidiaries, including the existence or terms of, or transactions contemplated by, this Agreement, the Business Combination Agreement or the other Transaction Documents, except to the extent that such information

[Table of Contents](#)

(i) was, is or becomes generally available to the public after the date hereof other than as a result of a disclosure by such Lock-Up Party in breach of this Section 3, (ii) is, was or becomes available to such Lock-Up Party on a non-confidential basis from a source other than GigCapital5 or the Company, or (iii) is or was independently developed by such Lock-Up Party after the date hereof. Notwithstanding the foregoing, such information may be disclosed to the extent required to be disclosed in a judicial or administrative proceeding, or otherwise required to be disclosed by applicable Law (including complying with any oral or written questions, interrogatories, requests for information or documents, subpoena, civil investigative demand or similar process to which such disclosing party is subject), *provided* that such Lock-Up Party gives GigCapital5 or the Company, as applicable, prompt notice of such request(s) or requirement(s), to the extent practicable (and not prohibited by Law), so that GigCapital5 or the Company may seek, at its expense, an appropriate protective order or similar relief (and such Lock-Up Party shall reasonably cooperate with such efforts it being understood that such obligation to reasonably cooperate does not require a Lock-Up Party to himself, herself or itself commence litigation regarding such protective order or similar relief).

4. Representations and Warranties of the Lock-Up Parties. Each Lock-Up Party hereby represents and warrants, severally and not jointly, to the Company and GigCapital5 as follows:

4.1 Due Authority. Such Lock-Up Party has the full power and authority to execute and deliver this Agreement and perform his, her or its obligations hereunder. If such Lock-Up Party is an individual, the signature to this agreement is genuine and such Lock-Up Party has legal competence and capacity to execute the same. This Agreement has been duly and validly executed and delivered by such Lock-Up Party and, assuming due execution and delivery by the other parties hereto, constitutes a legal, valid and binding obligation of such Lock-Up Party, enforceable against such Lock-Up Party in accordance with its terms, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally, and by general equitable principles.

4.2 No Conflict; Consents.

(a) The execution and delivery of this Agreement by such Lock-Up Party does not, and the performance by such Lock-Up Party of the obligations under this Agreement and the compliance by such Lock-Up Party with any provisions hereof do not and will not: (i) conflict with or violate any Law applicable to such Lock-Up Party, (ii) if such Lock-Up Party is an entity, conflict with or violate the certificate of incorporation or bylaws or any equivalent Organizational Documents of such Lock-Up Party, or (iii) result in any breach of, or constitute a default (or an event, which with notice or lapse of time or both, would become a default) under, or give to others any rights of termination, amendment, acceleration or cancellation of, or result in the creation of a lien on any of the securities of the Company owned by such Lock-Up Party pursuant to any note, bond, mortgage, indenture, contract, agreement, lease, license, permit, franchise or other instrument or obligation to which such Lock-Up Party is a party or by which such Lock-Up Party is otherwise bound, except, in the case of clauses (i) and (ii), as would not reasonably be expected, individually or in the aggregate, to materially impair the ability of such Lock-Up Party to perform his, her or its obligations hereunder or to consummate the transactions contemplated hereby.

(b) The execution and delivery of this Agreement by such Lock-Up Party does not, and the performance of this Agreement by such Lock-Up Party will not, require any consent, approval, authorization or permit of, or filing or notification to, or expiration of any waiting period by any Governmental Authority, other than those set forth as conditions to closing in the Business Combination Agreement.

4.3 Absence of Litigation. As of the date hereof, there is no litigation, suit, claim, charge, grievance, action, proceeding, audit or investigation by or before any Governmental Authority (an "Action") pending against, or, to the knowledge of such Lock-Up Party, threatened against such Lock-Up Party that would reasonably be expected to materially impair the ability of such Lock-Up Party to perform his, her or its obligations hereunder or to consummate the transactions contemplated hereby.

4.4 Absence of Conflicting Agreements. Such Lock-Up Party has not entered into any agreement, arrangement or understanding that is otherwise materially inconsistent with, or would materially interfere with, or prohibit or prevent him, her or it from satisfying, his, her or its obligations pursuant to this Agreement.

5. Fiduciary Duties. The covenants and agreements set forth herein shall not prevent any designee of any Lock-Up Party from serving on the Board of Directors or as an officer of the Company or from taking any action, subject to the provisions of the Business Combination Agreement, while acting in such designee's capacity as a director or officer of the Company. Each Lock-Up Party is entering into this Agreement solely in his, her or its capacity as the anticipated owner of GigCapital5 Securities following the consummation of the Merger.

6. Termination. This Agreement shall terminate upon the earlier of: (i) termination of the Business Combination Agreement in accordance with its terms; or (ii) completion of the Lock-Up as specified in Section 2.1 of this Agreement. Upon termination of this Agreement, none of the parties hereto shall have any further obligations or liabilities under this Agreement; *provided*, that nothing in this Section 6 shall relieve any party hereto of liability for any willful material breach of this Agreement prior to its termination.

7. Miscellaneous.

7.1 Severability. In the event that any term, provision, covenant or restriction of this Agreement, or the application thereof, is held to be illegal, invalid or unenforceable under any present or future Law: (a) such provision will be fully severable; (b) this Agreement will be construed and enforced as if such illegal, invalid or unenforceable provision had never comprised a part hereof; (c) the remaining provisions of this Agreement will remain in full force and effect and will not be affected by the illegal, invalid or unenforceable provision or by its severance therefrom; and (d) in lieu of such illegal, invalid or unenforceable provision, there will be added automatically as a part of this Agreement a legal, valid and enforceable provision as similar in terms of such illegal, invalid or unenforceable provision as may be possible.

7.2 Non-survival of Representations and Warranties. None of the representations or warranties in this Agreement or in any schedule, instrument or other document delivered pursuant to this Agreement shall survive the Expiration Time.

7.3 Assignment. Neither party hereto may assign, directly or indirectly, including, through any merger, acquisition, sale of all or substantially all shares/assets or by operation of Law, either this Agreement or any of his, her or its rights, interests or obligations hereunder without the prior written approval of the other parties hereto, except with respect to a Transfer completed in accordance with Section 2.2. Subject to the first sentence of this Section 7.3, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns. Any assignment in violation of this Section 7.3 shall be void ab initio.

7.4 Amendments and Modifications. This Agreement may be amended by the parties hereto at any time by execution of an instrument in writing signed by (a) GigCapital5, (b) the Company and (c) (i) by Lock-Up Parties holding at least fifty percent (50%) of the Lock-Up Securities (assuming the hypothetical exercise of all then-outstanding warrants and options that are Lock-Up Securities) that are then subject to this Agreement, and any such amendment shall be binding on all the Lock-Up Parties; *provided, however*, that in no event shall the obligation of any Lock-Up Party hereunder be materially increased without the prior written consent of such Lock-Up Party, unless such amendment applies to all Lock-Up Parties in the same fashion; *provided, further, however*, that (A) if this Agreement, or any other lock-up agreement signed by a stockholder of the Company in connection with the transactions contemplated hereby or under the Business Combination Agreement, is amended, modified or waived in a manner favorable to any Lock-Up Party or such shareholder, and such amendment, modification or waiver would be favorable to any other Lock-Up Party, this Agreement shall be automatically amended in the same manner with respect to such other Lock-Up Party (and GigCapital5 shall

provide prompt notice thereof to all Lock-Up Parties), and (B) if any Lock-Up Party or such shareholder is released from any or all of the lock-up restrictions under this Lock-Up Agreement or such other lock-up agreement, each other Lock-Up Party shall automatically be contemporaneously and proportionately released from the lock-up restrictions hereunder (which, for the avoidance of doubt, will include a release of the same percentage of such Lock-Up Party's Lock-Up Securities) and GigCapital5 shall provide prompt notice thereof to each Lock-Up Party.

7.5 Governing Law; WAIVER OF JURY TRIAL; Specific Performance

(a) This Agreement and all Actions based upon, arising out of or relating to this Agreement or the transactions contemplated hereby shall be governed by, and construed in accordance with, the Laws of the State of Delaware.

(b) All legal actions and proceedings arising out of or relating to this Agreement shall be heard and determined exclusively in any Delaware Chancery Court; *provided*, that if jurisdiction is not then available in the Delaware Chancery Court, then any such legal Action may be brought in any federal court located in the State of Delaware or any other Delaware state court. The parties hereto hereby (x) irrevocably submit to the exclusive jurisdiction of the aforesaid courts for themselves and with respect to their respective properties for the purpose of any Action arising out of or relating to this Agreement brought by any party hereto, and (y) agree not to commence any Action relating thereto except in the courts described above in Delaware, other than with respect to any appellate court thereof and other than Actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in Delaware as described herein. Each of the parties further agrees that notice as provided herein shall constitute sufficient service of process and the parties further waive any argument that such service is insufficient. Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by Law. Each of the parties irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (i) any claim that he, she or it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (ii) that he, she or it or his, her or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) that (A) the Action in any such court is brought in an inconvenient forum, (B) the venue of such Action is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

(c) EACH OF THE PARTIES HERETO HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT HE, SHE OR IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH OF THE PARTIES HERETO (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THAT FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT HE, SHE, IT AND THE OTHERS HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 7.5(C).

(d) The parties agree that irreparable damage would occur if any provision of this Agreement were not performed in accordance with the terms hereof, and, accordingly, that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement or to enforce specifically the performance of the terms and provisions hereof in the Court of Chancery of the State of Delaware, County of Newcastle, or, if that court does not have jurisdiction, any court of the United States located in the State of Delaware without proof of actual damages or otherwise, in addition to any other remedy to which they are entitled at Law or in equity as expressly permitted in this Agreement. Each of the parties hereby further waives (i) any

defense in any action for specific performance that a remedy at Law would be adequate and (ii) any requirement under any Law to post security or a bond as a prerequisite to obtaining equitable relief.

7.6 Notices. 7.7 Entire Agreement; Third-Party Beneficiaries. This Agreement, together with the Business Combination Agreement and Transaction Documents, constitutes the entire agreement among the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and undertakings, both written and oral, among the parties hereto, or any of them, with respect to the subject matter hereof. This Agreement shall be binding upon and inure solely to the benefit of each party, and nothing in this Agreement, express or implied, is intended to or shall confer upon any other person any benefit or remedy of any nature whatsoever under or by reason of this Agreement.

7.8 Counterparts. This Agreement may be executed and delivered (including by facsimile or portable document format (pdf) transmission) in one or more counterparts, and by the different parties in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

7.9 Effect of Headings. The descriptive headings contained in this Agreement are included for convenience of reference only and shall not affect in any way the meaning or interpretation of this Agreement.

7.10 Legal Representation. Each of the parties hereto agrees that he, she or it has been represented by independent counsel of his, her or its choice during the negotiation and execution of this Agreement and each party hereto and his, her or its counsel cooperated in the drafting and preparation of this Agreement and the documents referred to herein and, therefore, waive the application of any Law, regulation, holding or rule of construction providing that ambiguities in an agreement or other document will be construed against the party hereto drafting such agreement or document. Each Lock-Up Party acknowledges that DLA Piper LLP (US) is acting as counsel to GigCapital5 and Seyfarth Shaw LLP is acting as counsel to the Company in connection with the Business Combination Agreement and the transactions contemplated thereby, and that neither of such firms is acting as counsel to any Lock-Up Party.

7.11 Expenses. Except as provided in the Business Combination Agreement, all expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such expenses, whether or not the Merger or any other Transaction is consummated.

7.12 Further Assurances. At the request of GigCapital5 or the Company, in the case of any Lock-Up Party, or at the request of the Lock-Up Parties, in the case of GigCapital5, and without further consideration, each party shall execute and deliver or cause to be executed and delivered such additional documents and instruments and take such further action as may be reasonably necessary to consummate the transactions contemplated by this Agreement.

7.13 Waiver. No failure or delay on the part of any party to exercise any power, right, privilege or remedy under this Agreement shall operate as a waiver of such power, right, privilege or remedy; and no single or partial exercise of any such power, right, privilege or remedy shall preclude any other or further exercise thereof or of any other power, right, privilege or remedy. No party shall be deemed to have waived any claim available to such party arising out of this Agreement, or any power, right, privilege or remedy under this Agreement, unless the waiver of such claim, power, right, privilege or remedy is expressly set forth in a written instrument duly executed and delivered on behalf of such waiving party; and any such waiver shall not be applicable or have any effect except in the specific instance in which it is given.

7.14 Several Liability. The liability of the Lock-Up Parties hereunder is several (and not joint). Notwithstanding any other provision of this Agreement, in no event will any Lock-Up Party be liable for any other Lock-Up Party's breach of such other Lock-Up Party's representations, warranties, covenants, or agreements contained in this Agreement.

7.15 No Recourse. Notwithstanding anything to the contrary contained herein or otherwise, but without limiting any provision in the Business Combination Agreement, or the obligations of any Permitted Transferee under this Agreement, this Agreement may only be enforced against, and any claims or causes of action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement or the transactions contemplated hereby, may only be made against the entities and Persons that are expressly identified as parties to this Agreement in their capacities as such and no former, current or future stockholders, equity holders, controlling persons, directors, officers, employees, general or limited partners, members, managers, agents or affiliates of any party hereto, or any former, current or future direct or indirect stockholder, equity holder, controlling person, director, officer, employee, general or limited partner, member, manager, agent or affiliate of any of the foregoing (each, a "Non-Recourse Party") shall have any liability for any obligations or liabilities of the parties to this Agreement or for any claim (whether in tort, contract or otherwise) based on, in respect of, or by reason of, the transactions contemplated hereby or in respect of any oral representations made or alleged to be made in connection herewith. Without limiting the rights of any party against the other parties hereto, or the obligations of any Permitted Transferee under this Agreement, in no event shall any party or any of his, her or its affiliates seek to enforce this Agreement against, make any claims for breach of this Agreement against, or seek to recover monetary damages from, any Non-Recourse Party.

1 ESTABLISHMENT, PURPOSE AND TERM OF PLAN.

1.2 **Purpose.** The purpose of the Plan is to advance the interests of the Participating Company Group and its stockholders by providing an incentive to attract, retain and reward persons performing services for the Participating Company Group and by motivating such persons to contribute to the growth and profitability of the Participating Company Group. The Plan seeks to achieve this purpose by providing for Awards in the form of Options, Stock Appreciation Rights, Restricted Stock Awards, Restricted Stock Units, Performance Shares, Performance Units, Cash-Based Awards and Other Stock-Based Awards.

1.3 **Term of Plan.** The Plan shall continue in effect until its termination by the Committee; provided, however, that all Awards shall be granted, if at all, within ten (10) years from the earlier of the date that the Plan was approved by the Board or the stockholders of the Company.

2 DEFINITIONS AND CONSTRUCTION.

2.1 **Definitions.** Whenever used herein, the following terms shall have their respective meanings set forth below:

(a) “*Affiliate*” means (i) a parent entity, other than a Parent Corporation, that directly, or indirectly through one or more intermediary entities, controls the Company or (ii) a subsidiary entity, other than a Subsidiary Corporation, that is controlled by the Company directly or indirectly through one or more intermediary entities. For this purpose, the terms “parent,” “subsidiary,” “control” and “controlled by” shall have the meanings assigned to such terms for the purposes of registration of securities on Form S-8 under the Securities Act.

(b) “*Award*” means any Option, Stock Appreciation Right, Restricted Stock Purchase Right, Restricted Stock Bonus, Restricted Stock Unit, Performance Share, Performance Unit, Cash-Based Award or Other Stock-Based Award granted under the Plan.

(c) “*Award Agreement*” means a written or electronic agreement between the Company and a Participant setting forth the terms, conditions and restrictions applicable to an Award.

(d) “*Board*” means the Board of Directors of the Company.

(e) “*Cash-Based Award*” means an Award denominated in cash and granted pursuant to Section 11.

(f) “*Cashless Exercise*” means a Cashless Exercise as defined in Section 6.3(b)(i).

(g) “*Cause*” means, unless such term or an equivalent term is otherwise defined by the applicable Award Agreement or other written agreement between the Participant and a Participating Company applicable to an Award and which is in effect as of the date of grant of such Award, any of the following: (i) the Participant’s theft, dishonesty, willful misconduct, breach of fiduciary duty for personal profit, or falsification of any Participating Company documents or records; (ii) the Participant’s material failure to abide by a Participating Company’s code of conduct or other policies (including, without limitation, policies relating to confidentiality and reasonable workplace conduct); (iii) the Participant’s unauthorized use, misappropriation, destruction or diversion of any tangible or intangible asset or corporate opportunity of a Participating Company (including, without limitation, the Participant’s improper use or disclosure of a Participating Company’s confidential or proprietary information); (iv) any intentional act by the Participant

which has a material detrimental effect on a Participating Company's reputation or business; (v) the Participant's repeated failure or inability to perform any reasonable assigned duties after written notice from a Participating Company of, and a reasonable opportunity to cure, such failure or inability; (vi) any material breach by the Participant of any employment, service, non-disclosure, non-competition, non-solicitation or other similar agreement between the Participant and a Participating Company, which breach is not cured pursuant to the terms of such agreement (except with respect to a disclosure protected by applicable law); or (vii) the Participant's conviction (including any plea of guilty or *nolo contendere*) of any criminal act involving fraud, dishonesty, misappropriation or moral turpitude, or which impairs the Participant's ability to perform his or her duties with a Participating Company.

(h) "**Change in Control**" means the occurrence of any one or a combination of the following:

(i) any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becomes the "beneficial owner" (as such term is defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the total Fair Market Value or total combined voting power of the Company's then-outstanding securities entitled to vote generally in the election of Directors; provided, however, that a Change in Control shall not be deemed to have occurred if such degree of beneficial ownership results from any of the following: (A) an acquisition by any person who on the Effective Date is the beneficial owner of more than fifty percent (50%) of such voting power, (B) any acquisition directly from the Company, including, without limitation, pursuant to or in connection with a public offering of securities, (C) any acquisition by the Company, (D) any acquisition by a trustee or other fiduciary under an employee benefit plan of a Participating Company or (E) any acquisition by an entity owned directly or indirectly by the stockholders of the Company in substantially the same proportions as their ownership of the voting securities of the Company; or

(ii) an Ownership Change Event or series of related Ownership Change Events (collectively, a "**Transaction**") in which the stockholders of the Company immediately before the Transaction do not retain immediately after the Transaction direct or indirect beneficial ownership of more than fifty percent (50%) of the total combined voting power of the outstanding securities entitled to vote generally in the election of Directors or, in the case of an Ownership Change Event described in Section 2.1(ee)(iii), the entity to which the assets of the Company were transferred (the "**Transferee**"), as the case may be; or

(iii) a date specified by the Committee following approval by the stockholders of a plan of complete liquidation or dissolution of the Company; provided, however, that a Change in Control shall be deemed not to include a transaction described in subsections (i) or (ii) of this Section 2.1(h) in which a majority of the members of the board of directors of the continuing, surviving or successor entity, or parent thereof, immediately after such transaction is comprised of Incumbent Directors.

For purposes of the preceding sentence, indirect beneficial ownership shall include, without limitation, an interest resulting from ownership of the voting securities of one or more corporations or other business entities which own the Company or the Transferee, as the case may be, either directly or through one or more subsidiary corporations or other business entities. The Committee shall determine whether multiple events described in subsections (i), (ii) and (iii) of this Section 2.1(h) are related and to be treated in the aggregate as a single Change in Control, and its determination shall be final, binding and conclusive.

Notwithstanding the foregoing, if a Change in Control constitutes a payment event with respect to any Award (or portion of any Award) that provides for the deferral of compensation that is subject to Section 409A, to the extent required to avoid the imposition of additional taxes under Section 409A, the transaction or event described in subsections (i), (ii) and (iii) with respect to such Award (or portion thereof) shall only constitute a Change in Control for purposes of the payment timing of such Award if such transaction also constitutes a "change in control event," as defined in Treasury Regulation Section 1.409A-3(i)(5). The Committee shall have full and final authority, which

[Table of Contents](#)

shall be exercised in its discretion, to determine conclusively whether a Change in Control has occurred pursuant to the above definition, the date of the occurrence of such Change in Control and any incidental matters relating thereto; provided that any exercise of authority in conjunction with a determination of whether a Change in Control is a "change in control event" as defined in Treasury Regulation Section 1.409A-3(i)(5) shall be consistent with such regulation.

- (i) "**Code**" means the Internal Revenue Code of 1986, as amended, and any applicable regulations and administrative guidelines promulgated thereunder.
- (j) "**Committee**" means the Compensation Committee and such other committee or subcommittee of the Board, if any, duly appointed to administer the Plan and having such powers in each instance as shall be specified by the Board. If, at any time, there is no committee of the Board then authorized or properly constituted to administer the Plan, the Board shall exercise all of the powers of the Committee granted herein, and, in any event, the Board may in its discretion exercise any or all of such powers and, in such instances, references herein to the Committee shall mean the Board. Unless the Board specifically determines otherwise, each member of the Committee shall, at the time it takes any action with respect to an Award under the Plan, be a "non-employee director" within the meaning of Rule 16b-3 and an "independent director" under the rules of any stock exchange on which the Stock is listed. However, the fact that a Committee member shall fail to qualify as "non-employee director" or an "independent director" shall not invalidate any Award granted by the Committee which Award is otherwise validly granted under the Plan.
- (k) "**Company**" means GigCapital5, Inc., a Delaware corporation, and any successor corporation thereto.
- (l) "**Consultant**" means a person engaged to provide consulting or advisory services (other than as an Employee or a Director) to a Participating Company, provided that the identity of such person, the nature of such services or the entity to which such services are provided would not preclude the Company from offering or selling securities to such person pursuant to the Plan in reliance on registration on Form S-8 under the Securities Act.
- (m) "**Director**" means a member of the Board.
- (n) "**Disability**" means, unless such term or an equivalent term is otherwise defined by the applicable Award Agreement or other written agreement between the Participant and a Participating Company applicable to an Award and which is in effect as of the date of grant of such Award, the permanent and total disability of the Participant, within the meaning of Section 22(e)(3) of the Code.
- (o) "**Dividend Equivalent Right**" means the right of a Participant, granted at the discretion of the Committee or as otherwise provided by the Plan, to receive a credit for the account of such Participant in an amount equal to the cash dividends paid on one share of Stock for each share of Stock represented by an Award held by such Participant.
- (p) "**Employee**" means any person treated as an employee (including an Officer or a Director who is also treated as an employee) in the records of a Participating Company and, with respect to any Incentive Stock Option granted to such person, who is an employee for purposes of Section 422 of the Code; provided, however, that neither service as a Director nor payment of a Director's fee shall be sufficient to constitute employment for purposes of the Plan. The Company shall determine in good faith and in the exercise of its discretion whether an individual has become or has ceased to be an Employee and the effective date of such individual's employment or termination of employment, as the case may be. For purposes of an individual's rights, if any, under the terms of the Plan as of the time of the Company's determination of whether or not the individual is an Employee, all such determinations by the Company shall be final, binding and conclusive as to such rights, if any, notwithstanding that the Company or any court of law or governmental agency subsequently makes a contrary determination as to such individual's status as an Employee.
- (q) "**Exchange Act**" means the Securities Exchange Act of 1934, as amended.

- (r) “**Fair Market Value**” means, as of any date, the value of a share of Stock or other property as determined by the Committee, in its discretion, or by the Company, in its discretion, if such determination is expressly allocated to the Company herein, subject to the following:
- (i) Except as otherwise determined by the Committee, if, on such date, the Stock is listed or quoted on a national or regional securities exchange or quotation system, the Fair Market Value of a share of Stock shall be the closing price of a share of Stock as quoted on the national or regional securities exchange or quotation system constituting the primary market for the Stock, as reported in *The Wall Street Journal* or such other source as the Company deems reliable. If the relevant date does not fall on a day on which the Stock has traded on such securities exchange or quotation system, the date on which the Fair Market Value shall be established shall be the last day on which the Stock was so traded or quoted prior to the relevant date, or such other appropriate day as shall be determined by the Committee, in its discretion.
 - (ii) If, on such date, the Stock is not listed or quoted on a national or regional securities exchange or quotation system, the Fair Market Value of a share of Stock shall be as determined by the Committee in good faith without regard to any restriction other than a restriction which, by its terms, will never lapse, and in a manner consistent with the requirements of Section 409A or Section 422 of the Code to the extent applicable.
 - (s) “**Full Value Award**” means any Award settled in Stock, other than (i) an Option, (ii) a Stock Appreciation Right, or (iii) a Restricted Stock Purchase Right or an Other Stock-Based Award under which the Company will receive monetary consideration equal to the Fair Market Value (determined on the effective date of grant) of the shares subject to such Award.
 - (t) “**Incentive Stock Option**” means an Option intended to be (as set forth in the Award Agreement) and which qualifies as an incentive stock option within the meaning of Section 422(b) of the Code.
 - (u) “**Incumbent Director**” means a director who either (i) is a member of the Board as of the Effective Date or (ii) is elected, or nominated for election, to the Board with the affirmative votes of at least a majority of the Incumbent Directors at the time of such election or nomination (but excluding a director who was elected or nominated in connection with an actual or threatened proxy contest relating to the election of directors of the Company).
 - (v) “**Insider**” means an Officer, a Director or other person whose transactions in Stock are subject to Section 16 of the Exchange Act.
 - (w) “**Materially Impair**” means any amendment to the terms of the Award that materially adversely affects the Participant’s rights under the Award. A Participant’s rights under an Award will not be deemed to have been Materially Impaired by any such amendment if the Committee, in its sole discretion, determines that the amendment, taken as a whole, does not materially impair the Participant’s rights. For example, the following types of amendments to the terms of an Award do not Materially Impair the Participant’s rights under the Award: (i) imposition of reasonable restrictions on the minimum number of shares subject to an Option that may be exercised, (ii) to maintain the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (iii) to change the terms of an Incentive Stock Option in a manner that disqualifies, impairs or otherwise affects the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (iv) to clarify the manner of exemption from, or to bring the Award into compliance with or qualify it for an exemption from, Section 409A; or (v) to comply with other applicable laws.
 - (x) “**Net Exercise**” means a Net Exercise as defined in Section 6.3(b)(iii).
 - (y) “**Nonemployee Director**” means a Director who is not an Employee.
 - (z) “**Nonemployee Director Award**” means any Award granted to a Nonemployee Director.

any Award, including by the withholding or delivery of shares of Stock, (iv) the timing, terms and conditions of the exercisability or vesting of any Award or any shares acquired pursuant thereto, (v) the Performance Measures, Performance Period, Performance Award Formula and Performance Goals applicable to any Award and the extent to which such Performance Goals have been attained, (vi) the time of expiration of any Award, (vii) the effect of any Participant's termination of Service on any of the foregoing, and (viii) all other terms, conditions and restrictions applicable to any Award or shares acquired pursuant thereto not inconsistent with the terms of the Plan;

(e) to determine whether an Award will be settled in shares of Stock, cash, other property or in any combination thereof;

(f) to approve one or more forms of Award Agreement;

(g) to amend, modify, extend, cancel or renew any Award or to waive any restrictions or conditions applicable to any Award or any shares acquired pursuant thereto; *provided however*, that, a Participant's rights under any Award will not be Materially Impaired by any such amendment unless (i) the Company requests the consent of the affected Participant, and (ii) such Participant consents in writing;

(h) to accelerate, continue, extend or defer the exercisability or vesting of any Award or any shares acquired pursuant thereto, including with respect to the period following a Participant's termination of Service; *provided however*, that, a Participant's rights under any Award will not be Materially Impaired by any such action unless (i) the Company requests the consent of the affected Participant, and (ii) such Participant consents in writing;

(i) to prescribe, amend or rescind rules, guidelines and policies relating to the Plan, or to adopt sub-plans or supplements to, or alternative versions of, the Plan, including, without limitation, as the Committee deems necessary or desirable to comply with the laws of, or to accommodate the tax policy, accounting principles or custom of, foreign jurisdictions whose residents may be granted Awards;

(j) to prohibit the exercise of any Option, SAR or other exercisable Award during a period of up to 30 days prior to the consummation of any pending stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the shares of Stock or the share price of the Stock including any Change in Control, for reasons of administrative convenience;

(k) to effect, at any time and from time to time, subject to the consent of any Participant whose Award is Materially Impaired by such action,

(i) the reduction of the exercise price (or strike price) of any outstanding Option or SAR; (ii) the cancellation of any outstanding Option or SAR and the grant in substitution therefor of (A) a new Option, SAR, Restricted Stock Award, RSU Award or Other Award, under the Plan or another equity plan of the Company, covering the same or a different number of shares of Stock, (B) cash and/or (C) other valuable consideration (as determined by the Board); or (iii) any other action that is treated as a repricing under generally accepted accounting principles; and

(l) to correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award Agreement and to make all other determinations and take such other actions with respect to the Plan or any Award as the Committee may deem advisable to the extent not inconsistent with the provisions of the Plan or applicable law.

3.5 Option or SAR Repricing. The Committee shall have the authority, without additional approval by the stockholders of the Company, to approve a program providing for either (a) the cancellation of outstanding Options or SARs having exercise prices per share greater than the then Fair Market Value of a share of Stock ("*Underwater Awards*") and the grant in substitution therefor of new Options or SARs covering the same or a different number of shares but with an exercise price per share equal to the Fair Market Value per share on the new grant date, Full Value Awards, or payments in cash, or (b) the amendment of outstanding Underwater Awards to reduce the exercise price thereof to the Fair Market Value per share on the date of amendment.

3.6 **Indemnification.** In addition to such other rights of indemnification as they may have as members of the Board or the Committee or as officers or employees of the Participating Company Group, to the extent permitted by applicable law, members of the Board or the Committee and any officers or employees of the Participating Company Group to whom authority to act for the Board, the Committee or the Company is delegated shall be indemnified by the Company against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any right granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct in duties; provided, however, that within sixty (60) days after the institution of such action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at its own expense to handle and defend the same.

4 SHARES SUBJECT TO PLAN.

4.1 **Maximum Number of Shares Issuable.** Subject to adjustment as provided in Sections 4.2 and 4.3, the maximum aggregate number of shares of Stock that may be issued under the Plan shall be equal to [_____]1 shares, plus an annual increase, effective as of the first day of the Company's fiscal year beginning in the year following the fiscal year in which the Company's stockholders approved the Plan and the first day of each subsequent fiscal year through and including the first day of the Company's fiscal year beginning on the ninth (9th) anniversary of the commencement of such annual increase, equal to the lesser of (i) 5% of the number of shares of Stock outstanding as of the conclusion of the Company's immediately preceding fiscal year, or (ii) such amount, if any, as the Board may determine, and such shares shall consist of authorized but unissued or reacquired shares of Stock or any combination thereof.

4.2 **Share Counting.** If an outstanding Award for any reason expires or is terminated or canceled without having been exercised or settled in full, or if shares of Stock acquired pursuant to an Award subject to forfeiture or repurchase are forfeited or repurchased by the Company for an amount not greater than the Participant's purchase price, the shares of Stock allocable to the terminated portion of such Award or such forfeited or repurchased shares of Stock shall again be available for issuance under the Plan. Shares of Stock shall not be deemed to have been issued pursuant to the Plan with respect to any portion of an Award that is settled in cash. Upon payment in shares of Stock pursuant to the exercise of an SAR, the number of shares available for issuance under the Plan shall be reduced by the gross number of shares for which the SAR is exercised. If the exercise price of an Option is paid by tender to the Company, or attestation to the ownership, of shares of Stock owned by the Participant, or by means of a Net Exercise, the number of shares available for issuance under the Plan shall be reduced only by the net number of shares for which the Option is exercised. Shares purchased in the open market with proceeds from the exercise of Options shall not be added to the limit set forth in Section 4.1. Shares withheld or reacquired by the Company in satisfaction of tax withholding obligations pursuant to the exercise or settlement of Options or SARs pursuant to Section 16.2 and Shares withheld or reacquired by the Company in satisfaction of tax withholding obligations pursuant to the vesting or settlement of Full Value Awards pursuant to Section 16.2 shall again become available for issuance under the Plan.

4.3 **Adjustments for Changes in Capital Structure.** Subject to any required action by the stockholders of the Company and the requirements of Section 409A and Section 424 of the Code to the extent applicable, in the event of any change in the Stock effected without receipt of consideration by the Company, whether through merger, consolidation, reorganization, reincorporation, recapitalization, reclassification, stock dividend, stock split, reverse stock split, split-up, split-off, spin-off, combination of shares, exchange of shares, or similar change

¹ Will be 11% of the outstanding shares of the Company at the closing of the business combination.

in the capital structure of the Company, or in the event of payment of a dividend or distribution to the stockholders of the Company in a form other than Stock (excepting regular, periodic cash dividends) that has a material effect on the Fair Market Value of shares of Stock, appropriate and proportionate adjustments shall be made in the number and kind of shares subject to the Plan and to any outstanding Awards, the annual increase set forth in Section 4.1, the Award limits set forth in Section 5.3, and in the exercise or purchase price per share under any outstanding Award in order to prevent dilution or enlargement of Participants' rights under the Plan. For purposes of the foregoing, conversion of any convertible securities of the Company shall not be treated as "effected without receipt of consideration by the Company." If a majority of the shares which are of the same class as the shares that are subject to outstanding Awards are exchanged for, converted into, or otherwise become (whether or not pursuant to an Ownership Change Event) shares of another corporation (the "*New Shares*"), the Committee may unilaterally amend the outstanding Awards to provide that such Awards are for New Shares. In the event of any such amendment, the number of shares subject to, and the exercise or purchase price per share of, the outstanding Awards shall be adjusted in a fair and equitable manner as determined by the Committee, in its discretion and in accordance with Section 409A and Section 424 of the Code to the extent applicable. Any fractional share resulting from an adjustment pursuant to this Section shall be rounded down to the nearest whole number and the exercise or purchase price per share shall be rounded up to the nearest whole cent. In no event may the exercise or purchase price, if any, under any Award be decreased to an amount less than the par value, if any, of the stock subject to such Award. The Committee in its discretion, may also make such adjustments in the terms of any Award to reflect, or related to, such changes in the capital structure of the Company or distributions as it deems appropriate, including modification of Performance Goals, Performance Award Formulas and Performance Periods. The adjustments determined by the Committee pursuant to this Section shall be final, binding and conclusive.

4.4 **Assumption or Substitution of Awards.** The Committee may, without reducing or otherwise affecting the number of shares of Stock reserved or available hereunder, authorize the issuance or assumption of equity awards under this Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate, subject to compliance with Section 409A and any other applicable provisions of the Code. In addition, subject to compliance with applicable laws, and listing requirements, shares available for grant under a stockholder approved plan of an acquired company (as appropriately adjusted to reflect the transaction) may be used for awards under the Plan to individuals who were not Employees or Directors of the Participating Company Group prior to the transaction and shall not reduce the number of shares otherwise available for issuance under the Plan.

5 ELIGIBILITY, PARTICIPATION AND AWARD LIMITATIONS.

5.1 **Persons Eligible for Awards.** Awards may be granted only to Employees, Consultants and Directors.

5.2 **Participation in the Plan.** Awards are granted solely at the discretion of the Committee. Eligible persons may be granted more than one Award. However, eligibility in accordance with this Section shall not entitle any person to be granted an Award, or, having been granted an Award, to be granted an additional Award.

5.3 **Incentive Stock Option Limitations.**

(a) **Maximum Number of Shares Issuable Pursuant to Incentive Stock Options.** Subject to adjustment as provided in Section 4.3, the maximum aggregate number of shares of Stock that may be issued under the Plan pursuant to the exercise of Incentive Stock Options shall not exceed [_____]2 shares. The maximum aggregate number of shares of Stock that may be issued under the Plan pursuant to all Awards other than Incentive Stock Options shall be the number of shares determined in accordance with Section 4.1, subject to adjustment as provided in Sections 4.2 and 4.3.

² Will be 11% of the outstanding shares of the Company at the closing of the business combination.

(b) **Persons Eligible.** An Incentive Stock Option may be granted only to a person who, on the effective date of grant, is an Employee of the Company, a Parent Corporation or a Subsidiary Corporation (each being an “*ISO-Qualifying Corporation*”). Any person who is not an Employee of an ISO-Qualifying Corporation on the effective date of the grant of an Option to such person may be granted only a Nonstatutory Stock Option.

(c) **Fair Market Value Limitation.** To the extent that options designated as Incentive Stock Options (granted under all stock plans of the Participating Company Group, including the Plan) become exercisable by a Participant for the first time during any calendar year for stock having a Fair Market Value greater than One Hundred Thousand Dollars (\$100,000), the portion of such options which exceeds such amount shall be treated as Nonstatutory Stock Options. For purposes of this Section, options designated as Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of stock shall be determined as of the time the option with respect to such stock is granted. If the Code is amended to provide for a limitation different from that set forth in this Section, such different limitation shall be deemed incorporated herein effective as of the date and with respect to such Options as required or permitted by such amendment to the Code. If an Option is treated as an Incentive Stock Option in part and as a Nonstatutory Stock Option in part by reason of the limitation set forth in this Section, the Participant may designate which portion of such Option the Participant is exercising. In the absence of such designation, the Participant shall be deemed to have exercised the Incentive Stock Option portion of the Option first. Upon exercise of the Option, shares issued pursuant to each such portion shall be separately identified.

5.4 **Nonemployee Director Award Limit.** Annual compensation awarded to any Nonemployee Director during each calendar year, including both shares of Stock subject to Awards and any cash fees paid to such Nonemployee Director may not exceed \$1,500,000 in total value, or \$2,000,000 in the calendar year in which any Nonemployee Director is initially elected to the Board (calculating the value of any such Awards based on the grant date fair value of such Awards for financial reporting purposes).

6 STOCK OPTIONS.

Options shall be evidenced by Award Agreements specifying the number of shares of Stock covered thereby, in such form as the Committee shall establish. Such Award Agreements may incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

6.1 **Exercise Price.** The exercise price for each Option shall be established in the discretion of the Committee; provided, however, that (a) the exercise price per share shall be not less than the Fair Market Value of a share of Stock on the effective date of grant of the Option and (b) no Incentive Stock Option granted to a Ten Percent Owner shall have an exercise price per share less than one hundred ten percent (110%) of the Fair Market Value of a share of Stock on the effective date of grant of the Option. Notwithstanding the foregoing, an Option (whether an Incentive Stock Option or a Nonstatutory Stock Option) may be granted with an exercise price less than the minimum exercise price set forth above if such Option is granted pursuant to an assumption or substitution for another option in a manner that would qualify under the provisions of Section 409A or Section 424(a) of the Code.

6.2 **Exercisability and Term of Options.** Options shall be exercisable at such time or times, or upon such event or events, and subject to such terms, conditions, performance criteria and restrictions as shall be determined by the Committee and set forth in the Award Agreement evidencing such Option; provided, however, that (a) no Option shall be exercisable after the expiration of ten (10) years after the effective date of grant of such Option, (b) no Incentive Stock Option granted to a Ten Percent Owner shall be exercisable after the expiration of five (5) years after the effective date of grant of such Option and (c) no Option granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, shall be first exercisable until at least six (6) months following the date of grant of such Option (except in the

event of such Employee's death, disability or retirement, upon a Change in Control, or as otherwise permitted by the Worker Economic Opportunity Act). Subject to the foregoing, unless otherwise specified by the Committee in the grant of an Option, each Option shall terminate ten (10) years after the effective date of grant of the Option, unless earlier terminated in accordance with its provisions.

6.3 Payment of Exercise Price.

(a) **Forms of Consideration Authorized.** Except as otherwise provided below, payment of the exercise price for the number of shares of Stock being purchased pursuant to any Option shall be made (i) in cash, by check or in cash equivalent; (ii) if permitted by the Committee and subject to the limitations contained in Section 6.3(b), by means of (1) a Cashless Exercise, (2) a Stock Tender Exercise or (3) a Net Exercise; (iii) by such other consideration as may be approved by the Committee from time to time to the extent permitted by applicable law, or (iv) if permitted by the Committee, by any combination thereof. The Committee may at any time or from time to time grant Options which do not permit all of the foregoing forms of consideration to be used in payment of the exercise price or which otherwise restrict one or more forms of consideration.

(b) **Limitations on Forms of Consideration.**

(i) **Cashless Exercise.** A "**Cashless Exercise**" means the delivery of a properly executed notice of exercise together with irrevocable instructions to a broker providing for the assignment to the Company of the proceeds of a sale or loan with respect to some or all of the shares being acquired upon the exercise of the Option (including, without limitation, through an exercise complying with the provisions of Regulation T as promulgated from time to time by the Board of Governors of the Federal Reserve System). The Company reserves, at any and all times, the right, in the Company's sole and absolute discretion, to establish, decline to approve or terminate any program or procedures for the exercise of Options by means of a Cashless Exercise, including with respect to one or more Participants specified by the Company notwithstanding that such program or procedures may be available to other Participants.

(ii) **Stock Tender Exercise.** A "**Stock Tender Exercise**" means the delivery of a properly executed exercise notice accompanied by a Participant's tender to the Company, or attestation to the ownership, in a form acceptable to the Company of whole shares of Stock owned by the Participant having a Fair Market Value that does not exceed the aggregate exercise price for the shares with respect to which the Option is exercised. A Stock Tender Exercise shall not be permitted if it would constitute a violation of the provisions of any law, regulation or agreement restricting the redemption of the Company's stock. If required by the Company, an Option may not be exercised by tender to the Company, or attestation to the ownership, of shares of Stock unless such shares either have been owned by the Participant for a period of time required by the Company (and not used for another option exercise by attestation during such period) or were not acquired, directly or indirectly, from the Company.

(iii) **Net Exercise.** A "**Net Exercise**" means the delivery of a properly executed exercise notice followed by a procedure pursuant to which (1) the Company will reduce the number of shares otherwise issuable to a Participant upon the exercise of an Option by the largest whole number of shares having a Fair Market Value that does not exceed the aggregate exercise price for the shares with respect to which the Option is exercised, and (2) the Participant shall pay to the Company in cash the remaining balance of such aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued.

6.4 Effect of Termination of Service.

(a) **Option Exercisability.** Subject to earlier termination of the Option as otherwise provided by this Plan and unless otherwise provided by the Committee or in an Award Agreement, an Option shall be exercisable after the Participant's termination of Service to the extent it is then vested only during the

applicable time period, specified below, or if applicable, such other period provided in the applicable Award Agreement or other written agreement between the Participant and the Company; provided however, in no event may such Option be exercised after expiration of its maximum permitted term as set forth in the Award Agreement evidencing such Option or any earlier date the Option is terminated in connection with a Change in Control (the "*Option Expiration Date*"), and thereafter shall terminate if not exercised during such period.

(i) **Disability.** If the Participant's Service terminates because of the Disability of the Participant, the Option, to the extent unexercised and exercisable for vested shares on the date on which the Participant's Service terminated, may be exercised by the Participant (or the Participant's guardian or legal representative) at any time prior to the expiration of twelve (12) months after the date on which the Participant's Service terminated.

(ii) **Death.** If the Participant's Service terminates because of the death of the Participant, the Option, to the extent unexercised and exercisable for vested shares on the date on which the Participant's Service terminated, may be exercised by the Participant's legal representative or other person who acquired the right to exercise the Option by reason of the Participant's death at any time prior to the expiration of twelve (12) months after the date on which the Participant's Service terminated. The Participant's Service shall be deemed to have terminated on account of death if the Participant dies within three (3) months after the Participant's termination of Service for any reason other than Cause.

(iii) **Termination for Cause.** Notwithstanding any other provision of the Plan to the contrary, if the Participant's Service is terminated for Cause or if, following the Participant's termination of Service and during any period in which the Option otherwise would remain exercisable, the Participant engages in any act that would constitute Cause, the Option shall terminate in its entirety and cease to be exercisable immediately upon such termination of Service or act.

(iv) **Other Termination of Service.** If the Participant's Service terminates for any reason, except Disability, death or Cause, the Option, to the extent unexercised and exercisable for vested shares on the date on which the Participant's Service terminated, may be exercised by the Participant at any time prior to the expiration of three (3) months after the date on which the Participant's Service terminated.

(b) **Extension if Exercise Prevented by Law.** Notwithstanding the foregoing, other than termination of Service for Cause, if the exercise of an Option within the Post-Termination Exercise Period is prevented by the provisions of Section 14 below or applicable law, the Option shall remain exercisable until the later of (i) thirty (30) days after the date such exercise first would no longer be prevented by such provisions or (ii) the end of the Post-Termination Exercise Period, but in any event no later than the Option Expiration Date.

6.5 **Transferability of Options.** During the lifetime of the Participant, an Option shall be exercisable only by the Participant or the Participant's guardian or legal representative. An Option shall not be subject in any manner to anticipation, alienation, sale, exchange, transfer, assignment, pledge, encumbrance, or garnishment by creditors of the Participant or the Participant's beneficiary, except transfer by will or by the laws of descent and distribution. Notwithstanding the foregoing, to the extent permitted by the Committee, in its discretion, and set forth in the Award Agreement evidencing such Option, an Option shall be assignable or transferable subject to the applicable limitations, if any, described in the General Instructions to Form S-8 under the Securities Act or, in the case of an Incentive Stock Option, only as permitted by applicable regulations under Section 421 of the Code in a manner that does not disqualify such Option as an Incentive Stock Option.

7 STOCK APPRECIATION RIGHTS.

Stock Appreciation Rights shall be evidenced by Award Agreements specifying the number of shares of Stock subject to the Award, in such form as the Committee shall establish. Such Award Agreements may

incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

7.1 **Types of SARs Authorized.** SARs may be granted in tandem with all or any portion of a related Option (a **Tandem SAR**) or may be granted independently of any Option (a **Freestanding SAR**). A Tandem SAR may only be granted concurrently with the grant of the related Option.

7.2 **Exercise Price.** The exercise price for each SAR shall be established in the discretion of the Committee; provided, however, that (a) the exercise price per share subject to a Tandem SAR shall be the exercise price per share under the related Option and (b) the exercise price per share subject to a Freestanding SAR shall be not less than the Fair Market Value of a share of Stock on the effective date of grant of the SAR. Notwithstanding the foregoing, an SAR may be granted with an exercise price lower than the minimum exercise price set forth above if such SAR is granted pursuant to an assumption or substitution for another stock appreciation right in a manner that would qualify under the provisions of Section 409A.

7.3 **Exercisability and Term of SARs.**

(a) **Tandem SARs.** Tandem SARs shall be exercisable only at the time and to the extent, and only to the extent, that the related Option is exercisable, subject to such provisions as the Committee may specify where the Tandem SAR is granted with respect to less than the full number of shares of Stock subject to the related Option. The Committee may, in its discretion, provide in any Award Agreement evidencing a Tandem SAR that such SAR may not be exercised without the advance approval of the Company and, if such approval is not given, then the Option shall nevertheless remain exercisable in accordance with its terms. A Tandem SAR shall terminate and cease to be exercisable no later than the date on which the related Option expires or is terminated or canceled. Upon the exercise of a Tandem SAR with respect to some or all of the shares subject to such SAR, the related Option shall be canceled automatically as to the number of shares with respect to which the Tandem SAR was exercised. Upon the exercise of an Option related to a Tandem SAR as to some or all of the shares subject to such Option, the related Tandem SAR shall be canceled automatically as to the number of shares with respect to which the related Option was exercised.

(b) **Freestanding SARs.** Freestanding SARs shall be exercisable at such time or times, or upon such event or events, and subject to such terms, conditions, performance criteria and restrictions as shall be determined by the Committee and set forth in the Award Agreement evidencing such SAR; provided, however, that (i) no Freestanding SAR shall be exercisable after the expiration of ten (10) years after the effective date of grant of such SAR and (ii) no Freestanding SAR granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, shall be first exercisable until at least six (6) months following the date of grant of such SAR (except in the event of such Employee's death, disability or retirement, upon a Change in Control, or as otherwise permitted by the Worker Economic Opportunity Act).

Subject to the foregoing, unless otherwise specified by the Committee in the grant of a Freestanding SAR, each Freestanding SAR shall terminate ten (10) years after the effective date of grant of the SAR, unless earlier terminated in accordance with its provisions.

7.4 **Exercise of SARs.** Upon the exercise (or deemed exercise pursuant to Section 7.5) of an SAR, the Participant (or the Participant's legal representative or other person who acquired the right to exercise the SAR by reason of the Participant's death) shall be entitled to receive payment of an amount for each share with respect to which the SAR is exercised equal to the excess, if any, of the Fair Market Value of a share of Stock on the date of exercise of the SAR over the exercise price. Payment of such amount shall be made (a) in the case of a Tandem SAR, solely in shares of Stock in a lump sum upon the date of exercise of the SAR and (b) in the case of a Freestanding SAR, in cash, shares of Stock, or any combination thereof as determined by the Committee and set forth in the Award Agreement, in a lump sum upon the date of exercise of the SAR. When payment is to be

made in shares of Stock, the number of shares to be issued shall be determined on the basis of the Fair Market Value of a share of Stock on the date of exercise of the SAR. For purposes of Section 7, an SAR shall be deemed exercised on the date on which the Company receives notice of exercise from the Participant or as otherwise provided in Section 7.5.

7.5 Deemed Exercise of SARs. If, on the date on which an SAR would otherwise terminate or expire, the SAR by its terms remains exercisable immediately prior to such termination or expiration and, if so exercised, would result in a payment to the holder of such SAR, then any portion of such SAR which has not previously been exercised shall automatically be deemed to be exercised as of such date with respect to such portion. The Company may elect to discontinue the deemed exercise of SARs pursuant to this Section 7.5 at any time upon notice to a Participant or to apply the deemed exercise feature only to certain groups of Participants. The deemed exercise of a SAR pursuant to this Section 7.5 shall apply only to a SAR that has been timely accepted by a Participant under procedures specified by the Company from time to time.

7.6 Effect of Termination of Service. Subject to earlier termination of the SAR as otherwise provided herein and unless otherwise provided by the Committee or in an Award Agreement, an SAR shall be exercisable after a Participant's termination of Service only to the extent and during the applicable time period determined in accordance with Section 6.4 (treating the SAR as if it were an Option) and thereafter shall terminate.

7.7 Transferability of SARs. During the lifetime of the Participant, an SAR shall be exercisable only by the Participant or the Participant's guardian or legal representative. An SAR shall not be subject in any manner to anticipation, alienation, sale, exchange, transfer, assignment, pledge, encumbrance, or garnishment by creditors of the Participant or the Participant's beneficiary, except transfer by will or by the laws of descent and distribution. Notwithstanding the foregoing, to the extent permitted by the Committee, in its discretion, and set forth in the Award Agreement evidencing such Award, a Tandem SAR related to a Nonstatutory Stock Option or a Freestanding SAR shall be assignable or transferable subject to the applicable limitations, if any, described in the General Instructions to Form S-8 under the Securities Act.

8 RESTRICTED STOCK AWARDS.

Restricted Stock Awards shall be evidenced by Award Agreements specifying whether the Award is a Restricted Stock Bonus or a Restricted Stock Purchase Right and the number of shares of Stock subject to the Award, in such form as the Committee shall establish. Such Award Agreements may incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

8.1 Types of Restricted Stock Awards Authorized. Restricted Stock Awards may be granted in the form of either a Restricted Stock Bonus or a Restricted Stock Purchase Right. Restricted Stock Awards may be granted upon such conditions as the Committee shall determine, including, without limitation, upon the attainment of one or more Performance Goals described in Section 10.4. If either the grant of or satisfaction of Vesting Conditions applicable to a Restricted Stock Award is to be contingent upon the attainment of one or more Performance Goals, the Committee shall follow procedures substantially equivalent to those set forth in Sections 10.3 through 10.5(a).

8.2 Purchase Price. The purchase price for shares of Stock issuable under each Restricted Stock Purchase Right shall be established by the Committee in its discretion. No monetary payment (other than applicable tax withholding) shall be required as a condition of receiving shares of Stock pursuant to a Restricted Stock Bonus, the consideration for which shall be services actually rendered to a Participating Company or for its benefit. Notwithstanding the foregoing, if required by applicable state corporate law, the Participant shall furnish consideration in the form of cash or past services rendered to a Participating Company or for its benefit having a value not less than the par value of the shares of Stock subject to a Restricted Stock Award.

8.3 Purchase Period. A Restricted Stock Purchase Right shall be exercisable within a period established by the Committee, which shall in no event exceed thirty (30) days from the effective date of the grant of the Restricted Stock Purchase Right.

8.4 Payment of Purchase Price. Except as otherwise provided below, payment of the purchase price for the number of shares of Stock being purchased pursuant to any Restricted Stock Purchase Right shall be made (a) in cash, by check or in cash equivalent, (b) by such other consideration as may be approved by the Committee from time to time to the extent permitted by applicable law, or (c) by any combination thereof.

8.5 Vesting and Restrictions on Transfer. Shares issued pursuant to any Restricted Stock Award may (but need not) be made subject to Vesting Conditions based upon the satisfaction of such Service requirements, conditions, restrictions or performance criteria, including, without limitation, Performance Goals as described in Section 10.4, as shall be established by the Committee and set forth in the Award Agreement evidencing such Award. During any period in which shares acquired pursuant to a Restricted Stock Award remain subject to Vesting Conditions, such shares may not be sold, exchanged, transferred, pledged, assigned or otherwise disposed of other than pursuant to an Ownership Change Event or as provided in Section 8.8. The Committee, in its discretion, may provide in any Award Agreement evidencing a Restricted Stock Award that, if the satisfaction of Vesting Conditions with respect to any shares subject to such Restricted Stock Award would otherwise occur on a day on which the sale of such shares would violate the provisions of the Trading Compliance Policy, then satisfaction of the Vesting Conditions automatically shall be determined on the next trading day on which the sale of such shares would not violate the Trading Compliance Policy. Upon request by the Company, each Participant shall execute any agreement evidencing such transfer restrictions prior to the receipt of shares of Stock hereunder and shall promptly present to the Company any and all certificates representing shares of Stock acquired hereunder for the placement on such certificates of appropriate legends evidencing any such transfer restrictions.

8.6 Voting Rights; Dividends and Distributions. Except as provided in this Section, Section 8.5, and any Award Agreement, during any period in which shares acquired pursuant to a Restricted Stock Award remain subject to Vesting Conditions, the Participant shall have all of the rights of a stockholder of the Company holding shares of Stock, including the right to vote such shares and to receive all dividends and other distributions paid with respect to such shares; provided, however, that if so determined by the Committee and provided by the Award Agreement, such dividends and distributions shall be subject to the same Vesting Conditions as the shares subject to the Restricted Stock Award with respect to which such dividends or distributions were paid, and otherwise shall be paid no later than the end of the calendar year in which such dividends or distributions are paid to stockholders (or, if later, the 15th day of the third month following the date such dividends or distributions are paid to stockholders). In the event of a dividend or distribution paid in shares of Stock or other property or any other adjustment made upon a change in the capital structure of the Company as described in Section 4.3, any and all new, substituted or additional securities or other property (other than regular, periodic cash dividends) to which the Participant is entitled by reason of the Participant's Restricted Stock Award shall be immediately subject to the same Vesting Conditions as the shares subject to the Restricted Stock Award with respect to which such dividends or distributions were paid or adjustments were made.

8.7 Effect of Termination of Service. Unless otherwise provided by the Committee in the Award Agreement evidencing a Restricted Stock Award, if a Participant's Service terminates for any reason, whether voluntary or involuntary (including the Participant's death or disability), then (a) the Company shall have the option to repurchase for the purchase price paid by the Participant any shares acquired by the Participant pursuant to a Restricted Stock Purchase Right which remain subject to Vesting Conditions as of the date of the Participant's termination of Service and (b) the Participant shall forfeit to the Company any shares acquired by the Participant pursuant to a Restricted Stock Bonus which remain subject to Vesting Conditions as of the date of the Participant's termination of Service. The Company shall have the right to assign at any time any repurchase right it may have, whether or not such right is then exercisable, to one or more persons as may be selected by the Company.

8.8 Nontransferability of Restricted Stock Award Rights. Rights to acquire shares of Stock pursuant to a Restricted Stock Award shall not be subject in any manner to anticipation, alienation, sale, exchange, transfer, assignment, pledge, encumbrance or garnishment by creditors of the Participant or the Participant's

beneficiary, except transfer by will or the laws of descent and distribution. All rights with respect to a Restricted Stock Award granted to a Participant hereunder shall be exercisable during his or her lifetime only by such Participant or the Participant's guardian or legal representative.

9 RESTRICTED STOCK UNITS.

Restricted Stock Unit Awards shall be evidenced by Award Agreements specifying the number of Restricted Stock Units subject to the Award, in such form as the Committee shall establish. Such Award Agreements may incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

9.1 **Grant of Restricted Stock Unit Awards.** Restricted Stock Unit Awards may be granted upon such conditions as the Committee shall determine, including, without limitation, upon the attainment of one or more Performance Goals described in Section 10.4. If either the grant of a Restricted Stock Unit Award or the Vesting Conditions with respect to such Award is to be contingent upon the attainment of one or more Performance Goals, the Committee shall follow procedures substantially equivalent to those set forth in Sections 10.3 through 10.5(a).

9.2 **Purchase Price.** No monetary payment (other than applicable tax withholding, if any) shall be required as a condition of receiving a Restricted Stock Unit Award, the consideration for which shall be services actually rendered to a Participating Company or for its benefit. Notwithstanding the foregoing, if required by applicable state corporate law, the Participant shall furnish consideration in the form of cash or past services rendered to a Participating Company or for its benefit having a value not less than the par value of the shares of Stock issued upon settlement of the Restricted Stock Unit Award.

9.3 **Vesting.** Restricted Stock Unit Awards may (but need not) be made subject to Vesting Conditions based upon the satisfaction of such Service requirements, conditions, restrictions or performance criteria, including, without limitation, Performance Goals as described in Section 10.4, as shall be established by the Committee and set forth in the Award Agreement evidencing such Award.

9.4 **Voting Rights, Dividend Equivalent Rights and Distributions.** Participants shall have no voting rights with respect to shares of Stock represented by Restricted Stock Units until the date of the issuance of such shares (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company). However, the Committee, in its discretion, may provide in the Award Agreement evidencing any Restricted Stock Unit Award that the Participant shall be entitled to Dividend Equivalent Rights with respect to the payment of cash dividends on Stock during the period beginning on the date such Award is granted and ending, with respect to each share subject to the Award, on the earlier of the date the Award is settled or the date on which it is terminated. Dividend Equivalent Rights, if any, shall be paid by crediting the Participant with a cash amount or with additional whole Restricted Stock Units as of the date of payment of such cash dividends on Stock, as determined by the Committee. The number of additional Restricted Stock Units (rounded to the nearest whole number), if any, to be credited shall be determined by dividing (a) the amount of cash dividends paid on the dividend payment date with respect to the number of shares of Stock represented by the Restricted Stock Units previously credited to the Participant by (b) the Fair Market Value per share of Stock on such date. If so determined by the Committee and provided by the Award Agreement, such cash amount or additional Restricted Stock Units shall be subject to the same terms and conditions (including vesting terms) and shall be settled in the same manner and at the same time as the Restricted Stock Units originally subject to the Restricted Stock Unit Award. In the event of a dividend or distribution paid in shares of Stock or other property or any other adjustment made upon a change in the capital structure of the Company as described in Section 4.3, appropriate adjustments shall be made in the Participant's Restricted Stock Unit Award so that it represents the right to receive upon settlement any and all new, substituted or additional securities or other property (other than regular, periodic cash dividends) to which the Participant would be entitled by reason of the shares of Stock issuable upon settlement of the Award, and all such new, substituted or additional securities or other property shall be immediately subject to the same Vesting Conditions as are applicable to the Award.

9.5 **Effect of Termination of Service.** Unless otherwise provided by the Committee and set forth in the Award Agreement evidencing a Restricted Stock Unit Award, if a Participant's Service terminates for any reason, whether voluntary or involuntary (including the Participant's death or disability), then the Participant shall forfeit to the Company any Restricted Stock Units pursuant to the Award which remain subject to Vesting Conditions as of the date of the Participant's termination of Service.

9.6 **Settlement of Restricted Stock Unit Awards.** The Company shall issue to a Participant on the date on which Restricted Stock Units subject to the Participant's Restricted Stock Unit Award vest or on such other date determined by the Committee in compliance with Section 409A, if applicable, and set forth in the Award Agreement one (1) share of Stock (and/or any other new, substituted or additional securities or other property pursuant to an adjustment described in Section 9.4) for each Restricted Stock Unit then becoming vested or otherwise to be settled on such date, subject to the withholding of applicable taxes, if any. The Committee, in its discretion, may provide in any Award Agreement evidencing a Restricted Stock Unit Award that if the settlement date with respect to any shares issuable upon vesting of Restricted Stock Units would otherwise occur on a day on which the sale of such shares would violate the provisions of the Trading Compliance Policy, then the settlement date shall be deferred until the next trading day on which the sale of such shares would not violate the Trading Compliance Policy but in any event no later than the 15th day of the third calendar month following the year in which such Restricted Stock Units vest. If permitted by the Committee, the Participant may elect, consistent with the requirements of Section 409A, to defer receipt of all or any portion of the shares of Stock or other property otherwise issuable to the Participant pursuant to this Section, and such deferred issuance date(s) and amount(s) elected by the Participant shall be set forth in the Award Agreement or an Election (as defined in Section 15.2). Notwithstanding the foregoing, the Committee, in its discretion, may provide in an Award Agreement for settlement of any Restricted Stock Unit Award by payment to the Participant in cash of an amount equal to the Fair Market Value on the payment date of the shares of Stock or other property otherwise issuable to the Participant pursuant to this Section.

9.7 **Nontransferability of Restricted Stock Unit Awards.** The right to receive shares pursuant to a Restricted Stock Unit Award shall not be subject in any manner to anticipation, alienation, sale, exchange, transfer, assignment, pledge, encumbrance, or garnishment by creditors of the Participant or the Participant's beneficiary, except transfer by will or by the laws of descent and distribution. All rights with respect to a Restricted Stock Unit Award granted to a Participant hereunder shall be exercisable during his or her lifetime only by such Participant or the Participant's guardian or legal representative.

10 PERFORMANCE AWARDS.

Performance Awards shall be evidenced by Award Agreements in such form as the Committee shall establish. Such Award Agreements may incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

10.1 **Types of Performance Awards Authorized.** Performance Awards may be granted in the form of either Performance Shares or Performance Units. Each Award Agreement evidencing a Performance Award shall specify the number of Performance Shares or Performance Units subject thereto, the Performance Award Formula, the Performance Goal(s) and Performance Period applicable to the Award, and the other terms, conditions and restrictions of the Award.

10.2 **Initial Value of Performance Shares and Performance Units.** Unless otherwise provided by the Committee in granting a Performance Award, each Performance Share shall have an initial monetary value equal to the Fair Market Value of one (1) share of Stock, subject to adjustment as provided in Section 4.3, on the effective date of grant of the Performance Share, and each Performance Unit shall have an initial monetary value established by the Committee at the time of grant. The final value payable to the Participant in settlement of a Performance Award determined on the basis of the applicable Performance Award Formula will depend on the extent to which Performance Goals established by the Committee are attained within the applicable Performance Period established by the Committee.

10.3 **Establishment of Performance Period, Performance Goals and Performance Award Formula.** In granting each Performance Award, the Committee shall establish in writing the applicable Performance Period, Performance Award Formula and one or more Performance Goals which, when measured at the end of the Performance Period, shall determine on the basis of the Performance Award Formula the final value of the Performance Award to be paid to the Participant. The Company shall notify each Participant granted a Performance Award of the terms of such Award, including the Performance Period, Performance Goal(s) and Performance Award Formula.

10.4 **Measurement of Performance Goals.** Performance Goals shall be established by the Committee on the basis of targets to be attained ("**Performance Targets**") with respect to one or more measures of objective or subjective business, financial or individual performance or other performance criteria established by the Committee in its discretion (each, a "**Performance Measure**"), subject to the following:

(a) **Performance Measures.** Unless otherwise determined by the Committee no later than the grant of the Performance Award, Performance Measures based on objective criteria shall be calculated in accordance with the Company's financial statements, or, if such measures are not reported in the Company's financial statements, they shall be calculated in accordance with generally accepted accounting principles, a method used generally in the Company's industry, or in accordance with a methodology established by the Committee prior to the grant of the Performance Award. Performance Measures based on subjective criteria shall be determined on the basis established by the Committee in granting the Award. As specified by the Committee, Performance Measures may be calculated with respect to the Company and each Subsidiary Corporation consolidated therewith for financial reporting purposes, one or more Subsidiary Corporations or such division or other business unit of any of them selected by the Committee. Unless otherwise determined by the Committee no later than the grant of the Performance Award, the Performance Measures applicable to the Performance Award shall be calculated prior to the accrual of expense for any Performance Award for the same Performance Period and excluding the effect (whether positive or negative) on the Performance Measures of any change in accounting standards or any unusual or infrequently occurring event or transaction, as determined by the Committee, occurring after the establishment of the Performance Goals applicable to the Performance Award. Each such adjustment, if any, shall be made solely for the purpose of providing a consistent basis from period to period for the calculation of Performance Measures in order to prevent the dilution or enlargement of the Participant's rights with respect to a Performance Award.

(b) **Performance Targets.** Performance Targets may include a minimum, maximum, target level and intermediate levels of performance, with the final value of a Performance Award determined under the applicable Performance Award Formula by the Performance Target level attained during the applicable Performance Period. A Performance Target may be stated as an absolute value, an increase or decrease in a value, or as a value determined relative to an index, budget or other standard selected by the Committee.

10.5 **Settlement of Performance Awards.**

(a) **Determination of Final Value.** As soon as practicable following the completion of the Performance Period applicable to a Performance Award, the Committee shall determine the extent to which the applicable Performance Goals have been attained and the resulting final value of the Award earned by the Participant and to be paid upon its settlement in accordance with the applicable Performance Award Formula.

(b) **Discretionary Adjustment of Award Formula.** In its discretion, the Committee may, either at the time it grants a Performance Award or at any time thereafter, provide for the positive or negative adjustment of the Performance Award Formula applicable to a Performance Award to reflect such Participant's individual performance in his or her position with the Company or such other factors as the Committee may determine.

(c) **Effect of Leaves of Absence.** Unless otherwise required by law or a Participant's Award Agreement, payment of the final value, if any, of a Performance Award held by a Participant who has

taken in excess of thirty (30) days in unpaid leaves of absence during a Performance Period shall be prorated on the basis of the number of days of the Participant's Service during the Performance Period during which the Participant was not on an unpaid leave of absence.

(d) **Notice to Participants.** As soon as practicable following the Committee's determination in accordance with Sections 10.5(a) and (b), the Company shall notify each Participant of the determination of the Committee.

(e) **Payment in Settlement of Performance Awards.** As soon as practicable following the Committee's determination in accordance with Sections 10.5(a) and (b), but in any event within the Short-Term Deferral Period described in Section 15.1 (except as otherwise provided below or consistent with the requirements of Section 409A), payment shall be made to each eligible Participant (or such Participant's legal representative or other person who acquired the right to receive such payment by reason of the Participant's death) of the final value of the Participant's Performance Award. Payment of such amount shall be made in cash, shares of Stock, or a combination thereof as determined by the Committee and set forth in the Award Agreement. Unless otherwise provided in the Award Agreement evidencing a Performance Award, payment shall be made in a lump sum. If permitted by the Committee, the Participant may elect, consistent with the requirements of Section 409A, to defer receipt of all or any portion of the payment to be made to the Participant pursuant to this Section, and such deferred payment date(s) elected by the Participant shall be set forth in the Award Agreement or an Election. If any payment is to be made on a deferred basis, the Committee may, but shall not be obligated to, provide for the payment during the deferral period of Dividend Equivalent Rights or interest.

(f) **Provisions Applicable to Payment in Shares.** If payment is to be made in shares of Stock, the number of such shares shall be determined by dividing the final value of the Performance Award by the Fair Market Value of a share of Stock determined by the method specified in the Award Agreement. Shares of Stock issued in payment of any Performance Award may be fully vested and freely transferable shares or may be shares of Stock subject to Vesting Conditions as provided in Section 8.5. Any shares subject to Vesting Conditions shall be evidenced by an appropriate Award Agreement and shall be subject to the provisions of Sections 8.5 through 8.8 above.

10.6 Voting Rights; Dividend Equivalent Rights and Distributions. Participants shall have no voting rights with respect to shares of Stock represented by Performance Share Awards until the date of the issuance of such shares, if any (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company). However, the Committee, in its discretion, may provide in the Award Agreement evidencing any Performance Share Award that the Participant shall be entitled to Dividend Equivalent Rights with respect to the payment of cash dividends on Stock during the period beginning on the date the Award is granted and ending, with respect to each share subject to the Award, on the earlier of the date on which the Performance Shares are settled or the date on which they are forfeited. Such Dividend Equivalent Rights, if any, shall be credited to the Participant either in cash or in the form of additional whole Performance Shares as of the date of payment of such cash dividends on Stock, as determined by the Committee. The number of additional Performance Shares (rounded to the nearest whole number), if any, to be so credited shall be determined by dividing (a) the amount of cash dividends paid on the dividend payment date with respect to the number of shares of Stock represented by the Performance Shares previously credited to the Participant by (b) the Fair Market Value per share of Stock on such date. Dividend Equivalent Rights, if any, shall be accumulated and paid to the extent that the related Performance Shares become nonforfeitable. Settlement of Dividend Equivalent Rights may be made in cash, shares of Stock, or a combination thereof as determined by the Committee, and may be paid on the same basis as settlement of the related Performance Share as provided in Section 10.5. Dividend Equivalent Rights shall not be paid with respect to Performance Units. In the event of a dividend or distribution paid in shares of Stock or other property or any other adjustment made upon a change in the capital structure of the Company as described in Section 4.3, appropriate adjustments shall be made in the Participant's Performance Share Award so that it represents the right to receive upon settlement any and all new, substituted or additional securities or other property (other than regular, periodic cash dividends) to which the Participant would be

entitled by reason of the shares of Stock issuable upon settlement of the Performance Share Award, and all such new, substituted or additional securities or other property shall be immediately subject to the same Performance Goals as are applicable to the Award.

10.7 **Effect of Termination of Service.** Unless otherwise provided by the Committee and set forth in the Award Agreement evidencing a Performance Award, the effect of a Participant's termination of Service on the Performance Award shall be as follows:

(a) **Death or Disability.** If the Participant's Service terminates because of the death or Disability of the Participant before the completion of the Performance Period applicable to the Performance Award, the final value of the Participant's Performance Award shall be determined by the extent to which the applicable Performance Goals have been attained with respect to the entire Performance Period and shall be prorated based on the number of months of the Participant's Service during the Performance Period. Payment shall be made following the end of the Performance Period in any manner permitted by Section 10.5.

(b) **Other Termination of Service.** If the Participant's Service terminates for any reason except death or Disability before the completion of the Performance Period applicable to the Performance Award, such Award shall be forfeited in its entirety; provided, however, that in the event of an involuntary termination of the Participant's Service, the Committee, in its discretion, may waive the automatic forfeiture of all or any portion of any such Award and determine the final value of the Performance Award in the manner provided by Section 10.7(a). Payment of any amount pursuant to this Section shall be made following the end of the Performance Period in any manner permitted by Section 10.5.

10.8 **Nontransferability of Performance Awards.** Prior to settlement in accordance with the provisions of the Plan, no Performance Award shall be subject in any manner to anticipation, alienation, sale, exchange, transfer, assignment, pledge, encumbrance, or garnishment by creditors of the Participant or the Participant's beneficiary, except transfer by will or by the laws of descent and distribution. All rights with respect to a Performance Award granted to a Participant hereunder shall be exercisable during his or her lifetime only by such Participant or the Participant's guardian or legal representative.

11 CASH-BASED AWARDS AND OTHER STOCK-BASED AWARDS.

Cash-Based Awards and Other Stock-Based Awards shall be evidenced by Award Agreements in such form as the Committee shall establish. Such Award Agreements may incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

11.1 **Grant of Cash-Based Awards.** Subject to the provisions of the Plan, the Committee, at any time and from time to time, may grant Cash-Based Awards to Participants in such amounts and upon such terms and conditions, including the achievement of performance criteria, as the Committee may determine.

11.2 **Grant of Other Stock-Based Awards.** The Committee may grant other types of equity-based or equity-related Awards not otherwise described by the terms of this Plan (including the grant or offer for sale of unrestricted securities, stock-equivalent units, stock appreciation units, securities or debentures convertible into common stock or other forms determined by the Committee) in such amounts and subject to such terms and conditions as the Committee shall determine. Other Stock-Based Awards may be made available as a form of payment in the settlement of other Awards or as payment in lieu of compensation to which a Participant is otherwise entitled. Other Stock-Based Awards may involve the transfer of actual shares of Stock to Participants, or payment in cash or otherwise of amounts based on the value of Stock and may include, without limitation, Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

11.3 **Value of Cash-Based and Other Stock-Based Awards.** Each Cash-Based Award shall specify a monetary payment amount or payment range as determined by the Committee. Each Other Stock-Based Award

shall be expressed in terms of shares of Stock or units based on such shares of Stock, as determined by the Committee. The Committee may require the satisfaction of such Service requirements, conditions, restrictions or performance criteria, including, without limitation, Performance Goals as described in Section 10.4, as shall be established by the Committee and set forth in the Award Agreement evidencing such Award. If the Committee exercises its discretion to establish performance criteria, the final value of Cash-Based Awards or Other Stock-Based Awards that will be paid to the Participant will depend on the extent to which the performance criteria are met.

11.4 Payment or Settlement of Cash-Based Awards and Other Stock-Based Awards Payment or settlement, if any, with respect to a Cash-Based Award or an Other Stock-Based Award shall be made in accordance with the terms of the Award, in cash, shares of Stock or other securities or any combination thereof as the Committee determines and set forth in the Award Agreement. To the extent applicable, payment or settlement with respect to each Cash-Based Award and Other Stock-Based Award shall be made in compliance with the requirements of Section 409A.

11.5 Voting Rights; Dividend Equivalent Rights and Distributions. Participants shall have no voting rights with respect to shares of Stock represented by Other Stock-Based Awards until the date of the issuance of such shares of Stock (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), if any, in settlement of such Award. However, the Committee, in its discretion, may provide in the Award Agreement evidencing any Other Stock-Based Award that the Participant shall be entitled to Dividend Equivalent Rights with respect to the payment of cash dividends on Stock during the period beginning on the date such Award is granted and ending, with respect to each share subject to the Award, on the earlier of the date the Award is settled or the date on which it is terminated. Such Dividend Equivalent Rights, if any, shall be paid in accordance with the provisions set forth in Section 9.4. Dividend Equivalent Rights shall not be granted with respect to Cash-Based Awards. In the event of a dividend or distribution paid in shares of Stock or other property or any other adjustment made upon a change in the capital structure of the Company as described in Section 4.3, appropriate adjustments shall be made in the Participant's Other Stock-Based Award so that it represents the right to receive upon settlement any and all new, substituted or additional securities or other property (other than regular, periodic cash dividends) to which the Participant would be entitled by reason of the shares of Stock issuable upon settlement of such Award, and all such new, substituted or additional securities or other property shall be immediately subject to the same Vesting Conditions and performance criteria, if any, as are applicable to the Award.

11.6 Effect of Termination of Service. Each Award Agreement evidencing a Cash-Based Award or Other Stock-Based Award shall set forth the extent to which the Participant shall have the right to retain such Award following termination of the Participant's Service. Such provisions shall be determined in the discretion of the Committee, need not be uniform among all Cash-Based Awards or Other Stock-Based Awards, and may reflect distinctions based on the reasons for termination, subject to the requirements of Section 409A, if applicable.

11.7 Nontransferability of Cash-Based Awards and Other Stock-Based Awards. Prior to the payment or settlement of a Cash-Based Award or Other Stock-Based Award, the Award shall not be subject in any manner to anticipation, alienation, sale, exchange, transfer, assignment, pledge, encumbrance, or garnishment by creditors of the Participant or the Participant's beneficiary, except transfer by will or by the laws of descent and distribution. The Committee may impose such additional restrictions on any shares of Stock issued in settlement of Cash-Based Awards and Other Stock-Based Awards as it may deem advisable, including, without limitation, minimum holding period requirements, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such shares of Stock are then listed and/or traded, or under any state securities laws or foreign law applicable to such shares of Stock.

12 STANDARD FORMS OF AWARD AGREEMENT.

12.1 **Award Agreements.** Each Award shall comply with and be subject to the terms and conditions set forth in the appropriate form of Award Agreement approved by the Committee and as amended from time to time. No Award or purported Award shall be a valid and binding obligation of the Company unless evidenced by a Company-executed Award Agreement, which execution may be evidenced by electronic means.

12.2 **Authority to Vary Terms.** The Committee shall have the authority from time to time to vary the terms of any standard form of Award Agreement either in connection with the grant or amendment of an individual Award or in connection with the authorization of a new standard form or forms; provided, however, that the terms and conditions of any such new, revised or amended standard form or forms of Award Agreement are not inconsistent with the terms of the Plan.

13 CHANGE IN CONTROL.

13.1 **Effect of Change in Control on Awards.** In the event of a Change in Control, outstanding Awards shall be subject to the definitive agreement entered into by the Company in connection with the Change in Control. Subject to the requirements and limitations of Section 409A, if applicable, the following provisions will apply to Awards in the event of a Change in Control unless otherwise provided in the Award Agreement or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Committee at the time of grant of an Award. In the event of a Change in Control, then, notwithstanding any other provision of the Plan, the Committee may take one or more of the following actions with respect to Awards, contingent upon the closing or completion of the Change in Control. The Committee need not take the same action or actions with respect to all Awards or portions thereof or with respect to all Participants and in each case may make such determination in its discretion and without the consent of any Participant (unless otherwise provided in the Award Agreement or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Committee at the time of grant of an Award).

(a) **Accelerated Vesting.** The Committee may take such action as it deems appropriate to provide for acceleration of the exercisability, vesting and/or settlement in connection with a Change in Control of each or any outstanding Award or portion thereof and shares acquired pursuant thereto upon such conditions, including termination of the Participant's Service prior to, upon, or following the Change in Control, and to such extent as the Committee determines.

(b) **Assumption, Continuation or Substitution.** The Committee may arrange for the surviving, continuing, successor, or purchasing corporation or other business entity or parent thereof, as the case may be (the "**Acquiror**") to assume or continue the Company's rights and obligations under each or any Award or portion thereof outstanding immediately prior to the Change in Control or substitute for each or any such outstanding Award or portion thereof a substantially equivalent award with respect to the Acquiror's stock, as applicable, with appropriate adjustments in accordance with Section 4.3. For purposes of this Section, if so determined by the Committee in its discretion, an Award denominated in shares of Stock shall be deemed assumed if, following the Change in Control, the Award confers the right to receive, subject to the terms and conditions of the Plan and the applicable Award Agreement, for each share of Stock subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, other securities or property or a combination thereof) to which a holder of a share of Stock on the effective date of the Change in Control was entitled (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Stock); provided, however, that if such consideration is not solely common stock of the Acquiror, the Committee may provide for the consideration to be received upon the exercise or settlement of the Award, for each share of Stock subject to the Award, to consist solely of common stock of the Acquiror equal in Fair Market Value to the per share consideration received by holders of Stock pursuant to the Change in Control. Any Award or portion thereof which is not assumed, continued or substituted by the Acquiror in connection with the

Change in Control nor exercised or settled prior to the time of consummation of the Change in Control shall terminate and cease to be outstanding effective as of the time of consummation of the Change in Control.

(c) **Assignment or Lapse of Reacquisition or Repurchase Rights.** The Committee may arrange for the assignment of any reacquisition or repurchase rights held by the Company in respect of Stock issued pursuant to the Award to the Acquiror or arrange for the lapse, in whole or in part, of any reacquisition or repurchase rights held by the Company with respect to the Award.

(d) **Cancellation.** In its discretion, the Committee may cancel or arrange for the cancellation of the Award, to the extent not vested or not exercised prior to the effective time of the Change in Control, in exchange for no consideration (\$0) or such consideration, if any, as determined by the Committee.

(e) **Cash-Out of Outstanding Stock-Based Awards.** The Committee may determine that, upon the occurrence of a Change in Control, each or any Award denominated in shares of Stock or portion thereof outstanding immediately prior to the Change in Control and not previously exercised or settled shall be canceled in exchange for a payment with respect to each vested share (and each unvested share, if so determined by the Committee) of Stock subject to such canceled Award in (i) cash, (ii) stock of the Company or of a corporation or other business entity a party to the Change in Control, or (iii) other property which, in any such case, shall be in an amount having a Fair Market Value equal to the Fair Market Value of the consideration to be paid per share of Stock in the Change in Control, reduced (but not below zero) by the exercise or purchase price per share, if any, under such Award. In the event such determination is made by the Committee, an Award having an exercise or purchase price per share equal to or greater than the Fair Market Value of the consideration to be paid per share of Stock in the Change in Control may be canceled without notice or payment of consideration to the holder thereof. Payment pursuant to this Section (reduced by applicable withholding taxes, if any) shall be made to Participants in respect of the vested portions of their canceled Awards as soon as practicable following the date of the Change in Control and in respect of the unvested portions of their canceled Awards in accordance with the vesting schedules applicable to such Awards or, if determined by the Committee and in compliance with Section 409A, as soon as practicable following the date of the Change in Control.

(f) **Adjustments and Earnouts.** In making any determination pursuant to this Section 13.1 in the event of a Change in Control, the Committee may, in its discretion, determine that an Award shall or shall not be subject to the same post-closing purchase price adjustments, escrow terms, offset rights, holdback terms, earnouts and similar conditions as the other holders of the Company's Stock, subject to any limitations or reductions as may be necessary to comply with Section 409A or Section 424 of the Code.

13.2 Effect of Change in Control on Nonemployee Director Awards. Subject to the requirements and limitations of Section 409A, if applicable, including as provided by Section 15.4(f), in the event of a Change in Control, each outstanding Nonemployee Director Award shall become immediately exercisable and vested in full effective immediately prior to and contingent upon the Change in Control and, except to the extent assumed, continued or substituted for pursuant to Section 13.1(b) or otherwise restricted by Section 409A, shall be settled effective immediately prior to the time of consummation of the Change in Control if not exercised or settled prior to the Change in Control.

13.3 Federal Excise Tax Under Section 4999 of the Code.

(a) **Excess Parachute Payment.** If any acceleration of vesting pursuant to an Award and any other payment or benefit received or to be received by a Participant would subject the Participant to any excise tax pursuant to Section 4999 of the Code due to the characterization of such acceleration of vesting, payment or benefit as an "excess parachute payment" under Section 280G of the Code, then, provided such election would not subject the Participant to taxation under Section 409A, the Participant may elect to reduce the amount of any acceleration of vesting called for under the Award in order to avoid such characterization.

(b) **Determination by Tax Firm.** To aid the Participant in making any election called for under Section 13.3(a), no later than the date of the occurrence of any event that might reasonably be anticipated to result in an "excess parachute payment" to the Participant as described in Section 13.3(a), the Company shall request a determination in writing by the professional firm engaged by the Company for general tax purposes, or, if the tax firm so engaged by the Company is serving as accountant or auditor for the Acquiror, the Company will appoint a nationally recognized tax firm to make the determinations required by this Section (the "**Tax Firm**"). As soon as practicable thereafter, the Tax Firm shall determine and report to the Company and the Participant the amount of such acceleration of vesting, payments and benefits which would produce the greatest after-tax benefit to the Participant. For the purposes of such determination, the Tax Firm may rely on reasonable, good faith interpretations concerning the application of Sections 280G and 4999 of the Code. The Company and the Participant shall furnish to the Tax Firm such information and documents as the Tax Firm may reasonably request in order to make its required determination. The Company shall bear all fees and expenses the Tax Firm charges in connection with its services contemplated by this Section.

14 COMPLIANCE WITH SECURITIES LAW.

The grant of Awards and the issuance of shares of Stock pursuant to any Award shall be subject to compliance with all applicable requirements of federal, state and foreign law with respect to such securities and the requirements of any stock exchange or market system upon which the Stock may then be listed. In addition, no Award may be exercised or shares issued pursuant to an Award unless (a) a registration statement under the Securities Act shall at the time of such exercise or issuance be in effect with respect to the shares issuable pursuant to the Award, or (b) in the opinion of legal counsel to the Company, the shares issuable pursuant to the Award may be issued in accordance with the terms of an applicable exemption from the registration requirements of the Securities Act. The inability of the Company to obtain from any regulatory body having jurisdiction the authority, if any, deemed by the Company's legal counsel to be necessary to the lawful issuance and sale of any shares under the Plan shall relieve the Company of any liability in respect of the failure to issue or sell such shares as to which such requisite authority shall not have been obtained. As a condition to issuance of any Stock, the Company may require the Participant to satisfy any qualifications that may be necessary or appropriate, to evidence compliance with any applicable law or regulation and to make any representation or warranty with respect thereto as may be requested by the Company.

15 COMPLIANCE WITH SECTION 409A.

15.1 **Awards Subject to Section 409A.** The Company intends that Awards granted pursuant to the Plan shall either be exempt from or comply with Section 409A, and the Plan shall be so construed. The provisions of this Section 15 shall apply to any Award or portion thereof that constitutes or provides for payment of Section 409A Deferred Compensation. Such Awards may include, without limitation:

- (a) A Nonstatutory Stock Option or SAR that includes any feature for the deferral of compensation other than the deferral of recognition of income until the later of (i) the exercise or disposition of the Award or (ii) the time the stock acquired pursuant to the exercise of the Award first becomes substantially vested.
- (b) Any Restricted Stock Unit Award, Performance Award, Cash-Based Award or Other Stock-Based Award that either (i) provides by its terms for settlement of all or any portion of the Award at a time or upon an event that will or may occur later than the end of the Short-Term Deferral Period (as defined below) or (ii) permits the Participant granted the Award to elect one or more dates or events upon which the Award will be settled after the end of the Short-Term Deferral Period.

Subject to the provisions of Section 409A, the term "**Short-Term Deferral Period**" means the 2 1/2 month period ending on the later of (i) the 15th day of the third month following the end of the Participant's taxable year in which the right to payment under the applicable portion of the Award is no longer subject to a substantial

risk of forfeiture or (ii) the 15th day of the third month following the end of the Company's taxable year in which the right to payment under the applicable portion of the Award is no longer subject to a substantial risk of forfeiture. For this purpose, the term "substantial risk of forfeiture" shall have the meaning provided by Section 409A.

15.2 Deferral and/or Distribution Elections. Except as otherwise permitted or required by Section 409A and the Company, the following rules shall apply to any compensation deferral and/or payment elections (each, an "**Election**") that may be permitted or required by the Committee pursuant to an Award providing Section 409A Deferred Compensation:

- (a) Elections must be in writing and specify the amount of the payment in settlement of an Award being deferred, as well as the time and form of payment as permitted by this Plan.
- (b) Elections shall be made by the end of the Participant's taxable year prior to the year in which services commence for which an Award may be granted to the Participant.
- (c) Elections shall continue in effect until a written revocation or change in Election is received by the Company, except that a written revocation or change in Election must be received by the Company prior to the last day for making the Election determined in accordance with paragraph (b) above or as permitted by Section 15.3.

15.3 Subsequent Elections. Except as otherwise permitted or required by Section 409A, any Award providing Section 409A Deferred Compensation which permits a subsequent Election to delay the payment or change the form of payment in settlement of such Award shall comply with the following requirements:

- (a) No subsequent Election may take effect until at least twelve (12) months after the date on which the subsequent Election is made.
- (b) Each subsequent Election related to a payment in settlement of an Award not described in Section 15.4(a)(ii), 15.4(a)(iii) or 15.4(a)(vi) must result in a delay of the payment for a period of not less than five (5) years from the date on which such payment would otherwise have been made.
- (c) No subsequent Election related to a payment pursuant to Section 15.4(a)(vi) shall be made less than twelve (12) months before the date on which such payment would otherwise have been made.
- (d) Subsequent Elections shall continue in effect until a written revocation or change in the subsequent Election is received by the Company, except that a written revocation or change in a subsequent Election must be received by the Company prior to the last day for making the subsequent Election determined in accordance with the preceding paragraphs of this Section 15.3.

15.4 Payment of Section 409A Deferred Compensation.

(a) **Permissible Payments.** Except as otherwise permitted or required by Section 409A, an Award providing Section 409A Deferred Compensation must provide for payment in settlement of the Award only upon one or more of the following:

- (i) The Participant's "separation from service" (as defined by Section 409A);
- (ii) The Participant's becoming "disabled" (as defined by Section 409A);
- (iii) The Participant's death;
- (iv) A time or fixed schedule that is either (i) specified by the Committee upon the grant of an Award and set forth in the Award Agreement evidencing such Award or (ii) specified by the Participant in an Election complying with the requirements of Section 15.2 or 15.3, as applicable;
- (v) A change in the ownership or effective control of the Company or in the ownership of a substantial portion of the assets of the Company determined in accordance with Section 409A; or

(vi) The occurrence of an “unforeseeable emergency” (as defined by Section 409A).

(b) **Installment Payments.** It is the intent of this Plan that any right of a Participant to receive installment payments (within the meaning of Section 409A) shall, for all purposes of Section 409A, be treated as a right to a series of separate payments.

(c) **Required Delay in Payment to Specified Employee Pursuant to Separation from Service.** Notwithstanding any provision of the Plan or an Award Agreement to the contrary, except as otherwise permitted by Section 409A, no payment pursuant to Section 15.4(a)(i) in settlement of an Award providing for Section 409A Deferred Compensation may be made to a Participant who is a “specified employee” (as defined by Section 409A) as of the date of the Participant’s separation from service before the date (the “**Delayed Payment Date**”) that is six (6) months after the date of such Participant’s separation from service, or, if earlier, the date of the Participant’s death. All such amounts that would, but for this paragraph, become payable prior to the Delayed Payment Date shall be accumulated and paid on the Delayed Payment Date.

(d) **Payment Upon Disability.** All distributions of Section 409A Deferred Compensation payable pursuant to Section 15.4(a)(ii) by reason of a Participant becoming disabled shall be paid in a lump sum or in periodic installments as established by the Participant’s Election. If the Participant has made no Election with respect to distributions of Section 409A Deferred Compensation upon becoming disabled, all such distributions shall be paid in a lump sum or commence upon the determination that the Participant has become disabled.

(e) **Payment Upon Death.** If a Participant dies before complete distribution of amounts payable upon settlement of an Award subject to Section 409A, such undistributed amounts shall be distributed to his or her beneficiary under the distribution method for death established by the Participant’s Election upon receipt by the Committee of satisfactory notice and confirmation of the Participant’s death. If the Participant has made no Election with respect to distributions of Section 409A Deferred Compensation upon death, all such distributions shall be paid in a lump sum upon receipt by the Committee of satisfactory notice and confirmation of the Participant’s death.

(f) **Payment Upon Change in Control.** Notwithstanding any provision of the Plan or an Award Agreement to the contrary, to the extent that any amount constituting Section 409A Deferred Compensation would become payable under this Plan by reason of a Change in Control, such amount shall become payable only if the event constituting a Change in Control would also constitute a change in ownership or effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Section 409A. Any Award which constitutes Section 409A Deferred Compensation and which would vest and otherwise become payable upon a Change in Control as a result of the failure of the Acquiror to assume, continue or substitute for such Award in accordance with Section 13.1(b) shall vest to the extent provided by such Award but shall be converted automatically at the effective time of such Change in Control into a right to receive, in cash on the date or dates such award would have been settled in accordance with its then existing settlement schedule (or as required by Section 15.4(c)), an amount or amounts equal in the aggregate to the intrinsic value of the Award at the time of the Change in Control.

(g) **Payment Upon Unforeseeable Emergency.** The Committee shall have the authority to provide in the Award Agreement evidencing any Award providing for Section 409A Deferred Compensation for payment pursuant to Section 15.4(a)(vi) in settlement of all or a portion of such Award in the event that a Participant establishes, to the satisfaction of the Committee, the occurrence of an unforeseeable emergency. In such event, the amount(s) distributed with respect to such unforeseeable emergency cannot exceed the amounts reasonably necessary to satisfy the emergency need plus amounts necessary to pay taxes reasonably anticipated as a result of such distribution(s), after taking into account the extent to which such emergency need is or may be relieved through reimbursement or compensation by insurance or otherwise, by liquidation of the Participant’s assets (to the extent the liquidation of such assets would not itself cause severe financial hardship) or by cessation of deferrals under the Award. All distributions with

respect to an unforeseeable emergency shall be made in a lump sum upon the Committee's determination that an unforeseeable emergency has occurred. The Committee's decision with respect to whether an unforeseeable emergency has occurred and the manner in which, if at all, the payment in settlement of an Award shall be altered or modified, shall be final, conclusive, and not subject to approval or appeal.

(h) **Prohibition of Acceleration of Payments.** Notwithstanding any provision of the Plan or an Award Agreement to the contrary, this Plan does not permit the acceleration of the time or schedule of any payment under an Award providing Section 409A Deferred Compensation, except as permitted by Section 409A. The Company reserves the right in its discretion to accelerate the time or schedule of any payment under an Award providing Section 409A Deferred Compensation to the maximum extent permitted by Section 409A.

(i) **No Representation Regarding Section 409A Compliance.** Notwithstanding any other provision of the Plan, the Company makes no representation that Awards shall be exempt from or comply with Section 409A. No Participating Company shall be liable for any tax, penalty or interest imposed on a Participant by Section 409A.

16 TAX WITHHOLDING.

16.1 **Tax Withholding in General.** The Company shall have the right to deduct from any and all payments made under the Plan, or to require the Participant, through payroll withholding, cash payment or otherwise, to make adequate provision for, the federal, state, local and foreign taxes (including social insurance), if any, required by law to be withheld by any Participating Company with respect to an Award or the shares acquired pursuant thereto. The Company shall have no obligation to deliver shares of Stock, to release shares of Stock from an escrow established pursuant to an Award Agreement, or to make any payment in cash under the Plan until the Participating Company Group's tax withholding obligations have been satisfied by the Participant.

16.2 **Withholding in or Directed Sale of Shares.** The Company shall have the right, but not the obligation, to deduct from the shares of Stock issuable to a Participant upon the exercise or settlement of an Award, or to accept from the Participant the tender of, a number of whole shares of Stock having a Fair Market Value, as determined by the Company, equal to all or any part of the tax withholding obligations of any Participating Company. The Fair Market Value of any shares of Stock withheld or tendered to satisfy any such tax withholding obligations shall be determined by the Company in accordance with the Company's withholding procedures and after considering any accounting consequences or cost). The Company may require a Participant to direct a broker, upon the vesting, exercise or settlement of an Award, to sell a portion of the shares subject to the Award determined by the Company in its discretion to be sufficient to cover the tax withholding obligations of any Participating Company and to remit an amount equal to such tax withholding obligations to such Participating Company in cash.

17 AMENDMENT, SUSPENSION OR TERMINATION OF PLAN.

The Committee may amend, suspend or terminate the Plan at any time. However, without the approval of the Company's stockholders, there shall be (a) no increase in the maximum aggregate number of shares of Stock that may be issued under the Plan (except by operation of the provisions of Sections 4.2 and 4.3, (b) no change in the class of persons eligible to receive Incentive Stock Options, and (c) no other amendment of the Plan that would require approval of the Company's stockholders under any applicable law, regulation or rule, including the rules of any stock exchange or quotation system upon which the Stock may then be listed or quoted. No amendment, suspension or termination of the Plan shall affect any then outstanding Award unless expressly provided by the Committee. Except as provided by the next sentence, no amendment, suspension or termination of the Plan may have a materially adverse effect on any then outstanding Award without the consent of the Participant. Notwithstanding any other provision of the Plan or any Award Agreement to the contrary, the Committee may, in its sole and absolute discretion and without the consent of any Participant, amend the Plan or any Award Agreement, to take effect retroactively or otherwise, as it deems necessary or advisable for the

purpose of conforming the Plan or such Award Agreement to any present or future law, regulation or rule applicable to the Plan, including, but not limited to, Section 409A.

18 MISCELLANEOUS PROVISIONS.

18.1 **Repurchase Rights.** Shares issued under the Plan may be subject to one or more repurchase options, or other conditions and restrictions as determined by the Committee in its discretion at the time the Award is granted. The Company shall have the right to assign at any time any repurchase right it may have, whether or not such right is then exercisable, to one or more persons as may be selected by the Company. Upon request by the Company, each Participant shall execute any agreement evidencing such transfer restrictions prior to the receipt of shares of Stock hereunder and shall promptly present to the Company any and all certificates representing shares of Stock acquired hereunder for the placement on such certificates of appropriate legends evidencing any such transfer restrictions.

18.2 Forfeiture Events.

(a) The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of Service for Cause or any act by a Participant, whether before or after termination of Service, that would constitute Cause for termination of Service, or any accounting restatement due to material noncompliance of the Company with any financial reporting requirements of securities laws as a result of which, and to the extent that, such reduction, cancellation, forfeiture, or recoupment is required by applicable securities laws. In addition, to the extent that claw-back or similar provisions applicable to Awards are required by applicable law, listing standards and/or policies adopted by the Company, Awards granted under the Plan shall be subject to such provisions.

(b) If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, any Participant who knowingly or through gross negligence engaged in the misconduct, or who knowingly or through gross negligence failed to prevent the misconduct, and any Participant who is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 or other applicable law or listing requirements, shall reimburse the Company for (i) the amount of any payment in settlement of an Award received by such Participant during the twelve- (12-) month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever first occurred) of the financial document embodying such financial reporting requirement, and (ii) any profits realized by such Participant from the sale of securities of the Company during such twelve- (12-) month period. No recovery of compensation pursuant to the foregoing provisions will constitute an event giving rise to a Participant's right to voluntarily terminate employment upon a "resignation for good reason" or for a "constructive termination" or any similar term under any plan or agreement with the Company.

18.3 **Provision of Information.** Each Participant shall be given access to information concerning the Company equivalent to that information generally made available to the Company's common stockholders.

18.4 **Electronic Delivery and Participation.** Any reference herein or in an Award Agreement to a "written" agreement or document will include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access). By accepting any Award, the Participant consents to receive documents by electronic delivery and to participate in the Plan through any on-line electronic system established and maintained by the Plan Administrator or another third party selected by the Plan Administrator. The form of delivery of any Stock (e.g., a stock certificate or electronic entry evidencing such shares) shall be determined by the Company.

18.5 **Change in Time Commitment.** In the event a Participant's regular level of time commitment in the performance of his or her services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee or takes an extended leave of absence) after the date of grant of any Award to the Participant, the Board may determine, to the extent permitted by Applicable Law, to (i) make a corresponding reduction in the number of shares, amount of cash, or other property subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment, and (ii) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

18.6 **Rights as Employee, Consultant or Director.** No person, even though eligible pursuant to Section 5, shall have a right to be selected as a Participant, or, having been so selected, to be selected again as a Participant. Nothing in the Plan or any Award granted under the Plan shall confer on any Participant a right to remain an Employee, Consultant or Director or interfere with or limit in any way any right of a Participating Company to terminate the Participant's Service at any time. To the extent that an Employee of a Participating Company other than the Company receives an Award under the Plan, that Award shall in no event be understood or interpreted to mean that the Company is the Employee's employer or that the Employee has an employment relationship with the Company.

18.7 **Rights as a Stockholder.** A Participant shall have no rights as a stockholder with respect to any shares covered by an Award until the date of the issuance of such shares (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company). No adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date such shares are issued, except as provided in Section 4 or another provision of the Plan.

18.8 **Delivery of Title to Shares.** Subject to any governing rules or regulations, the Company shall issue or cause to be issued the shares of Stock acquired pursuant to an Award and shall deliver such shares to or for the benefit of the Participant by means of one or more of the following: (a) by delivering to the Participant evidence of book entry shares of Stock credited to the account of the Participant, (b) by depositing such shares of Stock for the benefit of the Participant with any broker with which the Participant has an account relationship, or (c) by delivering such shares of Stock to the Participant in certificate form.

18.9 **Fractional Shares.** The Company shall not be required to issue fractional shares upon the exercise or settlement of any Award.

18.10 **Provisions for Non-U.S. Participants.** The Committee may modify Awards granted to Participants who are foreign nationals or employed outside the United States or establish subplans or procedures under the Plan to address differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

18.11 **Lock-Up Period.** The Company may, at the request of any underwriter representative or otherwise, in connection with registering the offering of any Company securities under the Securities Act, prohibit Participants from, directly or indirectly, selling or otherwise transferring any share of Stock or other Company securities during a period of up to 180 days following the effective date of a Company registration statement filed under the Securities Act, or such longer period as determined by the underwriter.

18.12 **Data Privacy.** As a condition for receiving any Award, each Participant explicitly and unambiguously consents to the collection, use and transfer, in electronic or other form, of personal data as described in this section by and among the Company and its Subsidiaries and affiliates exclusively for implementing, administering and managing the Participant's participation in the Plan. The Company and its Subsidiaries and affiliates may hold certain personal information about a Participant, including the Participant's

name, address and telephone number; birthdate; social security, insurance number or other identification number; salary; nationality; job title(s); any shares of Stock held in the Company or its Subsidiaries and affiliates; and Award details, to implement, manage and administer the Plan and Awards (the “*Data*”). The Company and its Subsidiaries and affiliates may transfer the Data amongst themselves as necessary to implement, administer and manage a Participant’s participation in the Plan, and the Company and its Subsidiaries and affiliates may transfer the Data to third parties assisting the Company with Plan implementation, administration and management. These recipients may be located in the Participant’s country, or elsewhere, and the Participant’s country may have different data privacy laws and protections than the recipients’ country. By accepting an Award, each Participant authorizes such recipients to receive, possess, use, retain and transfer the Data, in electronic or other form, to implement, administer and manage the Participant’s participation in the Plan, including any required Data transfer to a broker or other third party with whom the Company or the Participant may elect to deposit any shares of Stock. The Data related to a Participant will be held only as long as necessary to implement, administer, and manage the Participant’s participation in the Plan. A Participant may, at any time, view the Data that the Company holds regarding such Participant, request additional information about the storage and processing of the Data regarding such Participant, recommend any necessary corrections to the Data regarding the Participant or refuse or withdraw the consents in this Section 18.12 in writing, without cost, by contacting the local human resources representative. If the Participant refuses or withdraws the consents in this Section 18.12, the Company may cancel Participant’s ability to participate in the Plan and, in the Administrator’s discretion, the Participant may forfeit any outstanding Awards. For more information on the consequences of refusing or withdrawing consent, Participants may contact their local human resources representative.

18.13 Retirement and Welfare Plans. Neither Awards made under this Plan nor shares of Stock or cash paid pursuant to such Awards may be included as “compensation” for purposes of computing the benefits payable to any Participant under any Participating Company’s retirement plans (both qualified and non-qualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant’s benefit. In addition, unless a written employment agreement or other service agreement specifically references Awards, a general reference to “benefits” or a similar term in such agreement shall not be deemed to refer to Awards granted hereunder.

18.14 Beneficiary Designation. Subject to local laws and procedures, each Participant may file with the Company a written designation of a beneficiary who is to receive any benefit under the Plan to which the Participant is entitled in the event of such Participant’s death before he or she receives any or all of such benefit. Each designation will revoke all prior designations by the same Participant, shall be in a form prescribed by the Company, and will be effective only when filed by the Participant in writing with the Company during the Participant’s lifetime. If a married Participant designates a beneficiary other than the Participant’s spouse, the effectiveness of such designation may be subject to the consent of the Participant’s spouse. If a Participant dies without an effective designation of a beneficiary who is living at the time of the Participant’s death, the Company will pay any remaining unpaid benefits to the Participant’s legal representative.

18.15 Severability. If any one or more of the provisions (or any part thereof) of this Plan shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan shall not in any way be affected or impaired thereby.

18.16 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (a) limit, impair, or otherwise affect the Company’s or another Participating Company’s right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or (b) limit the right or power of the Company or another Participating Company to take any action which such entity deems to be necessary or appropriate.

18.17 Unfunded Obligation. Participants shall have the status of general unsecured creditors of the Company. Any amounts payable to Participants pursuant to the Plan shall be considered unfunded and unsecured

obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974. No Participating Company shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Participant account shall not create or constitute a trust or fiduciary relationship between the Committee or any Participating Company and a Participant, or otherwise create any vested or beneficial interest in any Participant or the Participant's creditors in any assets of any Participating Company. The Participants shall have no claim against any Participating Company for any changes in the value of any assets which may be invested or reinvested by the Company with respect to the Plan.

18.18 **Choice of Law.** Except to the extent governed by applicable federal law, the validity, interpretation, construction and performance of the Plan and each Award Agreement shall be governed by the laws of the State of Delaware, without regard to its conflict of law rules.

OFFICES

Section 1.1. Registered Office. The registered office of the Corporation within the State of Delaware shall be located at either (a) the principal place of business of the Corporation in the State of Delaware or (b) the office of the corporation or individual acting as the Corporation's registered agent in Delaware.

Section 1.2. Additional Offices. The Corporation may, in addition to its registered office in the State of Delaware, have such other offices and places of business, both within and outside the State of Delaware, as the Board of Directors of the Corporation (the "**Board**") may from time to time determine or as the business and affairs of the Corporation may require.

ARTICLE II

STOCKHOLDERS MEETINGS

Section 2.1. Annual Meetings. The annual meeting of stockholders shall be held at such place, either within or without the State of Delaware and time and on such date as shall be determined by the Board and stated in the notice of the meeting, provided that the Board may in its sole discretion determine that the meeting shall not be held at any place, but may instead be held solely by means of remote communication pursuant to [Section 9.5\(a\)](#). At each annual meeting, the stockholders entitled to vote on such matters shall elect those directors of the Corporation to fill any term of a directorship that expires on the date of such annual meeting and may transact any other business as may properly be brought before the meeting.

Section 2.2. Special Meetings. Subject to the rights of the holders of any outstanding series of the preferred stock of the Corporation ("**Preferred Stock**"), and to the requirements of applicable law, special meetings of stockholders, for any purpose or purposes, may be called only by the Chairman of the Board, or the Board pursuant to a resolution adopted by a majority of the Board, and may not be called by any other person. Special meetings of stockholders shall be held at such place, either within or without the State of Delaware, and at such time and on such date as shall be determined by the Board and stated by the Board in the Corporation's notice of the meeting, provided that the Board may in its sole discretion determine that the meeting shall not be held at any place, but may instead be held solely by means of remote communication pursuant to [Section 9.5\(a\)](#). Any special meeting previously called may be cancelled upon the affirmative vote of a majority of the Whole Board (as defined below). The "**Whole Board**" consists of the total number of authorized directors, whether or not there are any vacancies in previously authorized directorships or unfilled newly created directorships.

Section 2.3. Notices. Written notice of each stockholders meeting stating the place, if any, date, and time of the meeting, and the means of remote communication, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such meeting and the record date for determining the stockholders entitled to vote at the meeting, if such date is different from the record date for determining stockholders entitled to notice of the meeting, shall be given in the manner permitted by [Section 9.3](#) to each stockholder entitled to vote thereat as of the record date for determining the stockholders entitled to notice of the meeting, by the

Corporation (and may not be given by any other person) not less than 10 nor more than 60 days before the date of the meeting unless otherwise required by the General Corporation Law of the State of Delaware (the “*DGCL*”). If said notice is for a stockholders meeting other than an annual meeting, it shall in addition state the purpose or purposes for which the meeting is called, which shall be determined by the Chairman of the Board or the Board in its sole discretion pursuant to a resolution adopted by a majority of the Whole Board, and the business transacted at such meeting shall be limited to the matters so stated by the Board in the Corporation’s notice of meeting (or any supplement thereto). Any meeting of stockholders as to which notice has been given may be postponed, and subject to [Section 2.2](#), any meeting of stockholders as to which notice has been given may be cancelled, by the Board upon public announcement (as defined in [Section 2.7\(c\)](#)) given before the date previously scheduled for such meeting.

Section 2.4. Quorum. Except as otherwise provided by applicable law, the Corporation’s Certificate of Incorporation, as the same may be amended or restated from time to time (the “*Certificate of Incorporation*”) or these Bylaws, the presence, in person or by proxy, at a stockholders meeting of the holders of shares of outstanding capital stock of the Corporation representing one-third of the voting power of all outstanding shares of capital stock of the Corporation entitled to vote at such meeting shall constitute a quorum for the transaction of business at such meeting, except that when specified business is to be voted on by a class or series of stock voting as a class, the holders of shares representing one-third of the voting power of the outstanding shares of such class or series shall constitute a quorum of such class or series for the transaction of such business. If a quorum shall not be present or represented by proxy at any meeting of the stockholders of the Corporation, the chairman of the meeting may adjourn the meeting from time to time in the manner provided in [Section 2.6](#) until a quorum shall attend. The stockholders present at a duly convened meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum. Shares of its own stock belonging to the Corporation or to another corporation, if one-third of the voting power of the shares entitled to vote in the election of directors of such other corporation is held, directly or indirectly, by the Corporation, shall neither be entitled to vote nor be counted for quorum purposes; provided, however, that the foregoing shall not limit the right of the Corporation or any such other corporation to vote shares held by it in a fiduciary capacity.

Section 2.5. Voting of Shares.

(a) Voting Lists. The Secretary of the Corporation (the “*Secretary*”) shall prepare, or shall cause the officer or agent who has charge of the stock ledger of the Corporation to prepare and make, at least 10 days before every meeting of stockholders, a complete list of the stockholders of record entitled to vote at such meeting; provided, however, that if the record date for determining the stockholders entitled to vote is less than 10 days before the meeting date, the list shall reflect the stockholders entitled to vote as of the 10th day before the meeting date, arranged in alphabetical order and showing the address and the number and class of shares registered in the name of each stockholder. Nothing contained in this [Section 2.5\(a\)](#) shall require the Corporation to include electronic mail addresses or other electronic contact information on such list. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours for a period of at least 10 days prior to the meeting: (i) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting, or (ii) during ordinary business hours, at the principal place of business of the Corporation. In the event that the Corporation determines to make the list available on an electronic network, the Corporation may take reasonable steps to ensure that such information is available only to stockholders of the Corporation. If the meeting is to be held at a place, then the list shall be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present. If a meeting of stockholders is to be held solely by means of remote communication as permitted by [Section 9.5\(a\)](#), the list shall be open to the examination of any stockholder during the whole time of the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of meeting. The stock ledger shall be the only evidence as to who are the stockholders entitled to examine the list required by this [Section 2.5\(a\)](#) or to vote in person or by proxy at any meeting of stockholders.

[Table of Contents](#)

(b) Manner of Voting. At any stockholders meeting, every stockholder entitled to vote may vote in person or by proxy. If authorized by the Board, the voting by stockholders or proxy holders at any meeting conducted by remote communication may be effected by a ballot submitted by electronic transmission (as defined in Section 9.3), provided that any such electronic transmission must either set forth or be submitted with information from which the Corporation can determine that the electronic transmission was authorized by the stockholder or proxy holder. The Board, in its discretion, or the chairman of the meeting of stockholders, in such person's discretion, may require that any votes cast at such meeting shall be cast by written ballot.

(c) Proxies. Each stockholder entitled to vote at a meeting of stockholders or to express consent or dissent to corporate action in writing without a meeting may authorize another person or persons to act for such stockholder by proxy, but no such proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period. Proxies need not be filed with the Secretary until the meeting is called to order, but shall be filed with the Secretary before being voted. Without limiting the manner in which a stockholder may authorize another person or persons to act for such stockholder as proxy, either of the following shall constitute a valid means by which a stockholder may grant such authority. No stockholder shall have cumulative voting rights.

(i) A stockholder may execute a writing authorizing another person or persons to act for such stockholder as proxy. Execution may be accomplished by the stockholder or such stockholder's authorized officer, director, employee or agent signing such writing or causing such person's signature to be affixed to such writing by any reasonable means, including, but not limited to, by facsimile signature.

(ii) A stockholder may authorize another person or persons to act for such stockholder as proxy by transmitting or authorizing the transmission of an electronic transmission to the person who will be the holder of the proxy or to a proxy solicitation firm, proxy support service organization or like agent duly authorized by the person who will be the holder of the proxy to receive such transmission, provided that any such electronic transmission must either set forth or be submitted with information from which it can be determined that the electronic transmission was authorized by the stockholder. Any copy, facsimile telecommunication or other reliable reproduction of the writing or transmission authorizing another person or persons to act as proxy for a stockholder may be substituted or used in lieu of the original writing or transmission for any and all purposes for which the original writing or transmission could be used; provided that such copy, facsimile telecommunication or other reproduction shall be a complete reproduction of the entire original writing or transmission.

(d) Required Vote. Subject to the rights of the holders of one or more series of Preferred Stock, voting separately by class or series, to elect directors pursuant to the terms of one or more series of Preferred Stock, at all meetings of stockholders at which a quorum is present, the election of directors shall be determined by a plurality of the votes cast by the stockholders present in person or represented by proxy at the meeting and entitled to vote thereon. All other matters presented to the stockholders at a meeting at which a quorum is present shall be determined by the vote of a majority of the votes cast by the stockholders present in person or represented by proxy at the meeting and entitled to vote thereon, unless the matter is one upon which, by applicable law, the Certificate of Incorporation, these Bylaws or applicable stock exchange rules, a different vote is required, in which case such provision shall govern and control the decision of such matter.

(e) Inspectors of Election. The Board may, and shall if required by law, in advance of any meeting of stockholders, designate one or more persons as inspectors of election, who may be employees of the Corporation or otherwise serve the Corporation in other capacities, to act at such meeting of stockholders or any adjournment thereof and to make a written report thereof. The Board may appoint one or more persons as alternate inspectors to replace any inspector who fails to act. If no inspectors of election or alternates are appointed by the Board, the chairman of the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before discharging his or her duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his or her ability. The inspectors shall ascertain and report the number of outstanding shares and the voting power of each; determine the number of shares present in person or represented by proxy at the meeting and the validity of proxies and ballots; count all votes and ballots and report the results;

determine and retain for a reasonable period a record of the disposition of any challenges made to any determination by the inspectors; and certify their determination of the number of shares represented at the meeting and their count of all votes and ballots. No person who is a candidate for an office at an election may serve as an inspector at such election. Each report of an inspector shall be in writing and signed by the inspector or by a majority of them if there is more than one inspector acting at such meeting. If there is more than one inspector, the report of a majority shall be the report of the inspectors.

Section 2.6. Adjournments. Any meeting of stockholders, annual or special, may be adjourned by the chairman of the meeting, from time to time, whether or not there is a quorum, to reconvene at the same or some other place. Notice need not be given of any such adjourned meeting if the date, time, and place, if any, thereof, and the means of remote communication, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken. At the adjourned meeting the stockholders, or the holders of any class or series of stock entitled to vote separately as a class, as the case may be, may transact any business that might have been transacted at the original meeting. If the adjournment is for more than 30 days, notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. If after the adjournment a new record date for stockholders entitled to vote is fixed for the adjourned meeting, the Board shall fix a new record date for notice of such adjourned meeting in accordance with [Section 9.2](#), and shall give notice of the adjourned meeting to each stockholder of record entitled to vote at such adjourned meeting as of the record date fixed for notice of such adjourned meeting.

Section 2.7. Advance Notice for Business.

(a) **Annual Meetings of Stockholders.** No business may be transacted at an annual meeting of stockholders, other than business that is either (i) specified in the Corporation's notice of meeting (or any supplement thereto) given by or at the direction of the Board, (ii) otherwise properly brought before the annual meeting by or at the direction of the Board or (iii) otherwise properly brought before the annual meeting by any stockholder of the Corporation (x) who is a stockholder of record entitled to vote at such annual meeting on the date of the giving of the notice provided for in this [Section 2.7\(a\)](#) and on the record date for the determination of stockholders entitled to vote at such annual meeting and (y) who complies with the notice procedures set forth in this [Section 2.7\(a\)](#). Notwithstanding anything in this [Section 2.7\(a\)](#) to the contrary, only persons nominated for election as a director to fill any term of a directorship that expires on the date of the annual meeting pursuant to [Section 3.2](#) will be considered for election at such meeting.

(i) In addition to any other applicable requirements, for business (other than nominations) to be properly brought before an annual meeting by a stockholder, such stockholder must have given timely notice thereof in proper written form to the Secretary, even if such matter is already the subject of any notice to the stockholders or public announcement from the Board, and such business must otherwise be a proper matter for stockholder action. Subject to [Section 2.7\(a\)\(iii\)](#), a stockholder's notice to the Secretary with respect to such business, to be timely, must be received by the Secretary at the principal executive offices of the Corporation not later than the close of business on the 90th day nor earlier than the opening of business on the 120th day before the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received not earlier than the opening of business on the 120th day before the meeting and not later than the later of (x) the close of business on the 90th day before the meeting or (y) the close of business on the 10th day following the day on which public announcement of the date of the annual meeting is first made by the Corporation. The public announcement of an adjournment or postponement of an annual meeting shall not commence a new time period (or extend any time period) for the giving of a stockholder's notice as described in this [Section 2.7\(a\)](#).

(ii) To be in proper written form, a stockholder's notice to the Secretary with respect to any business (other than nominations) must set forth as to each such matter such stockholder proposes to bring before the annual

meeting (A) a brief description of the business desired to be brought before the annual meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event such business includes a proposal to amend these Bylaws, the language of the proposed amendment) and the reasons for conducting such business at the annual meeting, (B) the name and record address of such stockholder and the name and address of the beneficial owner, if any, on whose behalf the proposal is made, (C) the class or series and number of shares of capital stock of the Corporation that are owned beneficially and of record by such stockholder and by the beneficial owner, if any, on whose behalf the proposal is made, and a representation that such stockholder will notify the Corporation in writing of the class and number of such shares owned of record and beneficially as of the record date for the meeting within five (5) business days after the record date for such meeting, (D) a description of all agreements, arrangements or understandings between or among such stockholder and the beneficial owner, if any, on whose behalf the proposal is made and any other person or persons (including their names) acting in concert with any of the foregoing in connection with the proposal of such business by such stockholder, and a representation that such stockholder will notify the Corporation in writing of any such agreement, arrangement or understanding in effect as of the record date for the meeting within five (5) business days after the record date for such meeting, (E) a description of all agreements, arrangements or understandings (including any derivative or short positions, profit interests, options, hedging transactions and borrowed or loaned shares) that has been entered into as of the date of such stockholder's notice by, or on behalf of, the stockholder or the beneficial owner, if any, on whose behalf the business proposal is being made and any other person or persons (including their names), the effect or intent of which is to mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of such person or any other person or persons (including their names) with respect to shares of stock of the Corporation, and a representation that such stockholder will notify the Corporation in writing of any such agreement, arrangement or understanding in effect as of the record date for the meeting within five (5) business days after the record date for such meeting, (F) any material interest of such stockholder and the beneficial owner, if any, on whose behalf the proposal of such business is made and any other person or persons (including their names) acting in concert with any of the foregoing, (G) the names and addresses of other stockholders (including beneficial and record owners) known by such stockholder to support the proposal, and to the extent known, the class and number of all shares of the Corporation's capital stock owned beneficially or of record by such other stockholders and (H) a representation that such stockholder is a holder of record of shares of the Corporation entitled to vote at the meeting and such stockholder (or a qualified representative of such stockholder) intends to appear in person or by proxy at the annual meeting to bring such business before the meeting.

(iii) The foregoing notice requirements of this [Section 2.7\(a\)](#) shall be deemed satisfied by a stockholder as to any proposal (other than nominations) if the stockholder has notified the Corporation of such stockholder's intention to present such proposal at an annual meeting in compliance with Rule 14a-8 (or any successor thereof) of the Securities Exchange Act of 1934, as amended (the "*Exchange Act*"), and such stockholder has complied with the requirements of such rule for inclusion of such proposal in a proxy statement prepared by the Corporation to solicit proxies for such annual meeting. No business shall be conducted at the annual meeting of stockholders except business brought before the annual meeting in accordance with the procedures set forth in this [Section 2.7\(a\)](#), provided, however, that once business has been properly brought before the annual meeting in accordance with such procedures, nothing in this [Section 2.7\(a\)](#) shall be deemed to preclude discussion by any stockholder of any such business. If the Board or the chairman of the annual meeting determines that any stockholder proposal was not made in accordance with the provisions of this [Section 2.7\(a\)](#) or that the information provided in a stockholder's notice does not satisfy the information requirements of this [Section 2.7\(a\)](#), such proposal shall not be presented for action at the annual meeting. Notwithstanding the foregoing provisions of this [Section 2.7\(a\)](#), if the stockholder (or a qualified representative of the stockholder) does not appear at the annual meeting of stockholders of the Corporation to present the proposed business, such proposed business shall not be transacted, notwithstanding that proxies in respect of such matter may have been received by the Corporation.

(iv) In addition to the provisions of this [Section 2.7\(a\)](#), a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth herein. Nothing in this [Section 2.7\(a\)](#) shall be deemed to affect any rights of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act.

(b) [Special Meetings of Stockholders](#). Only such business shall be conducted at a special meeting of stockholders as shall have been brought before the meeting pursuant to the Corporation's notice of meeting as determined by the Chairman of the Board or the majority of the Whole Board in its sole discretion as provided for in [Section 2.3](#). In addition to the foregoing, nominations of persons for election to the Board may be made at a special meeting of stockholders at which the Chairman of the Board or two-thirds of the Whole Board, in its sole discretion as provided for in [Section 2.3](#) has provided that directors are to be elected pursuant to the Corporation's notice of meeting only pursuant to [Section 3.2](#).

(c) [Public Announcement](#). For purposes of these Bylaws, "public announcement" shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Sections 13, 14 or 15(d) of the Exchange Act (or any successor thereto).

Section 2.8. Conduct of Meetings. The chairman of each annual and special meeting of stockholders shall be the Chairman of the Board or, in the absence (or inability or refusal to act) of the Chairman of the Board, a chairman as shall be appointed by a majority of the directors present at the meeting from the majority of the independent directors as determined by the listing standards of the Nasdaq Stock Exchange present at the meeting. The date and time of the opening and the closing of the polls for each matter upon which the stockholders will vote at a meeting shall be announced at the meeting by the chairman of the meeting. The Board may adopt such rules and regulations for the conduct of the meeting of stockholders as it shall deem appropriate. Except to the extent inconsistent with these Bylaws or such rules and regulations as adopted by the Board, the chairman of any meeting of stockholders shall have the right and authority to convene and to adjourn the meeting, to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chairman, are appropriate for the proper conduct of the meeting. Such rules, regulations or procedures, whether adopted by the Board or prescribed by the chairman of the meeting, may include, without limitation, the following: (a) the establishment of an agenda or order of business for the meeting; (b) rules and procedures for maintaining order at the meeting and the safety of those present; (c) limitations on attendance at or participation in the meeting to stockholders of record of the Corporation, their duly authorized and constituted proxies or such other persons as the chairman of the meeting shall determine; (d) restrictions on entry to the meeting after the time fixed for the commencement thereof; and (e) limitations on the time allotted to questions or comments by participants. Unless and to the extent determined by the Board or the chairman of the meeting, meetings of stockholders shall not be required to be held in accordance with the rules of parliamentary procedure. The secretary of each annual and special meeting of stockholders shall be the Secretary or, in the absence (or inability or refusal to act) of the Secretary, an Assistant Secretary so appointed to act by the chairman of the meeting. In the absence (or inability or refusal to act) of the Secretary and all Assistant Secretaries, the chairman of the meeting may appoint any person to act as secretary of the meeting.

Section 2.9. Consents in Lieu of Meeting. Any action required or permitted to be taken by the stockholders of the Corporation must be effected by a duly called annual or special meeting of such holders and may not be effected by written consent of the stockholders.

ARTICLE III

DIRECTORS

Section 3.1. Powers. The business and affairs of the Corporation shall be managed by or under the direction of the Board, which may exercise all such powers of the Corporation and do all such lawful acts and things as are

not by statute or by the Certificate of Incorporation or by these Bylaws required to be exercised or done by the stockholders. Directors need not be stockholders or residents of the State of Delaware.

Section 3.2. Advance Notice for Nomination of Directors.

(a) Only persons who are nominated in accordance with the following procedures shall be eligible for election as directors of the Corporation, except as may be otherwise provided by the terms of one or more series of Preferred Stock with respect to the rights of holders of one or more series of Preferred Stock to elect directors. Nominations of persons for election to the Board at any annual meeting of stockholders, or at any special meeting of stockholders called for the purpose of electing directors as set forth in the Corporation's notice of such special meeting as determined by the Chairman of the Board or two-thirds of the Whole Board, in its sole discretion as provided for in [Section 2.3](#), may be made (i) by or at the direction of the Board or (ii) by any stockholder of the Corporation (x) who is a stockholder of record entitled to vote in the election of directors on the date of the giving of the notice provided for in this [Section 3.2](#) and on the record date for the determination of stockholders entitled to vote at such meeting and (y) who complies with the notice procedures set forth in this [Section 3.2](#).

(b) In addition to any other applicable requirements, for a nomination to be made by a stockholder, such stockholder must have given timely notice thereof in proper written form to the Secretary. To be timely, a stockholder's notice to the Secretary must be received by the Secretary at the principal executive offices of the Corporation (i) in the case of an annual meeting, not later than the close of business on the 90th day nor earlier than the opening of business on the 120th day before the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received not earlier than the opening of business on the 120th day before the meeting and not later than the later of (x) the close of business on the 90th day before the meeting or (y) the close of business on the 10th day following the day on which public announcement of the date of the annual meeting was first made by the Corporation; and (ii) in the case of a special meeting of stockholders called for the purpose of electing directors, not later than the close of business on the 10th day following the day on which public announcement of the date of the special meeting is first made by the Corporation. In no event shall the public announcement of an adjournment or postponement of an annual meeting or special meeting commence a new time period (or extend any time period) for the giving of a stockholder's notice as described in this [Section 3.2](#).

(c) Notwithstanding anything in paragraph (b) to the contrary, in the event that the number of directors to be elected to the Board at an annual meeting is greater than the number of directors whose terms expire on the date of the annual meeting and there is no public announcement by the Corporation naming all of the nominees for the additional directors to be elected or specifying the size of the increased Board before the close of business on the 90th day prior to the anniversary date of the immediately preceding annual meeting of stockholders, a stockholder's notice required by this [Section 3.2](#) shall also be considered timely, but only with respect to nominees for the additional directorships created by such increase that are to be filled by election at such annual meeting, if it shall be received by the Secretary at the principal executive offices of the Corporation not later than the close of business on the 10th day following the date on which such public announcement was first made by the Corporation.

(d) To be in proper written form, a stockholder's notice to the Secretary must set forth (i) as to each person whom the stockholder proposes to nominate for election as a director (A) the name, age, business address and residence address of the proposed nominee, (B) the principal occupation or employment of the proposed nominee, (C) the class or series and number of shares of capital stock of the Corporation that are owned beneficially or of record by the proposed nominee, (D) a written questionnaire with respect to the background and qualification of such proposed nominee, completed and executed by such proposed nominee, in the form to be provided by the Secretary upon written request of any stockholder of record within 10 days of such request, and a written statement and agreement executed by each such proposed nominee acknowledging that such person: (x) consents

to being named in the proxy statement as a nominee and to serving as a director if elected, (y) intends to serve as a director for the full term for which such person is standing for election and (z) makes the following representations: (1) that the proposed nominee has read and agrees to adhere to the Corporation's Corporate Governance Guidelines, Code of Business Conduct and Ethics, any other of the Corporation's policies or guidelines applicable to directors, including with regard to (A) reporting related party transactions for approval pursuant to the Board's Audit Committee Charter and (B) securities trading, and (2) that the proposed nominee is not and will not become a party to any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how such person, if elected as a director of the Corporation, will act or vote on any nomination or other business proposal, issue or question (a "**Voting Commitment**") that has not been disclosed to the Corporation or any Voting Commitment that could limit or interfere with such person's ability to comply, if elected as a director of the Corporation, with such person's fiduciary duties under applicable law, and (3) that the proposed nominee is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than the Corporation with respect to any direct or indirect compensation, reimbursement or indemnification ("**Compensation Arrangement**") that has not been disclosed to the Corporation in connection with such person's nomination for director or service as a director and (E) any other information relating to the proposed nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors in an election contest (even if an election contest is not involved) or that is otherwise required to be disclosed pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder; and (ii) as to the stockholder giving the notice (A) the name and record address of such stockholder as they appear on the Corporation's books and the name and address of the beneficial owner, if any, on whose behalf the nomination is made, (B) the class or series and number of shares of capital stock of the Corporation that are owned beneficially and of record by such stockholder and the beneficial owner, if any, on whose behalf the nomination is made, and a representation that such stockholder will notify the Corporation in writing of the class and number of such shares owned of record and beneficially as of the record date for the meeting within five (5) business days after the record date for such meeting, (C) a description of all agreements, arrangements or understandings relating to the nomination to be made by such stockholder among such stockholder, the beneficial owner, if any, on whose behalf the nomination is made, each proposed nominee and any other person or persons (including their names) acting in concert with any of the foregoing, and a representation that such stockholder will notify the Corporation in writing of any such agreement, arrangement or understanding in effect as of the record date for the meeting within five (5) business days after the record date for such meeting, (D) a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, hedging transactions and borrowed or loaned shares) that has been entered into as of the date of such stockholder's notice by, or on behalf of, the stockholder or the beneficial owner, if any, on whose behalf the nomination is being made and any other person or persons (including their names), the effect or intent of which is to mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of such person or any other person or persons (including their names) with respect to shares of stock of the Corporation, and a representation that such stockholder will notify the Corporation in writing of any such agreement, arrangement or understanding in effect as of the record date for the meeting within five (5) business days after the record date for such meeting, (E) a representation whether such stockholder intends to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Corporation's outstanding capital stock required to approve the nomination and/or otherwise to solicit proxies from stockholders in support of the nomination, (F) the names and addresses of other stockholders (including beneficial and record owners) known by such stockholder to support the nomination, and to the extent known, the class and number of all shares of the Corporation's capital stock owned beneficially or of record by such other stockholders, (G) a representation that such stockholder is a holder of record of shares of the Corporation entitled to vote at the meeting and such stockholder (or a qualified representative of such stockholder) intends to appear in person or by proxy at the meeting to nominate the persons named in its notice and (H) any other information relating to such stockholder and the beneficial owner, if any, on whose behalf the nomination is made that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder. The Corporation may require any proposed nominee to furnish such other information as it may

reasonably require to determine the eligibility of such proposed nominee to serve as an independent director of the Corporation or that could be material to a reasonable stockholder's understanding of the independence, or lack thereof, of such proposed nominee, including any relationships, whether of a personal or business nature, with any of the officers or directors of the Corporation or its subsidiaries that such proposed nominee has or is planning to have.

(e) If a majority of the Board or the chairman of the meeting of stockholders determines that any nomination was not made in accordance with the provisions of this [Section 3.2](#), or that the information provided in a stockholder's notice does not satisfy the information requirements of this [Section 3.2](#), then such nomination shall not be considered at the meeting in question. Notwithstanding the foregoing provisions of this [Section 3.2](#), if the stockholder (or a qualified representative of the stockholder) does not appear at the meeting of stockholders of the Corporation to present the nomination, such nomination shall be disregarded, notwithstanding that proxies in respect of such nomination may have been received by the Corporation.

(f) In addition to the provisions of this [Section 3.2](#), a stockholder shall also comply with all of the applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth herein. Nothing in this [Section 3.2](#) shall be deemed to affect any rights of the holders of Preferred Stock to elect directors pursuant to the Certificate of Incorporation.

Section 3.3. Compensation. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, the Board shall have the authority to fix the compensation of directors. The directors may be reimbursed their expenses, if any, of attendance at each meeting of the Board, including for service on a committee of the Board, and may be paid either a fixed sum for attendance at each meeting of the Board or other compensation as director. No such payment shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor. Members of committees of the Board may be allowed like compensation and reimbursement of expenses for service on the committee.

ARTICLE IV

BOARD MEETINGS

Section 4.1. Annual Meetings. The Board shall meet as soon as practicable after the adjournment of each annual stockholders meeting at the place of the annual stockholders meeting unless the Board shall fix another time and place and give notice thereof in the manner required herein for special meetings of the Board. No notice to the directors shall be necessary to legally convene this meeting, except as provided in this [Section 4.1](#).

Section 4.2. Regular Meetings. Regularly scheduled, periodic meetings of the Board may be held without notice at such times, dates and places (within or without the State of Delaware) as shall from time to time be determined by the Board.

Section 4.3. Special Meetings. Special meetings of the Board (a) may be called by the Chairman of the Board and (b) shall be called by any director on the written request of at least a majority of the Whole Board, or the sole director, as the case may be, and shall be held at such time, date and place (within or without the State of Delaware) as may be determined by the person calling the meeting or, if called upon the request of directors or the sole director, as specified in such written request. Notice of each special meeting of the Board shall be given, as provided in [Section 9.3](#), to each director (i) at least 24 hours before the meeting if such notice is oral notice given personally or by telephone or written notice given by hand delivery or by means of a form of electronic transmission and delivery; (ii) at least two days before the meeting if such notice is sent by a nationally recognized overnight delivery service; and (iii) at least five days before the meeting if such notice is sent through the United States mail. If the Secretary shall fail or refuse to give such notice, then the notice may be given by the officer who called the meeting or the directors who requested the meeting. Any and all business that may be

transacted at a regular meeting of the Board may be transacted at a special meeting. Except as may be otherwise expressly provided by applicable law, the Certificate of Incorporation, or these Bylaws, neither the business to be transacted at, nor the purpose of, any special meeting need be specified in the notice or waiver of notice of such meeting. A special meeting may be held at any time without notice if all the directors are present or if those not present waive notice of the meeting in accordance with [Section 9.4](#).

Section 4.4. Quorum; Required Vote. A majority of the Board shall constitute a quorum for the transaction of business at any meeting of the Board, and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the Board, except as may be otherwise specifically provided by applicable law, the Certificate of Incorporation or these Bylaws. If a quorum shall not be present at any meeting, a majority of the directors present may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum is present.

Section 4.5. Consent In Lieu of Meeting Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board or any committee thereof may be taken without a meeting if all members of the Board or committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions (or paper reproductions thereof) are filed with the minutes of proceedings of the Board or committee. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

Section 4.6. Organization. The chairman of each meeting of the Board shall be the Chairman of the Board or, in the absence (or inability or refusal to act) of the Chairman of the Board, a chairman elected by a majority of the directors present at the meeting from the majority of the independent directors as determined by the listing standards of the Nasdaq Stock Exchange present at the meeting. The Secretary shall act as secretary of all meetings of the Board. In the absence (or inability or refusal to act) of the Secretary, an Assistant Secretary shall perform the duties of the Secretary at such meeting. In the absence (or inability or refusal to act) of the Secretary and all Assistant Secretaries, the chairman of the meeting may appoint any person to act as secretary of the meeting.

ARTICLE V

COMMITTEES OF DIRECTORS

Section 5.1. Establishment. The Board may by resolution passed by a majority of the Board designate one or more committees (including special or select committees), each committee to consist of one or more of the directors of the Corporation. Each committee shall keep regular minutes of its meetings and report the same to the Board when required. The Board shall have the power at any time to fill vacancies in, to change the membership of, or to dissolve any such committee.

Section 5.2. Available Powers. Any committee established pursuant to [Section 5.1](#) hereof, to the extent permitted by applicable law and by resolution of the Board, shall have and may exercise all of the powers and authority of the Board in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers that may require it.

Section 5.3. Alternate Members. The Board may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of such committee. In the absence or disqualification of a member of the committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he, she or they constitute a quorum, may unanimously appoint another member of the Board to act at the meeting in place of any such absent or disqualified member.

Section 5.4. Procedures. Unless the Board otherwise provides, the time, date, place, if any, and notice of meetings of a committee shall be determined by such committee. At meetings of a committee, a majority of the number of members of the committee (but not including any alternate member, unless such alternate member has replaced any absent or disqualified member at the time of, or in connection with, such meeting) shall constitute a quorum for the transaction of business. The act of a majority of the members present at any meeting at which a quorum is present shall be the act of the committee, except as otherwise specifically provided by applicable law, the Certificate of Incorporation, these Bylaws or the Board. If a quorum is not present at a meeting of a committee, the members present may adjourn the meeting from time to time, without notice other than an announcement at the meeting, until a quorum is present.

Unless the Board otherwise provides and except as provided in these Bylaws, each committee designated by the Board may make, alter, amend and repeal rules for the conduct of its business. In the absence of such rules each committee shall conduct its business in the same manner as the Board is authorized to conduct its business pursuant to [Article III](#) and [Article IV](#) of these Bylaws.

ARTICLE VI

OFFICERS

Section 6.1. Officers. The officers of the Corporation elected by the Board shall be a Chairman of the Board, a Chief Executive Officer, a President, a Chief Financial Officer, a Secretary and such other officers (including without limitation, Vice Presidents, Assistant Secretaries and a Treasurer) as the Board from time to time may determine. Officers elected by the Board shall each have such powers and duties as generally pertain to their respective offices, subject to the specific provisions of this [Article VI](#). Such officers shall also have such powers and duties as from time to time may be conferred by the Board. The Chief Executive Officer or President may also appoint such other officers (including without limitation one or more Vice Presidents and Controllers) as may be necessary or desirable for the conduct of the business of the Corporation, so long as such officers would not constitute executive officers under the U.S. securities laws. The position of Chairman of the Board and Chief Executive Officer may not be held by the same person.

(b) **Chief Executive Officer.** The Chief Executive Officer shall be the chief executive officer of the Corporation, shall have general supervision of the affairs of the Corporation and general control of all of its business subject to the ultimate authority of the Board, and shall be responsible for the execution of the policies of the Board with respect to such matters, except to the extent any such powers and duties have been prescribed to the Chairman of the Board pursuant to [Section 6.1\(a\)](#) above. (d) Vice Presidents. In the absence (or inability or refusal to act) of the President, the Vice President (or in the event there be more than one Vice President, the Vice Presidents in the order designated by the Board) shall perform the duties and have the powers of the President. Any one or more of the Vice Presidents may be given an additional designation of rank or function.

(e) Secretary.

(i) The Secretary shall attend all meetings of the stockholders, the Board and (as required) committees of the Board and shall record the proceedings of such meetings in books to be kept for that purpose. The Secretary shall give, or cause to be given, notice of all meetings of the stockholders and special meetings of the Board and shall perform such other duties as may be prescribed by the Board, the Chairman of the Board, Chief Executive Officer or President. The Secretary shall have custody of the corporate seal of the Corporation and the Secretary, or any Assistant Secretary, shall have authority to affix the same to any instrument requiring it, and when so affixed, it may be attested by his or her signature or by the signature of such Assistant Secretary. The Board may give general authority to any other officer to affix the seal of the Corporation and to attest the affixing thereof by his or her signature.

(ii) The Secretary shall keep, or cause to be kept, at the principal executive office of the Corporation or at the office of the Corporation's transfer agent or registrar, if one has been appointed, a stock ledger, or duplicate stock ledger, showing the names of the stockholders and their addresses, the number and classes of shares held by each and, with respect to certificated shares, the number and date of certificates issued for the same and the number and date of certificates cancelled.

(f) Assistant Secretaries. The Assistant Secretary or, if there be more than one, the Assistant Secretaries in the order determined by the Board shall, in the absence (or inability or refusal to act) of the Secretary, perform the duties and have the powers of the Secretary.

(g) Chief Financial Officer. The Chief Financial Officer shall perform all duties commonly incident to that office (including, without limitation, the care and custody of the funds and securities of the Corporation, which from time to time may come into the Chief Financial Officer's hands and the deposit of the funds of the Corporation in such banks or trust companies as the Board, the Chief Executive Officer or the President may authorize).

(h) Treasurer. The Treasurer shall be elected by two-thirds of the Board members, and shall, in the absence (or inability or refusal to act) of the Chief Financial Officer, perform the duties and exercise the powers of the Chief Financial Officer.

Section 6.2. Term of Office; Removal; Vacancies. The elected officers of the Corporation shall be appointed by the Board and shall hold office until their successors are duly elected and qualified by the Board or until their earlier death, resignation, retirement, disqualification, or removal from office. Any officer may be removed, with or without cause, at any time by the Board. Any officer appointed by the Chief Executive Officer or President may also be removed, with or without cause, by the Chief Executive Officer or President, as the case may be, unless the Board otherwise provides. Any vacancy occurring in any elected office of the Corporation may be filled by the Board. Any vacancy occurring in any office appointed by the Chief Executive Officer or President may be filled by the Chief Executive Officer, or President, as the case may be, unless the Board then determines that such office shall thereupon be elected by the Board, in which case the Board shall elect such officer.

Section 6.3. Other Officers. The Board may delegate the power to appoint such other officers and agents, and may also remove such officers and agents or delegate the power to remove same, as it shall from time to time deem necessary or desirable.

Section 6.4. Multiple Officeholders; Stockholder and Director Officers. Any number of offices may be held by the same person unless the Certificate of Incorporation or these Bylaws otherwise provide. Officers need not be stockholders or residents of the State of Delaware.

ARTICLE VII

SHARES

Section 7.1. Certificated and Uncertificated Shares. The shares of the Corporation may be certificated or uncertificated, subject to the sole discretion of the Board and the requirements of the DGCL.

Section 7.2. Multiple Classes of Stock. If the Corporation shall be authorized to issue more than one class of stock or more than one series of any class, the Corporation shall (a) cause the powers, designations, preferences and relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights to be set forth in full or summarized on the face or back of any certificate that the Corporation issues to represent shares of such class or series of stock or (b) in the case of uncertificated shares, within a reasonable time after the issuance or transfer of such shares, send to the registered owner thereof a written notice containing the information required to be set forth on certificates as specified in clause (a) above; provided, however, that, except as otherwise provided by applicable law, in lieu of the foregoing requirements, there may be set forth on the face or back of such certificate or, in the case of uncertificated shares, on such written notice a statement that the Corporation will furnish without charge to each stockholder who so requests the powers, designations, preferences and relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences or rights.

Section 7.3. Signatures. Each certificate representing capital stock of the Corporation shall be signed by or in the name of the Corporation by (a) the Chairman of the Board, Chief Executive Officer, the President or a Vice President and (b) the Treasurer, an Assistant Treasurer, the Secretary or an Assistant Secretary of the Corporation. Any or all the signatures on the certificate may be a facsimile. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, such certificate may be issued by the Corporation with the same effect as if such person were such officer, transfer agent or registrar on the date of issue.

Section 7.4. Consideration and Payment for Shares.

(a) Subject to applicable law and the Certificate of Incorporation, shares of stock may be issued for such consideration, having in the case of shares with par value a value not less than the par value thereof, and to such persons, as determined from time to time by the Board. The consideration may consist of any tangible or intangible property or any benefit to the Corporation including cash, promissory notes, services performed, contracts for services to be performed or other securities, or any combination thereof.

(b) Subject to applicable law and the Certificate of Incorporation, shares may not be issued until the full amount of the consideration has been paid, unless upon the face or back of each certificate issued to represent any partly paid shares of capital stock or upon the books and records of the Corporation in the case of partly paid uncertificated shares, there shall have been set forth the total amount of the consideration to be paid therefor and the amount paid thereon up to and including the time said certificate representing certificated shares or said uncertificated shares are issued.

Section 7.5. Lost, Destroyed or Wrongfully Taken Certificates

(a) If an owner of a certificate representing shares claims that such certificate has been lost, destroyed or wrongfully taken, the Corporation shall issue a new certificate representing such shares or such shares in uncertificated form if the owner: (i) requests such a new certificate before the Corporation has notice that the certificate representing such shares has been acquired by a protected purchaser; (ii) if requested by the Corporation, delivers to the Corporation a bond sufficient to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, wrongful taking or destruction of such certificate or the issuance of such new certificate or uncertificated shares; and (iii) satisfies other reasonable requirements imposed by the Corporation.

(b) If a certificate representing shares has been lost, apparently destroyed or wrongfully taken, and the owner fails to notify the Corporation of that fact within a reasonable time after the owner has notice of such loss, apparent destruction or wrongful taking and the Corporation registers a transfer of such shares before receiving notification, the owner shall be precluded from asserting against the Corporation any claim for registering such transfer or a claim to a new certificate representing such shares or such shares in uncertificated form.

Section 7.6. Transfer of Stock.

(a) If a certificate representing shares of the Corporation is presented to the Corporation with an endorsement requesting the registration of transfer of such shares or an instruction is presented to the Corporation requesting the registration of transfer of uncertificated shares, the Corporation shall register the transfer as requested if:

- (i) in the case of certificated shares, the certificate representing such shares has been surrendered;
- (ii)(A) with respect to certificated shares, the endorsement is made by the person specified by the certificate as entitled to such shares; (B) with respect to uncertificated shares, an instruction is made by the registered owner of such uncertificated shares; or (C) with respect to certificated shares or uncertificated shares, the endorsement or instruction is made by any other appropriate person or by an agent who has actual authority to act on behalf of the appropriate person;
- (iii) the Corporation has received a guarantee of signature of the person signing such endorsement or instruction or such other reasonable assurance that the endorsement or instruction is genuine and authorized as the Corporation may request;
- (iv) the transfer does not violate any restriction on transfer imposed by the Corporation that is enforceable in accordance with [Section 7.8\(a\)](#); and
- (v) such other conditions for such transfer as shall be provided for under applicable law have been satisfied.

(b) Whenever any transfer of shares shall be made for collateral security and not absolutely, the Corporation shall so record such fact in the entry of transfer if, when the certificate for such shares is presented to the Corporation for transfer or, if such shares are uncertificated, when the instruction for registration of transfer thereof is presented to the Corporation, both the transferor and transferee request the Corporation to do so.

Section 7.7. Registered Stockholders. Before due presentment for registration of transfer of a certificate representing shares of the Corporation or of an instruction requesting registration of transfer of uncertificated shares, the Corporation may treat the registered owner as the person exclusively entitled to inspect for any proper purpose the stock ledger and the other books and records of the Corporation, vote such shares, receive dividends or notifications with respect to such shares and otherwise exercise all the rights and powers of the owner of such shares, except that a person who is the beneficial owner of such shares (if held in a voting trust or by a nominee on behalf of such person) may, upon providing documentary evidence of beneficial ownership of such shares and satisfying such other conditions as are provided under applicable law, may also so inspect the books and records of the Corporation.

Section 7.8. Effect of the Corporation's Restriction on Transfer.

(a) A written restriction on the transfer or registration of transfer of shares of the Corporation or on the amount of shares of the Corporation that may be owned by any person or group of persons, if permitted by the DGCL and noted conspicuously on the certificate representing such shares or, in the case of uncertificated shares, contained in a notice, offering circular or prospectus sent by the Corporation to the registered owner of such shares within a reasonable time prior to or after the issuance or transfer of such shares, may be enforced against the holder of such shares or any successor or transferee of the holder including an executor, administrator, trustee, guardian or other fiduciary entrusted with like responsibility for the person or estate of the holder.

(b) A restriction imposed by the Corporation on the transfer or the registration of shares of the Corporation or on the amount of shares of the Corporation that may be owned by any person or group of persons, even if otherwise lawful, is ineffective against a person without actual knowledge of such restriction unless: (i) the shares are certificated and such restriction is noted conspicuously on the certificate; or (ii) the shares are uncertificated and such restriction was contained in a notice, offering circular or prospectus sent by the Corporation to the registered owner of such shares prior to or within a reasonable time after the issuance or transfer of such shares.

Section 7.9. Regulations. The Board shall have power and authority to make such additional rules and regulations, subject to any applicable requirement of law, as the Board may deem necessary and appropriate with respect to the issue, transfer or registration of transfer of shares of stock or certificates representing shares. The Board may appoint one or more transfer agents or registrars and may require for the validity thereof that certificates representing shares bear the signature of any transfer agent or registrar so appointed.

ARTICLE VIII

INDEMNIFICATION

Section 8.1. Right to Indemnification. To the fullest extent permitted by applicable law, as the same exists or may hereafter be amended, the Corporation shall indemnify and hold harmless each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a "**proceeding**"), by reason of the fact that he or she is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, other enterprise or nonprofit entity, including service with respect to an employee benefit plan (hereinafter an "**Indemnitee**"), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent, or in any other capacity while serving as a director, officer, employee or agent, against all liability and loss suffered and expenses (including, without limitation, attorneys' fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred by such Indemnitee in connection with such proceeding; provided, however, that, except as provided in [Section 8.3](#) with respect to proceedings to enforce rights to indemnification, the Corporation shall indemnify an Indemnitee in connection with a proceeding (or part thereof) initiated by such Indemnitee only if such proceeding (or part thereof) was authorized by the Board.

Section 8.2. Right to Advancement of Expenses. In addition to the right to indemnification conferred in [Section 8.1](#), an Indemnitee shall also have the right to be paid by the Corporation to the fullest extent not prohibited by applicable law the expenses (including, without limitation, attorneys' fees) incurred in defending or otherwise participating in any such proceeding in advance of its final disposition (hereinafter an "**advancement of expenses**"); provided, however, that, if the DGCL requires, an advancement of expenses incurred by an Indemnitee in his or her capacity as a director or officer of the Corporation (and not in any other capacity in which service was or is rendered by such Indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon the Corporation's receipt of an undertaking (hereinafter an "**undertaking**"), by or on behalf of such Indemnitee, to repay all amounts so advanced if it shall ultimately be determined that such Indemnitee is not entitled to be indemnified under this [Article VIII](#) or otherwise.

Section 8.3. Right of Indemnitee to Bring Suit. If a claim under [Section 8.1](#) or [Section 8.2](#) is not paid in full by the Corporation within 60 days after a written claim therefor has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be 20 days, the Indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Indemnitee shall also be entitled to be paid the expense of prosecuting or defending such suit. In (a) any suit brought by the Indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by an Indemnitee to enforce a right to an advancement of expenses) it shall be a defense that, and (b) in any suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final judicial decision from which there is no further right to appeal (hereinafter a "*final adjudication*") that, the Indemnitee has not met any applicable standard for indemnification set forth in the DGCL. Neither the failure of the Corporation (including its directors who are not parties to such action, a committee of such directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the Indemnitee is proper in the circumstances because the Indemnitee has met the applicable standard of conduct set forth in the DGCL, nor an actual determination by the Corporation (including a determination by its directors who are not parties to such action, a committee of such directors, independent legal counsel, or its stockholders) that the Indemnitee has not met such applicable standard of conduct, shall create a presumption that the Indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the Indemnitee, shall be a defense to such suit. In any suit brought by the Indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the Indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this [Article VIII](#) or otherwise shall be on the Corporation.

Section 8.4. Non-Exclusivity of Rights. The rights provided to any Indemnitee pursuant to this [Article VIII](#) shall not be exclusive of any other right, which such Indemnitee may have or hereafter acquire under applicable law, the Certificate of Incorporation, these Bylaws, an agreement, a vote of stockholders or disinterested directors, or otherwise.

Section 8.5. Insurance. The Corporation may maintain insurance, at its expense, to protect itself and/or any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Section 8.6. Indemnification of Other Persons. This [Article VIII](#) shall not limit the right of the Corporation to the extent and in the manner authorized or permitted by law to indemnify and to advance expenses to persons other than Indemnitees. Without limiting the foregoing, the Corporation may, to the extent authorized from time to time by the Board, grant rights to indemnification and to the advancement of expenses to any employee or agent of the Corporation and to any other person who is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan, to the fullest extent of the provisions of this [Article VIII](#) with respect to the indemnification and advancement of expenses of Indemnitees under this [Article VIII](#).

Section 8.7. Amendments. Any repeal or amendment of this [Article VIII](#) by the Board or the stockholders of the Corporation or by changes in applicable law, or the adoption of any other provision of these Bylaws inconsistent with this [Article VIII](#), will, to the extent permitted by applicable law, be prospective only (except to the extent such amendment or change in applicable law permits the Corporation to provide broader indemnification rights to Indemnitees on a retroactive basis than permitted prior thereto), and will not in any way diminish or adversely affect any right or protection existing hereunder in respect of any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision; provided however, that amendments or repeals of this

Article VIII shall require the affirmative vote of the stockholders holding at least 66.7% of the voting power of all outstanding shares of capital stock of the Corporation.

Section 8.8. Certain Definitions. For purposes of this Article VIII, (a) references to “*other enterprise*” shall include any employee benefit plan; (b) references to “*finer*” shall include any excise taxes assessed on a person with respect to an employee benefit plan; (c) references to “*servicing at the request of the Corporation*” shall include any service that imposes duties on, or involves services by, a person with respect to any employee benefit plan, its participants, or beneficiaries; and (d) a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “not opposed to the best interest of the Corporation” for purposes of Section 145 of the DGCL.

Section 8.9. Contract Rights. The rights provided to Indemnitees pursuant to this Article VIII shall be contract rights and such rights shall continue as to an Indemnitee who has ceased to be a director, officer, agent or employee and shall inure to the benefit of the Indemnitee’s heirs, executors and administrators.

Section 8.10. Severability. If any provision or provisions of this Article VIII shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (a) the validity, legality and enforceability of the remaining provisions of this Article VIII shall not in any way be affected or impaired thereby; and (b) to the fullest extent possible, the provisions of this Article VIII (including, without limitation, each such portion of this Article VIII containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested by the provision held invalid, illegal or unenforceable.

ARTICLE IX

MISCELLANEOUS

Section 9.1. Place of Meetings. If the place of any meeting of stockholders, the Board or committee of the Board for which notice is required under these Bylaws is not designated in the notice of such meeting, such meeting shall be held at the principal business office of the Corporation; provided, however, if the Board has, in its sole discretion, determined that a meeting shall not be held at any place, but instead shall be held by means of remote communication pursuant to Section 9.5 hereof, then such meeting shall not be held at any place.

Section 9.2. Fixing Record Dates.

(a) In order that the Corporation may determine the stockholders entitled to notice of any meeting of stockholders or any adjournment thereof, the Board may fix a record date, which shall not precede the date upon which the resolution fixing the record date is adopted by the Board, and which record date shall not be more than 60 nor less than 10 days before the date of such meeting. If the Board so fixes a date, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If no record date is fixed by the Board, the record date for determining stockholders entitled to notice of and to vote at a meeting of stockholders shall be at the close of business on the business day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the business day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board may fix a new record date for the adjourned meeting, and in such case shall also fix as the record date for stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote in accordance with the foregoing provisions of this Section 9.2(a) at the adjourned meeting.

(b) In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than 60 days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board adopts the resolution relating thereto.

Section 9.3. Means of Giving Notice.

(a) Notice to Directors. Whenever under applicable law, the Certificate of Incorporation or these Bylaws notice is required to be given to any director, such notice shall be given either (i) in writing and sent by mail, or by a nationally recognized delivery service, (ii) by means of facsimile telecommunication or other form of electronic transmission, or (iii) by oral notice given personally or by telephone. A notice to a director will be deemed given as follows: (i) if given by hand delivery, orally, or by telephone, when actually received by the director; (ii) if sent through the United States mail, when deposited in the United States mail, with postage and fees thereon prepaid, addressed to the director at the director's address appearing on the records of the Corporation, (iii) if sent for next day delivery by a nationally recognized overnight delivery service, when deposited with such service, with fees thereon prepaid, addressed to the director at the director's address appearing on the records of the Corporation, (iv) if sent by facsimile telecommunication, when sent to the facsimile transmission number for such director appearing on the records of the Corporation, (v) if sent by electronic mail, when sent to the electronic mail address for such director appearing on the records of the Corporation, or (vi) if sent by any other form of electronic transmission, when sent to the address, location or number (as applicable) for such director appearing on the records of the Corporation.

(b) Notice to Stockholders. Whenever under applicable law, the Certificate of Incorporation or these Bylaws notice is required to be given to any stockholder, such notice may be given (i) in writing and sent either by hand delivery, through the United States mail, or by a nationally recognized overnight delivery service for next day delivery, or (ii) by means of a form of electronic transmission consented to by the stockholder, to the extent permitted by, and subject to the conditions set forth in Section 232 of the DGCL. A notice to a stockholder shall be deemed given as follows: (i) if given by hand delivery, when actually received by the stockholder, (ii) if sent through the United States mail, when deposited in the United States mail, with postage and fees thereon prepaid, addressed to the stockholder at the stockholder's address appearing on the stock ledger of the Corporation, (iii) if sent for next day delivery by a nationally recognized overnight delivery service, when deposited with such service, with fees thereon prepaid, addressed to the stockholder at the stockholder's address appearing on the stock ledger of the Corporation, and (iv) if given by a form of electronic transmission consented to by the stockholder to whom the notice is given and otherwise meeting the requirements set forth above, (A) if by facsimile transmission, when directed to a number at which the stockholder has consented to receive notice, (B) if by electronic mail, when directed to an electronic mail address at which the stockholder has consented to receive notice, (C) if by a posting on an electronic network together with separate notice to the stockholder of such specified posting, upon the later of (1) such posting and (2) the giving of such separate notice, and (D) if by any other form of electronic transmission, when directed to the stockholder. A stockholder may revoke such stockholder's consent to receiving notice by means of electronic communication by giving written notice of such revocation to the Corporation. Any such consent shall be deemed revoked if (1) the Corporation is unable to deliver by electronic transmission two consecutive notices given by the Corporation in accordance with such consent and (2) such inability becomes known to the Secretary or an Assistant Secretary or to the Corporation's transfer agent, or other person responsible for the giving of notice; provided, however, the inadvertent failure to treat such inability as a revocation shall not invalidate any meeting or other action.

(c) Electronic Transmission. "Electronic transmission" means any form of communication, not directly involving the physical transmission of paper, that creates a record that may be retained, retrieved and reviewed by a recipient thereof, and that may be directly reproduced in paper form by such a recipient through an

automated process, including but not limited to transmission by telex, facsimile telecommunication, electronic mail, telegram and cablegram.

(d) Notice to Stockholders Sharing Same Address. Without limiting the manner by which notice otherwise may be given effectively by the Corporation to stockholders, any notice to stockholders given by the Corporation under any provision of the DGCL, the Certificate of Incorporation or these Bylaws shall be effective if given by a single written notice to stockholders who share an address if consented to by the stockholders at that address to whom such notice is given. A stockholder may revoke such stockholder's consent by delivering written notice of such revocation to the Corporation. Any stockholder who fails to object in writing to the Corporation within 60 days of having been given written notice by the Corporation of its intention to send such a single written notice shall be deemed to have consented to receiving such single written notice.

(e) Exceptions to Notice Requirements. Whenever notice is required to be given, under the DGCL, the Certificate of Incorporation or these Bylaws, to any person with whom communication is unlawful, the giving of such notice to such person shall not be required and there shall be no duty to apply to any governmental authority or agency for a license or permit to give such notice to such person. Any action or meeting that shall be taken or held without notice to any such person with whom communication is unlawful shall have the same force and effect as if such notice had been duly given. In the event that the action taken by the Corporation is such as to require the filing of a certificate with the Secretary of State of Delaware, the certificate shall state, if such is the fact and if notice is required, that notice was given to all persons entitled to receive notice except such persons with whom communication is unlawful.

Whenever notice is required to be given by the Corporation, under any provision of the DGCL, the Certificate of Incorporation or these Bylaws, to any stockholder to whom (1) notice of two consecutive annual meetings of stockholders and all notices of stockholder meetings or of the taking of action by written consent of stockholders without a meeting to such stockholder during the period between such two consecutive annual meetings, or (2) all, and at least two payments (if sent by first-class mail) of dividends or interest on securities during a 12-month period, have been mailed addressed to such stockholder at such stockholder's address as shown on the records of the Corporation and have been returned undeliverable, the giving of such notice to such stockholder shall not be required. Any action or meeting that shall be taken or held without notice to such stockholder shall have the same force and effect as if such notice had been duly given. If any such stockholder shall deliver to the Corporation a written notice setting forth such stockholder's then current address, the requirement that notice be given to such stockholder shall be reinstated. In the event that the action taken by the Corporation is such as to require the filing of a certificate with the Secretary of State of Delaware, the certificate need not state that notice was not given to persons to whom notice was not required to be given pursuant to Section 230(b) of the DGCL. The exception in subsection (1) of the first sentence of this paragraph to the requirement that notice be given shall not be applicable to any notice returned as undeliverable if the notice was given by electronic transmission.

Section 9.4. Waiver of Notice. Whenever any notice is required to be given under applicable law, the Certificate of Incorporation, or these Bylaws, a written waiver of such notice, signed before or after the date of such meeting by the person or persons entitled to said notice, or a waiver by electronic transmission by the person entitled to said notice, shall be deemed equivalent to such required notice. All such waivers shall be kept with the books of the Corporation. Attendance at a meeting shall constitute a waiver of notice of such meeting, except where a person attends for the express purpose of objecting to the transaction of any business on the ground that the meeting was not lawfully called or convened.

Section 9.5. Meeting Attendance via Remote Communication Equipment.

(a) **Stockholder Meetings.** If authorized by the Board in its sole discretion, and subject to such guidelines and procedures as the Board may adopt, stockholders entitled to vote at such meeting and proxy holders not physically present at a meeting of stockholders may, by means of remote communication:

(i) participate in a meeting of stockholders; and

(ii) be deemed present in person and vote at a meeting of stockholders, whether such meeting is to be held at a designated place or solely by means of remote communication, provided that (A) the Corporation shall implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a stockholder or proxy holder, (B) the Corporation shall implement reasonable measures to provide such stockholders and proxy holders a reasonable opportunity to participate in the meeting and, if entitled to vote, to vote on matters submitted to the applicable stockholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings, and (C) if any stockholder or proxy holder votes or takes other action at the meeting by means of remote communication, a record of such votes or other action shall be maintained by the Corporation.

(b) **Board Meetings.** Unless otherwise restricted by applicable law, the Certificate of Incorporation or these Bylaws, members of the Board or any committee thereof may participate in a meeting of the Board or any committee thereof by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other. Such participation in a meeting shall constitute presence in person at the meeting, except where a person participates in the meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting was not lawfully called or convened.

Section 9.6. Dividends. The Board may from time to time declare, and the Corporation may pay, dividends (payable in cash, property or shares of the Corporation's capital stock) on the Corporation's outstanding shares of capital stock, subject to applicable law and the Certificate of Incorporation.

Section 9.7. Reserves. The Board may set apart out of the funds of the Corporation available for dividends a reserve or reserves for any proper purpose and may abolish any such reserve.

Section 9.8. Contracts and Negotiable Instruments. Except as otherwise provided by applicable law, the Certificate of Incorporation or these Bylaws, any contract, bond, deed, lease, mortgage or other instrument may be executed and delivered in the name and on behalf of the Corporation by such officer or officers or other employee or employees of the Corporation as the Board may from time to time authorize. Such authority may be general or confined to specific instances as the Board may determine. The Chairman of the Board, the Chief Executive Officer, the President, the Chief Financial Officer, the Treasurer or any Vice President may execute and deliver any contract, bond, deed, lease, mortgage or other instrument in the name and on behalf of the Corporation. Subject to any restrictions imposed by the Board, the Chairman of the Board Chief Executive Officer, President, the Chief Financial Officer, the Treasurer or any Vice President may delegate powers to execute and deliver any contract, bond, deed, lease, mortgage or other instrument in the name and on behalf of the Corporation to other officers or employees of the Corporation under such person's supervision and authority, it being understood, however, that any such delegation of power shall not relieve such officer of responsibility with respect to the exercise of such delegated power.

Section 9.9. Fiscal Year. The fiscal year of the Corporation shall be fixed by the Board.

Section 9.10. Seal. The Board may adopt a corporate seal, which shall be in such form as the Board determines. The seal may be used by causing it or a facsimile thereof to be impressed, affixed or otherwise reproduced.

Section 9.11. Books and Records. The books and records of the Corporation may be kept within or outside the State of Delaware at such place or places as may from time to time be designated by the Board.

Section 9.12. Resignation. Any director, committee member or officer may resign by giving notice thereof in writing or by electronic transmission to the Chairman of the Board (directors), or the Chief Executive Officer (officers). The resignation shall take effect at the time specified therein, or at the time of receipt of such notice if no time is specified or the specified time is earlier than the time of such receipt. Unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective; provided, however, that the resignation of any officer should be reviewed and accepted by the Board before it becomes effective.

Section 9.13. Surety Bonds. Such officers, employees and agents of the Corporation (if any) as the Chairman of the Board, Chief Executive Officer, President or the Board may direct, from time to time, shall be bonded for the faithful performance of their duties and for the restoration to the Corporation, in case of their death, resignation, retirement, disqualification or removal from office, of all books, papers, vouchers, money and other property of whatever kind in their possession or under their control belonging to the Corporation, in such amounts and by such surety companies as the Chairman of the Board, Chief Executive Officer, President or the Board may determine. The premiums on such bonds shall be paid by the Corporation and the bonds so furnished shall be in the custody of the Secretary.

Section 9.14. Securities of Other Corporations Powers of attorney, proxies, waivers of notice of meeting, consents in writing and other instruments relating to securities owned by the Corporation may be executed in the name of and on behalf of the Corporation by the Chairman of the Board, Chief Executive Officer, President, any Vice President or any officers authorized by the Board. Any such officer, may, in the name of and on behalf of the Corporation, take all such action as any such officer may deem advisable to vote in person or by proxy at any meeting of security holders of any corporation in which the Corporation may own securities, or to consent in writing, in the name of the Corporation as such holder, to any action by such corporation, and at any such meeting or with respect to any such consent shall possess and may exercise any and all rights and power incident to the ownership of such securities and which, as the owner thereof, the Corporation might have exercised and possessed. The Board may from time to time confer like powers upon any other person or persons.

Section 9.15. Amendments. The Board shall have the power to adopt, amend, alter or repeal the Bylaws. The affirmative vote of a majority of the Whole Board shall be required to adopt, amend, alter or repeal the Bylaws. The Bylaws also may be adopted, amended, altered or repealed by the stockholders; provided, however, that in addition to any vote of the holders of any class or series of capital stock of the Corporation required by applicable law or the Certificate of Incorporation, the affirmative vote of the holders of at least a majority of the voting power (except as otherwise provided in [Section 8.7](#)) of all outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required for the stockholders to adopt, amend, alter or repeal the Bylaws.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers

Section 145 of the DGCL provides, generally, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation against all expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. A corporation may similarly indemnify such person for expenses actually and reasonably incurred by such person in connection with the defense or settlement of any action or suit by or in the right of the corporation, provided that such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, in the case of claims, issues and matters as to which such person shall have been adjudged liable to the corporation, provided that a court shall have determined, upon application, that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

In accordance with Section 102(b)(7) of the DGCL, GigCapital5's Existing Charter provides that a director will not be personally liable to GigCapital5's stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to GigCapital5 or GigCapital5's stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. No such provision shall eliminate or limit the liability of a director for any act or omission occurring prior to the date when such provision became effective. Accordingly, these provisions will have no effect on the availability of equitable remedies such as an injunction or rescission based on a director's breach of his or her duty of care.

GigCapital5's Existing Charter provides that GigCapital5 will indemnify its present and former directors and officers to the maximum extent permitted by the DGCL and that such indemnification will not be exclusive of any other rights to which those seeking indemnification may be entitled under any bylaw provision, agreement, vote of stockholders or disinterested directors or otherwise.

GigCapital5 has entered into indemnification agreements with each of its current directors and executive officers. These agreements require GigCapital5 to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to GigCapital5, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. GigCapital5 also intends to enter into indemnification agreements with future directors and executive officers.

Item 22. Undertakings

The undersigned registrant hereby undertakes:

- A. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
- (i) To include any prospectus required by section 10(a)(3) of the Securities Act;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement.
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
- B. That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- C. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- D. That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

[Table of Contents](#)

- E. That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- F. That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.
- G. That every prospectus (i) that is filed pursuant to paragraph (F) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- H. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- I. To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

INDEMNITY AGREEMENT

THIS INDEMNITY AGREEMENT (this “**Agreement**”) is made as of February 13, 2023, by and between GigCapital5, Inc., a Delaware corporation (the “**Company**”), and Karen Rogge (“**Indemnitee**”).

RECITALS

WHEREAS, highly competent persons have become more reluctant to serve publicly-held corporations as directors, officers or in other capacities unless they are provided with adequate protection through insurance or adequate indemnification against inordinate risks of claims and actions against them arising out of their service to and activities on behalf of such corporations;

WHEREAS, the Board of Directors of the Company (the “**Board**”) has determined that, in order to attract and retain qualified individuals, the Company will attempt to maintain on an ongoing basis, at its sole expense, liability insurance to protect persons serving the Company and its subsidiaries from certain liabilities. Although the furnishing of such insurance has been a customary and widespread practice among United States-based corporations and other business enterprises, the Company believes that, given current market conditions and trends, such insurance may be available to it in the future only at higher premiums and with more exclusions. At the same time, directors, officers and other persons in service to corporations or business enterprises are being increasingly subjected to expensive and time-consuming litigation relating to, among other things, matters that traditionally would have been brought only against the Company or business enterprise itself. The Amended and Restated Certificate of Incorporation (the “**Charter**”) and the Bylaws (the “**Bylaws**”) of the Company require indemnification of the officers and directors of the Company. Indemnitee may also be entitled to indemnification pursuant to applicable provisions of the Delaware General Corporation Law (“**DGCL**”). The Charter, Bylaws and the DGCL expressly provide that the indemnification provisions set forth therein are not exclusive, and thereby contemplate that contracts may be entered into between the Company and members of the Board, officers and other persons with respect to indemnification, hold harmless, exoneration, advancement and reimbursement rights;

WHEREAS, the uncertainties relating to such insurance and to indemnification have increased the difficulty of attracting and retaining such persons;

WHEREAS, the Board has determined that the increased difficulty in attracting and retaining such persons is detrimental to the best interests of the Company’s stockholders and that the Company should act to assure such persons that there will be increased certainty of such protection in the future;

WHEREAS, it is reasonable, prudent and necessary for the Company contractually to obligate itself to indemnify, hold harmless, exonerate and to advance expenses on behalf of, such persons to the fullest extent permitted by applicable law so that they will serve or continue to serve the Company free from undue concern that they will not be so protected against liabilities;

WHEREAS, this Agreement is a supplement to and in furtherance of the Charter and Bylaws of the Company and any resolutions adopted pursuant thereto, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder;

WHEREAS, Indemnitee may not be willing to serve as an officer, director, advisor or in another capacity without adequate protection, and the Company desires Indemnitee to serve in such capacity. Indemnitee is willing to serve, continue to serve and to take on additional service for or on behalf of the Company on the condition that he or she be so indemnified; and

NOW, THEREFORE, in consideration of the premises and the covenants contained herein and subject to the provisions of the letter agreement, dated the date hereof, among the Company, Indemnitee and the other parties thereto, the Company and Indemnitee do hereby covenant and agree as follows:

TERMS AND CONDITIONS

1. **SERVICES TO THE COMPANY.** In consideration of the Company's covenants and obligations hereunder, Indemnitee will serve or continue to serve as an officer, director, advisor, key employee or in any other capacity of the Company, as applicable, for so long as Indemnitee is duly elected or appointed or retained or until Indemnitee tenders his or her resignation or until Indemnitee is removed. The foregoing notwithstanding, this Agreement shall continue in full force and effect after Indemnitee has ceased to serve as a director, officer, advisor, key employee or in any other capacity of the Company, as provided in Section 17. This Agreement, however, shall not impose any obligation on Indemnitee or the Company to continue Indemnitee's service to the Company beyond any period otherwise required by law or by other agreements or commitments of the parties, if any.

2. **DEFINITIONS.** As used in this Agreement:

(a) References to "**agent**" shall mean any person who is or was a director, officer or employee of the Company or a subsidiary of the Company or other person authorized by the Company to act for the Company, to include such person serving in such capacity as a director, officer, employee, advisor, fiduciary or other official of another corporation, partnership, limited liability company, joint venture, employee benefit plan, nonprofit entity, partnership, joint venture, trust or other enterprise at the request of, for the convenience of, or to represent the interests of the Company or a subsidiary of the Company; or was a director, officer, employee, advisor, fiduciary, or other official of a foreign or domestic corporation which was a predecessor corporation of the Company or a subsidiary of the Company, or was a director, officer, employee, advisor, fiduciary, or other official of another enterprise at the request of, for the convenience of, or to represent the interests of such predecessor corporation.

(b) The terms "**Beneficial Owner**" and "**Beneficial Ownership**" shall have the meanings set forth in Rule 13d-3 promulgated under the Exchange Act (as defined below) as in effect on the date hereof.

(i) **Acquisition of Stock by Third Party.** Other than an affiliate or member of GigAcquisitions5, LLC (the "**Sponsor**"), any Person (as defined below) is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company representing fifteen percent (15%) or more of the combined voting power of the Company's then outstanding securities entitled to vote generally in the election of directors, unless (1) the change in the relative Beneficial Ownership of the Company's securities by any Person results solely from a reduction in the aggregate number of outstanding shares of securities entitled to vote generally in the election of directors, or (2) such acquisition was approved in advance by the Continuing Directors (as defined below) and such acquisition would not constitute a Change in Control under part (iii) of this definition;

(ii) **Change in Board of Directors.** Individuals who, as of the date hereof, constitute the Board, and any new director whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two thirds of the directors then still in office who were directors on the date hereof or whose election or nomination for election was previously so approved (collectively, the "**Continuing Directors**"), cease for any reason to constitute at least a majority of the members of the Board;

(iii) **Corporate Transactions.** The effective date of a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, recapitalization or similar business combination, involving the Company and one or more businesses (a "**Business Combination**"), in each case, unless, following such Business Combination: (1) all or substantially all of the individuals and entities who were the Beneficial Owners of securities entitled to vote generally in the election of directors immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% plus one share of the combined voting power of the then outstanding securities of the Company entitled to vote generally in the election of directors resulting from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or through one or more Subsidiaries (as defined below)) in substantially the same proportions as their ownership immediately prior to such Business Combination, of the securities entitled to vote generally in the election of directors; (2) other than a member or an affiliate of the Sponsor, no Person (excluding any corporation resulting from such Business Combination) is the Beneficial Owner, directly or indirectly, of 15% or more of the combined voting power of the then outstanding securities entitled to vote generally in the election of

directors of the surviving corporation except to the extent that such ownership existed prior to the Business Combination; and (3) at least a majority of the Board of Directors of the corporation resulting from such Business Combination were Continuing Directors at the time of the execution of the initial agreement, or of the action of the Board of Directors, providing for such Business Combination;

(iv) **Liquidation.** The approval by the stockholders of the Company of a complete liquidation of the Company or an agreement or series of agreements for the sale or disposition by the Company of all or substantially all of the Company's assets, other than factoring the Company's current receivables or escrows due (or, if such stockholder approval is not required, the decision by the Board to proceed with such a liquidation, sale, or disposition in one transaction or a series of related transactions); or

(v) **Other Events.** There occurs any other event of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A (or any successor rule) (or a response to any similar item on any similar schedule or form) promulgated under the Exchange Act (as defined below), whether or not the Company is then subject to such reporting requirement.

(d) **"Corporate Status"** describes the status of a person who is or was a director, officer, trustee, general partner, manager, managing member, advisor, fiduciary, employee or agent of the Company or of any other Enterprise (as defined below) which such person is or was serving at the request of the Company.

(e) **"Delaware Court"** shall mean the Court of Chancery of the State of Delaware.

(f) **"Disinterested Director"** shall mean a director of the Company who is not and was not a party' to the Proceeding (as defined below) in respect of which indemnification is sought by Indemnitee.

(g) **"Enterprise"** shall mean the Company and any other corporation, constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger to which the Company (or any of its wholly owned subsidiaries) is a party, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise of which Indemnitee is or was serving at the request of the Company as a director, officer, trustee, general partner, managing member, advisor, fiduciary, employee or agent.

(h) **"Exchange Act"** shall mean the Securities Exchange Act of 1934, as amended.

(i) **"Expenses"** shall include all direct and indirect out-of-pocket costs, fees and expenses of any type or nature whatsoever, including, without limitation, all reasonable attorneys' fees and costs, retainers, court costs, transcript costs, fees of experts, witness fees, travel expenses, fees of private investigators and professional advisors, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees, fax transmission charges, secretarial services and all other disbursements, obligations or expenses in connection with prosecuting, defending, preparing to prosecute or defend, investigating, being or preparing to be a witness in, settlement or appeal of, or otherwise participating in, a Proceeding (as defined below), including reasonable compensation for time spent by Indemnitee for which he or she is not otherwise compensated by the Company or any third party. Expenses also shall include Expenses incurred in connection with any appeal resulting from any Proceeding (as defined below), including without limitation the principal, premium, security for, and other costs relating to any cost bond, supersedeas bond, or other appeal bond or its equivalent. Expenses, however, shall not include amounts paid in settlement by Indemnitee or the amount of judgments or fines against Indemnitee.

(j) References to **"fines"** shall include any excise tax assessed on Indemnitee with respect to any employee benefit plan; references to "serving at the request of the Company" shall include any service as a director, officer, employee, advisor, agent or fiduciary of the Company which imposes duties on, or involves services by, such director, officer, employee, advisor, agent or fiduciary with respect to an employee benefit plan, its participants or beneficiaries; and if Indemnitee acted in good faith and in a manner Indemnitee reasonably believed to be in the best interests of the participants and beneficiaries of an employee benefit plan, Indemnitee shall be deemed to have acted in a manner "not opposed to the best interests of the Company" as referred to in this Agreement.

(k) **"Independent Counsel"** shall mean a law firm or a member of a law firm with significant experience in matters of corporation law and that neither presently is, nor in the past five years has been, retained to represent: (i) the Company or Indemnitee in any matter material to either such party (other than with respect to matters concerning Indemnitee under this Agreement, or of other indemnitees under similar indemnification agreements); or (ii) any other party to the Proceeding (as defined below) giving rise to a claim for indemnification hereunder. Notwithstanding the foregoing, the term **"Independent Counsel"** shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or Indemnitee in an action to determine Indemnitee's rights under this Agreement.

(l) The term "**Person**" shall have the meaning as set forth in Sections 13(d) and 14(d) of the Exchange Act as in effect on the date hereof; provided, however, that "**Person**" shall exclude: (i) the Company; (ii) any Subsidiaries (as defined below) of the Company; (iii) any employment benefit plan of the Company or of a Subsidiary (as defined below) of the Company or of any corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company; and (iv) any trustee or other fiduciary holding securities under an employee benefit plan of the Company or of a Subsidiary (as defined below) of the Company or of a corporation owned directly or indirectly by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company.

(n) The term "**Subsidiary**," with respect to any Person, shall mean any corporation, limited liability company, partnership, joint venture, trust or other entity of which a majority of the voting power of the voting equity securities or equity interest is owned, directly or indirectly, by that Person.

(o) The phrase "**to the fullest extent permitted by applicable law**" shall include, but not be limited to: (a) to the fullest extent authorized or permitted by the provision of the DGCL that authorizes or contemplates additional indemnification by agreement, or the corresponding provision of any amendment to or replacement of the DGCL, and (b) to the fullest extent authorized or permitted by any amendments to or replacements of the DGCL adopted after the date of this Agreement that increase the extent to which a corporation may indemnify its officers and directors.

3. INDEMNITY IN THIRD-PARTY PROCEEDINGS. To the fullest extent permitted by applicable law, the Company shall indemnify, hold harmless and exonerate Indemnitee in accordance with the provisions of this Section 3 if Indemnitee was, is, or is threatened to be made, a party to or a participant (as a witness, deponent or otherwise) in any Proceeding, other than a Proceeding by or in the right of the Company to procure a judgment in its favor by reason of Indemnitee's Corporate Status. Pursuant to this Section 3, Indemnitee shall be indemnified, held harmless and exonerated against all Expenses, judgments, liabilities, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually, and reasonably incurred by Indemnitee or on his or her behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company and, in the case of a criminal Proceeding, had no reasonable cause to believe that his or her conduct was unlawful; provided, in no event shall Indemnitee be entitled to be indemnified, held harmless or advanced any amounts hereunder in respect of any Expenses, judgments, liabilities, fines, penalties and amounts paid in settlement (if any) that Indemnitee may incur by reason of his or her own actual fraud or intentional misconduct. Indemnitee shall not be found to have committed actual fraud or intentional misconduct for any purpose of this Agreement unless or until a court of competent jurisdiction shall have made a finding to that effect.

4. INDEMNITY IN PROCEEDINGS BY OR IN THE RIGHT OF THE COMPANY. To the fullest extent permitted by applicable law, the Company shall indemnify, hold harmless and exonerate Indemnitee in accordance with the provisions of this Section 4 if Indemnitee was, is, or is threatened to be made, a party to or a participant (as a witness, deponent or otherwise) in any Proceeding by or in the right of the Company to procure a judgment in its favor by reason of Indemnitee's Corporate Status. Pursuant to this Section 4, Indemnitee shall be indemnified, held harmless and exonerated against all Expenses actually and reasonably incurred by him or her or on his or her behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the

Company. No indemnification, hold harmless or exoneration for Expenses shall be made under this Section 4 in respect of any claim, issue or matter as to which Indemnitee shall have been finally adjudged by a court to be liable to the Company, unless and only to the extent that any court in which the Proceeding was brought or the Delaware Court shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, Indemnitee is fairly and reasonably entitled to indemnification, to be held harmless or to exoneration.

5. INDEMNIFICATION FOR EXPENSES OF A PARTY WHO IS WHOLLY OR PARTLY SUCCESSFUL. Notwithstanding any other provisions of this Agreement except for Section 27, to the extent that Indemnitee was or is, by reason of Indemnitee's Corporate Status, a party to (or a participant in) and is successful, on the merits or otherwise, in any Proceeding or in defense of any claim, issue or matter therein, in whole or in part, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses actually and reasonably incurred by him or her in connection therewith. If Indemnitee is not wholly successful in such Proceeding but is successful, on the merits or otherwise, as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses actually and reasonably incurred by him or her or on his or her behalf in connection with each successfully resolved claim, issue or matter. If Indemnitee is not wholly successful in such Proceeding, the Company also shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses reasonably incurred in connection with claim, issue or matter related to any claim, issue, or matter on which Indemnitee was successful. For purposes of this Section and without limitation, the termination of any claim, issue or matter in such a Proceeding by dismissal, with or without prejudice, shall be deemed to be a successful result as to such claim, issue or matter.

6. INDEMNIFICATION FOR EXPENSES OF A WITNESS. Notwithstanding any other provision of this Agreement except for Section 27, to the extent that Indemnitee is, by reason of his or her Corporate Status, a witness or deponent in any Proceeding to which Indemnitee was or is not a party or threatened to be made a party, he or she shall, to the fullest extent permitted by applicable law, be indemnified, held harmless and exonerated against all Expenses actually and reasonably incurred by him or her or on his or her behalf in connection therewith.

7. ADDITIONAL INDEMNIFICATION, HOLD HARMLESS AND EXONERATION RIGHTS.

(a) Notwithstanding any limitation in Sections 3, 4, or 5, except for Section 27, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee if Indemnitee is a party to or threatened to be made a party to any Proceeding (including a Proceeding by or in the right of the Company to procure a judgment in its favor) against all Expenses, judgments, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by Indemnitee in connection with the Proceeding. No indemnification, hold harmless or exoneration rights shall be available under this Section 7(a) on account of Indemnitee's conduct which constitutes a breach of Indemnitee's duty of loyalty to the Company or its stockholders or is an act or omission not in good faith or which involves intentional misconduct or a knowing violation of the law.

(b) Notwithstanding any limitation in Sections 3, 4, 5 or 7(a), except for Section 27, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee if Indemnitee is a party to or threatened to be made a party to any Proceeding (including a Proceeding by or in the right of the Company to procure a judgment in its favor) against all Expenses, judgments, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by Indemnitee in connection with the Proceeding.

8. CONTRIBUTION IN THE EVENT OF JOINT LIABILITY.

(a) To the fullest extent permissible under applicable law, if the indemnification, hold harmless and/or exoneration rights provided for in this Agreement are unavailable to Indemnitee in whole or in part for any reason whatsoever, the Company, in lieu of indemnifying, holding harmless or exonerating Indemnitee, shall pay, in the first instance, the entire amount incurred by Indemnitee, whether for judgments, liabilities, fines, penalties, amounts paid or to be paid in settlement and/or for Expenses, in connection with any Proceeding without requiring Indemnitee to contribute to such payment, and the Company hereby waives and relinquishes any right of contribution it may have at any time against Indemnitee.

(b) The Company shall not enter into any settlement of any Proceeding in which the Company is jointly liable with Indemnitee (or would be if joined in such Proceeding) unless such settlement provides for a full and final release of all claims asserted against Indemnitee.

(c) The Company hereby agrees to fully indemnify, hold harmless and exonerate Indemnitee from any claims for contribution which may be brought by officers, directors or employees of the Company other than Indemnitee who may be jointly liable with Indemnitee.

9. EXCLUSIONS. Notwithstanding any provision in this Agreement (except for section 27), the Company shall not be obligated under this Agreement to make any indemnification, advance expenses, hold harmless or exoneration payment in connection with any claim made against Indemnitee:

(a) for which payment has actually been received by or on behalf of Indemnitee under any insurance policy or other indemnity or advancement provision, except with respect to any excess beyond the amount actually received under any insurance policy, contract, agreement, other indemnity or advancement provision or otherwise;

(b) for an accounting of profits made from the purchase and sale (or sale and purchase) by Indemnitee of securities of the Company within the meaning of Section 16(b) of the Exchange Act (or any successor rule) or similar provisions of state statutory law or common law; or

(c) except as otherwise provided in Sections 14(f) and (g) hereof, prior to a Change in Control, in connection with any Proceeding (or any part of any Proceeding) initiated by Indemnitee, including any Proceeding (or any part of any Proceeding) initiated by Indemnitee against the Company or its directors, officers, employees or other indemnitees, unless (i) the Board authorized the Proceeding (or any part of any Proceeding) prior to its initiation or (ii) the Company provides the indemnification, hold harmless or exoneration payment, in its sole discretion, pursuant to the powers vested in the Company under applicable law. Indemnitee shall seek payments or advances from the Company only to the extent that such payments or advances are unavailable from any insurance policy of the Company covering Indemnitee.

10. ADVANCES OF EXPENSES; DEFENSE OF CLAIM.

(a) Notwithstanding any provision of this Agreement to the contrary except for Section 27, and to the fullest extent not prohibited by applicable law, the Company shall pay the Expenses incurred by Indemnitee (or reasonably expected by Indemnitee to be incurred by Indemnitee within three months) in connection with any Proceeding within ten (10) days after the receipt by the Company of a statement or statements requesting such advances from time to time, prior to the final disposition of any Proceeding. Advances shall, to the fullest extent permitted by law, be unsecured and interest free. Advances shall, to the fullest extent permitted by law, be made without regard to Indemnitee's ability to repay the Expenses and without regard to Indemnitee's ultimate entitlement to be indemnified, held harmless or exonerated under the other provisions of this Agreement. Advances shall include any and all reasonable Expenses incurred pursuing a Proceeding to enforce this right of advancement, including Expenses incurred preparing and forwarding statements to the Company to support the advances claimed. To the fullest extent required by applicable law, such payments of Expenses in advance of the final disposition of the Proceeding shall be made only upon the Company's receipt of an undertaking, by or on behalf of Indemnitee, to repay the advanced amounts to the extent that it is ultimately determined that Indemnitee is not entitled to be indemnified by the Company under the provisions of this Agreement, the Charter, the Bylaws of the Company, applicable law or otherwise. If it shall be determined by a final judgment or other final adjudication that Indemnitee was not so entitled to indemnification, any advancement shall be returned to the Company (without interest) by the Indemnitee. This Section 10(a) shall not apply to any claim made by Indemnitee for which an indemnification, hold harmless or exoneration payment is excluded pursuant to Section 9 but shall apply to any Proceeding referenced in Section 9(b) prior to a final determination that Indemnitee is liable therefor.

(b) The Company will be entitled to participate in the Proceeding at its own expense.

(c) The Company shall not settle any action, claim or Proceeding (in whole or in part) which would impose any Expense, judgment, fine, penalty or limitation on Indemnitee without Indemnitee's prior written consent.

11. PROCEDURE FOR NOTIFICATION AND APPLICATION FOR INDEMNIFICATION.

(a) Indemnitee agrees to notify promptly the Company in writing upon being served with any summons, citation, subpoena, complaint, indictment, information or other document relating to any Proceeding, claim, issue or matter therein which may be subject to indemnification, hold harmless or exoneration rights, or advancement of Expenses covered hereunder. The failure of Indemnitee to so notify the Company shall not relieve the Company of any obligation which it may have to Indemnitee under this Agreement, or otherwise.

(b) Indemnitee may deliver to the Company a written application to indemnify, hold harmless or exonerate Indemnitee in accordance with this Agreement. Such application(s) may be delivered from time to time and at such time(s) as Indemnitee deems appropriate in his or her sole discretion. Following such a written application for indemnification by Indemnitee, Indemnitee's entitlement to indemnification shall be determined according to Section 12(a) of this Agreement.

12. PROCEDURE UPON APPLICATION FOR INDEMNIFICATION.

(a) A determination, if required by applicable law, with respect to Indemnitee's entitlement to indemnification shall be made in the specific case by one of the following methods, which shall be at the election of Indemnitee: (i) by a majority vote of the Disinterested Directors, even though less than a quorum of the Board, (ii) by a committee of such directors designated by majority vote of such directors, (iii) if there are no Disinterested Directors or if such directors so direct, by Independent Counsel in a written opinion to the Board, a copy of which shall be delivered to Indemnitee, or (iv) by vote of the stockholders. The Company promptly will advise Indemnitee in writing with respect to any determination that Indemnitee is or is not entitled to indemnification, including a description of any reason or basis for which indemnification has been denied. If it is so determined that Indemnitee is entitled to indemnification, payment to Indemnitee shall be made within ten (10) days after such determination. Indemnitee shall reasonably cooperate with the person, persons or entity making such determination with respect to Indemnitee's entitlement to indemnification, including providing to such person, persons or entity upon reasonable advance request any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnitee and reasonably necessary to such determination. Any costs or Expenses (including reasonable attorneys' fees and disbursements) incurred by Indemnitee in so cooperating with the person, persons or entity making such determination shall be borne by the Company (irrespective of the determination as to Indemnitee's entitlement to indemnification) and the Company hereby agrees to indemnify and to hold Indemnitee harmless therefrom.

(b) In the event the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 12(a) hereof, the Independent Counsel shall be selected as provided in this Section 12(b). The Independent Counsel shall be selected by Indemnitee (unless Indemnitee shall request that such selection be made by the Board), and Indemnitee shall give written notice to the Company advising it of the identity of the Independent Counsel so selected and certifying that the Independent Counsel so selected meets the requirements of "**Independent Counsel**" as defined in Section 2 of this Agreement. If the Independent Counsel is selected by the Board, the Company shall give written notice to Indemnitee advising him or her of the identity of the Independent Counsel so selected and certifying that the Independent Counsel so selected meets the requirements of "**Independent Counsel**" as defined in Section 2 of this Agreement. In either event, Indemnitee or the Company, as the case may be, may, within ten (10) days after such written notice of selection shall have been received, deliver to the Company or to Indemnitee, as the case may be, a written objection to such selection; provided, however, that such objection may be asserted only on the ground that the Independent Counsel so selected does not meet the requirements of "**Independent Counsel**" as defined in Section 2 of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If such written objection is so made and substantiated, the Independent Counsel so selected may not serve as Independent Counsel unless and until such objection is withdrawn or a court of competent jurisdiction has determined that such objection is without merit. If, within twenty (20) days after submission by Indemnitee of a written request for indemnification pursuant to Section 11(b) hereof, no Independent Counsel shall have been selected and not objected to, either the Company or Indemnitee may petition the Delaware Court for resolution of any objection which shall have been made by the Company or Indemnitee to the other's selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by the Delaware Court, and the person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel under Section 12(a) hereof. Upon the due commencement of any judicial proceeding or arbitration pursuant to Section 14(a) of this Agreement, Independent Counsel shall be discharged and relieved of any further responsibility in such capacity (subject to the applicable standards of professional conduct then prevailing).

(c) The Company agrees to pay the reasonable fees and expenses of Independent Counsel and to fully indemnify and hold harmless such Independent Counsel against any and all Expenses, claims, liabilities and damages arising out of or relating to this Agreement or its engagement pursuant hereto.

13. PRESUMPTIONS AND EFFECT OF CERTAIN PROCEEDINGS.

(a) In making a determination with respect to entitlement to indemnification hereunder, the person, persons or entity making such determination shall presume that Indemnitee is entitled to indemnification under this Agreement if Indemnitee has submitted a request for indemnification in accordance with Section 11(b) of this Agreement, and the Company shall have the burden of proof to overcome that presumption in connection with the making by any person, persons or entity of any determination contrary to that presumption. Neither the failure of the Company (including by the Disinterested Directors or Independent Counsel) to have made a determination prior to the commencement of any action pursuant to this Agreement that indemnification is proper in the circumstances because Indemnitee has met the applicable standard of conduct, nor an actual determination by the Company (including by the Disinterested Directors or Independent Counsel) that Indemnitee has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that Indemnitee has not met the applicable standard of conduct.

(b) If the person, persons or entity empowered or selected under Section 12 of this Agreement to determine whether Indemnitee is entitled to indemnification shall not have made a determination within thirty (30) days after receipt by the Company of the request therefor, the requisite determination of entitlement to indemnification shall, to the fullest extent permitted by law, be deemed to have been made and Indemnitee shall be entitled to such indemnification, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a final judicial determination that any or all such indemnification is expressly prohibited under applicable law; provided, however, that such 30-day period may be extended for a reasonable time, not to exceed an additional fifteen (15) days, if the person, persons or entity making the determination with respect to entitlement to indemnification in good faith requires such additional time for the obtaining or evaluating of documentation and/or information relating thereto.

(c) The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of nolo contendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that Indemnitee did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his or her conduct was unlawful.

(d) For purposes of any determination of good faith, Indemnitee shall be deemed to have acted in good faith if Indemnitee's action is based on the records or books of account of the Enterprise, including financial statements, or on information supplied to Indemnitee by the directors, manager, or officers of the Enterprise in the course of their duties, or on the advice of legal counsel for the Enterprise, its Board, any committee of the Board or any director, trustee, general partner, manager or managing member, or on information or records given or reports made to the Enterprise, its Board, any committee of the Board or any director, trustee, general partner, manager or managing member, by an independent certified public accountant or by an appraiser or other expert selected by the Enterprise, its Board, any committee of the Board or any director, trustee, general partner, manager or managing member. The provisions of this Section 13(d) shall not be deemed to be exclusive or to limit in any way the other circumstances in which Indemnitee may be deemed or found to have met the applicable standard of conduct set forth in this Agreement.

(e) The knowledge and/or actions, or failure to act, of any other director, officer, trustee, partner, manager, managing member, advisor, fiduciary, agent or employee of the Enterprise shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement.

14. REMEDIES OF INDEMNITEE.

(a) In the event that (i) a determination is made pursuant to Section 12 of this Agreement that Indemnitee is not entitled to indemnification under this Agreement, (ii) advancement of Expenses, to the fullest extent permitted by applicable law, is not timely made pursuant to Section 10 of this Agreement, (iii) no determination of entitlement to indemnification shall have been made pursuant to Section 12(a) of this Agreement within thirty (30) days after receipt by the Company of the request for indemnification, (iv) payment of indemnification is not made pursuant to Section 5, 6, 7 or the last sentence of Section 12(a) of this Agreement within ten (10) days after receipt by the Company of a written request therefor, (v) a contribution payment is not made in a timely manner pursuant to Section 8 of this Agreement, (vi) payment of indemnification pursuant to Section 3 or 4 of this Agreement is not made within ten (10) days after a determination has been made that Indemnitee is entitled to indemnification, or (vii) payment to Indemnitee pursuant to any hold harmless or exoneration rights under this Agreement or otherwise is not made in accordance with this Agreement within ten (10) days after receipt by the Company of a written request therefor, Indemnitee shall be entitled to an adjudication by the Delaware Court to such indemnification, hold

harmless, exoneration, contribution or advancement rights. Alternatively, Indemnitee, at his or her option, may seek an award in arbitration to be conducted by a single arbitrator pursuant to the Commercial Arbitration Rules and Mediation Procedures of the American Arbitration Association. Except as set forth herein, the provisions of Delaware law (without regard to its conflict of laws rules) shall apply to any such arbitration. The Company shall not oppose Indemnitee's right to seek any such adjudication or award in arbitration.

(b) In the event that a determination shall have been made pursuant to Section 12(a) of this Agreement that Indemnitee is not entitled to indemnification, any judicial proceeding or arbitration commenced pursuant to this Section 14 shall be conducted in all respects as a de novo trial, or arbitration, on the merits and Indemnitee shall not be prejudiced by reason of that adverse determination.

(c) In any judicial proceeding or arbitration commenced pursuant to this Section 14, Indemnitee shall be presumed to be entitled to be indemnified, held harmless, exonerated to receive advancement of Expenses under this Agreement and the Company shall have the burden of proving Indemnitee is not entitled to be indemnified, held harmless, exonerated and to receive advancement of Expenses, as the case may be, and the Company may not refer to or introduce into evidence any determination pursuant to Section 12(a) of this Agreement adverse to Indemnitee for any purpose. If Indemnitee commences a judicial proceeding or arbitration pursuant to this Section 14, Indemnitee shall not be required to reimburse the Company for any advances pursuant to Section 10 until a final determination is made with respect to Indemnitee's entitlement to indemnification (as to which all rights of appeal have been exhausted or lapsed).

(d) If a determination shall have been made pursuant to Section 12(a) of this Agreement that Indemnitee is entitled to indemnification, the Company shall be bound by such determination in any judicial proceeding or arbitration commenced pursuant to this Section 14, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law.

(e) The Company shall be precluded from asserting in any judicial proceeding or arbitration commenced pursuant to this Section 14 that the procedures and presumptions of this Agreement are not valid, binding and enforceable and shall stipulate in any such court or before any such arbitrator that the Company is bound by all the provisions of this Agreement.

(f) The Company shall indemnify and hold harmless Indemnitee to the fullest extent permitted by law against all Expenses and, if requested by Indemnitee, shall (within ten (10) days after the Company's receipt of such written request) pay to Indemnitee, to the fullest extent permitted by applicable law, such Expenses which are incurred by Indemnitee in connection with any judicial proceeding or arbitration brought by Indemnitee: (i) to enforce his or her rights under, or to recover damages for breach of, this Agreement or any other indemnification, hold harmless, exoneration, advancement or contribution agreement or provision of the Charter, or the Bylaws now or hereafter in effect; or (ii) for recovery or advances under any insurance policy maintained by any person for the benefit of Indemnitee, regardless of the outcome and whether Indemnitee ultimately is determined to be entitled to such indemnification, hold harmless or exoneration right, advancement, contribution or insurance recovery, as the case may be (unless such judicial proceeding or arbitration was not brought by Indemnitee in good faith).

(g) Interest shall be paid by the Company to Indemnitee at the legal rate under Delaware law for amounts which the Company indemnifies, holds harmless or exonerates, or advances, or is obliged to indemnify, hold harmless or exonerate or advance for the period commencing with the date on which Indemnitee requests indemnification, to be held harmless, exonerated, contribution, reimbursement or advancement of any Expenses and ending with the date on which such payment is made to Indemnitee by the Company.

15. **SECURITY.** Notwithstanding anything herein to the contrary, except for Section 27, to the extent requested by Indemnitee and approved by the Board, the Company may at any time and from time to time provide security to Indemnitee for the Company's obligations hereunder through an irrevocable bank line of credit, funded trust or other collateral. Any such security, once provided to Indemnitee, may not be revoked or released without the prior written consent of Indemnitee.

16. NON-EXCLUSIVITY; SURVIVAL OF RIGHTS; INSURANCE; SUBROGATION.

(a) The rights of Indemnitee as provided by this Agreement shall not be deemed exclusive of any other rights to which Indemnitee may at any time be entitled under applicable law, the Charter, the Bylaws, any agreement, a vote of stockholders or a resolution of Disinterested Directors, or otherwise. No amendment, alteration or repeal of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any Proceeding (regardless of when such Proceeding is first threatened, commenced or completed) or claim, issue or matter therein arising out of, or related to, any action taken or omitted by such Indemnitee in his or her Corporate Status prior to such amendment, alteration or repeal. To the extent that a change in applicable law, whether by statute or judicial decision, permits greater indemnification, hold harmless or exoneration rights or advancement of Expenses than would be afforded currently under the Charter, the Bylaws or this Agreement, it is the intent of the parties hereto that Indemnitee shall enjoy by this Agreement the greater benefits so afforded by such change. No right or remedy herein conferred is intended to be exclusive of any other right or remedy, and every other right and remedy shall be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other right or remedy.

(b) The DGCL, the Charter and the Bylaws permit the Company to purchase and maintain insurance or furnish similar protection or make other arrangements including, but not limited to, providing a trust fund, letter of credit, or surety bond ("**Indemnification Arrangements**") on behalf of Indemnitee against any liability asserted against him or her or incurred by or on behalf of him or her or in such capacity as a director, officer, employee or agent of the Company, or arising out of his or her status as such, whether or not the Company would have the power to indemnify him or her against such liability under the provisions of this Agreement or under the DGCL, as it may then be in effect. The purchase, establishment, and maintenance of any such Indemnification Arrangement shall not in any way limit or affect the rights and obligations of the Company or of Indemnitee under this Agreement except as expressly provided herein, and the execution and delivery of this Agreement by the Company and Indemnitee shall not in any way limit or affect the rights and obligations of the Company or the other party or parties thereto under any such Indemnification Arrangement.

(c) To the extent that the Company maintains an insurance policy or policies providing liability insurance for directors, officers, trustees, partners, managers, managing members, advisors, fiduciaries, employees, or agents of the Company or of any other Enterprise which such person serves at the request of the Company, Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage available for any such director, officer, trustee, partner, manager, managing member, advisor, fiduciary, employee or agent under such policy or policies. If, at the time the Company receives notice from any source of a Proceeding as to which Indemnitee is a party or a participant (as a witness, deponent or otherwise), the Company has director and officer liability insurance in effect, the Company shall give prompt notice of such Proceeding to the insurers in accordance with the procedures set forth in the respective policies. The Company shall thereafter use commercially reasonable efforts to cause such insurers to pay, on behalf of Indemnitee, all amounts payable as a result of such Proceeding in accordance with the terms of such policies.

(d) In the event of any payment under this Agreement, the Company, to the fullest extent permitted by law, shall be subrogated to the extent of such payment to all of the rights of recovery of Indemnitee, who shall execute all papers required and take all action necessary to secure such rights, including execution of such documents as are necessary to enable the Company to bring suit to enforce such rights. No such payment by the Company shall be deemed to relieve any insurer of its obligations.

(e) The Company's obligation to indemnify, hold harmless, exonerate or advance Expenses hereunder to Indemnitee who is or was serving at the request of the Company as a director, officer, trustee, partner, manager, managing member, advisor, fiduciary, employee or agent of any other Enterprise shall be reduced by any amount Indemnitee has actually received as indemnification, hold harmless or exoneration payments or advancement of expenses from such Enterprise. Notwithstanding any other provision of this Agreement to the contrary except for Section 27, (i) Indemnitee shall have no obligation to reduce, offset, allocate, pursue or apportion any indemnification, hold harmless, exoneration, advancement, contribution or insurance coverage among multiple parties possessing such duties to Indemnitee prior to the Company's satisfaction and performance of all its obligations under this Agreement, and (ii) the Company shall perform fully its obligations under this Agreement without regard to whether Indemnitee holds, may pursue or has pursued any indemnification, advancement, hold harmless, exoneration, contribution or insurance coverage rights against any person or entity other than the Company.

(f) Notwithstanding anything contained herein, the Company is the primary indemnitor, and any indemnification or advancement obligation of the Sponsor or its affiliates or members or any other Person is secondary.

17. **DURATION OF AGREEMENT.** All agreements and obligations of the Company contained herein shall continue during the period Indemnitee serves as a director or officer of the Company or as a director, officer, trustee, partner, manager, managing member, advisor, fiduciary, employee or agent of any other corporation, partnership, joint venture, trust, employee benefit plan, nonprofit entity, or other Enterprise which Indemnitee serves at the request of the Company and shall continue thereafter so long as Indemnitee shall be subject to any possible Proceeding (including any rights of appeal thereto and any Proceeding commenced by Indemnitee pursuant to Section 14 of this Agreement) by reason of his or her Corporate Status, whether or not he or she is acting in any such capacity at the time any liability or expense is incurred for which indemnification or advancement can be provided under this Agreement.

18. **SEVERABILITY.** If any provision or provisions of this Agreement shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (a) the validity, legality and enforceability of the remaining provisions of this Agreement (including, without limitation, each portion of any Section, paragraph or sentence of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and shall remain enforceable to the fullest extent permitted by law; (b) such provision or provisions shall be deemed reformed to the extent necessary to conform to applicable law and to give the maximum effect to the intent of the parties hereto; and (c) to the fullest extent possible, the provisions of this Agreement (including, without limitation, each portion of any Section, paragraph or sentence of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested thereby.

19. **ENFORCEMENT AND BINDING EFFECT.**

(a) The Company expressly confirms and agrees that it has entered into this Agreement and assumed the obligations imposed on it hereby in order to induce Indemnitee to serve as a director, officer or key employee of the Company, and the Company acknowledges that Indemnitee is relying upon this Agreement in serving as a director, officer or key employee of the Company.

(b) Without limiting any of the rights of Indemnitee under the Charter or Bylaws of the Company as they may be amended from time to time, this Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral, written and implied, between the parties hereto with respect to the subject matter hereof.

(c) The indemnification, hold harmless, exoneration and advancement of expenses rights provided by or granted pursuant to this Agreement shall be binding upon and be enforceable by the parties hereto and their respective successors and assigns (including any direct or indirect successor by purchase, merger, consolidation or otherwise to all or substantially all of the business and/or assets of the Company), shall continue as to an Indemnitee who has ceased to be a director, officer, employee or agent of the Company or a director, officer, trustee, general partner, manager, managing member, advisor, fiduciary, employee or agent of any other Enterprise at the Company's request, and shall inure to the benefit of Indemnitee and his or her spouse, assigns, heirs, devisees, executors and administrators and other legal representatives.

(d) The Company shall require and cause any successor (whether direct or indirect by purchase, merger, consolidation or otherwise) to all, substantially all or a substantial part, of the business and/or assets of the Company, by written agreement in form and substance satisfactory to Indemnitee, expressly to assume and agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform if no such succession had taken place.

(e) The Company and Indemnitee agree herein that a monetary remedy for breach of this Agreement, at some later date, may be inadequate, impracticable and difficult of proof, and further agree that such breach may cause Indemnitee irreparable harm. Accordingly, the parties hereto agree that Indemnitee may, to the fullest extent permitted by law, enforce this Agreement by seeking, among other things, injunctive relief and/or specific performance hereof, without any necessity of showing actual damage or irreparable harm and that by seeking injunctive relief and/or specific performance, Indemnitee shall not be precluded from seeking or obtaining any other relief to which he or she may be entitled. The Company and Indemnitee further agree that Indemnitee shall, to the fullest extent permitted by law, be entitled to such specific performance and injunctive relief, including temporary restraining orders, preliminary injunctions and permanent injunctions, without the necessity of posting bonds or other undertaking in connection therewith. The Company acknowledges that in the absence of a waiver, a bond or undertaking may be required of Indemnitee by a court of competent jurisdiction, and the Company hereby waives any such requirement of such a bond or undertaking to the fullest extent permitted by law.

20. **MODIFICATION AND WAIVER.** No supplement, modification or amendment of this Agreement shall be binding unless executed in writing by the Company and Indemnitee. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provisions of this Agreement nor shall any waiver constitute a continuing waiver.

21. **NOTICES.** All notices, requests, demands and other communications under this Agreement shall be in writing and shall be deemed to have been duly given (i) if delivered by hand and receipted for by the party to whom said notice or other communication shall have been directed, on such delivery, or (ii) if mailed by certified or registered mail with postage prepaid, on the third (3rd) business day after the date on which it is so mailed:

22. **APPLICABLE LAW AND CONSENT TO JURISDICTION.** This Agreement and the legal relations among the parties shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware, without regard to its conflict of laws rules. Except with respect to any arbitration commenced by Indemnitee pursuant to Section 14(a) of this Agreement, to the fullest extent permitted by law, the Company and Indemnitee hereby irrevocably and unconditionally: (a) agree that any action or proceeding arising out of or in connection with this Agreement shall be brought only in the Delaware Court and not in any other state or federal court in the United States of America or any court in any other country; (b) consent to submit to the exclusive jurisdiction of the Delaware Court for purposes of any action or proceeding arising out of or in connection with this Agreement; (c) waive any objection to the laying of venue of any such action or proceeding in the Delaware Court; and (d) waive, and agree not to plead or to make, any claim that any such action or proceeding brought in the Delaware Court has been brought in an improper or inconvenient forum, or is subject (in whole or in part) to a jury trial. 23. **IDENTICAL COUNTERPARTS.** This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original but all of which together shall constitute one and the same Agreement. 24. **MISCELLANEOUS.** Use of the masculine pronoun shall be deemed to include usage of the feminine pronoun where appropriate. The headings of the paragraphs of this Agreement are inserted for convenience only and shall not be deemed to constitute part of this Agreement or to affect the construction thereof.

25. **PERIOD OF LIMITATIONS.** No legal action shall be brought and no cause of action shall be asserted by or in the right of the Company against Indemnitee, Indemnitee's spouse, heirs, executors or personal or legal representatives after the expiration of two years from the date of accrual of such cause of action, and any claim or cause of action of the Company shall be extinguished and deemed released unless asserted by the timely filing of a legal action within such two-year period; provided, however, that if any shorter period of limitations is otherwise applicable to any such cause of action such shorter period shall govern.

26. **ADDITIONAL ACTS.** If for the validation of any of the provisions in this Agreement any act, resolution, approval or other procedure is required to the fullest extent permitted by law, the Company undertakes to cause such act, resolution, approval or other procedure to be affected or adopted in a manner that will enable the Company to fulfill its obligations under this Agreement.

27. **WAIVER OF CLAIMS TO TRUST ACCOUNT.** Indemnitee hereby agrees that it does not have any right, title, interest or claim of any kind (each, a "**Claim**") in or to any monies in the trust account established in connection with the Company's initial public offering for the benefit of the Company and holders of shares issued in such offering, and hereby waives any Claim it may have in the future as a result of, or arising out of, any services provided to the Company and will not seek recourse against such trust account for any reason whatsoever. Accordingly, Indemnitee acknowledges and agrees that any indemnification provided hereto will only be able to be satisfied by the Company if (i) the Company has sufficient funds outside of the trust account to satisfy its obligations hereunder or (ii) the Company consummates a Business Combination.

28. **MAINTENANCE OF INSURANCE.** The Company shall use commercially reasonable efforts to obtain and maintain in effect during the entire period for which the Company is obligated to indemnify Indemnitee under this Agreement, one or more policies of insurance with reputable insurance companies to provide the officers/directors of the Company with coverage for losses from wrongful acts and omissions and to ensure the Company's performance of its indemnification obligations under this Agreement. Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage available for any such director or officer under such policy or policies. In all such insurance policies, Indemnitee shall be named as an insured in such a manner as to provide Indemnitee with the same rights and benefits as are accorded to the most favorably insured of the Company's directors and officers.

14.6. Notices. Each Party shall deliver all notices, requests, demands, or other communication required or permitted hereunder in writing and referencing this Agreement and shall be deemed to be properly given upon the earliest of: (a) when delivered personally; (b) when sent by confirmed electronic mail if sent during normal business hours of the recipient, if not, then on the next business day or (c) two (2) business days after deposit with an internationally recognized express courier, with written confirmation of receipt. All notices shall be sent to the address specified on the signature page of this Agreement or to such other address as may be designated by a Party by giving written notice to the other Parties pursuant to this Section 14.6. As used herein, the term "**business day**" means any weekday that banks are open for business in San Francisco, California.

14.7. Force Majeure. No party will be responsible for any failure or delay in its performance under this Agreement (except for any payment obligations) due to causes beyond its reasonable control, including, but not limited to, labor disputes, strikes, lockouts, shortages of or inability to obtain energy, raw materials or supplies, war, terrorism, riot, or acts of God.

14.8. Press Releases. No Party will make or issue any press release, public announcement or public disclosure in respect of this Agreement or the other Parties or use in advertising, publicity or other public materials the name or trademarks of the other Parties or its Affiliates without the other Parties' prior written consent. Notwithstanding the foregoing, the Parties may consent to the issuance of press releases or other public statements regarding this Agreement or the activities of the Parties hereunder upon the occurrence of certain mutually agreed upon events set forth in a Purchase Order.

If this Agreement is ever construed, whether by a court or by an arbitrator, such court or arbitrator shall not construe this Agreement or any provision hereof against any Party as the drafter. The headings used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement. As used in this Agreement, the words "include" and "including," and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words "without limitation."

INDEMNITY AGREEMENT

THIS INDEMNITY AGREEMENT (this "Agreement") is made as of [•], by and between QT Imaging Holdings, Inc., a Delaware corporation (the "Company"), and [•] ("Indemnitee").

RECITALS

WHEREAS, highly competent persons have become more reluctant to serve publicly-held corporations as directors, officers or in other capacities unless they are provided with adequate protection through insurance or adequate indemnification against inordinate risks of claims and actions against them arising out of their service to and activities on behalf of such corporations;

WHEREAS, the Board of Directors of the Company (the "**Board**") has determined that, in order to attract and retain qualified individuals, the Company will attempt to maintain on an ongoing basis, at its sole expense, liability insurance to protect persons serving the Company and its subsidiaries from certain liabilities. Although the furnishing of such insurance has been a customary and widespread practice among United States-based corporations and other business enterprises, the Company believes that, given current market conditions and trends, such insurance may be available to it in the future only at higher premiums and with more exclusions. At the same time, directors, officers and other persons in service to corporations or business enterprises are being increasingly subjected to expensive and time-consuming litigation relating to, among other things, matters that traditionally would have been brought only against the Company or business enterprise itself. The Amended and Restated Certificate of Incorporation (the "**Charter**") and the Bylaws (the "**Bylaws**") of the Company require indemnification of the officers and directors of the Company. Indemnitee may also be entitled to indemnification pursuant to applicable provisions of the Delaware General Corporation Law ("**DGCL**"). The Charter, Bylaws and the DGCL expressly provide that the indemnification provisions set forth therein are not exclusive, and thereby contemplate that contracts may be entered into between the Company and members of the Board, officers and other persons with respect to indemnification, hold harmless, exoneration, advancement and reimbursement rights;

WHEREAS, the uncertainties relating to such insurance and to indemnification have increased the difficulty of attracting and retaining such persons;

WHEREAS, the Board has determined that the increased difficulty in attracting and retaining such persons is detrimental to the best interests of the Company's stockholders and that the Company should act to assure such persons that there will be increased certainty of such protection in the future;

WHEREAS, it is reasonable, prudent and necessary for the Company contractually to obligate itself to indemnify, hold harmless, exonerate and to advance expenses on behalf of, such persons to the fullest extent permitted by applicable law so that they will serve or continue to serve the Company free from undue concern that they will not be so protected against liabilities;

WHEREAS, this Agreement is a supplement to and in furtherance of the Charter and Bylaws of the Company and any resolutions adopted pursuant thereto, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder;

WHEREAS, Indemnitee may not be willing to serve as an officer, director, advisor or in another capacity without adequate protection, and the Company desires Indemnitee to serve in such capacity. Indemnitee is willing to serve, continue to serve and to take on additional service for or on behalf of the Company on the condition that he or she be so indemnified; and

NOW, THEREFORE, in consideration of the premises and the covenants contained herein and subject to the provisions of the letter agreement, dated the date hereof, among the Company, Indemnitee and the other parties thereto, the Company and Indemnitee do hereby covenant and agree as follows:

TERMS AND CONDITIONS

1. **SERVICES TO THE COMPANY.** In consideration of the Company's covenants and obligations hereunder, Indemnitee will serve or continue to serve as an officer, director, advisor, key employee or in any other capacity of the Company, as applicable, for so long as Indemnitee is duly elected or appointed or retained or until Indemnitee tenders his or her resignation or until Indemnitee is removed. The foregoing notwithstanding, this Agreement shall continue in full force and effect after Indemnitee has ceased to serve as a director, officer, advisor, key employee or in any other capacity of the Company, as provided in Section 17. This Agreement, however, shall not impose any obligation on Indemnitee or the Company to continue Indemnitee's service to the Company beyond any period otherwise required by law or by other agreements or commitments of the parties, if any.

2. **DEFINITIONS.** As used in this Agreement:

(a) References to "**agent**" shall mean any person who is or was a director, officer or employee of the Company or a subsidiary of the Company or other person authorized by the Company to act for the Company, to include such person serving in such capacity as a director, officer, employee, advisor, fiduciary or other official of another corporation, partnership, limited liability company, joint venture, employee benefit plan, nonprofit entity, partnership, joint venture, trust or other enterprise at the request of, for the convenience of, or to represent the interests of the Company or a subsidiary of the Company; or was a director, officer, employee, advisor, fiduciary, or other official of a foreign or domestic corporation which was a predecessor corporation of the Company or a subsidiary of the Company, or was a director, officer, employee, advisor, fiduciary, or other official of another enterprise at the request of, for the convenience of, or to represent the interests of such predecessor corporation.

(b) The terms "**Beneficial Owner**" and "**Beneficial Ownership**" shall have the meanings set forth in Rule 13d-3 promulgated under the Exchange Act (as defined below) as in effect on the date hereof.

(c) A "**Change in Control**" shall be deemed to occur upon the earliest to occur after the date of this Agreement of any of the following events:

(i) Acquisition of Stock by Third Party. Other than an affiliate or member of GigAcquisitions5, LLC (the "**Sponsor**"), any Person (as defined below) is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company representing fifteen percent (15%) or more of the combined voting power of the Company's then outstanding securities entitled to vote generally in the election of directors, unless (1) the change in the relative Beneficial Ownership of the Company's securities by any Person results solely from a reduction in the aggregate number of outstanding shares of securities entitled to vote generally in the election of directors, or (2) such acquisition was approved in advance by the Continuing Directors (as defined below) and such acquisition would not constitute a Change in Control under part (iii) of this definition;

(ii) Change in Board of Directors. Individuals who, as of the date hereof, constitute the Board, and any new director whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two thirds of the directors then still in office who were directors on the date hereof or whose election or nomination for election was previously so approved (collectively, the "**Continuing Directors**"), cease for any reason to constitute at least a majority of the members of the Board;

(iii) Corporate Transactions. The effective date of a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, recapitalization or similar business combination, involving the Company and one or more businesses (a "**Business Combination**"), in each case, unless, following such Business Combination: (1) all or substantially all of the individuals and entities who were the Beneficial Owners of securities entitled to vote generally in the election of directors immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% plus one share of the combined voting power of the then outstanding securities of the Company entitled to vote generally in the election of directors resulting from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or through one or more Subsidiaries (as defined below)) in substantially the same proportions as their ownership immediately prior to such Business Combination, of the securities entitled to vote generally in the election of directors; (2) other

than a member or an affiliate of the Sponsor, no Person (excluding any corporation resulting from such Business Combination) is the Beneficial Owner, directly or indirectly, of 15% or more of the combined voting power of the then outstanding securities entitled to vote generally in the election of directors of the surviving corporation except to the extent that such ownership existed prior to the Business Combination; and (3) at least a majority of the Board of Directors of the corporation resulting from such Business Combination were Continuing Directors at the time of the execution of the initial agreement, or of the action of the Board of Directors, providing for such Business Combination;

(iv) Liquidation. The approval by the stockholders of the Company of a complete liquidation of the Company or an agreement or series of agreements for the sale or disposition by the Company of all or substantially all of the Company's assets, other than factoring the Company's current receivables or escrows due (or, if such stockholder approval is not required, the decision by the Board to proceed with such a liquidation, sale, or disposition in one transaction or a series of related transactions); or

(v) Other Events. There occurs any other event of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A (or any successor rule) (or a response to any similar item on any similar schedule or form) promulgated under the Exchange Act (as defined below), whether or not the Company is then subject to such reporting requirement.

(d) **"Corporate Status"** describes the status of a person who is or was a director, officer, trustee, general partner, manager, managing member, advisor, fiduciary, employee or agent of the Company or of any other Enterprise (as defined below) which such person is or was serving at the request of the Company.

(e) **"Delaware Court"** shall mean the Court of Chancery of the State of Delaware.

(f) **"Disinterested Director"** shall mean a director of the Company who is not and was not a party to the Proceeding (as defined below) in respect of which indemnification is sought by Indemnitee.

(g) **"Enterprise"** shall mean the Company and any other corporation, constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger to which the Company (or any of its wholly owned subsidiaries) is a party, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise of which Indemnitee is or was serving at the request of the Company as a director, officer, trustee, general partner, managing member, advisor, fiduciary, employee or agent.

(h) **"Exchange Act"** shall mean the Securities Exchange Act of 1934, as amended.

(i) **"Expenses"** shall include all direct and indirect out-of-pocket costs, fees and expenses of any type or nature whatsoever, including, without limitation, all reasonable attorneys' fees and costs, retainers, court costs, transcript costs, fees of experts, witness fees, travel expenses, fees of private investigators and professional advisors, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees, fax transmission charges, secretarial services and all other disbursements, obligations or expenses in connection with prosecuting, defending, preparing to prosecute or defend, investigating, being or preparing to be a witness in, settlement or appeal of, or otherwise participating in, a Proceeding (as defined below), including reasonable compensation for time spent by Indemnitee for which he or she is not otherwise compensated by the Company or any third party. Expenses also shall include Expenses incurred in connection with any appeal resulting from any Proceeding (as defined below), including without limitation the principal, premium, security for, and other costs relating to any cost bond, supersedeas bond, or other appeal bond or its equivalent. Expenses, however, shall not include amounts paid in settlement by Indemnitee or the amount of judgments or fines against Indemnitee.

(j) References to **"fines"** shall include any excise tax assessed on Indemnitee with respect to any employee benefit plan; references to "serving at the request of the Company" shall include any service as a director, officer, employee, advisor, agent or fiduciary of the Company which imposes duties on, or involves services by, such director, officer, employee, advisor, agent or fiduciary with respect to an employee benefit plan, its participants or beneficiaries; and if Indemnitee acted in good faith and in a manner Indemnitee reasonably believed to be in the best interests of the participants and beneficiaries of an employee benefit plan, Indemnitee shall be deemed to have acted in a manner "not opposed to the best interests of the Company" as referred to in this Agreement.

(k) "**Independent Counsel**" shall mean a law firm or a member of a law firm with significant experience in matters of corporation law and that neither presently is, nor in the past five years has been, retained to represent: (i) the Company or Indemnitee in any matter material to either such party (other than with respect to matters concerning Indemnitee under this Agreement, or of other indemnitees under similar indemnification agreements); or (ii) any other party to the Proceeding (as defined below) giving rise to a claim for indemnification hereunder. Notwithstanding the foregoing, the term "**Independent Counsel**" shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or Indemnitee in an action to determine Indemnitee's rights under this Agreement.

(l) The term "**Person**" shall have the meaning as set forth in Sections 13(d) and 14(d) of the Exchange Act as in effect on the date hereof; provided, however, that "**Person**" shall exclude: (i) the Company; (ii) any Subsidiaries (as defined below) of the Company; (iii) any employment benefit plan of the Company or of a Subsidiary (as defined below) of the Company or of any corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company; and (iv) any trustee or other fiduciary holding securities under an employee benefit plan of the Company or of a Subsidiary (as defined below) of the Company or of a corporation owned directly or indirectly by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company.

(m) The term "**Proceeding**" shall include any threatened, pending or completed action, suit, arbitration, mediation, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding, whether brought in the right of the Company or otherwise and whether of a civil (including intentional or unintentional tort claims), criminal, administrative or investigative or related nature, in which Indemnitee was, is, will or might be involved as a party or otherwise by reason of the fact that Indemnitee is or was a director or officer of the Company, by reason of any action (or failure to act) taken by him or her, or of any action (or failure to act) on his or her part while acting as a director or officer of the Company, or by reason of the fact that he or she is or was serving at the request of the Company as a director, officer, trustee, general partner, managing member, advisor, fiduciary, employee or agent of any other Enterprise, in each case whether or not serving in such capacity at the time any liability or expense is incurred for which indemnification, reimbursement, or advancement of expenses can be provided under this Agreement.

(n) The term "**Subsidiary**," with respect to any Person, shall mean any corporation, limited liability company, partnership, joint venture, trust or other entity of which a majority of the voting power of the voting equity securities or equity interest is owned, directly or indirectly, by that Person.

(o) The phrase "**to the fullest extent permitted by applicable law**" shall include, but not be limited to: (a) to the fullest extent authorized or permitted by the provision of the DGCL that authorizes or contemplates additional indemnification by agreement, or the corresponding provision of any amendment to or replacement of the DGCL, and (b) to the fullest extent authorized or permitted by any amendments to or replacements of the DGCL adopted after the date of this Agreement that increase the extent to which a corporation may indemnify its officers and directors.

3. INDEMNITY IN THIRD-PARTY PROCEEDINGS. To the fullest extent permitted by applicable law, the Company shall indemnify, hold harmless and exonerate Indemnitee in accordance with the provisions of this Section 3 if Indemnitee was, is, or is threatened to be made, a party to or a participant (as a witness, deponent or otherwise) in any Proceeding, other than a Proceeding by or in the right of the Company to procure a judgment in its favor by reason of Indemnitee's Corporate Status. Pursuant to this Section 3, Indemnitee shall be indemnified, held harmless and exonerated against all Expenses, judgments, liabilities, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually, and reasonably incurred by Indemnitee or on his or her behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company and, in the case of a criminal Proceeding, had no reasonable cause to believe that his or her conduct was unlawful; provided, in no event shall Indemnitee be entitled to be indemnified, held harmless or advanced any amounts hereunder in respect of any Expenses, judgments, liabilities, fines, penalties and amounts paid in settlement (if any) that Indemnitee may incur by reason of his or her own actual fraud or intentional misconduct. Indemnitee shall not be found to have committed actual fraud or intentional misconduct for any purpose of this Agreement unless or until a court of competent jurisdiction shall have made a finding to that effect.

4. INDEMNITY IN PROCEEDINGS BY OR IN THE RIGHT OF THE COMPANY To the fullest extent permitted by applicable law, the Company shall indemnify, hold harmless and exonerate Indemnitee in accordance with the provisions of this Section 4 if Indemnitee was, is, or is threatened to be made, a party to or a participant (as a witness, deponent or otherwise) in any Proceeding by or in the right of the Company to procure a judgment in its favor by reason of Indemnitee's Corporate Status. Pursuant to this Section 4, Indemnitee shall be indemnified, held harmless and exonerated against all Expenses actually and reasonably incurred by him or her or on his or her behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company. No indemnification, hold harmless or exoneration for Expenses shall be made under this Section 4 in respect of any claim, issue or matter as to which Indemnitee shall have been finally adjudged by a court to be liable to the Company, unless and only to the extent that any court in which the Proceeding was brought or the Delaware Court shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, Indemnitee is fairly and reasonably entitled to indemnification, to be held harmless or to exoneration.

5. INDEMNIFICATION FOR EXPENSES OF A PARTY WHO IS WHOLLY OR PARTLY SUCCESSFUL Notwithstanding any other provisions of this Agreement except for Section 27, to the extent that Indemnitee was or is, by reason of Indemnitee's Corporate Status, a party to (or a participant in) and is successful, on the merits or otherwise, in any Proceeding or in defense of any claim, issue or matter therein, in whole or in part, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses actually and reasonably incurred by him or her in connection therewith. If Indemnitee is not wholly successful in such Proceeding but is successful, on the merits or otherwise, as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses actually and reasonably incurred by him or her or on his or her behalf in connection with each successfully resolved claim, issue or matter. If Indemnitee is not wholly successful in such Proceeding, the Company also shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses reasonably incurred in connection with a claim, issue or matter related to any claim, issue, or matter on which Indemnitee was successful. For purposes of this Section and without limitation, the termination of any claim, issue or matter in such a Proceeding by dismissal, with or without prejudice, shall be deemed to be a successful result as to such claim, issue or matter.

6. INDEMNIFICATION FOR EXPENSES OF A WITNESS Notwithstanding any other provision of this Agreement except for Section 27, to the extent that Indemnitee is, by reason of his or her Corporate Status, a witness or deponent in any Proceeding to which Indemnitee was or is not a party or threatened to be made a party, he or she shall, to the fullest extent permitted by applicable law, be indemnified, held harmless and exonerated against all Expenses actually and reasonably incurred by him or her or on his or her behalf in connection therewith.

7. ADDITIONAL INDEMNIFICATION, HOLD HARMLESS AND EXONERATION RIGHTS

(a) Notwithstanding any limitation in Sections 3, 4, or 5, except for Section 27, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee if Indemnitee is a party to or threatened to be made a party to any Proceeding (including a Proceeding by or in the right of the Company to procure a judgment in its favor) against all Expenses, judgments, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by Indemnitee in connection with the Proceeding. No indemnification, hold harmless or exoneration rights shall be available under this Section 7(a) on account of Indemnitee's conduct which constitutes a breach of Indemnitee's duty of loyalty to the Company or its stockholders or is an act or omission not in good faith or which involves intentional misconduct or a knowing violation of the law.

(b) Notwithstanding any limitation in Sections 3, 4, 5 or 7(a), except for Section 27, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee if Indemnitee is a party to or threatened to be made a party to any Proceeding (including a Proceeding by or in the right of the Company to procure a judgment in its favor) against all Expenses, judgments, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by Indemnitee in connection with the Proceeding.

8. CONTRIBUTION IN THE EVENT OF JOINT LIABILITY.

(a) To the fullest extent permissible under applicable law, if the indemnification, hold harmless and/or exoneration rights provided for in this Agreement are unavailable to Indemnitee in whole or in part for any reason whatsoever, the Company, in lieu of indemnifying, holding harmless or exonerating Indemnitee, shall pay, in the first instance, the entire amount incurred by Indemnitee, whether for judgments, liabilities, fines, penalties, amounts paid or to be paid in settlement and/or for Expenses, in connection with any Proceeding without requiring Indemnitee to contribute to such payment, and the Company hereby waives and relinquishes any right of contribution it may have at any time against Indemnitee.

(b) The Company shall not enter into any settlement of any Proceeding in which the Company is jointly liable with Indemnitee (or would be if joined in such Proceeding) unless such settlement provides for a full and final release of all claims asserted against Indemnitee.

(c) The Company hereby agrees to fully indemnify, hold harmless and exonerate Indemnitee from any claims for contribution which may be brought by officers, directors or employees of the Company other than Indemnitee who may be jointly liable with Indemnitee.

9. EXCLUSIONS. Notwithstanding any provision in this Agreement (except for section 27), the Company shall not be obligated under this Agreement to make any indemnification, advance expenses, hold harmless or exoneration payment in connection with any claim made against Indemnitee:

(a) for which payment has actually been received by or on behalf of Indemnitee under any insurance policy or other indemnity or advancement provision, except with respect to any excess beyond the amount actually received under any insurance policy, contract, agreement, other indemnity or advancement provision or otherwise;

(b) for an accounting of profits made from the purchase and sale (or sale and purchase) by Indemnitee of securities of the Company within the meaning of Section 16(b) of the Exchange Act (or any successor rule) or similar provisions of state statutory law or common law; or

(c) except as otherwise provided in Sections 14(f) and (g) hereof, prior to a Change in Control, in connection with any Proceeding (or any part of any Proceeding) initiated by Indemnitee, including any Proceeding (or any part of any Proceeding) initiated by Indemnitee against the Company or its directors, officers, employees or other indemnitees, unless (i) the Board authorized the Proceeding (or any part of any Proceeding) prior to its initiation or (ii) the Company provides the indemnification, hold harmless or exoneration payment, in its sole discretion, pursuant to the powers vested in the Company under applicable law. Indemnitee shall seek payments or advances from the Company only to the extent that such payments or advances are unavailable from any insurance policy of the Company covering Indemnitee.

10. ADVANCES OF EXPENSES; DEFENSE OF CLAIM

(a) Notwithstanding any provision of this Agreement to the contrary except for Section 27, and to the fullest extent not prohibited by applicable law, the Company shall pay the Expenses incurred by Indemnitee (or reasonably expected by Indemnitee to be incurred by Indemnitee within three months) in connection with any Proceeding within ten (10) days after the receipt by the Company of a statement or statements requesting such advances from time to time, prior to the final disposition of any Proceeding. Advances shall, to the fullest extent permitted by law, be unsecured and interest free. Advances shall, to the fullest extent permitted by law, be made without regard to Indemnitee's ability to repay the Expenses and without regard to Indemnitee's ultimate entitlement to be indemnified, held harmless or exonerated under the other provisions of this Agreement. Advances shall include any and all reasonable Expenses incurred pursuing a Proceeding to enforce this right of advancement, including Expenses incurred preparing and forwarding statements to the Company to support the advances claimed. To the fullest extent required by applicable law, such payments of Expenses in advance of the final disposition of the Proceeding shall be made only upon the Company's receipt of an undertaking, by or on behalf of Indemnitee, to repay the advanced amounts to the extent that it is ultimately determined that Indemnitee is not entitled to be indemnified by the Company under the provisions of this Agreement, the Charter, the Bylaws of the Company, applicable law or otherwise. If it shall be

determined by a final judgment or other final adjudication that Indemnitee was not so entitled to indemnification, any advancement shall be returned to the Company (without interest) by the Indemnitee. This Section 10(a) shall not apply to any claim made by Indemnitee for which an indemnification, hold harmless or exoneration payment is excluded pursuant to Section 9 but shall apply to any Proceeding referenced in Section 9(b) prior to a final determination that Indemnitee is liable therefor.

(b) The Company will be entitled to participate in the Proceeding at its own expense.

(c) The Company shall not settle any action, claim or Proceeding (in whole or in part) which would impose any Expense, judgment, fine, penalty or limitation on Indemnitee without Indemnitee's prior written consent.

11. PROCEDURE FOR NOTIFICATION AND APPLICATION FOR INDEMNIFICATION

(a) Indemnitee agrees to notify promptly the Company in writing upon being served with any summons, citation, subpoena, complaint, indictment, information or other document relating to any Proceeding, claim, issue or matter therein which may be subject to indemnification, hold harmless or exoneration rights, or advancement of Expenses covered hereunder. The failure of Indemnitee to so notify the Company shall not relieve the Company of any obligation which it may have to Indemnitee under this Agreement, or otherwise.

(b) Indemnitee may deliver to the Company a written application to indemnify, hold harmless or exonerate Indemnitee in accordance with this Agreement. Such application(s) may be delivered from time to time and at such time(s) as Indemnitee deems appropriate in his or her sole discretion. Following such a written application for indemnification by Indemnitee, Indemnitee's entitlement to indemnification shall be determined according to Section 12(a) of this Agreement.

12. PROCEDURE UPON APPLICATION FOR INDEMNIFICATION

(a) A determination, if required by applicable law, with respect to Indemnitee's entitlement to indemnification shall be made in the specific case by one of the following methods, which shall be at the election of Indemnitee: (i) by a majority vote of the Disinterested Directors, even though less than a quorum of the Board, (ii) by a committee of such directors designated by majority vote of such directors, (iii) if there are no Disinterested Directors or if such directors so direct, by Independent Counsel in a written opinion to the Board, a copy of which shall be delivered to Indemnitee, or (iv) by vote of the stockholders. The Company promptly will advise Indemnitee in writing with respect to any determination that Indemnitee is or is not entitled to indemnification, including a description of any reason or basis for which indemnification has been denied. If it is so determined that Indemnitee is entitled to indemnification, payment to Indemnitee shall be made within ten (10) days after such determination. Indemnitee shall reasonably cooperate with the person, persons or entity making such determination with respect to Indemnitee's entitlement to indemnification, including providing to such person, persons or entity upon reasonable advance request any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnitee and reasonably necessary to such determination. Any costs or Expenses (including reasonable attorneys' fees and disbursements) incurred by Indemnitee in so cooperating with the person, persons or entity making such determination shall be borne by the Company (irrespective of the determination as to Indemnitee's entitlement to indemnification) and the Company hereby agrees to indemnify and to hold Indemnitee harmless therefrom.

(b) In the event the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 12(a) hereof, the Independent Counsel shall be selected as provided in this Section 12(b). The Independent Counsel shall be selected by Indemnitee (unless Indemnitee shall request that such selection be made by the Board), and Indemnitee shall give written notice to the Company advising it of the identity of the Independent Counsel so selected and certifying that the Independent Counsel so selected meets the requirements of "Independent Counsel" as defined in Section 2 of this Agreement. If the Independent Counsel is selected by the Board, the Company shall give written notice to Indemnitee advising him or her of the identity of the Independent Counsel so selected and certifying that the Independent Counsel so selected meets the requirements of "Independent Counsel" as defined in Section 2 of this Agreement. In either event, Indemnitee or the Company, as the case may be, may, within ten (10) days after such written notice of selection shall have been received, deliver to the Company or to Indemnitee, as the case may be, a written objection to such selection; provided, however, that such objection may be asserted only on the ground

that the Independent Counsel so selected does not meet the requirements of “**Independent Counsel**” as defined in Section 2 of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If such written objection is so made and substantiated, the Independent Counsel so selected may not serve as Independent Counsel unless and until such objection is withdrawn or a court of competent jurisdiction has determined that such objection is without merit. If, within twenty (20) days after submission by Indemnitee of a written request for indemnification pursuant to Section 11(b) hereof, no Independent Counsel shall have been selected and not objected to, either the Company or Indemnitee may petition the Delaware Court for resolution of any objection which shall have been made by the Company or Indemnitee to the other’s selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by the Delaware Court, and the person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel under Section 12(a) hereof. Upon the due commencement of any judicial proceeding or arbitration pursuant to Section 14(a) of this Agreement, Independent Counsel shall be discharged and relieved of any further responsibility in such capacity (subject to the applicable standards of professional conduct then prevailing).

(c) The Company agrees to pay the reasonable fees and expenses of Independent Counsel and to fully indemnify and hold harmless such Independent Counsel against any and all Expenses, claims, liabilities and damages arising out of or relating to this Agreement or its engagement pursuant hereto.

13. PRESUMPTIONS AND EFFECT OF CERTAIN PROCEEDINGS

(a) In making a determination with respect to entitlement to indemnification hereunder, the person, persons or entity making such determination shall presume that Indemnitee is entitled to indemnification under this Agreement if Indemnitee has submitted a request for indemnification in accordance with Section 11(b) of this Agreement, and the Company shall have the burden of proof to overcome that presumption in connection with the making by any person, persons or entity of any determination contrary to that presumption. Neither the failure of the Company (including by the Disinterested Directors or Independent Counsel) to have made a determination prior to the commencement of any action pursuant to this Agreement that indemnification is proper in the circumstances because Indemnitee has met the applicable standard of conduct, nor an actual determination by the Company (including by the Disinterested Directors or Independent Counsel) that Indemnitee has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that Indemnitee has not met the applicable standard of conduct.

(b) If the person, persons or entity empowered or selected under Section 12 of this Agreement to determine whether Indemnitee is entitled to indemnification shall not have made a determination within thirty (30) days after receipt by the Company of the request therefor, the requisite determination of entitlement to indemnification shall, to the fullest extent permitted by law, be deemed to have been made and Indemnitee shall be entitled to such indemnification, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee’s statement not materially misleading, in connection with the request for indemnification, or (ii) a final judicial determination that any or all such indemnification is expressly prohibited under applicable law; provided, however, that such 30-day period may be extended for a reasonable time, not to exceed an additional fifteen (15) days, if the person, persons or entity making the determination with respect to entitlement to indemnification in good faith requires such additional time for the obtaining or evaluating of documentation and/or information relating thereto.

(c) The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of nolo contendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that Indemnitee did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his or her conduct was unlawful.

(d) For purposes of any determination of good faith, Indemnitee shall be deemed to have acted in good faith if Indemnitee’s action is based on the records or books of account of the Enterprise, including financial statements, or on information supplied to Indemnitee by the directors, manager, or officers of the Enterprise in the course of their duties, or on the advice of legal counsel for the Enterprise, its Board, any committee of the Board or any director, trustee, general partner, manager or managing member, or on information or records

given or reports made to the Enterprise, its Board, any committee of the Board or any director, trustee, general partner, manager or managing member, by an independent certified public accountant or by an appraiser or other expert selected by the Enterprise, its Board, any committee of the Board or any director, trustee, general partner, manager or managing member. The provisions of this Section 13(d) shall not be deemed to be exclusive or to limit in any way the other circumstances in which Indemnitee may be deemed or found to have met the applicable standard of conduct set forth in this Agreement.

(e) The knowledge and/or actions, or failure to act, of any other director, officer, trustee, partner, manager, managing member, advisor, fiduciary, agent or employee of the Enterprise shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement.

14. REMEDIES OF INDEMNITEE.

(a) In the event that (i) a determination is made pursuant to Section 12 of this Agreement that Indemnitee is not entitled to indemnification under this Agreement, (ii) advancement of Expenses, to the fullest extent permitted by applicable law, is not timely made pursuant to Section 10 of this Agreement, (iii) no determination of entitlement to indemnification shall have been made pursuant to Section 12(a) of this Agreement within thirty (30) days after receipt by the Company of the request for indemnification, (iv) payment of indemnification is not made pursuant to Section 5, 6, 7 or the last sentence of Section 12(a) of this Agreement within ten (10) days after receipt by the Company of a written request therefor, (v) a contribution payment is not made in a timely manner pursuant to Section 8 of this Agreement, (vi) payment of indemnification pursuant to Section 3 or 4 of this Agreement is not made within ten (10) days after a determination has been made that Indemnitee is entitled to indemnification, or (vii) payment to Indemnitee pursuant to any hold harmless or exoneration rights under this Agreement or otherwise is not made in accordance with this Agreement within ten (10) days after receipt by the Company of a written request therefor, Indemnitee shall be entitled to an adjudication by the Delaware Court to such indemnification, hold harmless, exoneration, contribution or advancement rights. Alternatively, Indemnitee, at his or her option, may seek an award in arbitration to be conducted by a single arbitrator pursuant to the Commercial Arbitration Rules and Mediation Procedures of the American Arbitration Association. Except as set forth herein, the provisions of Delaware law (without regard to its conflict of laws rules) shall apply to any such arbitration. The Company shall not oppose Indemnitee's right to seek any such adjudication or award in arbitration.

(b) In the event that a determination shall have been made pursuant to Section 12(a) of this Agreement that Indemnitee is not entitled to indemnification, any judicial proceeding or arbitration commenced pursuant to this Section 14 shall be conducted in all respects as a de novo trial, or arbitration, on the merits and Indemnitee shall not be prejudiced by reason of that adverse determination.

(c) In any judicial proceeding or arbitration commenced pursuant to this Section 14, Indemnitee shall be presumed to be entitled to be indemnified, held harmless, exonerated to receive advancement of Expenses under this Agreement and the Company shall have the burden of proving Indemnitee is not entitled to be indemnified, held harmless, exonerated and to receive advancement of Expenses, as the case may be, and the Company may not refer to or introduce into evidence any determination pursuant to Section 12(a) of this Agreement adverse to Indemnitee for any purpose. If Indemnitee commences a judicial proceeding or arbitration pursuant to this Section 14, Indemnitee shall not be required to reimburse the Company for any advances pursuant to Section 10 until a final determination is made with respect to Indemnitee's entitlement to indemnification (as which all rights of appeal have been exhausted or lapsed).

(d) If a determination shall have been made pursuant to Section 12(a) of this Agreement that Indemnitee is entitled to indemnification, the Company shall be bound by such determination in any judicial proceeding or arbitration commenced pursuant to this Section 14, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law.

(e) The Company shall be precluded from asserting in any judicial proceeding or arbitration commenced pursuant to this Section 14 that the procedures and presumptions of this Agreement are not valid, binding and enforceable and shall stipulate in any such court or before any such arbitrator that the Company is bound by all the provisions of this Agreement.

(f) The Company shall indemnify and hold harmless Indemnitee to the fullest extent permitted by law against all Expenses and, if requested by Indemnitee, shall (within ten (10) days after the Company's receipt of such written request) pay to Indemnitee, to the fullest extent permitted by applicable law, such Expenses which are incurred by Indemnitee in connection with any judicial proceeding or arbitration brought by Indemnitee: (i) to enforce his or her rights under, or to recover damages for breach of, this Agreement or any other indemnification, hold harmless, exoneration, advancement or contribution agreement or provision of the Charter, or the Bylaws now or hereafter in effect; or (ii) for recovery or advances under any insurance policy maintained by any person for the benefit of Indemnitee, regardless of the outcome and whether Indemnitee ultimately is determined to be entitled to such indemnification, hold harmless or exoneration right, advancement, contribution or insurance recovery, as the case may be (unless such judicial proceeding or arbitration was not brought by Indemnitee in good faith).

(g) Interest shall be paid by the Company to Indemnitee at the legal rate under Delaware law for amounts which the Company indemnifies, holds harmless or exonerates, or advances, or is obliged to indemnify, hold harmless or exonerate or advance for the period commencing with the date on which Indemnitee requests indemnification, to be held harmless, exonerated, contribution, reimbursement or advancement of any Expenses and ending with the date on which such payment is made to Indemnitee by the Company.

15. **SECURITY.** Notwithstanding anything herein to the contrary, except for Section 27, to the extent requested by Indemnitee and approved by the Board, the Company may at any time and from time to time provide security to Indemnitee for the Company's obligations hereunder through an irrevocable bank line of credit, funded trust or other collateral. Any such security, once provided to Indemnitee, may not be revoked or released without the prior written consent of Indemnitee.

16. **NON-EXCLUSIVITY; SURVIVAL OF RIGHTS; INSURANCE; SUBROGATION.**

(a) The rights of Indemnitee as provided by this Agreement shall not be deemed exclusive of any other rights to which Indemnitee may at any time be entitled under applicable law, the Charter, the Bylaws, any agreement, a vote of stockholders or a resolution of Disinterested Directors, or otherwise. No amendment, alteration or repeal of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any Proceeding (regardless of when such Proceeding is first threatened, commenced or completed) or claim, issue or matter therein arising out of, or related to, any action taken or omitted by such Indemnitee in his or her Corporate Status prior to such amendment, alteration or repeal. To the extent that a change in applicable law, whether by statute or judicial decision, permits greater indemnification, hold harmless or exoneration rights or advancement of Expenses than would be afforded currently under the Charter, the Bylaws or this Agreement, it is the intent of the parties hereto that Indemnitee shall enjoy by this Agreement the greater benefits so afforded by such change. No right or remedy herein conferred is intended to be exclusive of any other right or remedy, and every other right and remedy shall be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other right or remedy.

(b) The DGCL, the Charter and the Bylaws permit the Company to purchase and maintain insurance or furnish similar protection or make other arrangements including, but not limited to, providing a trust fund, letter of credit, or surety bond ("**Indemnification Arrangements**") on behalf of Indemnitee against any liability asserted against him or her or incurred by or on behalf of him or her or in such capacity as a director, officer, employee or agent of the Company, or arising out of his or her status as such, whether or not the Company would have the power to indemnify him or her against such liability under the provisions of this Agreement or under the DGCL, as it may then be in effect. The purchase, establishment, and maintenance of any such Indemnification Arrangement shall not in any way limit or affect the rights and obligations of the Company or of Indemnitee under this Agreement except as expressly provided herein, and the execution and delivery of this Agreement by the Company and Indemnitee shall not in any way limit or affect the rights and obligations of the Company or the other party or parties thereto under any such Indemnification Arrangement.

(c) To the extent that the Company maintains an insurance policy or policies providing liability insurance for directors, officers, trustees, partners, managers, managing members, advisors, fiduciaries, employees, or agents of the Company or of any other Enterprise which such person serves at the request of the Company, Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the

maximum extent of the coverage available for any such director, officer, trustee, partner, manager, managing member, advisor, fiduciary, employee or agent under such policy or policies. If, at the time the Company receives notice from any source of a Proceeding as to which Indemnitee is a party or a participant (as a witness, deponent or otherwise), the Company has director and officer liability insurance in effect, the Company shall give prompt notice of such Proceeding to the insurers in accordance with the procedures set forth in the respective policies. The Company shall thereafter use commercially reasonable efforts to cause such insurers to pay, on behalf of Indemnitee, all amounts payable as a result of such Proceeding in accordance with the terms of such policies.

(d) In the event of any payment under this Agreement, the Company, to the fullest extent permitted by law, shall be subrogated to the extent of such payment to all of the rights of recovery of Indemnitee, who shall execute all papers required and take all action necessary to secure such rights, including execution of such documents as are necessary to enable the Company to bring suit to enforce such rights. No such payment by the Company shall be deemed to relieve any insurer of its obligations.

(e) The Company's obligation to indemnify, hold harmless, exonerate or advance Expenses hereunder to Indemnitee who is or was serving at the request of the Company as a director, officer, trustee, partner, manager, managing member, advisor, fiduciary, employee or agent of any other Enterprise shall be reduced by any amount Indemnitee has actually received as indemnification, hold harmless or exoneration payments or advancement of expenses from such Enterprise. Notwithstanding any other provision of this Agreement to the contrary except for Section 27,

(i) Indemnitee shall have no obligation to reduce, offset, allocate, pursue or apportion any indemnification, hold harmless, exoneration, advancement, contribution or insurance coverage among multiple parties possessing such duties to Indemnitee prior to the Company's satisfaction and performance of all its obligations under this Agreement, and (ii) the Company shall perform fully its obligations under this Agreement without regard to whether Indemnitee holds, may pursue or has pursued any indemnification, advancement, hold harmless, exoneration, contribution or insurance coverage rights against any person or entity other than the Company.

(f) Notwithstanding anything contained herein, the Company is the primary indemnitor, and any indemnification or advancement obligation of the Sponsor or its affiliates or members or any other Person is secondary.

17. DURATION OF AGREEMENT. All agreements and obligations of the Company contained herein shall continue during the period Indemnitee serves as a director or officer of the Company or as a director, officer, trustee, partner, manager, managing member, advisor, fiduciary, employee or agent of any other corporation, partnership, joint venture, trust, employee benefit plan, nonprofit entity, or other Enterprise which Indemnitee serves at the request of the Company and shall continue thereafter so long as Indemnitee shall be subject to any possible Proceeding (including any rights of appeal thereto and any Proceeding commenced by Indemnitee pursuant to Section 14 of this Agreement) by reason of his or her Corporate Status, whether or not he or she is acting in any such capacity at the time any liability or expense is incurred for which indemnification or advancement can be provided under this Agreement.

18. SEVERABILITY. If any provision or provisions of this Agreement shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (a) the validity, legality and enforceability of the remaining provisions of this Agreement (including, without limitation, each portion of any Section, paragraph or sentence of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and shall remain enforceable to the fullest extent permitted by law; (b) such provision or provisions shall be deemed reformed to the extent necessary to conform to applicable law and to give the maximum effect to the intent of the parties hereto; and (c) to the fullest extent possible, the provisions of this Agreement (including, without limitation, each portion of any Section, paragraph or sentence of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested thereby.

19. ENFORCEMENT AND BINDING EFFECT.

(a) The Company expressly confirms and agrees that it has entered into this Agreement and assumed the obligations imposed on it hereby in order to induce Indemnitee to serve as a director, officer or key employee of the Company, and the Company acknowledges that Indemnitee is relying upon this Agreement in serving as a director, officer or key employee of the Company.

(b) Without limiting any of the rights of Indemnitee under the Charter or Bylaws of the Company as they may be amended from time to time, this Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral, written and implied, between the parties hereto with respect to the subject matter hereof.

(c) The indemnification, hold harmless, exoneration and advancement of expenses rights provided by or granted pursuant to this Agreement shall be binding upon and be enforceable by the parties hereto and their respective successors and assigns (including any direct or indirect successor by purchase, merger, consolidation or otherwise to all or substantially all of the business and/or assets of the Company), shall continue as to an Indemnitee who has ceased to be a director, officer, employee or agent of the Company or a director, officer, trustee, general partner, manager, managing member, advisor, fiduciary, employee or agent of any other Enterprise at the Company's request, and shall inure to the benefit of Indemnitee and his or her spouse, assigns, heirs, devisees, executors and administrators and other legal representatives.

(d) The Company shall require and cause any successor (whether direct or indirect by purchase, merger, consolidation or otherwise) to all, substantially all or a substantial part, of the business and/or assets of the Company, by written agreement in form and substance satisfactory to Indemnitee, expressly to assume and agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform if no such succession had taken place.

(e) The Company and Indemnitee agree herein that a monetary remedy for breach of this Agreement, at some later date, may be inadequate, impracticable and difficult of proof, and further agree that such breach may cause Indemnitee irreparable harm. Accordingly, the parties hereto agree that Indemnitee may, to the fullest extent permitted by law, enforce this Agreement by seeking, among other things, injunctive relief and/or specific performance hereof, without any necessity of showing actual damage or irreparable harm and that by seeking injunctive relief and/or specific performance, Indemnitee shall not be precluded from seeking or obtaining any other relief to which he or she may be entitled. The Company and Indemnitee further agree that Indemnitee shall, to the fullest extent permitted by law, be entitled to such specific performance and injunctive relief, including temporary restraining orders, preliminary injunctions and permanent injunctions, without the necessity of posting bonds or other undertaking in connection therewith. The Company acknowledges that in the absence of a waiver, a bond or undertaking may be required of Indemnitee by a court of competent jurisdiction, and the Company hereby waives any such requirement of such a bond or undertaking to the fullest extent permitted by law.

20. **MODIFICATION AND WAIVER.** No supplement, modification or amendment of this Agreement shall be binding unless executed in writing by the Company and Indemnitee. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provisions of this Agreement nor shall any waiver constitute a continuing waiver.

21. **NOTICES.** All notices, requests, demands and other communications under this Agreement shall be in writing and shall be deemed to have been duly given (i) if delivered by hand and receipted for by the party to whom said notice or other communication shall have been directed, on such delivery, or (ii) if mailed by certified or registered mail with postage prepaid, on the third (3rd) business day after the date on which it is so mailed:

(a) If to Indemnitee, at the address indicated on the signature page of this Agreement, or such other address as Indemnitee shall provide in writing to the Company.

(b) If to the Company, to:

or to any other address as may have been furnished to Indemnitee in writing by the Company.

22. **APPLICABLE LAW AND CONSENT TO JURISDICTION.** This Agreement and the legal relations among the parties shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware, without regard to its conflict of laws rules. Except with respect to any arbitration commenced by Indemnitee pursuant to Section 14(a) of this Agreement, to the fullest extent permitted by law, the Company and Indemnitee hereby irrevocably and unconditionally: (a) agree that any action or proceeding arising out of or in connection with this Agreement shall be brought only in the Delaware Court and not in any other state or federal court in the United States of America or any court in any other country; (b) consent to submit to the exclusive jurisdiction of the Delaware Court for purposes of any action or proceeding arising out of or in connection with this Agreement; (c) waive any objection to the laying of venue of any such action or proceeding in the Delaware Court; and (d) waive, and agree not to plead or to make, any claim that any such action or proceeding brought in the Delaware Court has been brought in an improper or inconvenient forum, or is subject (in whole or in part) to a jury trial. To the fullest extent permitted by law, the parties hereby agree that the mailing of process and other papers in connection with any such action or proceeding in the manner provided by Section 21 or in such other manner as may be permitted by law, shall be valid and sufficient service thereof.

23. **IDENTICAL COUNTERPARTS.** This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original but all of which together shall constitute one and the same Agreement. Only one such counterpart signed by the party against whom enforceability is sought needs to be produced to evidence the existence of this Agreement.

24. **MISCELLANEOUS.** Use of the masculine pronoun shall be deemed to include usage of the feminine pronoun where appropriate. The headings of the paragraphs of this Agreement are inserted for convenience only and shall not be deemed to constitute part of this Agreement or to affect the construction thereof.

25. **PERIOD OF LIMITATIONS.** No legal action shall be brought and no cause of action shall be asserted by or in the right of the Company against Indemnitee, Indemnitee's spouse, heirs, executors or personal or legal representatives after the expiration of two years from the date of accrual of such cause of action, and any claim or cause of action of the Company shall be extinguished and deemed released unless asserted by the timely filing of a legal action within such two-year period; provided, however, that if any shorter period of limitations is otherwise applicable to any such cause of action such shorter period shall govern.

26. **ADDITIONAL ACTS.** If for the validation of any of the provisions in this Agreement any act, resolution, approval or other procedure is required to the fullest extent permitted by law, the Company undertakes to cause such act, resolution, approval or other procedure to be affected or adopted in a manner that will enable the Company to fulfill its obligations under this Agreement.

27. **WAIVER OF CLAIMS TO TRUST ACCOUNT.** Indemnitee hereby agrees that it does not have any right, title, interest or claim of any kind (each, a "Claim") in or to any monies in the trust account established in connection with the Company's initial public offering for the benefit of the Company and holders of shares issued in such offering, and hereby waives any Claim it may have in the future as a result of, or arising out of, any services provided to the Company and will not seek recourse against such trust account for any reason whatsoever. Accordingly, Indemnitee acknowledges and agrees that any indemnification provided hereto will only be able to be satisfied by the Company if (i) the Company has sufficient funds outside of the trust account to satisfy its obligations hereunder or (ii) the Company consummates a Business Combination.

28. **MAINTENANCE OF INSURANCE.** The Company shall use commercially reasonable efforts to obtain and maintain in effect during the entire period for which the Company is obligated to indemnify Indemnitee under this Agreement, one or more policies of insurance with reputable insurance companies to provide the officers/directors of the Company with coverage for losses from wrongful acts and omissions and to ensure the Company's performance of its indemnification obligations under this Agreement. Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage available for any such director or officer under such policy or policies. In all such insurance policies, Indemnitee shall be named as an insured in such a manner as to provide Indemnitee with the same rights and benefits as are accorded to the most favorably insured of the Company's directors and officers.

RECITALS

A. On December 8, 2022, SPAC and QTI Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of SPAC ("**Merger Sub**"), entered into a Business Combination Agreement (as amended, the "**Merger Agreement**") with the Company, pursuant to which, and subject to the approval of the stockholders of SPAC, Merger Sub will merge with and into the Company, with the Company surviving the merger as a wholly owned subsidiary of SPAC (the "**Merger**" and, together with the other transactions contemplated by the Merger Agreement and any other agreement executed and delivered in connection therewith, the "**Business Combination**"). Following the closing of the Merger (the "**Business Combination Closing**"), SPAC, which will be renamed "QT Imaging Holdings, Inc.," will be referred to as the "**Combined Company**."

B. Pursuant to the terms of the Merger Agreement, the SPAC filed with the SEC a registration statement on Form S-4 (as amended or supplemented from time to time, the "**Business Combination Registration Statement**"), pursuant to which at the Business Combination Closing, the securities of the Company will be exchanged in a registered offering for securities of the SPAC (collectively, the "**Exchange Securities**").

C. The Company and each Buyer is executing and delivering this Agreement in reliance upon the exemption from securities registration afforded by Section 4(a)(2) of the Securities Act of 1933, as amended (the "**1933 Act**"), and Rule 506(b) of Regulation D ("**Regulation D**") as promulgated by the United States Securities and Exchange Commission (the "**SEC**") under the 1933 Act.

H. The Notes will rank senior to all outstanding and future indebtedness of the Company, and its Subsidiaries (as defined below) (other than Permitted Indebtedness (as defined in the Notes) secured by Permitted Liens (as defined in the Notes)) and the Notes will be secured by a first priority perfected security interest in all of the existing and future assets of the Company and its direct and indirect Subsidiaries, including a pledge of all of the capital stock of each of the Subsidiaries, as evidenced by (i) a security agreement in the form attached hereto as **Exhibit C** (the “**Security Agreement**”), and (ii) account control agreements with respect to certain accounts described in the Note and the Security Agreement, in form and substance reasonably acceptable to each Buyer, duly executed by the Company and each depository bank (each, a “**Controlled Account Bank**”) in which each such account is maintained (the “**Controlled Account Agreements**”, and together with the Security Agreement, the Perfection Certificate (as defined below) and the other security documents, joinders and agreements entered into in connection with this Agreement and each of such other documents and agreements, as each may be amended or modified from time to time, collectively, the “**Security Documents**”).

As used herein "**Business Day**" means any day other than Saturday, Sunday or other day on which commercial banks in The City of New York are authorized or required by law to remain closed; provided, however, for clarification, commercial banks shall not be deemed to be authorized or required by law to remain closed due to "stay at home", "shelter-in-place", "non-essential employee" or any other similar orders or restrictions or the closure of any physical branch locations at the direction of any governmental authority so long as the electronic funds transfer systems (including for wire transfers) of commercial banks in The City of New York generally are open for use by customers on such day.

2. BUYER'S REPRESENTATIONS AND WARRANTIES.

Each Buyer, severally and not jointly, represents and warrants to the Company and SPAC with respect to only itself that, as of the date hereof and as of the Closing Date:

(a) **Organization; Authority.** Such Buyer is an entity duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization with the requisite power and authority to enter into and to consummate the transactions contemplated by the Transaction Documents (as defined below) to which it is a party and otherwise to carry out its obligations hereunder and thereunder.

(b) **No Public Sale or Distribution.** Such Buyer (i) is acquiring its Notes, and (ii) upon conversion of its Notes will acquire the Conversion Shares issuable upon conversion thereof, in each case, for its own account and not with a view towards, or for resale in connection with, the public sale or distribution thereof in violation of applicable securities laws, except pursuant to sales registered or exempted under the 1933 Act; provided, however, by making the representations herein, such Buyer does not agree, or make any representation or warranty, to hold any of the Securities for any minimum or other specific term and reserves the right to dispose of the Securities at any time in accordance with or pursuant to a registration statement or an exemption from registration under the 1933 Act. Such Buyer does not presently have any agreement or

understanding, directly or indirectly, with any Person to distribute any of the Securities in violation of applicable securities laws. For purposes of this Agreement, “**Person**” means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, any other entity and any Governmental Entity (as defined below) or any department or agency thereof.

(c) Accredited Investor Status. Such Buyer is an “accredited investor” as that term is defined in Rule 501(a) of Regulation D.

(d) Reliance on Exemptions. Such Buyer understands that the Securities are being offered and sold to it in reliance on specific exemptions from the registration requirements of United States federal and state securities laws and that the Company is relying in part upon the truth and accuracy of, and such Buyer’s compliance with, the representations, warranties, agreements, acknowledgments and understandings of such Buyer set forth herein in order to determine the availability of such exemptions and the eligibility of such Buyer to acquire the Securities.

(e) Information. Such Buyer and its advisors, if any, have been furnished with all materials relating to the business, finances and operations of the Company and materials relating to the offer and sale of the Securities that have been requested by such Buyer. Such Buyer and its advisors, if any, have been afforded the opportunity to ask questions of the Company. Neither such inquiries nor any other due diligence investigations conducted by such Buyer or its advisors, if any, or its representatives shall modify, amend or affect such Buyer’s right to rely on the Company’s representations and warranties contained herein. Such Buyer understands that its investment in the Securities involves a high degree of risk. Such Buyer has sought such accounting, legal and tax advice as it has considered necessary to make an informed investment decision with respect to its acquisition of the Securities.

(f) No Governmental Review. Such Buyer understands that no United States federal or state agency or any other government or governmental agency has passed on or made any recommendation or endorsement of the Securities or the fairness or suitability of the investment in the Securities nor have such authorities passed upon or endorsed the merits of the offering of the Securities.

(g) Transfer or Resale. Such Buyer understands that: (i) the Securities have not been registered under the 1933 Act or any state securities laws, and may not be offered for sale, sold, assigned or transferred unless (A) subsequently registered, or (B) such Buyer provides the Company with reasonable assurance that such Securities can be sold, assigned or transferred pursuant to Rule 144 or Rule 144A promulgated under the 1933 Act (or a successor rule thereto) (collectively, “**Rule 144**”); and (ii) any sale of the Securities made in reliance on Rule 144 may be made only in accordance with the terms of Rule 144, and further, if Rule 144 is not applicable, any resale of the Securities under circumstances in which the seller (or the Person through whom the sale is made) may be deemed to be an underwriter (as that term is defined in the 1933 Act) may require compliance with some other exemption under the 1933 Act or the rules and regulations of the SEC promulgated thereunder. Notwithstanding the foregoing, the Securities may be pledged in connection with a bona fide margin account or other loan or financing arrangement secured by the Securities and such pledge of Securities shall not be deemed to be a transfer, sale or assignment of the Securities hereunder, and no Buyer effecting a pledge of Securities shall be required to provide the Company with any notice thereof or otherwise make any delivery to the Company pursuant to this Agreement or any other Transaction Document (as defined in Section 3(b)), including, without limitation, this Section 2(g).

(h) Validity; Enforcement. This Agreement and the Registration Rights Agreement have been duly and validly authorized, executed and delivered on behalf of such Buyer and shall constitute the legal, valid and binding obligations of such Buyer enforceable against such Buyer in accordance with their respective terms, except as such enforceability may be limited by general principles of equity or to applicable bankruptcy, insolvency, reorganization, moratorium, liquidation and other similar laws relating to, or affecting generally, the enforcement of applicable creditors' rights and remedies.

(i) No Conflicts. The execution, delivery and performance by such Buyer of this Agreement and the Registration Rights Agreement and the consummation by such Buyer of the transactions contemplated hereby and thereby will not (i) result in a violation of the organizational documents of such Buyer, or (ii) conflict with, or constitute a default (or an event which with notice or lapse of time or both would become a default) under, or give to others any rights of termination, amendment, acceleration or cancellation of, any agreement, indenture or instrument to which such Buyer is a party, or (iii) result in a violation of any law, rule, regulation, order, judgment or decree (including federal and state securities laws) applicable to such Buyer, except in the case of clauses (ii) and (iii) above, for such conflicts, defaults, rights or violations which could not, individually or in the aggregate, reasonably be expected to have a material adverse effect on the ability of such Buyer to perform its obligations hereunder.

3. REPRESENTATIONS AND WARRANTIES OF THE COMPANY AND SPAC

The Company and SPAC each, severally and not jointly, represents and warrants to each of the Buyers that, as of the date hereof and as of the Closing Date:

(a) Organization and Qualification. Each of the Company, SPAC and their respective Subsidiaries (as defined below) are entities duly organized and validly existing and in good standing under the laws of the jurisdiction in which they are formed, and have the requisite power and authority to own their properties and to carry on their business as now being conducted and as presently proposed to be conducted. Each of the Company, SPAC and each of their respective Subsidiaries is duly qualified as a foreign entity to do business and is in good standing in every jurisdiction in which its ownership of property or the nature of the business conducted by it makes such qualification necessary, except to the extent that the failure to be so qualified or be in good standing would not reasonably be expected to have a Material Adverse Effect (as defined below). As used in this Agreement, "**Material Adverse Effect**" means any material adverse effect on (i) the business, properties, assets, liabilities, operations (including results thereof), condition (financial or otherwise) or prospects of the Company, the SPAC or any of their respective Subsidiaries, individually or taken as a whole, (ii) the transactions contemplated hereby or in any of the other Transaction Documents or any other agreements or instruments to be entered into in connection herewith or therewith or (iii) the authority or ability of the Company, the SPAC or any of their respective Subsidiaries to perform any of their respective obligations under any of the Transaction Documents (as defined below). Other than the Persons (as defined below) set forth

on Schedule 3(a), the Company and SPAC have no Subsidiaries. No Subsidiary of the Company owns any Intellectual Property that is material to the Company's business or any other material assets. "**Subsidiaries**" means any Person in which the Company or the SPAC, as applicable, directly or indirectly, (I) owns any of the outstanding capital stock or holds any equity or similar interest of such Person or (II) controls or operates all or any part of the business, operations or administration of such Person, and each of the foregoing, is individually referred to herein as a "**Subsidiary**."

(b) **Authorization; Enforcement; Validity.** The Company and SPAC each has the requisite power and authority to enter into and perform its obligations under this Agreement and the other Transaction Documents and the Company has the requisite power and authority to issue the Securities in accordance with the terms hereof and thereof. The execution and delivery of this Agreement and the other Transaction Documents by the Company and the SPAC, and the consummation by the Company and the SPAC of the transactions contemplated hereby and thereby (including, without limitation, the issuance by the Company of the Notes and the reservation for issuance and issuance of the Conversion Shares by the Company issuable upon conversion of the Notes) have been duly authorized by the Company's board of directors and SPAC's board of directors, respectively, and (other than the filing with the SEC of the Business Combination Registration Statement and one or more Registration Statements in accordance with the requirements of the Registration Rights Agreement, a Form D with the SEC and any other filings as may be required by any state securities agencies) no further filing, consent or authorization is required by the Company, the SPAC, their respective Subsidiaries, or their respective boards of directors or their stockholders or other governing body. This Agreement has been, and the other Transaction Documents to which it is a party will be prior to the Closing, duly executed and delivered by the Company and SPAC and each constitutes the legal, valid and binding obligations of the Company and SPAC, respectively, enforceable against the Company and SPAC in accordance with its respective terms, except as such enforceability may be limited by general principles of equity or applicable bankruptcy, insolvency, reorganization, moratorium, liquidation or similar laws relating to, or affecting generally, the enforcement of applicable creditors' rights and remedies and except as rights to indemnification and to contribution may be limited by federal or state securities law. "**Transaction Documents**" means, collectively, this Agreement, the Notes, the Security Documents, the Registration Rights Agreement, the Irrevocable Transfer Agent Instructions (as defined below) and each of the other agreements and instruments entered into or delivered by any of the parties hereto in connection with the transactions contemplated hereby and thereby, as may be amended from time to time.

(c) **Issuance of Securities.** The issuance of the Notes is duly authorized and upon issuance in accordance with the terms of the Transaction Documents shall be validly issued, fully paid and non-assessable and free from all preemptive or similar rights, mortgages, defects, claims, liens, pledges, charges, taxes, rights of first refusal, encumbrances, security interests and other encumbrances (collectively "**Liens**") with respect to the issuance thereof. As of the Closing, the Company shall have reserved from its duly authorized capital stock not less than 200% of the maximum number of Conversion Shares issuable upon conversion of the Notes (assuming for purposes hereof that and any such conversion shall not take into account any limitations on the conversion of the Notes set forth in the Notes). Upon issuance or conversion in accordance with the Notes, the Conversion Shares, when issued, will be validly issued, fully paid and nonassessable and free from all preemptive or similar rights or Liens with respect to the issue thereof, with the holders being entitled to all rights accorded to a holder of Common Stock. Subject to the accuracy of the representations and warranties of the Buyers in this Agreement, the offer and issuance by the Company of the Securities is exempt from registration under the 1933 Act.

(d) No Conflicts. The execution, delivery and performance of the Transaction Documents by the Company and SPAC and the consummation by the Company and SPAC of the transactions contemplated hereby and thereby (including, without limitation, the issuance by the Company of the Notes and the Conversion Shares and the reservation by the Company for issuance of the Conversion Shares) will not (i) result in a violation of the Certificate of Incorporation (as defined below) (including, without limitation, any certificate of designation contained therein), Bylaws (as defined below), certificate of formation, memorandum of association, articles of association, bylaws or other organizational documents of the Company or the SPAC, or any capital stock or other securities of the Company or the SPAC, (ii) conflict with, or constitute a default (or an event which with notice or lapse of time or both would become a default) in any respect under, or give to others any rights of termination, amendment, acceleration or cancellation of, any agreement, indenture or instrument to which the Company or SPAC is a party, or (iii) result in a violation of any law, rule, regulation, order, judgment or decree (including, without limitation, foreign, federal and state securities laws and regulations and the rules and regulations of the Nasdaq Global Market LLC (the "**Principal Market**") and including all applicable foreign, federal and state laws, rules and regulations) applicable to the Company or SPAC or by which any property or asset of the Company or the SPAC is bound or affected.

(e) Consents. Neither the Company, nor SPAC, nor any their respective Subsidiaries is required to obtain any consent from, authorization or order of, or make any filing or registration with (other than the filing with the SEC of the Business Combination Registration Statement and one or more Registration Statements in accordance with the requirements of the Registration Rights Agreement, a Form D with the SEC and any other filings as may be required by any state securities agencies), any Governmental Entity (as defined below) or any regulatory or self-regulatory agency or any other Person in order for it to execute, deliver or perform any of its respective obligations under or contemplated by the Transaction Documents, in each case, in accordance with the terms hereof or thereof. All consents, authorizations, orders, filings and registrations which the Company, SPAC or any of their respective Subsidiaries is required to obtain pursuant to the preceding sentence have been or will be obtained or effected on or prior to the Closing Date, and neither the Company, nor SPAC, nor any of their respective Subsidiaries is aware of any facts or circumstances which might prevent the Company, SPAC or any of their respective Subsidiaries from obtaining or effecting any of the registration, application or filings contemplated by the Transaction Documents. "**Governmental Entity**" means any nation, state, county, city, town, village, district, or other political jurisdiction of any nature, federal, state, local, municipal, foreign, or other government, governmental or quasi-governmental authority of any nature (including any governmental agency, branch, department, official, or entity and any court or other tribunal), multi-national organization or body; or body exercising, or entitled to exercise, any administrative, executive, judicial, legislative, police, regulatory, or taxing authority or power of any nature or instrumentality of any of the foregoing, including any entity or enterprise owned or controlled by a government or a public international organization or any of the foregoing.

(f) Acknowledgment Regarding Buyer's Purchase of Securities The Company and SPAC each acknowledges and agrees that each Buyer is acting solely in the capacity of an arm's length purchaser with respect to the Transaction Documents and the transactions contemplated hereby and thereby and that no Buyer is (i) an officer or director of the Company or SPAC, (ii) an "affiliate" (as defined in Rule 144) of the Company or (iii) to its knowledge, a "beneficial owner" of more than 10% of the shares of Common Stock of the Company (as defined for purposes of Rule 13d-3 of the Securities Exchange Act of 1934, as amended (the "**1934 Act**")). The Company and SPAC each further acknowledges that no Buyer is acting as a financial advisor or fiduciary of the Company or SPAC (or in any similar capacity) with respect to the Transaction Documents and the transactions contemplated hereby and thereby, and any advice given by a Buyer or any of its representatives or agents in connection with the Transaction Documents and the transactions contemplated hereby and thereby is merely incidental to such Buyer's purchase of the Securities. The Company and SPAC each further represents to each Buyer that the Company's and SPAC's decision to enter into the Transaction Documents to which it is a party has been based solely on the independent evaluation by the Company, SPAC and their respective representatives.

(g) No General Solicitation; Placement Agent's Fees Neither the Company, nor any of its Subsidiaries or affiliates, nor any Person acting on its or their behalf, has engaged in any form of general solicitation or general advertising (within the meaning of Regulation D) in connection with the offer or sale of the Securities. The Company shall be responsible for the payment of any placement agent's fees, financial advisory fees, or brokers' commissions (other than for Persons engaged by any Buyer or its investment advisor) relating to or arising out of the transactions contemplated hereby. The Company shall pay and hold each Buyer harmless against, any liability, loss or expense (including, without limitation, attorney's fees and out-of-pocket expenses) arising in connection with any such claim. Neither the Company, nor SPAC, nor any of their respective Subsidiaries has engaged any placement agent or other agent in connection with the offer or sale of the Securities.

(h) No Integrated Offering. None of the Company, SPAC or their respective Subsidiaries or any of their affiliates, nor any Person acting on their behalf has, directly or indirectly, made any offers or sales of any security or solicited any offers to buy any security, under circumstances that would require registration of the issuance of any of the Securities under the 1933 Act, whether through integration with prior offerings or otherwise, or cause this offering of the Securities to require approval of stockholders of the Company or stockholders of SPAC for purposes of the 1933 Act or under any applicable stockholder approval provisions, including, without limitation, under the rules and regulations of any exchange or automated quotation system on which any of the securities of the Company or SPAC are listed or designated for quotation. None of the Company, SPAC or any of their Subsidiaries, their affiliates nor any Person acting on their behalf will take any action or steps that would cause the offering of any of the Securities to be integrated with other offerings of securities of the Company.

(i) Dilutive Effect. The Company understands and acknowledges that the number of Conversion Shares will increase in certain circumstances. The Company further acknowledges that the Company's obligation to issue the Conversion Shares pursuant to the terms of the Notes in accordance with this Agreement and the Notes is, in each case, absolute and unconditional regardless of the dilutive effect that such issuance may have on the ownership interests of other stockholders of the Company.

(j) Application of Takeover Protections; Rights Agreement. The Company, SPAC and their respective boards of directors have taken all necessary action, if any, in order to render inapplicable any control share acquisition, interested stockholder, business combination, poison pill (including, without limitation, any distribution under a rights agreement), stockholder rights plan or other similar anti-takeover provision under the Certificate of Incorporation, Bylaws or other organizational documents or the laws of the jurisdiction of its incorporation or otherwise which is or could become applicable to any Buyer as a result of the transactions contemplated by this Agreement, including, without limitation, the Company's issuance of the Securities and any Buyer's ownership of the Securities. The Company, SPAC and their respective boards of directors have taken all necessary action, if any, in order to render inapplicable any stockholder rights plan or similar arrangement relating to accumulations of beneficial ownership of shares of Common Stock or a change in control of the Company or any of its Subsidiaries.

(k) SEC Documents; Financial Statements. The Company has delivered or has made available to the Buyers or their respective representatives true, correct and complete copies of each of the reports, schedules, forms, proxy statements, statements and other documents required to be filed by it with the SEC pursuant to the reporting requirements of the 1934 Act (all of the foregoing filed prior to the date hereof and all exhibits and appendices included therein and financial statements, notes and schedules thereto and documents incorporated by reference therein being hereinafter referred to as the "SEC Documents") not available on the EDGAR system. As of their respective dates, the SEC Documents complied in all material respects with the requirements of the 1934 Act and the rules and regulations of the SEC promulgated thereunder applicable to the SEC Documents, and none of the SEC Documents, at the time they were filed with the SEC, contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. As of their respective dates, the financial statements of the Company and SPAC included in the SEC Documents complied in all material respects with applicable accounting requirements and the published rules and regulations of the SEC with respect thereto as in effect as of the time of filing. Such financial statements have been prepared in accordance with generally accepted accounting principles ("GAAP"), consistently applied, during the periods involved (except (i) as may be otherwise indicated in such financial statements or the notes thereto, or (ii) in the case of unaudited interim statements, to the extent they may exclude footnotes or may be condensed or summary statements) and fairly present in all material respects the financial position of the Company and SPAC as of the dates thereof and the results of its operations and cash flows for the periods then ended (subject, in the case of unaudited statements, to normal year-end audit adjustments which will not be material, either individually or in the aggregate). The reserves, if any, established by the Company or the lack of reserves, if applicable, are reasonable based upon facts and circumstances known by the Company on the date hereof and there are no loss contingencies that are required to be accrued by the Statement of Financial Accounting Standard No. 5 of the Financial Accounting Standards Board which are not provided for by the Company in its financial statements or otherwise. No other information provided by or on behalf of the Company to any of the Buyers which is not included in the SEC Documents (including, without limitation, information referred to in Section 2(e) of this Agreement or in the disclosure schedules to this Agreement) contains any untrue statement of a material fact or omits to state any material fact necessary in order to make the statements therein not misleading, in the light of the circumstance under which they are or were made. The Company and SPAC are not currently contemplating to amend or restate any of the financial statements

(including, without limitation, any notes or any letter of the independent accountants of the Company with respect thereto) included in the SEC Documents (with respect to each of the Company and SPAC, the “**Financial Statements**”), nor is the Company currently aware of facts or circumstances which would require the Company to amend or restate any of the Financial Statements, in each case, in order for any of the Financial Statements to be in compliance with GAAP and the rules and regulations of the SEC. Neither the Company nor SPAC has been informed by its independent accountants that they recommend that the Company or SPAC amend or restate any of the Financial Statements or that there is any need for the Company or SPAC to amend or restate any of the Financial Statements.

(l) Absence of Certain Changes. Since the date of the Company’s and SPAC’s most recent audited financial statements contained in the Business Combination Registration Statement, there has been no material adverse change and no material adverse development in the business, assets, liabilities, properties, operations (including results thereof), condition (financial or otherwise) or prospects of the Company, SPAC or any of their respective Subsidiaries. Since the date of the Company’s and SPAC’s most recent audited financial statements contained in a Business Combination Registration Statement, neither the Company, nor SPAC, nor any of their respective Subsidiaries has (i) declared or paid any dividends, (ii) sold any assets, individually or in the aggregate, outside of the ordinary course of business or (iii) made any capital expenditures, individually or in the aggregate, outside of the ordinary course of business. Neither the Company, SPAC nor any of their respective Subsidiaries has taken any steps to seek protection pursuant to any law or statute relating to bankruptcy, insolvency, reorganization, receivership, liquidation or winding up, nor does the Company, SPAC or any of their respective Subsidiaries have any knowledge or reason to believe that any of their respective creditors intend to initiate involuntary bankruptcy proceedings or any actual knowledge of any fact which would reasonably lead a creditor to do so. The Company, SPAC and their respective Subsidiaries, individually and on a consolidated basis, are not as of the date hereof, and after giving effect to the transactions contemplated hereby to occur at the Closing, will not be Insolvent (as defined below). For purposes of this Section 3(l), “**Insolvent**” means, (i) with respect to the Company, SPAC and of their respective Subsidiaries, on a consolidated basis, (A) the present fair saleable value of the Company’s, SPAC’s and their respective Subsidiaries’ assets is less than the amount required to pay the Company’s, SPAC’s, and their respective Subsidiaries’ total Indebtedness (as defined below), (B) the Company, SPAC and their respective Subsidiaries are unable to pay their debts and liabilities, subordinated, contingent or otherwise, as such debts and liabilities become absolute and matured or (C) the Company, SPAC and their respective Subsidiaries intend to incur or believe that they will incur debts that would be beyond their ability to pay as such debts mature; and (ii) with respect to the Company, SPAC and each Subsidiary, individually, (A) the present fair saleable value of the Company’s, SPAC’s or such Subsidiary’s (as the case may be) assets is less than the amount required to pay its respective total Indebtedness, (B) the Company, SPAC or such Subsidiary (as the case may be) is unable to pay its respective debts and liabilities, subordinated, contingent or otherwise, as such debts and liabilities become absolute and matured or (C) the Company, SPAC or such Subsidiary (as the case may be) intends to incur or believes that it will incur debts that would be beyond its respective ability to pay as such debts mature. Neither the Company, nor SPAC nor any of their respective Subsidiaries has engaged in any business or in any transaction, and is not about to engage in any business or in any transaction, for which the Company’s, SPAC’s or such Subsidiary’s remaining assets constitute unreasonably small capital with which to conduct the business in which it is engaged as such business is now conducted and is proposed to be conducted.

(m) No Undisclosed Events, Liabilities, Developments or Circumstances No event, liability, development or circumstance has occurred or exists, or is reasonably expected to exist or occur with respect to the Company, SPAC, any of their respective Subsidiaries or any of their respective businesses, properties, liabilities, prospects, operations (including results thereof) or condition (financial or otherwise), that (i) would be required to be disclosed by the Company or SPAC under applicable securities laws and which has not been publicly announced, (ii) could have a material adverse effect on any Buyer's investment hereunder or (iii) could have a Material Adverse Effect.

(n) Conduct of Business; Regulatory Permits. Neither the Company, nor SPAC nor any of their respective Subsidiaries is in violation of any term of or in default under its Certificate of Incorporation, any certificate of designation, preferences or rights of any other outstanding series of preferred stock of the Company, SPAC or any of their Subsidiaries or Bylaws or their organizational charter, certificate of formation, memorandum of association, articles of association, Certificate of Incorporation or certificate of incorporation or bylaws, respectively. Neither the Company, nor SPAC nor any of their respective Subsidiaries is in violation of any judgment, decree or order or any statute, ordinance, rule or regulation applicable to the Company, SPAC or any of their respective Subsidiaries, and neither the Company, nor SPAC nor any of their respective Subsidiaries will conduct its business in violation of any of the foregoing, except in all cases for possible violations which could not, individually or in the aggregate, have a Material Adverse Effect. Without limiting the generality of the foregoing, each of the Company and SPAC has no knowledge of any facts or circumstances that could reasonably lead to failure to list the Exchange Securities on the Principal Market upon consummation of the Business Combination. The Company, SPAC and each of their respective Subsidiaries possess all certificates, authorizations and permits issued by the appropriate regulatory authorities necessary to conduct their respective businesses, except where the failure to possess such certificates, authorizations or permits would not have, individually or in the aggregate, a Material Adverse Effect, and neither the Company, nor SPAC nor any such Subsidiary has received any notice of proceedings relating to the revocation or modification of any such certificate, authorization or permit. There is no agreement, commitment, judgment, injunction, order or decree binding upon the Company, SPAC or any of their respective Subsidiaries or to which the Company, SPAC or any of their respective Subsidiaries is a party which has or would reasonably be expected to have the effect of prohibiting or materially impairing any business practice of the Company, SPAC or any of their respective Subsidiaries, any acquisition of property by the Company, SAC or any of their respective Subsidiaries or the conduct of business by the Company, SPAC or any of their respective Subsidiaries as currently conducted other than such effects, individually or in the aggregate, which have not had and would not reasonably be expected to have a Material Adverse Effect on the Company, SPAC or any of their respective Subsidiaries.

(o) Foreign Corrupt Practices. Neither the Company, nor SPAC, nor any of their respective Subsidiaries or any director, officer, agent, employee, nor any other person acting for or on behalf of the foregoing (individually and collectively, a "Company Affiliate") have violated the U.S. Foreign Corrupt Practices Act (the "FCPA") or any other applicable anti-bribery or anti-corruption laws, nor has any Company Affiliate offered, paid, promised to pay, or authorized the

payment of any money, or offered, given, promised to give, or authorized the giving of anything of value, to any officer, employee or any other person acting in an official capacity for any Governmental Entity to any political party or official thereof or to any candidate for political office (individually and collectively, a "Government Official") or to any person under circumstances where such Company Affiliate knew or was aware of a high probability that all or a portion of such money or thing of value would be offered, given or promised, directly or indirectly, to any Government Official, for the purpose of:

(i) (A) influencing any act or decision of such Government Official in his/her official capacity, (B) inducing such Government Official to do or omit to do any act in violation of his/her lawful duty, (C) securing any improper advantage, or (D) inducing such Government Official to influence or affect any act or decision of any Governmental Entity, or

(ii) assisting the Company, SPAC or their respective Subsidiaries in obtaining or retaining business for or with, or directing business to, the Company, SPAC or their respective Subsidiaries.

(p) Sarbanes-Oxley Act. Except as disclosed in the Business Combination Registration Statement, the Company, SPAC and each of their respective Subsidiaries is in compliance with any and all applicable requirements of the Sarbanes-Oxley Act of 2002, as amended, and any and all applicable rules and regulations promulgated by the SEC thereunder.

(q) Transactions With Affiliates. Except as disclosed in the Business Combination Registration Statement, no current or former employee, partner, director, officer or stockholder (direct or indirect) of the Company, SPAC or their respective Subsidiaries, or any associate, or, to the knowledge of the Company or SPAC, any affiliate of any thereof, or any relative with a relationship no more remote than first cousin of any of the foregoing, is presently, or has ever been, (i) a party to any transaction with the Company, SPAC or their respective Subsidiaries (including any contract, agreement or other arrangement providing for the furnishing of services by, or rental of real or personal property from, or otherwise requiring payments to, any such director, officer or stockholder or such associate or affiliate or relative Subsidiaries (other than for ordinary course services as employees, officers or directors of the Company, SPAC or any of their respective Subsidiaries)) or (ii) the direct or indirect owner of an interest in any corporation, firm, association or business organization which is a competitor, supplier or customer of the Company, SPAC or their respective Subsidiaries (except for a passive investment (direct or indirect) in less than 5% of the common stock of a company whose securities are traded on or quoted through an Eligible Market (as defined in the Notes)), nor does any such Person receive income from any source other than the Company, SPAC or their respective Subsidiaries which relates to the business of the Company, SPAC or their respective Subsidiaries or should properly accrue to the Company, SPAC or their respective Subsidiaries. Except as disclosed in the Business Combination Registration Statement, no employee, officer, stockholder or director of the Company, SPAC or any of their respective Subsidiaries or member of his or her immediate family is indebted to the Company, SPAC or their respective Subsidiaries, as the case may be, nor is the Company, SPAC or any of their respective Subsidiaries indebted (or committed to make loans or extend or guarantee credit) to any of them, other than (i) for payment of salary for services rendered, (ii) reimbursement for reasonable expenses incurred on behalf of the Company or SPAC, and (iii) for other standard employee benefits made generally available to all employees or executives (including stock option agreements outstanding under any stock option plan approved by the Board of Directors of the Company or the board of directors of SPAC).

(r) Equity Capitalization.

(i) Definitions:

(A) "**Common Stock**" means (x) the Company's shares of common stock, \$0.001 par value per share, and (y) any capital stock for which such common stock is exchanged (including the Exchange Securities upon consummation of the Business Combination), or into which such common stock shall have been changed or any share capital resulting from a reclassification of such common stock.

(B) "**Preferred Stock**" means (x) the Company's shares of preferred stock, \$0.001 par value per share, the terms of which may be designated by the board of directors of the Company in a certificate of designations and (y) any capital stock into which such preferred stock shall have been changed or any share capital resulting from a reclassification of such preferred stock (other than a conversion of such preferred stock into Common Stock in accordance with the terms of such certificate of designations).

(ii) Authorized and Outstanding Capital Stock. As of the date hereof, the authorized capital stock of the Company consists of (A) 100,000,000 shares of Common Stock, of which, 27,841,290 are issued and outstanding and 9,701,182 shares are reserved for issuance pursuant to Convertible Securities (as defined below) (other than the Notes and any other securities being subscribed for concurrently with the entry into this Agreement) exercisable or exchangeable for, or convertible into, shares of Common Stock and (B) 10,000,000 shares of Preferred Stock, none of which are issued and outstanding. No shares of Common Stock are held in the treasury of the Company. "**Convertible Securities**" means any capital stock or other security of the Company or any of its Subsidiaries that is at any time and under any circumstances directly or indirectly convertible into, exercisable or exchangeable for, or which otherwise entitles the holder thereof to acquire, any capital stock or other security of the Company (including, without limitation, Common Stock) or any of its Subsidiaries.

(iii) Valid Issuance; Available Shares; Affiliates. All of such outstanding shares set forth in Section 3(r)(ii) are duly authorized and have been, or upon issuance will be, validly issued and are fully paid and nonassessable. Schedule 3(r)(iii) sets forth the number of shares of Common Stock that are (A) reserved for issuance pursuant to Convertible Securities (other than the Notes and any other securities being subscribed for concurrently with the entry into this Agreement) and (B) that are, as of the date hereof, owned by Persons who are "affiliates" (as defined in Rule 405 of the 1933 Act and calculated based on the assumption that only officers, directors and holders of at least 10% of the Company's issued and outstanding Common Stock are "affiliates" without conceding that any such Persons are "affiliates" for purposes of federal securities laws) of the Company or any of

its Subsidiaries. To the Company's knowledge, except as disclosed in the Business Combination Registration Statement, no Person owns 10% or more of the Company's issued and outstanding shares of Common Stock (calculated based on the assumption that all Convertible Securities (as defined below), whether or not presently exercisable or convertible, have been fully exercised or converted (as the case may be) taking account of any limitations on exercise or conversion (including "blockers") contained therein without conceding that such identified Person is a 10% stockholder for purposes of federal securities laws).

(iv) Existing Securities; Obligations. Except as disclosed in the Business Combination Registration Statement: (A) none of the Company's, SPAC's or any of their respective Subsidiaries' shares, interests or capital stock is subject to preemptive rights or any other similar rights or Liens suffered or permitted by the Company, SPAC or any of their respective Subsidiaries; (B) there are no outstanding options, warrants, scrip, rights to subscribe to, calls or commitments of any character whatsoever relating to, or securities or rights convertible into, or exercisable or exchangeable for, any shares, interests or capital stock of the Company, SPAC or any of their respective Subsidiaries, or contracts, commitments, understandings or arrangements by which the Company, SPAC or any of their respective Subsidiaries is or may become bound to issue additional shares, interests or capital stock of the Company, SPAC or any of their respective Subsidiaries or options, warrants, scrip, rights to subscribe to, calls or commitments of any character whatsoever relating to, or securities or rights convertible into, or exercisable or exchangeable for, any shares, interests or capital stock of the Company, SPAC or any of their respective Subsidiaries; (C) there are no agreements or arrangements under which the Company, SPAC or any of their respective Subsidiaries is obligated to register the sale of any of their securities under the 1933 Act (except pursuant to this Agreement or the Registration Rights Agreement); (D) there are no outstanding securities or instruments of the Company, SPAC or any of their respective Subsidiaries which contain any redemption or similar provisions, and there are no contracts, commitments, understandings or arrangements by which the Company, SPAC or any of their respective Subsidiaries is or may become bound to redeem a security of the Company, SPAC or any of their respective Subsidiaries; (E) there are no securities or instruments containing anti-dilution or similar provisions that will be triggered by the issuance of the Securities; and (F) neither the Company, nor SPAC nor any of their respective Subsidiaries has any stock appreciation rights or "phantom stock" plans or agreements or any similar plan or agreement.

(v) Organizational Documents. The Company has furnished to the Buyers true, correct and complete copies of the Company's Certificate of Incorporation, as amended and as in effect on the date hereof (the "**Certificate of Incorporation**"), and the Company's bylaws, as amended and as in effect on the date hereof (the "**Bylaws**"), and the terms of all Convertible Securities and the material rights of the holders thereof in respect thereto.

(s) **Indebtedness and Other Contracts.** Neither the Company, nor the SPAC (except to the extent otherwise provided in any report, schedule, form, proxy statement, statement or other document filed by the SPAC with the SEC pursuant to the 1933 Act or the reporting requirements of the 1934 Act (collectively, the “**SPAC’s SEC Documents**”) nor any of their respective Subsidiaries, (i) except as disclosed on **Schedule 3(s)**, has any outstanding debt securities, notes, credit agreements, credit facilities or other agreements, documents or instruments evidencing Indebtedness of the Company, SPAC or any of their respective Subsidiaries or by which the Company, SPAC or any of their respective Subsidiaries is or may become bound, (ii) is a party to any contract, agreement or instrument, the violation of which, or default under which, by the other party(ies) to such contract, agreement or instrument could reasonably be expected to result in a Material Adverse Effect, (iii) except as disclosed on **Schedule 3(s)**, has any financing statements securing obligations in any amounts filed in connection with the Company, SPAC or any of their respective Subsidiaries; (iv) is in violation of any term of, or in default under, any contract, agreement or instrument relating to any Indebtedness, except where such violations and defaults would not result, individually or in the aggregate, in a Material Adverse Effect, or (v) is a party to any contract, agreement or instrument relating to any Indebtedness, the performance of which, in the judgment of the Company’s or SPAC’s officers, as applicable, has or is expected to have a Material Adverse Effect. Neither the Company, nor SPAC nor any of their respective Subsidiaries have any liabilities or obligations required to be disclosed in the SEC Documents (for the Company) or the SPAC’s SEC Documents (for the SPAC) which are not so disclosed in the SEC Documents or SPACs SEC Documents, respectively, other than those incurred in the ordinary course of the Company’s, SPAC’s or their respective Subsidiaries’ respective businesses and which, individually or in the aggregate, do not or could not have a Material Adverse Effect. For purposes of this Agreement: (x) “**Indebtedness**” of any Person means, without duplication (A) all indebtedness for borrowed money, (B) all obligations issued, undertaken or assumed as the deferred purchase price of property or services (including, without limitation, “capital leases” in accordance with GAAP) (other than trade payables entered into in the ordinary course of business consistent with past practice), (C) all reimbursement or payment obligations with respect to letters of credit, surety bonds and other similar instruments, (D) all obligations evidenced by notes, bonds, debentures or similar instruments, including obligations so evidenced incurred in connection with the acquisition of property, assets or businesses, (E) all indebtedness created or arising under any conditional sale or other title retention agreement, or incurred as financing, in either case with respect to any property or assets acquired with the proceeds of such indebtedness (even though the rights and remedies of the seller or bank under such agreement in the event of default are limited to repossession or sale of such property), (F) all monetary obligations under any leasing or similar arrangement which, in connection with GAAP, consistently applied for the periods covered thereby, is classified as a capital lease, (G) all indebtedness referred to in clauses (A) through (F) above secured by (or for which the holder of such Indebtedness has an existing right, contingent or otherwise, to be secured by) any Lien upon or in any property or assets (including accounts and contract rights) owned by any Person, even though the Person which owns such assets or property has not assumed or become liable for the payment of such indebtedness, and (H) all Contingent Obligations (as defined below) in respect of indebtedness or obligations of others of the kinds referred to in clauses (A) through (G) above; and (y) “**Contingent Obligation**” means, as to any Person, any direct or indirect liability, contingent or otherwise, of that Person with respect to any Indebtedness, lease, dividend or other obligation of another Person if the primary purpose or intent of the Person incurring such liability, or the primary effect thereof, is to provide assurance to the obligee of such liability that such liability will be paid or discharged, or that any agreements relating thereto will be complied with, or that the holders of such liability will be protected (in whole or in part) against loss with respect thereto.

(t) Litigation. There is no action, suit, arbitration, proceeding, inquiry or investigation before or by the Principal Market, any court, public board, other Governmental Entity, self-regulatory organization or body pending or, to the knowledge of the Company or SPAC, threatened against or affecting the Company, SPAC or any of their respective Subsidiaries, the Common Stock, SPAC's common stock, or any of the Company's, SPAC's or its Subsidiaries' officers or directors, whether of a civil or criminal nature or otherwise, in their capacities as such, except as set forth in Schedule 3(t). No director, officer or employee of the Company, SPAC or any of their respective Subsidiaries has willfully violated 18 U.S.C. §1519 or engaged in spoliation in reasonable anticipation of litigation. Without limitation of the foregoing, there has not been, and to the knowledge of the Company or SPAC, there is not pending or contemplated, any investigation by the SEC involving the Company, SPAC, any of their respective Subsidiaries or any current or former director or officer of the Company, SPAC or any of their respective Subsidiaries. The SEC has not issued any stop order or other order suspending the effectiveness of any registration statement filed by the Company or SPAC under the 1933 Act or the 1934 Act. After reasonable inquiry of its employees, each of the Company and SPAC is not aware of any fact which might result in or form the basis for any such action, suit, arbitration, investigation, inquiry or other proceeding. Neither the Company, nor SPAC nor any of their respective Subsidiaries is subject to any order, writ, judgment, injunction, decree, determination or award of any Governmental Entity.

(u) Insurance. The Company, SPAC and each of their respective Subsidiaries are insured by insurers of recognized financial responsibility against such losses and risks and in such amounts as management of the Company and management of SPAC each believes to be prudent and customary in the businesses in which the Company, SPAC and their respective Subsidiaries are engaged. Neither the Company, nor SPAC nor any such Subsidiary has been refused any insurance coverage sought or applied for, and neither the Company, nor SPAC nor any such Subsidiary has any reason to believe that it will be unable to renew its existing insurance coverage as and when such coverage expires or to obtain similar coverage from similar insurers as may be necessary to continue its business at a cost that would not have a Material Adverse Effect.

(v) Employee Relations. Neither the Company, nor SPAC nor any of their respective Subsidiaries is a party to any collective bargaining agreement or employs any member of a union. The Company, SPAC and their respective Subsidiaries believe that their relations with their employees are good. No executive officer (as defined in Rule 501(f) promulgated under the 1933 Act) or other key employee of the Company, SPAC or any of their respective Subsidiaries has notified the Company, SPAC or any such Subsidiary that such officer intends to leave the Company, SPAC or any such Subsidiary or otherwise terminate such officer's employment with the Company, SPAC or any such Subsidiary. No current (or former) executive officer or other key employee of the Company, SPAC or any of their respective Subsidiaries is, or is now expected to be, in violation of any material term of any employment contract, confidentiality, disclosure or proprietary information agreement, non-competition agreement, or any other contract or agreement or any restrictive covenant, and the continued employment of each such executive officer or other key employee (as the case may be) does not subject the Company, SPAC or any of their respective Subsidiaries to any liability with respect to any of the foregoing matters. The Company, SPAC and their respective Subsidiaries are in compliance with all federal, state, local and foreign laws and regulations respecting labor, employment and employment practices and benefits, terms and conditions of employment and wages and hours, except where failure to be in compliance would not, either individually or in the aggregate, reasonably be expected to result in a Material Adverse Effect.

(w) Title.

(i) Real Property. Each of the Company and its Subsidiaries holds good title to all real property, leases in real property, facilities or other interests in real property owned or held by the Company or any of its Subsidiaries (the "**Real Property**") owned by the Company or any of its Subsidiaries (as applicable). The Real Property is free and clear of all Liens and is not subject to any rights of way, building use restrictions, exceptions, variances, reservations, or limitations of any nature except for (a) Liens for current taxes not yet due and (b) zoning laws and other land use restrictions that do not impair the present or anticipated use of the property subject thereto. Any Real Property held under lease by the Company or any of its Subsidiaries are held by them under valid, subsisting and enforceable leases with such exceptions as are not material and do not interfere with the use made and proposed to be made of such property and buildings by the Company or any of its Subsidiaries.

(ii) Fixtures and Equipment. Each of the Company and its Subsidiaries (as applicable) has good title to, or a valid leasehold interest in, the tangible personal property, equipment, improvements, fixtures, and other personal property and appurtenances that are used by the Company or its Subsidiary in connection with the conduct of its business (the "**Fixtures and Equipment**"). The Fixtures and Equipment are structurally sound, are in good operating condition and repair, are adequate for the uses to which they are being put, are not in need of maintenance or repairs except for ordinary, routine maintenance and repairs and are sufficient for the conduct of the Company's and/or its Subsidiaries' businesses (as applicable) in the manner as conducted prior to the Closing. Each of the Company and its Subsidiaries owns all of its Fixtures and Equipment free and clear of all Liens except for (a) liens for current taxes not yet due and (b) zoning laws and other land use restrictions that do not impair the present or anticipated use of the property subject thereto.

(x) Intellectual Property Rights. The Company and its Subsidiaries own or possess adequate rights or licenses to use all trademarks, trade names, service marks, service mark registrations, service names, original works of authorship, patents, patent rights, copyrights, inventions, licenses, approvals, governmental authorizations, trade secrets and other intellectual property rights and all applications and registrations therefor ("**Intellectual Property Rights**") necessary to conduct their respective businesses as now conducted and presently proposed to be conducted. Each of patents owned by the Company or any of its Subsidiaries is listed on Schedule 3(x)(i). Except as set forth in Schedule 3(x)(ii), none of the Company's Intellectual Property Rights have expired or terminated or have been abandoned or are expected to expire or terminate or are expected to be abandoned, within three years from the date of this Agreement. The Company does not have any knowledge of any infringement by the Company or its Subsidiaries of Intellectual Property Rights of others. There is no claim, action or proceeding being made or brought, or to the knowledge of the Company or any of its Subsidiaries, being threatened, against the Company or any of its Subsidiaries regarding its Intellectual Property Rights. Neither the Company nor any of its Subsidiaries is aware of any facts or circumstances which might give rise to any of the foregoing infringements or claims, actions or proceedings. The Company and its Subsidiaries have taken reasonable security measures to protect the secrecy, confidentiality and value of all of their Intellectual Property Rights.

(y) Environmental Laws. (i) The Company and its Subsidiaries (A) are in compliance with any and all Environmental Laws (as defined below), (B) have received all permits, licenses or other approvals required of them under applicable Environmental Laws to conduct their respective businesses and (C) are in compliance with all terms and conditions of any such permit, license or approval where, in each of the foregoing clauses (A), (B) and (C), the failure to so comply could be reasonably expected to have, individually or in the aggregate, a Material Adverse Effect. The term "**Environmental Laws**" means all federal, state, local or foreign laws relating to pollution or protection of human health or the environment (including, without limitation, ambient air, surface water, groundwater, land surface or subsurface strata), including, without limitation, laws relating to emissions, discharges, releases or threatened releases of chemicals, pollutants, contaminants, or toxic or hazardous substances or wastes (collectively, "**Hazardous Materials**") into the environment, or otherwise relating to the manufacture, processing, distribution, use, treatment, storage, disposal, transport or handling of Hazardous Materials, as well as all authorizations, codes, decrees, demands or demand letters, injunctions, judgments, licenses, notices or notice letters, orders, permits, plans or regulations issued, entered, promulgated or approved thereunder.

(ii) No Hazardous Materials:

(A) have been disposed of or otherwise released from any Real Property of the Company or any of its Subsidiaries in violation of any Environmental Laws; or

(B) are present on, over, beneath, in or upon any Real Property or any portion thereof in quantities that would constitute a violation of any Environmental Laws. No prior use by the Company or any of its Subsidiaries of any Real Property has occurred that violates any Environmental Laws, which violation would have a material adverse effect on the business of the Company or any of its Subsidiaries.

(iii) Neither the Company nor any of its Subsidiaries knows of any other person who or entity which has stored, treated, recycled, disposed of or otherwise located on any Real Property any Hazardous Materials, including, without limitation, such substances as asbestos and polychlorinated biphenyls.

(iv) None of the Real Properties are on any federal or state "Superfund" list or Liability Information System ("CERCLIS") list or any state environmental agency list of sites under consideration for CERCLIS, nor subject to any environmental related Liens.

(z) Subsidiary Rights. The Company and SPAC, or one of their respective Subsidiaries has the unrestricted right to vote, and (subject to limitations imposed by applicable law) to receive dividends and distributions on, all capital securities of its Subsidiaries as owned by the Company or SPAC, as applicable, or such Subsidiary.

(aa) Tax Status. The Company, SPAC and each of their respective Subsidiaries (i) has timely made or filed all foreign, federal and state income and all other tax returns, reports and declarations required by any jurisdiction to which it is subject, (ii) has timely paid all taxes and other governmental assessments and charges that are material in amount, shown or determined to be due on such returns, reports and declarations, except those being contested in good faith and (iii) has set aside on its books provision reasonably adequate for the payment of all taxes for periods subsequent to the periods to which such returns, reports or declarations apply. There are no unpaid taxes in any material amount claimed to be due by the taxing authority of any jurisdiction, and the officers of the Company, SPAC and their respective Subsidiaries know of no basis for any such claim. Each of the Company and SPAC is not operated in such a manner as to qualify as a passive foreign investment company, as defined in Section 1297 of the Code. The net operating loss carryforwards ("NOLs") for United States federal income tax purposes of the consolidated group of which the Company and SPAC is the common parent, if any, shall not be adversely effected by the transactions contemplated hereby. The transactions contemplated hereby do not constitute an "ownership change" within the meaning of Section 382 of the Code, thereby preserving the Company's and SPAC's ability to utilize such NOLs.

(bb) Internal Accounting and Disclosure Controls. The Company, SPAC and each of their respective Subsidiaries maintains internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the 1934 Act) that is effective to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles, including that (i) transactions are executed in accordance with management's general or specific authorizations, (ii) transactions are recorded as necessary to permit preparation of financial statements in conformity with GAAP and to maintain asset and liability accountability, (iii) access to assets or incurrence of liabilities is permitted only in accordance with management's general or specific authorization and (iv) the recorded accountability for assets and liabilities is compared with the existing assets and liabilities at reasonable intervals and appropriate action is taken with respect to any difference. The Company maintains disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the 1934 Act) that are effective in ensuring that information required to be disclosed by the Company and SPAC in the reports that it files or submits under the 1934 Act is recorded, processed, summarized and reported, within the time periods specified in the rules and forms of the SEC, including, without limitation, controls and procedures designed to ensure that information required to be disclosed by the Company or SPAC in the reports that it files or submits under the 1934 Act is accumulated and communicated to each of the Company's or SPAC's management, including its principal executive officer or officers and its principal financial officer or officers, as appropriate, to allow timely decisions regarding required disclosure. Neither the Company, nor SPAC, nor any of their respective Subsidiaries has received any notice or correspondence from any accountant, Governmental Entity or other Person relating to any potential material weakness or significant deficiency in any part of the internal controls over financial reporting of the Company, SPAC or any of their respective Subsidiaries.

(cc) Off Balance Sheet Arrangements. There is no transaction, arrangement, or other relationship between the Company, SPAC or any of their respective Subsidiaries and an unconsolidated or other off balance sheet entity that is required to be disclosed by the Company or SPAC in its 1934 Act filings and is not so disclosed or that otherwise could be reasonably likely to have a Material Adverse Effect.

(dd) Investment Company Status. Each of the Company and SPAC is not, and upon consummation of the sale of the Securities will not be, an “investment company,” an affiliate of an “investment company,” a company controlled by an “investment company” or an “affiliated person” of, or “promoter” or “principal underwriter” for, an “investment company” as such terms are defined in the Investment Company Act of 1940, as amended.

(ee) Acknowledgement Regarding Buyers’ Trading Activity. It is understood and acknowledged by the Company and SPAC that (i) following the public disclosure of the transactions contemplated by the Transaction Documents, in accordance with the terms thereof, none of the Buyers have been asked by the Company, SPAC or any of their respective Subsidiaries to agree, nor has any Buyer agreed with the Company, SPAC or any of their respective Subsidiaries, to desist from effecting any transactions in or with respect to (including, without limitation, purchasing or selling, long and/or short) any securities of the Company or SPAC, or “derivative” securities based on securities issued by the Company or SPAC or to hold any of the Securities for any specified term; (ii) any Buyer, and counterparties in “derivative” transactions to which any such Buyer is a party, directly or indirectly, presently may have a “short” position in the Common Stock which was established prior to such Buyer’s knowledge of the transactions contemplated by the Transaction Documents; (iii) each Buyer shall not be deemed to have any affiliation with or control over any arm’s length counterparty in any “derivative” transaction; and (iv) each Buyer may rely on the Company’s obligation to timely deliver shares of Common Stock upon conversion, exercise or exchange, as applicable, of the Securities as and when required pursuant to the Transaction Documents for purposes of effecting trading in the Common Stock of the Company. Each of the Company and SPAC further understands and acknowledges that following the public disclosure of the transactions contemplated by the Transaction Documents pursuant to the Press Release (as defined below) one or more Buyers may engage in hedging and/or trading activities (including, without limitation, the location and/or reservation of borrowable shares of Common Stock) at various times during the period that the Securities are outstanding, including, without limitation, during the periods that the value and/or number of the Conversion Shares deliverable with respect to the Securities are being determined and such hedging and/or trading activities (including, without limitation, the location and/or reservation of borrowable shares of Common Stock), if any, can reduce the value of the existing stockholders’ equity interest in the Company both at and after the time the hedging and/or trading activities are being conducted. The Company acknowledges that such aforementioned hedging and/or trading activities do not constitute a breach of this Agreement, the Notes or any other Transaction Document or any of the documents executed in connection herewith or therewith.

(ff) Manipulation of Price. Neither the Company, nor SPAC nor any of their respective Subsidiaries has, and, to the knowledge of the Company or SPAC, no Person acting on their behalf has, directly or indirectly, (i) taken any action designed to cause or to result in the stabilization or manipulation of the price of any security of the Company, SPAC or any of their respective Subsidiaries to facilitate the sale or resale of any of the Securities, (ii) sold, bid for, purchased, or paid any compensation for soliciting purchases of, any of the Securities, (iii) paid or agreed to pay to any Person any compensation for soliciting another to purchase any other securities of the Company, SPAC or any of their respective Subsidiaries or (iv) paid or agreed to pay any Person for research services with respect to any securities of the Company, SPAC or any of their respective Subsidiaries.

(gg) U.S. Real Property Holding Corporation. Neither the Company, nor SPAC nor any of their respective Subsidiaries is, or has ever been, and so long as any of the Securities are held by any of the Buyers, shall become, a U.S. real property holding corporation within the meaning of Section 897 of the Code, and the Company, SPAC and each Subsidiary shall so certify upon any Buyer's request.

(hh) Reserved.

(ii) Transfer Taxes. On the Closing Date, all stock transfer or other taxes (other than income or similar taxes) which are required to be paid in connection with the issuance, sale and transfer of the Securities to be sold to each Buyer hereunder will be, or will have been, fully paid or provided for by the Company or SPAC, and all laws imposing such taxes will be or will have been complied with.

(jj) Bank Holding Company Act; Regulation T, U or X

(i) Neither the Company nor any of its Subsidiaries is subject to the Bank Holding Company Act of 1956, as amended (the "**BHCA**") and to regulation by the Board of Governors of the Federal Reserve System (the "**Federal Reserve**"). Neither the Company nor any of its Subsidiaries or affiliates owns or controls, directly or indirectly, five percent (5%) or more of the outstanding shares of any class of voting securities or twenty-five percent (25%) or more of the total equity of a bank or any entity that is subject to the BHCA and to regulation by the Federal Reserve. Neither the Company nor any of its Subsidiaries or affiliates exercises a controlling influence over the management or policies of a bank or any entity that is subject to the BHCA and to regulation by the Federal Reserve.

(ii) The sale of the Notes, the use of proceeds thereof and the other transactions contemplated thereby or by the other Transaction Documents, will not violate or be inconsistent with the provisions of Regulation T, U or X of the Board of Governors of the Federal Reserve System of the United States.

(kk) Illegal or Unauthorized Payments; Political Contributions. Neither the Company, nor SPAC nor any of their respective Subsidiaries nor, to the best of the Company's and SPAC's knowledge (after reasonable inquiry of their respective officers and directors), any of the officers, directors, employees, agents or other representatives of the Company, SPAC or any of their respective Subsidiaries or any other business entity or enterprise with which the Company, SPAC or any Subsidiary is or has been affiliated or associated, has, directly or indirectly, made or authorized any payment, contribution or gift of money, property, or services, whether or not in contravention of applicable law, (i) as a kickback or bribe to any Person or (ii) to any political organization, or the holder of or any aspirant to any elective or appointive public office except for personal political contributions not involving the direct or indirect use of funds of the Company, SPAC or any of their respective Subsidiaries.

(ll) Money Laundering. The Company, SPAC and their respective Subsidiaries are in compliance with, and have not previously violated, the USA Patriot Act of 2001 and all other applicable U.S. and non-U.S. anti-money laundering laws and regulations, including, without limitation, the laws, regulations and Executive Orders and sanctions programs administered by the U.S. Office of Foreign Assets Control, including, but not limited, to (i) Executive Order 13224 of September 23, 2001 entitled, "Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism" (66 Fed. Reg. 49079 (2001)); and (ii) any regulations contained in 31 CFR, Subtitle B, Chapter V.

(mm) Management. Except as set forth in Schedule 3(mm) hereto, during the past five year period, no current or former officer or director or, to the knowledge of the Company and SPAC, no current ten percent (10%) or greater stockholder of the Company, SPAC or any of their respective Subsidiaries has been the subject of:

(ii) a conviction in a criminal proceeding or a named subject of a pending criminal proceeding (excluding traffic violations that do not relate to driving while intoxicated or driving under the influence);

(iii) any order, judgment or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining any such person from, or otherwise limiting, the following activities:

(1) Acting as a futures commission merchant, introducing broker, commodity trading advisor, commodity pool operator, floor broker, leverage transaction merchant, any other person regulated by the United States Commodity Futures Trading Commission or an associated person of any of the foregoing, or as an investment adviser, underwriter, broker or dealer in securities, or as an affiliated person, director or employee of any investment company, bank, savings and loan association or insurance company, or engaging in or continuing any conduct or practice in connection with such activity;

(nn) Stock Option Plans. Each stock option granted by the Company was granted (i) in accordance with the terms of the applicable stock option plan of the Company, and (ii) with an exercise price at least equal to the fair market value of the Common Stock on the date such stock option would be considered granted under GAAP and applicable law. No stock option granted under the Company's stock option plan has been backdated. The Company has not knowingly granted, and there is no and has been no policy or practice of the Company to knowingly grant, stock options prior to, or otherwise knowingly coordinate the grant of stock options with, the release or other public announcement of material information regarding the Company or its Subsidiaries or their financial results or prospects.

(oo) No Disagreements with Accountants. There are no material disagreements of any kind presently existing, or reasonably anticipated by the Company or SPAC to arise, between the Company or SPAC, and their respective accountants formerly or presently employed by the Company or SPAC, and each of the Company and SPAC is current with respect to any fees owed to its accountants which could affect the Company's or SPAC's ability to perform any of their respective obligations under any of the Transaction Documents. In addition, on or prior to the date hereof, each of the Company and SPAC had discussions with their respective accountants about its financial statements previously filed with the SEC. Based on those discussions, each of the Company and SPAC has no reason to believe that it will need to restate any such financial statements or any part thereof.

(pp) No Disqualification Events. With respect to Securities to be offered and sold hereunder in reliance on Rule 506(b) under the 1933 Act ("**Regulation D Securities**"), none of the Company, any of its predecessors, any affiliated issuer, any director, executive officer, other officer of the Company participating in the offering contemplated hereby, any beneficial owner of 20% or more of the Company's outstanding voting equity securities, calculated on the basis of voting power, nor any promoter (as that term is defined in Rule 405 under the 1933 Act) connected with the Company in any capacity at the time of sale (each, an "**Issuer Covered Person**" and, together, "**Issuer Covered Persons**") is subject to any of the "Bad Actor" disqualifications described in Rule 506(d)(1)(i) to (viii) under the 1933 Act (a "**Disqualification Event**"), except for a Disqualification Event covered by Rule 506(d)(2) or (d)(3). The Company has exercised reasonable care to determine whether any Issuer Covered Person is subject to a Disqualification Event. The Company has complied, to the extent applicable, with its disclosure obligations under Rule 506(e), and has furnished to the Buyers a copy of any disclosures provided thereunder.

(qq) Other Covered Persons. Each of the Company and SPAC is not aware of any Person that has been or will be paid (directly or indirectly) remuneration for solicitation of Buyers or potential purchasers in connection with the sale of any Regulation D Securities.

(rr) No Additional Agreements. Each of the Company and SPAC does not have any agreement or understanding with any Buyer with respect to the transactions contemplated by the Transaction Documents other than as specified in the Transaction Documents.

(ss) Public Utility Holding Act. None of the Company, nor SPAC nor any of their respective Subsidiaries is a “holding company,” or an “affiliate” of a “holding company,” as such terms are defined in the Public Utility Holding Act of 2005.

(tt) Federal Power Act. None of the Company, nor SPAC nor any of their respective Subsidiaries is subject to regulation as a “public utility” under the Federal Power Act, as amended.

(uu) Ranking of Notes. No Indebtedness of the Company, at the Closing, will be senior to, or *pari passu* with, the Notes in right of payment, whether with respect to payment or redemptions, interest, damages, upon liquidation or dissolution or otherwise.

(vv) Cybersecurity. The Company and its Subsidiaries’ information technology assets and equipment, computers, systems, networks, hardware, software, websites, applications, and databases (collectively, “**IT Systems**”) are adequate for, and operate and perform in all material respects as required in connection with the operation of the business of the Company and its Subsidiaries as currently conducted, free and clear of all material bugs, errors, defects, Trojan horses, time bombs, malware and other corruptants that would reasonably be expected to have a Material Adverse Effect on the Company’s business. The Company and its Subsidiaries have implemented and maintained commercially reasonable physical, technical and administrative controls, policies, procedures, and safeguards to maintain and protect their material confidential information and the integrity, continuous operation, redundancy and security of all IT Systems and data, including “Personal Data,” used in connection with their businesses. “**Personal Data**” means (i) a natural person’s name, street address, telephone number, e-mail address, photograph, social security number or tax identification number, driver’s license number, passport number, credit card number, bank information, or customer or account number; (ii) any information which would qualify as “personally identifying information” under the Federal Trade Commission Act, as amended; (iii) “personal data” as defined by the European Union General Data Protection Regulation (“**GDPR**”) (EU 2016/679); (iv) any information which would qualify as “protected health information” under the Health Insurance Portability and Accountability Act of 1996, as amended by the Health Information Technology for Economic and Clinical Health Act (collectively, “**HIPAA**”); and (v) any other piece of information that allows the identification of such natural person, or his or her family, or permits the collection or analysis of any data related to an identified person’s health or sexual orientation. There have been no breaches, violations, outages or unauthorized uses of or accesses to same, except for those that have been remedied without material cost or liability or the duty to notify any other person or such, nor any incidents under internal review or investigations relating to the same except in each case, where such would not, either individually or in the aggregate, reasonably be expected to result in a Material Adverse Effect. The Company and its Subsidiaries are presently in compliance with all applicable laws or statutes and all judgments, orders, rules and regulations of any court or arbitrator or governmental or regulatory authority, internal policies and contractual obligations relating to the privacy and security of IT Systems and Personal Data and to the protection of such IT Systems and Personal Data from unauthorized use, access, misappropriation or modification except in each case, where such would not, either individually or in the aggregate, reasonably be expected to result in a Material Adverse Effect.

(ww) Compliance with Data Privacy Laws. The Company and its Subsidiaries are, and at all prior times were, in compliance with all applicable state and federal data privacy and security laws and regulations, including without limitation HIPAA, and the Company and its Subsidiaries have taken commercially reasonable actions to prepare to comply with, and since May 25, 2018, have been and currently are in compliance with, the GDPR (EU 2016/679) (collectively, the "**Privacy Laws**") except in each case, where such would not, either individually or in the aggregate, reasonably be expected to result in a Material Adverse Effect. To ensure compliance with the Privacy Laws, the Company and its Subsidiaries have in place, comply with, and take appropriate steps reasonably designed to ensure compliance in all material respects with their policies and procedures relating to data privacy and security and the collection, storage, use, disclosure, handling, and analysis of Personal Data (the "**Policies**"). The Company and its Subsidiaries have at all times made all disclosures to users or customers required by applicable laws and regulatory rules or requirements, and none of such disclosures made or contained in any Policy have, to the knowledge of the Company, been inaccurate or in violation of any applicable laws and regulatory rules or requirements in any material respect. The Company further certifies that neither it nor any Subsidiary: (i) has received notice of any actual or potential liability under or relating to, or actual or potential violation of, any of the Privacy Laws, and has no knowledge of any event or condition that would reasonably be expected to result in any such notice; (ii) is currently conducting or paying for, in whole or in part, any investigation, remediation, or other corrective action pursuant to any Privacy Law; or (iii) is a party to any order, decree, or agreement that imposes any obligation or liability under any Privacy Law.

(xx) Disclosure. Each of the Company and SPAC confirms that neither it nor any other Person acting on its behalf has provided any of the Buyers or their agents or counsel with any information that constitutes or could reasonably be expected to constitute material, non-public information concerning the Company, SPAC or any of their respective Subsidiaries, other than the existence of the transactions contemplated by this Agreement and the other Transaction Documents. Each of the Company and SPAC understands and confirms that each of the Buyers will rely on the foregoing representations in effecting transactions in securities of the Company. All disclosure provided to the Buyers regarding the Company, SPAC and their respective Subsidiaries, their businesses and the transactions contemplated hereby, including the schedules to this Agreement, furnished by or on behalf of the Company, SPAC or any of their respective Subsidiaries is true and correct and does not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading. All of the written information furnished after the date hereof by or on behalf of the Company, SPAC or any of their respective Subsidiaries to each Buyer pursuant to or in connection with this Agreement and the other Transaction Documents, taken as a whole, will be true and correct in all material respects as of the date on which such information is so provided and will not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading. Each press release issued by the Company, SPAC or any of their respective Subsidiaries during the twelve (12) months preceding the date of this Agreement did not at the time of release contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or

necessary in order to make the statements therein, in the light of the circumstances under which they are made, not misleading. No event or circumstance has occurred or information exists with respect to the Company, SPAC or any of their respective Subsidiaries or its or their business, properties, liabilities, prospects, operations (including results thereof) or conditions (financial or otherwise), which, under applicable law, rule or regulation, requires public disclosure at or before the date hereof or announcement by the Company or SPAC but which has not been so publicly disclosed. All financial projections and forecasts that have been prepared by or on behalf of the Company, SPAC or any of their respective Subsidiaries and made available to Buyer have been prepared in good faith based upon reasonable assumptions and represented, at the time each such financial projection or forecast was delivered to each Buyer, the Company's or SPAC's best estimate of future financial performance (it being recognized that such financial projections or forecasts are not to be viewed as facts and that the actual results during the period or periods covered by any such financial projections or forecasts may differ from the projected or forecasted results). The Company and SPAC each acknowledges and agrees that no Buyer makes or has made any representations or warranties with respect to the transactions contemplated hereby other than those specifically set forth in Section 2.

4. COVENANTS.

(a) **Best Efforts.** Each Buyer shall use its best efforts to timely satisfy each of the covenants hereunder and conditions to be satisfied by it as provided in Section 6 of this Agreement. Each of the Company and SPAC shall use its best efforts to timely satisfy each of the covenants hereunder and conditions to be satisfied by it as provided in Section 7 of this Agreement.

(b) **Form D and Blue Sky.** The Company shall file a Form D with respect to the Securities as required under Regulation D and to provide a copy thereof to each Buyer promptly after such filing. The Company shall, on or before the Closing Date, take such action as the Company shall reasonably determine is necessary in order to obtain an exemption for, or to, qualify the Securities for sale to the Buyers at the Closing pursuant to this Agreement under applicable securities or "Blue Sky" laws of the states of the United States (or to obtain an exemption from such qualification), and shall provide evidence of any such action so taken to the Buyers on or prior to the Closing Date. Without limiting any other obligation of the Company under this Agreement, the Company shall timely make all filings and reports relating to the offer and sale of the Securities required under all applicable securities laws (including, without limitation, all applicable federal securities laws and all applicable "Blue Sky" laws), and the Company shall comply with all applicable foreign, federal, state and local laws, statutes, rules, regulations and the like relating to the offering and sale of the Securities to the Buyers.

(c) **Reporting Status.** In the event that any Buyer converts the Notes into Conversion Shares, upon consummation of the Business Combination, and until the date on which all Buyers that have converted Notes into Conversion Shares shall have sold all of the Exchange Securities issued upon consummation of the Business Combination (the "**Reporting Period**"), the SPAC shall timely file all reports required to be filed with the SEC pursuant to the 1934 Act, and the SPAC shall not terminate its status as an issuer required to file reports under the 1934 Act even if the 1934 Act or the rules and regulations thereunder would no longer require or otherwise permit such termination.

(d) Use of Proceeds. The Company will use the proceeds from the sale of the Notes for general corporate purposes, but not, directly or indirectly, for (i) the satisfaction of any indebtedness of the Company, or any of its Subsidiaries, (ii) the redemption or repurchase of any securities of the Company or any of its Subsidiaries, or (iii) the settlement of any outstanding litigation.

(e) Financial Information. In the event that any Buyer converts the Notes into Conversion Shares, the SPAC agrees to send the following to each **Investor** (as defined in the Registration Rights Agreement) during the Reporting Period (i) unless the following are filed with the SEC through EDGAR and are available to the public through the EDGAR system, within one (1) Business Day after the filing thereof with the SEC, a copy of SPAC's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, any interim reports or any consolidated balance sheets, income statements, stockholders' equity statements and/or cash flow statements for any period other than annual, any Current Reports on Form 8-K and any registration statements (other than on Form S-8) or amendments filed pursuant to the 1933 Act, (ii) unless the following are either filed with the SEC through EDGAR or are otherwise widely disseminated via a recognized news release service (such as PR Newswire), on the same day as the release thereof, e-mail copies of all press releases issued by the SPAC or any of its Subsidiaries and (iii) unless the following are filed with the SEC through EDGAR, copies of any notices and other information made available or given to the stockholders of the SPAC generally, contemporaneously with the making available or giving thereof to the stockholders.

(f) Listing. SPAC shall promptly secure the listing or designation for quotation (as the case may be) of all of the Exchange Securities on the Principal Market and shall maintain such listing or designation for quotation (as the case may be) of all Securities and Exchange Securities from time to time issuable under the terms of the Transaction Documents on the Principal Market, The New York Stock Exchange, the NYSE American, the Nasdaq Capital Market, the Nasdaq Global Market or the Nasdaq Global Select Market (each, an "**Eligible Market**"). Neither the Company, nor SPAC nor any of their respective Subsidiaries shall take any action which could be reasonably expected to result in the delisting or suspension of the Exchange Securities on an Eligible Market following consummation of the Business Combination. The Company and SPAC shall be jointly responsible for paying all fees and expenses in connection with satisfying its obligations under this Section 4(f).

(g) Fees. The Company and SPAC shall jointly be responsible to reimburse the lead Buyer for all costs and expenses incurred by it or its affiliates in connection with the structuring, documentation, negotiation and closing of the transactions contemplated by the Transaction Documents (including, without limitation, as applicable, a non-accountable amount of \$75,000 for the legal fees of outside counsel and disbursements of Loeb & Loeb LLP, counsel to the lead Buyer, any other reasonable fees and expenses in connection with the structuring, documentation, negotiation and closing of the transactions contemplated by the Transaction Documents and due diligence and regulatory filings in connection therewith) (the "**Transaction Expenses**") and shall be withheld by the lead Buyer from its Purchase Price at the Closing; provided, that the Company and SPAC shall be jointly responsible to promptly reimburse Loeb & Loeb LLP on demand for all Transaction Expenses not so reimbursed through such withholding at the Closing. The Company and SPAC shall jointly be responsible for the payment of any placement agent's fees, financial advisory fees, Controlled Account Bank fees, transfer agent fees, DTC (as defined below) fees or

broker's commissions (other than for Persons engaged by any Buyer) relating to or arising out of the transactions contemplated hereby. The Company and SPAC shall jointly be responsible to pay, and hold each Buyer harmless against, any liability, loss or expense (including, without limitation, reasonable attorneys' fees and out-of-pocket expenses) arising in connection with any claim relating to any such payment. Except as otherwise set forth in the Transaction Documents, each party to this Agreement shall bear its own expenses in connection with the sale of the Securities to the Buyers.

(h) Pledge of Securities. Notwithstanding anything to the contrary contained in this Agreement, each of the Company and SPAC acknowledges and agrees that the Securities may be pledged by a Buyer in connection with a bona fide margin agreement or other loan or financing arrangement that is secured by the Securities. The pledge of Securities shall not be deemed to be a transfer, sale or assignment of the Securities hereunder, and no Buyer effecting a pledge of Securities shall be required to provide the SPAC with any notice thereof or otherwise make any delivery to the SPAC pursuant to this Agreement or any other Transaction Document, including, without limitation, Section 2(g) hereof. The SPAC hereby agrees to execute and deliver such documentation as a pledgee of the Securities may reasonably request in connection with a pledge of the Exchange Securities to such pledgee by a Buyer.

(i) Disclosure of Transactions and Other Material Information

(i) Disclosure of Transaction. The SPAC shall, on or before 9:30 a.m., New York time, not later than within three (3) Business Days after the date of this Agreement, issue a press release (the "**Press Release**") reasonably acceptable to the Buyers disclosing all the material terms of the transactions contemplated by the Transaction Documents. On or before 9:30 a.m., New York time, not later than within three (3) Business Days after the date of this Agreement, SPAC shall file a Current Report on Form 8-K describing all the material terms of the transactions contemplated by the Transaction Documents in the form required by the 1934 Act and attaching all the material Transaction Documents (including, without limitation, this Agreement (and all schedules to this Agreement), the form of Notes, the form of Security Documents, and the form of the Registration Rights Agreement) (including all attachments, the "**8-K Filing**"). From and after the filing of the 8-K Filing, the Company shall have caused the disclosure of all material, non-public information (if any) provided to any of the Buyers by the Company, SPAC or any of their respective Subsidiaries or any of their respective officers, directors, employees or agents in connection with the transactions contemplated by the Transaction Documents. In addition, effective upon the filing of the 8-K Filing, each of the Company and SPAC acknowledges and agrees that any and all confidentiality or similar obligations under any agreement, whether written or oral, between the Company, SPAC, any of their respective Subsidiaries or any of their respective officers, directors, affiliates, employees or agents, on the one hand, and any of the Buyers or any of their affiliates, on the other hand, shall terminate.

(ii) Limitations on Disclosure. Each of the Company and SPAC shall not, and each of the Company and SPAC shall cause each of their respective Subsidiaries and each of its and their respective officers, directors, employees and agents not to, provide any Buyer (unless such Buyer is affiliated with an officer or director of the SPAC) with any material, non-public information regarding the Company, SPAC or any of their respective Subsidiaries from and after the date hereof without the express prior written consent of such Buyer (which may be granted or withheld in such Buyer's sole discretion). In the event of a breach of any of the foregoing covenants, including, without limitation, Section 4(o) of this Agreement, or any of the covenants or agreements contained in any other Transaction Document, by the Company, SPAC any of their respective Subsidiaries, or any of its or their respective officers, directors, employees and agents (as determined in the reasonable good faith judgment of such Buyer), in addition to any other remedy provided herein or in the Transaction Documents, such Buyer shall have the right to make a public disclosure, in the form of a press release, public advertisement or otherwise, of such breach or such material, non-public information, as applicable, without the prior approval by the Company, SPAC, any of their respective Subsidiaries, or any of its or their respective officers, directors, employees or agents. No Buyer shall have any liability to the Company, SPAC, any of their respective Subsidiaries, or any of its or their respective officers, directors, employees, affiliates, stockholders or agents, for any such disclosure. To the extent that the Company or SPAC delivers any material, non-public information to a Buyer without such Buyer's consent, the Company or SPAC, as applicable, hereby covenants and agrees that such Buyer shall not have any duty of confidentiality with respect to, or a duty not to trade on the basis of, such material, non-public information. Subject to the foregoing, and except as required in Section 4(i) (i) or as otherwise required to be included in the Business Combination Registration Statement or any of the SPAC's SEC Documents, neither the Company, nor SPAC, their respective Subsidiaries nor any Buyer shall issue any press releases or any other public statements with respect to the transactions contemplated hereby; provided, however, the Company and SPAC shall each be entitled, without the prior approval of any Buyer, to make the Press Release and any press release or other public disclosure with respect to such transactions (i) in substantial conformity with the 8-K Filing and contemporaneously therewith and (ii) as is required by applicable law and regulations (provided that in the case of clause (i) each Buyer shall be consulted by the Company and SPAC, as applicable, in connection with any such press release or other public disclosure prior to its release). Without the prior written consent of the applicable Buyer (which may be granted or withheld in such Buyer's sole discretion), each of the Company and SPAC shall not (and shall cause each of their respective Subsidiaries and affiliates to not) disclose the name of such Buyer in any filing, announcement, release or otherwise unless required by applicable law or regulation. Notwithstanding anything contained in this Agreement to the contrary and without implication that the contrary would otherwise be true, each of the Company and SPAC expressly acknowledges and agrees that no Buyer shall have (unless expressly agreed to by a particular Buyer after the date hereof in a written definitive and binding agreement executed by the Company or SPAC, on the one hand, and such particular Buyer on the other (it being understood and agreed that no Buyer may bind any other Buyer with respect thereto)), any duty of confidentiality with respect to, or a duty not to trade on the basis of, any material, non-public information regarding the Company, SPAC or any of their respective Subsidiaries.

(iii) **Other Confidential Information; Disclosure Failures; Disclosure Delay Payments.** In addition to other remedies set forth in this Section 4(iii), and without limiting anything set forth in any other Transaction Document, at any time after the Closing Date if the Company, SPAC, any of their respective Subsidiaries, or any of their respective officers, directors, employees or agents, provides any Buyer with material non-public information relating to the Company, SPAC, or any of their respective Subsidiaries (each, the “**Confidential Information**”), the Company or SPAC, as applicable shall, to, on or prior to the applicable Required Disclosure Date (as defined below), publicly disclose such Confidential Information on a Current Report on Form 8-K or otherwise (each, a “**Disclosure**”). From and after such Disclosure, the Company or SPAC, as applicable, shall have disclosed all Confidential Information provided to such Buyer by the Company, SPAC or any of their respective Subsidiaries or any of their respective officers, directors, employees or agents in connection with the transactions contemplated by the Transaction Documents. In addition, effective upon such Disclosure, each of the Company and SPAC acknowledges and agrees that any and all confidentiality or similar obligations under any agreement, whether written or oral, between the Company, SPAC, any of their respective Subsidiaries or any of their respective officers, directors, affiliates, employees or agents, on the one hand, and any of the Buyers or any of their affiliates, on the other hand, shall terminate. In the event that the Company or SPAC fails to effect such Disclosure on or prior to the Required Disclosure Date and such Buyer shall have possessed Confidential Information for at least ten (10) consecutive Trading Days (each, a “**Disclosure Failure**”), then, as partial relief for the damages to such Buyer by reason of any such delay in, or reduction of, its ability to buy or sell shares of Common Stock after such Required Disclosure Date (which remedy shall not be exclusive of any other remedies available at law or in equity), the Company or SPAC, as applicable, shall pay to such Buyer an amount in cash equal to the greater of (I) two percent (2%) of the aggregate Purchase Price and (II) the applicable Disclosure Restitution Amount, on each of the following dates (each, a “**Disclosure Delay Payment Date**”): (i) on the date of such Disclosure Failure and (ii) on every thirty (30) day anniversary such Disclosure Failure until the earlier of (x) the date such Disclosure Failure is cured and (y) such time as all such non-public information provided to such Buyer shall cease to be Confidential Information (as evidenced by a certificate, duly executed by an authorized officer of the Company or SPAC, as applicable, to the foregoing effect) (such earlier date, as applicable, a “**Disclosure Cure Date**”). Following the initial Disclosure Delay Payment for any particular Disclosure Failure, without limiting the foregoing, if a Disclosure Cure Date occurs prior to any thirty (30) day anniversary of such Disclosure Failure, then such Disclosure Delay Payment (prorated for such partial month) shall be made on the second (2nd) Business Day after such Disclosure Cure Date. The payments to which a Buyer shall be entitled pursuant to this Section 4(i)(iii) are referred to herein as “**Disclosure Delay Payments**.” In the event the Company or SPAC, as applicable, fails to make Disclosure Delay Payments in a timely manner in accordance with the foregoing, such Disclosure Delay Payments shall bear interest at the rate of two percent (2%) per month (prorated for partial months) until paid in full.

(iv) For the purpose of this Agreement the following definitions shall apply:

(1) “**Disclosure Failure Market Price**” means, as of any Disclosure Delay Payment Date, the price computed as the quotient of (I) the sum of the five (5) highest VWAPs (as defined in the Notes) of the Common Stock during the applicable Disclosure Restitution Period (as defined below), divided by (II) five (5) (such period, the “**Disclosure Failure Measuring Period**”). All such determinations to be appropriately adjusted for any share dividend, share split, share combination, reclassification or similar transaction that proportionately decreases or increases the Common Stock during such Disclosure Failure Measuring Period.

(2) “**Disclosure Restitution Amount**” means, as of any Disclosure Delay Payment Date, the product of (x) difference of (I) the Disclosure Failure Market Price less (II) the lowest purchase price, per share of Common Stock, of any Common Stock issued or issuable to such Buyer pursuant to this Agreement or any other Transaction Documents, multiplied by (y) 10% of the aggregate daily dollar trading volume (as reported on Bloomberg (as defined in the Notes)) of the Common Stock on the Principal Market for each Trading Day (as defined in the Notes) either (1) with respect to the initial Disclosure Delay Payment Date, during the period commencing on the applicable Required Disclosure Date through and including the Trading Day immediately prior to the initial Disclosure Delay Payment Date or (2) with respect to each other Disclosure Delay Payment Date, during the period commencing the immediately preceding Disclosure Delay Payment Date through and including the Trading Day immediately prior to such applicable Disclosure Delay Payment Date (such applicable period, the “**Disclosure Restitution Period**”).

(3) “**Required Disclosure Date**” means (x) if such Buyer authorized the delivery of such Confidential Information, either (I) if the Company and such Buyer have mutually agreed upon a date (as evidenced by an e-mail or other writing) of Disclosure of such Confidential Information, such agreed upon date or (II) otherwise, the seventh (7th) calendar day after the date such Buyer first received any Confidential Information or (y) if such Buyer did not authorize the delivery of such Confidential Information, the first (1st) Business Day after such Buyer’s receipt of such Confidential Information.

(v) This covenant shall terminate, and the obligations set forth in this Section 4(i) shall cease to be of any force and effect, with respect to any Buyer that (1) does not convert its Notes into Conversion Shares and (2) shall have sold all of the Exchange Securities issued upon consummation of the Business Combination.

(j) Additional Issuance of Securities. So long as any Notes remain outstanding, the Company will not, without the prior written consent of the Required Holders, (i) issue any Notes (other than to the Buyers as contemplated hereby), (ii) issue any other securities that would cause a breach or default under the Notes, or (iii) issue any Convertible Securities (as defined below) involving a Variable Rate Transaction. “**Variable Rate Transaction**” means a transaction in which the Company or its Subsidiaries issues or sells any Convertible Securities either (A) at a conversion, exercise or exchange rate or other price that is based upon and/or varies with the trading prices of or quotations for the shares of Common Stock at any time after the initial issuance of such Convertible Securities, or (B) with a conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such Convertible Securities or upon the occurrence of specified or contingent events directly or indirectly related to the business of the Company or SPAC, or the market for the Common Stock, other than pursuant to a customary

“weighted average” anti-dilution provision. Each Buyer shall be entitled to obtain injunctive relief against the Company and its Subsidiaries to preclude any such issuance, which remedy shall be in addition to any right to collect damages. Notwithstanding the forgoing, each Buyer acknowledges that the Company and SPAC will be entering into an agreement for an equity line of credit that will become effective upon the consummation of the Business Combination, and such agreement shall not violate the terms of this Section 4(j). Furthermore, each Buyer acknowledges that the SPAC has outstanding warrants that may involve a Variable Rate Transaction.

(k) Reservation of Shares. So long as any of the Notes remain outstanding, the Company shall take all action necessary to at all times have authorized, and reserved for the purpose of issuance, no less than 200% of the maximum number of Conversion Shares issuable upon conversion of the Notes then outstanding, and (y) any such conversion shall not take into account any limitations on the conversion of the Notes set forth in the Notes) (collectively, the “**Required Reserve Amount**”); provided that at no time shall the number of shares of Common Stock reserved pursuant to this Section 4(k) be reduced other than proportionally in connection with any conversion, exercise and/or redemption, as applicable of Notes. If at any time the number of shares of Common Stock authorized and reserved for issuance is not sufficient to meet the Required Reserve Amount, the Company will promptly take all corporate action necessary to authorize and reserve a sufficient number of shares, including, without limitation, calling a special meeting of stockholders to authorize additional shares to meet the Company’s obligations pursuant to the Transaction Documents, in the case of an insufficient number of authorized shares, obtain stockholder approval of an increase in such authorized number of shares, and voting the management shares of the Company in favor of an increase in the authorized shares of the Company to ensure that the number of authorized shares is sufficient to meet the Required Reserve Amount.

(m) Conduct of Business.

(i) The business of the Company, SPAC and their respective Subsidiaries shall not be conducted in violation of any law, ordinance or regulation of any Governmental Entity, except where such violations would not reasonably be expected to result, either individually or in the aggregate, in a Material Adverse Effect.

(ii) Prior to the consummation of the Business Combination, the Company and its Subsidiaries shall comply with all obligations required pursuant to Section 6.01 of the Merger Agreement, and the incurrence by the Company or its Subsidiaries of any expense or cost in excess of \$1,000 after the Closing shall be considered to be outside the ordinary course and therefore, in accordance with Section 6.01 of the Merger Agreement, require the prior written consent of SPAC.

(n) Reserved.

(o) Participation Right. At any time any Notes remain outstanding, neither the Company nor any of its Subsidiaries shall, directly or indirectly, issue, offer, sell, grant any option or right to purchase, or otherwise dispose of (or announce any issuance, offer, sale, grant of any option or right to purchase or other disposition of) any equity security or any equity-linked or related security (including, without limitation, any “equity security” (as that term is defined under Rule 405 promulgated under the 1933 Act), any Convertible Securities (as defined below), any debt, any preferred stock or any purchase rights) (any such issuance, offer, sale, grant, disposition or announcement is referred to as a “**Subsequent Placement**”) unless the Company shall have first complied with this Section 4(o). The Company acknowledges and agrees that the right set forth in this Section 4(o) is a right granted by the Company separately to each Buyer.

(i) At least five (5) Trading Days (as defined in the Notes) prior to any proposed or intended Subsequent Placement, the Company shall deliver to each Buyer a written notice (each such notice, a "**Pre-Notice**"), which Pre-Notice shall not contain any information (including, without limitation, material, non-public information) other than: (A) if the proposed Offer Notice (as defined below) constitutes or contains material, non-public information, a statement asking whether the Buyer is willing to accept material non-public information or (B) if the proposed Offer Notice does not constitute or contain material, non-public information, (x) a statement that the Company proposes or intends to effect a Subsequent Placement, (y) a statement that the statement in clause (x) above does not constitute material, non-public information and (z) a statement informing such Buyer that it is entitled to receive an Offer Notice (as defined below) with respect to such Subsequent Placement upon its written request. Upon the written request of a Buyer within three (3) Trading Days after the Company's delivery to such Buyer of such Pre-Notice, and only upon a written request by such Buyer, the Company shall promptly, but no later than one (1) Trading Day after such request, deliver to such Buyer an irrevocable written notice (the "**Offer Notice**") of any proposed or intended issuance or sale or exchange (the "**Offer**") of the securities being offered (the "**Offered Securities**") in a Subsequent Placement, which Offer Notice shall (A) identify and describe the Offered Securities, (B) describe the price and other terms upon which they are to be issued, sold or exchanged, and the number or amount of the Offered Securities to be issued, sold or exchanged, (C) identify the Persons (if known) to which or with which the Offered Securities are to be offered, issued, sold or exchanged and (D) offer to issue and sell to or exchange with such Buyer in accordance with the terms of the Offer such Buyer's pro rata portion of 20% of the Offered Securities, provided that the number of Offered Securities which such Buyer shall have the right to subscribe for under this Section 4(o) shall be (x) based on such Buyer's pro rata portion of the aggregate original principal amount of the Notes purchased hereunder by all Buyers (the "**Basic Amount**"), and (y) with respect to each Buyer that elects to purchase its Basic Amount, any additional portion of the Offered Securities attributable to the Basic Amounts of other Buyers as such Buyer shall indicate it will purchase or acquire should the other Buyers subscribe for less than their Basic Amounts (the "**Undersubscription Amount**"), which process shall be repeated until each Buyer shall have an opportunity to subscribe for any remaining Undersubscription Amount.

(ii) To accept an Offer, in whole or in part, such Buyer must deliver a written notice to the Company prior to the end of the fifth (5) Business Day after such Buyer's receipt of the Offer Notice (the "**Offer Period**"), setting forth the portion of such Buyer's Basic Amount that such Buyer elects to purchase and, if such Buyer shall elect to purchase all of its Basic Amount, the Undersubscription Amount, if any, that such Buyer elects to purchase (in either case, the "**Notice of Acceptance**"). If the Basic Amounts subscribed for by all Buyers are less than the total of all of the Basic Amounts, then each Buyer who has set forth an Undersubscription Amount in its Notice of Acceptance shall be entitled to

purchase, in addition to the Basic Amounts subscribed for, the Undersubscription Amount it has subscribed for; provided, however, if the Undersubscription Amounts subscribed for exceed the difference between the total of all the Basic Amounts and the Basic Amounts subscribed for (the "**Available Undersubscription Amount**"), each Buyer who has subscribed for any Undersubscription Amount shall be entitled to purchase only that portion of the Available Undersubscription Amount as the Basic Amount of such Buyer bears to the total Basic Amounts of all Buyers that have subscribed for Undersubscription Amounts, subject to rounding by the Company or SPAC, as applicable, to the extent it deems reasonably necessary. Notwithstanding the foregoing, if the Company desires to modify or amend the terms and conditions of the Offer prior to the expiration of the Offer Period, the Company may deliver to each Buyer a new Offer Notice and the Offer Period shall expire on the fifth (5th) Business Day after such Buyer's receipt of such new Offer Notice.

(iii) The Company shall have five (5) Business Days from the expiration of the Offer Period above (A) to offer, issue, sell or exchange all or any part of such Offered Securities as to which a Notice of Acceptance has not been given by a Buyer (the "**Refused Securities**") pursuant to a definitive agreement(s) (the "**Subsequent Placement Agreement**"), but only to the offerees described in the Offer Notice (if so described therein) and only upon terms and conditions (including, without limitation, unit prices and interest rates) that are not more favorable to the acquiring Person or Persons or less favorable to the Company than those set forth in the Offer Notice and (B) unless the Subsequent Placement Agreement is terminated, to publicly announce (x) the execution of such Subsequent Placement Agreement, and (y) the consummation of the transactions contemplated by such Subsequent Placement Agreement, which shall be filed by the SPAC with the SEC on a Current Report on Form 8-K with such Subsequent Placement Agreement and any documents contemplated therein filed as exhibits thereto.

(iv) In the event the Company shall propose to sell less than all the Refused Securities (any such sale to be in the manner and on the terms specified in Section 4(o)(iii) above), then each Buyer may, at its sole option and in its sole discretion, withdraw its Notice of Acceptance or reduce the number or amount of the Offered Securities specified in its Notice of Acceptance to an amount that shall be not less than the number or amount of the Offered Securities that such Buyer elected to purchase pursuant to Section 4(o)(ii) above multiplied by a fraction, (i) the numerator of which shall be the number or amount of Offered Securities the Company actually proposes to issue, sell or exchange (including Offered Securities to be issued or sold to Buyers pursuant to this Section 4(o) prior to such reduction) and (ii) the denominator of which shall be the original amount of the Offered Securities. In the event that any Buyer so elects to reduce the number or amount of Offered Securities specified in its Notice of Acceptance, the Company may not issue, sell or exchange more than the reduced number or amount of the Offered Securities unless and until such securities have again been offered to the Buyers in accordance with Section 4(o)(i) above.

(v) Upon the closing of the issuance, sale or exchange of all or less than all of the Refused Securities, such Buyer shall acquire from the Company and the Company shall issue to such Buyer, the number or amount of Offered Securities specified in its Notice of Acceptance, as reduced pursuant to Section 4(o)(iv) above if such Buyer has so elected, upon the terms and conditions specified in the Offer. The purchase by such Buyer of any Offered Securities is subject in all cases to the preparation, execution and delivery by the Company and such Buyer of a separate purchase agreement relating to such Offered Securities reasonably satisfactory in form and substance to such Buyer and its counsel.

(vi) Any Offered Securities not acquired by a Buyer or other Persons in accordance with this Section 4(o) may not be issued, sold or exchanged until they are again offered to such Buyer under the procedures specified in this Agreement.

(vii) The Company, SPAC and each Buyer agree that if any Buyer elects to participate in the Offer, (x) neither the Subsequent Placement Agreement with respect to such Offer nor any other transaction documents related thereto (collectively, the "**Subsequent Placement Documents**") shall include any term or provision whereby such Buyer shall be required to agree to any restrictions on trading as to any securities of the Company or SPAC, as applicable, or be required to consent to any amendment to or termination of, or grant any waiver, release or the like under or in connection with, any agreement previously entered into with the Company or SPAC, as applicable, or any instrument received from the Company or SPAC, as applicable, and (y) any registration rights set forth in such Subsequent Placement Documents shall be similar in all material respects to the registration rights contained in the Registration Rights Agreement.

(viii) Notwithstanding anything to the contrary in this Section 4(o) and unless otherwise agreed to by such Buyer, the Company shall either confirm in writing to such Buyer that the transaction with respect to the Subsequent Placement has been abandoned or shall publicly disclose its intention to issue the Offered Securities, in either case, in such a manner such that such Buyer will not be in possession of any material, non-public information, by the fifth (5th) Business Day following delivery of the Offer Notice. If by such fifth (5th) Business Day, no public disclosure regarding a transaction with respect to the Offered Securities has been made, and no notice regarding the abandonment of such transaction has been received by such Buyer, such transaction shall be deemed to have been abandoned and such Buyer shall not be in possession of any material, non-public information with respect to the Company, SPAC or any of their respective Subsidiaries. Should the Company decide to pursue such transaction with respect to the Offered Securities, the Company shall provide such Buyer with another Offer Notice and such Buyer will again have the right of participation set forth in this Section 4(o). The Company shall not be permitted to deliver more than one such Offer Notice to such Buyer in any sixty (60) day period, except as expressly contemplated by the last sentence of Section 4(o)(ii).

(ix) The restrictions contained in this Section 4(o) shall not apply in connection with the issuance of any (i) shares of Common Stock or standard options to purchase Common Stock to directors, officers or employees of the Company in their capacity as such pursuant to an Approved Stock Plan (as defined below), provided that (1) all such issuances (taking into account the shares of Common Stock issuable upon exercise of such options) after the date hereof pursuant to this clause (i) do not, in the aggregate, exceed more than 5% of the Common Stock issued and outstanding immediately prior to the date

hereof and (2) the exercise price of any such options is not lowered, none of such options are amended to increase the number of shares issuable thereunder and none of the terms or conditions of any such options are otherwise materially changed in any manner that adversely affects any of the Buyers; (ii) shares of Common Stock issued upon the conversion or exercise of Convertible Securities (other than standard options to purchase Common Stock issued pursuant to an Approved Stock Plan that are covered by clause (i) above) issued prior to the date hereof, provided that the conversion, exercise or other method of issuance (as the case may be) of any such Convertible Security is made solely pursuant to the conversion, exercise or other method of issuance (as the case may be) provisions of such Convertible Security that were in effect on the date immediately prior to the date of this Agreement, the conversion, exercise or issuance price of any such Convertible Securities (other than standard options to purchase Common Stock issued pursuant to an Approved Stock Plan that are covered by clause (i) above) is not lowered, none of such Convertible Securities (other than standard options to purchase Common Stock issued pursuant to an Approved Stock Plan that are covered by clause (i) above) are amended to increase the number of shares issuable thereunder and none of the terms or conditions of any such Convertible Securities (other than standard options to purchase Common Stock issued pursuant to an Approved Stock Plan that are covered by clause (i) above) are otherwise materially changed in any manner that adversely affects any of the Buyers; and (iii) the Conversion Shares. "**Approved Stock Plan**" means any employee benefit plan which has been approved by the board of directors of the Company or of SPAC prior to or subsequent to the date hereof pursuant to which shares of Common Stock and standard options to purchase Common Stock may be issued to any employee, officer or director for services provided to the Company or the Combined Company in their capacity as such. The Company shall not circumvent the provisions of this Section 4(o) by providing terms or conditions to one Buyer that are not provided to all.

(p) Reserved.

(q) Passive Foreign Investment Company. Each of the Company and SPAC shall conduct their respective business and shall cause their Subsidiaries to conduct their respective businesses, in such a manner as will ensure that the Company and SPAC, as applicable, will not be deemed to constitute a passive foreign investment company within the meaning of Section 1297 of the Code.

(r) Restriction on Redemption and Cash Dividends. So long as any Notes are outstanding, the Company shall not, directly or indirectly, redeem, or declare or pay any cash dividend or distribution on, any securities of the Company without the prior express written consent of the Buyers.

(s) Corporate Existence. So long as any Buyer beneficially owns any Notes, other than the Business Combination, neither the Company nor SPAC shall be party to any Fundamental Transaction (as defined in the Notes) unless the Company or SPAC, as applicable, is in compliance with the applicable provisions governing Fundamental Transactions set forth in the Notes.

(t) Stock Splits. Until the Notes are no longer outstanding, the Company shall not effect any stock combination, reverse stock split or other similar transaction (or make any public announcement or disclosure with respect to any of the foregoing) without the prior written consent of the Required Holders (as defined below).

(u) Conversion Procedures. The Company shall honor conversions of the Notes and shall deliver the Conversion Shares in accordance with the terms, conditions and time periods set forth in the Notes.

(v) Collateral Agent. Each Buyer hereby (i) appoints Meteora Capital Partners, LP, as the collateral agent hereunder and under the other Security Documents (in such capacity, the "**Collateral Agent**"), and (ii) authorizes the Collateral Agent (and its officers, directors, employees and agents) to take such action on such Buyer's behalf in accordance with the terms hereof and thereof. The Collateral Agent shall not have, by reason hereof or any of the other Security Documents, a fiduciary relationship in respect of any Buyer. Neither the Collateral Agent nor any of its officers, directors, employees or agents shall have any liability to any Buyer for any action taken or omitted to be taken in connection hereof or any other Security Document except to the extent caused by its own gross negligence or willful misconduct, and each Buyer agrees to defend, protect, indemnify and hold harmless the Collateral Agent and all of its officers, directors, employees and agents (collectively, the "**Collateral Agent Indemnitees**") from and against any losses, damages, liabilities, obligations, penalties, actions, judgments, suits, fees, costs and expenses (including, without limitation, reasonable attorneys' fees, costs and expenses) incurred by such Collateral Agent Indemnitee, whether direct, indirect or consequential, arising from or in connection with the performance by such Collateral Agent Indemnitee of the duties and obligations of Collateral Agent pursuant hereto or any of the Security Documents. The Collateral Agent shall not be required to exercise any discretion or take any action, but shall be required to act or to refrain from acting (and shall be fully protected in so acting or refraining from acting) upon the instructions of the Required Holders, and such instructions shall be binding upon all holders of Notes; provided, however, that the Collateral Agent shall not be required to take any action which, in the reasonable opinion of the Collateral Agent, exposes the Collateral Agent to liability or which is contrary to this Agreement or any other Transaction Document or applicable law. The Collateral Agent shall be entitled to rely upon any written notices, statements, certificates, orders or other documents or any telephone message believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person, and with respect to all matters pertaining to this Agreement or any of the other Transaction Documents and its duties hereunder or thereunder, upon advice of counsel selected by it.

(w) Successor Collateral Agent.

(i) The Collateral Agent may resign from the performance of all its functions and duties hereunder and under the other Transaction Documents at any time by giving at least ten (10) Business Days' prior written notice to the Company and each holder of Notes. Such resignation shall take effect upon the acceptance by a successor Collateral Agent of appointment pursuant to clauses (ii) and (iii) below or as otherwise provided below. If at any time the Collateral Agent (together with its affiliates) beneficially owns less than \$100,000 in aggregate principal amount of Notes, the Required Holders may, by written consent, remove the Collateral Agent from all its functions and duties hereunder and under the other Transaction Documents.

(ii) Upon any such notice of resignation or removal, the Required Holders shall appoint a successor collateral agent. Upon the acceptance of any appointment as Collateral Agent hereunder by a successor agent, such successor collateral agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the collateral agent, and the Collateral Agent shall be discharged from its duties and obligations under this Agreement and the other Transaction Documents. After the Collateral Agent's resignation or removal hereunder as the collateral agent, the provisions of this Section 4(w) shall inure to its benefit as to any actions taken or omitted to be taken by it while it was the Collateral Agent under this Agreement and the other Transaction Documents.

(iii) If a successor collateral agent shall not have been so appointed within ten (10) Business Days of receipt of a written notice of resignation or removal, the Collateral Agent shall then appoint a successor collateral agent who shall serve as the Collateral Agent until such time, if any, as the Required Holders appoint a successor collateral agent as provided above.

(iv) In the event that a successor Collateral Agent is appointed pursuant to the provisions of this Section 4(w) that is not a Buyer or an affiliate of any Buyer (or the Required Holders or the Collateral Agent (or its successor), as applicable, notify the Company that they or it wants to appoint such a successor Collateral Agent pursuant to the terms of this Section 4(w)), the Company and each Subsidiary thereof covenants and agrees to promptly take all actions reasonably requested by the Required Holders or the Collateral Agent (or its successor), as applicable, from time to time, to secure a successor Collateral Agent satisfactory to the requesting party(ies), in their sole discretion, including, without limitation, by paying all reasonable and customary fees and expenses of such successor Collateral Agent, by having the Company and each Subsidiary thereof agree to indemnify any successor Collateral Agent pursuant to reasonable and customary terms and by each of the Company and each Subsidiary thereof executing a collateral agency agreement or similar agreement and/or any amendment to the Security Documents reasonably requested or required by the successor Collateral Agent.

(x) Regulation M. Neither the Company nor SPAC will take any action prohibited by Regulation M under the 1934 Act, in connection with the distribution of the Securities contemplated hereby.

(y) General Solicitation. None of the Company, SPAC, nor any of their respective affiliates (as defined in Rule 501(b) under the 1933 Act) or any person acting on behalf of the Company, SPAC or such affiliate will solicit any offer to buy or offer or sell the Securities by means of any form of general solicitation or general advertising within the meaning of Regulation D, including: (i) any advertisement, article, notice or other communication published in any newspaper, magazine or similar medium or broadcast over television or radio; and (ii) any seminar or meeting whose attendees have been invited by any general solicitation or general advertising.

(z) Integration. None of the Company, SPAC, nor any of their respective affiliates (as defined in Rule 501(b) under the 1933 Act), or any person acting on behalf of the Company, SPAC or such affiliate will sell, offer for sale, or solicit offers to buy or otherwise negotiate in respect of any security (as defined in the 1933 Act) which will be integrated with the sale of the Securities in a manner which would require the registration of the Securities under the 1933 Act or require stockholder approval under the rules and regulations of the Principal Market and the Company and SPAC will take all action that is appropriate or necessary to assure that its offerings of other securities will not be integrated for purposes of the 1933 Act or the rules and regulations of the Principal Market, with the issuance of Securities contemplated hereby.

(aa) Notice of Disqualification Events. The Company and SPAC will notify the Buyers in writing, prior to the Closing Date of (i) any Disqualification Event relating to any Issuer Covered Person and (ii) any event that would, with the passage of time, become a Disqualification Event relating to any Issuer Covered Person.

(bb) Reserved.

(cc) Business Combination Agreement Representations and Warranties. Each of the Company and SPAC hereby covenants to each Buyer such representations and warranties set forth in the Merger Agreement as if such representations and warranties were incorporated by reference into this Agreement, *mutatis mutandis*.

(dd) Closing Documents. On or prior to fourteen (14) calendar days after the Closing Date, the Company agrees to deliver, or cause to be delivered, to each Buyer and Loeb & Loeb LLP a complete closing set of the executed Transaction Documents, Securities and any other document required to be delivered to any party pursuant to Section 7 hereof or otherwise.

(ee) Registration of Conversion Shares. The issuance of the Exchange Securities shall be registered under the Business Combination Registration Statement, which shall be declared effective by the SEC prior to the Business Combination closing date.

(ff) Stockholder Approval. The Company shall hold a special meeting of stockholders providing for the approval of the Merger, with the recommendation of the Company's Board of Directors that such proposal be approved. SPAC shall hold a meeting of stockholder for the approval of the Business Combination and the issuance of the Exchange Securities with the recommendation of the SPAC's Boards of Directors that such proposal be approved.

(gg) Company's Subsidiaries. The Company shall not at any time sell, lease, sublease, license, sublicense, divide or otherwise dispose of any of its property or assets, including Intellectual Property, to Subsidiaries of the Company. The Company shall ensure that each Subsidiary promptly transfers any Intellectual Property that it develops or acquires at any time to the Company.

5. REGISTER; TRANSFER AGENT INSTRUCTIONS; LEGEND.

(a) Register. The Company shall maintain at its principal executive offices (or such other office or agency of the Company as it may designate by notice to each holder of Securities), a register for the Notes in which the Company shall record the name and address of the Person in whose name the Notes have been issued (including the name and address of each transferee), the principal amount of the Notes held by such Person and the number of Conversion Shares issuable pursuant to the terms of the Notes. The Company shall keep the register open and available at all times during business hours for inspection of any Buyer or its legal representatives. If a Buyer effects a sale, assignment or transfer of the Securities in accordance with Section 2(g), the Company shall permit the transfer and shall promptly record in either the register for the Notes or its stock ledger (for the Conversion Shares), such name and such denominations as specified by such Buyer to effect such sale, transfer or assignment.

(b) Transfer Agent Instructions. In the event that a Buyer converts a Note, the Company shall record on its stock ledger the issuance of the Conversion Shares immediately prior to the Business Combination Closing. In such event, upon the consummation of the Business Combination, the SPAC shall issue irrevocable instructions to its transfer agent and any subsequent transfer agent (as applicable, the “**Transfer Agent**”) in a form acceptable to each of the Buyers (the “**Irrevocable Transfer Agent Instructions**”) to issue certificates or credit shares to the applicable balance accounts at The Depository Trust Company (“**DTC**”), registered in the name of each Buyer or its respective nominee(s), for the Exchange Securities in such amounts as in accordance with the terms of the Merger Agreement. The SPAC represents and warrants that no instruction other than the Irrevocable Transfer Agent Instructions referred to in this Section 5(b) will be given by the SPAC to the Transfer Agent with respect to the Exchange Securities, and that the Exchange Securities shall otherwise be freely transferable on the books and records of the SPAC to the extent provided in this Agreement, the other Transaction Documents and the Merger Agreement. In the event that a sale, assignment or transfer involves Exchange Securities sold, assigned or transferred pursuant to an effective registration statement or in compliance with Rule 144, and the Transfer Agent has not already issued the Exchange Securities as credit shares to the applicable balance accounts at DTC, the Transfer Agent shall issue such shares to such Buyer, assignee or transferee (as the case may be) without any restrictive legend in accordance with Section 5(d) below. Each of the Company and SPAC acknowledges that a breach by it of its obligations hereunder will cause irreparable harm to a Buyer. Accordingly, each of the Company and SPAC acknowledges that the remedy at law for a breach of its obligations under this Section 5(b) will be inadequate and agrees, in the event of a breach or threatened breach by the Company of the provisions of this Section 5(b), that a Buyer shall be entitled, in addition to all other available remedies, to an order and/or injunction restraining any breach and requiring immediate issuance and transfer, without the necessity of showing economic loss and without any bond or other security being required. The SPAC shall cause its counsel to issue the legal opinion referred to in the Irrevocable Transfer Agent Instructions to the SPAC’s transfer agent following the consummation of the Business Combination or, if applicable, on each Effective Date (as defined in the Registration Rights Agreement). Any fees (with respect to the transfer agent, counsel to the Company or SPAC or otherwise) associated with the issuance of such opinion or the removal of any legends on any of the Securities or the Exchange Securities shall be borne by the Company and SPAC, jointly.

(c) Legends. Each Buyer understands that the Securities have been issued (or will be issued in the case of the Conversion Shares) pursuant to an exemption from registration or qualification under the 1933 Act and applicable state securities laws, and except as set forth below, the Securities shall bear any legend as required by the “blue sky” laws of any state and a restrictive legend in substantially the following form (and a stop-transfer order may be placed against transfer of such stock certificates):

NEITHER THE ISSUANCE AND SALE OF THE SECURITIES REPRESENTED BY THIS CERTIFICATE NOR THE SECURITIES INTO WHICH THESE SECURITIES ARE CONVERTIBLE HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR APPLICABLE STATE SECURITIES LAWS. THE SECURITIES MAY NOT BE OFFERED FOR SALE, SOLD, TRANSFERRED OR ASSIGNED (I) IN THE ABSENCE OF (A) AN EFFECTIVE REGISTRATION STATEMENT FOR THE SECURITIES UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR (B) AN OPINION OF COUNSEL TO THE HOLDER (IF REQUESTED BY THE COMPANY), IN A FORM REASONABLY ACCEPTABLE TO THE COMPANY, THAT REGISTRATION IS NOT REQUIRED UNDER SAID ACT OR (II) UNLESS SOLD OR ELIGIBLE TO BE SOLD PURSUANT TO RULE 144 OR RULE 144A UNDER SAID ACT. NOTWITHSTANDING THE FOREGOING, THE SECURITIES MAY BE PLEDGED IN CONNECTION WITH A BONA FIDE MARGIN ACCOUNT OR OTHER LOAN OR FINANCING ARRANGEMENT SECURED BY THE SECURITIES.

(d) Removal of Legends. Upon the Business Combination Closing, in accordance with the terms of the Merger Agreement, in the event that the Buyer has converted the Notes into Conversion Shares, the Exchange Securities shall be issued without any legends. The SPAC shall no later than two (2) Trading Days following the Business Combination Closing, either:

(A) provided that the Transfer Agent is participating in the DTC Fast Automated Securities Transfer Program ("**FAST**"), credit the aggregate number of shares of Common Stock to which such Buyer shall be entitled as Exchange Securities to such Buyer's or its designee's balance account with DTC through its Deposit/Withdrawal at Custodian system or (B) if the Transfer Agent is not participating in FAST, issue and deliver (via reputable overnight courier) to such Buyer, a certificate representing such Securities that is free from all restrictive and other legends, registered in the name of such Buyer or its designee (the date by which such credit is so required to be made to the balance account of such Buyer's or such Buyer's designee with DTC or such certificate is required to be delivered to such Buyer pursuant to the foregoing is referred to herein as the "**Required Delivery Date**", and the date such shares of Common Stock are actually delivered without restrictive legend to such Buyer or such Buyer's designee with DTC, as applicable, the "**Share Delivery Date**"). The SPAC shall be responsible for any transfer agent fees or DTC fees with respect to any issuance of Exchange Securities or the removal of any legends with respect to any Exchange Securities in accordance herewith.

(e) Failure to Timely Deliver; Buy-In. For any Buyer that has converted the Notes into Conversion Shares if the SPAC fails to, for any reason or for no reason, issue and deliver (or cause to be delivered) to a Buyer (or its designee) by the Required Delivery Date, either if the Transfer Agent is not participating in FAST, a certificate for the number of Exchange Securities to which such Buyer is entitled and register such Exchange Securities on the SPAC's share register or, if the Transfer Agent is participating in FAST, to credit the balance account of such Buyer or such Buyer's designee with DTC for such number of Exchange Securities to which such Buyer is entitled (a "**Delivery Failure**"), then, in addition to all other remedies available to such Buyer, the

SPAC shall pay in cash to such Buyer on each day after the Share Delivery Date and during such Delivery Failure an amount equal to 2% of the product of (A) the sum of the number of shares of Common Stock not issued to such Buyer on or prior to the Required Delivery Date and to which such Buyer is entitled, and (B) any trading price of the Common Stock selected by such Buyer in writing as in effect at any time during the period beginning on the Required Delivery Date and ending on the applicable Share Delivery Date. In addition to the foregoing, if on or prior to the Required Delivery Date, if the Transfer Agent is not participating in FAST, the SPAC shall fail to issue and deliver a certificate to a Buyer and register such shares of Common Stock on the SPAC's share register or, if the Transfer Agent is participating in FAST, credit the balance account of such Buyer or such Buyer's designee with DTC for the number of shares of Exchange Securities to which such Buyer is entitled, and if on or after such Trading Day such Buyer purchases (in an open market transaction or otherwise) shares of Common Stock to deliver in satisfaction of a sale by such Buyer of the Exchange Securities to which such Buyer is entitled to receive from the SPAC (a "Buy-In"), then the SPAC shall, within two (2) Trading Days after such Buyer's request and in such Buyer's discretion, either (i) pay cash to such Buyer in an amount equal to such Buyer's total purchase price (including brokerage commissions and other out-of-pocket expenses, if any, for the shares of Common Stock so purchased) (the "Buy-In Price"), at which point the SPAC's obligation to so deliver such certificate or credit such Buyer's balance account shall terminate and such shares shall be cancelled, or (ii) promptly honor its obligation to so deliver to such Buyer a certificate or certificates or credit the balance account of such Buyer or such Buyer's designee with DTC representing such number of shares of Common Stock that would have been so delivered if the SPAC timely complied with its obligations hereunder and pay cash to such Buyer in an amount equal to the excess (if any) of the Buy-In Price over the product of (A) such number of Exchange Securities that the SPAC was required to deliver to such Buyer by the Required Delivery Date multiplied by (B) the lowest Closing Sale Price (as defined in the Notes) of the Common Stock on any Trading Day during the period commencing on the Required Delivery Date and ending on the date of such delivery and payment under this clause (ii). Nothing shall limit such Buyer's right to pursue any other remedies available to it hereunder, at law or in equity, including, without limitation, a decree of specific performance and/or injunctive relief with respect to the Company's or SPAC's, as applicable, failure to timely deliver certificates representing shares of Common Stock (or to electronically deliver such shares of Common Stock) as required pursuant to the terms hereof. Notwithstanding anything herein to the contrary, with respect to any given Delivery Failure, this Section 5(e) shall not apply to the applicable Buyer to the extent the SPAC has already paid such amounts in full to such Buyer with respect to such Delivery Failure, as applicable, pursuant to the analogous sections of the Note held by such Buyer.

(f) FAST Compliance. While any Notes remain outstanding, SPAC shall maintain a transfer agent that participates in FAST.

6. CONDITIONS TO THE COMPANY'S OBLIGATION TO SELL.

The obligation of the Company hereunder to issue and sell the Notes to each Buyer at the Closing is subject to the satisfaction, at or before the Closing Date, of each of the following conditions, provided that these conditions are for the Company's sole benefit and may be waived by the Company at any time in its sole discretion by providing each Buyer with prior written notice thereof:

(a) Such Buyer shall have executed each of the other Transaction Documents to which it is a party and delivered the same to the Company.

(b) Such Buyer and each other Buyer (other than USCG) shall have delivered to the Company the Purchase Price (less, in the case of any Buyer, the amounts withheld pursuant to Section 4(g)) for the Note being purchased by such Buyer at the Closing by wire transfer of immediately available funds in accordance with the Flow of Funds Letter.

(c) USCG shall have executed the USCG Fourth Amendment pursuant to which all the rights and obligations of the parties under the Private Placement Agreement shall terminate other than certain compensation rights which survive the termination as set forth in the USCG Fourth Amendment.

(d) The representations and warranties of such Buyer shall be true and correct in all material respects as of the date when made and as of the respective Closing Date as though originally made at that time (except for representations and warranties that speak as of a specific date, which shall be true and correct as of such specific date), and such Buyer shall have performed, satisfied and complied in all material respects with the covenants, agreements and conditions required by this Agreement to be performed, satisfied or complied with by such Buyer at or prior to the respective Closing Date.

7. CONDITIONS TO EACH BUYER'S OBLIGATION TO PURCHASE.

The obligation of each Buyer hereunder to purchase its Note at the Closing is subject to the satisfaction, at or before the respective Closing Date, of each of the following conditions, provided that these conditions are for each Buyer's sole benefit and may be waived by such Buyer at any time in its sole discretion by providing the Company with prior written notice thereof:

(a) The Company and SPAC shall have duly executed and delivered to such Buyer each of the Transaction Documents to which it is a party and the Company shall have duly executed and delivered to such Buyer a Note in such original principal amount as is set forth across from such Buyer's name in column (3) of the Schedule of Buyers as being purchased by such Buyer at the Closing pursuant to this Agreement.

(b) The Company shall not have sold, leased, subleased, licensed, sublicensed, divided or otherwise disposed of any of its property or assets, including Intellectual Property, to Subsidiaries of the Company, and the Company has caused each Subsidiary to promptly transferred any Intellectual Property that it has developed or acquired at any time to the Company.

(c) The Company shall have delivered to such Buyer a certificate evidencing the formation and good standing of the Company and each of its Subsidiaries in each such entity's jurisdiction of formation issued by the Secretary of State (or comparable office) of such jurisdiction of formation as of a date within ten (10) days of the Closing Date.

(d) The Company shall have delivered to such Buyer a certificate evidencing the Company's and each Subsidiary's qualification as a foreign corporation and good standing issued by the Secretary of State (or comparable office) of each jurisdiction in which the Company and each Subsidiary conducts business and is required to so qualify, as of a date within ten (10) days of the Closing Date.

(e) The Company shall have delivered to such Buyer a certified copy of the Certificate of Incorporation as certified by the Delaware Secretary of State within ten (10) days of the Closing Date.

(f) Each Subsidiary of the Company shall have delivered to such Buyer a certified copy of its Certificate of Incorporation (or such equivalent organizational document) as certified by the Secretary of State (or comparable office) of such Subsidiary's jurisdiction of incorporation within ten (10) days of the Closing Date.

(g) The Company and each Subsidiary shall have delivered to such Buyer a certificate, in the form acceptable to such Buyer, executed by the Secretary of the Company and each Subsidiary and dated as of the Closing Date, as to (i) the resolutions consistent with Section 3(b) as adopted by the Company's and each Subsidiary's board of directors in a form reasonably acceptable to such Buyer, (ii) the Certificate of Incorporation of the Company and the organizational documents of each Subsidiary and (iii) the Bylaws of the Company and the bylaws of each Subsidiary, each as in effect at the Closing.

(h) Each and every representation and warranty of the Company and SPAC shall be true and correct as of the date when made and as of the respective Closing Date as though originally made at that time (except for representations and warranties that speak as of a specific date, which shall be true and correct as of such specific date) and each of the Company and SPAC shall have performed, satisfied and complied in all respects with the covenants, agreements and conditions required to be performed, satisfied or complied with by the Company and SPAC, as applicable, at or prior to the respective Closing Date. Such Buyer shall have received a certificate, duly executed by the Chief Executive Officer of the Company and the Chief Executive Officer of SPAC, dated as of the Closing Date, to the foregoing effect and as to such other matters as may be reasonably requested by such Buyer in the form reasonably acceptable to such Buyer.

(j) The Company shall have obtained all governmental, regulatory or third-party consents and approvals, if any, necessary for the sale of the Securities.

(k) No statute, rule, regulation, executive order, decree, ruling or injunction shall have been enacted, entered, promulgated or endorsed by any court or Governmental Entity of competent jurisdiction that prohibits the consummation of any of the transactions contemplated by the Transaction Documents.

- (o) The Collateral Agent shall have received the Security Agreement, duly executed by the Company and each of its Subsidiaries, together with the original stock certificates representing all of the equity interests and all promissory notes required to be pledged thereunder, accompanied by undated stock powers and allonges executed in blank and other proper instruments of transfer.

(v) The Company, SPAC and their respective Subsidiaries shall have delivered to such Buyer such other documents, instruments or certificates relating to the transactions contemplated by this Agreement as such Buyer or its counsel may reasonably request.

8. TERMINATION.

In the event that the Closing shall not have occurred with respect to a Buyer on or prior to the end of the business combination period set forth in the certificate of incorporation of SPAC (or such later date as the Required Holders shall specify to the Company), then such Buyer shall have the right to terminate its obligations under this Agreement with respect to itself at any time on or after the close of business on such date without liability of such Buyer to any other party; provided, however, (i) the right to terminate this Agreement under this Section 8 shall not be available to such Buyer if the failure of the transactions contemplated by this Agreement to have been consummated by such date is the result of such Buyer's breach of this Agreement and (ii) the abandonment of the sale and purchase of the Notes shall be applicable only to such Buyer providing such written notice, provided further that no such termination shall affect any obligation of the Company and SPAC under this Agreement to reimburse such Buyer for the expenses described in Section 4(g) above. Nothing contained in this Section 8 shall be deemed to release any party from any liability for any breach by such party of the terms and provisions of this Agreement or the other Transaction Documents or to impair the right of any party to compel specific performance by any other party of its obligations under this Agreement or the other Transaction Documents.

9. MISCELLANEOUS.

(a) Governing Law; Jurisdiction; Jury Trial. All questions concerning the construction, validity, enforcement and interpretation of this Agreement shall be governed by the internal laws of the State of New York, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of New York or any other jurisdictions) that would cause the application of the laws of any jurisdictions other than the State of New York. The Company hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in The City of New York, Borough of Manhattan, for the adjudication of any dispute hereunder or in connection herewith or under any of the other Transaction Documents or with any transaction contemplated hereby or thereby, and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper. Each party hereby irrevocably waives personal service

of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof to such party at the address for such notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any manner permitted by law. Nothing contained herein shall be deemed or operate to preclude any Buyer from bringing suit or taking other legal action against the Company in any other jurisdiction to collect on the Company's obligations to such Buyer or to enforce a judgment or other court ruling in favor of such Buyer. **EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO, AND AGREES NOT TO REQUEST, A JURY TRIAL FOR THE ADJUDICATION OF ANY DISPUTE HEREUNDER OR UNDER ANY OTHER TRANSACTION DOCUMENT OR IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT, ANY OTHER TRANSACTION DOCUMENT OR ANY TRANSACTION CONTEMPLATED HEREBY OR THEREBY.**

(b) Counterparts. This Agreement may be executed in two or more identical counterparts, all of which shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to the other party. In the event that any signature is delivered by facsimile transmission or by an e-mail which contains a portable document format (.pdf) file of an executed signature page, such signature page shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such signature page were an original thereof.

(c) Headings; Gender. The headings of this Agreement are for convenience of reference and shall not form part of, or affect the interpretation of, this Agreement. Unless the context clearly indicates otherwise, each pronoun herein shall be deemed to include the masculine, feminine, neuter, singular and plural forms thereof. The terms "including," "includes," "include" and words of like import shall be construed broadly as if followed by the words "without limitation." The terms "herein," "hereunder," "hereof" and words of like import refer to this entire Agreement instead of just the provision in which they are found.

(d) Severability; Maximum Payment Amounts. If any provision of this Agreement is prohibited by law or otherwise determined to be invalid or unenforceable by a court of competent jurisdiction, the provision that would otherwise be prohibited, invalid or unenforceable shall be deemed amended to apply to the broadest extent that it would be valid and enforceable, and the invalidity or unenforceability of such provision shall not affect the validity of the remaining provisions of this Agreement so long as this Agreement as so modified continues to express, without material change, the original intentions of the parties as to the subject matter hereof and the prohibited nature, invalidity or unenforceability of the provision(s) in question does not substantially impair the respective expectations or reciprocal obligations of the parties or the practical realization of the benefits that would otherwise be conferred upon the parties. The parties will endeavor in good faith negotiations to replace the prohibited, invalid or unenforceable provision(s) with a valid provision(s), the effect of which comes as close as possible to that of the prohibited, invalid or unenforceable provision(s). Notwithstanding anything to the contrary contained in this Agreement or any other Transaction Document (and without implication that the following is required or applicable), it is the intention of the parties that in no event shall amounts and value paid by the Company, SPAC and/or any of their respective Subsidiaries (as the case may be), or payable to or received by any of the Buyers, under the Transaction Documents (including

without limitation, any amounts that would be characterized as "interest" under applicable law) exceed amounts permitted under any applicable law. Accordingly, if any obligation to pay, payment made to any Buyer, or collection by any Buyer pursuant the Transaction Documents is finally judicially determined to be contrary to any such applicable law, such obligation to pay, payment or collection shall be deemed to have been made by mutual mistake of such Buyer, the Company, SPAC and their respective Subsidiaries and such amount shall be deemed to have been adjusted with retroactive effect to the maximum amount or rate of interest, as the case may be, as would not be so prohibited by the applicable law. Such adjustment shall be effected, to the extent necessary, by reducing or refunding, at the option of such Buyer, the amount of interest or any other amounts which would constitute unlawful amounts required to be paid or actually paid to such Buyer under the Transaction Documents. For greater certainty, to the extent that any interest, charges, fees, expenses or other amounts required to be paid to or received by such Buyer under any of the Transaction Documents or related thereto are held to be within the meaning of "interest" or another applicable term to otherwise be violative of applicable law, such amounts shall be pro-rated over the period of time to which they relate.

(e) Entire Agreement; Amendments. This Agreement, the other Transaction Documents and the schedules and exhibits attached hereto and thereto and the instruments referenced herein and therein supersede all other prior oral or written agreements between the Buyers, the Company, SPAC, their respective Subsidiaries, their affiliates and Persons acting on their behalf, including, without limitation, any transactions by any Buyer with respect to Common Stock or the Securities, and the other matters contained herein and therein, and this Agreement, the other Transaction Documents, the schedules and exhibits attached hereto and thereto and the instruments referenced herein and therein contain the entire understanding of the parties solely with respect to the matters covered herein and therein; provided, however, nothing contained in this Agreement or any other Transaction Document shall (or shall be deemed to) (i) have any effect on any agreements any Buyer has entered into with, or any instruments any Buyer has received from, the Company, SPAC or any of their respective Subsidiaries prior to the date hereof with respect to any prior investment made by such Buyer in the Company or (ii) waive, alter, modify or amend in any respect any obligations of the Company, SPAC or any of their respective Subsidiaries, or any rights of or benefits to any Buyer or any other Person, in any agreement entered into prior to the date hereof between or among the Company, SPAC and/or any of their respective Subsidiaries and any Buyer, or any instruments any Buyer received from the Company, SPAC and/or any of their respective Subsidiaries prior to the date hereof, and all such agreements and instruments shall continue in full force and effect. Except as specifically set forth herein or therein, neither the Company, nor SPAC, nor any Buyer makes any representation, warranty, covenant or undertaking with respect to such matters. For clarification purposes, the Recitals are part of this Agreement. No provision of this Agreement may be amended other than by an instrument in writing signed by the Company, SPAC and the Required Holders (as defined below), and any amendment to any provision of this Agreement made in conformity with the provisions of this Section 9(d) shall be binding on all Buyers and holders of Securities, as applicable; provided that no such amendment shall be effective to the extent that it (A) applies to less than all of the holders of the Securities then outstanding or (B) imposes any obligation or liability on any Buyer without such Buyer's prior written consent (which may be granted or withheld in such Buyer's sole discretion); and provided further that the provisions of Sections 4(v) and 4(w) above cannot be amended or waived without the additional prior written approval of the Collateral Agent or its successor. No waiver shall be effective unless it is in writing and signed by an authorized

representative of the waiving party, provided that the Required Holders may waive any provision of this Agreement, and any waiver of any provision of this Agreement made in conformity with the provisions of this Section 9(d) shall be binding on all Buyers and holders of Securities, as applicable, provided that no such waiver shall be effective to the extent that it (1) applies to less than all of the holders of the Securities then outstanding (unless a party gives a waiver as to itself only) or (2) imposes any obligation or liability on any Buyer without such Buyer's prior written consent (which may be granted or withheld in such Buyer's sole discretion). No consideration (other than reimbursement of legal fees) shall be offered or paid to any Person to amend or consent to a waiver or modification of any provision of any of the Transaction Documents unless the same consideration also is offered to all of the parties to the Transaction Documents, all holders of the Notes. From the date hereof and while any Notes are outstanding, the Company and SPAC shall not be permitted to receive any consideration from a Buyer or a holder of Notes that is not otherwise contemplated by the Transaction Documents in order to, directly or indirectly, induce the Company, SPAC or any Subsidiary (i) to treat such Buyer or holder of Notes in a manner that is more favorable than to other similarly situated Buyers or holders of Notes, or (ii) to treat any Buyer(s) or holder(s) of Notes in a manner that is less favorable than the Buyer or holder of Notes that is paying such consideration; provided, however, that the determination of whether a Buyer has been treated more or less favorably than another Buyer shall disregard any securities of the Company purchased or sold by any Buyer. Each of the Company and SPAC has not, directly or indirectly, made any agreements with any Buyers relating to the terms or conditions of the transactions contemplated by the Transaction Documents except as set forth in the Transaction Documents. Without limiting the foregoing, each of the Company and SPAC confirms that, except as set forth in this Agreement, no Buyer has made any commitment or promise or has any other obligation to provide any financing to the Company, SPAC, any Subsidiary or otherwise (other than the Non-Redemption Agreements and Subscription Agreements entered into concurrently herewith). As a material inducement for each Buyer to enter into this Agreement, each of the Company and SPAC expressly acknowledges and agrees that (x) no due diligence or other investigation or inquiry conducted by a Buyer, any of its advisors or any of its representatives shall affect such Buyer's right to rely on, or shall modify or qualify in any manner or be an exception to any of, the Company's and SPAC's representations and warranties contained in this Agreement or any other Transaction Document and (y) unless a provision of this Agreement or any other Transaction Document is expressly preceded by the phrase "except as disclosed in the SEC Documents," nothing contained in any of the SEC Documents shall affect such Buyer's right to rely on, or shall modify or qualify in any manner or be an exception to any of, the Company's or SPAC's representations and warranties contained in this Agreement or any other Transaction Document. "Required Holders" means (I) prior to the Closing Date, each Buyer entitled to purchase Notes at the Closing and (II) on or after the Closing Date, holders of a majority of the Registrable Securities as of such time (excluding any Registrable Securities held by the Company or any of its Subsidiaries as of such time) issued or issuable hereunder or pursuant to the Notes or (B) the Buyers, with respect to any waiver or amendment of Section 4(o) above; provided, that such majority must include Meteora Capital Partners, LP.

(f) Notices. Any notices, consents, waivers or other communications required or permitted to be given under the terms of this Agreement must be in writing and will be deemed to have been delivered: (i) upon receipt, when delivered personally; (ii) upon receipt, when sent by electronic mail (provided that such sent email is kept on file (whether electronically or otherwise) by the sending party and the sending party does not receive an automatically generated message from the recipient's email server that such e-mail could not be delivered to such recipient); or (iii) one (1) Business Day after deposit with an overnight courier service with next day delivery specified, in each case, properly addressed to the party to receive the same. The mailing addresses and e-mail addresses for such communications shall be:

Written confirmation of receipt (A) given by the recipient of such notice, consent, waiver or other communication, (B) mechanically or electronically generated by the sender's e-mail containing the time, date and recipient's e-mail or (C) provided by an overnight courier service shall be rebuttable evidence of personal service, receipt by e-mail or receipt from an overnight courier service in accordance with clause (i), (ii) or (iii) above, respectively.

(g) Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns, including any purchasers of any of the Notes. Neither the Company nor SPAC shall assign this Agreement or any rights or obligations hereunder without the prior written consent of the Required Holders, including, without limitation, by way of a Fundamental Transaction (as defined in the Notes) (unless the Company and SPAC is in compliance with the applicable provisions governing Fundamental Transactions set forth in the Notes). Notwithstanding the foregoing, the Company and the SPAC may effectuate the Business Combination. A Buyer may assign some or all of its rights hereunder in connection with any transfer of any of its Securities without the consent of the Company, in which event such assignee shall be deemed to be a Buyer hereunder with respect to such assigned rights.

(h) No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective permitted successors and assigns, and is not for the benefit of, nor may any provision hereof be enforced by, any other Person, other than the Indemnitees referred to in Section 9(k) below.

(i) Survival. The representations, warranties, agreements and covenants shall survive the Closing. Each Buyer shall be responsible only for its own representations, warranties, agreements and covenants hereunder.

(j) Further Assurances. Each party shall do and perform, or cause to be done and performed, all such further acts and things, and shall execute and deliver all such other agreements, certificates, instruments and documents, as any other party may reasonably request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.

(k) Indemnification. In consideration of each Buyer's execution and delivery of the Transaction Documents and acquiring the Securities thereunder and in addition to all of the Company's and SPAC's other obligations under the Transaction Documents, the Company and SPAC shall defend, protect, indemnify and hold harmless each Buyer and each holder of any Securities and all of their stockholders, partners, members, officers, directors, employees and direct or indirect investors and any of the foregoing Persons' agents or other representatives (including, without limitation, those retained in connection with the transactions contemplated by this Agreement) (collectively, the "**Indemnitees**") from and against any and all actions, causes of action, suits, claims, losses, costs, penalties, fees, liabilities and damages, and expenses in connection therewith (irrespective of whether any such Indemnitee is a party to the action for which indemnification hereunder is sought), and including reasonable attorneys' fees and disbursements (the "**Indemnified Liabilities**"), incurred by any Indemnitee as a result of, or arising out of, or relating to (i) any misrepresentation or breach of any representation or warranty made by the Company, SPAC or any of their respective Subsidiaries in any of the Transaction Documents, (ii) any breach of any covenant, agreement or obligation of the Company, SPAC or any Subsidiary contained in any of the Transaction Documents or (iii) any cause of action, suit, proceeding or claim brought or made against such Indemnitee by a third party (including for these purposes a derivative action brought on behalf of the Company, SPAC or any Subsidiary) or which otherwise involves such Indemnitee that arises out of or results from (A) the execution, delivery, performance or enforcement of any of the Transaction Documents, (B) any transaction financed or to be financed in whole or in part, directly or indirectly, with the proceeds of the issuance of the Securities, (C) any disclosure properly made by such Buyer pursuant to Section 4(i), or (D) the status of such Buyer or holder of the Securities either as an investor in the Company pursuant to the transactions contemplated by the Transaction Documents or as a party to this Agreement (including, without limitation, as a party in interest or otherwise in any action or proceeding for injunctive or other equitable relief). To the extent that the foregoing undertaking by the Company or SPAC may be unenforceable for any reason, the Company and SPAC, jointly and severally, shall make the maximum contribution to the payment and satisfaction of each of the Indemnified Liabilities which is permissible under applicable law. Except as otherwise set forth herein, the mechanics and procedures with respect to the rights and obligations under this Section 9(k) shall be the same as those set forth in Section 6 of the Registration Rights Agreement.

(l) Construction. The language used in this Agreement will be deemed to be the language chosen by the parties to express their mutual intent, and no rules of strict construction will be applied against any party. No specific representation or warranty shall limit the generality or applicability of a more general representation or warranty. Each and every reference to share prices, shares of Common Stock and any other numbers in this Agreement that relate to the Common Stock shall be automatically adjusted for any stock splits, stock dividends, stock combinations, recapitalizations or other similar transactions that occur with respect to the Common Stock after the date of this Agreement. Notwithstanding anything in this Agreement to the contrary, for the avoidance of doubt, nothing contained herein shall constitute a representation or warranty against, or a prohibition of, any actions with respect to the borrowing of, arrangement to borrow, identification of the availability of, and/or securing of, securities of the Company in order for such Buyer (or its broker or other financial representative) to effect short sales or similar transactions in the future.

(m) Remedies. Each Buyer and in the event of assignment by Buyer of its rights and obligations hereunder, each holder of Securities, shall have all rights and remedies set forth in the Transaction Documents and all rights and remedies which such holders have been granted at any time under any other agreement or contract and all of the rights which such holders have under any law. Any Person having any rights under any provision of this Agreement shall be entitled to enforce such rights specifically (without posting a bond or other security), to recover damages by reason of any breach of any provision of this Agreement and to exercise all other rights granted by law. Furthermore, each of the Company and SPAC recognizes that in the event that it or any Subsidiary fails to perform, observe, or discharge any or all of its or such Subsidiary's (as the case may be) obligations under the Transaction Documents, any remedy at law would be inadequate relief to the Buyers. Each of the Company and SPAC therefore agrees that the Buyers shall be entitled to specific performance and/or temporary, preliminary and permanent injunctive or other equitable relief from any court of competent jurisdiction in any such case without the necessity of proving actual damages and without posting a bond or other security. The remedies provided in this Agreement and the other Transaction Documents shall be cumulative and in addition to all other remedies available under this Agreement and the other Transaction Documents, at law or in equity (including a decree of specific performance and/or other injunctive relief).

(n) Withdrawal Right. Notwithstanding anything to the contrary contained in (and without limiting any similar provisions of) the Transaction Documents, whenever any Buyer exercises a right, election, demand or option under a Transaction Document and the Company, SPAC or any Subsidiary does not timely perform its related obligations within the periods therein provided, then such Buyer may rescind or withdraw, in its sole discretion from time to time upon written notice to the Company, SPAC or such Subsidiary (as the case may be), any relevant notice, demand or election in whole or in part without prejudice to its future actions and rights.

(o) Payment Set Aside: Currency. To the extent that the Company or SPAC makes a payment or payments to any Buyer hereunder or pursuant to any of the other Transaction Documents or any of the Buyers enforce or exercise their rights hereunder or thereunder, and such payment or payments or the proceeds of such enforcement or exercise or any part thereof are subsequently invalidated, declared to be fraudulent or preferential, set aside, recovered from, disgorged by or are required to be refunded, repaid or otherwise restored to the Company, SPAC, a trustee, receiver or any other Person under any law (including, without limitation, any bankruptcy law, foreign, state or federal law, common law or equitable cause of action), then to the extent of any such restoration the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such enforcement or setoff had not occurred. Unless otherwise expressly indicated, all dollar amounts referred to in this Agreement and the other Transaction Documents are in United States Dollars

("U.S. Dollars"), and all amounts owing under this Agreement and all other Transaction Documents shall be paid in U.S. Dollars. All amounts denominated in other currencies (if any) shall be converted into the U.S. Dollar equivalent amount in accordance with the Exchange Rate on the date of calculation. "Exchange Rate" means, in relation to any amount of currency to be converted into U.S. Dollars pursuant to this Agreement, the U.S. Dollar exchange rate as published in the Wall Street Journal on the relevant date of calculation.

(p) Judgment Currency

(i) If for the purpose of obtaining or enforcing judgment against the Company or SPAC in connection with this Agreement or any other Transaction Document in any court in any jurisdiction it becomes necessary to convert into any other currency (such other currency being hereinafter in this Section 9(p) referred to as the "Judgment Currency") an amount due in US Dollars under this Agreement, the conversion shall be made at the Exchange Rate prevailing on the Trading Day immediately preceding:

(1) the date actual payment of the amount due, in the case of any proceeding in the courts of New York or in the courts of any other jurisdiction that will give effect to such conversion being made on such date; or

(2) the date on which the foreign court determines, in the case of any proceeding in the courts of any other jurisdiction (the date as of which such conversion is made pursuant to this Section 9(p)(i)(2) being hereinafter referred to as the "Judgment Conversion Date").

(ii) If in the case of any proceeding in the court of any jurisdiction referred to in Section 9(p)(i)(2) above, there is a change in the Exchange Rate prevailing between the Judgment Conversion Date and the date of actual payment of the amount due, the applicable party shall pay such adjusted amount as may be necessary to ensure that the amount paid in the Judgment Currency, when converted at the Exchange Rate prevailing on the date of payment, will produce the amount of US Dollars which could have been purchased with the amount of Judgment Currency stipulated in the judgment or judicial order at the Exchange Rate prevailing on the Judgment Conversion Date.

(iii) Any amount due from the Company or SPAC under this provision shall be due as a separate debt and shall not be affected by judgment being obtained for any other amounts due under or in respect of this Agreement or any other Transaction Document.

(q) Independent Nature of Buyers' Obligations and Rights The obligations of each Buyer under the Transaction Documents are several and not joint with the obligations of any other Buyer, and no Buyer shall be responsible in any way for the performance of the obligations of any other Buyer under any Transaction Document. Nothing contained herein or in any other Transaction Document, and no action taken by any Buyer pursuant hereto or thereto, shall be deemed to constitute the Buyers as, and each of the Company and SPAC acknowledges that the Buyers do not so constitute, a partnership, an association, a joint venture or any other kind of group or entity, or create a presumption that the Buyers are in any way acting in concert or as a group or entity, and neither the Company nor SPAC shall assert any such claim with respect to such

obligations or the transactions contemplated by the Transaction Documents or any matters, and each of the Company and SPAC acknowledges that the Buyers are not acting in concert or as a group, and neither the Company nor SPAC shall assert any such claim, with respect to such obligations or the transactions contemplated by the Transaction Documents. The decision of each Buyer to purchase Securities pursuant to the Transaction Documents has been made by such Buyer independently of any other Buyer. Each Buyer acknowledges that no other Buyer has acted as agent for such Buyer in connection with such Buyer making its investment hereunder and that no other Buyer will be acting as agent of such Buyer in connection with monitoring such Buyer's investment in the Securities or enforcing its rights under the Transaction Documents. The Company, SPAC and each Buyer confirms that each Buyer has independently participated with the Company, SPAC and their respective Subsidiaries in the negotiation of the transaction contemplated hereby with the advice of its own counsel and advisors. Each Buyer shall be entitled to independently protect and enforce its rights, including, without limitation, the rights arising out of this Agreement or out of any other Transaction Documents, and it shall not be necessary for any other Buyer to be joined as an additional party in any proceeding for such purpose. The use of a single agreement to effectuate the purchase and sale of the Securities contemplated hereby was in the control of the Company and SPAC, not the action or decision of any Buyer, and was done solely for the convenience of the Company, SPAC and their respective Subsidiaries and not because it was required or requested to do so by any Buyer. It is expressly understood and agreed that each provision contained in this Agreement and in each other Transaction Document is between the Company, SPAC, each Subsidiary and a Buyer, solely, and not between the Company, SPAC, their respective Subsidiaries and the Buyers collectively and not between and among the Buyers.

QT IMAGING, INC.

SENIOR SECURED CONVERTIBLE NOTE

Issuance Date: [•] 2023__

Original Principal Amount: U.S. \$[•]

FOR VALUE RECEIVED, QT Imaging, Inc., a Delaware corporation (the "**Company**"), hereby promises to pay to the order of [BUYER] or its registered assigns ("**Holder**") the amount set forth above as the Original Principal Amount (as reduced pursuant to the terms hereof pursuant to redemption, conversion or otherwise, the "**Principal**") when due, whether upon the Maturity Date, or upon acceleration, redemption or otherwise (in each case in accordance with the terms hereof) from the date set forth above as the Issuance Date (the "**Issuance Date**") until the same becomes due and payable, whether upon the Maturity Date or upon acceleration, conversion, redemption or otherwise (in each case in accordance with the terms hereof). This Senior Secured Convertible Note (including all Senior Secured Convertible Notes issued in exchange, transfer or replacement hereof, this "**Note**") is one of an issue of Senior Secured Convertible Notes issued pursuant to the Securities Purchase Agreement, dated as of November [], 2023 (the "**Subscription Date**"), by and among the Company and the investors (the "**Buyers**") referred to therein, as amended from time to time (collectively, the "**Notes**"), and such other Senior Secured Convertible Notes, the "**Other Notes**"). Certain capitalized terms used herein are defined in Section 33.

1. PAYMENTS OF PRINCIPAL. On the Maturity Date, the Holder may demand the Company to pay to the Holder in immediately available funds an amount equal to (a) the Principal, *multiplied by* (b) 120%. Any demand by the Holder pursuant to this Section 1 to be paid in cash shall be made in writing to the Company no later than two (2) Business Days prior to the Maturity Date. Other than as specifically permitted by this Note, the Company may not prepay any portion of the outstanding Principal, or accrued and unpaid Late Charges on Principal, if any.

2. RESERVED.

3. CONVERSION OF NOTES. On the Maturity Date, if Holder fails to elect the cash repayment pursuant to Section 1, this Note shall automatically convert into validly issued, fully paid and non-assessable shares of Common Stock of the Company (as defined below), on the terms and conditions set forth in this Section 3.

(a) Automatic Conversion. Subject to the provisions of Section 3(c), on the Maturity Date (the "**Conversion Date**"), immediately prior to the closing of the Business Combination, the outstanding and unpaid Conversion Amount (as defined below) shall automatically be converted (without tendering the original Note to the Company) into validly issued, fully paid and non-assessable shares of Common Stock of the Company in accordance with Section 3(b). The Company shall not issue any fraction of a share of Common Stock upon any conversion. If the issuance would result in the issuance of a fraction of a share of Common Stock, the Company shall round such fraction of a share of Common Stock up to the nearest whole share. The Company shall pay any and all transfer, stamp, issuance and similar taxes, costs and expenses (including, without limitation, fees and expenses of the transfer agent, if applicable) that may be payable with respect to the issuance and delivery of Common Stock upon conversion of any Conversion Amount.

(b) Conversion. Upon conversion of the Conversion Amount pursuant to Section 3(a), a Holder whose Note is converting shall receive the number of shares of Common Stock of the Company as is determined by dividing (x) the number of shares of the Allocated GigCapital5 Common Stock by (y) the Exchange Ratio (as defined in the Merger Agreement) (the "**Conversion Shares**"), such that at the Business Combination Closing, the Holder will receive that consideration provided for in the Merger Agreement that a holder of the Company's shares of Common Stock is entitled to receive pursuant to the Merger Agreement, including that number of shares of Allocated GigCapital5 Common Stock.

(i) "**Conversion Amount**" means the sum of (A) the portion of the Principal of this Note to be converted, redeemed or otherwise with respect to which this determination is being made, (B) accrued and unpaid Late Charges with respect to such Principal of this Note, and (C) any other unpaid amounts pursuant to the Transaction Documents, if any.

(ii) "**Allocated GigCapital5 Common Stock**" means that number of shares of Common Stock of SPAC equal to the result of (A) the Conversion Amount, divided by (B) \$2.00, on a post-Business Combination (as defined in the Securities Purchase Agreement) basis.

(c) Mechanics of Conversion.

(i) Conversion. In the event that the Note is automatically converted into shares of Common Stock of the Company pursuant to this Section 3, the Company shall record on its stock ledger the issuance of the Common Stock immediately prior to the Business Combination Closing. On or before the second (2nd) Trading Day following the Business Combination Closing (the “**Share Delivery Deadline**”), the Company shall cause the SPAC to (1) provided that the Transfer Agent is participating in FAST, credit such aggregate number of shares of Common Stock of the SPAC to which the Holder shall be entitled pursuant to the terms of the Merger Agreement to the Holder’s or its designee’s balance account with DTC through its Deposit/Withdrawal at Custodian system or (2) if the Transfer Agent is not participating in FAST, upon the request of the Holder, issue and deliver (via reputable overnight courier) to the address as specified by the Holder, a certificate, registered in the name of the Holder or its designee, for the number of shares of Common Stock to which the Holder shall be entitled pursuant to the terms of the Merger Agreement. The Person or Persons entitled to receive the shares of Common Stock issuable upon conversion of this Note shall be treated for all purposes as the record holder or holders of such shares of Common Stock on the Conversion Date. Notwithstanding anything to the contrary contained in this Note, the Company shall cause the Transfer Agent to deliver unlegended shares of Common Stock of the SPAC to the Holder (or its designee) in connection with any sale of the shares of Common Stock.

(ii) SPAC’s Failure to Timely Deliver. If the Company shall fail to cause SPAC, for any reason or for no reason, on or prior to the Share Delivery Deadline, either if the Transfer Agent is not participating in FAST, to issue and deliver to the Holder (or its designee) a certificate for the number of shares of Common Stock of SPAC to which the Holder is entitled and register such shares of Common Stock of SPAC on the SPAC’s share register or, if the Transfer Agent is participating in FAST, to credit the balance account of the Holder or the Holder’s designee with DTC for such number of shares of Common Stock of SPAC to which the Holder is entitled pursuant to the terms of the Merger Agreement (as the case may be) (a “**Conversion Failure**”), then, in addition to all other remedies available to the Holder, the Company shall cause the SPAC to pay in cash to the Holder on each day after such Share Delivery Deadline that the issuance of such shares of Common Stock of the SPAC is not timely effected an amount equal to 2% of the product of (A) the sum of the number of shares of Common Stock of the SPAC not issued to the Holder on or prior to the Share Delivery Deadline and to which the Holder is entitled, multiplied by (B) any trading price of the Common Stock selected by the Holder in writing as in effect at any time during the period beginning on the Required Delivery Date and ending on the Share Delivery Date. In addition to the foregoing, if on or prior to the Share Delivery Deadline if the Transfer Agent is not participating in FAST, the Company shall fail to cause the SPAC to issue and deliver to the Holder (or its designee) a certificate and register such shares of Common Stock of the SPAC on the SPAC’s share register or, if the Transfer Agent is participating in FAST, the Transfer Agent shall fail to credit the balance account of the Holder or the Holder’s designee with DTC for the number of shares of Common Stock of SPAC to which the Holder is entitled pursuant to the terms of the Merger

Agreement or pursuant to the Company's obligation pursuant to clause (II) below, and if on or after such Share Delivery Deadline the Holder acquires (in an open market transaction, stock loan or otherwise) shares of Common Stock of SPAC corresponding to all or any portion of the number of shares of Common Stock of SPAC that the Holder is entitled to receive from the SPAC pursuant to the Merger Agreement and has not received from the SPAC in connection with such Conversion Failure (a "**Buy-In**"), then, in addition to all other remedies available to the Holder, the Company shall cause the SPAC to, within two (2) Trading Days after receipt of the Holder's request and in the Holder's discretion, either: (I) pay cash to the Holder in an amount equal to the Holder's total purchase price (including brokerage commissions, stock loan costs and other out-of-pocket expenses, if any) for the shares of Common Stock of SPAC so acquired (including, without limitation, by any other Person in respect, or on behalf, of the Holder) (the "**Buy-In Price**"), at which point the SPAC's obligation to so issue and deliver such certificate (and to issue such shares of Common Stock of SPAC) or credit the balance account of such Holder or such Holder's designee, as applicable, with DTC for the number of shares of Common Stock of SPAC to which the Holder is entitled upon the Holder's conversion hereunder and the Business Combination Closing (and to issue such shares of Common Stock of SPAC) shall terminate, or (II) promptly honor its obligation to so issue and deliver to the Holder a certificate or certificates representing such shares of Common Stock of SPAC or credit the balance account of such Holder or such Holder's designee, as applicable, with DTC for the number of shares of Common Stock of SPAC to which the Holder is entitled upon the Holder's conversion hereunder and the Business Combination Closing and pay cash to the Holder in an amount equal to the excess (if any) of the Buy-In Price over the product of (x) such number of shares of Common Stock of SPAC that the Company was required to cause SPAC to deliver to such Buyer by the Share Delivery Deadline multiplied by (y) the lowest Closing Sale Price of the Common Stock of the SPAC on any Trading Day during the period commencing on the Conversion Date and ending on the date of such issuance and payment under this clause (II) (the "**Buy-In Payment Amount**"). Nothing shall limit the Holder's right to pursue any other remedies available to it hereunder, at law or in equity, including, without limitation, a decree of specific performance and/or injunctive relief with respect to the Company's failure to timely deliver certificates representing shares of Common Stock (or to electronically deliver such shares of Common Stock) upon the conversion of this Note as required pursuant to the terms hereof.

(iii) Registration; Book-Entry. The Company shall maintain a register (the "**Register**") for the recordation of the names and addresses of the holders of each Note and the principal amount of the Notes held by such holders (the "**Registered Notes**"). The entries in the Register shall be conclusive and binding for all purposes absent manifest error. The Company and the holders of the Notes shall treat each Person whose name is recorded in the Register as the owner of a Note for all purposes (including, without limitation, the right to receive payments of Principal hereunder) notwithstanding notice to the contrary. A Registered Note may be assigned, transferred or sold in whole or in part only by registration of such assignment or sale on the Register. Upon its receipt of a written request to assign, transfer or sell all or part of any Registered Note by the holder thereof, the Company shall record the information

contained therein in the Register and issue one or more new Registered Notes in the same aggregate principal amount as the principal amount of the surrendered Registered Note to the designated assignee or transferee pursuant to Section 20, provided that if the Company does not so record an assignment, transfer or sale (as the case may be) of all or part of any Registered Note within two (2) Business Days of such a request, then the Register shall be automatically deemed updated to reflect such assignment, transfer or sale (as the case may be).

(d) Limitations on Conversions. The Company shall not effect the conversion of any portion of this Note to the extent that after giving effect to such conversion, the Holder together with the other Attribution Parties collectively would beneficially own immediately after giving effect to such conversion and the subsequent issuance of shares of Common Stock of SPAC upon the Business Combination Closing in excess of 4.99% (the "**Maximum Percentage**") of the shares of Common Stock of SPAC that will be outstanding upon the Business Combination Closing. For purposes of the foregoing sentence, the aggregate number of shares of Common Stock of SPAC beneficially owned by the Holder and the other Attribution Parties shall include the number of shares of Common Stock of SPAC (including as a result of the Business Combination Closing) held by the Holder and all other Attribution Parties plus the number of shares of Common Stock of SPAC issuable upon conversion of this Note and the subsequent issuance of Common Stock of SPAC upon the Business Combination Closing) with respect to which the determination of such sentence is being made. For purposes of this Section 3(d), beneficial ownership shall be calculated in accordance with Section 13(d) of the 1934 Act. If the Conversion occurs at a time when the actual number of outstanding shares of Common Stock is less than the outstanding share number, the Company shall notify the Holder in writing of the number of shares of Common Stock of SPAC that will be outstanding upon the Business Combination Closing. For any reason at any time, upon the written or oral request of the Holder, the SPAC shall within one (1) Business Day confirm orally and in writing or by electronic mail to the Holder the number of shares of Common Stock of SPAC that will be outstanding upon the Business Combination Closing. In any case, the number of outstanding shares of Common Stock of SPAC shall be determined after giving effect to the conversion or exercise of securities of the Company, including this Note, by the Holder and any other Attribution Party and the issuance of shares of Common Stock of SPAC pursuant to the terms of the Merger Agreement. In the event that the issuance of shares of Common Stock of SPAC to the Holder upon conversion of this Note and in accordance with the terms of the Merger Agreement results in the Holder and the other Attribution Parties being deemed to beneficially own, in the aggregate, more than the Maximum Percentage of the number of outstanding shares of Common Stock of SPAC (as determined under Section 13(d) of the 1934 Act), the number of shares so issued by which the Holder's and the other Attribution Parties' aggregate beneficial ownership exceeds the Maximum Percentage (the "**Excess Shares**") shall be deemed null and void and shall be cancelled ab initio, and the Holder shall not have the power to vote or to transfer the Excess Shares. Upon delivery of a written notice to the Company, the Holder may from time to time increase (with such increase not effective until the sixty-first (61st) day after delivery of such notice) or decrease the Maximum Percentage to any other percentage not in excess of 9.99% as specified in such notice; provided that (i) any such increase in the Maximum Percentage will not be effective until the sixty-first (61st) day after such notice is delivered

to the Company and (ii) any such increase or decrease will apply only to the Holder and the other Attribution Parties and not to any other holder of Notes that is not an Attribution Party of the Holder. For purposes of clarity, the shares of Common Stock issuable pursuant to the terms of this Note in excess of the Maximum Percentage shall not be deemed to be beneficially owned by the Holder for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the 1934 Act. No prior inability to convert this Note pursuant to this paragraph shall have any effect on the applicability of the provisions of this paragraph with respect to any subsequent determination of convertibility. The provisions of this paragraph shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Section 3(d) to the extent necessary to correct this paragraph (or any portion of this paragraph) which may be defective or inconsistent with the intended beneficial ownership limitation contained in this Section 3(d) or to make changes or supplements necessary or desirable to properly give effect to such limitation. The limitation contained in this paragraph may not be waived and shall apply to a successor holder of this Note.

4. **RIGHTS UPON EVENT OF DEFAULT.**

(a) **Event of Default.** Each of the following events shall constitute an “**Event of Default**”, the event in clause (i) shall constitute a “**Listing Failure Event of Default**”, each of the events in clauses (vi), (vii) and (viii) shall constitute a “**Bankruptcy Event of Default**”, and the event in clause (xiv) shall constitute a “**Business Combination Termination Event of Default**”:

(i) the failure of the Common Stock of SPAC to be approved for trading and listing on an Eligible Market prior to consummation of the Business Combination;

(ii) the Company’s (A) failure to cure a Conversion Failure by delivery of the required number of shares of Common Stock within five (5) Trading Days after the Conversion Date or (B) notice, written or oral, to any holder of the Notes, including, without limitation, by way of public announcement or through any of its agents, at any time, of its intention not to comply, as required, with a request for conversion of any Notes into shares of Common Stock that is requested in accordance with the provisions of the Notes, other than pursuant to Section 3(c);

(iii) except to the extent the Company is in compliance with Section 12(b) below, at any time following the tenth (10th) consecutive day that the Holder’s Authorized Share Allocation (as defined in Section 12(a) below) is less than the number of shares of Common Stock that the Holder would be entitled to receive upon a conversion of the full Conversion Amount of this Note (without regard to any limitations on conversion set forth in Section 3(c) or otherwise);

(iv) the Company’s or any Subsidiary’s failure to pay to the Holder any amount of Principal, Late Charges or other amounts when and as due under this Note (including, without limitation, the Company’s or any Subsidiary’s failure to pay any redemption payments or amounts hereunder) or any other Transaction Document (as defined in the Securities Purchase Agreement) or any other agreement, document, certificate or other instrument delivered in connection with the transactions contemplated hereby and thereby, except, in the case of a failure to pay Late Charges when and as due, in which case only if such failure remains uncured for a period of at least two (2) Trading Days;

(v) the Company fails to remove any restrictive legend on any certificate or any shares of Common Stock issued to the Holder upon conversion or exercise (as the case may be) of any Securities (as defined in the Securities Purchase Agreement) acquired by the Holder under the Securities Purchase Agreement (including this Note) as and when required by such Securities or the Securities Purchase Agreement, unless otherwise then prohibited by applicable federal securities laws, and any such failure remains uncured for at least five (5) days;

(vi) the occurrence of any default under, redemption of or acceleration prior to maturity of at least an aggregate of \$250,000 of Indebtedness (as defined in the Securities Purchase Agreement) of the Company or any of its Subsidiaries, other than with respect to any Other Notes;

(vii) bankruptcy, insolvency, reorganization or liquidation proceedings or other proceedings for the relief of debtors shall be instituted by or against the Company, SPAC or any Subsidiary and, if instituted against the Company, SPAC or any Subsidiary by a third party, shall not be dismissed within thirty (30) days of their initiation;

(viii) the commencement by the Company, SPAC or any Subsidiary of a voluntary case or proceeding under any applicable federal, state or foreign bankruptcy, insolvency, reorganization or other similar law or of any other case or proceeding to be adjudicated a bankrupt or insolvent, or the consent by it to the entry of a decree, order, judgment or other similar document in respect of the Company, SPAC or any Subsidiary in an involuntary case or proceeding under any applicable federal, state or foreign bankruptcy, insolvency, reorganization or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against it, or the filing by it of a petition or answer or consent seeking reorganization or relief under any applicable federal, state or foreign law, or the consent by it to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official of the Company, SPAC or any Subsidiary or of any substantial part of its property, or the making by it of an assignment for the benefit of creditors, or the execution of a composition of debts, or the occurrence of any other similar federal, state or foreign proceeding, or the admission by it in writing of its inability to pay its debts generally as they become due, the taking of corporate action by the Company, SPAC or any Subsidiary in furtherance of any such action or the taking of any action by any Person to commence a Uniform Commercial Code foreclosure sale or any other similar action under federal, state or foreign law;

(ix) the entry by a court of (i) a decree, order, judgment or other similar document in respect of the Company, SPAC or any Subsidiary of a voluntary or involuntary case or proceeding under any applicable federal, state or foreign bankruptcy, insolvency, reorganization or other similar law or (ii) a decree, order, judgment or other similar document adjudging the Company, SPAC or any Subsidiary as bankrupt or insolvent, or approving as properly filed a petition seeking liquidation, reorganization, arrangement, adjustment or composition of or in respect of the Company, SPAC or any Subsidiary under any applicable federal, state or foreign law or (iii) a decree, order, judgment or other similar document appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official of the Company, SPAC or any Subsidiary or of any substantial part of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree, order, judgment or other similar document or any such other decree, order, judgment or other similar document unstayed and in effect for a period of thirty (30) consecutive days;

(x) a final judgment or judgments for the payment of money aggregating in excess of \$500,000 are rendered against the Company, SPAC and/or any of its Subsidiaries and which judgments are not, within thirty (30) days after the entry thereof, bonded, discharged, settled or stayed pending appeal, or are not discharged within thirty (30) days after the expiration of such stay; provided, however, any judgment which is covered by insurance or an indemnity from a credit worthy party shall not be included in calculating the \$500,000 amount set forth above so long as the Company or SPAC, as applicable, provides the Holder a written statement from such insurer or indemnity provider (which written statement shall be reasonably satisfactory to the Holder) to the effect that such judgment is covered by insurance or an indemnity and the Company, SPAC or such Subsidiary (as the case may be) will receive the proceeds of such insurance or indemnity within thirty (30) days of the issuance of such judgment;

(xi) the Company, SPAC and/or any Subsidiary, individually or in the aggregate, either (i) fails to pay, when due, or within any applicable grace period, any payment with respect to any Indebtedness in excess of \$250,000 due to any third party (other than, with respect to unsecured Indebtedness only, payments contested by the Company and/or such Subsidiary (as the case may be) in good faith by proper proceedings and with respect to which adequate reserves have been set aside for the payment thereof in accordance with GAAP) or is otherwise in breach or violation of any agreement for monies owed or owing in an amount in excess of \$250,000, which breach or violation permits the other party thereto to declare a default or otherwise accelerate amounts due thereunder, or (ii) suffer to exist any other circumstance or event that would, with or without the passage of time or the giving of notice, result in a default or event of default under any agreement binding the Company, SPAC or any Subsidiary, which default or event of default would or is likely to have a material adverse effect on the business, assets, operations (including results thereof), liabilities, properties, condition (including financial condition) or prospects of the Company, SPAC or any of its Subsidiaries, individually or in the aggregate;

(xii) other than as specifically set forth in another clause of this Section 4(a), the Company, SPAC or any Subsidiary breaches any representation or warranty, in any material respect (other than representations or warranties subject to material adverse effect or materiality, which may not be breached in any respect) or any covenant or other term or condition of any Transaction Document, except, in the case of a breach of a covenant or other term or condition that is curable, only if such breach remains uncured for a period of two (2) consecutive Trading Days;

(xiii) any breach or failure in any respect by the Company, SPAC or any Subsidiary to comply with any provision of Section 15 of this Note;

(xiv) any Material Adverse Effect (as defined in the Securities Purchase Agreement) occurs;

(xv) the Business Combination (as defined in the Securities Purchase Agreement) is not consummated on or prior to the end of the business combination period set forth in the certificate of incorporation of SPAC, or a party to the Merger Agreement indicates that the Merger Agreement has otherwise been terminated (each, a "**Business Combination Termination**");

(xvi) any amendment to the Merger Agreement or waiver of its terms by any party without the prior written consent of the Holder;

(xvii) a false or inaccurate certification (including a false or inaccurate deemed certification) by the Company as to whether any Event of Default has occurred;

(xviii) any provision of any Transaction Document (including, without limitation, the Security Documents) shall at any time for any reason (other than pursuant to the express terms thereof) cease to be valid and binding on or enforceable against the parties thereto, or the validity or enforceability thereof shall be contested by any party thereto, or a proceeding shall be commenced by the Company or any Subsidiary or any governmental authority having jurisdiction over any of them, seeking to establish the invalidity or unenforceability thereof, or the Company or any Subsidiary shall deny in writing that it has any liability or obligation purported to be created under any Transaction Document (including, without limitation, the Security Documents);

(xix) any Security Document shall for any reason fail or cease to create a separate valid and perfected and, except to the extent permitted by the terms hereof or thereof, first priority Lien (as defined in the Securities Purchase Agreement) on the Collateral (as defined in the Security Documents) in favor of the Collateral Agent (as defined in the Securities Purchase Agreement) or any material provision of any Security Document shall at any time for any reason cease to be valid and binding on or enforceable against the Company or the validity or enforceability thereof shall be contested by any party thereto, or a proceeding shall be commenced by the Company, or any governmental authority having jurisdiction over the Company, seeking to establish the invalidity or unenforceability thereof;

(xx) any material damage to, or loss, theft or destruction of, any Collateral, whether or not insured, or any strike, lockout, labor dispute, embargo, condemnation, act of God or public enemy, or other casualty which causes, for more than fifteen (15) consecutive days, the cessation or substantial curtailment of revenue producing activities at any facility of the Company or any Subsidiary, if any such event or circumstance could have a Material Adverse Effect;

(xxi) the failure of the Business Combination Registration Statement to register the shares of Common Stock of SPAC to be issued pursuant to the Merger Agreement in exchange for the shares of Common Stock of the Company underlying this Note under the Securities Act; or

(xxii) any Event of Default (as defined in the Other Notes) occurs with respect to any Other Notes; or

(xxiii) the Company has sold, leased, subleased, licensed, sublicensed, divided or otherwise disposed of any of its property or assets, including Intellectual Property, to Subsidiaries of the Company or to any third party, or the Company has failed to cause each Subsidiary to promptly transferred any Intellectual Property that it has developed or acquired at any time to the Company.

(b) Notice of an Event of Default. Redemption Right. Upon the occurrence of an Event of Default with respect to this Note or any Other Note, the Company shall within three (3) Business Days deliver written notice thereof via electronic mail and overnight courier (with next day delivery specified) (an "**Event of Default Notice**") to the Holder. At any time after the earlier of the Holder's receipt of an Event of Default Notice and the Holder becoming aware of an Event of Default, the Holder may require the Company to redeem (regardless of whether such Event of Default has been cured) all or any portion of this Note by delivering written notice thereof (the "**Event of Default Redemption Notice**") to the Company, which Event of Default Redemption Notice shall indicate the portion of this Note the Holder is electing to redeem. Each portion of this Note subject to redemption by the Company pursuant to this Section 4(b) shall be redeemed by the Company at a price equal to the product of (A) the Outstanding Amount to be redeemed multiplied by (B) the Redemption Premium (the "**Event of Default Redemption Price**"). Redemptions required by this Section 4(b) shall be made in accordance with the provisions of Section 13. To the extent redemptions required by this Section 4(b) are deemed or determined by a court of competent jurisdiction to be prepayments of this Note by the Company, such redemptions shall be deemed to be voluntary prepayments. Notwithstanding anything to the contrary in this Section 4, but subject to Section 3(d), until the Event of Default Redemption Price (together with any Late Charges thereon) is paid in full, the Outstanding Amount submitted for redemption under this Section 4(b) (together with any Late Charges thereon) may be converted, in whole or in part, by the Holder into Common Stock pursuant to the terms of this Note. In the event of the Company's redemption of any portion of this Note under this Section 4(b), the Holder's damages would be uncertain and difficult to estimate because of the parties' inability to predict future interest rates and the uncertainty of the availability of a suitable substitute investment opportunity for the Holder. Accordingly, any redemption premium due under this Section 4(b) is intended by the parties to be, and shall be deemed, a reasonable estimate of the Holder's actual loss of its investment opportunity and not as a penalty. Any redemption upon an Event of Default shall not constitute an election of remedies by the Holder, and all other rights and remedies of the Holder shall be preserved.

(c) Mandatory Redemption upon Bankruptcy Event of Default. Notwithstanding anything to the contrary herein, and notwithstanding any conversion that is then required or in process, upon any Bankruptcy Event of Default, whether occurring prior to or following the Maturity Date, the Company shall immediately pay to the Holder an amount in cash representing (i) all outstanding Principal and accrued and unpaid Late Charges on such Principal, multiplied by (ii) the Redemption Premium, in addition to any and all other amounts (without duplication) due hereunder, without the requirement for any notice or demand or other action by the Holder or any other person or entity, provided that the Holder may, in its sole discretion, waive such right to receive payment upon a Bankruptcy Event of Default, in whole or in part, and any such waiver shall not affect any other rights of the Holder hereunder, including any other rights in respect of such Bankruptcy Event of Default, any right to conversion, and any right to payment of the Event of Default Redemption Price or any other Redemption Price, as applicable.

(d) Mandatory Redemption upon Listing Failure Event of Default and Business Combination Termination Event of Default. Notwithstanding anything to the contrary herein, and notwithstanding any conversion that is then required or in process, upon any Listing Failure Event of Default or Business Combination Termination Event of Default, whether occurring prior to or following the Maturity Date, the Company shall pay within 30 calendar days of the Listing Failure Event of Default or the Business Combination Termination, as applicable, to the Holder an amount in cash representing (i) all outstanding Principal and accrued and unpaid Late Charges on such Principal, multiplied by (ii) the Redemption Premium, in addition to any and all other amounts (without duplication) due hereunder, without the requirement for any notice or demand or other action by the Holder or any other person or entity; provided that, (X) if the Company fails to pay such amount within 60 calendar days, the Redemption Premium shall be increased to 125%; (Y) if the Company fails to pay such amount within 90 calendar days, the Redemption Premium shall be increased to 150%; and (Z) if the Company fails to pay such amount within 120 calendar days, the Redemption Premium shall be further increased 40% per annum thereafter; provided further, that the Holder may, in its sole discretion, waive such right to receive payment upon a Listing Failure Event of Default or Business Combination Termination Event of Default, in whole or in part, and any such waiver shall not affect any other rights of the Holder hereunder, including any other rights in respect of such Listing Failure Event of Default or Business Combination Termination Event of Default, any right to conversion, and any right to payment of the Event of Default Redemption Price or any other Redemption Price, as applicable.

6. RIGHTS UPON ISSUANCE OF PURCHASE RIGHTS AND OTHER CORPORATE EVENTS

(a) Purchase Rights. In addition to any adjustments pursuant to Sections 7 or 17 below, if at any time the Company grants, issues or sells any Options, Convertible Securities or rights to purchase stock, warrants, securities or other property pro rata to all or substantially all of the record holders of any class of Common Stock (the "**Purchase Rights**"), then the Holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which the Holder could have acquired if the Holder had held the number of shares of Common Stock acquirable upon complete conversion of this Note (without taking into account any limitations or restrictions on the convertibility of this Note) immediately prior to the date on which a record is taken for the grant, issuance or sale of such Purchase Rights, or, if no such record is taken, the date as of which the record holders of shares of Common Stock are to be determined for the grant, issue or sale of such Purchase Rights (provided, however, that to the extent that the Holder's right to participate in any such Purchase Right would result in the Holder and the other Attribution Parties exceeding the Maximum Percentage, then the Holder shall not be entitled to participate in such Purchase Right to the extent of the Maximum Percentage (and shall not be entitled to beneficial ownership of such shares of Common Stock as a result of such Purchase Right (and beneficial ownership) to the extent of any such excess) and such Purchase Right to such extent shall be held in abeyance (and, if such Purchase Right has an expiration date, maturity date or other similar provision, such term shall be extended by such number of days held in abeyance, if applicable) for the benefit of the Holder until such time or times, if ever, as its right thereto would not result in the Holder and the other Attribution Parties exceeding the Maximum Percentage, at which time or times the Holder shall be granted such right (and any Purchase Right granted, issued or sold on such initial Purchase Right or on any subsequent Purchase Right held similarly in abeyance (and, if such Purchase Right has an expiration date, maturity date or other similar provision, such term shall be extended by such number of days held in abeyance, if applicable)) to the same extent as if there had been no such limitation).

(b) Other Corporate Events. In addition to and not in substitution for any other rights hereunder, in the event of any Fundamental Transaction (other than the Merger and the Business Combination) pursuant to which holders of shares of Common Stock are entitled to receive securities or other assets with respect to or in exchange for shares of Common Stock (a "**Corporate Event**"), the Holder shall receive the payment provided for in Section 1 in satisfaction of the obligations of the Company under this Note.

8. REDEMPTIONS AT THE COMPANY'S ELECTION

(a) Company Optional Redemption. At any time the Company shall have the right to redeem all, or any part, of the Outstanding Amount then remaining under this Note (each, a "**Company Optional Redemption Amount**") on the Company Optional Redemption Date (each as defined below) (each, a "**Company Optional Redemption**"). The portion of this Note subject to redemption pursuant to this Section 8(a) shall be redeemed by the Company in cash at a price (each, a "**Company Optional Redemption Price**") equal to (a) the Outstanding Amount being redeemed as of the Company Optional Redemption Date, *multiplied by* (b) 120%. The Company may exercise its right to require redemption under this Section 8(a) by delivering a written notice thereof by electronic mail and overnight courier to all, but not less than all, of the holders of Notes (the "**Company**

Optional Redemption Notice” and the date all of the holders of Notes received such notice is referred to as the **“Company Optional Redemption Notice Date”**). The Company may deliver only one Company Optional Redemption Notice hereunder in any given twenty (20) Trading Day period and each Company Optional Redemption Notice shall be irrevocable. The Company Optional Redemption Notice shall (x) state the date on which the Company Optional Redemption shall occur (the **“Company Optional Redemption Date”**) which date shall not be less than thirty (30) Trading Days nor more than one hundred (100) Trading Days following the Company Optional Redemption Notice Date, and (y) state the aggregate Outstanding Amount of the Notes which is being redeemed in such Company Optional Redemption from the Holder and all of the other holders of the Notes pursuant to this Section 8(a) (and analogous provisions under the Other Notes) on the Company Optional Redemption Date. All Outstanding Amounts converted by the Holder after the Company Optional Redemption Notice Date shall reduce the Company Optional Redemption Amount of this Note required to be redeemed on the Company Optional Redemption Date. Redemptions made pursuant to this Section 8(a) shall be made in accordance with Section 13. In the event of the Company’s redemption of any portion of this Note under this Section 8(a), the Holder’s damages would be uncertain and difficult to estimate because of the parties’ inability to predict future interest rates and the uncertainty of the availability of a suitable substitute investment opportunity for the Holder. Accordingly, any redemption premium due under this Section 8(a) is intended by the parties to be, and shall be deemed, a reasonable estimate of the Holder’s actual loss of its investment opportunity and not as a penalty. For the avoidance of doubt, the Company shall have no right to effect a Company Optional Redemption if any Event of Default has occurred and continuing, but any Event of Default shall have no effect upon the Holder’s right to convert this Note in its discretion.

(b) Pro Rata Redemption Requirement. If the Company elects to cause a Company Optional Redemption of this Note pursuant to Section 8(a) above, then it must simultaneously take the same action with respect to all of the Other Notes.

10. RESERVED.

11. NONCIRCUMVENTION. The Company hereby covenants and agrees that the Company will not, by amendment of its Certificate of Incorporation (as defined in the Securities Purchase Agreement), Bylaws (as defined in the Securities Purchase Agreement) or through any reorganization, transfer of assets, consolidation, merger, scheme of arrangement, dissolution, issue or sale of securities, or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Note, and will at all times in good faith carry out all of the provisions of this Note and take all action as may be required to protect the rights of the Holder of this Note. Without limiting the generality of the foregoing or any other provision of this Note or the other Transaction Documents, the Company (a) shall not increase the par value of any shares of Common Stock receivable upon conversion of this Note above (i) \$2.00, multiplied by (ii) the Exchange Ratio (the **“Conversion Price”**), and (b) shall take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable shares of Common Stock upon the conversion of this Note. Notwithstanding

anything herein to the contrary, if after the sixty (60) calendar day anniversary of the Issuance Date, the Holder is not permitted to convert this Note in full for any reason (other than pursuant to restrictions set forth in Section 3(d) hereof), the Company shall use its best efforts to promptly remedy such failure, including, without limitation, obtaining such consents or approvals as necessary to permit such conversion into shares of Common Stock.

12. RESERVATION OF AUTHORIZED SHARES.

(a) Reservation. So long as any Notes remain outstanding, the Company shall at all times reserve at least 200% of the number of shares of Common Stock as shall from time to time be necessary to effect the conversion of all of the Notes then outstanding (without regard to any limitations on conversions) at the Conversion Price (the "**Required Reserve Amount**"). The Required Reserve Amount (including, without limitation, each increase in the number of shares so reserved) shall be allocated pro rata among the holders of the Notes based on the original principal amount of the Notes held by each holder on the Closing Date or increase in the number of reserved shares, as the case may be (the "**Authorized Share Allocation**"). In the event that a holder shall sell or otherwise transfer any of such holder's Notes, each transferee shall be allocated a pro rata portion of such holder's Authorized Share Allocation. Any shares of Common Stock reserved and allocated to any Person which ceases to hold any Notes shall be allocated to the remaining holders of Notes, pro rata based on the principal amount of the Notes then held by such holders.

(b) Insufficient Authorized Shares. If, notwithstanding Section 12(a), and not in limitation thereof, at any time while any of the Notes remain outstanding the Company does not have a sufficient number of authorized and unreserved shares of Common Stock to satisfy its obligation to reserve for issuance upon conversion of the Notes at least a number of shares of Common Stock equal to the Required Reserve Amount (an "**Authorized Share Failure**"), then the Company shall immediately take all action necessary to increase the Company's authorized shares of Common Stock to an amount sufficient to allow the Company to reserve the Required Reserve Amount for the Notes then outstanding. Without limiting the generality of the foregoing sentence, as soon as practicable after the date of the occurrence of an Authorized Share Failure, but in no event later than sixty (60) days after the occurrence of such Authorized Share Failure, the Company shall hold a meeting of its stockholders for the approval of an increase in the number of authorized shares of Common Stock. In connection with such meeting, the Company shall provide each stockholder with a proxy statement and shall use its best efforts to solicit its stockholders' approval of such increase in authorized shares of Common Stock and to cause its board of directors to recommend to the stockholders that they approve such proposal. In the event that the Company is prohibited from issuing shares of Common Stock pursuant to the terms of this Note due to the failure by the Company to have sufficient shares of Common Stock available out of the authorized but unissued shares of Common Stock (such unavailable number of shares of Common Stock, the "**Authorized Failure Shares**"), in lieu of delivering such Authorized Failure Shares to the Holder, the Company shall pay cash in exchange for the redemption of such portion of the Conversion Amount convertible into such Authorized Failure Shares at a price equal to the sum of (i) the product of (x) such number of Authorized Failure Shares and (y) the

greatest Closing Sale Price of the Common Stock on any Trading Day during the period commencing on the Conversion Date with respect to such Authorized Failure Shares to the Company and ending on the date of such issuance and payment under this Section 12(a); and (ii) to the extent the Holder purchases (in an open market transaction or otherwise) shares of Common Stock to deliver in satisfaction of a sale by the Holder of Authorized Failure Shares, any brokerage commissions and other out-of-pocket expenses, if any, of the Holder incurred in connection therewith. Nothing contained in Section 12(a) or this Section 12(b) shall limit any obligations of the Company under any provision of the Securities Purchase Agreement.

13. REDEMPTIONS.

(a) Mechanics. The Company shall deliver the applicable Event of Default Redemption Price to the Holder in cash within five (5) Business Days after the Company's receipt of the Holder's Event of Default Redemption Notice. The Company shall deliver the applicable Company Optional Redemption Price to the Holder in cash on the applicable Company Optional Redemption Date. Notwithstanding anything herein to the contrary, in connection with any redemption hereunder at a time the Holder is entitled to receive a cash payment under any of the other Transaction Documents, at the option of the Holder delivered in writing to the Company, the applicable Redemption Price hereunder shall be increased by the amount of such cash payment owed to the Holder under such other Transaction Document and, upon payment in full or conversion in accordance herewith, shall satisfy the Company's payment obligation under such other Transaction Document. In the event of a redemption of less than all of the Outstanding Amount of this Note, the Company shall promptly cause to be issued and delivered to the Holder a new Note (in accordance with Section 20(d)) representing the outstanding Principal which has not been redeemed. In the event that the Company does not pay the applicable Redemption Price to the Holder within the time period required, at any time thereafter and until the Company pays such unpaid Redemption Price in full, the Holder shall have the option, in lieu of redemption, to require the Company to promptly return to the Holder all or any portion of this Note representing the Outstanding Amount that was submitted for redemption and for which the applicable Redemption Price (together with any Late Charges thereon) has not been paid. Upon the Company's receipt of such notice, (x) the applicable Redemption Notice shall be null and void with respect to such Outstanding Amount, and (y) the Company shall immediately return this Note, or issue a new Note (in accordance with Section 20(d)), to the Holder, and in each case the principal amount of this Note or such new Note (as the case may be) shall be increased by an amount equal to the difference between (1) the applicable Redemption Price (as the case may be, and as adjusted pursuant to this Section 13, if applicable) minus (2) the Principal portion of the Outstanding Amount submitted for redemption. The Holder's delivery of a notice voiding a Redemption Notice and exercise of its rights following such notice shall not affect the Company's obligations to make any payments of Late Charges which have accrued prior to the date of such notice with respect to the Outstanding Amount subject to such notice.

(b) Redemption by Other Holders. Upon the Company's receipt of notice from any of the holders of the Other Notes for redemption or repayment as a result of an event or occurrence substantially similar to the events or occurrences described in Section 4(b) or Section 5(b) (each, an "Other Redemption Notice"), the Company shall immediately, but no later than one (1) Business Day of its receipt thereof, forward to the Holder by electronic mail a copy of such notice. (q) Controlled Accounts.

(i) General. The Company shall establish and maintain cash management services of a type and on terms reasonably satisfactory to Holder at each bank listed on Schedule 15(q)(i) attached hereto (each a "**Controlled Account Bank**") and cause all cash and cash equivalents of the Company or any of its Subsidiaries to be held in Accounts (as defined in the Security Agreement) at one or more Controlled Account Banks in accordance therewith. Subject to the foregoing, the Company shall establish and maintain Controlled Account Agreements with the Collateral Agent (as each such term is defined in the Security Agreement) and each Controlled Account Bank, in form and substance reasonably acceptable to the Collateral Agent and the Required Holders, with respect to each account maintained at such bank on behalf of Company and/or its Subsidiaries (each such account a "**Controlled Account**" and collectively, the "**Controlled Accounts**"), including, without limitation, the Operating Accounts (as defined below). Each such Controlled Account Agreement shall provide, among other things, that (A) the Controlled Account Bank will comply with any and all instructions originated by the Collateral Agent directing the disposition of the funds in the Controlled Accounts without further consent by the Company or any such Subsidiaries, (B) the Controlled Account Bank waives, subordinates or agrees not to exercise any rights of setoff or recoupment or any other claim against the applicable Controlled Account other than for payment of its service fees and other charges directly related to the administration of such Controlled Account and for returned checks or other items of payment, and (C) with respect to each Controlled Account (collectively, the "**Operating Accounts**"), upon the instruction of Collateral Agent (an "**Activation Instruction**"), the Controlled Account Bank shall not comply with any instructions, directions or orders of any form with respect to the Operating Accounts other than instructions, directions or orders originated by Collateral Agent. The Collateral Agent shall not issue an Activation Instruction with respect to the Operating Accounts unless an Event of Default has occurred and is continuing at the time such Activation Instruction is issued.

(ii) Additional Controlled Account Agreements. If at any time on or after the Closing Date, the average daily balance of any Account of the Company or any of its Subsidiaries that is not subject to a Controlled Account Agreement, in form and substance reasonably satisfactory to the Collateral Agent and the Required Holders, in favor of the Collateral Agent exceeds \$50,000 (the "**Maximum Per Account Free Cash**"),

Amount”) during any calendar month (including the calendar month in which the Closing Date occurs), the Company shall either (x) within twenty-one (21) calendar days following the last day of such calendar month, deliver to the Collateral Agent a Controlled Account Agreement, in form and substance reasonably satisfactory to the Collateral Agent, duly executed by the Company and the depository bank in which such Account is maintained or (y) within two (2) Business Days following such date, effect a transfer to a Controlled Account of a cash amount sufficient to reduce the amount of the Company’s or the applicable Subsidiary’s cash held in such Account to an amount not in excess of the Maximum Per Account Free Cash Amount.

(iii) **Maximum Free Cash Amount.** Notwithstanding anything to the contrary contained in Section 15(q)(ii) above, and without limiting any of the foregoing, if at any time on or after the date that is twenty-one (21) calendar days following the Closing Date, the total aggregate amount of the Company’s and any of its Subsidiaries, in the aggregate, cash that is not held in a Controlled Account exceeds \$100,000 (the “**Maximum Free Cash Amount**”), the Company shall within two (2) Business Days following such date, effect a transfer to a Controlled Account of a cash amount sufficient to reduce the total aggregate amount of the Company’s and its Subsidiaries’, as applicable, cash that is not held in a Controlled Account to an amount not in excess of the Maximum Free Cash Amount.

(r) **Stay, Extension and Usury Laws.** To the extent that it may lawfully do so, the Company (A) agrees that it will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay, extension or usury law (wherever or whenever enacted or in force) that may affect the covenants or the performance of this Note; and (B) expressly waives all benefits or advantages of any such law and agrees that it will not, by resort to any such law, hinder, delay or impede the execution of any power granted to the Holder by this Note, but will suffer and permit the execution of every such power as though no such law has been enacted.

(s) **Taxes.** The Company and its Subsidiaries shall pay when due all taxes, fees or other charges of any nature whatsoever (together with any related interest or penalties) now or hereafter imposed or assessed against the Company and its Subsidiaries or their respective assets or upon their ownership, possession, use, operation or disposition thereof or upon their rents, receipts or earnings arising therefrom (except where the failure to pay would not, individually or in the aggregate, have a material effect on the Company or any of its Subsidiaries). The Company and its Subsidiaries shall file on or before the due date therefor all personal property tax returns (except where the failure to file would not, individually or in the aggregate, have a material effect on the Company or any of its Subsidiaries). Notwithstanding the foregoing, the Company and its Subsidiaries may contest, in good faith and by appropriate proceedings, taxes for which they maintain adequate reserves therefor in accordance with GAAP.

(t) **Independent Investigation.** At the request of the Holder either (x) at any time when an Event of Default has occurred and is continuing, (y) upon the occurrence of an event that with the passage of time or giving of notice would constitute an Event of Default or (z) at any time the Holder reasonably believes an Event of Default may have occurred or be continuing, the Company shall hire an independent, reputable investment bank selected by the Company and approved by the Holder to investigate as to whether any breach of this Note has occurred (the “**Independent Investigator**”). If the Independent Investigator determines that such breach of this Note has occurred, the Independent Investigator shall notify the Company of such breach and the Company shall deliver written notice to each holder of a Note of such breach. In connection with such investigation, the Independent Investigator may, during normal business hours, inspect all contracts, books, records, personnel, offices and other facilities and properties of the Company and its Subsidiaries and, to the extent available to the Company after the Company uses reasonable efforts to obtain them, the records of its legal advisors and accountants (including the accountants’ work papers) and any books of account, records, reports and other papers not contractually required of the Company to be confidential or secret, or subject to attorney-client or other evidentiary privilege, and the Independent Investigator may make such copies and inspections thereof as the Independent Investigator may reasonably request. The Company shall furnish the Independent Investigator with such financial and operating data and other information with respect to the business and properties of the Company as the Independent Investigator may reasonably request. The Company shall permit the Independent Investigator to discuss the affairs, finances and accounts of the Company with, and to make proposals and furnish advice with respect thereto to, the Company’s officers, directors, key employees and independent public accountants or any of them (and by this provision the Company authorizes said accountants to discuss with such Independent Investigator the finances and affairs of the Company and any Subsidiaries), all at such reasonable times, upon reasonable notice, and as often as may be reasonably requested.

16. **SECURITY.** This Note and the Other Notes are secured to the extent and in the manner set forth in the Transaction Documents (including, without limitation, the Security Agreement, the other Security Documents).

17. **DISTRIBUTION OF ASSETS.** In addition to any adjustments pursuant to Section 6(a), if the Company shall declare or make any dividend or other distributions of its assets (or rights to acquire its assets) to any or all holders of shares of Common Stock, by way of return of capital or otherwise (including without limitation, any distribution of cash, stock or other securities, property or options by way of a dividend, spin off, reclassification, corporate rearrangement, scheme of arrangement or other similar transaction) (the “**Distributions**”), then the Holder will be entitled to such Distributions as if the Holder had held the number of shares of Common Stock acquirable upon complete conversion of this Note (without taking into account any limitations or restrictions on the convertibility of this Note) immediately prior to the date on which a record is taken for such Distribution or, if no such record is taken, the date as of which the record holders of Common Stock are to be determined for such Distributions (provided, however, that to the extent that the Holder’s right to participate in any such Distribution would result in the Holder and the other Attribution Parties exceeding the Maximum Percentage, then the Holder shall not be entitled to participate in such Distribution to the extent of the Maximum Percentage (and shall not be entitled to beneficial ownership of such shares of Common Stock as a result of such Distribution (and beneficial ownership) to the extent of any such excess) and the portion of such Distribution shall be held in abeyance for the benefit of the Holder until such time or times, if ever, as its right thereto would not result in the Holder and the other Attribution Parties exceeding the Maximum Percentage, at which time or times the Holder shall be granted such Distribution (and any Distributions declared or made on such initial Distribution or on any subsequent Distribution held similarly in abeyance) to the same extent as if there had been no such limitation).

18. AMENDING THE TERMS OF THIS NOTE. Except for Section 3(d), which may not be amended, modified or waived by the parties hereto, the prior written consent of the Required Holders (as defined in the Securities Purchase Agreement) shall be required for any amendment, modification or waiver to this Note. Any amendment, modification or waiver so approved shall be binding upon all existing and future holders of this Note and any Other Notes; provided, however, that no such change, waiver or, as applied to any of the Notes held by any particular holder of Notes, shall, without the written consent of that particular holder, (i) reduce the amount of Principal, reduce the amount of accrued and unpaid Interest, or extend the Maturity Date, of the Notes, (ii) disproportionately and adversely affect any rights under the Notes of any holder of Notes; or (iii) modify any of the provisions of, or impair the right of any holder of Notes under, this Section 18.

19. TRANSFER. This Note and any shares of Common Stock issued upon conversion of this Note may be offered, sold, assigned or transferred by the Holder without the consent of the Company, subject only to the provisions of Section 2(g) of the Securities Purchase Agreement.

20. REISSUANCE OF THIS NOTE.

(a) Transfer. If this Note is to be transferred, the Holder shall surrender this Note to the Company, whereupon the Company will forthwith issue and deliver upon the order of the Holder a new Note (in accordance with Section 20(d)), registered as the Holder may request, representing the outstanding Principal being transferred by the Holder and, if less than the entire outstanding Principal is being transferred, a new Note (in accordance with Section 20(d)) to the Holder representing the outstanding Principal not being transferred. The Holder and any assignee, by acceptance of this Note, acknowledge and agree that, by reason of the provisions of Section 3(c)(iii) following conversion or redemption of any portion of this Note, the outstanding Principal represented by this Note may be less than the Principal stated on the face of this Note.

(b) Lost, Stolen or Mutilated Note. Upon receipt by the Company of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of this Note (as to which a written certification and the indemnification contemplated below shall suffice as such evidence), and, in the case of loss, theft or destruction, of any indemnification undertaking by the Holder to the Company in customary and reasonable form and, in the case of mutilation, upon surrender and cancellation of this Note, the Company shall execute and deliver to the Holder a new Note (in accordance with Section 20(d)) representing the outstanding Principal.

(c) Note Exchangeable for Different Denominations. This Note is exchangeable, upon the surrender hereof by the Holder at the principal office of the Company, for a new Note or Notes (in accordance with Section 20(d) and in principal amounts of at least \$1,000) representing in the aggregate the outstanding Principal of this Note, and each such new Note will represent such portion of such outstanding Principal as is designated by the Holder at the time of such surrender.

(d) Issuance of New Notes. Whenever the Company is required to issue a new Note pursuant to the terms of this Note, such new Note (i) shall be of like tenor with this Note, (ii) shall represent, as indicated on the face of such new Note, the Principal remaining outstanding (or in the case of a new Note being issued pursuant to Section 20(a) or Section 20(c), the Principal designated by the Holder which, when added to the principal represented by the other new Notes issued in connection with such issuance, does not exceed the Principal remaining outstanding under this Note immediately prior to such issuance of new Notes), (iii) shall have an issuance date, as indicated on the face of such new Note, which is the same as the Issuance Date of this Note, (iv) shall have the same rights and conditions as this Note, and (v) shall represent accrued and unpaid Late Charges on the Principal of this Note, from the Issuance Date.

21. REMEDIES, CHARACTERIZATIONS, OTHER OBLIGATIONS, BREACHES AND INJUNCTIVE RELIEF. The remedies provided in this Note shall be cumulative and in addition to all other remedies available under this Note and any of the other Transaction Documents at law or in equity (including a decree of specific performance and/or other injunctive relief), and nothing herein shall limit the Holder's right to pursue actual and consequential damages for any failure by the Company to comply with the terms of this Note. No failure on the part of the Holder to exercise, and no delay in exercising, any right, power or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by the Holder of any right, power or remedy preclude any other or further exercise thereof or the exercise of any other right, power or remedy. In addition, the exercise of any right or remedy of the Holder at law or equity or under this Note or any of the documents shall not be deemed to be an election of Holder's rights or remedies under such documents or at law or equity. The Company covenants to the Holder that there shall be no characterization concerning this instrument other than as expressly provided herein. Amounts set forth or provided for herein with respect to payments, conversion and the like (and the computation thereof) shall be the amounts to be received by the Holder and shall not, except as expressly provided herein, be subject to any other obligation of the Company (or the performance thereof). The Company acknowledges that a breach by it of its obligations hereunder will cause irreparable harm to the Holder and that the remedy at law for any such breach may be inadequate. The Company therefore agrees that, in the event of any such breach or threatened breach, the Holder shall be entitled, in addition to all other available remedies, to specific performance and/or temporary, preliminary and permanent injunctive or other equitable relief from any court of competent jurisdiction in any such case without the necessity of proving actual damages and without posting a bond or other security. The Company shall provide all information and documentation to the Holder that is requested by the Holder to enable the Holder to confirm the Company's compliance with the terms and conditions of this Note (including, without limitation, compliance with Section 7).

22. PAYMENT OF COLLECTION, ENFORCEMENT AND OTHER COSTS. If

(a) this Note is placed in the hands of an attorney for collection or enforcement or is collected or enforced through any legal proceeding or the Holder otherwise takes action to collect amounts due under this Note or to enforce the provisions of this Note or (b) there occurs any bankruptcy, reorganization, receivership of the Company or other proceedings affecting Company creditors' rights and involving a claim under this Note, then the Company shall pay the costs incurred by the Holder for such collection, enforcement or action or in connection with such bankruptcy, reorganization, receivership or other proceeding, including, without limitation, attorneys' fees and disbursements. The Company expressly acknowledges and agrees that no amounts due under this Note shall be affected, or limited, by the fact that the purchase price paid for this Note was less than the original Principal amount hereof.

23. CONSTRUCTION; HEADINGS. This Note shall be deemed to be jointly drafted by the Company and the initial Holder and shall not be construed against any such Person as the drafter hereof. The headings of this Note are for convenience of reference and shall not form part of, or affect the interpretation of, this Note. Unless the context clearly indicates otherwise, each pronoun herein shall be deemed to include the masculine, feminine, neuter, singular and plural forms thereof. The terms "including," "includes," "include" and words of like import shall be construed broadly as if followed by the words "without limitation." The terms "herein," "hereunder," "hereof" and words of like import refer to this entire Note instead of just the provision in which they are found. Unless expressly indicated otherwise, all section references are to sections of this Note. Terms used in this Note and not otherwise defined herein, but defined in the other Transaction Documents, shall have the meanings ascribed to such terms on the Closing Date in such other Transaction Documents unless otherwise consented to in writing by the Holder.

24. FAILURE OR INDULGENCE NOT WAIVER. No failure or delay on the part of the Holder in the exercise of any power, right or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such power, right or privilege preclude other or further exercise thereof or of any other right, power or privilege. No waiver shall be effective unless it is in writing and signed by an authorized representative of the waiving party. Notwithstanding the foregoing, nothing contained in this Section 24 shall permit any waiver of any provision of Section 3(d).

25. DISPUTE RESOLUTION.

(a) Submission to Dispute Resolution

(i) In the case of a dispute relating to a Closing Sale Price, a Conversion Price, a VWAP or a fair market value or the arithmetic calculation of a Conversion Shares, or the applicable Redemption Price (as the case may be) (including, without limitation, a dispute relating to the determination of any of the foregoing), the Company or the Holder (as the case may be) shall submit the dispute to the other party via electronic mail (A) if by the Company or SPAC, as applicable, within two (2) Business Days after the occurrence of the circumstances giving rise to such dispute or (B) if by the Holder at any time after the Holder learned of the circumstances giving rise to such dispute. Unless otherwise agreed to in writing by both the Company or SPAC, as applicable, and the Holder or otherwise requested by such investment bank, neither the Company or SPAC, as applicable, nor the Holder shall be entitled to deliver or submit any written documentation or other support to such investment bank in connection with such dispute (other than the Required Dispute Documentation).

(iii) The Company or SPAC, as applicable, and the Holder shall cause such investment bank to determine the resolution of such dispute and notify the Company or SPAC, as applicable, and the Holder of such resolution no later than ten (10) Business Days immediately following the Dispute Submission Deadline. The fees and expenses of such investment bank shall be borne solely by the Company or SPAC, as applicable, and such investment bank's resolution of such dispute shall be final and binding upon all parties absent manifest error.
