## **Item 8.01 Other Events.**

On October 27, 2020, the GigCapital2, Inc. (the “Company” or “GigCapital2”) and Waste to Energy Partners LLC (dba Bolder Industries) (“Bolder Industries” or “Bolder”) issued a joint press release, which is attached as Exhibit 99.1 hereto, announcing that the Company and Bolder Industries have entered into a non-binding letter of intent (the “Letter of Intent”) for a business combination. Bolder Industries, a certified B Corporation, innovates sustainable rubber and plastic solutions that address the global waste-tire problem by providing valuable new product outputs from recovered tire materials.

Under the terms of the Letter of Intent, the Company and Bolder intend to enter into a definitive agreement pursuant to which the Company and Bolder would combine, with the former equityholders of both entities holding equity in the combined public company listed on New York Stock Exchange (the “Surviving Company”) and with Bolder’s existing equityholders owning a majority of the equity in the Surviving Company. The final terms of the definitive agreement are subject to the completion of due diligence to the Company’s satisfaction.

Under the terms of the Letter of Intent, the enterprise value of the combined company is approximately \$880 million. It is expected that there will be a substantial rollover of equity by the existing equityholders Bolder Industries.

The completion of the business combination is subject to the negotiation and execution of definitive documentation and satisfaction of the conditions therein, including (i) completion of any required stock exchange and regulatory review, (ii) approval of the transaction by the Company’s and Bolder’s stockholders and (iii) receipt by Bolder of any required third-party approvals. Accordingly, no assurances can be made that the parties will successfully negotiate and enter into a definitive agreement, or that the proposed transaction will be consummated on the terms or timeframe currently contemplated, or at all.

### **Additional Information and Where to Find It**

If a definitive agreement is entered into in connection with the proposed business combination, GigCapital2 will prepare a proxy statement/prospectus (the “GigCapital2 proxy statement/prospectus”) to be filed with the United States Securities and Exchange Commission (the “SEC”) and mailed to GigCapital2’s stockholders. GigCapital2 and Bolder urge investors and other interested persons to read, when available, the GigCapital2 proxy statement/prospectus, as well as other documents filed with the SEC, because these documents will contain important information about the proposed business combination. Such persons can also read GigCapital2’s Annual Report on Form 10-K for the fiscal year ended December 31, 2019 (the “GigCapital2 Annual Report”), for a description of the security holdings of its officers and directors and their respective interests as security holders in the consummation of the transactions described herein. The GigCapital2 proxy statement statement/prospectus, once available, and GigCapital2 Annual Report can be obtained, without charge, at the SEC’s web site (<http://www.sec.gov>).

### **Participants in the Solicitation**

GigCapital2, Bolder and their respective directors, executive officers and other members of their management and employees, under SEC rules, may be deemed to be participants in the solicitation of proxies of GigCapital2 stockholders in connection with the proposed business combination. Investors and security holders may obtain more detailed information regarding the names, affiliations and interests of GigCapital2’s directors and officers in its Annual Report on Form 10-K for the fiscal year ended December 31, 2019, which was filed with the SEC on March 30, 2020. Information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of proxies to GigCapital2’s stockholders in connection with the proposed business combination will be set forth in the proxy statement/prospectus for the proposed business combination when available. Information concerning the interests of GigCapital2’s and Bolder’s participants in the solicitation, which may, in some cases, be different than those of GigCapital2’s and Bolder’s equityholders generally, will be set forth in the proxy statement/prospectus relating to the proposed business combination when it becomes available.

PALO ALTO, Calif. and BOULDER, Colo., October 27, 2020 – GigCapital2, Inc. (NYSE: GIX), a publicly traded special purpose acquisition company, and Waste to Energy Partners LLC (dba Bolder Industries) (“Bolder Industries” or “Bolder” or “the Company”) announced today that they have entered into a non-binding letter of intent (“LOI”) for a business combination. The business combination would result in Bolder Industries becoming a publicly traded company on the New York Stock Exchange. Under the terms of the LOI, GigCapital2 and Bolder would become a combined entity, with Bolder’s existing shareholders rolling over a majority of the equity in the combined public company.

Bolder Industries, a certified B Corporation, innovates sustainable rubber and plastic solutions that address the global waste-tire problem by providing valuable new product outputs from recovered tire materials. The Company’s flagship product, BolderBlack®, is a carbon black alternative that replaces petroleum-derived carbon black as a rubber reinforcing agent and a black pigment in plastics. Tony Wibbeler, Founder and Chief Executive Officer of Bolder Industries, commented: “Bolder Industries was founded on our mission to divert materials from landfill, offset greenhouse gas emissions, reduce water and electricity usage and create local jobs. We have now met those goals at scale with our proven tire reuse solution; addressing the growing global waste tire issue at 40 billion pounds per year and the increasing demand for sustainably sourced materials. We have built an incredible foundation based on revolutionary technology, financial strength and a deeply knowledgeable team with significant operational and product development expertise. This combination with GigCapital2 will allow us to further deliver on our mission, accelerate our growth, and deliver significant shareholder value as a public company.”

Dr. Avi Katz, Founder of GigCapital Global and Executive Chairman of GigCapital2, commented: “We incepted GigCapital Global in 2017 as a lead sponsor of technology Private-to-Public Equity (PPE)<sup>TM</sup> companies, also known as special purpose acquisition companies (SPAC), driven by the purpose of bettering our world and making our planet cleaner and sustainable for generations to come. We are delighted to partner with Bolder Industries on its journey to the public market, as it represents the ultimate ESG investment opportunity with a fully commercial and already proven technology that delivers 97% less CO2 than traditional carbon black, while significantly reducing the amount of rubber tire waste that enters our landfills. Tony, Robert and the Bolder team have established a clear path to industry leadership and a de-risked investment platform. We are incredibly excited about Bolder’s purpose and mission, proven track record and global growth opportunity. We look forward to supporting their transition to a public company and beyond.”

This press release includes non-GAAP financial measures for Bolder which do not conform to SEC Regulation S-X in that it includes financial information (such as EBITDA) not derived in accordance with U.S. generally accepted accounting principles (“GAAP”). The parties believe that the presentation of non-GAAP measures provides information that is useful to investors as it indicates more clearly the ability of Bolder to meet capital expenditure and working capital requirements and provides an additional tool for investors to use in evaluating ongoing operating results and trends. You should review Bolder’s audited and interim financial statements, which will be presented in the GigCapital2 proxy statement/prospectus (defined under Additional Information and Where to Find It), and not rely on any single financial measure to evaluate its business.
