After the Registration Statement has been declared effective, GigCapital2 will mail a definitive proxy statement/prospectus, when available, to its stockholders and UpHealth's and Cloudbreak's stockholders. Investors and security holders and other interested parties are urged to read the proxy statement/prospectus, and any amendments thereto and any other documents filed with the SEC when they become available, carefully and in their entirety because they contain important information about GigCapital2, UpHealth, Cloudbreak and the Proposed Business Combination. Investors and security holders may obtain free copies of the preliminary proxy statement/prospectus and definitive proxy statement/prospectus (when available) and other documents filed with the SEC by GigCapital2 through the website maintained by the SEC at <http://www.sec.gov>, or by directing a request to: GigCapital2, Inc., 1731 Embarcadero Road, Suite 200, Palo Alto, CA 94303.

No Offer Or Solicitation

This communication does not constitute an offer to sell or a solicitation of an offer to buy, or the solicitation of any vote or approval in any jurisdiction in connection with a proposed potential business combination among UpHealth, Cloudbreak and GigCapital2 or any related transactions, nor shall there be any sale, issuance or transfer of securities in any jurisdiction where, or to any person to whom, such offer, solicitation or sale may be unlawful. Any offering of securities or solicitation of votes regarding the proposed transaction will be made only by means of a proxy statement/prospectus that complies with applicable rules and regulations promulgated under the Securities Act of 1933, as amended (the "Securities Act") and Securities Exchange Act of 1934, as amended or pursuant to an exemption from the Securities Act or in a transaction not subject to the registration requirements of the Securities Act.

Participants In The Solicitation

GigCapital2, UpHealth and Cloudbreak and their respective directors and certain of their respective executive officers and other members of management and employees may be considered participants in the solicitation of proxies with respect to the Proposed Business Combination. Information about the directors and executive officers of GigCapital2 in its Annual Report on Form 10-K, filed with the SEC on March 30, 2020. Additional information regarding the participants in the proxy solicitation and a description of their direct interests, by security holdings or otherwise, will be set forth in the Registration Statement and other relevant materials to be filed with the SEC regarding the Proposed Business Combination. Stockholders, potential investors and other interested persons should read the Registration Statement carefully before making any voting or investment decisions. These documents, when available, can be obtained free of charge from the sources indicated above.

Financial Information; Non-GAAP Financial Measures

The financial information and data contained in this Presentation are unaudited and do not conform to Regulation S-X. Accordingly, such information and data may not be included in, may be adjusted in or may be presented differently in, the Registration Statement or any other document to be filed by GigCapital2 with the SEC. Some of the financial information and data contained in this Presentation, such as earnings before income taxes, depreciation and amortization ("EBITDA"), have not been prepared in accordance with United States generally accepted accounting principles ("GAAP"). GigCapital2, UpHealth and Cloudbreak believe these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to UpHealth's and Cloudbreak's financial condition and results of operations, respectively. Each of UpHealth's and Cloudbreak's management uses these non-GAAP measures for trend analyses and for budgeting and planning purposes. GigCapital2, UpHealth and Cloudbreak believe that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating projected operating results and trends in and in comparing each of UpHealth's and Cloudbreak's financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. Each of UpHealth and Cloudbreak is not able to forecast net income on a forward-looking basis without unreasonable efforts due to the high variability and difficulty in predicting certain items that affect GAAP, and therefore has not provided a reconciliation for forward-looking EBITDA. Management does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP financial measures is that they exclude significant expenses and income that are required by GAAP to be recorded in UpHealth's and Cloudbreak's financial statements, respectively. In addition, they are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. In order to compensate for these limitations, management presents non-GAAP financial measures in connection with GAAP results. You should review each of UpHealth's and Cloudbreak's audited financial statements, which will be included in the Registration Statement.
